I would like to note that any of the comments that were directed towards the concrete plant are not transferable to this property. Listening to some of the comments, it sounds more Like collateral damage to us rather than real concerns with the zoning of this property. In any event, Compliance with the LDC is really the only determinant of the outcome here.

Final

We have shown that the staffs findings were not persuasive and not supported by facts or any level of relevant analysis. On the hand, we have demonstrated that each of the five criterion is consistent with the Land Development Code. You are also aware of the history and background of this parcel that one could argue has been handled inappropriately and rezoning would help to remedy the past incursions. Please dont forget the 9.68 acres of land in conservation easement that were exchanged for development along Sorrento, don't forget the county issued a Site and Utility plan and permitted all the structures to be built, don't forget the presence of the billboard only allowed on commercial property, and please don't forget all the other common sense items that show this parcel should not have been down zoned in the first place. Thank you for the opportunity to Plead our case.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17526 **Growth Management Report 14. 2.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 03/05/2020
Issue: 5:45 p.m. - Amendment to the Official Zoning Map
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:45 p.m. A Public Hearing for Consideration of Adopting an Ordinance Amending the Official Zoning Map

That the Board adopt an Ordinance to amend the Official Zoning Map to include the rezoning cases heard by the Planning Board on February 4, 2020, and approved during the previous agenda item and to provide for severability, inclusion in the code, and an effective date.

BACKGROUND:

Rezoning cases Z-2020-01 and Z-2020-02 were heard by the Planning Board on February 4, 2020. Under the Land Development Code (LDC), the Board of County Commissioners reviews the record and the recommended order of the Planning Board and conducts a Public Hearing for adoption of the LDC Zoning Map Amendment.

As a means of achieving the Board's goal of "decreasing response time from notification of citizen needs to ultimate resolution," the Board is acting on both the approval of the Planning Board's recommendation and the LDC Map Amendment for this month's rezoning cases.

The previous report item addresses the Board's determination regarding the Planning Board's recommendation. This report item addresses only the Public Hearing and adoption of the Ordinance amending the LDC Official Zoning Map.

BUDGETARY IMPACT:

No budgetary impacts are expected as a result of the recommended Board action.

LEGAL CONSIDERATIONS/SIGN-OFF:

A copy of the standardized Ordinance has initially been provided to the County Attorney's office for review regarding compliance with rezoning requirements in Florida Statutes and the Land Development Code.

PERSONNEL:

No additional personnel are anticipated for the implementation of this recommended Board action.

POLICY/REQUIREMENT FOR BOARD ACTION:

The Board Chairman will need to sign the Ordinance to amend the Official Zoning Map.

IMPLEMENTATION/COORDINATION:

This Ordinance, amending the Land Development Code Official Zoning Map, will be filed with the Department of State following adoption by the Board.

This proposed Ordinance was prepared by the Development Services Department in coordination with the County Attorney's Office, and interested citizens. The Development Services Department will ensure proper advertisement.

Meeting Date: 03/05/2020
Issue: 5:46 p.m. - A Public Hearing Concerning the Review of an Ordinance Removing a Parcel from the County DSAP and Assigning a Compatible FLU - OSP-2019-02
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:46 p.m. A Public Hearing Concerning the Review of an Ordinance Removing a Parcel from the Escambia County Mid-West Sector Plan and Assigning a Compatible Future Land Use to the Parcel - OSP-2019-02

That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Escambia County Mid-West Sector Plan, Final Land Use Plan, Figure 2.01.A, removing a parcel within Section 21, Township 1N, Range 31W, Parcel Number 4301-000-000, totaling 84.10 (+/-) acres, located north of Kingsfield Road, from the Escambia County Mid-West Sector Plan; further amending Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; amending Chapter 7, "the Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, assigning a Future Land Use category to a parcel within Section 21, Township 1N, Range 31W, Parcel Number 4301-000-000, totaling 84.10 (+/-) acres, of Mixed-Use Suburban (MU-S).

This hearing is the first of two public hearings before the BCC.

BACKGROUND:

The applicant is requesting to remove the parcel from the adopted Escambia County Mid-West Sector Plan (SP), Muscogee Detailed Specific Area Plan (DSAP). The subject parcel is located on the south-eastern perimeter boundary of the SP, off Kingsfield Road.

Based on the public records of Escambia County, the Escambia County Property Appraiser, there is a single-family residence on-site. The current underlying

zoning for the parcel is LDR, with a maximum residential development allowance of 4 du/acre. A rezoning request for the parcel was approved on May 2, 2019, by the BCC changing the zoning district from Agriculture to Low-Density Residential.

The applicant is also requesting that the BCC assign a Future Land Use (FLU) category of MU-S. The existing Land Use derived from the adopted DSAP Final Land Use Plan, identifies the parcel under the Conservation Neighborhood designation, with a maximum residential development allowance of 3 du/acre.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia M. Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

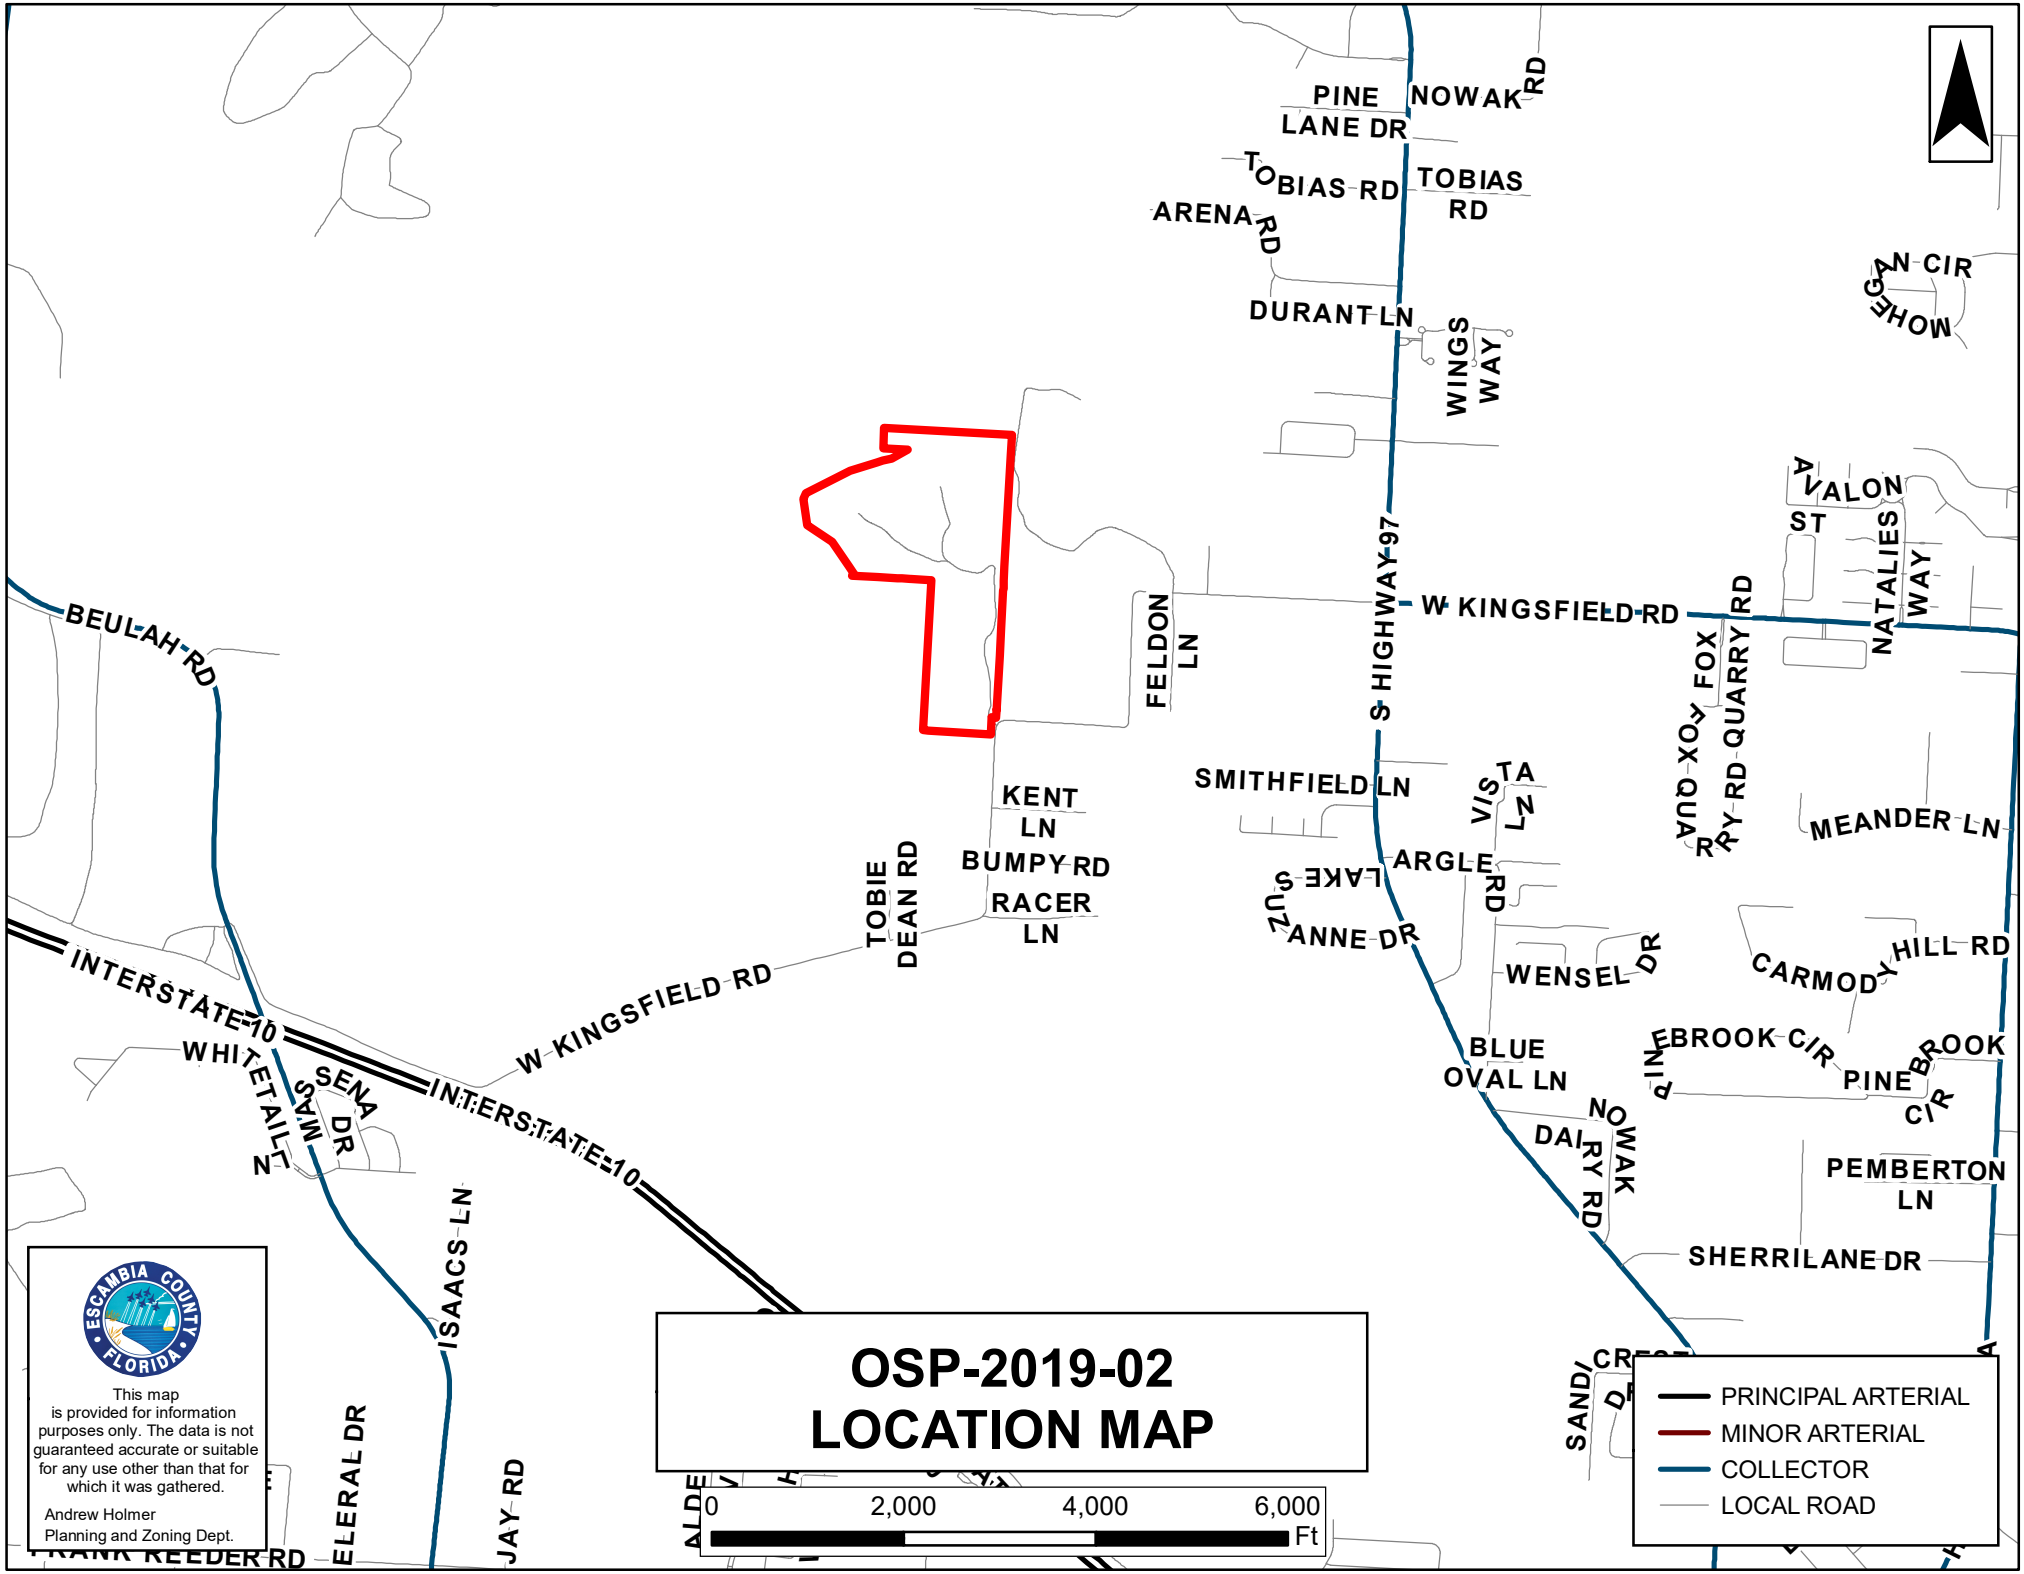
PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

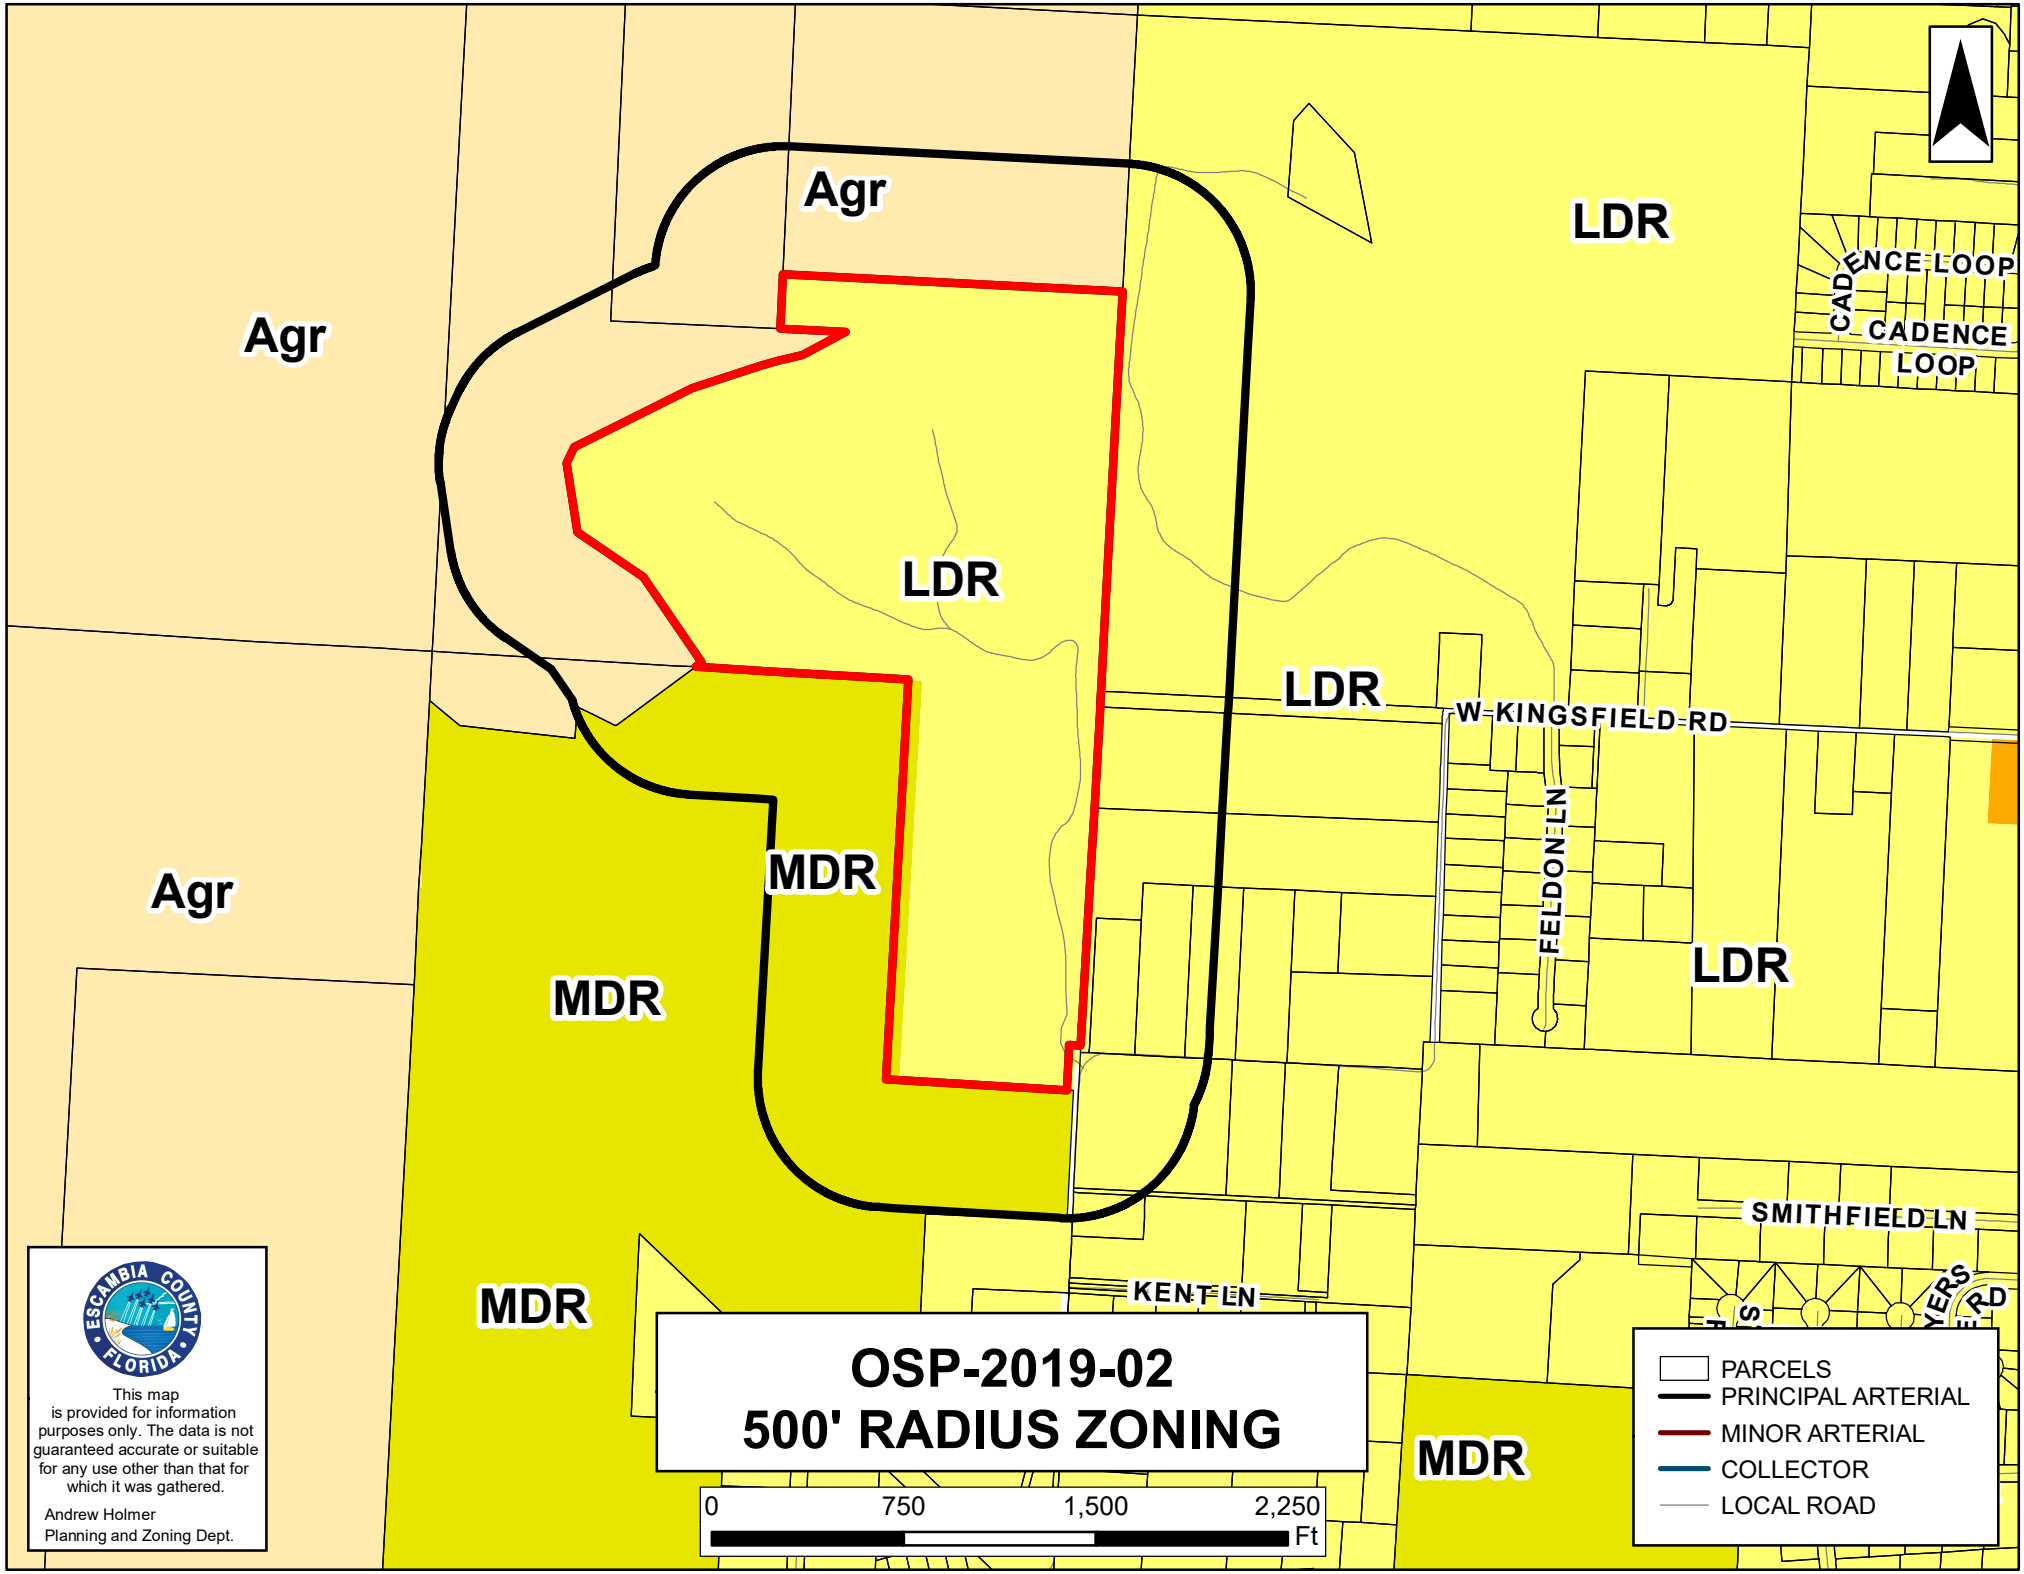
POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:



This Ordinance, assigning a new Future Land Use category and amending the Land Use Plan Map which is a part of the Mid-West Sector Plan will be filed with the Department of State following adoption by the board.



The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

Re: **Frank E. and Elizabeth J. Westmark, owners**
Letter of Request to Opt-Out of the Escambia County Mid-West Sector Plan and Future Land Use Map Amendment
Parcel Reference 211N314301000000 at 2025 W. Kingsfield Road

Dear Planning Board Members and Director Jones:

This letter supports our request that the above-referenced property be allowed to "opt out" of the Detailed Specific Area Plan (DSAP) otherwise known as the Escambia County Mid-West Sector Plan. If approved, the subject property will remain the existing Low Density Residential (LDR), with the requested Future Land Use (FLU) assigned of Mixed Use-Suburban (MU-S). (Application attached.)

I bought the subject property in 1974 for a private hunting preserve and future investment. My wife, Elizabeth, and I have lived on it for about twenty years. We have no immediate plans to sell, but considering my advanced age of eighty-two, I am compelled to get things in order so the property will sell for its highest and best use whenever that time comes, whether I am above or below ground. And that brings us to the reason we are applying to opt out of the Sector Plan.

Our property is zoned regular county LDR as previously noted, which is what we want. But our effective zoning is Sector Plan LDR, or Conservation Neighborhood, which severely degrades our property use and value compared to the county standard LDR.

It has been represented that the Sector Plan Conservation Neighborhood is comparable to county LDR. That is simply not true when applied to high value development property like ours.

Here are the stark differences:

One: The Dwelling Unit Reduction. County LDR allows four dwelling units per acre. Sector Plan LDR/Conservation Neighborhood arbitrarily shrinks the county standard by twenty-five percent (25%) to three dwelling units per acre, without providing any rational basis for the reduction.

A decade ago when the Sector Plan was conceived that probably wasn't an issue. With the rising cost of land, development infrastructure, and building construction, that could be an issue now depending upon physical characteristics of the property and its location.

Two: The 50% Rule. This provision requires the developed area of a proposed subdivision shall not exceed fifty percent (50%) of the gross land area of the site. In our case, where our property is approximately ninety percent (90%) buildable, that provision renders nearly half of our valuable property practically worthless for its highest and best use. The net effect is, in reality, a de facto taking without compensation.

Three: Open Space Design. This restriction reinforces the previous one. It states as follows: "At least fifty percent (50%) of the gross land area of the proposed subdivision shall be designated as undivided, permanently protected open space, managed for either agriculture or conservation purposes, and on which the underlying development rights of the open space have been severed through a legal instrument that runs with the land." (See EXHIBIT A – Escambia County Mid-West Sector Plan, Section 3.03 Conservation Neighborhood Guidelines pages 55, 56, and 57.)

None of these severely limiting restrictions apply to county LDR, nor do they appear anywhere else in the county's land development code, including medium and high density residential and other categories of zoning in the Sector Plan itself, all of which are comparable to regular county zoning.

Under these circumstances, no developer interested in making a profit is likely to pay top dollar for our property knowing full well he's got to give up development rights on a portion of it and face uncertainty about what he can do with the rest.

It is obvious that a basic competitive unfairness and inequity exists between property owners with county LDR and those with Sector Plan LDR/Conservation Neighborhood. That unfairness also acts as a strong deterrent to residential development in the Sector Plan. Since the

Sector Plan was approved eight years ago, there have been numerous residential developments in the area outside of the Sector Plan boundaries with dozens more in process. By contrast, during that time there has been only one approved subdivision in Sector Plan LDR/Conservation Neighborhood, and in that instance the developer found a way to extract value from a portion of the required "set-aside" property he was prohibited from developing to offset his costs of lost development rights.

There also exists a basic unfairness between property owners within the Conservation Neighborhood. For example, property owners with forty to fifty percent jurisdictional wetlands on their property are not required to give up any of their buildable land. The required conservation, or agricultural, component is already in place there due to God and the Environmental Protection Agency.

In other words, the highest value properties, like ours, are forced to bear the full burden of surrendering a portion of our valuable upland without compensation to accommodate perceived public interest that was not established by sufficient public input, hearings, proper legal notice and consent of the property owners. Virtually all of them are small landowners who were swept up into this thing with no idea how their property rights would be affected.

Here's the bottom line. We have lost nearly half of our development rights compared to our regular county LDR zoning, and we have lost substantial value due to passage and continued existence of the Sector Plan. The Sector Plan does not allow variances, exceptions, adjustments for changing conditions, development rights swaps, or any other changes whatsoever. Once you're in it, you're stuck, and your only recourse is to opt out.

The Board of County Commissioners has become aware of these problems, and recently voted unanimously to direct staff to reduce fees for processing opt-out applications and make it easier and quicker for property owners to opt out if they choose to do so. The new schedule waives all fees for property owners with ten acres or less, and levies $975 for properties over ten acres, which is a seventy-five percent (75%) reduction from approximately four thousand dollars ($4,000). The Board's clear intent is to streamline and expedite this opt-out procedure as a fair and equitable remedy for landowners whose private property rights have been infringed upon unjustly. (See EXHIBIT B – Resolution R2019-92 passed by BOCC unanimously, 5-0 vote, September 11, 2019.)

For the reasons noted in this letter and in consideration of the will of the Board of County Commissioners, we request your favorable recommendation for our opt-out application so it can move forward to the Board of County Commissioners for final approval.

Sincerely,

Frank E. Westmark

Elizabeth J. Westmark

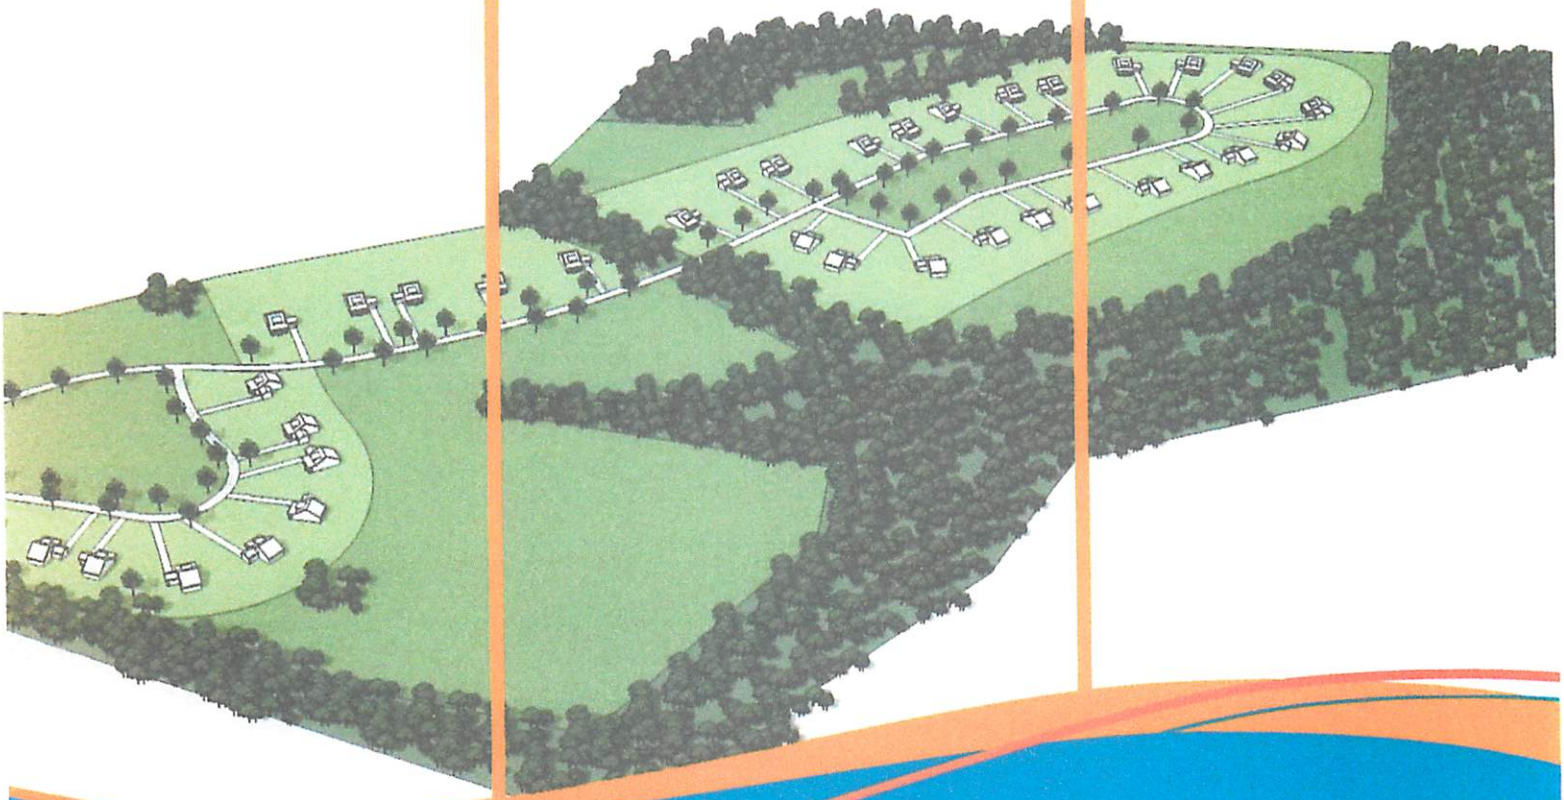
Conservation Neighborhoods



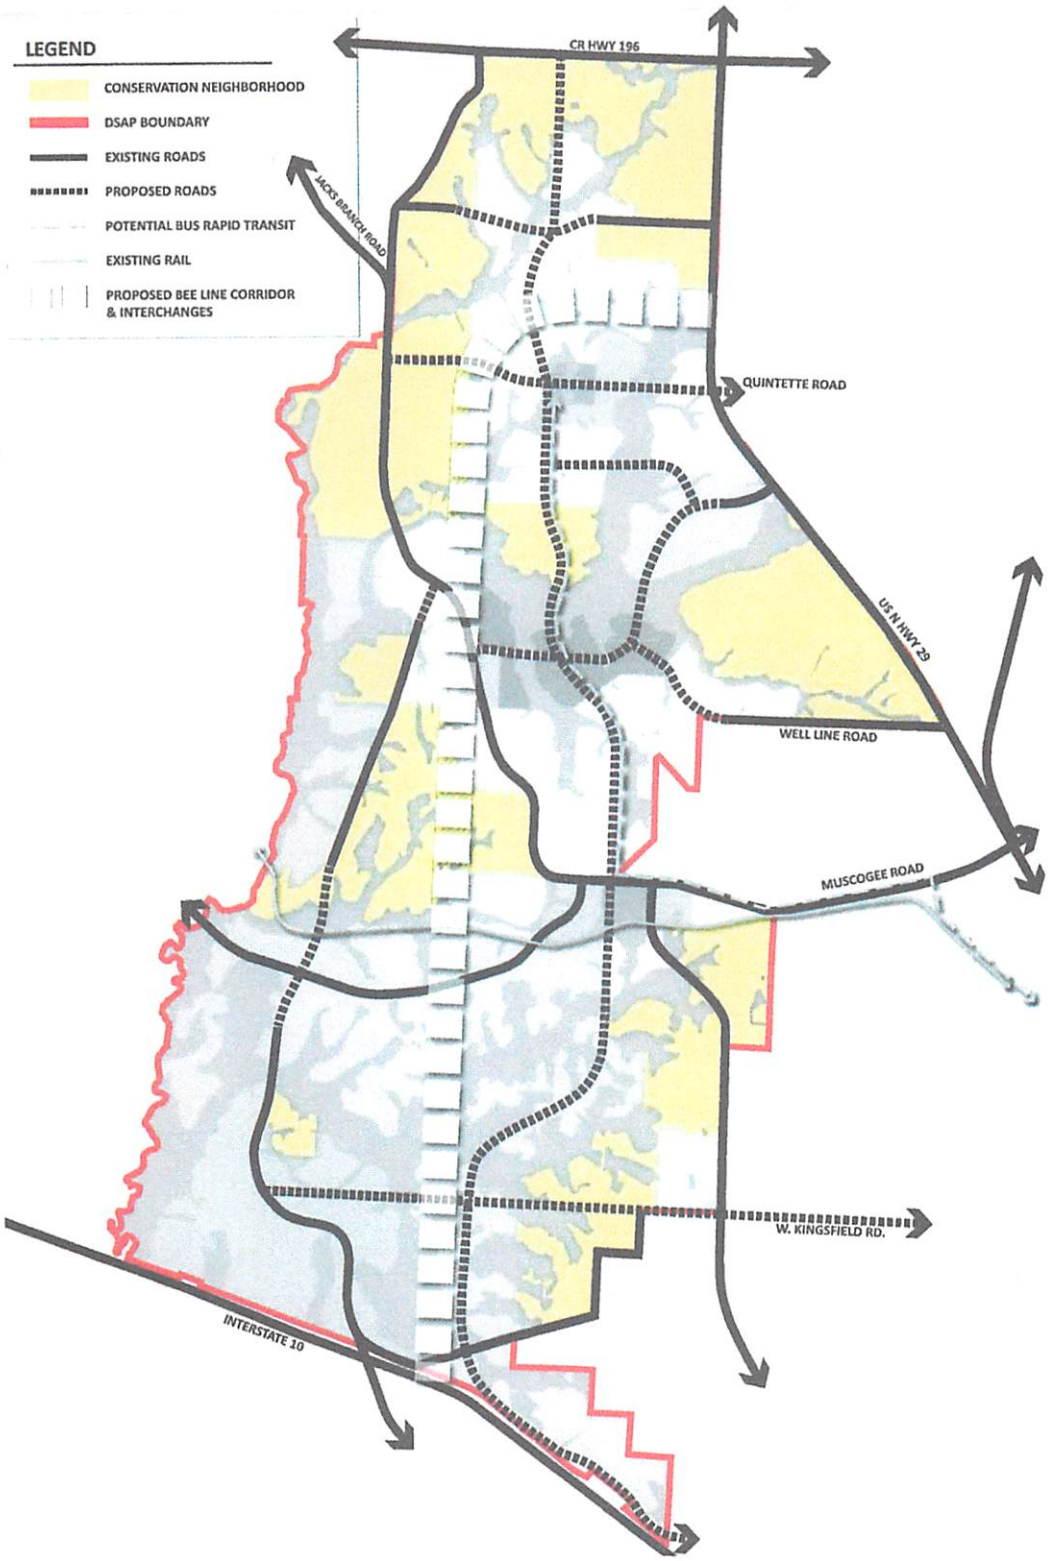


EXHIBIT A

Conservation Neighborhoods

Section 3.03 Conservation Neighborhood Guidelines

A. General Description

Conservation Neighborhoods are located greater than ½ mile from Town, Village and Neighborhood Centers and are typically located in more rural areas of the DSAP. They are subdivisions of clustered, single-family dwellings intended to:

- *Establish a more efficient use of land and infrastructure, thereby reducing costs to taxpayers, residents and developers.*
- *Offer landowners alternatives to conventional, large-lot development and incentivize the conservation of natural resources.*
- *Create usable and accessible open space for use by neighborhood residents.*
- *Contribute to an overall, interconnected open space system which links individual neighborhoods to parks and other publicly owned lands.*

B. Corresponding Escambia County Zoning District

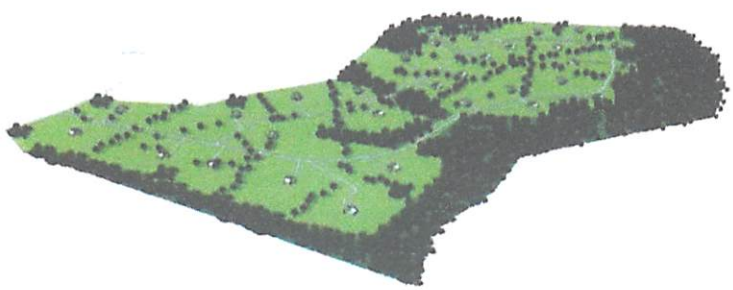
(1) VAG-1, VR-1, R-1, V-1, V-2, V-2A, V-5, SDD

C. Permitted Uses

(1) Detached housing as well as those uses listed in the specific zoning category, schools, civic use, open space and parks.

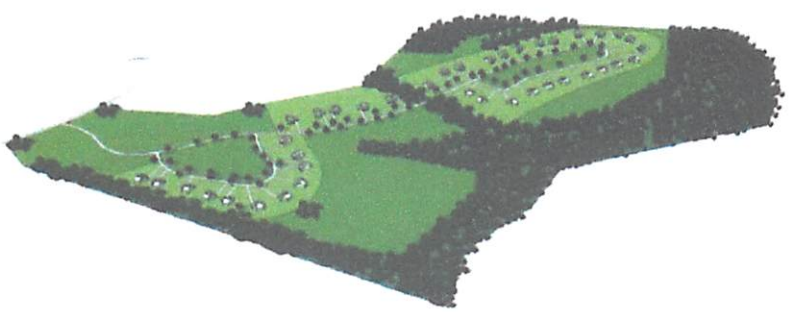
D. Density

(1) Minimum Density: none



(2) Maximum Density: 3 DU/ Net Acre

E. Development Pattern and Design



(1) The developed area of the subject site shall not exceed fifty (50) percent of the gross land area of the site.

(2) Development shall be arranged in compact, neighborhood clusters.

(3) Sites may contain multiple neighborhood clusters provided they are separated by open space.

Conventional Development

Cluster Development

F. Open Space

(1) At least fifty (50) percent of the gross land area of the proposed subdivision shall be designated as undivided, permanently protected open space, managed for either agriculture or conservation purposes, and on which the underlying development rights of the open space have been severed through a legal instrument that runs with the land.

(2) Open space shall be arranged to preserve the function and integrity of on-site natural resources.

(3) Open space shall consist of ~~Primary and Secondary Conservation Areas, Improved Common Open Space, and/or Active Agricultural Areas~~ one or more of the following:

(a) Primary Conservation Areas – wetlands, watercourses, waterbodies and associated buffers, and lands conserved for the protection of flora, fauna and habitat. Such lands shall be managed as natural open space and maintained in a natural or restored condition.

(b) Secondary Conservation Area – other selected areas which contain attractive spaces that are unique to the character of the site.

(c) Improved Common Open Space – open space set aside for ~~passive~~ recreational purposes. These areas may contain accessory buildings and improvements necessary and appropriate for recreational and/ or public uses.

(d) Active Agricultural Areas – improved land used for bona fide agriculture uses subject to Best Management Practices of the Florida Department of Agriculture and Consumer Services including structures and facilities to support bona fide agricultural uses.

(4) Up to ½ of the required open space area may include stormwater facilities provided such facilities are designed as a community amenity.

(5) Open space should be contiguous to greenways, trails, public parks or other open spaces on adjoining parcels in order to promote the creation of larger, interconnected open space system.

(6) Required open space should be encouraged to have access from the subject sites buildable area, except areas that contain bona fide agricultural activities.

G. Streets

(1) Refer to Section 7 for typical cross sections for Conservation Neighborhoods.

(2) Roadways should be designed according to best engineering practices and encouraged to follow existing contours to minimize the extent of cuts and fills.

RESOLUTION R2019 - 92

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, ADOPTING CERTAIN FEES FOR DEVELOPMENT SERVICES; PROVIDING FOR SEVERABILITY; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners is authorized under Chapter 125, Florida Statues, to provide certain functions and activities through its Development Services Department for the benefit of the citizens of Escambia County;

WHEREAS, the Board of County Commissioners previously adopted Resolution 2007-159, Resolution 2011-128 and Resolution 2016-17, which established a schedule of fees for certain functions performed by its Development Services Department;

WHEREAS, the Board of County Commissioners has determined that it is appropriate to adopt alternative procedures for opting out of the Sector Plan, including but not limited to options that would allow for a reduction in opt-out fees, simultaneous opting out of multiple parcels, and expedited processing where possible; and

WHEREAS, it has been concluded by the Board of County Commissioners that in order to provide adequately for the health, safety, and welfare of the residents of Escambia County, the fee schedule and related provisions established herein are now in the best interest of the County.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AS FOLLOWS:

Section 1. Recital. The above recitations are true and correct and are hereby adopted.

Section 2. Fee Adoption. That the Board of County Commissioners shall adopt the fees and the provisions contained therein for certain Development Services functions.

Opt-Out Process Timeline

- These types of requests are legislative in nature and will be processed accordingly within the provisions as established within the Land Development Code and the Comprehensive Plan of Escambia County, Florida.

- Once the application has been submitted to the County with all the required documents, including any analysis, reports and payment of fees, **staff shall move with deliberate action and speed in order to get the "opt-out request(s)" heard at the next regularly scheduled Planning Board meeting, contingent upon the County's ability to first comply with all public notification requirements.**

- Property Owners and/or Agents for Property Owners have the responsibility of ensuring accuracy of all submittal packets. Failure to submit the necessary documents can result in a delay in moving the specified request to the next regularly scheduled meeting of the Planning Board.

- **If a rezoning request is also submitted, staff will act in accordance with F.S 163.3184(12) "Concurrent Zoning." This provision of law gives the local government the authority to hear a rezoning request at the transmittal hearing for a request for amendment to the Comprehensive Plan. The zoning change would be contingent upon the review and approval of the requested Comprehensive Plan amendment.**

Meeting Date: 09/19/2019

Issue: Action Item - Fee Resolution for Opting-Out of the Mid-West Escambia County Sector Plan

From: HORACE JONES, Director

Organization: Development Services

RECOMMENDATION:

Recommendation Concerning a Resolution Providing for Certain Reduced Fees and Other Provisions Related to Opting Out of the Mid-West Escambia County Plan.

That the Board review and adopt the fee schedule and the pertinent provisions contained therein and attached as Exhibit "A" to the Resolution.

BACKGROUND:

The Mid-West Escambia County Sector Plan was established in accordance with Florida Statutes 163.3245. This statute authorizes one or more local governments to engage in long-term planning for a large area, addressing regional issues through adoption of Detailed Specific Area Plans (DSAPs) within a planning area. In accordance with Section 2-7.4 of the Land Development Code and its applicable provisions, the adopted Escambia County Comprehensive Plan 2030 provides guidelines for removing properties from an approved DSAP in Chapter 16, FLU 16.6.1.V.

The Board has determined that it is appropriate to adopt alternative procedures for opting out of the Sector Plan, including but not limited to, options that would allow for a reduction in opt-out fees, simultaneous opting out of multiple parcels, and expedited processing where possible.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Resolution.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Resolution has been reviewed and approved for legal sufficiency by Kia Johnson, Assistant County Attorney. Any recommended legal comments are attached

herein.

PERSONNEL:

No additional personnel are required for implementation of this Resolution.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Resolution is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

It is important for the application packet to be complete and on time in order to process and schedule your request for the required public hearing(s). The Planning Board holds public hearings once a month. Application closing dates for these hearings are provided in the attached schedule (Attachment A). In order for your application to move through the process in a timely manner, it is important for all items on the application to be completed. Incorrect or missing information could delay the hearing of your request. **NOTE:** The applicant, or his/her agent, must be present at the Planning Board meeting. It is also highly recommended that he or she be present at the subsequent Board of County Commissioners meeting.

An application is not considered complete until all of the items listed on the Opting-Out FLU Land Use Map Amendment Application Checklist (attached herein) are received.

Please note the completion and notarized certification(s) required herein. The owner and/or agent acting in his/her behalf, must sign the certification(s) where indicated on the application. Signatures must be properly notarized. If an agent is handling the request, the owner must sign the application and submit an Affidavit of Ownership & Limited Power of Attorney (attached herein) authorizing said agent to act in his/her behalf.

FEES: Application fees can be found on the Escambia County website:
https://myescambia.com/our-services/development-services/planning-zoning/rezoning/planning-board

Please remember, the Planning Board meets only once a month. Applications received after the deadline for a particular meeting will not be heard until the following meeting.

NOTE: Whenever an applicant would like any County Staff member to appear and testify at a hearing other than the normal public hearings required to process your request, a minimum notification of 5-10 days to the individual staff member and the Development Services Department is required in advance of the hearing.

I/We acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/We also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

DATA AND ANALYSIS REQUIREMENTS

2025 W. Kingsfield Road
Parcel Reference 21-1N-31-4301-000-000
Owners: Frank E. Westmark and Elizabeth J. Westmark

1. The following is an analysis of the impact of both the current and proposed future land use categories on various infrastructure components. Applicants' parcel contains one single family home. Current future land use is DSAP – Conservation Neighborhood; requested future land use is MU-S; previous future land use is AG. Current zoning is LDR. There is no development proposed. If any development is proposed in the future that requires more density than normal county LDR, it must come before the Planning Board and the Board of County Commissioners as a quasi-judicial rezoning hearing and be approved or denied at that time.

   A. Sanitary Sewer (or septic tank, if applicable)
   Provides service to the one single family home on the property.

   B. Solid Waste Disposal
   ECUA provides solid waste disposal for this neighborhood.

   C. Potable Water
   Farm Hill Water holds the franchise for water at this address.

   D. Stormwater Management
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate stormwater management is designed into the project.

   E. Traffic
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review analysis to ensure compliance with established standards.

   F. Recreation and Open Space
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate recreation and open space is designed into the project.

G. Schools

Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure impact on area schools is taken into consideration. Schools serving this neighborhood include Kingsfield Elementary, Ransom Middle, and Tate High School.

2. Describe the proximity to and impact on the following:

A. Wellheads

Not applicable. There is no development proposed. However, the applicant's property is not within either the 7 or 20 year wellhead protection area. See the county's Property Lookup information for this parcel (attached).

B. Historically Significant Sites

Not applicable. There is no proposed development. Any future proposed development must go through normal Development Review procedures and to be approved must request the requisite archaeology site review.

C. Natural Resources

Not applicable. While there is no development proposed, if one is proposed in the future, natural resources of special significance must be taken into account and addressed during the normal Development Review process.

D. Analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

Section 1.03 Intent. It is the intent of this Plan to provide orderly growth management for those areas identified in Section 1.02 above (*Escambia County*). This ordinance is not intended to terminate growth but rather to provide mechanisms for growth management in order to serve the citizens, visitors and property owners of Escambia County. Implementation of this ordinance is designed to maintain and improve the quality of life for all citizens of the county.

RESPONSE: The applicants' request to opt-out their land from the Sector Plan, DSAP-Conservation Neighborhood, is consistent with the intent of the Escambia County Comprehensive Plan. The Conservation Neighborhood district assigned to this parcel does not meet the highest and best use for what the applicants believe is most fair or appropriate for their property.

E. The parcel size is approximately 84.1 acres. It represents .0218 of the DSAP Conservation Neighborhood category, which has a total of 3,855 developable acres. The aggregate acreage of granted opt-outs is 8.7.

F. Not applicable. There is no current proposal for development of this site, so there will be no impact to traffic.

G. The underlying existing zoning category for this parcel is Low Density Residential (LDR). It is compatible with the surrounding DSAP land use designation.

H. The requested FLU designation of MU-S is compatible with the underlying LDR zoning.

I. The previous future land use designation was AG.

J. Due to restrictions of the DSAP Conservation Neighborhood overlay on this property, including the 50% rule, mandatory clustering, required open space and inability to petition the Planning Board for relief to change or modify zoning at any point in the future, the property owners have lost development rights, were effectively down zoned as part of the Sector Plan adoption, have had their land devalued and lost the ability to sell it at fair market value.

Sec. 3-2.5 - Low density residential district (LDR).

(a) *Purpose.* The low density residential (LDR) district establishes appropriate areas and land use regulations for residential uses at low densities within suburban areas. The primary intent of the district is to provide for large-lot suburban type residential neighborhood development that blends aspects of rural openness with the benefits of urban street connectivity, and at greater density than the rural residential district. Residential uses within the LDR district are predominantly detached single-family dwellings. Clustering dwellings on smaller residential lots may occur where needed to protect prime farmland from non-agricultural use or to conserve and protect environmentally sensitive areas. The district allows non-residential uses that are compatible with suburban residential neighborhoods and the natural resources of the area.

(b) *Permitted uses.* Permitted uses within the LDR district are limited to the following:

(1) *Residential.*

a. Manufactured (mobile) homes only within existing manufactured home parks or subdivisions, or on land zoned SDD prior to adoption of LDR zoning. No new or expanded manufactured home parks or subdivisions.

b. Single-family dwellings (other than manufactured homes), detached and only one per lot, excluding accessory dwellings. Accessory dwellings only on lots two acres or larger. Attached single-family dwellings and zero lot line subdivision only on land zoned V-5 or SDD prior to adoption of LDR zoning.

c. Two-family dwellings and multifamily dwellings up to four units per dwelling (triplex and quadruplex) only on land zoned V-5 or SDD prior to adoption of LDR zoning.

See also conditional uses in this district.

(2) *Retail sales.* No retail sales.

(3) *Retail services.* No retail services.

(4) *Public and civic.*

a. Cemeteries, family only.

b. Public utility structures, excluding telecommunications towers.

See also conditional uses in this district.

(5) *Recreation and entertainment.*

a. Marinas, private only.

b. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) *Industrial and related.* No industrial or related uses.

(7) *Agricultural and related.* On land not zoned SDD prior to adoption of LDR zoning, agricultural production and storage is limited to food primarily for personal consumption by the producer. The following additional agricultural uses are allowed on lands zoned SDD prior to LDR zoning:

a. Agriculture, but no farm animals except horses and other domesticated equines kept on site, and stables for such animals, accessory to a private residential use with a minimum lot area of two acres and a maximum of one animal per acre.

b. Aquaculture, marine or freshwater.

c. Produce display and sales of fruit, vegetables and similar agricultural products.

d. Silviculture.

See also conditional uses in this district.

(8) *Other uses.* [Reserved.]

(c) *Conditional uses.* Through the conditional use process prescribed in chapter 2, the BOA may conditionally allow the following uses within the LDR district:

(1) *Residential.*

a. Accessory dwellings on lots less than two acres.

b. Home occupations with non-resident employees.

(2) *Public and civic.*

a. Clubs, civic and fraternal.

b. Educational facilities, excluding preschools or kindergartens independent of other elementary grades.

c. Emergency service facilities, including law enforcement, firefighting, and medical assistance.

d. Offices for government agencies or public utilities, small scale (gross floor area 6,000 square feet or less per lot).

e. Places of worship.

f. Public utility structures exceeding the district structure height limit, excluding telecommunications towers.

(3) *Recreation and entertainment.*

a. Golf courses, tennis centers, swimming pools and similar active outdoor recreational facilities, including associated country clubs.

b. Parks with permanent restrooms or outdoor event lighting.

(4) *Agricultural and related.* Horses and other domesticated equines kept on site, and stables for such animals, as a private residential accessory not among the permitted

uses of the district, or for public riding on land zoned SDD prior to adoption of LDR zoning. A minimum lot area of two acres if accessory to a private residential use and a minimum ten acres if for public riding, with a maximum of one animal per acre for either use.

(d) *Site and building requirements.* The following site and building requirements apply to uses within the LDR district:

(1) *Density.* A maximum density of four dwelling units per acre.

(2) *Floor area ratio.* A maximum floor area ratio of 1.0 for all uses.

(3) *Structure height.* A maximum structure height of 45 feet. See height definition.

(4) *Lot area.* No minimum lot area unless prescribed by use.

(5) *Lot width.* For a new lot with a majority of its frontage along the outside of a street right-of-way curve whose radius is 100 feet or less, the minimum lot width at the right-of-way is 40 percent of the radius length, but not less than 20 feet. The minimum width for all other new lots is 60 feet at the right-of-way.

(6) *Lot coverage.* Minimum pervious lot coverage of 30 percent (70 percent maximum semi-impervious and impervious cover) for all uses.

(7) *Structure setbacks.* For all principal structures, minimum setbacks are:

a. *Front and rear.* Twenty-five feet in the front and rear.

b. *Sides.* On each side, five feet or ten percent of the lot width at the street right-of-way, whichever is greater, but not required to exceed 15 feet.

(8) *Other requirements.*

a. *Horse shelters.* Stables or other structures for sheltering horses or other domesticated equines shall be at least 50 feet from any property line and at least 130 feet from any dwelling on the property of another landowner.

b. *Chapters 4 and 5.* Refer to chapters 4 and 5 for additional development regulations and standards.

(e) *Location criteria.* All nonresidential uses within the LDR district shall be located to avoid nuisance, hazard and other adverse impacts to surrounding residential uses.

(f) *Rezoning to LDR.* Low density residential zoning may be established only within the mixed-use suburban (MU-S) future land use category. The district is suitable for suburban areas with or without central water and sewer. The district is appropriate to provide transitions between areas zoned or used for rural residential or rural mixed-use and areas zoned or used for low density mixed-use or medium density residential.

(Ord. No. 2015-12, § 1(Exh. A), 4-16-2015; Ord. No. 2015-32, § 1, 8-20-2015; Ord. No. 2015-44, § 1, 10-8-2015; Ord. No. 2015-51, § 1, 11-5-2015; Ord. No. 2016-31, § 1, 8-4-2016; Ord. No. 2016-42, § 1, 12-8-2016; Ord. No. 2017-20, § 1, 4-6-2017; Ord. No. 2019-18, § 3, 4-4-2019)

Both DSAPs have been divided into planning sub-areas; each of which has been assigned a specific land use and development program within the accompanying development program spreadsheets. Each Regional Employment, Town, Village and Neighborhood Center District was assigned a non-residential development program based on their proportionate share of the overall sector plan's maximum non-residential square footage for such land use; and were guided by the adopted sector plan policies (FLU 5.2.1 and FLU 5.5.1). Where applicable, the development program for these districts also includes the targeted residential density and units allowed by the adopted sector plan policies. ~~No changes to the adopted land use mix for these areas have been proposed.~~

Areas designated as strictly residential neighborhoods were sub-divided into four districts: Traditional Village, Traditional Garden, Suburban Garden and Conservation N eighborhood. Each of these districts was then assigned maximum, minimum and median or "target" densities based upon adopted sector plan policies (FLU 5.5.2). Development programs for each of the residential planning areas were calculated utilizing the aforementioned districts' respective density range and acreage.

ORDINANCE NUMBER 2017-14

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART III OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE LAND DEVELOPMENT CODE OF ESCAMBIA COUNTY, FLORIDA, AS AMENDED; AMENDING CHAPTER 2, DEVELOPMENT AND COMPLIANCE REVIEW, ARTICLE 7, LDC AND COMPREHENSIVE PLAN AMENDMENT, CREATING SECTION 2-7.4 APPLICATIONS FOR OPTING-OUT OF THE MID-WEST ESCAMBIA COUNTY SECTOR PLAN; ESTABLISHING CRITERIA FOR REVIEW AND PROCEDURES FOR PROCESSING APPLICATIONS TO ADDRESS REQUESTS TO OPT-OUT OF THE MID-WEST ESCAMBIA COUNTY SECTOR PLAN, PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Legislature of the State of Florida has, in Chapter 125, Florida Statutes, conferred upon local governments the authority to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry; and

WHEREAS, the Escambia County Board of County Commissioners further finds that including the Opt-Out request review criteria in the Land Development Code promotes the efficient regulation of land use; and

WHEREAS, through its Land Development Code, the Escambia County Board of County Commissioners desires to preserve the county as a desirable community in which to live, vacation and do business.

NOW THEREFORE BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. Part III of the Escambia County Code of Ordinances, the Land Development Code of Escambia County, Chapter 2, Article 7, LDC and Comprehensive Plan Amendment is hereby amended as follows (words underlined are additions and words ~~stricken~~ are deletions):

Sec. 2-7.4 Applications for Opting-Out of the Mid-West Escambia County Sector Plan

(a) **General.** All applications requesting that any parcel be allowed to Opt-out of the Mid-West Escambia County Sector Plan shall address the following criteria:

1. All standard Comprehensive Plan map amendment criteria;

2. Comprehensive Plan requirement for changes to an existing DSAP;

3. The size of the subject parcel in relation to the individual DSAP land use category and in relation to the overall Sector Plan, to specifically include the aggregate acreage of any previously granted opt-outs;

4. The existing transportation infrastructure and any impact the proposed opt-out may have on the capacity of that infrastructure;

5. The underlying existing zoning category and its compatibility with surrounding DSAP land use designations;

6. The consistency of the requested future land use designation with the underlying zoning; and

7. The previous future land use designation.

(b) Staff review. Applications requesting to opt out of the Mid-West Escambia County Sector Plan must be reviewed by Development Services Staff and presented to the Local Planning Agency who will forward a recommendation for action to the Board of County Commissioners. To the extent possible, the staff analysis and the reviewing bodies shall consider whether the applicant lost development rights or was effectively downzoned as part of the Sector Plan adoption. The Board may take into consideration any other relevant factors in making its determination related to the request

Section 2. Severability.

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section3. Inclusion in Code.

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by F.S. § 125.68 (2016); and that the sections, subsections and other provisions of this Ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section," "chapter," or such other appropriate word or phrase in order to accomplish such intentions.

General Data

Project Name: OSP 2019-02

Location: 2025 Kingsfield Road

Parcel #s: 21-1N-31-4301-000-000

Acreage: 84.10 (+/-) acres

Request: Opt-out of the Sector Plan and assign Future Land Use category

Current Zoning: Low Density Residential district (LDR)

Future Land Use Requested: Mixed Use Suburban (MU-S)

DSAP Land Use: Conservation Neighborhood

Applicant: Frank and Elizabeth J. Westmark

Meeting Dates: Planning Board: March 3, 2020

BCC: April 2, 2020

Site Description and Summary of Proposed Amendment:

The applicant is requesting to remove the parcel from the adopted Escambia County Mid-West Sector Plan (SP), Muscogee Detailed Specific Area Plan (DSAP). The subject parcel is located on the south-eastern perimeter boundary of the SP, off Kingsfield Road.

Based on the public records of Escambia County, the Escambia County Property Appraiser, there is a single-family residence on-site. The current underlying zoning for the parcel is LDR, with a maximum residential development allowance of 4 du/acre.

A rezoning request for the parcel was approved on 2 May 2019 by the BOCC changing the zoning district from Agriculture to Low-Density Residential.

The applicant is also requesting that the BOCC assigns a **Future Land Use (FLU) category of MU-S**. The applicant stated that there is no immediate proposed development for the site.

The existing Land Use derived from the adopted DSAP Final Land Use Plan, identifies the parcel under the *Conservation Neighborhood* designation, with a maximum residential development allowance of 3 du/acre.

Standard Map Amendment Criteria

1. Analysis of Availability of Facilities and Services:

The availability of public facilities and services for the site of a Future Land Use map amendment requires analysis of the general demands of its proposed use. All specific level of service (LOS) standards established by Escambia County are evaluated for compliance during the review processes prescribed by the LDC for approval of proposed development.

A. Sanitary Sewer Service

Ensure the safe and efficient provision of wastewater services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

CP Policy INF 1.1.7 Level of Service (LOS) Standards. *Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

CP Policy INF 1.1.11 Required New Service Connection. *All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

B. Solid Waste Disposal

Ensure the safe and efficient provision of solid waste services through coordination with service providers, maximized use of existing landfill facilities, maintenance of appropriate levels of service, promotion of recycling and reuse, and protection of natural resources.

CP Policy INF 2.1.2 Perdido Landfill Operation. *Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.*

CP Policy INF 2.1.4 Level of Service (LOS) Standards. *The LOS standard for solid waste disposal will be 6 pounds per capita per day.*

C. Potable Water Service

Ensure the safe and efficient provision of potable water services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, water conservation, and protection of natural resources.

CP Policy INF 4.1.4 Concurrency Management. *Escambia County will ensure the provision of potable water facilities concurrent with the demand for such facilities but no later than the certificate of occupancy, as created by development or redevelopment through the implementation of the Concurrency Management System.*

CP Policy INF 4.1.6 Developer Responsibility. *The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.*

CP Policy INF 4.1.7 Level of Service (LOS) Standards. *The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

Analysis: Based on the applicant's analysis document there is no development proposed for the parcel at this time. Based on the public records of Escambia County, the water franchise is Farm Hills Utilities, Inc. Once a project is proposed and an application submitted to the County, such proposal must identify the providers for sanitary sewer, waste disposal. Any development request will be reviewed and must receive approval thru the Site Plan Review process.

D. Stormwater Management.

Ensure the safe and efficient provision of stormwater management through maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

CP Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.*

CP Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

CP Policy INF 3.1.7 Level of Service (LOS) Standards. *Stormwater management LOS will be monitored through the provisions in the LDC design standards.*

Analysis: There is no proposed development at this time, however, the applicant has acknowledged the requirements for stormwater management. The applicant

understands that separate requirements and permitting thru other state agencies such as the Northwest Florida Water Management District may be required. Once a development is proposed, the project will be reviewed and must receive approval thru the Site Plan Review process.

E. Traffic-Streets and Access.

Continue to provide a safe, convenient, efficient and cost-effective multimodal transportation system and roadway network for present and future residents.

CP Policy **MOB 1.1.1 Level of Service (LOS) Standards.** Levels of Service (LOS) will be used to evaluate facility capacity. Escambia County will adopt LOS standards for all roadways as indicated in the LDC. The standards for Strategic Intermodal System (SIS) facilities may be revised based on changes to the federal classification of these roadways. These standards are not regulatory but provide a basis by which the County may monitor congestion and coordinate needed improvements with FDOT.

CP Policy **MOB 1.1.2 On-site Facilities.** All new private development will be required to provide safe and convenient on-site traffic flow as indicated in the LDC.

MOB 1.1.7 Access Management. Escambia County will promote access management by limiting the number of conflict points that a motorist experiences during travel, separating conflict points as much as possible when they cannot be eliminated, and controlling the turning movements to facilitate traffic flow on affected roadways.

Analysis: The application stated that there is no proposed development for the property at this time. Any future development proposed on this parcel will require formal submittal, review and approval thru the Site Plan Review process.

F. Recreation and Open Space

The purpose of the Recreation and Open Space Element is to ensure adequate recreational opportunities for the citizens of Escambia County through the provision of a comprehensive system of public and private park facilities. These facilities may include, but are not limited to, natural reservations, parks and playgrounds, trails, beaches and public access to beaches, open spaces, and waterways.

Analysis: Open space is a development principle in the Sector Plan. Open space plays an integral role in all neighborhoods, both as a recreation opportunity as well as organizing elements and focal points for the communities. At the current time there is no proposed development for these parcels, however in the future any development must go through the Development Review process and meet all standards for Recreation and Open Space.

G. Public School Facilities.

CP Policy ICE 1.3.1 Interlocal Agreement for Public School Facility Planning. *In cooperation with the School Board and the local governments within Escambia County,*

the County will implement the Interlocal Agreement for Public School Facility Planning (herein Interlocal Agreement) that establishes procedures for coordination and sharing of information, planning processes, and implementation.

Analysis: To maintain cooperative relationships with the School Board and municipalities and implement joint planning processes to coordinate land use planning with school facility planning. The Escambia County School District staff is part of the reviewing process for the County. Based on the public records of Escambia County, Kingsfield, Ransom and Tate are the servicing schools. Once a project is proposed and application submitted to the County, the plan must be reviewed and approved thru the Site Plan Review process.

2. Impact on Natural Resources

A. Wellheads.

CP Policy CON 1.4.1 Wellhead Protection. *Escambia County will provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions will establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.*

Analysis: Based on the existing Geographical Information Systems layer, the subject parcel does not appear to be located in a wellhead protection area. The requirements for wellhead protection areas will again be addressed at the time of specific project submittal thru the Development Review process; further permitting from outside agencies may be required.

B. Historically Significant Sites.

CP Policy FLU 1.2.1 State Assistance. *Escambia County will utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archeological and/or historic sites or structures within the County and will utilize guidance, direction, and technical assistance received from this agency.*

Analysis: The applicant did not provide any documentation of a request made to or response received from the Florida Master Site File, Division of Historical Resources regarding whether there are any previously recorded resources within the parcel. Development of the site remains subject to LDC provisions in Chapter 4, Article 6, Historical and Archeological Resources, requiring the cessation of construction or other development activities should archaeological or historical artifacts or resources be discovered until a determination of significance is completed. Once a project is proposed and application submitted to the County, such proposal will be reviewed and must receive approval thru the Site Plan Review process.

C. Natural Environment.

CP Policy CON 1.1.2 Wetland and Habitat Indicators. *Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC)*

LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.

CP Policy CON 1.1.6 Habitat Protection. *Escambia County will coordinate with the FDEP, FFWCC, and other state or federal agencies so as to provide the fullest protection to marine or wildlife habitats that may be impacted by existing or proposed development within the County.*

CP Policy CON 1.3.1 Stormwater Management. *Escambia County will protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater management facilities concurrent with the demand for such facilities.*

CP Policy CON 1.3.6 Wetland Development Provisions. *Development in wetlands will not be allowed unless sufficient uplands do not exist to avoid a taking. In this case, development in wetlands will be restricted to allow residential density uses as indicated by the LDC:*

CP CON 1.5.4 Extraction and Reclamation Review. *Escambia County will subject all new or expanded resource extraction and reclamation activities to a mandatory development review process to assess technical standards for public safety, environmental protection, and engineering design.*

CP Policy CON 1.6.3 Tree Protection. *Escambia County will protect trees through LDC provisions.*

Analysis: A general delineation of existing wetlands was part of the original design of the Sector Plan addressed in the Mid-West Escambia Sector Plan, DSAP document, Section **5.02 Ecological Communities.** Once a project is proposed and application submitted to the County, such proposal will be reviewed and must receive approval thru the Site Plan Review process.

3. Comprehensive Plan requirements for changes to an existing DSAP.

OBJ FLU 16.6 Specific Area Plans

Changes to an Existing DSAP describes the Comprehensive Plan requirements for changing the DSAP.

V. Changes to an Existing DSAP

Any addition or deletion of property or changes to the neighborhood, center or district boundaries in an approved DSAP shall follow the County's established processes. It shall include an evaluation and analysis of the impacts to the approved or planned land uses and the ability of the proposed amendment to meet the principles and guidelines

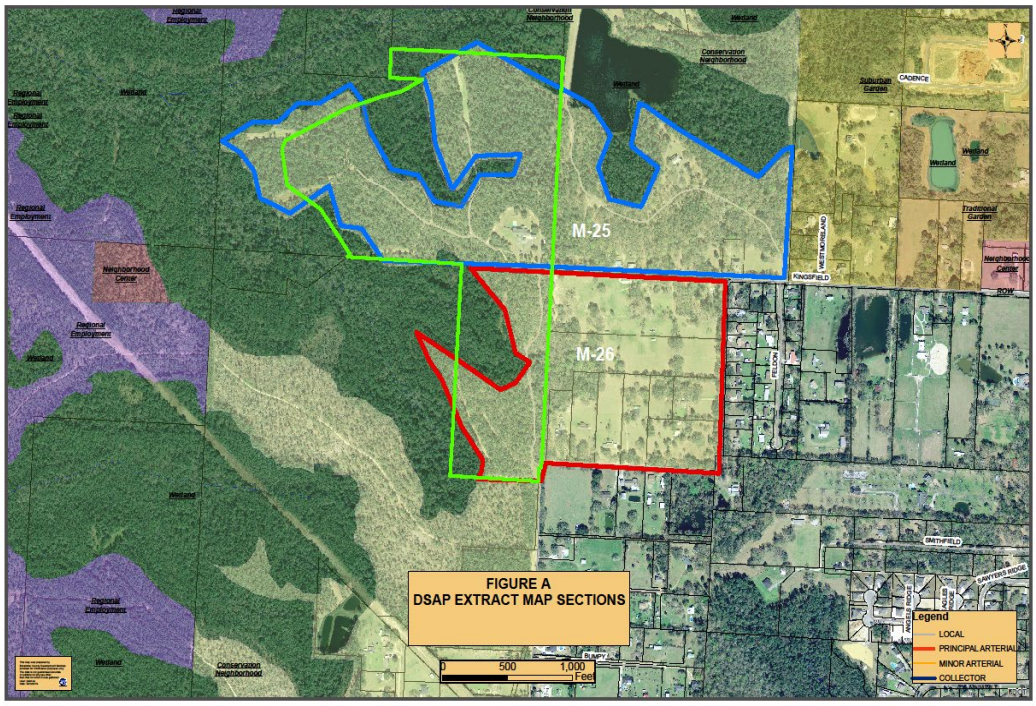
outlined in this plan. Such additions or deletions shall not be designed to create remnant areas or fragmented DSAPs.

Evaluation and Analysis of impacts- Components of the SP include aspects such as community design, environmental analysis, transportation guidance and economic development principles. The Final Land Use map, (Figure 2.01.A), Attachment A, identifies the overall boundaries of the SP, the distribution, extent and location of land uses. The Land Use Plan and Development Program provide specific growth data with development program calculations and assigning permissible densities and intensities for the various uses. The type of development (land use plan), and corresponding densities were assigned based on the proportionate share of the overall SP.

Section 2.02 Development Program of the SP illustrates the development calculations by individual DSAP allowances. The total developable land under the Jacks Branch DSAP, located in the Northern section of the SP, is approximately 5,231.70 acres. Under the Muscogee Branch DSAP, located in the southern section of the SP, the total developable land is approximately 3,380.10 acres. Both branches are clearly identified in Figure 2.01.A. Attachment A.

The parcel is in the Southeast area of the Muscogee DSAP, accessible via Kingsfield Road. General analysis of the surrounding area under the DSAP Land Use Plan assigns predominantly low-level residential uses, Conservation Neighborhood as the primary categories. The proposed removal will not create a fragmented DSAP.

4. The parcel size in relation to the individual DSAP Land Use category and in relation to the overall Sector Plan and the aggregate acreage of any granted Opt-Outs.



The applicant's parcel, approximately 84.10 +/- acres, is located within the Muscogee Branch DSAP and it is specifically identified in the Land Use map, Figure 2.01.A, under portions of sections **M-25** and **M-26**.

Based on staff's calculations, utilizing data from Section 2.02 of the DSAP document, the total developable acreage in the entire Sector Plan is 8,611.80 acres; the applicant's parcel represents **0.97%** of that existing developable acreage.

Under Section 2.02 Development Program calculation tables, (page 34 of the DSAP) the total residential developable acreage of the **Muscogee DSAP** under the Conservation Neighborhood Land Use is 1,289.90 acres. Removal of the applicant's +/- 84.10 acres will result in a decrease of **6.52% of available developable acres.**
General measurements show +/-58.2 acres of the parcel are in section M-25 and the remaining 25.9 acres are in section M-26 (Figure A).

The total developable acreage for these specific sections, is listed under the development program calculations table, (page 36 of the DSAP), as a combined 155.59

total acres, shared by five parcels included in the M-25 section and ten parcels in the M-26 section.

(FIGURE A)

The specific Muscogee DSAP Land Use for parcels in sections M-25 and M-26 is identified as **Conservation Neighborhood** with total dwelling unit development allowances assigned as follows:

M-25 section total development acreage 95.1 acres-
-low density x (0.1) yielding a total density of 9 dwelling units
-medium density x (1) yielding a total density of 95 dwelling units
-high density x (3) yielding a total density of 285 dwelling units

M-26 section total development acreage 60.8 acres-
-low density x (0.1) yielding a total density of 6 dwelling units
-medium density x (1) yielding a total density of 60 dwelling units
-high density x (3) yielding a total density of 182 dwelling units

Derived from the analysis of the baseline data we can identify the following trends:

M-25 section
a. the applicant's parcel area represents 61.19% of the total developable area for this Section.
b. removal of the applicant's +/-58.20 acres from the total developable acreage for section M-25, will result in a reduction of 170.60 total dwelling units under the high-density allocation.

M-26 section

a. the applicant's parcel area represents 42.59% of the total developable area for this Section.
b. removal of the applicant's +/-25.90 acres from the total developable acreage for section M-26, will result in a reduction of 77.7 total dwelling units under the high-density allocation.

This is the **third Opting-Out request** submitted to and processed by County staff. If approved, the total Sector Plan aggregate acreage will be **115.07**

The original Sector Plan profile identified approximately 15,000 acres of land, the availability of infrastructure and public services and the protection of natural resources; the calculations used to complete the maximum development scenario for the Plan were specific and resulted in a **balanced jobs-to-housing ratio**. Changes to or variations of any of the original data used for the plan could hinder the balance and the viability of attaining the SP goals and objectives.

Assuming a maximum theoretical buildout under the mixture of uses, the DSAP area would produce approximately 27,145 jobs. When analyzed using the maximum residential build-out of 23,000 dwelling units, the result, is a jobs-to- employed residents' ratio of **1.18**. It should be noted that although there is no single perfect ratio, an area is generally considered to be "balanced" if it has a jobs-to-housing ratio of roughly **0.8 to 1.2.** If the proposed amendment is approved the resulting **job-to-housing ratio will be 1.19.**

In order to maintain the cohesiveness of the SP, while at the same time fostering 4innovative planning and development strategies, County staff will continue to assess each request within the SP, on case by case basis, providing continuous analysis of the impact of each proposal on the Sector Plan.

5. The existing transportation infrastructure and any effect the proposal may have on the capacity of that infrastructure.

TTO Staff has reviewed the Sector Plan Opt-Out Case OSP-2019-02, 2025 Kingsfield Road, agenda item for the Planning Board meeting scheduled for February 4, 2020. Please see the below comments.

The property in question has frontage on (CR 186) Kingfield Road. Kingsfield Road is a two-lane undivided facility without paved shoulders. The approximate pavement width for this segment of the roadway is 18 feet, with right-of-way at 30 feet. The posted speed is 35 MPH.

The County has an active project in design "Kingsfield Road Extension Project" that will reconstruct the existing roadway from Hwy 97 west to the first 90-degree curve, as well as construct a new 2-lane roadway further west to connect to the eventual Beulah Interchange Connector Project. The County is currently nearing 60% design, and in the right-of-way phase. Construction phase will follow design and right-of-way phases, once the necessary funding has been identified. The new extension roadway will run east to west through the subject property (see attached map), and the County is currently in

communications with the property owners about the right-of-way needed to accommodate the new roadway.

Per the TPO's Congestion Management Process Plan, this section of Kingsfield Road does not have a formal roadway classification; however, the County considers its function as a local collector roadway. The County performed traffic counts on this portion of W. Kingsfield Road in 2017. The daily volume was recorded as 641 near Beulah Road and 1,168 just west of Highway 97. This segment of the roadway is functioning within its allowable capacity.

6. The underlying zoning district and the compatibility with the surrounding DSAP Land Use designation.

The existing parcel is currently zoned Low-Density residential (LDR). If removed from the SP, the following range of permitted uses are allowed under the existing zoning district:

Sec. 3-2.5 Low Density Residential district (LDR).
(a) Purpose. The Low Density Residential (LDR) district establishes appropriate areas and land use regulations for residential uses at low densities within suburban areas. The primary intent of the district is to provide for large-lot suburban type residential neighborhood development that blends aspects of rural openness with the benefits of urban street connectivity, and at greater density than the Rural Residential district. Residential uses within the LDR district are predominantly detached single-family dwellings. Clustering dwellings on smaller residential lots may occur where needed to protect prime farmland from non-agricultural use or to conserve and protect environmentally sensitive areas. The district allows non-residential uses that are compatible with suburban residential neighborhoods and the natural resources of the area.
(b) Permitted uses. Permitted uses within the LDR district are limited to the following:
(1) Residential.
a. Manufactured (mobile) homes only within existing manufactured home parks or subdivisions, or on land zoned SDD prior to adoption of LDR zoning. No new or expanded manufactured home parks or subdivisions.
b. Single-family dwellings (other than manufactured homes), detached and only one per lot, excluding accessory dwellings. Accessory dwellings only on lots two acres or larger. Attached single-family dwellings and zero lot line subdivision only on land zoned V-5 or SDD prior to adoption of LDR zoning.
c. Two-family dwellings and multi-family dwellings up to four units per dwelling (triplex and quadruplex) only on land zoned V-5 or SDD prior to adoption of LDR zoning.
See also conditional uses in this district.
(2) Retail sales. No retail sales.
(3) Retail services. No retail services.
(4) Public and civic.
a. Cemeteries, family only.
b. Public utility structures, excluding telecommunications towers.

See also conditional uses in this district.

(5) Recreation and entertainment.

a. Marinas, private only.

b. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) Industrial and related. No industrial or related uses.

(7) Agricultural and related. On land not zoned SDD prior to adoption of LDR zoning, agricultural production and storage is limited to food primarily for personal consumption by the producer. The following additional agricultural uses are allowed on lands zoned SDD prior to LDR zoning:

a. Agriculture, but no farm animals except horses and other domesticated *equines* kept on site, and stables for such animals, accessory to a private residential use with a minimum lot area of two acres and a maximum of one animal per acre.

b. Aquaculture, marine or freshwater.

c. Produce display and sales of fruit, vegetables and similar agricultural products.

d. Silviculture.

The Escambia County Land Development Code defines compatibility as a condition in which land uses, activities or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use, activity, or condition is unduly negatively impacted directly or indirectly by another use, activity, or condition. The character and intensity of the LDR zoning district **is compatible** with the low densities in the Conservation Neighborhood.

The DSAP Land Use for the surrounding parcels is strictly Conservation Neighborhood; based on the Residential Guidelines language, the Conservation Neighborhood Land Use is designed to allow clustered subdivisions of detached housing, with a maximum density of 3 dwellings units per net acre.

7. The consistency of any requested Future Land Use designation with the underlying zoning.

The requested **MU-S** FLU category **will be consistent** with the underlying zoning uses densities and intensities allowed by LDR. From the Escambia County 2030 Comprehensive Plan:

FLUM Mixed-Use Suburban (MU-S)

General Description: Intended for a mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses.

Range of Allowable Uses: Residential, retail sales & services, professional office, recreational facilities, public and civic, limited agriculture.

Standards:

Residential Maximum Density: 25 du/acre

Non-Residential Minimum Intensity: None
Maximum Intensity: 1.0 Floor Area Ratio (FAR)

Escambia County intends to achieve the following mix of land uses for new development within ¼ mile of arterial roadways or transit corridors by 2030:
a) Residential 8% to 25%
b) Public/Rec/Inst. 5% to 20%
c) Non-Residential:
Retail Service-30% to 50%
Office-25% to 50%
In areas beyond ¼ mile of arterial roadways or transit corridors, the following mix of land uses is anticipated:
a) Residential 70% to 85%
b) Public/Rec/Inst. 10% to 25%
c) Non-Residential 5% to 10%

8. Previous FLU designation.

Prior to adoption of the DSAP, the FLU designation for this parcel was **Agricultural (AG).**

9. Analysis to consider whether the applicant lost development rights or was effectively down zoned as part of the Sector Plan adoption.

Prior to the adoption of the Mid-West Escambia Sector Plan, the parcel was zoned *VAG* **VAG-2, villages agriculture 2 and VR-2, villages rural residential 2,** with a FLU of **Agriculture**. Based on historical data, under the existing rural development densities (table 7-1) of the 2020 Comprehensive Plan, residential development of this parcel would have been **limited to 1 du/20 acre**.

Based on that existing data, **the residential development rights** for the parcel were in-fact **increased** by the adoption of the Sector Plan and the assignment of the Conservation Neighborhood Land Use under the DSAP, which has a designated residential development maximum allowance of 3 du/acre.

If approved, any future development associated with this parcel will be evaluated by the Development Review Committee, utilizing the current zoning regulations while at the same time addressing and minimizing any potential impacts that the proposed development could have on the characteristics of the existing low to mid-density residential development listed under the SP's Land Uses.

If approved, the SP boundary map will be adjusted accordingly, to reflect the removal of the parcel from the Plan. Attachment B.

If approved, the parcel will be assigned a FLU of MU-S, as requested. Attachment C.

Section 1. Purpose and Intent

This Ordinance is enacted to carry out the purpose and intent of, and exercise the authority set out in, the Community Planning Act, Sections 163.3161 through 163.3215, Florida Statutes.

Section 2. Title of Map Amendment

This Final Land Use Plan Map amendment shall be entitled – "Opting-Out Escambia County Mid-West Sector Plan OSP 2019-02."

Section 3. Changes to the Final Land Use Plan

The Final Land Use Plan (Figure 2.01.A) as adopted in the Escambia County Mid-West Sector Plan, Land Use Plan and Development Program, and all notations, references and information shown thereon, is further amended to remove the following parcel:

> A parcel within Section 21, Township 1N, Range 31W, parcel number 4301-000-000 and totaling 84.10 (+/-) acres, located North of Kingsfield Road.

The amended Final Land Use Plan Map boundary is reflected in Attachment “B.”

Section 4. Title of Comprehensive Plan Amendment

This Comprehensive Plan amendment shall be entitled – "Opting-Out Escambia County Mid-West Sector Plan OSP 2019-02."

Section 5. Changes to the 2030 Future Land Use Map

The 2030 Future Land Use Map, as adopted by reference and codified in Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; Chapter 7, "Future Land Use Element," Policy FLU 1.1.1; and all notations, references and information shown thereon, is further amended to include the following future land use changes:

> A parcel within Section 21, Township 1N, Range 31W, parcel number 4301-000-000 and totaling 84.10 (+/-) acres, located North of Kingsfield Road, included as Attachment C, **assigning a FLU of Mixed-Use Suburban (MU-S).**

Section 6. Severability

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 7. Effective Date

DRAFT

Pursuant to Section 163.3184(3)(c)(4), Florida Statutes, this Ordinance shall not become effective until 31 days after the Department of Economic Opportunity notifies Escambia County that the plan amendment package is complete. If timely challenged, this Ordinance shall not become effective until the Department of Economic Opportunity or the Administration Commission enters a final order determining the Ordinance to be in compliance.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17556 **Growth Management Report 14. 4.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 03/05/2020
Issue: 5:47 p.m. - A Public Hearing Concerning the Review of an Ordinance Removing Parcels from the County DSAP and Assigning a Compatible FLU - OSP-2019-01
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:47 p.m. A Public Hearing Concerning the Review of an Ordinance Removing Two Parcels from the Escambia County Mid-West Sector Plan and Assigning a Compatible Future Land Use to the Parcel - OSP-2019-01 **(On February 25, 2020, the applicant sent an email (see attached) requesting that this case be withdrawn from the BCC meeting.)**

That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Escambia County Mid-West Sector Plan, Final Land Use Plan, Figure 2.01.A, removing two parcels within Section 30, Township 1N, Range 31W, Parcel Number 2203-000-000, totaling 12.27 (+/-) acres, and Parcel Number 2203-000-005, totaling 10.01 (+/-) acres, located on Kingsfield Road, from the Escambia County Mid-West Sector Plan; further amending Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; amending Chapter 7, "the Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, assigning a Future Land Use category to two parcels within Section 30, Township 1N, Range 31W, Parcel Number 2203-000-000, totaling 12.27 (+/-) acres, and Parcel Number 2203-000-005, totaling 10.01 (+/-) acres, of Mixed-Use Suburban (MU-S).

This hearing is the first of two public hearings before the BCC.

On February 25, 2020, the applicant sent an email (see attached) requesting that this case be withdrawn from the BCC meeting.

BACKGROUND:

The property owner is requesting two parcels be removed from the Escambia County Mid-West Sector Plan (SP), in the Muscogee Detailed Specific Area Plan (DSAP). Within the DSAP, the existing land use for the parcels is Conservation Neighborhood with a maximum residential dwelling of 3 du/acre.

The request is to assign a Future Land Use (FLU) designation of Mixed-Use Suburban (MU-S) to the parcels with no future development proposed at this time. According to the Escambia County Property Appraiser, one parcel is vacant and the other contains a single-family residence, both parcels total 22.3 (+/-) acres.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia M. Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

This Ordinance, assigning a new Future Land Use category and amending the Land Use Plan Map which is a part of the Mid-West Sector Plan will be filed with the Department of State following adoption by the board.

The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

Re: **Mrs. Sandra K. Crosby, Owner**
Letter of Request to Opt-Out of the Escambia County Mid-West Sector Plan and Future Land Use Map Amendment
Parcel Reference 301N312203000000 at 1877 W. Kingsfield Road and
Parcel Reference 301N312203000005 at 2000 BLK W. Kingsfield Road

Dear Planning Board Members and Director Jones:

This letter supports Mrs. Sandra Crosby's request that the above-referenced property be allowed to "opt out" of the Detailed Specific Area Plan (DSAP) otherwise known as the Escambia County Mid-West Sector Plan. If approved, Mrs. Crosby's effective zoning will remain the Low Density Residential (LDR), which is her current underlying zoning with the requested future land use (FLU) assigned of Mixed Use-Suburban. That is the essence of her application (attached).

Russ and Sandra Crosby bought twenty-four (24) acres of beautiful pasture land sprinkled with shade trees in two parcels over the past couple of years with the intent of building their dream home and enjoying living on their secluded, private estate. Unfortunately it was not to be.

Russ Crosby died of a heart attack in his home on Father's Day earlier this year. Mrs. Crosby is left with a shattered dream and a prime development property that she needs to sell at the market price to recover her original investment. Based on comparable sales and MAI appraisal, the current market price for high quality development property in the immediate area runs around $30,000 per acre or more for a premium development property like Mrs. Crosby's land that is level, and one-hundred percent (100%) high and dry uplands. (See EXHIBIT A – MAI Appraisal Summary.)

Russ Crosby was a highly successful businessman, and Sandra Crosby is an astute business woman. They did their due diligence on the subject property before they bought it, and determined the zoning was regular county low density residential (LDR) based on the county's official website and the property appraiser's website, and more recently confirmed by MAI appraisal. (See EXHIBIT B – Crosby property zoning as shown on County and Property Appraiser's websites.)

Three months ago thereabouts, Mrs. Crosby had a couple of substantial development companies interested in buying the property, but a deal fell through when it came to light that her effective zoning was not standard county LDR as she previously determined, but the severely restricted Sector Plan LDR also known as the Detailed Specific Area Plan (DSAP) Conservation Neighborhood overlay. Mrs. Crosby was shocked by the stark differences between the county standard LDR and the DSAP Conservation Neighborhood that she had never heard of.

Here are the key restrictions in the Conservation Neighborhood.

<u>One: The Dwelling Unit Reduction</u>. County LDR allows four dwelling units per acre. Sector Plan LDR/Conservation Neighborhood arbitrarily shrinks the county standard by twenty-five percent (25%) to three dwelling units per acre, without providing any rational basis for the reduction.

A decade ago when the Sector Plan was conceived that probably wasn't an issue. With the rising cost of land, development infrastructure, and building construction, that could be an issue now depending upon physical characteristics of the property and its location. The Crosby property, which is a perfect rectangle, high and dry, and level, could accommodate four single family residences per acre in an approved subdivision if it was not limited by Sector Plan LDR/Conservation Neighborhood.

<u>Two: The 50% Rule</u>. This provision requires the developed area of a proposed subdivision shall not exceed fifty percent (50%) of the gross land area of the site. In Mrs. Crosby's case, where her property is one hundred percent buildable, that provision renders nearly half of her valuable property practically worthless for its highest and best use. The net effect is, in reality, a de facto taking without compensation.

<u>Three: Open Space Design.</u> This restriction reinforces the previous one. It states as follows: "At least fifty percent (50%) of the gross land area of the proposed subdivision shall be designated as undivided, permanently protected open space, managed for either agriculture or conservation purposes, and on which the underlying development rights of the open space have been severed through a legal instrument that runs with the land." (See EXHIBIT C – Escambia County Mid-West Sector Plan, Section 3.03 Conservation Neighborhood Guidelines pages 55, 56, and 57.)

None of these severely limiting restrictions apply to county LDR, nor do they appear anywhere else in the county's land development code, including medium and high density residential and other categories of zoning in the Sector Plan itself, all of which are comparable to regular county zoning.

Under these circumstances, no developer interested in making a profit is likely to pay top dollar for the Crosby property knowing full well he's got to give up development rights on half of it and face uncertainty about what he can do with the other half.

It is obvious that a basic competitive unfairness and inequity exists between property owners with county LDR and those with Sector Plan LDR/Conservation Neighborhood. That unfairness also acts as a strong deterrent to residential development in the Sector Plan. Since the Sector Plan was approved eight years ago, there have been numerous residential developments in the area outside of the Sector Plan boundaries with dozens more in process. By contrast, during that time there has been only one approved subdivision in Sector Plan LDR/Conservation Neighborhood, and in that instance the developer found a way to extract value from a portion of the property he was prohibited from developing to offset his costs of lost development rights. (See EXHIBIT D – Rishwood Subdivision plat).

There also exists a basic unfairness between property owners within the Conservation Neighborhood. For example, property owners with forty to fifty percent jurisdictional wetlands on their property are not required to give up any of their buildable land. The required conservation, or agricultural, component is already in place there due to God and the Environmental Protection Agency.

In other words, the highest value properties, like Mrs. Crosby's property, are forced to bear the full burden of surrendering up to half of their valuable upland without compensation to accommodate perceived public interest that was not established by sufficient public input, hearings, proper legal notice and consent of the property owners. Virtually all of them are small landowners who were swept up into this thing with no idea how their property rights would be affected.

Here's the bottom line. Mrs. Crosby has lost nearly half of her development rights compared to her regular county LDR zoning, and she has lost substantial value due to passage and continued existence of the Sector Plan. The Sector Plan does not allow variances, exceptions, adjustments for changing conditions, development rights swaps, or any other changes whatsoever. Once you're in it, you're stuck, and your only recourse is to opt out.

The Board of County Commissioners has become aware of these problems, and recently voted unanimously to direct staff to reduce fees for processing opt-out applications and make it easier and quicker for property owners to opt out if they choose to do so. The new schedule waives all fees for property owners with ten acres or less, and levies $975 for properties over ten acres, which is a seventy-five percent (75%) reduction from approximately four thousand dollars

($4,000). The Board's clear intent is to streamline and expedite this opt-out procedure as a fair and equitable remedy for landowners whose private property rights have been infringed upon unjustly. (See EXHIBIT E – Resolution R2019-92 passed by BOCC unanimously, 5-0 vote, September 11, 2019.)

For the reasons noted in this letter and in consideration of the will of the Board of County Commissioners, Mrs. Crosby requests your favorable recommendation for her opt-out application so it can move forward to the Board of County Commissioners for final approval.

Sincerely, and on behalf of Mrs. Sandra K. Crosby,

Frank E. Westmark

Elizabeth J. Westmark

MID-WEST ESCAMBIA COUNTY OPT-OUT REQUEST WITH FUTURE LAND USE MAP AMENDMENT APPLICATION
(Revised 09/2019)

INSTRUCTIONS

Please contact our office at (595-3475) to make an appointment with a Planner to personally discuss your site and prospective plans for it, and to review the application form with you to answer any questions you may have.

It is important for the application packet to be complete and on time in order to process and schedule your request for the required public hearing(s). The Planning Board holds public hearings once a month. Application closing dates for these hearings are provided in the attached schedule (Attachment A). In order for your application to move through the process in a timely manner, it is important for all items on the application to be completed. Incorrect or missing information could delay the hearing of your request. **NOTE:** The applicant, or his/her agent, must be present at the Planning Board meeting. It is also highly recommended that he or she be present at the subsequent Board of County Commissioners meeting.

An application is not considered complete until all of the items listed on the Opting-Out FLU Land Use Map Amendment Application Checklist (attached herein) are received.

Please note the completion and notarized certification(s) required herein. The owner and/or agent acting in his/her behalf, must sign the certification(s) where indicated on the application. Signatures must be properly notarized. If an agent is handling the request, the owner must sign the application and submit an Affidavit of Ownership & Limited Power of Attorney (attached herein) authorizing said agent to act in his/her behalf.

FEES: Application fees can be found on the Escambia County website: https://myescambia.com/our-services/development-services/planning-zoning/rezoning/planning-board

Please remember, the Planning Board meets only once a month. Applications received after the deadline for a particular meeting will not be heard until the following meeting.

NOTE: Whenever an applicant would like any County Staff member to appear and testify at a hearing other than the normal public hearings required to process your request, a minimum notification of 5-10 days to the individual staff member and the Development Services Department is required in advance of the hearing.

I/We acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/We also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. 1. The following is an analysis of the impact of both the current and proposed future land use categories on various infrastructure components. Applicant's parcels are undeveloped and vacant. Current future land use is DSAP – Conservation Neighborhood; requested future land use is MU-S; previous future land use is MU-S. There is no development proposed. If any development is proposed in the future that requires more density than normal county LDR, it must come before the Planning Board and the Board of County Commissioners as a quasi-judicial rezoning and be approved or denied at that time.

   A. Sanitary Sewer (or septic tank, if applicable)
   An old home (built in the 1920's), now demolished, that was previously on the site, had a septic tank.

   B. Solid Waste Disposal
   ECUA provides solid waste disposal for this neighborhood.

   C. Potable Water
   Farm Hill Water holds the franchise for water at this address.

   D. Stormwater Management
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate stormwater management is designed into the project.

   E. Traffic
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review analysis to ensure compliance with established standards.

   F. Recreation and Open Space
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate recreation and open space is designed into the project.

G. Schools

Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure impact on area schools is taken into consideration. Schools serving this neighborhood include Kingsfield Elementary, Ransom Middle, and Tate High School.

2. Describe the proximity to and impact on the following:

A. Wellheads

Not applicable. There is no development proposed. However, the applicant's property is not within either the 7 or 20 year wellhead protection area. See the County's Property Lookup information for this parcel (attached).

B. Historically Significant Sites

Not applicable. There is no proposed development. Any future proposed development must go through normal Development Review procedures and to be approved must request the requisite archaeology site review.

C. Natural Resources

Not applicable. While there is no development proposed, if one is proposed in the future, natural resources of special significance, if any, will be taken into account and addressed during the normal Development Review process.

3. Analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

Section 1.03 Intent. It is the intent of this Plan to provide orderly growth management for those areas identified in Section 1.02 above (*Escambia County*). This ordinance is not intended to terminate growth but rather to provide mechanisms for growth management in order to serve the citizens, visitors and property owners of Escambia County. Implementation of this ordinance is designed to maintain and improve the quality of life for all citizens of the county.

RESPONSE: The applicant's request to opt-out her land from the Sector Plan, DSAP-Conservation Neighborhood, is consistent with the intent of the Escambia County Comprehensive Plan. The Conservation Neighborhood district assigned to these parcels does not meet the highest and best use for what the applicant believes is most fair or appropriate for her property.

4. The parcel size is approximately 21.93 acres. It represents .0057 of the DSAP Conservation Neighborhood category, which has a total of 3,855 developable acres. The aggregate acreage of granted opt-outs is 8.7.

5. Not applicable. There is no current proposal for development of this site, so there will be no impact to traffic.

6. The underlying existing zoning category for this parcel is Low Density Residential (LDR). It is compatible with the surrounding DSAP land use designation.

7. The requested FLU designation of MU-S is compatible with the underlying LDR zoning.

8. The previous future land use designation was MU-S.

9. Due to restrictions of the DSAP Conservation Neighborhood overlay on this property, including the 50% rule, mandatory clustering, required open space and inability to petition the Planning Board for relief to change or modify zoning at any point in the future, this property owner has lost development rights, was effectively down zoned as part of the Sector Plan adoption, has had her land devalued and lost the ability to sell it at fair market value.

Attn: Ms. Stacey Coker,

Letter of Transmittal
RE: An Appraisal Report of the existing Crosby Right-of-Way Acquisition located at 1877 West Kingsfield Road in Cantonment, FL.

Dear Ms. Coker:

At your request, information was obtained and reviewed of the above referenced property for the purpose of estimating the current market value of the fee simple estate of the potential Crosby Right-of-Way Acquisition by Escambia County. In compliance with the "Uniform Standards of Professional Appraisal Practice", this letter of transmittal is followed by an appraisal report in which all applicable approaches to value are used and with the value conclusion reflecting all known information about the subject property, current and projected market conditions, and other available data. This report contains to the fullest extent possible and practical, explanations of the data, reasoning and analysis used to develop the opinion of value. It also includes thorough descriptions of the subject property, the property's locale, the market for the property type, and my opinion of highest and best use.

Market value will be defined in the appraisal report, but basically assumes a willing buyer-seller, both knowledgeable of the subject real estate market and with the valuation at the property's highest and best use. Both exposure and marketing time periods are estimated to be approximately 6 months. In accordance with USPAP, I am informing the client that I have performed no real estate services regarding the subject property within the past three years prior to the engagement of these services.

RODGER K. LOWERY, MAI

FL #RZ0001922 * AL #G00445

TOM FRUITTICHER, MAI
State-Certified General Real Estate Appraiser
FL #RZ0002029 * AL #G00788

The subject property consists of an approximate 14.03-acre parcel of land located along the west right-of-way of West Kingsfield Road, west of State Highway 97 in Cantonment, Escambia County, Florida. The property is zoned "LDR", with the current use as agricultural land being an allowable use for the site. The parent tract contains approximately 14.03-acres of land with a north property line of 1,346.21 feet and 456.69 feet of frontage along the west right-of-way of West Kingsfield Road. The appraisal assignment includes the valuation of a 50-foot right-of-way along the north property line or 67,311 square feet and a 60-foot right-of-way along the north property line or 80,773 square feet. The property is primarily vacant land with a barn, pump house and pole barn in the proposed right-of-way. Damages will include depreciated cost of the existing improvements.

The improvements included in the potential rights-of-way include an approximate 3,453 square foot wood frame horse stable with an approximate 264 square foot pump house and a 360 square foot lean-to. The improvements were reportedly built in 1927 and are considered to be in fair condition.

This appraisal is based upon the extraordinary assumption that all information provided to the appraiser by the client and property representative are correct. It is noted that assuming the property discussed is acquired by Escambia County and Kingsfield Road is extended along the north property line of the remainder parcel, the value of the remainder parcel will likely increase due to the extensive road frontage. Additionally, the most recent MLS listing for the property in 2015 (included in the addendum) indicated the property contains buildings and a barn without contributory value. However, in this analysis I have included the depreciated cost value of the improvements in the value of the property to be acquired.

Subject to the above and the limiting conditions and certification as set forth herein, it is my opinion that the current market value of the Fee Simple estate as of the last date of inspection, November 15, 2018, was:

CURRENT MARKET VALUE – 50-FOOT STRIP ACQUISITION

SEVENTY-SEVEN THOUSAND ONE HUNDRED DOLLARS

$77,100

The above value is allocated as $58,200 for the land and $18,900 for the improvements included in the acquisition area.

CURRENT MARKET VALUE – 60-FOOT STRIP ACQUISITION

EIGHTY-EIGHT THOUSAND TWO HUNDRED DOLLARS

$88,200

The above value is allocated as $69,300 for the land and $18,900 for the improvements included in the acquisition area.

I hereby certify I have no interest, present or contemplated, in the appraised property. This appraisal has been prepared utilizing all of the requirements set forth as Standards for Real Estate Appraisals as established for federally related transactions and the State of Florida. The appraisal conforms to the Uniform Standards of Professional Appraisal Practice (USPAP). The fee for this appraisal was not based on a minimum value nor was the assignment undertaken based on a pre-determined value or guaranteed loan amount.

I appreciate the opportunity of doing this work for you and your client. After your review, should you have questions, please don't hesitate to call.

Respectfully submitted,

Rodger K. Lowery, MAI

Conservation Neighborhoods

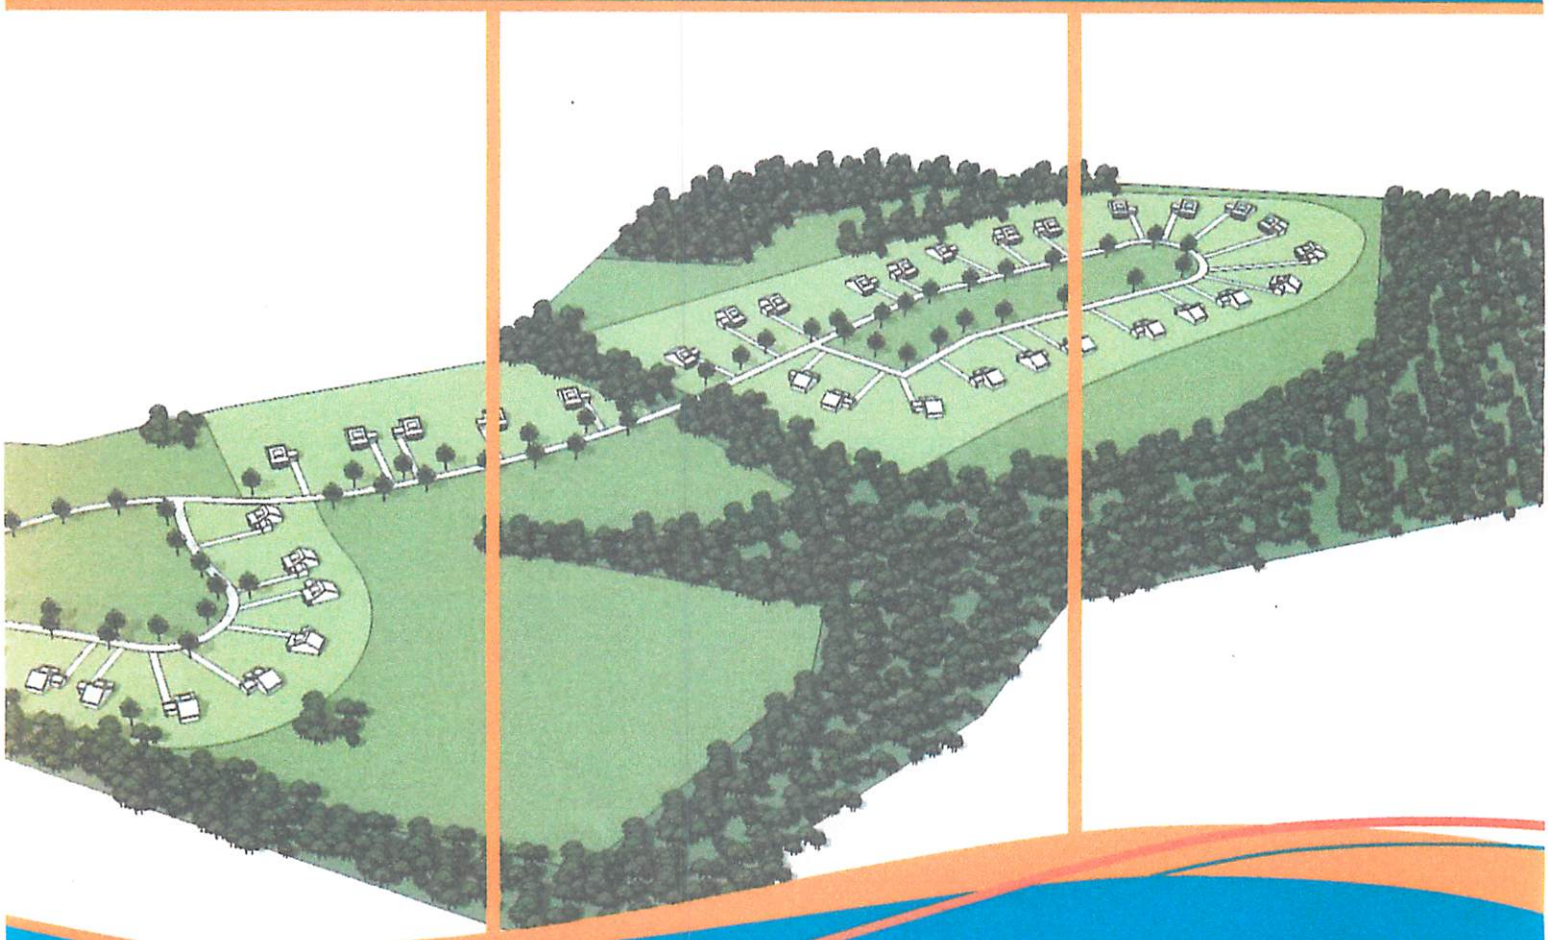

EXHIBIT C

Section 3.03 Conservation Neighborhood Guidelines

A. General Description

Conservation Neighborhoods are located greater than ½ mile from Town, Village and Neighborhood Centers and are typically located in more rural areas of the DSAP. They are subdivisions of clustered, single-family dwellings intended to:

- *Establish a more efficient use of land and infrastructure, thereby reducing costs to taxpayers, residents and developers.*
- *Offer landowners alternatives to conventional, large-lot development and incentivize the conservation of natural resources.*
- *Create usable and accessible open space for use by neighborhood residents.*
- *Contribute to an overall, interconnected open space system which links individual neighborhoods to parks and other publicly owned lands.*

B. Corresponding Escambia County Zoning District

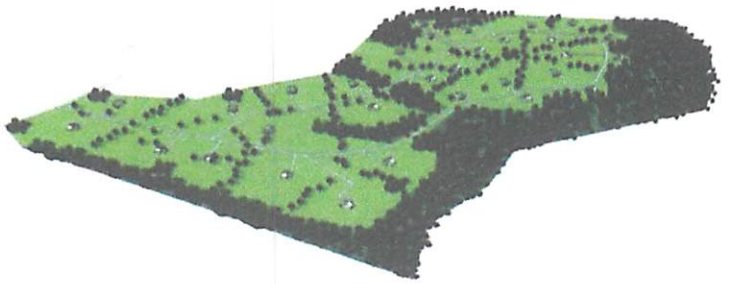
(1) VAG-1, VR-1, R-1, V-1, V-2, V-2A, V-5, SDD

C. Permitted Uses

(1) Detached housing as well as those uses listed in the specific zoning category, schools, civic use, open space and parks.

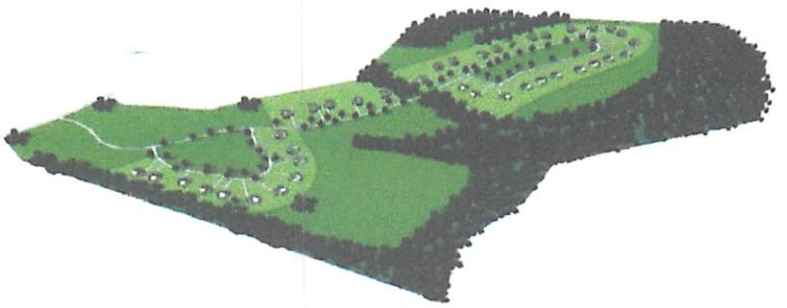
D. Density

(1) Minimum Density: none



(2) Maximum Density: 3 DU/ Net Acre

E. Development Pattern and Design



(1) The developed area of the subject site shall not exceed fifty (50) percent of the gross land area of the site.

(2) Development shall be arranged in compact, neighborhood clusters.

(3) Sites may contain multiple neighborhood clusters provided they are separated by open space.

Conventional Development

Cluster Development

F. Open Space

(1) At least fifty (50) percent of the gross land area of the proposed subdivision shall be designated as undivided, permanently protected open space, managed for either agriculture or conservation purposes, and on which the underlying development rights of the open space have been severed through a legal instrument that runs with the land.

(2) Open space shall be arranged to preserve the function and integrity of on-site natural resources.

(3) Open space shall consist of ~~Primary and Secondary Conservation Areas, Improved Common Open Space, and/or Active Agricultural Areas~~ one or more of the following:

(a) Primary Conservation Areas – wetlands, watercourses, waterbodies and associated buffers, and lands conserved for the protection of flora, fauna and habitat. Such lands shall be managed as natural open space and maintained in a natural or restored condition.

(b) Secondary Conservation Area – other selected areas which contain attractive spaces that are unique to the character of the site.

(c) Improved Common Open Space – open space set aside for ~~passive~~ recreational purposes. These areas may contain accessory buildings and improvements necessary and appropriate for recreational and/ or public uses.

(d) Active Agricultural Areas – improved land used for bona fide agriculture uses subject to Best Management Practices of the Florida Department of Agriculture and Consumer Services including structures and facilities to support bona fide agricultural uses.

(4) Up to ½ of the required open space area may include stormwater facilities provided such facilities are designed as a community amenity.

(5) Open space should be contiguous to greenways, trails, public parks or other open spaces on adjoining parcels in order to promote the creation of larger, interconnected open space system.

(6) Required open space should be encouraged to have access from the subject sites buildable area, except areas that contain bona fide agricultural activities.

G. Streets

(1) Refer to Section 7 for typical cross sections for Conservation Neighborhoods.

(2) Roadways should be designed according to best engineering practices and encouraged to follow existing contours to minimize the extent of cuts and fills.

Both DSAPs have been divided into planning sub-areas; each of which has been assigned a specific land use and development program within the accompanying development program spreadsheets. Each Regional Employment, Town, Village and Neighborhood Center District was assigned a non-residential development program based on their proportionate share of the overall sector plan's maximum non-residential square footage for such land use; and were guided by the adopted sector plan policies (FLU 5.2.1 and FLU 5.5.1). Where applicable, the development program for these districts also includes the targeted residential density and units allowed by the adopted sector plan policies. ~~No changes to the adopted land use mix for these areas have been proposed.~~

Areas designated as strictly residential neighborhoods were sub-divided into four districts: Traditional Village, Traditional Garden, Suburban Garden and Conservation N eighborhood. Each of these districts was then assigned maximum, minimum and median or "target" densities based upon adopted sector plan policies (FLU 5.5.2). Development programs for each of the residential planning areas were calculated utilizing the aforementioned districts' respective density range and acreage.

Escambia County Comprehensive Plan: 2030

Chapter 1 Legal.

Section 1.01 Title.

This ordinance shall be known as the "Escambia County Comprehensive Plan: 2030". Additionally, the Escambia County Comprehensive Plan will be referred to as "The Plan."

Section 1.02 Jurisdiction.

The lands subject to this ordinance shall include all unincorporated areas of Escambia County.

Section 1.03 Intent.

It is the intent of this Plan to provide orderly growth management for those areas identified in Section 1.02 above. This ordinance is not intended to terminate growth but rather to provide mechanisms for growth management in order to serve the citizens, visitors and property owners of Escambia County. Implementation of this ordinance is designed to maintain and improve the quality of life for all citizens of the county.

The Board of County Commissioners of Escambia County finds that the goals, objectives, policies and regulations set forth hereunder are a necessary and proper means for planning and regulating the development and use of land in the county and for otherwise protecting and promoting the public health, safety, and general welfare of its citizens. It is the intent of this Comprehensive Plan to set general guidelines and principles concerning its purposes and contents and that this Plan shall be construed broadly to accomplish its stated purposes and objective.

Section 1.04 Effect on previous plan.

This Comprehensive Plan supersedes and replaces the Escambia County Comprehensive Plan, which was adopted by the Board of County Commissioners on October 20, 1993, as amended.

Sec. 3-2.5 - Low density residential district (LDR).

(a) *Purpose.* The low density residential (LDR) district establishes appropriate areas and land use regulations for residential uses at low densities within suburban areas. The primary intent of the district is to provide for large-lot suburban type residential neighborhood development that blends aspects of rural openness with the benefits of urban street connectivity, and at greater density than the rural residential district. Residential uses within the LDR district are predominantly detached single-family dwellings. Clustering dwellings on smaller residential lots may occur where needed to protect prime farmland from non-agricultural use or to conserve and protect environmentally sensitive areas. The district allows non-residential uses that are compatible with suburban residential neighborhoods and the natural resources of the area.

(b) *Permitted uses.* Permitted uses within the LDR district are limited to the following:

(1) *Residential.*

a. Manufactured (mobile) homes only within existing manufactured home parks or subdivisions, or on land zoned SDD prior to adoption of LDR zoning. No new or expanded manufactured home parks or subdivisions.

b. Single-family dwellings (other than manufactured homes), detached and only one per lot, excluding accessory dwellings. Accessory dwellings only on lots two acres or larger. Attached single-family dwellings and zero lot line subdivision only on land zoned V-5 or SDD prior to adoption of LDR zoning.

c. Two-family dwellings and multifamily dwellings up to four units per dwelling (triplex and quadruplex) only on land zoned V-5 or SDD prior to adoption of LDR zoning.

See also conditional uses in this district.

(2) *Retail sales.* No retail sales.

(3) *Retail services.* No retail services.

(4) *Public and civic.*

a. Cemeteries, family only.

b. Public utility structures, excluding telecommunications towers.

See also conditional uses in this district.

(5) *Recreation and entertainment.*

a. Marinas, private only.

b. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) *Industrial and related.* No industrial or related uses.

(7) *Agricultural and related.* On land not zoned SDD prior to adoption of LDR zoning, agricultural production and storage is limited to food primarily for personal consumption by the producer. The following additional agricultural uses are allowed on lands zoned SDD prior to LDR zoning:

a. Agriculture, but no farm animals except horses and other domesticated equines kept on site, and stables for such animals, accessory to a private residential use with a minimum lot area of two acres and a maximum of one animal per acre.

b. Aquaculture, marine or freshwater.

c. Produce display and sales of fruit, vegetables and similar agricultural products.

d. Silviculture.

See also conditional uses in this district.

(8) *Other uses.* [Reserved.]

(c) *Conditional uses.* Through the conditional use process prescribed in chapter 2, the BOA may conditionally allow the following uses within the LDR district:

(1) *Residential.*

a. Accessory dwellings on lots less than two acres.

b. Home occupations with non-resident employees.

(2) *Public and civic.*

a. Clubs, civic and fraternal.

b. Educational facilities, excluding preschools or kindergartens independent of other elementary grades.

c. Emergency service facilities, including law enforcement, firefighting, and medical assistance.

d. Offices for government agencies or public utilities, small scale (gross floor area 6,000 square feet or less per lot).

e. Places of worship.

f. Public utility structures exceeding the district structure height limit, excluding telecommunications towers.

(3) *Recreation and entertainment.*

a. Golf courses, tennis centers, swimming pools and similar active outdoor recreational facilities, including associated country clubs.

b. Parks with permanent restrooms or outdoor event lighting.

(4) *Agricultural and related.* Horses and other domesticated equines kept on site, and stables for such animals, as a private residential accessory not among the permitted

uses of the district, or for public riding on land zoned SDD prior to adoption of LDR zoning. A minimum lot area of two acres if accessory to a private residential use and a minimum ten acres if for public riding, with a maximum of one animal per acre for either use.

(d) *Site and building requirements.* The following site and building requirements apply to uses within the LDR district:

(1) *Density.* A maximum density of four dwelling units per acre.

(2) *Floor area ratio.* A maximum floor area ratio of 1.0 for all uses.

(3) *Structure height.* A maximum structure height of 45 feet. See height definition.

(4) *Lot area.* No minimum lot area unless prescribed by use.

(5) *Lot width.* For a new lot with a majority of its frontage along the outside of a street right-of-way curve whose radius is 100 feet or less, the minimum lot width at the right-of-way is 40 percent of the radius length, but not less than 20 feet. The minimum width for all other new lots is 60 feet at the right-of-way.

(6) *Lot coverage.* Minimum pervious lot coverage of 30 percent (70 percent maximum semi-impervious and impervious cover) for all uses.

(7) *Structure setbacks.* For all principal structures, minimum setbacks are:

a. *Front and rear.* Twenty-five feet in the front and rear.

b. *Sides.* On each side, five feet or ten percent of the lot width at the street right-of-way, whichever is greater, but not required to exceed 15 feet.

(8) *Other requirements.*

a. *Horse shelters.* Stables or other structures for sheltering horses or other domesticated equines shall be at least 50 feet from any property line and at least 130 feet from any dwelling on the property of another landowner.

b. *Chapters 4 and 5.* Refer to chapters 4 and 5 for additional development regulations and standards.

(e) *Location criteria.* All nonresidential uses within the LDR district shall be located to avoid nuisance, hazard and other adverse impacts to surrounding residential uses.

(f) *Rezoning to LDR.* Low density residential zoning may be established only within the mixed-use suburban (MU-S) future land use category. The district is suitable for suburban areas with or without central water and sewer. The district is appropriate to provide transitions between areas zoned or used for rural residential or rural mixed-use and areas zoned or used for low density mixed-use or medium density residential.

A. ECUA Engineering Manual Incorporated by Reference

The ECUA Engineering Manual, dated December 18, 2014, along with Update # 1 dated September 1, 2016 (hereinafter "Manual"), located at www.ecua.fl.gov, is hereby incorporated by reference into this Project's official contract documents as if fully set forth therein. It is the Contractor's responsibility to be knowledgeable of the Manual's contents and to construct the Project in accordance with the Manual. The Contractor shall provide its employees access to the Manual at all times, via Project site or office, via digital or paper format. In the event of a conflict between the Manual and Plans, Contractor shall consult Engineer of Record for proper resolution.

B. Additional Documents (to be completed by the Engineer of Record)

Does this Project have additional technical specifications or construction details that supplement and/or supersede the Manual listed above? ☐YES ☐NO. If yes, Contractor shall construct Project in accordance with said documents as listed and located below:

C. Engineer of Record Responsibilities

The Engineers of Record (EORs) that have affixed their seals and signatures on these plans warrant their portions of the plans have been designed in accordance with the Manual (unless otherwise directed by the ECUA Project Engineer). The EORs shall be knowledgeable of the Manual's contents and shall assume responsibility for its use on this Project.

Utility addendums must be submitted prior to roadway construction.
Only conventional steel RCP is acceptable under County roadways and curb lines. All pipes within County ROW's shall be a minimum 18" diameter, shall have a minimum 1foot of cover, and shall be watertight prior to acceptance and at the end of the 2-year warranty/compliance period.

I. GENERAL

A. "THE PROJECT ENGINEER (ENGINEER OF RECORD) SHALL PROVIDE TO ESCAMBIA COUNTY "AS-BUILT" RECORD DRAWINGS FOR VERIFICATION AND APPROVAL BY ESCAMBIA COUNTY ONE WEEK PRIOR TO REQUESTING A FINAL INSPECTION, AND PROVIDE "AS-BUILT" CERTIFICATION THAT THE PROJECT CONSTRUCTION ADHERES TO THE PERMITTED PLANS AND SPECIFICATIONS. THE "AS-BUILT" CERTIFICATION OR THE "AS-BUILT" RECORD DRAWINGS MUST BE SIGNED, SEALED AND DATED BY A REGISTERED FLORIDA PROFESSIONAL ENGINEER."
B. "CONTRACTOR SHALL MAINTAIN RECORD DRAWINGS DURING CONSTRUCTION WHICH SHOW "AS-BUILT" CONDITIONS OF ALL WORK INCLUDING PIPING, DRAINAGE STRUCTURES, TOPO OF POND(S), OUTLET STRUCTURES, DIMENSIONS, ELEVATIONS, GRADING ETC. RECORD DRAWINGS SHALL BE PROVIDED TO THE ENGINEER OF RECORD PRIOR TO REQUESTING FINAL INSPECTION."
C. "THE OWNER OR HIS AGENT SHALL ARRANGE/SCHEDULE WITH THE COUNTY A FINAL INSPECTION OF THE DEVELOPMENT UPON COMPLETION AND ANY INTERMEDIATE INSPECTIONS AT (850) 595-3434. AS-BUILT PLANS AND CERTIFICATION ARE REQUIRED PRIOR TO REQUEST FOR FINAL INSPECTION/APPROVAL."
D. "NOTIFY SUNSHINE UTILITIES 48 HOURS IN ADVANCE PRIOR TO DIGGING WITHIN R/W; 1-800-432-4770."
E. "ALL ASPECTS OF THE STORMWATER/DRAINAGE COMPONENTS AND/OR TRANSPORTATION COMPONENTS SHALL BE COMPLETED PRIOR TO REQUESTING A FINAL INSPECTION".

MINIMUM STANDARDS FOR TYPICAL RESIDENTIAL GRADING CONTROL PLAN

1. A POSITIVE DRAINAGE OUTFALL IS A CONVEYANCE SYSTEM (DRAINAGE EASEMENT, ROADWAY WITH A DRAINAGE SYSTEM – CURB & GUTTER, OR DITCH) WHICH CONTAINS, CONTROLS, AND TRANSMITS STORMWATER RUNOFF TO A CREEK, STREAM, RIVER, BAY, GULF, OCEAN, OR OTHER WATERS OF THE STATE, OR WATERS OF THE UNITED STATES, OR TO ANY FUNCTIONING ESCAMBIA COUNTY OR STATE DRAINAGE SYSTEM.
2. FINISH FLOOR ELEVATION SHALL BE AS SPECIFIED BY BUILDING CODE.
3. THESE ARE MINIMAL REQUIREMENTS AND DO NOT RELIEVE THE BUILDER FROM PROVIDING ADDITIONAL GRADING TO DIRECT STORMWATER TO A POSITIVE OUTFALL DRAINAGE SYSTEM AND ELIMINATE NEGATIVE IMPACTS TO ADJACENT LOTS AND PROPERTIES.
4. DISTURBED LOT AREAS SHALL BE COMPLETELY STABILIZED WITH SOD. IF THE HOME IS CONSTRUCTED, STABILIZE THE FIRST 10' WITH SOD AND SOD AND/OR SEED AND MULCH THE REMAINDER OF THE LOT.
5. THE HOMEBUILDER SHALL COMPLY WITH STATE PERMITTING REQUIREMENTS FOR LARGE AND SMALL CONSTRUCTION SITES, SPECIFICALLY THE NPDES PERMITS WHICH REQUIRES A DETAILED STORMWATER POLLUTION PREVENTION PLAN (SWPPP) BEING AVAILABLE ONSITE FOR REVIEW DURING ALL PHASES OF CONSTRUCTION.
6. LOT CLEARING ACTIVITIES SHALL NOT PROCEED WITHOUT BUILDING PERMITS FOR THOSE LOTS EXCLUDING CLEARING REQUIRED FOR CONSTRUCTION OF CONVEYANCE SWALES OR DRAINAGE FEATURES DESIGNATED AS THE DEVELOPER'S RESPONSIBILITY.
7. ALL NEW RUNOFF, DOWNSPOUTS, AND GUTTERS SHALL BE ROUTED TO CARRY ALL STORMWATER TO THE ROADS OR SWALES THAT LEAD TO THE RETENTION POND OR APPROVED DRAINAGE SYSTEM.
8. PROVIDE EROSION CONTROL MEASURES TO ENSURE ALL SEDIMENTS SHALL BE RETAINED ON EACH INDIVIDUAL LOT.
9. WETLANDS SHALL BE PROTECTED WITH FABRIC SILT FENCING AND BURIED HAY BALE SYSTEMS (DOUBLE ROWS AS NECESSARY).

1. TYPICAL DRIVEWAY SECTIONS ARE TO BE 12' WIDE MINIMUM.
2. DRIVEWAY SECTIONS ABUTTING CURB OR CURB CUT SHALL BE 6" CONCRETE WITH 6" STABILIZED SUBGRADE AND 4" TO 6" CONCRETE DRIVEWAY WITH 4" STABILIZED SUBGRADE ~ 98% COMPACTION (MODIFIED PROCTOR) WITH LBR 40 BETWEEN EDGE OF ROADWAY AND R/W LINE.
3. FOR OTHER TYPE CURBS, DIMENSIONS MAY BE ADJUSTED TO FIT, IF NECESSARY, REFER TO F.D.O.T. INDEX DETAILS.
4. DRIVEWAYS WITHIN PROPERTY BOUNDARY SHALL PROVIDE A MINIMUM OF 2 PARKING SPACES.
5. **ROOF DRAINS FROM THE ENTIRE HOUSE ON LOTS 27 THRU 31 SHALL BE DIRECTED TO THE STREET. ONLY BACKYARDS OF THESE LOTS ARE ALLOWED TO BE SLOPED TO THE REAR LOT LINE.**

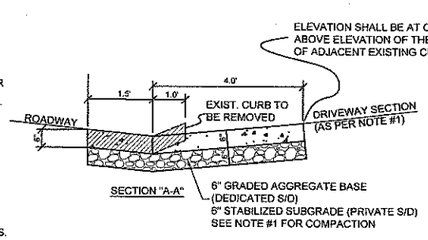
NOTES:



1. SIDEWALKS ALONG RESIDENTIAL LOTS SHALL BE BUILT BY THE BUILDER, AND SIDEWALKS ALONG COMMON AREAS, STORMWATER FACILITY, ETC. SHALL BE BUILT BY THE CONTRACTOR.
2. THE HOMEBUILDER SHALL COMPLY WITH STATE PERMITTING REQUIREMENTS FOR LARGE & SMALL CONSTRUCTION SITES, SPECIFICALLY THE NPDES PERMIT WHICH REQUIRES A DETAILED STORMWATER POLLUTION PREVENTION PLAN (SWPPP) BEING AVAILABLE ONSITE FOR REVIEW DURING ALL PHASES OF CONSTRUCTION.
3. LOT CLEARING ACTIVITIES SHALL NOT PROCEED WITHOUT BUILDING PERMITS FOR THOSE LOTS EXCLUDING CLEARING REQUIRED FOR CONSTRUCTION OF CONVEYANCE SWALES OR DRAINAGE FEATURES DESIGNATED AS THE DEVELOPER'S RESPONSIBILITY.

2. THE COMMON CONVEYANCE SWALES SHALL BE BUILT BY THE SUBDIVISION CONTRACTOR AND PRIVATE SIDE OR BACK YARD SWALES SHALL BE BUILT BY THE HOME BUILDER.
3. HOME EQUIPMENT (I.E. AC UNITS) SHALL NOT HINDER THE PROPER INSTALLATION AND / OR FUNCTION OF THE SIDE YARD SWALES.
4. LOTS WILL NOT UTILIZE RETAINING WALLS OR OTHER METHODS OF FILL IN THE REAR THAT WILL BLOCK OFFSITE DRAINAGE.
5. ALL LOTS ARE ABLE TO ACCOMMODATE A SLAB FOUNDATION.
6. FINISHED FLOOR ELEVATIONS SHALL BE SET A MINIMUM 8 INCHES ABOVE THE ADJACENT TOP OF CURB ELEVATION OR TOP OF REAR YARD CONVEYANCE SWALE ELEVATION UNLESS MORE RESTRICTIVE BUILDING CODES OR FLOOD ZONE RESTRICTIONS APPLY.
7. POSITIVE OUTFALL FOR ALL LOTS OR PARCELS SHALL BE PROVIDED TO ELIMINATE NEGATIVE IMPACTS TO ADJACENT LOTS AND PROPERTIES.
8. DISTURBED RIGHT-OF-WAY AREAS SHALL BE STABILIZED WITH HEALTHY GROWTH OF GRASS PRIOR TO RECEIVING COUNTY ACCEPTANCE.
9. DISTURBED AREAS NOT PAVED SHALL BE STABILIZED WITH A HEALTHY GROWTH OF GRASS.
10. DISTURBED LOT AREAS SHALL BE COMPLETELY STABILIZED WITH SOD.
11. FINISHED GRADES SHALL SLOPE FROM THE FOUNDATION 6 INCHES WITHIN 10 FEET (5% GRADE), INCLUDING SIDEWALKS, PATIOS AND DRIVEWAYS AND THEN SLOPED AT A MINIMUM 1/16" INCH PER FOOT (0.5% GRADE) TO A POSITIVE OUTFALL TO COMPLY WITH CURRENT BUILDING CODES PER LDC 4.0206-D. THE MINIMUM FINISHED FLOOR ELEVATION FOR LOTS SHALL TYPICALLY BE 8 INCHES (SODDED AROUND BUILDING) OR 10 INCHES (UNSODDED) ABOVE FINISHED GRADES OF LOTS, UNLESS OTHERWISE DICTATED BY FLOOD ZONE.
12. THE ENGINEER OF RECORD CERTIFIES THAT THIS DEVELOPMENT WILL NOT SIGNIFICANTLY IMPACT ADJACENT PROPERTIES OR AREA WIDE DRAINAGE SYSTEMS AND IS DESIGNED SO THAT NO PROPOSED OR ADJACENT LOTS OR PROPERTIES WILL FLOOD DURING A 100-YEAR RAINFALL EVENT.
13. A MINIMUM ONE (1) FOOT GROUND COVER IS REQUIRED FOR ALL UNDERGROUND PIPES.

RESOLUTION R2019 - 92

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, ADOPTING CERTAIN FEES FOR DEVELOPMENT SERVICES; PROVIDING FOR SEVERABILITY; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners is authorized under Chapter 125, Florida Statues, to provide certain functions and activities through its Development Services Department for the benefit of the citizens of Escambia County;

WHEREAS, the Board of County Commissioners previously adopted Resolution 2007-159, Resolution 2011-128 and Resolution 2016-17, which established a schedule of fees for certain functions performed by its Development Services Department;

WHEREAS, the Board of County Commissioners has determined that it is appropriate to adopt alternative procedures for opting out of the Sector Plan, including but not limited to options that would allow for a reduction in opt-out fees, simultaneous opting out of multiple parcels, and expedited processing where possible; and

WHEREAS, it has been concluded by the Board of County Commissioners that in order to provide adequately for the health, safety, and welfare of the residents of Escambia County, the fee schedule and related provisions established herein are now in the best interest of the County.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AS FOLLOWS:

Section 1. Recital. The above recitations are true and correct and are hereby adopted.

Section 2. Fee Adoption. That the Board of County Commissioners shall adopt the fees and the provisions contained therein for certain Development Services functions.

EXHIBIT E

The fee schedule and the pertinent provisions are attached and incorporated as Exhibit "A" to this Resolution.

Section 3. Severability. If any section, sentence, clause, or phrase of this Resolution is held to be invalid or unconstitutional by any Court of competent jurisdiction, then said holding shall in no way effect the validity of the remaining portions of this Resolution.

Section 4. Effective Date. This Resolution shall take effect immediately upon adoption by the Board of County Commissioners.

Opt-Out Process Timeline

- These types of requests are legislative in nature and will be processed accordingly within the provisions as established within the Land Development Code and the Comprehensive Plan of Escambia County, Florida.

- Once the application has been submitted to the County with all the required documents, including any analysis, reports and payment of fees, staff shall move with deliberate action and speed in order to get the "opt-out request(s)" heard at the next regularly scheduled Planning Board meeting, contingent upon the County's ability to first comply with all public notification requirements.

- Property Owners and/or Agents for Property Owners have the responsibility of ensuring accuracy of all submittal packets. Failure to submit the necessary documents can result in a delay in moving the specified request to the next regularly scheduled meeting of the Planning Board.

- **If a rezoning request is also submitted, staff will act in accordance with F.S 163.3184(12) "Concurrent Zoning." This provision of law gives the local government the authority to hear a rezoning request at the transmittal hearing for a request for amendment to the Comprehensive Plan. The zoning change would be contingent upon the review and approval of the requested Comprehensive Plan amendment.**

BCC Regular Meeting

Action

Meeting Date: 09/19/2019

Issue: Action Item - Fee Resolution for Opting-Out of the Mid-West Escambia County Sector Plan

From: HORACE JONES, Director

Organization: Development Services

RECOMMENDATION:

Recommendation Concerning a Resolution Providing for Certain Reduced Fees and Other Provisions Related to Opting Out of the Mid-West Escambia County Plan.

That the Board review and adopt the fee schedule and the pertinent provisions contained therein and attached as Exhibit "A" to the Resolution.

BACKGROUND:

The Mid-West Escambia County Sector Plan was established in accordance with Florida Statutes 163.3245. This statute authorizes one or more local governments to engage in long-term planning for a large area, addressing regional issues through adoption of Detailed Specific Area Plans (DSAPs) within a planning area. In accordance with Section 2-7.4 of the Land Development Code and its applicable provisions, the adopted Escambia County Comprehensive Plan 2030 provides guidelines for removing properties from an approved DSAP in Chapter 16, FLU 16.6.1.V.

The Board has determined that it is appropriate to adopt alternative procedures for opting out of the Sector Plan, including but not limited to, options that would allow for a reduction in opt-out fees, simultaneous opting out of multiple parcels, and expedited processing where possible.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Resolution.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Resolution has been reviewed and approved for legal sufficiency by Kia Johnson, Assistant County Attorney. Any recommended legal comments are attached

herein.

PERSONNEL:

No additional personnel are required for implementation of this Resolution.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Resolution is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

WEST KINGSFIELD ROAD

ROADWAY SAFETY EVALUATION

ESCAMBIA COUNTY
OFFICE OF TRANSPORTATION & TRAFFIC OPERATIONS

WEST KINGSFIELD ROAD TRAFFIC SAFETY EVALUATION

This evaluation is performed at the request of the District 5 County Commissioner's Office to determine what if any recommended measures can be taken to address roadway safety and potentially increasing traffic volumes.

Executive Summary of Findings West Kingsfield Road (CR99 – CR97):

- Roadway has limited right of way availability and based on the existing volume and speed of traffic is deficient in the overall widths of shoulders, road surface and travel lanes per AASHTO (*American Association of State Highway and Transportation Officials*) standards.
- Immediate improvements on the existing condition of roadway surface, traffic control devices and road shoulder elements should be implemented to address current safety concerns.
- Intermediate and long term improvements should be considered to further address safety concerns and bring roadway up to design standards.

Recommendations:

- Immediate
  - Replace / repair damaged or missing traffic control signs.
  - Add additional curve delineation signs and reflective pavement markers where warranted.
  - Refurbish stop bars at terminal intersections and centerline markings in turns where warranted.
  - Reduce overgrowth in right of way where needed.
  - Patch / repair asphalt as needed to the extent practical.
  - Request targeted enforcement of Truck Prohibition.
- Intermediate
  - Resurface and restripe entire roadway.
- Long Term
  - Provide 22' wide roadway with 6' shoulders.

WEST KINGSFIELD ROAD TRAFFIC SAFETY EVALUATION

Background: The purpose of this report is to document a traffic safety evaluation of West Kingsfield Road. This evaluation is performed at the request of the District 5 County Commissioner's Office to determine what if any recommended measures can be taken to address roadway safety and potentially increasing traffic volumes. This resulting study and report was performed and prepared by Escambia County Office of Transportation & Traffic Operations' staff.

FINDINGS

Roadway Characteristics:

- Runs east-west located between CR97 and CR99 (Beulah Road).
- Classified as a Local Roadway with predominantly Rural characteristics.
- Asphalt roadway accommodating 2-way traffic. Width of asphalt is approximately 18' with travel lanes varying 8' – 9' located within a 40' wide right of way.
- Roadside clear zone availability varies 1' – 8' with typical encroachments being trees, mailboxes, power poles, ditches and ditch banks.
- Adjacent land use is agricultural and rural residential. Adjacent lands are zoned low and medium density residential, low density mixed use, and agricultural.
- Daily Traffic Volumes on West Kingsfield Road averaged approximately 640 vehicles per day on the west end near Beulah Road and approximately 1,170 vehicles per day on the east end near CR97.

WEST KINGSFIELD ROAD TRAFFIC SAFETY EVALUATION

FINDINGS (continued)

Traffic Control:

- Intersection Control - Traffic traveling West Kingsfield Road is required to stop and yield right of way to traffic traveling on CR99 (west end) and CR97(east end), with both intersections being controlled by stop signs. All interior public side streets are required to yield right of way to traffic traveling West Kingsfield Road and are controlled by stop signs. All intersecting private roads and driveways are required to yield right of way to traffic on West Kingsfield Road per Florida Statute.
- Speed Zoning - The majority of the roadway is posted at 35 miles per hour with the exception of a 1,000' section located between Tobie Dean Road and Racer Lane which is posted 30 miles per hour.
- Truck Prohibition – The entire roadway is under Truck Prohibition.

Roadway Conditions:

- Asphalt surface is in fair – poor condition displaying many areas where alligator cracking is prevalent and in most areas roadway edges are broken up.
- Traffic Control Devices
    - Striping and pavement Markings
        - Condition of existing edgeline striping is predominantly poor – obliterated / non-existent.
        - Condition of centerline striping is fair in tangent sections but obliterated in the turns located on the eastern portion of roadway.
        - Stop bars at terminal intersections in poor condition.
    - Traffic Control Signs
        - Some signs discovered to be missing.
        - Many signs were observed having bullet holes.
- Road Shoulders
    - Available, usable road shoulders vary from 1'- 8' and in many locations offer little or no obstruction free areas for errant vehicles to navigate. The close proximity of trees to edge of roadway in several locations is problematic as limbs grow into travel lanes and obstruct traffic signs in addition to being crash hazards.

WEST KINGSFIELD ROAD TRAFFIC SAFETY EVALUATION

FINDINGS (continued)

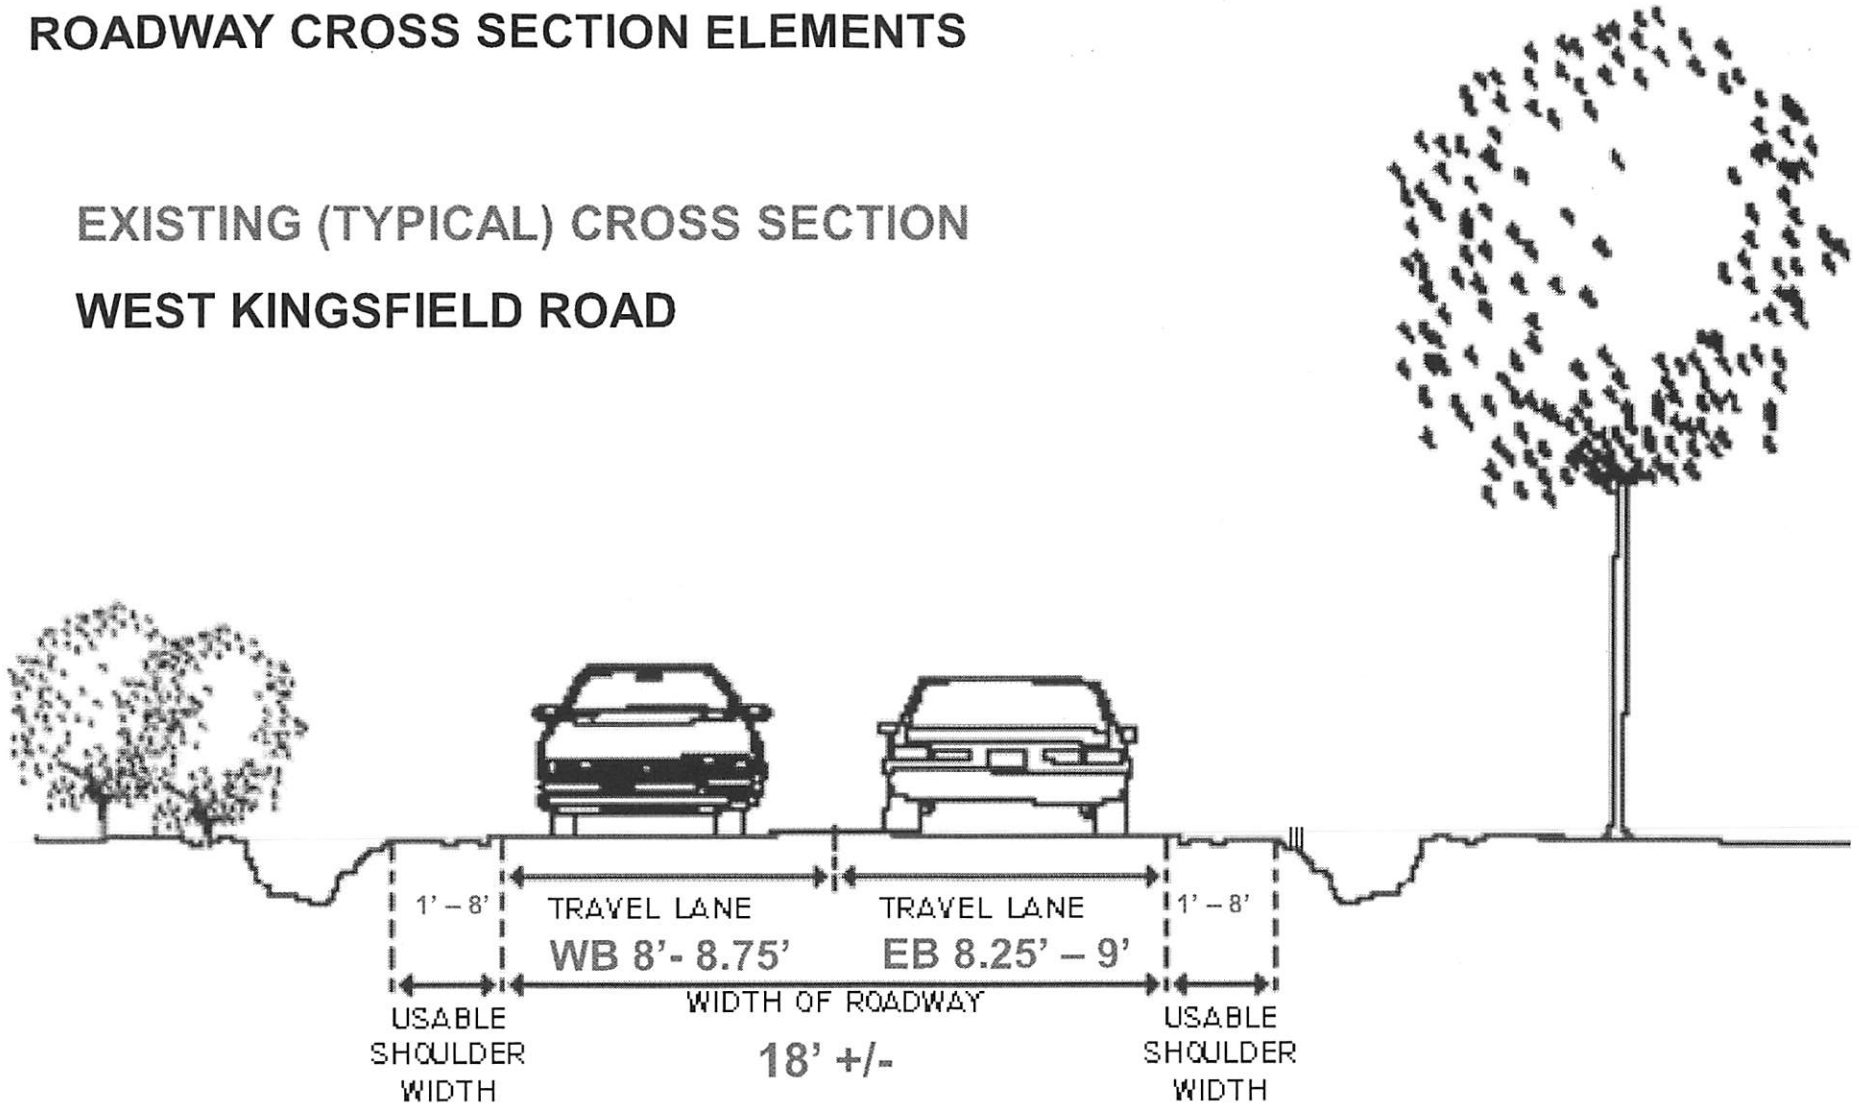
Roadway Conditions (continued):

- Horizontal Curvature West Kingsfield Road west of Tobie Dean Road displays 2 curves with deflections of 130 and 140 degrees. East of Tobie Dean Road presents a series of 4 turns with deflections ranging from 70 to 90 degrees.

Crash History for 6 year period Jan. 2011- Dec 2016:

- 18 reported crashes.
  - Average Frequency = 3 per Year / 1 per every 4 months / 122 days
  - Annual Totals – 2011(5), 2012(2), 2013 (4), 2014 (3), 2015 (2), 2016 (1)
  - Crash Type Distribution:
    - Single Vehicle Run Off Road (12) 67%
    - Side Swipe (4) 23%
    - Angle (1) 5%
    - Head On 1) 5%

CONSIDERATIONS AND CONCLUSIONS



Although overall traffic volumes are relatively low on West Kingsfield Road, field observations strongly suggest that this roadway is subject to a large percentage of non-local traffic using this roadway as a direct route between CR97 and CR99. Also based on observation it is evident that a large portion of the non-local volume is using this as a route to access the landfill and many of these vehicles are in violation of the truck prohibition.
Existing roadway, travel lane and shoulder widths are all deficient per AASHTO standards for the existing traffic volumes and speeds of traffic. This deficiency contributes to the high percentage of 'run off road' type crashes. Under existing conditions efforts focused at providing good roadway delineation, maintaining overgrowth and providing regulatory enforcement should be taken however future improvements toward bringing the roadway up standards should be considered.

Removal of Parcel from the Optional Sector Plan (amending map)
and assignment of a new Future Land Use Category
Staff Analysis

General Data

Project Name: OSP 2019-01

Location: 1877 & 2000 Blk W. Kingsfield Rd

Parcel #s: 30-1N-31-2203-000-000; 30-1N-31-2203-000-005

Acreage: 22.3 (+/-) acres

Request: Opt-out of the Sector Plan and assign Future Land Use category

Current Zoning: Low Density Residential district (LDR)

Future Land Use Requested: Mixed Use Suburban (MU-S)

DSAP Land Use: Conservation Neighborhood (Muscogee DSAP)

Applicant: Frank and Elizabeth J. Westmark, Agent for Sandra Crosby, Owner

Meeting Dates: Planning Board: February 4, 2020

BCC: March 5, 2020

Site Description and Summary of Proposed Amendment:

The property owner is requesting two parcels be removed from the Escambia County Mid-West Sector Plan (SP), in the Muscogee Detailed Specific Area Plan (DSAP). Within the DSAP, the existing land use for the parcels is Conservation Neighborhood with a maximum residential dwelling of 3 du/acre.

The request is to assign a Future Land Use (FLU) designation of **Mixed-Use Suburban (MU-S)** to the parcels with no future development proposed at this time.

According to the Escambia County Property Appraiser, one parcel is vacant and the other contains a single-family residence, both parcels total 22.3 +/- acres.

Standard Map Amendment Criteria

1. Availability of Facilities and Services:

The availability of public facilities and services are necessary to accommodate existing and future development, to promote orderly growth within areas best suited to

accommodate development, protect sensitive natural resource systems and rural and agricultural areas. All level of service (LOS) standards are evaluated for compliance during the review processes stated in the Land Development Code (LDC) for proposed development.

A. Sanitary Sewer

Ensure the safe and efficient provision of wastewater services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

CP Policy INF 1.1.7 Level of Service (LOS) Standards*. Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

CP Policy INF 1.1.11 Required New Service Connection*. All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

Analysis: The applicant stated at least one of the parcels had a septic tank with no mention of available sewer connection in the area. Once a project is proposed and application submitted to the County, such proposal must identify the providers for sanitary sewer, and any residential development will be reviewed and must receive approval thru the Site Plan Review process.

B. Solid Waste Disposal

Ensure the safe and efficient provision of solid waste services through coordination with service providers, maximized use of existing landfill facilities, maintenance of appropriate levels of service, promotion of recycling and reuse, and protection of natural resources.

CP Policy INF 2.1.2 **Perdido Landfill Operation.** Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.

CP Policy INF 2.1.4 **Level of Service (LOS) Standards.** The LOS standard for solid waste disposal will be 6 pounds per capita per day.

Analysis: Escambia County continues to maintain its adopted solid waste LOS commitments. The Department of Waste Services reported in its 2018 solid waste LOS analysis that the current build-out for disposal at the Perdido Landfill will provide solid waste disposal capacity through 2045. Based on the application submitted, there are no plans for development of these parcels and if development approval is requested, the application must identify the providers for solid waste disposal and be reviewed thru the Site Plan Review process.

C. Potable Water

Ensure the safe and efficient provision of potable water services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, water conservation, and protection of natural resources.

***CP Policy* INF 4.1.1 Service Agreements.** Potable water service will be provided at established levels of service within Escambia County consistent with the Interlocal Agreement between the County and ECUA, the Escambia County Utilities Authority Act, and franchise agreements between Escambia County and other water service providers that were in operation on August 1, 1981.

CP Policy INF 4.1.6 Developer Responsibility. The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.

***CP Policy* INF 4.1.7 Level of Service (LOS) Standards.** The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.

Analysis: Potable water is supplied to the DSAP's by four separate utility providers: Cottage Hill, Emerald Coast, Farm Hill, and Molino Utilities. Although the applicant did not provide documentation confirming available potable water service, treatment, pumping, and distribution to the site, based on public records, Farm Hill Utilities services these parcels. Once a project is proposed and application submitted to the County, such proposal must identify the providers for such services. Any future development request will be reviewed and must receive approval thru the Site Plan Review process.

D. Stormwater Management

Ensure the safe and efficient provision of stormwater management through maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

CP Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.*

CP Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

Analysis: There is no proposed development at this time, however assuming there could be more dwelling units which equates to more impervious cover, it may affect stormwater management and must meet the current standards of the LDC. Compliance with adopted stormwater management provisions that implement these policies would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use.

E. Traffic

Continue to provide a safe, convenient, efficient and cost-effective multimodal transportation system and roadway network for present and future residents.

CP Policy **MOB 1.1.1 Level of Service (LOS) Standards.** Levels of Service (LOS) will be used to evaluate facility capacity. Escambia County will adopt LOS standards for all roadways as indicated in the LDC. The standards for Strategic Intermodal System (SIS) facilities may be revised based on changes to the federal classification of these roadways. These standards are not regulatory but provide a basis by which the County may monitor congestion and coordinate needed improvements with FDOT.

CP Policy **MOB 1.1.2 On-site Facilities.** All new private development will be required to provide safe and convenient on-site traffic flow as indicated in the LDC.

MOB 1.1.7 Access Management. Escambia County will promote access management by limiting the number of conflict points that a motorist experiences during travel, separating conflict points as much as possible when they cannot be eliminated, and controlling the turning movements to facilitate traffic flow on affected roadways.

Analysis: The applicant stated there is no proposed development for this parcel at this time. Any development application for the location will require submittal, review and approval thru the Site Plan Review process

F. Recreation and Open Space

The purpose of the Recreation and Open Space Element is to ensure adequate recreational opportunities for the citizens of Escambia County through the provision of a comprehensive system of public and private park facilities. These facilities may

include, but are not limited to, natural reservations, parks and playgrounds, trails, beaches and public access to beaches, open spaces, and waterways.

Analysis: Open space is a development principle in the Sector Plan. Open space plays an integral role in all neighborhoods, both as a recreation opportunity as well as organizing elements and focal points for the communities. At the current time there is no proposed development for these parcels, however in the future any development must go through the Development Review process and meet all standards for Recreation and Open Space.

G. Public School Facilities

***CP Policy* ICE 1.1.2 Interlocal Agreements.** Escambia County will implement adopted interlocal agreements with the Escambia County School Board, the City of Milton, the City of Pensacola, the City of Gulf Breeze, and Santa Rosa County so as to provide for coordination and evaluation of development proposals that affect the bays, bayous, sound, or gulf (including estuaries and estuarine systems).

Analysis: Based on the public records of Escambia County, the assigned schools that service this area are Kingsfield, Ransom and Tate. At the time of application, no development is proposed, however any increase in density may have an effect on student population projections, requiring the plan to be reviewed and approved thru the Site Plan Review process.

2. <u>Impact on Natural Resources</u>

A. Wellheads

CP Policy CON 1.4.1 Wellhead Protection. Escambia County will provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions will establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.

Analysis: Based on the Geographical Information System (GIS) layer, the subject parcels are not located in a wellhead protection area.

B. Historically Significant Sites

CP Policy FLU 1.2.1 State Assistance. *Escambia County will utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archeological and/or historic sites or structures within the County and will utilize guidance, direction, and technical assistance received from this agency.*

Analysis: The applicant did not provide any documentation of a request made to or response received from the Florida Master Site File, Division of Historical Resources regarding whether there are any previously recorded resources within the parcels.

Once a project is proposed and application submitted to the County, such proposal will be reviewed and must receive approval thru the Site Plan Review process.

C. Natural Environment

CP Policy CON 1.1.2 Wetland and Habitat Indicators. *Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC) LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.*

CP Policy CON 1.1.6 Habitat Protection. *Escambia County will coordinate with the FDEP, FFWCC, and other state or federal agencies so as to provide the fullest protection to marine or wildlife habitats that may be impacted by existing or proposed development within the County.*

CP Policy CON 1.3.1 Stormwater Management. *Escambia County will protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater management facilities concurrent with the demand for such facilities.*

CP Policy CON 1.3.6 Wetland Development Provisions. *Development in wetlands will not be allowed unless sufficient uplands do not exist to avoid a taking. In this case, development in wetlands will be restricted to allow residential density uses as indicated by the LDC.*

CP Policy CON 1.6.3 Tree Protection. *Escambia County will protect trees through LDC provisions.*

Analysis: *At this time there is no development proposed on the subject parcels. Once a project is proposed, the application will be reviewed and must receive approval through the Site Plan Review process.*

3. **Comprehensive Plan requirements for changes to an existing DSAP.**

OBJ FLU 16.6 Specific Area Plans

Changes to an Existing DSAP: Any addition or deletion of property or changes to the neighborhood, center or district boundaries in an approved DSAP shall follow the County's established processes. It shall include an evaluation and analysis of the impacts to the approved or planned land uses and the ability of the proposed amendment to meet the principles and guidelines outlined in this plan. Such additions or deletions shall not be designed to create remnant areas or fragmented DSAPs.

Evaluation and Analysis. *The primary component of a DSAP is a land use plan. This plan is comprised of a land use map, depicting the distribution, extent and location of land uses, and a development program identifying the permissible densities and*

intensities of these various uses. In combination, these items form the basis from which a detailed analysis of DSAP impacts may be calculated. There are two DSAP land use plans, Muscogee DSAP and Jacks Branch, that capture the consensus long-term vision for the area. Both DSAPs were assigned development types and associated densities based on the proportionate share of the overall sector plan.

The total developable land under the Muscogee DSAP, located in the southern section of the SP, is approximately 3,380 acres; under the Jacks Branch DSAP, located in the northern section of the SP, the total developable land is approximately 5,231.70 acres, as can be identified in Figure 2.01A, Attachment A.

The subject parcels are in the southeast area of the Muscogee DSAP with access from Kingsfield Road. Analysis of the areas under the DSAP land use plan designated these two parcels as being Conservation Neighborhood. If approved, the requested removal of the parcels **would create** a remnant area in Section M-26, with 7 parcels that will be isolated from the rest of the DSAP.

4. Parcel size in relation to the individual DSAP land use category and in relation to the overall Sector Plan, and the aggregate acreage of any granted opt-outs.

The total developable acreage in the entire Sector Plan is 8,611.80 acres. Based on staff calculations utilizing data from Section 2.02 of the DSAP document, the parcels totaling 22.3+/- acres, represent 0.25% of the existing developable acreage of the entire **Sector Plan.**

Under Section 2.02 Development Program calculation tables, (page 34 of the DSAP) the total residential developable acreage of the **Muscogee DSAP** under the Conservation Neighborhood Land Use is 1,289.90 acres. Removal of the applicant's 22.3 acres will result in a **1.73% decrease** in the total residential developable acreage.

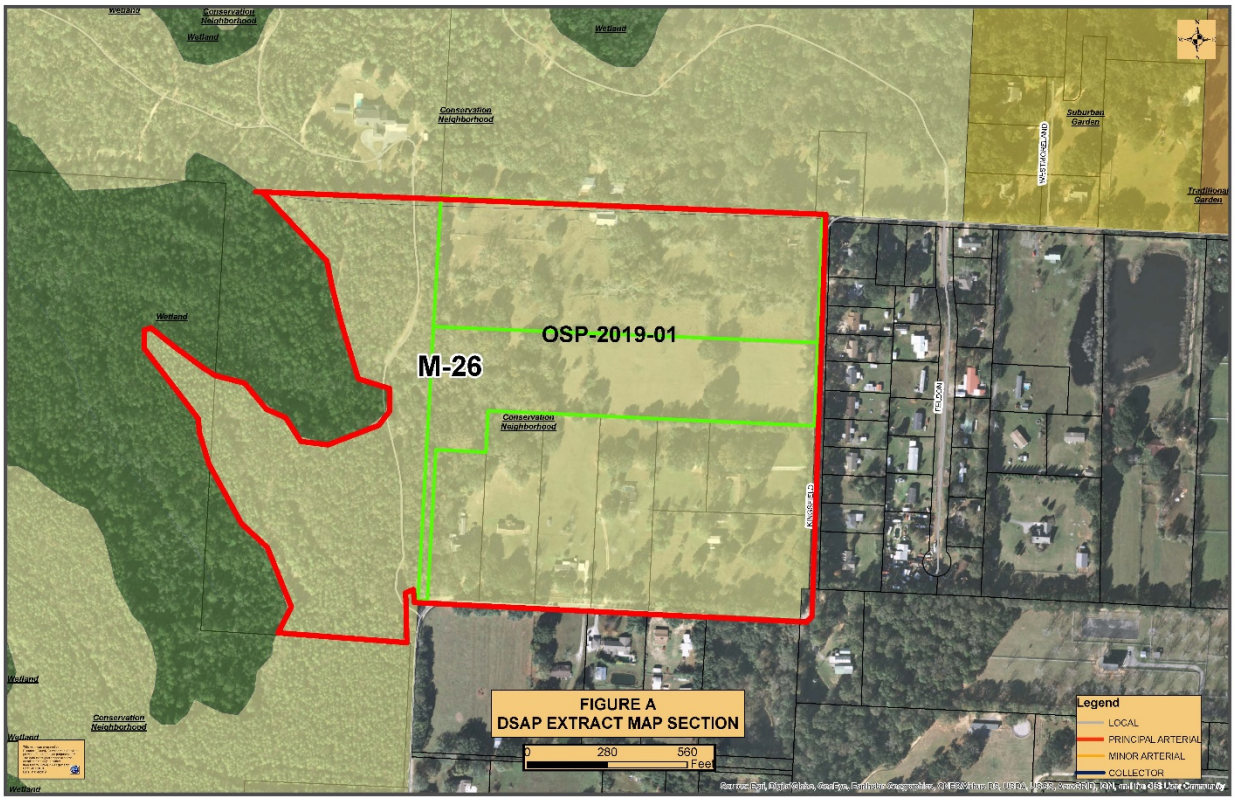

Figure A

The specific Muscogee DSAP Land Use for parcels in sections M-26 (Figure A) is identified as **Conservation Neighborhood** with total dwelling unit development allowances assigned as follows:

M-26 section total development acreage 60.8 acres-
-low density x (0.1) yielding a total density of 6 dwelling units
-medium density x (1) yielding a total density of 60 dwelling units
-high density x (3) yielding a total density of 182 dwelling units

Derived from the analysis of the baseline data we can identify the following trends:

M-26 section
a. the applicant's parcel area represents 36.6% of the total developable area.
b. removal of the applicant's +/-22.3 acres from the total developable acreage for section M-26, will result in a reduction of 66.9 total dwelling units under the high-density allocation.

This is the **second Opting-Out request** submitted to and processed by County staff. If approved, the total Sector Plan aggregate acreage will be **30.97.**

The original Sector Plan profile identified approximately 15,000 acres of land, the availability of infrastructure and public services and the protection of natural resources; the calculations used to complete the maximum development scenario for the Plan were specific and resulted in a **balanced jobs-to-housing ratio**. Changes to or variations of any of the original data used for the plan could hinder the balance and the viability of attaining the SP goals and objectives.

Assuming a maximum theoretical buildout under the mixture of uses, the DSAP area would produce approximately 27,145 jobs. When analyzed using the maximum residential build-out of 23,000 dwelling units, the result, is a jobs-to- employed residents' ratio of **1.18**. It should be noted that although there is no single perfect ratio, an area is generally considered to be "balanced" if it has a jobs-to-housing ratio of roughly **0.8 to 1.2.** If the proposed amendment is approved the resulting **job-to-housing ratio will be 1.18.**

5. The existing transportation infrastructure and any effect the proposal may have on the capacity of that infrastructure.

TTO Staff has reviewed the Sector Plan Opt-Out Case OSP-2019-01, 200 Block of Kingsfield Road (parcels 301N312203000000 & 301N312203000005), agenda item for the Planning Board meeting scheduled for February 4, 2020. Please see the below comments.

The property in question has frontage on (CR 186) Kingfield Road. Kingsfield Road is a two-lane undivided facility without paved shoulders. The approximate pavement width for this segment of the roadway is 18 feet, with right-of-way at 30 feet. The posted speed is 35 MPH.

The County has an active project in design "Kingsfield Road Extension Project" that will reconstruct the existing roadway from Hwy 97 west to the first 90-degree curve, as well as construct a new 2-lane roadway further west to connect to the eventual Beulah Interchange Connector Project. The County has reached 60% design and is in the right-of-way phase. Construction phase will follow design and right-of-way phases, once the necessary funding has been identified.

Per the TPO's Congestion Management Process Plan, this section of Kingsfield Road does not have a formal roadway classification; however, the County considers its function as a local collector roadway. The County performed traffic counts on this portion of W. Kingsfield Road in 2017. The daily volume was recorded as 641 near Beulah Road and 1,168 just west of Highway 97. This segment of the roadway is functioning within its allowable capacity.

TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

6. <u>The underlying zoning district and the compatibility with the surrounding DSAP Land Use designation.</u>

The existing parcel is currently zoned Low-Density residential (LDR). If removed from the SP, the following range of permitted uses are allowed under the existing zoning district:

Sec. 3-2.5 Low Density Residential district (LDR).

(a) Purpose. The Low Density Residential (LDR) district establishes appropriate areas and land use regulations for residential uses at low densities within suburban areas. The primary intent of the district is to provide for large-lot suburban type residential neighborhood development that blends aspects of rural openness with the benefits of urban street connectivity, and at greater density than the Rural Residential district. Residential uses within the LDR district are predominantly detached single-family dwellings. Clustering dwellings on smaller residential lots may occur where needed to protect prime farmland from non-agricultural use or to conserve and protect environmentally sensitive areas. The district allows non-residential uses that are compatible with suburban residential neighborhoods and the natural resources of the area.

(b) Permitted uses. Permitted uses within the LDR district are limited to the following:

(1) Residential.

a. Manufactured (mobile) homes only within existing manufactured home parks or subdivisions, or on land zoned SDD prior to adoption of LDR zoning. No new or expanded manufactured home parks or subdivisions.

b. Single-family dwellings (other than manufactured homes), detached and only one per lot, excluding accessory dwellings. Accessory dwellings only on lots two acres or larger. Attached single-family dwellings and zero lot line subdivision only on land zoned V-5 or SDD prior to adoption of LDR zoning.

c. Two-family dwellings and multi-family dwellings up to four units per dwelling (triplex and quadruplex) only on land zoned V-5 or SDD prior to adoption of LDR zoning.

See also conditional uses in this district.

(2) Retail sales. No retail sales.

(3) Retail services. No retail services.

(4) Public and civic.

a. Cemeteries, family only.

b. Public utility structures, excluding telecommunications towers.

See also conditional uses in this district.

(5) Recreation and entertainment.

a. Marinas, private only.

b. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) Industrial and related. No industrial or related uses.

(7) Agricultural and related. On land not zoned SDD prior to adoption of LDR zoning, agricultural production and storage is limited to food primarily for personal consumption by the producer. The following additional agricultural uses are allowed on lands zoned SDD prior to LDR zoning:

a. Agriculture, but no farm animals except horses and other domesticated *equines* kept on site, and stables for such animals, accessory to a private residential use with a minimum lot area of two acres and a maximum of one animal per acre.

b. Aquaculture, marine or freshwater.

c. Produce display and sales of fruit, vegetables and similar agricultural products.

d. Silviculture

The Escambia County Land Development Code defines compatibility as a condition in which land uses, activities or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use, activity, or condition is unduly negatively impacted directly or indirectly by another use, activity, or condition. The character and intensity of the LDR zoning district **is compatible** with the low densities in the Conservation Neighborhood.
The DSAP Land Use for the surrounding parcels is strictly Conservation Neighborhood; Conservation Neighborhoods are located greater than ½ mile from Town, Village and Neighborhood Centers and are typically located in more rural areas of the DSAP. They are subdivisions of clustered, single-family dwellings intended to:
• Establish a more efficient use of land and infrastructure, thereby reducing costs to taxpayers, residents and developers.
• Offer landowners alternatives to conventional, large-lot development and incentivize the conservation of natural resources.
• Create usable and accessible open space for use by neighborhood residents.
• Contribute to an overall, interconnected open space system which links individual neighborhoods to parks and other publicly owned landscape.

Based on the Residential Guidelines language, the Conservation Neighborhood Land Use is designed to allow clustered subdivisions of detached housing, with a maximum density of 3 dwellings units per net acre.

7. <u>The consistency of any requested Future Land Use designation with the underlying zoning.</u>

The requested **MU-S** FLU category **will be consistent** with the underlying zoning uses densities and intensities allowed by LDR. From the Escambia County 2030 Comprehensive Plan:

FLUM Mixed-Use Suburban (MU-S)

General Description: Intended for a mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses.

Range of Allowable Uses: Residential, retail sales & services, professional office, recreational facilities, public and civic, limited agriculture.

Standards:

Residential Maximum Density: 25 du/acre

Non-Residential Minimum Intensity: None
Maximum Intensity: 1.0 Floor Area Ratio (FAR)

Escambia County intends to achieve the following mix of land uses for new development within ¼ mile of arterial roadways or transit corridors by 2030:
a) Residential 8% to 25%
b) Public/Rec/Inst. 5% to 20%
c) Non-Residential:
Retail Service-30% to 50%
Office-25% to 50%

In areas beyond ¼ mile of arterial roadways or transit corridors, the following mix of land uses is anticipated:
a) Residential 70% to 85%
b) Public/Rec/Inst. 10% to 25%
c) Non-Residential 5% to 10%

8. Previous FLU designation

Prior to adoption of the DSAP, the FLU designation for this parcel was **MU-6 (area 4)** which limited residential dwelling units to **.50 dwelling per acre**.

9. Analysis to consider whether the applicant lost development rights or was effectively downzoned as part of the Sector Plan adoption.

Prior to the adoption of the Mid-West Escambia Sector Plan, the parcel was zoned Villages Rural Residential, VR-2 with a FLU of MU-6, Area 4. Based on historical data, under Chapter 7 of the 2020 Comprehensive Plan, Policy 7.A.4.7: Future Land Use Categories (Densities and Intensities), f. (6) MU-6, the average density for residential uses would have been **limited to .50 du/acre**.

Based on that existing data, **the residential development rights** for the parcel were in-fact **increased** by the adoption of the Sector Plan and the assignment of the Conservation Neighborhood Land Use under the DSAP, which has a designated residential development maximum allowance of 3 du/acre.

If approved, any future development associated with this parcel will be evaluated by the Development Review Committee, utilizing the current zoning regulations while at the same time addressing and minimizing any potential impacts that the proposed development could have on the characteristics of the existing low to mid-density residential development listed under the SP's Land Uses.

If approved, the SP boundary map will be adjusted accordingly, to reflect the removal of the parcel from the Plan. Attachment B.

If approved the parcels will be assigned the Future Land Use Category of MU-S as shown in Attachment C.

AI-17559 **Growth Management Report 14. 5.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 03/05/2020
Issue: 5:48 p.m. - A Public Hearing Concerning the Review of an Ordinance Removing a Parcel from the County DSAP and Assigning a Compatible FLU - OSP-2019-03
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:48 p.m. A Public Hearing Concerning the Review of an Ordinance Removing a Parcel from the Escambia County Mid-West Sector Plan and Assigning a Compatible Future Land Use to the Parcel - OSP-2019-03

That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Escambia County Mid-West Sector Plan, Final Land Use Plan, Figure 2.01.A, removing a parcel within Section 30, Township 1N, Range 31W, Parcel Number 2203-001-001, totaling 4.04 (+/-) acres, located on Kingsfield Road, from the Escambia County Mid-West Sector Plan; further amending Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; amending Chapter 7, "the Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, assigning a Future Land Use category to a parcel within Section 30, Township 1N, Range 31W, Parcel Number 2203-001-001, totaling 4.04 (+/-) acres, of Mixed-Use Suburban (MU-S).

This hearing is the first of two public hearings before the BCC.

BACKGROUND:

The property owner is requesting a parcel be removed from the Escambia County Mid-West Sector Plan (SP), in the Muscogee Detailed Specific Area Plan (DSAP). Within the DSAP, the existing land use for the parcels is Conservation Neighborhood with a maximum residential dwelling of 3 du/acre.

The request is to assign a Future Land Use (FLU) designation of Mixed-Use Suburban (MU-S) to the parcel with no future development proposed at this time.

According to the Escambia County Property Appraiser, the parcel contains a single-family residence, with total 4.04 (+/-) acres.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia M. Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

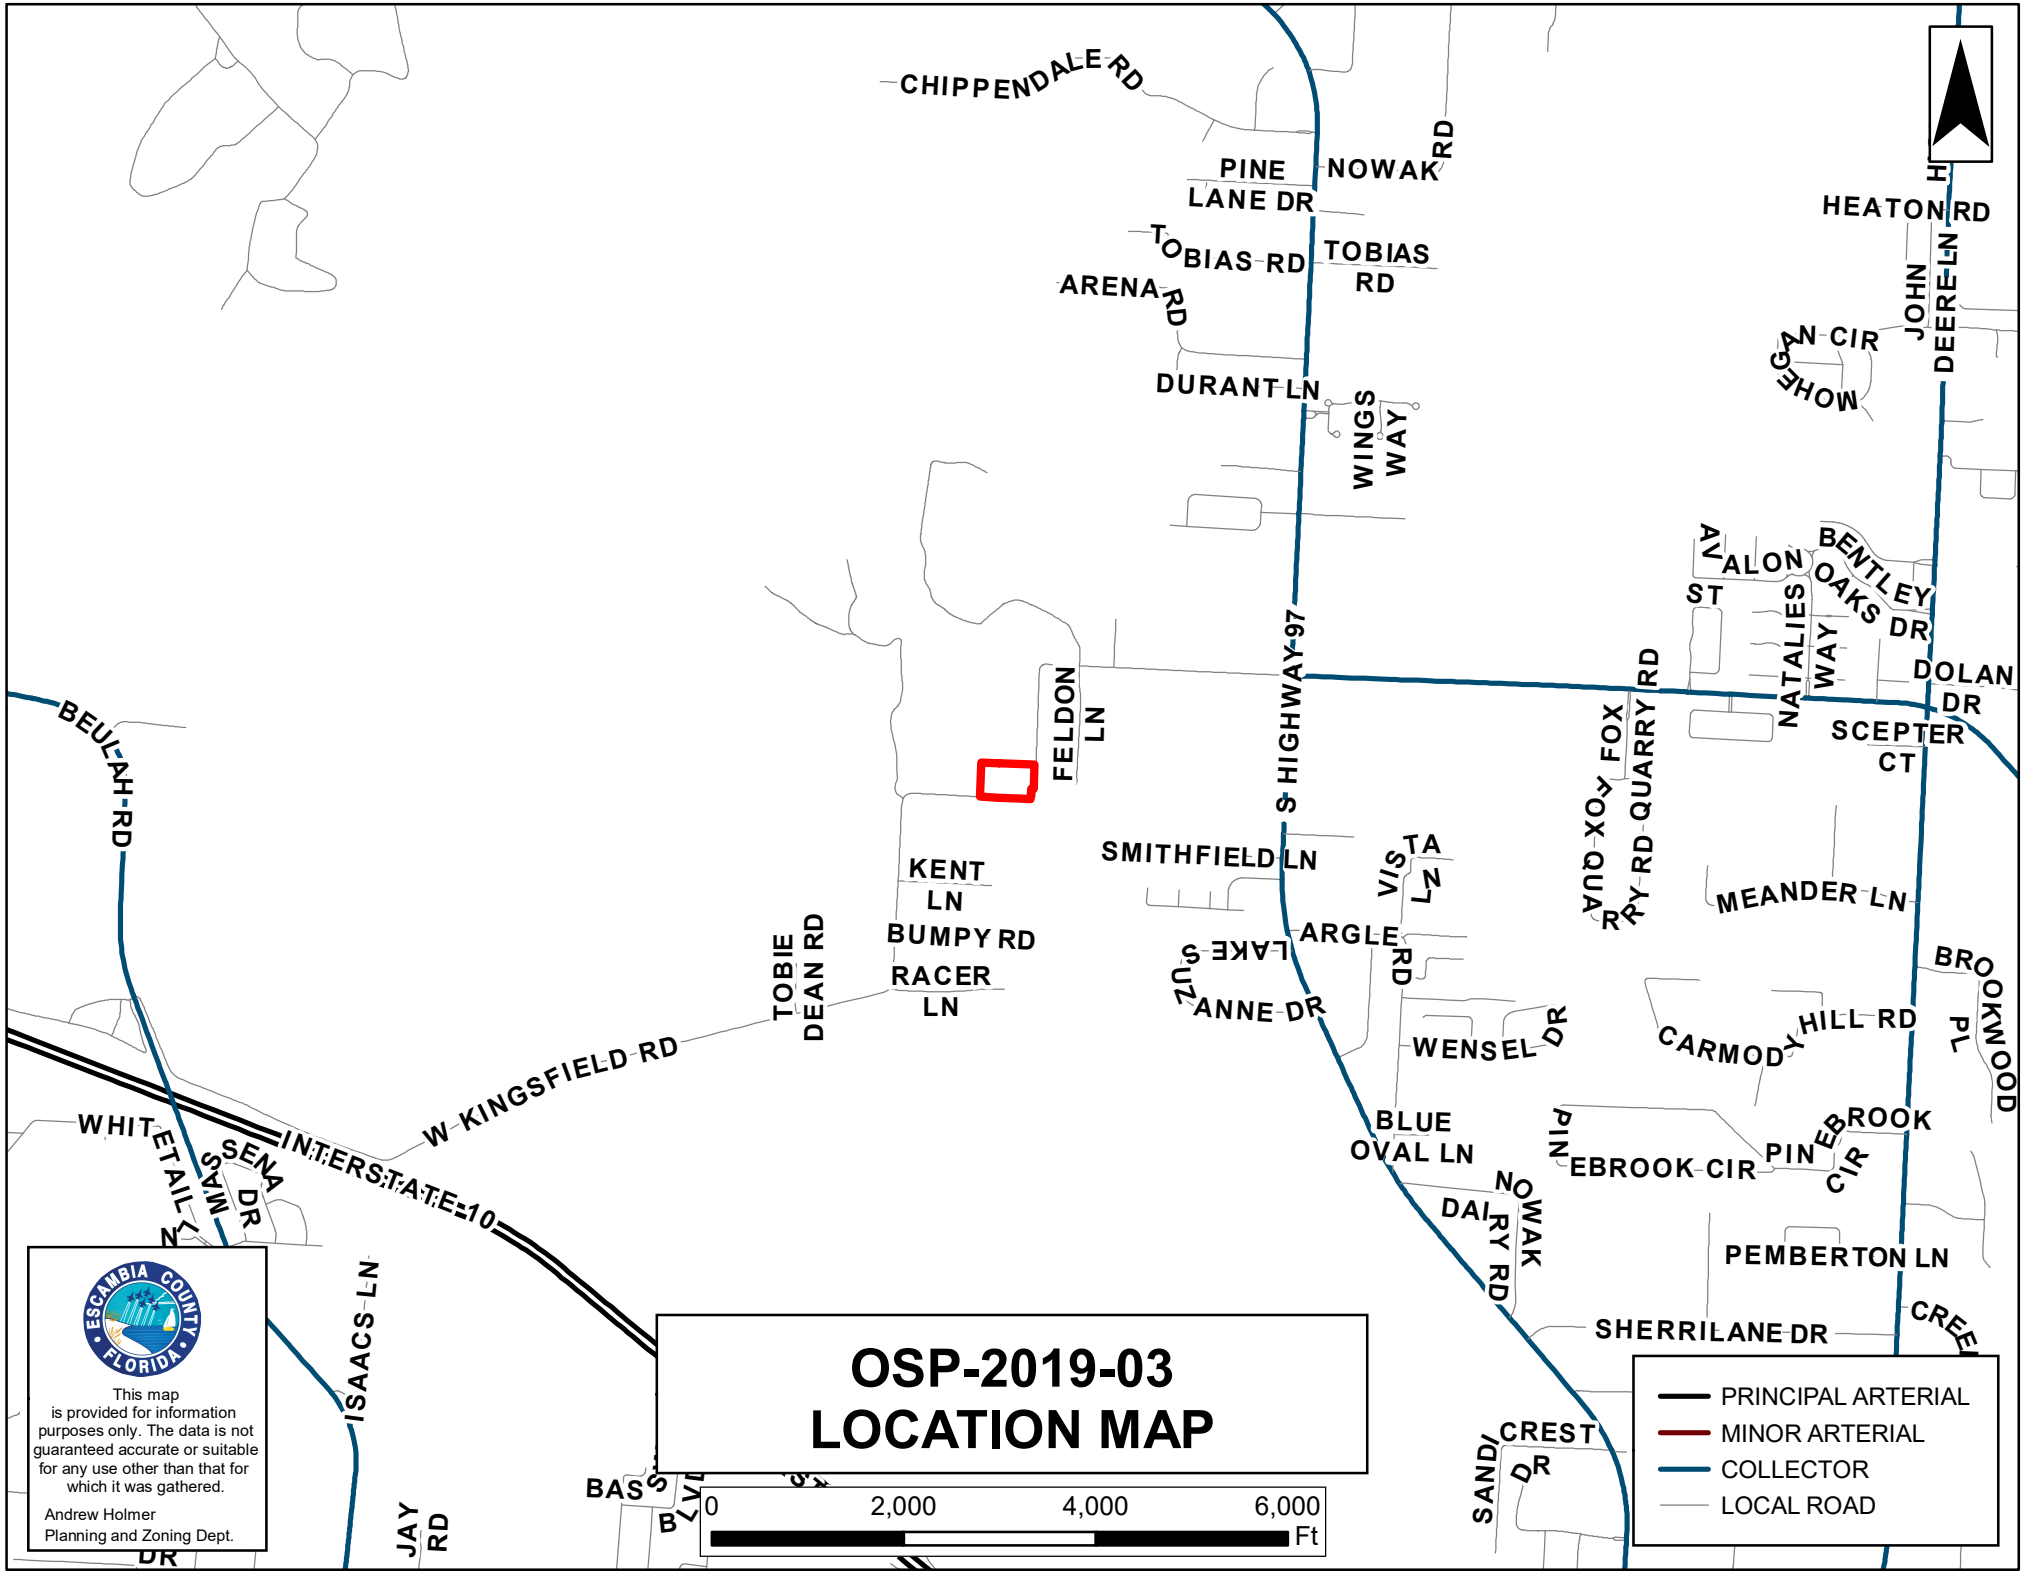
PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

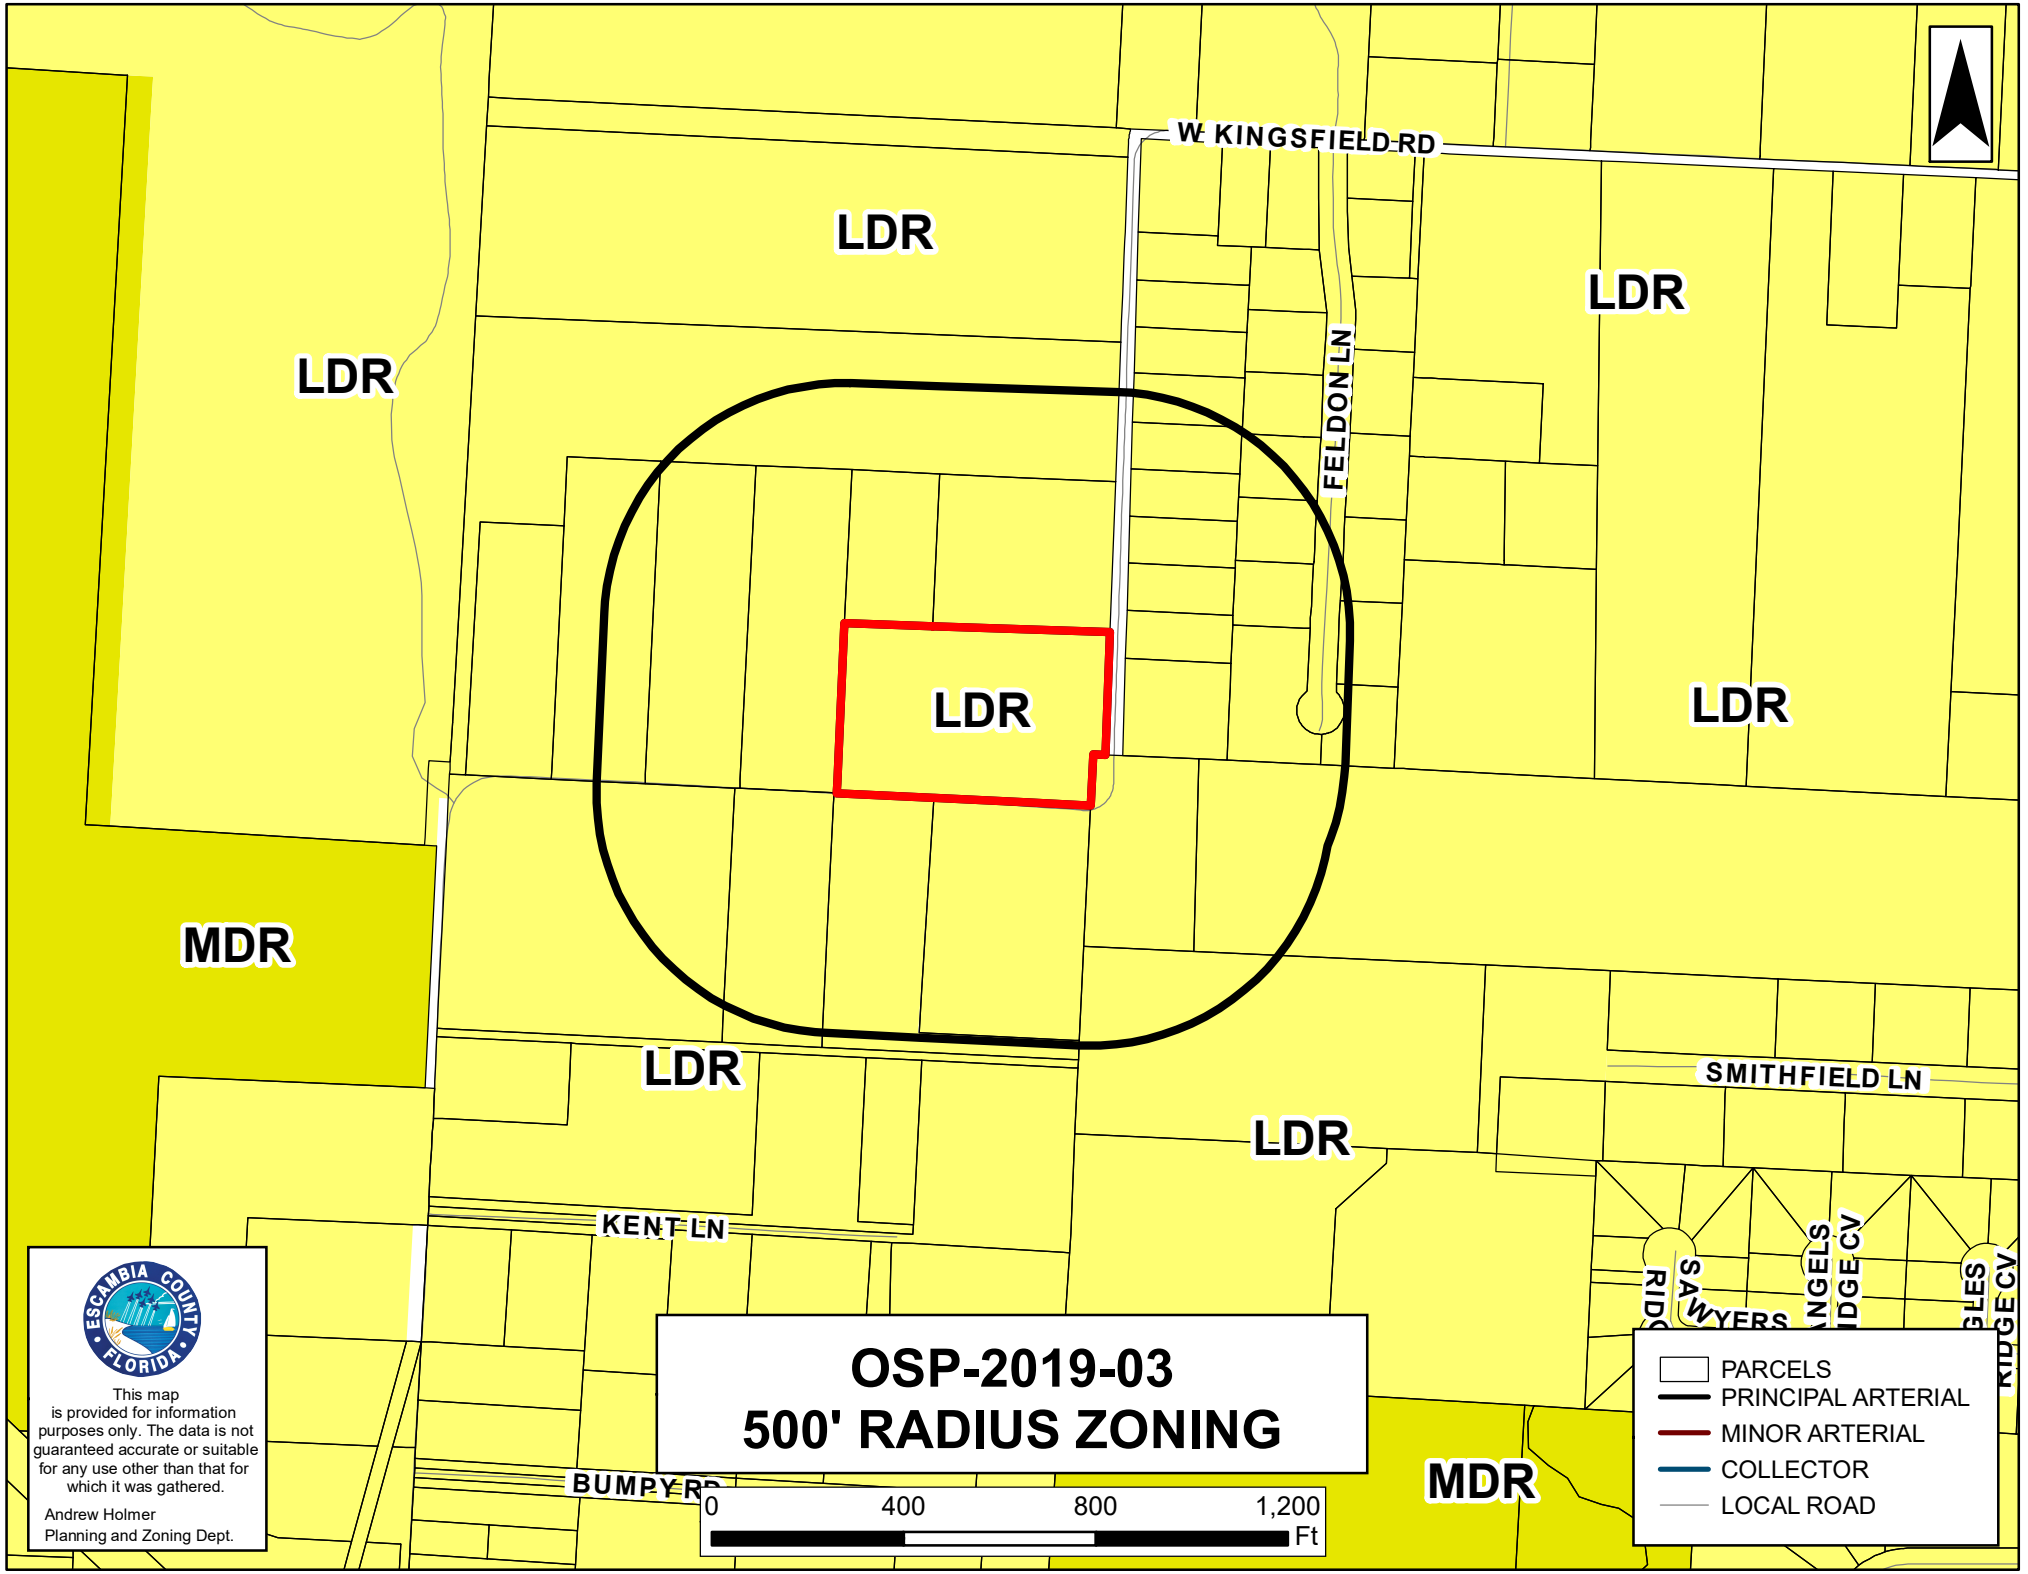
POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:



This Ordinance, assigning a new Future Land Use category and amending the Land Use Plan Map which is a part of the Mid-West Sector Plan will be filed with the Department of State following adoption by the board.



The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

Re: **Cecil D Arnold and Cynthia A Jolly, Owners**
Letter of Request to Opt-Out of the Escambia County Mid-West Sector Plan and Future Land Use Map Amendment
Parcel Reference 30-1N-31-2203-001-001 at 1900 W. Kingsfield Road

Dear Planning Board Members and Director Jones:

This letter supports our request that the above-referenced property be allowed to "opt out" of the Detailed Specific Area Plan (DSAP) otherwise known as the Escambia County Mid-West Sector Plan. If approved, the subject property will revert to its current underlying zoning of regular county LDR with the appropriate assigned Future Land Use (FLU) of Mixed Use-Suburban (MU-S). And that is the effective zoning and FLU we are applying for (application attached).

Our property is zoned regular county LDR as previously noted, which is what we want. But our effective zoning is Sector Plan LDR, or Conservation Neighborhood, which severely degrades our property use and value compared to the county standard LDR.

Members, Escambia County Planning Board
Mr. Horace L. Jones

It has been represented that the Sector Plan Conservation Neighborhood is comparable to county LDR. That is simply not true when applied to high value development property like ours.

Here are the stark differences:

One: The Dwelling Unit Reduction. County LDR allows four dwelling units per acre. Sector Plan LDR/Conservation Neighborhood arbitrarily shrinks the county standard by twenty-five percent (25%) to three dwelling units per acre, without providing any rational basis for the reduction.

A decade ago when the Sector Plan was conceived that probably wasn't an issue. With the rising cost of land, development infrastructure, and building construction, that could be an issue now depending upon physical characteristics of the property and its location.

Two: The 50% Rule. This provision requires the developed area of a proposed subdivision shall not exceed fifty percent (50%) of the gross land area of the site. In our case, where our property is approximately ninety percent (90%) buildable, that provision renders nearly half of our valuable property practically worthless for its highest and best use. The net effect is, in reality, a de facto taking without compensation.

Three: Open Space Design. This restriction reinforces the previous one. It states as follows: "At least fifty percent (50%) of the gross land area of the proposed subdivision shall be designated as undivided, permanently protected open space, managed for either agriculture or conservation purposes, and on which the underlying development rights of the open space have been severed through a legal instrument that runs with the land." (See EXHIBIT A – Escambia County Mid-West Sector Plan, Section 3.03 Conservation Neighborhood Guidelines pages 55, 56, and 57.)

None of these severely limiting restrictions apply to county LDR, nor do they appear anywhere else in the county's land development code, including medium and high density residential and other categories of zoning in the Sector Plan itself, all of which are comparable to regular county zoning.

Under these circumstances, no developer interested in making a profit is likely to pay top dollar for our property knowing full well he's got to give up development rights on a portion of it and face uncertainty about what he can do with the rest.

It is obvious that a basic competitive unfairness and inequity exists between property owners with county LDR and those with Sector Plan LDR/Conservation Neighborhood. That unfairness also acts as a strong deterrent to residential development in the Sector Plan. Since the

Sector Plan was approved eight years ago, there have been numerous residential developments in the area outside of the Sector Plan boundaries with dozens more in process. By contrast, during that time there has been only one approved subdivision in Sector Plan LDR/Conservation Neighborhood, and in that instance the developer found a way to extract value from a portion of the required "set-aside" property he was prohibited from developing to offset his costs of lost development rights.

There also exists a basic unfairness between property owners within the Conservation Neighborhood. For example, property owners with forty to fifty percent jurisdictional wetlands on their property are not required to give up any of their buildable land. The required conservation, or agricultural, component is already in place there due to God and the Environmental Protection Agency.

In other words, the highest value properties, like ours, are forced to bear the full burden of surrendering a portion of our valuable upland without compensation to accommodate perceived public interest that was not established by sufficient public input, hearings, proper legal notice and consent of the property owners. Virtually all of them are small landowners who were swept up into this thing with no idea how their property rights would be affected. Only the "Stake Holders" with 150+ acres were notified by letter. According to FL Statutes, all property owners within the FLU/DSAP overlay sector would be allowed to opt out at any time BEFORE the approval of the sector plan but require permission thru the jurisdiction after the granting of approval. I would venture to say 85% of the existing landowners to this day do not know what the Mid West Sector Plan is and what it means to them.

We have lost nearly half of our development rights compared to our regular county LDR zoning and we have lost substantial value due to passage and continued existence of the Sector Plan. Right across the street from my properties they are old LDR yet we are Conservation due to the overlay sector plan. The Sector Plan does not allow variances, exceptions, adjustments for changing conditions, development rights swaps, or any other changes whatsoever. Once you're in it, you're stuck, and your only recourse is to opt out.

The Board of County Commissioners has become aware of these problems, and recently voted unanimously to direct staff to reduce fees for processing opt-out applications and make it easier and quicker for property owners to opt out if they choose to do so. The new schedule waives all fees for property owners with ten acres or less, and levies $975 for properties over ten acres, which is a seventy-five percent (75%) reduction from approximately four thousand dollars ($4,000). The Board's clear intent is to streamline and expedite this opt-out procedure as a fair and equitable remedy for landowners whose private property rights have been infringed upon unjustly. (See Resolution R2019-92 passed by BOCC unanimously, 5-0 vote, September 11, 2019.)

For the reasons noted in this letter and in consideration of the will of the Board of County Commissioners, we request your favorable recommendation for our opt-out application so it can move forward to the Board of County Commissioners for final approval.

Sincerely,

Clyde L Jolly Agent

I/~~We~~ acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/~~We~~ also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

DATA AND ANALYSIS REQUIREMENTS

1. A comparative analysis of the impact of both the current and the proposed future land use categories on the following items, presented in tabular format, based on data taken from professionally accepted existing sources, such as the US Census, State University System of Florida, National Wetland Inventory Maps, regional planning councils, water management districts, or existing technical studies. The data should show that the infrastructure is available to support the most intense development allowed under the requested Future Land Use category, regardless of what type of development is proposed.

    A. Sanitary Sewer (or septic tank, if applicable)

    B. Solid Waste Disposal

    C. Potable Water

    D. Stormwater Management

    E. Traffic

    F. Recreation and Open Space

    G. Schools

    The data and analysis should also support the requested future land use category requested by reflecting a need for that category. For example, a future land use request from Agricultural to a residential land use would require an analysis demonstrating the need for additional residential acreage in the County.

2. Proximity to and impact on the following:

    A. Wellheads (indicate distance and location to nearest wellhead)

    B. Historically significant sites (available from University of West Florida)

    C. Natural Resources, including wetlands (a wetlands survey is highly recommended if wetlands are located on the property)

3. An analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

4. The parcel size in relation to the individual DSAP land use category and in relation to the overall Sector Plan, and the aggregate acreage of any granted opt-outs.

5. The existing transportation infrastructure and any effect the proposal may have on the capacity of that infrastructure.

6. The underlying existing zoning category and the compatibility with the surrounding DSAP land use designation.

7. The consistency of any requested FLU designation with underlying zoning.

8. The previous future land use designation.

9. During the processing of a Sector Plan opt-out request, to the extent possible, the staff analysis, the Planning Board and the Board shall consider whether the applicant lost development rights or was effectively down zoned as part of the Sector Plan adoption. The Board may take into consideration any other relevant factors in making its determination related to the request.

Opt-Out Process Timeline

- These types of requests are legislative in nature and will be processed accordingly within the provisions as established within the Land Development Code and the Comprehensive Plan of Escambia County, Florida.

- Once the application has been submitted to the County with all the required documents, including any analysis, reports and payment of fees, staff shall move with deliberate action and speed in order to get the "opt-out request(s)" heard at the next regularly scheduled Planning Board meeting, contingent upon the County's ability to first comply with all public notification requirements.

- Property Owners and/or Agents for Property Owners have the responsibility of ensuring accuracy of all submittal packets. Failure to submit the necessary documents can result in a delay in moving the specified request to the next regularly scheduled meeting of the Planning Board.

- If a rezoning request is also submitted, staff will act in accordance with F.S 163.3184(12) "Concurrent Zoning." This provision of law gives the local government the authority to hear a rezoning request at the transmittal hearing for a request for amendment to the Comprehensive Plan. The zoning change would be contingent upon the review and approval of the requested Comprehensive Plan amendment.

DATA AND ANALYSIS REQUIREMENTS

1900 BLOCK W. Kingsfield Road
Parcel Reference 31-1N-31-2203-001-001
Owners: MIRIAM C ARNOLD LIFE EST - ET ALL

1. The following is an analysis of the impact of both the current and proposed future land use categories on various infrastructure components. Applicants' parcel contains one single family home. Current future land use is DSAP – Conservation Neighborhood; requested future land use is MU-S; previous future land use is MU-S. Current zoning is LDR. There is no development proposed. If any development is proposed in the future that requires more density than normal county LDR, it must come before the Planning Board and the Board of County Commissioners as a quasi-judicial rezoning hearing and be approved or denied at that time.

   A. Sanitary Sewer (or septic tank, if applicable)
   N/A.

   B. Solid Waste Disposal
   ECUA provides solid waste disposal for this neighborhood.

   C. Potable Water
   Farm Hill Water holds the franchise for water at this address.

   D. Stormwater Management
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate stormwater management is designed into the project.

   E. Traffic
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review analysis to ensure compliance with established standards.

   F. Recreation and Open Space
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate recreation and open space is designed into the project.

G. Schools

Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure impact on area schools is taken into consideration. Schools serving this neighborhood include Kingsfield Elementary, Ransom Middle, and Tate High School.

2. Describe the proximity to and impact on the following:

A. Wellheads

Not applicable. There is no development proposed. However, the applicant's property is not within either the 7 or 20 year wellhead protection area. See the county's Property Lookup information for this parcel (attached).

B. Historically Significant Sites

Not applicable. There is no proposed development. Any future proposed development must go through normal Development Review procedures and to be approved must request the requisite archaeology site review.

C. Natural Resources

Not applicable. While there is no development proposed, if one is proposed in the future, natural resources of special significance must be taken into account and addressed during the normal Development Review process.

D. Analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

Section 1.03 Intent. It is the intent of this Plan to provide orderly growth management for those areas identified in Section 1.02 above (*Escambia County*). This ordinance is not intended to terminate growth but rather to provide mechanisms for growth management in order to serve the citizens, visitors and property owners of Escambia County. Implementation of this ordinance is designed to maintain and improve the quality of life for all citizens of the county.

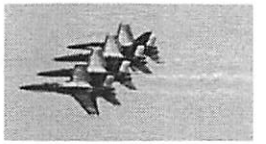
RESPONSE: The applicants' request to opt-out their land from the Sector Plan, DSAP-Conservation Neighborhood, is consistent with the intent of the Escambia County Comprehensive Plan. The Conservation Neighborhood district assigned to this parcel does not meet the highest and best use for what the applicants believe is most fair or appropriate for their property.

E. The parcel size is approximately 4.04 acres. It represents 1.14 % of the DSAP Conservation Neighborhood category, which has a total of 3,855 developable acres. The aggregate acreage of granted opt-outs is 8.7.

F. Not applicable. There is no current proposal for development of this site, so there will be no impact to traffic.

G. The underlying existing zoning category for this parcel is Low Density Residential (LDR). It is compatible with the surrounding DSAP land use designation.

H. The requested FLU designation of MU-S is compatible with the underlying LDR zoning.



I. The previous future land use designation was MU-S.

J. Due to restrictions of the DSAP Conservation Neighborhood overlay on this property, including the 50% rule, mandatory clustering, required open space and inability to petition the Planning Board for relief to change or modify zoning at any point in the future, the property owners have lost development rights, were effectively down zoned as part of the Sector Plan adoption, have had their land devalued and lost the ability to sell it at fair market value.

If approved, the requested removal of the parcels **would create a remnant area** in Section M-26 with 4 parcels remaining, that will be isolated from the rest of the DSAP:

Two parcels North of case OSP-2019-03, under single ownership, totaling 3.98 acres.

Two parcels West of case OSP-2019-04, under separate ownership; one with 3.03 acres and the other one with 2.0 acres.

All parcels appear to have single family residential development within.

Request: Opt-out of the Sector Plan and assign Future Land Use category

Current Zoning: Low Density Residential district (LDR)

Future Land Use Requested: Mixed Use Suburban (MU-S)

DSAP Land Use: Conservation Neighborhood (Muscogee DSAP)

Applicant: Clyde Jolly, Agent for Duaine Arnold, Owner

Meeting Dates: Planning Board: March 3, 2020

BCC: April 2, 2020

Site Description and Summary of Proposed Amendment:

The property owner is requesting a parcel be removed from the Escambia County Mid-West Sector Plan (SP), in the Muscogee Detailed Specific Area Plan (DSAP). Within the DSAP, the existing land use for the parcels is Conservation Neighborhood with a maximum residential dwelling of 3 du/acre.

The request is to assign a Future Land Use (FLU) designation of **Mixed-Use Suburban (MU-S)** to the parcel with no future development proposed at this time.

According to the Escambia County Property Appraiser, the parcel contains a single-family residence, with total 4.04 +/- acres.

Standard Map Amendment Criteria

1. Availability of Facilities and Services:

The availability of public facilities and services are necessary to accommodate existing and future development, to promote orderly growth within areas best suited to accommodate development, protect sensitive natural resource systems and rural and agricultural areas. All level of service (LOS) standards are evaluated for compliance

during the review processes stated in the Land Development Code (LDC) for proposed development.

A. Sanitary Sewer

Ensure the safe and efficient provision of wastewater services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

CP Policy INF 1.1.7 Level of Service (LOS) Standards*. Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

CP Policy INF 1.1.11 Required New Service Connection*. All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

Analysis: The applicant did not address septic tank service or available sewer connection in the area. Once a project is proposed and application submitted to the County, such proposal must identify the providers for sanitary sewer, and any residential development will be reviewed and must receive approval thru the Site Plan Review process.

B. Solid Waste Disposal

Ensure the safe and efficient provision of solid waste services through coordination with service providers, maximized use of existing landfill facilities, maintenance of appropriate levels of service, promotion of recycling and reuse, and protection of natural resources.

CP Policy INF 2.1.2 **Perdido Landfill Operation.** Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.

CP Policy INF 2.1.4 **Level of Service (LOS) Standards.** The LOS standard for solid waste disposal will be 6 pounds per capita per day.

Analysis: Escambia County continues to maintain its adopted solid waste LOS commitments. The Department of Waste Services reported in its 2018 solid waste

LOS analysis that the current build-out for disposal at the Perdido Landfill will provide solid waste disposal capacity through 2045. Based on the application submitted, there are no plans for development of the parcel and if development approval is requested, the application must identify the providers for solid waste disposal and be reviewed through the Site Plan Review process.

C. Potable Water

Ensure the safe and efficient provision of potable water services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, water conservation, and protection of natural resources.

***CP Policy* INF 4.1.1 Service Agreements.** Potable water service will be provided at established levels of service within Escambia County consistent with the Interlocal Agreement between the County and ECUA, the Escambia County Utilities Authority Act, and franchise agreements between Escambia County and other water service providers that were in operation on August 1, 1981.

CP Policy INF 4.1.6 Developer Responsibility. The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.

***CP Policy* INF 4.1.7 Level of Service (LOS) Standards.** The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.

Analysis: Potable water is supplied to parcels within the DSAP's by four separate utility providers: Cottage Hill, Emerald Coast, Farm Hill, and Molino Utilities. Although the applicant did not provide documentation confirming available potable water source, treatment, pumping, and distribution to the site, based on public records, Farm Hill Utilities services these parcels. Once a project is proposed and application submitted to the County, such proposal must identify the providers for such services. Any development request will be reviewed and must receive approval thru the Site Plan Review process.

D. Stormwater Management

Ensure the safe and efficient provision of stormwater management through maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

CP Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the*

provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.

CP Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

Analysis: The applicant stated that there is no proposed development at this time, however more dwelling units would equate to more impervious cover, that may affect stormwater management and must meet the current standards of the LDC. Compliance with adopted stormwater management provisions that implement these policies would be reviewed and confirmed prior to any site development plan approval.

E. Traffic

Continue to provide a safe, convenient, efficient and cost-effective multimodal transportation system and roadway network for present and future residents.

CP Policy **MOB 1.1.1 Level of Service (LOS) Standards.** Levels of Service (LOS) will be used to evaluate facility capacity. Escambia County will adopt LOS standards for all roadways as indicated in the LDC. The standards for Strategic Intermodal System (SIS) facilities may be revised based on changes to the federal classification of these roadways. These standards are not regulatory but provide a basis by which the County may monitor congestion and coordinate needed improvements with FDOT.

CP Policy **MOB 1.1.2 On-site Facilities.** All new private development will be required to provide safe and convenient on-site traffic flow as indicated in the LDC.

MOB 1.1.7 Access Management. Escambia County will promote access management by limiting the number of conflict points that a motorist experiences during travel, separating conflict points as much as possible when they cannot be eliminated, and controlling the turning movements to facilitate traffic flow on affected roadways.

Analysis: The applicant stated there is no proposed development for this parcel at this time. Any development application for the location will require submittal, review and approval thru the Site Plan Review process.

F. Recreation and Open Space

The purpose of the Recreation and Open Space Element is to ensure adequate recreational opportunities for the citizens of Escambia County through the provision of a comprehensive system of public and private park facilities. These facilities may include, but are not limited to, natural reservations, parks and playgrounds, trails, beaches and public access to beaches, open spaces, and waterways.

Analysis: Open space is a development principle in the Sector Plan. Open space plays an integral role in all neighborhoods, both as a recreation opportunity as well as organizing elements and focal points for the communities. The applicant stated that there is no proposed development for these parcels, however, in the future any development must go through the Development Review process and meet all standards for Recreation and Open Space.

G. Public School Facilities

***CP Policy* ICE 1.1.2 Interlocal Agreements.** Escambia County will implement adopted interlocal agreements with the Escambia County School Board, the City of Milton, the City of Pensacola, the City of Gulf Breeze, and Santa Rosa County so as to provide for coordination and evaluation of development proposals that affect the bays, bayous, sound, or gulf (including estuaries and estuarine systems).

Analysis: Based on the public records of Escambia County, the assigned schools that service the area are: Kingsfield, Ransom and Tate. No development is proposed, however, any increase in density may or may not have an influence on student population projections, requiring the plan to be reviewed and approved thru the Site Plan Review process.

2. Impact on Natural Resources

A. Wellheads

CP Policy CON 1.4.1 Wellhead Protection. Escambia County will provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions will establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.

Analysis: Based on the Geographical Information System (GIS) layer, the subject parcels are not located in a wellhead protection area.

B. Historically Significant Sites

CP Policy FLU 1.2.1 State Assistance. *Escambia County will utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archeological and/or historic sites or structures within the County and will utilize guidance, direction, and technical assistance received from this agency.*

Analysis: The applicant did not provide any documentation of a request made to or a response received from the Florida Master Site File, Division of Historical Resources regarding whether there are any previously recorded historical resources within the parcels. Once a project is proposed and an application submitted to the County, such proposal will be reviewed and must receive approval thru the Site Plan Review process.

C. Natural Environment

CP Policy CON 1.1.2 Wetland and Habitat Indicators. *Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC) LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.*

CP Policy CON 1.1.6 Habitat Protection. *Escambia County will coordinate with the FDEP, FFWCC, and other state or federal agencies so as to provide the fullest protection to marine or wildlife habitats that may be impacted by existing or proposed development within the County.*

CP Policy CON 1.3.1 Stormwater Management. *Escambia County will protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater management facilities concurrent with the demand for such facilities.*

CP Policy CON 1.3.6 Wetland Development Provisions. *Development in wetlands will not be allowed unless sufficient uplands do not exist to avoid a taking. In this case, development in wetlands will be restricted to allow residential density uses as indicated by the LDC.*

CP Policy CON 1.6.3 Tree Protection. *Escambia County will protect trees through LDC provisions.*

***Analysis*:** The applicant stated that there is no development proposed on the subject parcel. Once a project is proposed, the application will be reviewed and must receive approval through the Site Plan Review process.

3. **Comprehensive Plan requirements for changes to an existing DSAP.**

OBJ FLU 16.6 Specific Area Plans

Changes to an Existing DSAP: Any addition or deletion of property or changes to the neighborhood, center or district boundaries in an approved DSAP shall follow the County's established processes. It shall include an evaluation and analysis of the impacts to the approved or planned land uses and the ability of the proposed amendment to meet the principles and guidelines outlined in this plan. Such additions or deletions shall not be designed to create remnant areas or fragmented DSAPs.

Evaluation and Analysis. *The primary component of a DSAP is a land use plan. This plan is comprised of a land use map, depicting the distribution, extent and location of land uses, and a development program identifying the permissible densities and*

intensities of these various uses. In combination, these items form the basis from which a detailed analysis of DSAP impacts may be calculated. There are two DSAP land use plans, Muscogee DSAP and Jacks Branch, that capture the consensus long-term vision for the area. Both DSAPs were assigned development types and associated densities based on the proportionate share of the overall sector plan.
The total developable land under the Muscogee DSAP, located in the southern section of the SP, is approximately 3,380 acres; under the Jacks Branch DSAP, located in the northern section of the SP, the total developable land is approximately 5,231.70 acres, as can be identified in Figure 2.01A, Attachment A.

The subject parcel is in the southeast area of the Muscogee DSAP with access from Kingsfield Road. Analysis of the areas under the DSAP Land Use Plan designated the parcel as being Conservation Neighborhood. If approved, the requested removal of the parcel **would create a remnant area** in Section M-26 with 6 parcels that will be isolated from the rest of the DSAP.

4. Parcel size in relation to the individual DSAP land use category and in relation to the overall Sector Plan, and the aggregate acreage of any granted opt-outs.

The total developable acreage in the entire Sector Plan is 8,611.80 acres. Based on staff calculations, utilizing data from Section 2.02 of the DSAP document, the applicant's parcel totaling 4.04+/- acres, represent 0.04% of the existing developable acreage of the **Sector Plan.**

Under Section 2.02 Development Program calculation tables, (page 34 of the DSAP) the total residential developable acreage of the **Muscogee DSAP** under the Conservation Neighborhood Land Use is 1,289.90 acres. Removal of the applicant's 4.04 +/-acres will result in a **0.31% decrease** in developable acres.

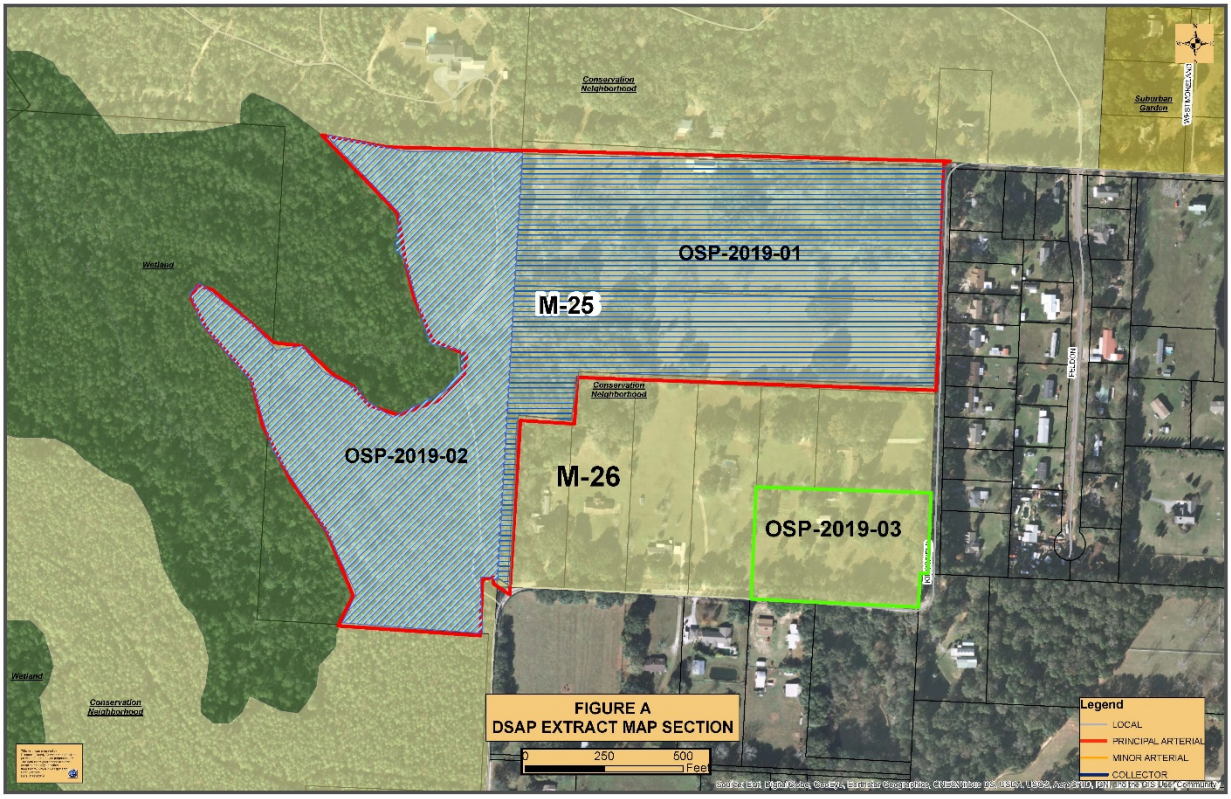

Figure A

The specific Muscogee DSAP Land Use for parcels in sections M-26 (Figure A) is identified as **Conservation Neighborhood** with total dwelling unit development allowances assigned as follows:

M-26 section total development acreage 60.8 acres-
-low density x (0.1) yielding a total density of 6 dwelling units
-medium density x (1) yielding a total density of 60 dwelling units
-high density x (3) yielding a total density of 182 dwelling units

Derived from the analysis of the baseline data we can identify the following trends:

M-26 section
a. the applicant's parcel area represents 6.6% of the total developable area.
b. removal of the applicant's 4.04 (+/-) acres from the total developable acreage for section M-26, will result in a reduction of 12.12 total dwelling units under the high-density allocation.

This is the **fourth Opting-Out request** submitted to and processed by County staff. If approved, the total Sector Plan aggregate acreage will be **119.11.**

The original Sector Plan profile identified approximately 15,000 acres of land, the availability of infrastructure and public services and the protection of natural resources; the calculations used to complete the maximum development scenario for the Plan were specific and resulted in a **balanced jobs-to-housing ratio**. Changes to or variations of any of the original data used for the plan could hinder the balance and the viability of attaining the SP goals and objectives.

Assuming a maximum theoretical buildout under the mixture of uses, the DSAP area would produce approximately 27,145 jobs. When analyzed using the maximum residential build-out of 23,000 dwelling units, the result, is a jobs-to- employed residents' ratio of **1.19**. It should be noted that although there is no single perfect ratio, an area is generally considered to be "balanced" if it has a jobs-to-housing ratio of roughly **0.8 to 1.2.** If the proposed amendment is approved the resulting **job-to-housing ratio will be 1.19.**

5. The existing transportation infrastructure and any effect the proposal may have on the capacity of that infrastructure.

TTO Staff has reviewed the Sector Plan Opt-Out Case OSP-2019-03, 1900 Block of Kingsfield Road (parcels 301N312203001001), agenda item for the Planning Board meeting scheduled for February 4, 2020. Please see the below comments.

The property in question has frontage on (CR 186) Kingfield Road. Kingsfield Road is a two-lane undivided facility without paved shoulders. The approximate pavement width for this segment of the roadway is 18 feet, with right-of-way at 30 feet. The posted speed is 35 MPH.

The County has an active project in design "Kingsfield Road Extension Project" that will reconstruct the existing roadway from Hwy 97 west to the first 90-degree curve, as well as construct a new 2-lane roadway further west to connect to the eventual Beulah Interchange Connector Project. The County has reached 60% design and is in the right-of-way phase. Construction phase will follow design and right-of-way phases, once the necessary funding has been identified.

Per the TPO's Congestion Management Process Plan, this section of Kingsfield Road does not have a formal roadway classification; however, the County considers its function as a local collector roadway. The County performed traffic counts on this portion of W. Kingsfield Road in 2017. The daily volume was recorded as 641 near Beulah Road and 1,168 just west of Highway 97. This segment of the roadway is functioning within its allowable capacity.

TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

6. The underlying zoning district and the compatibility with the surrounding DSAP Land Use designation.

The existing parcel is currently zoned Low-Density residential (LDR). If removed from the SP, the following range of permitted uses are allowed under the existing zoning district:

Sec. 3-2.5 Low Density Residential district (LDR).

(a) Purpose. The Low Density Residential (LDR) district establishes appropriate areas and land use regulations for residential uses at low densities within suburban areas. The primary intent of the district is to provide for large-lot suburban type residential neighborhood development that blends aspects of rural openness with the benefits of urban street connectivity, and at greater density than the Rural Residential district. Residential uses within the LDR district are predominantly detached single-family dwellings. Clustering dwellings on smaller residential lots may occur where needed to protect prime farmland from non-agricultural use or to conserve and protect environmentally sensitive areas. The district allows non-residential uses that are compatible with suburban residential neighborhoods and the natural resources of the area.

(b) Permitted uses. Permitted uses within the LDR district are limited to the following:

(1) Residential.

a. Manufactured (mobile) homes only within existing manufactured home parks or subdivisions, or on land zoned SDD prior to adoption of LDR zoning. No new or expanded manufactured home parks or subdivisions.

b. Single-family dwellings (other than manufactured homes), detached and only one per lot, excluding accessory dwellings. Accessory dwellings only on lots two acres or larger. Attached single-family dwellings and zero lot line subdivision only on land zoned V-5 or SDD prior to adoption of LDR zoning.

c. Two-family dwellings and multi-family dwellings up to four units per dwelling (triplex and quadruplex) only on land zoned V-5 or SDD prior to adoption of LDR zoning.

See also conditional uses in this district.

(2) Retail sales. No retail sales.

(3) Retail services. No retail services.

(4) Public and civic.

a. Cemeteries, family only.

b. Public utility structures, excluding telecommunications towers.

See also conditional uses in this district.

(5) Recreation and entertainment.

a. Marinas, private only.

b. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) Industrial and related. No industrial or related uses.

(7) Agricultural and related. On land not zoned SDD prior to adoption of LDR zoning, agricultural production and storage is limited to food primarily for personal consumption by the producer. The following additional agricultural uses are allowed on lands zoned SDD prior to LDR zoning:

a. Agriculture, but no farm animals except horses and other domesticated *equines* kept on site, and stables for such animals, accessory to a private residential use with a minimum lot area of two acres and a maximum of one animal per acre.

b. Aquaculture, marine or freshwater.

c. Produce display and sales of fruit, vegetables and similar agricultural products.
d. Silviculture

The Escambia County Land Development Code defines compatibility as a condition in which land uses, activities or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use, activity, or condition is unduly negatively impacted directly or indirectly by another use, activity, or condition. The character and intensity of the LDR zoning district **is compatible** with the low densities in the Conservation Neighborhood.
The DSAP Land Use for the surrounding parcels is strictly Conservation Neighborhood; based on the Residential Guidelines language, the Conservation Neighborhood Land Use is designed to allow clustered subdivisions of detached housing, with a maximum density of 3 dwellings units per net acre

7. The consistency of any requested Future Land Use designation with the underlying zoning.

The requested **MU-S** FLU category **will be consistent** with the underlying zoning uses densities and intensities allowed by LDR. From the Escambia County 2030 Comprehensive Plan:

FLUM Mixed-Use Suburban (MU-S)

General Description: Intended for a mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses.

Range of Allowable Uses: Residential, retail sales & services, professional office, recreational facilities, public and civic, limited agriculture.

Standards:

Residential Maximum Density: 25 du/acre
Non-Residential Minimum Intensity: None
Maximum Intensity: 1.0 Floor Area Ratio (FAR)

Escambia County intends to achieve the following mix of land uses for new development within ¼ mile of arterial roadways or transit corridors by 2030:
a) Residential 8% to 25%
b) Public/Rec/Inst. 5% to 20%
c) Non-Residential:
Retail Service-30% to 50%
Office-25% to 50%

In areas beyond ¼ mile of arterial roadways or transit corridors, the following mix of land uses is anticipated:
a) Residential 70% to 85%
b) Public/Rec/Inst. 10% to 25%
c) Non-Residential 5% to 10%

8. Previous FLU designation

Prior to adoption of the DSAP, the FLU designation for this parcel was **MU-6 (Area 4)** which limited dwelling units to .50 dwelling per acre.

9. Analysis to consider whether the applicant lost development rights or was effectively downzoned as part of the Sector Plan adoption.

Prior to the adoption of the Mid-West Escambia Sector Plan, the parcel was zoned Villages Rural Residential, VR-2 with a FLU of MU-6, area 4. Based on historical data, under Chapter 7 of the 2020 Comprehensive Plan, Policy 7.A.4.7: Future Land Use Categories (Densities and Intensities), f. (6) MU-6, the average density for residential uses would have been **limited to .50 du/acre**.

Based on that existing data, **the residential development rights** for the parcel were in-fact **increased** by the adoption of the Sector Plan and the assignment of the Conservation Neighborhood Land Use under the DSAP, which has a designated residential development maximum allowance of 3 du/acre.

If approved, any future development associated with this parcel will be evaluated by the Development Review Committee, utilizing the current zoning regulations while at the same time addressing and minimizing any potential impacts that the proposed development could have on the characteristics of the existing low to mid-density residential development listed under the SP's Land Uses.

If approved, the SP boundary map will be adjusted accordingly, to reflect the removal of the parcel from the Plan as shown in Attachment B.

If approved the parcels will be assigned the Future Land Use Category of MU-S as shown in Attachment C.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17560 **Growth Management Report 14. 6.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 03/05/2020
Issue: 5:49 p.m. - A Public Hearing Concerning the Review of an Ordinance Removing Parcels from the County DSAP and Assigning a Compatible FLU - OSP-2019-04
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:49 p.m. A Public Hearing Concerning the Review of an Ordinance Removing Two Parcels from the Escambia County Mid-West Sector Plan and Assigning a Compatible Future Land Use to the Parcel - OSP-2019-04

That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Escambia County Mid-West Sector Plan, Final Land Use Plan, Figure 2.01.A, removing two parcels within Section 30, Township 1N, Range 31W, Parcel Number 2203-000-003, totaling 3.04 (+/-) acres, and Parcel Number 2203-000-002 totaling 2.95 (+/-) acres, located on Kingsfield Road, from the Escambia County Mid-West Sector Plan; further amending Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; amending Chapter 7, "the Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, assigning a Future Land Use category to two parcels within Section 30, Township 1N, Range 31W, Parcel Number 2203-000-003, totaling 3.04 (+/-) acres, and Parcel Number 2203-000-002, totaling 2.95 (+/-) acres, of Mixed-Use Suburban (MU-S).

This hearing is the first of two public hearings before the BCC.

BACKGROUND:

The applicant is requesting to remove the parcels from the adopted Escambia County Mid-West Sector Plan (SP), Muscogee Detailed Specific Area Plan (DSAP). The subject parcels are located on the south-eastern perimeter boundary of the SP, off Kingsfield Road.

Based on the public records of Escambia County, the Escambia County Property

Appraiser, there is a single-family residence on-site. The current underlying zoning for the parcel is LDR, with a maximum residential development allowance of 4 du/acre.

The applicant is also requesting that the BCC assign a Future Land Use (FLU) category of MU-S. The applicant stated that there is no immediate proposed development for the sites. The existing Land Use derived from the adopted DSAP Final Land Use Plan, identifies the parcel under the Conservation Neighborhood designation, with a maximum residential development allowance of 3 du/acre.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia M. Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

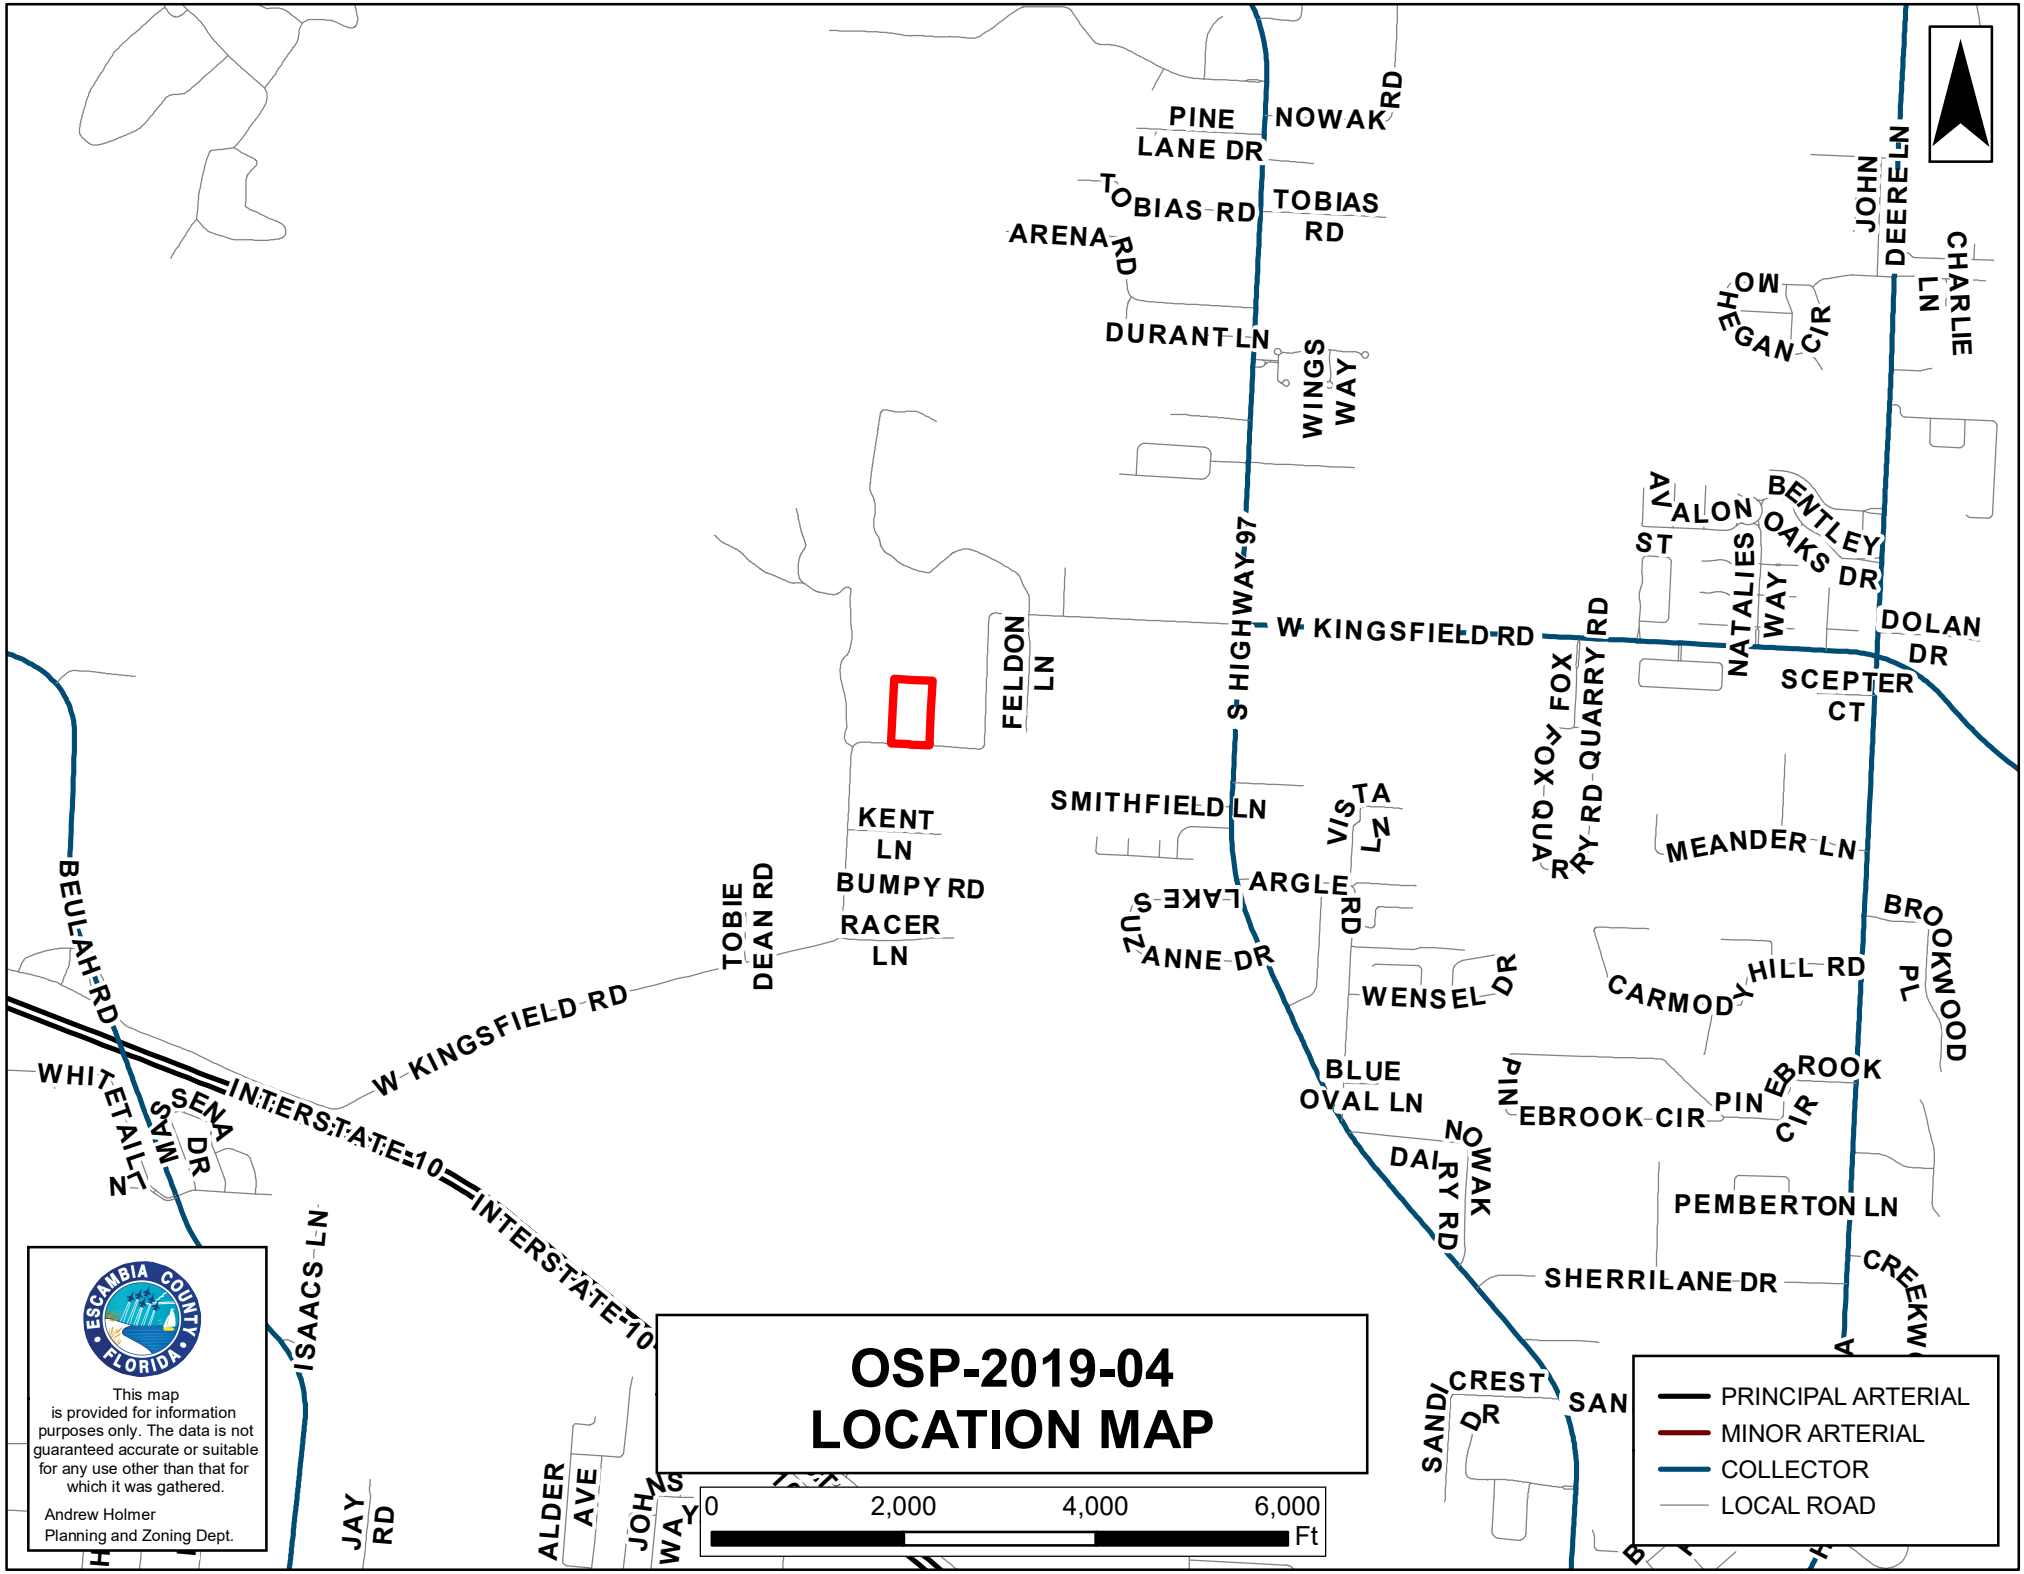
PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:



This Ordinance, assigning a new Future Land Use category and amending the Land Use Plan Map which is a part of the Mid-West Sector Plan will be filed with the Department of State following adoption by the board.

The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

Letter of Request to Opt-Out of the Escambia County Mid-West Sector Plan and Future Land Use Map Amendment
Parcel Reference 30-1N-31-2203-0002 at 1955 W. Kingsfield Road
-000-002

Dear Planning Board Members and Director Jones:

This letter supports our request that the above-referenced property be allowed to "opt out" of the Detailed Specific Area Plan (DSAP) otherwise known as the Escambia County Mid-West Sector Plan. If approved, the subject property will revert to its current underlying zoning of regular county LDR with the appropriate assigned Future Land Use (FLU) of Mixed Use-Suburban (MU-S). And that is the effective zoning and FLU we are applying for (application attached).

Our property is zoned regular county LDR as previously noted, which is what we want. But our effective zoning is Sector Plan LDR, or Conservation Neighborhood, which severely degrades our property use and value compared to the county standard LDR.

It has been represented that the Sector Plan Conservation Neighborhood is comparable to county LDR. That is simply not true when applied to high value development property like ours.

Here are the stark differences:

One: The Dwelling Unit Reduction. County LDR allows four dwelling units per acre. Sector Plan LDR/Conservation Neighborhood arbitrarily shrinks the county standard by twenty-five percent (25%) to three dwelling units per acre, without providing any rational basis for the reduction.

A decade ago when the Sector Plan was conceived that probably wasn't an issue. With the rising cost of land, development infrastructure, and building construction, that could be an issue now depending upon physical characteristics of the property and its location.

Two: The 50% Rule. This provision requires the developed area of a proposed subdivision shall not exceed fifty percent (50%) of the gross land area of the site. In our case, where our property is approximately ninety percent (90%) buildable, that provision renders nearly half of our valuable property practically worthless for its highest and best use. The net effect is, in reality, a de facto taking without compensation.

Three: Open Space Design. This restriction reinforces the previous one. It states as follows: "At least fifty percent (50%) of the gross land area of the proposed subdivision shall be designated as undivided, permanently protected open space, managed for either agriculture or conservation purposes, and on which the underlying development rights of the open space have been severed through a legal instrument that runs with the land." (See EXHIBIT A – Escambia County Mid-West Sector Plan, Section 3.03 Conservation Neighborhood Guidelines pages 55, 56, and 57.)

None of these severely limiting restrictions apply to county LDR, nor do they appear anywhere else in the county's land development code, including medium and high density residential and other categories of zoning in the Sector Plan itself, all of which are comparable to regular county zoning.

Under these circumstances, no developer interested in making a profit is likely to pay top dollar for our property knowing full well he's got to give up development rights on a portion of it and face uncertainty about what he can do with the rest.

It is obvious that a basic competitive unfairness and inequity exists between property owners with county LDR and those with Sector Plan LDR/Conservation Neighborhood. That unfairness also acts as a strong deterrent to residential development in the Sector Plan. Since the

Sector Plan was approved eight years ago, there have been numerous residential developments in the area outside of the Sector Plan boundaries with dozens more in process. By contrast, during that time there has been only one approved subdivision in Sector Plan LDR/Conservation Neighborhood, and in that instance the developer found a way to extract value from a portion of the required "set-aside" property he was prohibited from developing to offset his costs of lost development rights.

There also exists a basic unfairness between property owners within the Conservation Neighborhood. For example, property owners with forty to fifty percent jurisdictional wetlands on their property are not required to give up any of their buildable land. The required conservation, or agricultural, component is already in place there due to God and the Environmental Protection Agency.

In other words, the highest value properties, like ours, are forced to bear the full burden of surrendering a portion of our valuable upland without compensation to accommodate perceived public interest that was not established by sufficient public input, hearings, proper legal notice and consent of the property owners. Virtually all of them are small landowners who were swept up into this thing with no idea how their property rights would be affected. Only the "Stake Holders" with 150+ acres were notified by letter. According to FL Statutes, all property owners within the FLU/DSAP overlay sector would be allowed to opt out at any time BEFORE the approval of the sector plan but require permission thru the jurisdiction after the granting of approval. I would venture to say 85% of the existing landowners to this day do not know what the Mid West Sector Plan is and what it means to them.

We have lost nearly half of our development rights compared to our regular county LDR zoning and we have lost substantial value due to passage and continued existence of the Sector Plan. Right across the street from my properties they are old LDR yet we are Conservation due to the overlay sector plan. The Sector Plan does not allow variances, exceptions, adjustments for changing conditions, development rights swaps, or any other changes whatsoever. Once you're in it, you're stuck, and your only recourse is to opt out.

The Board of County Commissioners has become aware of these problems, and recently voted unanimously to direct staff to reduce fees for processing opt-out applications and make it easier and quicker for property owners to opt out if they choose to do so. The new schedule waives all fees for property owners with ten acres or less, and levies $975 for properties over ten acres, which is a seventy-five percent (75%) reduction from approximately four thousand dollars ($4,000). The Board's clear intent is to streamline and expedite this opt-out procedure as a fair and equitable remedy for landowners whose private property rights have been infringed upon unjustly. (See Resolution R2019-92 passed by BOCC unanimously, 5-0 vote, September 11, 2019.)

For the reasons noted in this letter and in consideration of the will of the Board of County Commissioners, we request your favorable recommendation for our opt-out application so it can move forward to the Board of County Commissioners for final approval.

Sincerely,

Clyde L Jolly

Cynthia A Jolly

I/~~We~~ acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/~~We~~ also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

DATA AND ANALYSIS REQUIREMENTS

1. A comparative analysis of the impact of both the current and the proposed future land use categories on the following items, presented in tabular format, based on data taken from professionally accepted existing sources, such as the US Census, State University System of Florida, National Wetland Inventory Maps, regional planning councils, water management districts, or existing technical studies. The data should show that the infrastructure is available to support the most intense development allowed under the requested Future Land Use category, regardless of what type of development is proposed.

    A. Sanitary Sewer (or septic tank, if applicable)

    B. Solid Waste Disposal

    C. Potable Water

    D. Stormwater Management

    E. Traffic

    F. Recreation and Open Space

    G. Schools

    The data and analysis should also support the requested future land use category requested by reflecting a need for that category. For example, a future land use request from Agricultural to a residential land use would require an analysis demonstrating the need for additional residential acreage in the County.

2. Proximity to and impact on the following:

    A. Wellheads (indicate distance and location to nearest wellhead)

    B. Historically significant sites (available from University of West Florida)

    C. Natural Resources, including wetlands (a wetlands survey is highly recommended if wetlands are located on the property)

3. An analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

4. The parcel size in relation to the individual DSAP land use category and in relation to the overall Sector Plan, and the aggregate acreage of any granted opt-outs.

5. The existing transportation infrastructure and any effect the proposal may have on the capacity of that infrastructure.

6. The underlying existing zoning category and the compatibility with the surrounding DSAP land use designation.

7. The consistency of any requested FLU designation with underlying zoning.

8. The previous future land use designation.

9. During the processing of a Sector Plan opt-out request, to the extent possible, the staff analysis, the Planning Board and the Board shall consider whether the applicant lost development rights or was effectively down zoned as part of the Sector Plan adoption. The Board may take into consideration any other relevant factors in making its determination related to the request.

*ADJOINING IMPLIES MEETING AND TOUCHING AT SOME POINT OR LINE		
ADDITIONAL ADJOINING PARCELS ABOVE TWO	$72.00 PER PARCEL	PAID BY APPLICANT
TWO NON-ADJOINING PARCELS	$1,750.00	PAID BY APPLICANT
ADDITIONAL NON-ADJOINING PARCELS ABOVE TWO	$85.00 PER PARCEL	PAID BY APPLICANT

Opt-Out Process Timeline

- These types of requests are legislative in nature and will be processed accordingly within the provisions as established within the Land Development Code and the Comprehensive Plan of Escambia County, Florida.

- Once the application has been submitted to the County with all the required documents, including any analysis, reports and payment of fees, staff shall move with deliberate action and speed in order to get the "opt-out request(s)" heard at the next regularly scheduled Planning Board meeting, contingent upon the County's ability to first comply with all public notification requirements.

- Property Owners and/or Agents for Property Owners have the responsibility of ensuring accuracy of all submittal packets. Failure to submit the necessary documents can result in a delay in moving the specified request to the next regularly scheduled meeting of the Planning Board.

- If a rezoning request is also submitted, staff will act in accordance with F.S 163.3184(12) "Concurrent Zoning." This provision of law gives the local government the authority to hear a rezoning request at the transmittal hearing for a request for amendment to the Comprehensive Plan. The zoning change would be contingent upon the review and approval of the requested Comprehensive Plan amendment.

DATA AND ANALYSIS REQUIREMENTS

1955 W. Kingsfield Road
Parcel Reference 31-1N-31-2203-000-002
Owners: CLYDE L AND CYNTHIA A JOLLY

1. The following is an analysis of the impact of both the current and proposed future land use categories on various infrastructure components. Applicants' parcel contains one single family home. Current future land use is DSAP – Conservation Neighborhood; requested future land use is MU-S; previous future land use is MU-S. Current zoning is LDR. There is no development proposed. If any development is proposed in the future that requires more density than normal county LDR, it must come before the Planning Board and the Board of County Commissioners as a quasi-judicial rezoning hearing and be approved or denied at that time.

   A. Sanitary Sewer (or septic tank, if applicable)
   Provides service to the one single family home on the property.

   B. Solid Waste Disposal
   ECUA provides solid waste disposal for this neighborhood.

   C. Potable Water
   Farm Hill Water holds the franchise for water at this address.

   D. Stormwater Management
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate stormwater management is designed into the project.

   E. Traffic
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review analysis to ensure compliance with established standards.

   F. Recreation and Open Space
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate recreation and open space is designed into the project.

G. Schools

Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure impact on area schools is taken into consideration. Schools serving this neighborhood include Kingsfield Elementary, Ransom Middle, and Tate High School.

2. Describe the proximity to and impact on the following:

A. Wellheads

Not applicable. There is no development proposed. However, the applicant's property is not within either the 7 or 20 year wellhead protection area. See the county's Property Lookup information for this parcel (attached).

B. Historically Significant Sites

Not applicable. There is no proposed development. Any future proposed development must go through normal Development Review procedures and to be approved must request the requisite archaeology site review.

C. Natural Resources

Not applicable. While there is no development proposed, if one is proposed in the future, natural resources of special significance must be taken into account and addressed during the normal Development Review process.

D. Analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

Section 1.03 Intent. It is the intent of this Plan to provide orderly growth management for those areas identified in Section 1.02 above (*Escambia County*). This ordinance is not intended to terminate growth but rather to provide mechanisms for growth management in order to serve the citizens, visitors and property owners of Escambia County. Implementation of this ordinance is designed to maintain and improve the quality of life for all citizens of the county.

RESPONSE: The applicants' request to opt-out their land from the Sector Plan, DSAP-Conservation Neighborhood, is consistent with the intent of the Escambia County Comprehensive Plan. The Conservation Neighborhood district assigned to this parcel does not meet the highest and best use for what the applicants believe is most fair or appropriate for their property.

E. The parcel size is approximately 2.95 acres. It represents 0.07 % of the DSAP Conservation Neighborhood category, which has a total of 3,855 developable acres. The aggregate acreage of granted opt-outs is 8.7.

F. Not applicable. There is no current proposal for development of this site, so there will be no impact to traffic.

G. The underlying existing zoning category for this parcel is Low Density Residential (LDR). It is compatible with the surrounding DSAP land use designation.

H. The requested FLU designation of MU-S is compatible with the underlying LDR zoning.

I. The previous future land use designation was MU-S.

J. Due to restrictions of the DSAP Conservation Neighborhood overlay on this property, including the 50% rule, mandatory clustering, required open space and inability to petition the Planning Board for relief to change or modify zoning at any point in the future, the property owners have lost development rights, were effectively down zoned as part of the Sector Plan adoption, have had their land devalued and lost the ability to sell it at fair market value.

Re: **Clyde L and Cynthia A Jolly, Owners**
Letter of Request to Opt-Out of the Escambia County Mid-West Sector Plan and Future Land Use Map Amendment
Parcel Reference 30-1N-31-2203-0003 at 2003 W. Kingsfield Road
000-003

Dear Planning Board Members and Director Jones:

This letter supports our request that the above-referenced property be allowed to "opt out" of the Detailed Specific Area Plan (DSAP) otherwise known as the Escambia County Mid-West Sector Plan. If approved, the subject property will revert to its current underlying zoning of regular county LDR with the appropriate assigned Future Land Use (FLU) of Mixed Use-Suburban (MU-S). And that is the effective zoning and FLU we are applying for (application attached).

Our property is zoned regular county LDR as previously noted, which is what we want. But our effective zoning is Sector Plan LDR, or Conservation Neighborhood, which severely degrades our property use and value compared to the county standard LDR.

Members, Escambia County Planning Board
Mr. Horace L. Jones

It has been represented that the Sector Plan Conservation Neighborhood is comparable to county LDR. That is simply not true when applied to high value development property like ours.

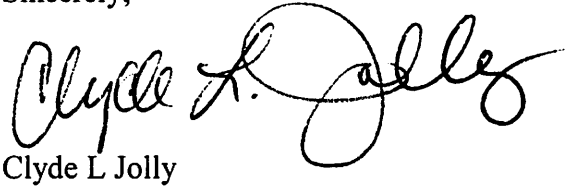
Here are the stark differences:

One: The Dwelling Unit Reduction. County LDR allows four dwelling units per acre. Sector Plan LDR/Conservation Neighborhood arbitrarily shrinks the county standard by twenty-five percent (25%) to three dwelling units per acre, without providing any rational basis for the reduction.

A decade ago when the Sector Plan was conceived that probably wasn't an issue. With the rising cost of land, development infrastructure, and building construction, that could be an issue now depending upon physical characteristics of the property and its location.

Two: The 50% Rule. This provision requires the developed area of a proposed subdivision shall not exceed fifty percent (50%) of the gross land area of the site. In our case, where our property is approximately ninety percent (90%) buildable, that provision renders nearly half of our valuable property practically worthless for its highest and best use. The net effect is, in reality, a de facto taking without compensation.

Three: Open Space Design. This restriction reinforces the previous one. It states as follows: "At least fifty percent (50%) of the gross land area of the proposed subdivision shall be designated as undivided, permanently protected open space, managed for either agriculture or conservation purposes, and on which the underlying development rights of the open space have been severed through a legal instrument that runs with the land." (See EXHIBIT A – Escambia County Mid-West Sector Plan, Section 3.03 Conservation Neighborhood Guidelines pages 55, 56, and 57.)



None of these severely limiting restrictions apply to county LDR, nor do they appear anywhere else in the county's land development code, including medium and high density residential and other categories of zoning in the Sector Plan itself, all of which are comparable to regular county zoning.

Under these circumstances, no developer interested in making a profit is likely to pay top dollar for our property knowing full well he's got to give up development rights on a portion of it and face uncertainty about what he can do with the rest.

It is obvious that a basic competitive unfairness and inequity exists between property owners with county LDR and those with Sector Plan LDR/Conservation Neighborhood. That unfairness also acts as a strong deterrent to residential development in the Sector Plan. Since the

For the reasons noted in this letter and in consideration of the will of the Board of County Commissioners, we request your favorable recommendation for our opt-out application so it can move forward to the Board of County Commissioners for final approval.

Sincerely,

Clyde L Jolly

Attachments: Mid-West Escambia County Sector Plan Opt-Out Request with Future Land Use Map Amendment Application

Sector Plan was approved eight years ago, there have been numerous residential developments in the area outside of the Sector Plan boundaries with dozens more in process. By contrast, during that time there has been only one approved subdivision in Sector Plan LDR/Conservation Neighborhood, and in that instance the developer found a way to extract value from a portion of the required "set-aside" property he was prohibited from developing to offset his costs of lost development rights.

There also exists a basic unfairness between property owners within the Conservation Neighborhood. For example, property owners with forty to fifty percent jurisdictional wetlands on their property are not required to give up any of their buildable land. The required conservation, or agricultural, component is already in place there due to God and the Environmental Protection Agency.

In other words, the highest value properties, like ours, are forced to bear the full burden of surrendering a portion of our valuable upland without compensation to accommodate perceived public interest that was not established by sufficient public input, hearings, proper legal notice and consent of the property owners. Virtually all of them are small landowners who were swept up into this thing with no idea how their property rights would be affected. Only the "Stake Holders" with 150+ acres were notified by letter. According to FL Statutes, all property owners within the FLU/DSAP overlay sector would be allowed to opt out at any time BEFORE the approval of the sector plan but require permission thru the jurisdiction after the granting of approval. I would venture to say 85% of the existing landowners to this day do not know what the Mid West Sector Plan is and what it means to them.

We have lost nearly half of our development rights compared to our regular county LDR zoning and we have lost substantial value due to passage and continued existence of the Sector Plan. Right across the street from my properties they are old LDR yet we are Conservation due to the overlay sector plan. The Sector Plan does not allow variances, exceptions, adjustments for changing conditions, development rights swaps, or any other changes whatsoever. Once you're in it, you're stuck, and your only recourse is to opt out.

The Board of County Commissioners has become aware of these problems, and recently voted unanimously to direct staff to reduce fees for processing opt-out applications and make it easier and quicker for property owners to opt out if they choose to do so. The new schedule waives all fees for property owners with ten acres or less, and levies $975 for properties over ten acres, which is a seventy-five percent (75%) reduction from approximately four thousand dollars ($4,000). The Board's clear intent is to streamline and expedite this opt-out procedure as a fair and equitable remedy for landowners whose private property rights have been infringed upon unjustly. (See Resolution R2019-92 passed by BOCC unanimously, 5-0 vote, September 11, 2019.)

I/~~We~~ acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/~~We~~ also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

DATA AND ANALYSIS REQUIREMENTS

1. A comparative analysis of the impact of both the current and the proposed future land use categories on the following items, presented in tabular format, based on data taken from professionally accepted existing sources, such as the US Census, State University System of Florida, National Wetland Inventory Maps, regional planning councils, water management districts, or existing technical studies. The data should show that the infrastructure is available to support the most intense development allowed under the requested Future Land Use category, regardless of what type of development is proposed.

    A. Sanitary Sewer (or septic tank, if applicable)

    B. Solid Waste Disposal

    C. Potable Water

    D. Stormwater Management

    E. Traffic

    F. Recreation and Open Space

    G. Schools

    The data and analysis should also support the requested future land use category requested by reflecting a need for that category. For example, a future land use request from Agricultural to a residential land use would require an analysis demonstrating the need for additional residential acreage in the County.

2. Proximity to and impact on the following:

    A. Wellheads (indicate distance and location to nearest wellhead)

    B. Historically significant sites (available from University of West Florida)

    C. Natural Resources, including wetlands (a wetlands survey is highly recommended if wetlands are located on the property)

3. An analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

4. The parcel size in relation to the individual DSAP land use category and in relation to the overall Sector Plan, and the aggregate acreage of any granted opt-outs.

5. The existing transportation infrastructure and any effect the proposal may have on the capacity of that infrastructure.

6. The underlying existing zoning category and the compatibility with the surrounding DSAP land use designation.

7. The consistency of any requested FLU designation with underlying zoning.

8. The previous future land use designation.

9. During the processing of a Sector Plan opt-out request, to the extent possible, the staff analysis, the Planning Board and the Board shall consider whether the applicant lost development rights or was effectively down zoned as part of the Sector Plan adoption. The Board may take into consideration any other relevant factors in making its determination related to the request.

Opt-Out Process Timeline

- These types of requests are legislative in nature and will be processed accordingly within the provisions as established within the Land Development Code and the Comprehensive Plan of Escambia County, Florida.

- Once the application has been submitted to the County with all the required documents, including any analysis, reports and payment of fees, staff shall move with deliberate action and speed in order to get the "opt-out request(s)" heard at the next regularly scheduled Planning Board meeting, contingent upon the County's ability to first comply with all public notification requirements.

- Property Owners and/or Agents for Property Owners have the responsibility of ensuring accuracy of all submittal packets. Failure to submit the necessary documents can result in a delay in moving the specified request to the next regularly scheduled meeting of the Planning Board.

- If a rezoning request is also submitted, staff will act in accordance with F.S 163.3184(12) "Concurrent Zoning." This provision of law gives the local government the authority to hear a rezoning request at the transmittal hearing for a request for amendment to the Comprehensive Plan. The zoning change would be contingent upon the review and approval of the requested Comprehensive Plan amendment.

DATA AND ANALYSIS REQUIREMENTS

2003 W. Kingsfield Road
Parcel Reference 31-1N-31-2203-000-003
Owners: CLYDE L AND CYNTHIA A JOLLY LIFE EST - ET ALL

1. The following is an analysis of the impact of both the current and proposed future land use categories on various infrastructure components. Applicants' parcel contains one single family home. Current future land use is DSAP – Conservation Neighborhood; requested future land use is MU-S; previous future land use is MU-S. Current zoning is LDR. There is no development proposed. If any development is proposed in the future that requires more density than normal county LDR, it must come before the Planning Board and the Board of County Commissioners as a quasi-judicial rezoning hearing and be approved or denied at that time.

   A. Sanitary Sewer (or septic tank, if applicable)
   Provides service to the one single family home on the property.

   B. Solid Waste Disposal
   ECUA provides solid waste disposal for this neighborhood.

   C. Potable Water
   Farm Hill Water holds the franchise for water at this address.

   D. Stormwater Management
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate stormwater management is designed into the project.

   E. Traffic
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review analysis to ensure compliance with established standards.

   F. Recreation and Open Space
   Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure appropriate recreation and open space is designed into the project.

G. Schools

Not applicable. There is no development proposed, however if one is proposed in the future, it will go through normal Development Review channels to ensure impact on area schools is taken into consideration. Schools serving this neighborhood include Kingsfield Elementary, Ransom Middle, and Tate High School.

2. Describe the proximity to and impact on the following:

A. Wellheads

Not applicable. There is no development proposed. However, the applicant's property is not within either the 7 or 20 year wellhead protection area. See the county's Property Lookup information for this parcel (attached).

B. Historically Significant Sites

Not applicable. There is no proposed development. Any future proposed development must go through normal Development Review procedures and to be approved must request the requisite archaeology site review.

C. Natural Resources

Not applicable. While there is no development proposed, if one is proposed in the future, natural resources of special significance must be taken into account and addressed during the normal Development Review process.

D. Analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

Section 1.03 Intent. It is the intent of this Plan to provide orderly growth management for those areas identified in Section 1.02 above (*Escambia County*). This ordinance is not intended to terminate growth but rather to provide mechanisms for growth management in order to serve the citizens, visitors and property owners of Escambia County. Implementation of this ordinance is designed to maintain and improve the quality of life for all citizens of the county.

RESPONSE: The applicants' request to opt-out their land from the Sector Plan, DSAP-Conservation Neighborhood, is consistent with the intent of the Escambia County Comprehensive Plan. The Conservation Neighborhood district assigned to this parcel does not meet the highest and best use for what the applicants believe is most fair or appropriate for their property.

E. The parcel size is approximately 3.04 acres. It represents 0.07 % of the DSAP Conservation Neighborhood category, which has a total of 3,855 developable acres. The aggregate acreage of granted opt-outs is 8.7.

F. Not applicable. There is no current proposal for development of this site, so there will be no impact to traffic.

G. The underlying existing zoning category for this parcel is Low Density Residential (LDR). It is compatible with the surrounding DSAP land use designation.

H. The requested FLU designation of MU-S is compatible with the underlying LDR zoning.

I. The previous future land use designation was MU-S.

J. Due to restrictions of the DSAP Conservation Neighborhood overlay on this property, including the 50% rule, mandatory clustering, required open space and inability to petition the Planning Board for relief to change or modify zoning at any point in the future, the property owners have lost development rights, were effectively down zoned as part of the Sector Plan adoption, have had their land devalued and lost the ability to sell it at fair market value.

Location: 1955 W Kingsfield Rd & 2003 W Kingsfield Rd

Parcel #s: 30-1N-31-2203-000-002 & 30-1N-31-2203-000-003

Acreage: 5.99 (+/-) acres

Request: Opt-out of the Sector Plan and assign Future Land Use category

Current Zoning: Low Density Residential district (LDR)

Future Land Use Requested: Mixed Use Suburban (MU-S)

DSAP Land Use: Conservation Neighborhood

Applicant: Clyde and Cynthia Jolly, Owners

Meeting Dates: Planning Board: March 3, 2020

BCC: April 2, 2020

Site Description and Summary of Proposed Amendment:

The applicant is requesting to remove the parcels from the adopted Escambia County Mid-West Sector Plan (SP), Muscogee Detailed Specific Area Plan (DSAP). The subject parcels are located on the south-eastern perimeter boundary of the SP, off Kingsfield Road.

Based on the public records of Escambia County, the Escambia County Property Appraiser, there is a single-family residence on-site. The current underlying zoning for the parcel is LDR, with a maximum residential development allowance of **4 du/acre.**

The applicant is also requesting that the BOCC assigns a **Future Land Use (FLU) category of MU-S**. The applicant stated that there is no immediate proposed development for the sites.

The existing Land Use derived from the adopted DSAP Final Land Use Plan, Attachment A, identifies the parcel under the *Conservation Neighborhood* designation, with a maximum residential development allowance of 3 du/acre.

Standard Map Amendment Criteria

1. Analysis of Availability of Facilities and Services:

The availability of public facilities and services for the site of a Future Land Use map amendment requires analysis of the general demands of its proposed use. All specific level of service (LOS) standards established by Escambia County are evaluated for compliance during the review processes prescribed by the LDC for approval of proposed development.

A. Sanitary Sewer Service

Ensure the safe and efficient provision of wastewater services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

CP Policy INF 1.1.7 Level of Service (LOS) Standards. *Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

CP Policy INF 1.1.11 Required New Service Connection. *All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

B. Solid Waste Disposal

Ensure the safe and efficient provision of solid waste services through coordination with service providers, maximized use of existing landfill facilities, maintenance of appropriate levels of service, promotion of recycling and reuse, and protection of natural resources.

CP Policy INF 2.1.2 Perdido Landfill Operation. *Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.*

CP Policy INF 2.1.4 Level of Service (LOS) Standards. *The LOS standard for solid waste disposal will be 6 pounds per capita per day.*

C. Potable Water Service

Ensure the safe and efficient provision of potable water services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, water conservation, and protection of natural resources.

CP Policy INF 4.1.4 Concurrency Management. *Escambia County will ensure the provision of potable water facilities concurrent with the demand for such facilities but no later than the certificate of occupancy, as created by development or redevelopment through the implementation of the Concurrency Management System.*

CP Policy INF 4.1.6 Developer Responsibility. *The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.*

CP Policy INF 4.1.7 Level of Service (LOS) Standards. *The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

Analysis: Based on the applicant's analysis document there is no development proposed for the parcel at this time. Based on the public records of Escambia County, the water franchise is Farm Hills Utilities, Inc. Once a project is proposed and application submitted to the County, such proposal must identify the providers for sanitary sewer, waste disposal. Any residential development request will be reviewed and must receive approval thru the Site Plan Review process.

D. Stormwater Management.

Ensure the safe and efficient provision of stormwater management through maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

CP Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.*

CP Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

CP Policy INF 3.1.7 Level of Service (LOS) Standards. *Stormwater management LOS will be monitored through the provisions in the LDC design standards.*

Analysis: There is no proposed development at this time, however, the applicant has acknowledged the requirements for stormwater management. The applicant

understands that separate requirements and permitting thru other state agencies such as the Northwest Florida Water Management District may be required. Once a development is proposed, the project will be reviewed and must receive approval thru the Site Plan Review process.

E. Traffic-Streets and Access.

Continue to provide a safe, convenient, efficient and cost-effective multimodal transportation system and roadway network for present and future residents.

CP Policy **MOB 1.1.1 Level of Service (LOS) Standards.** Levels of Service (LOS) will be used to evaluate facility capacity. Escambia County will adopt LOS standards for all roadways as indicated in the LDC. The standards for Strategic Intermodal System (SIS) facilities may be revised based on changes to the federal classification of these roadways. These standards are not regulatory but provide a basis by which the County may monitor congestion and coordinate needed improvements with FDOT.

CP Policy **MOB 1.1.2 On-site Facilities.** All new private development will be required to provide safe and convenient on-site traffic flow as indicated in the LDC.

MOB 1.1.7 Access Management. Escambia County will promote access management by limiting the number of conflict points that a motorist experiences during travel, separating conflict points as much as possible when they cannot be eliminated, and controlling the turning movements to facilitate traffic flow on affected roadways.

Analysis: The application stated that there is no proposed development for the property at this time. Any future development proposed on this parcel will require formal submittal, review and approval thru the Site Plan Review process.

F. Recreation and Open Space

The purpose of the Recreation and Open Space Element is to ensure adequate recreational opportunities for the citizens of Escambia County through the provision of a comprehensive system of public and private park facilities. These facilities may include, but are not limited to, natural reservations, parks and playgrounds, trails, beaches and public access to beaches, open spaces, and waterways.

Analysis: Open space is a development principle in the Sector Plan. Open space plays an integral role in all neighborhoods, both as a recreation opportunity as well as organizing elements and focal points for the communities. There is no proposed development for these parcels, however in the future any development must go through the Development Review process and meet all standards for Recreation and Open Space.

G. Public School Facilities.

CP Policy ICE 1.3.1 Interlocal Agreement for Public School Facility Planning. *In cooperation with the School Board and the local governments within Escambia County,*

the County will implement the Interlocal Agreement for Public School Facility Planning (herein Interlocal Agreement) that establishes procedures for coordination and sharing of information, planning processes, and implementation.

Analysis: To maintain cooperative relationships with the School Board and municipalities and implement joint planning processes to coordinate land use planning with school facility planning. The Escambia County School District staff is part of the reviewing process for the County. Based on the public records of Escambia County, Kingsfield, Ransom and Tate are the servicing schools. Once a project is proposed and application submitted to the County, the plan must be reviewed and approved thru the Site Plan Review process.

2. Impact on Natural Resources

A. Wellheads.

CP Policy CON 1.4.1 Wellhead Protection. *Escambia County will provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions will establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.*

Analysis: Based on the existing Geographical Information Systems layer, the subject parcel does not appear to be located in a wellhead protection area. The requirements for wellhead protection areas will again be addressed at the time of specific project submittal thru the Development Review process; further permitting from outside agencies may be required.

B. Historically Significant Sites.

CP Policy FLU 1.2.1 State Assistance. *Escambia County will utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archeological and/or historic sites or structures within the County and will utilize guidance, direction, and technical assistance received from this agency.*

Analysis: The applicant did not provide any documentation of a request made to or response received from the Florida Master Site File, Division of Historical Resources regarding whether there are any previously recorded resources within the parcel. Development of the site remains subject to LDC provisions in Chapter 4, Article 6, Historical and Archeological Resources, requiring the cessation of construction or other development activities should archaeological or historical artifacts or resources be discovered until a determination of significance is completed. Once a project is proposed and application submitted to the County, such proposal will be reviewed and must receive approval thru the Site Plan Review process.

C. Natural Environment.

CP Policy CON 1.1.2 Wetland and Habitat Indicators. *Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC) LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.*

CP Policy CON 1.1.6 Habitat Protection. *Escambia County will coordinate with the FDEP, FFWCC, and other state or federal agencies so as to provide the fullest protection to marine or wildlife habitats that may be impacted by existing or proposed development within the County.*

CP Policy CON 1.3.1 Stormwater Management. *Escambia County will protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater management facilities concurrent with the demand for such facilities.*

CP Policy CON 1.3.6 Wetland Development Provisions. *Development in wetlands will not be allowed unless sufficient uplands do not exist to avoid a taking. In this case, development in wetlands will be restricted to allow residential density uses as indicated by the LDC:*

CP CON 1.5.4 Extraction and Reclamation Review. *Escambia County will subject all new or expanded resource extraction and reclamation activities to a mandatory development review process to assess technical standards for public safety, environmental protection, and engineering design.*

CP Policy CON 1.6.3 Tree Protection. *Escambia County will protect trees through LDC provisions.*

Analysis: A general delineation of existing wetlands was part of the original design of the Sector Plan addressed in the Mid-West Escambia Sector Plan, DSAP document, Section **5.02 Ecological Communities.** Once a project is proposed and application submitted to the County, such proposal will be reviewed and must receive approval thru the Site Plan Review process.

3. <u>Comprehensive Plan requirements for changes to an existing DSAP.</u>

OBJ FLU 16.6 Specific Area Plans

Changes to an Existing DSAP describes the Comprehensive Plan requirements for changing the DSAP.

Changes to an Existing DSAP

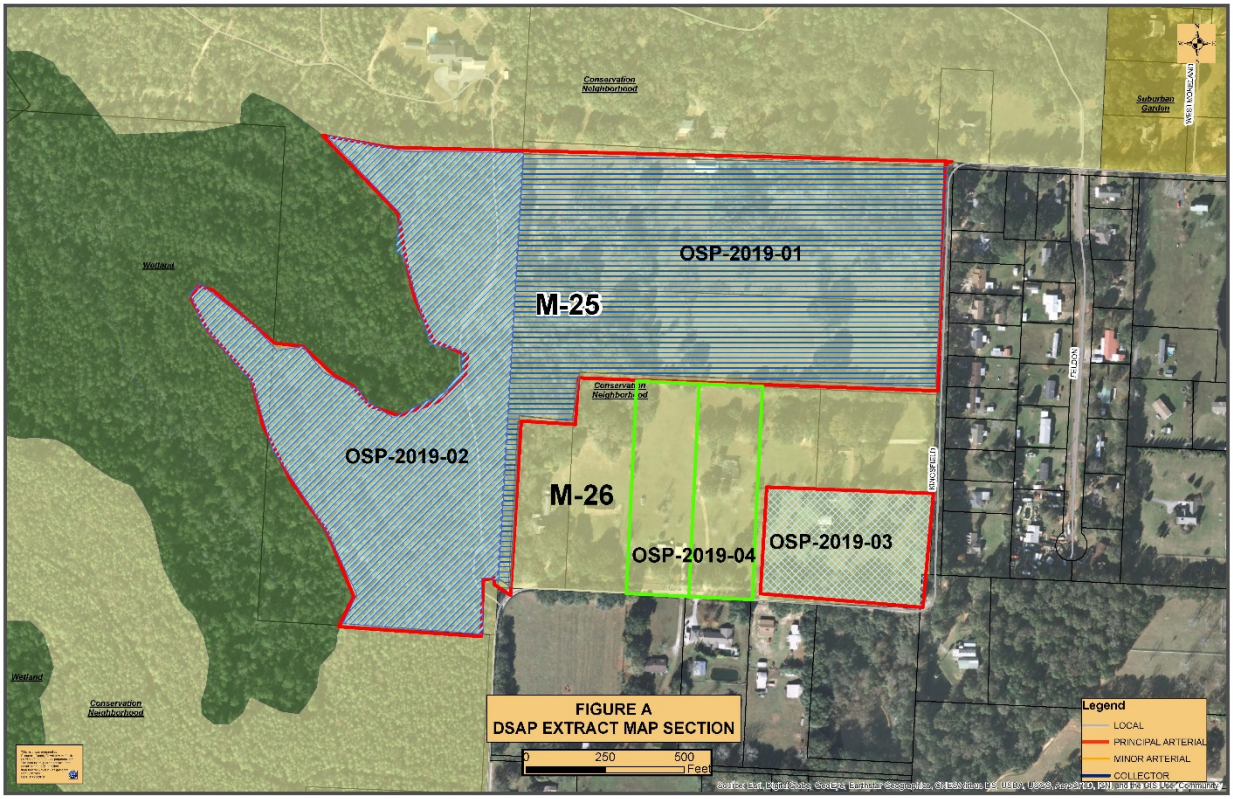
Any addition or deletion of property or changes to the neighborhood, center or district boundaries in an approved DSAP shall follow the County's established processes. It shall include an evaluation and analysis of the impacts to the approved or planned land uses and the ability of the proposed amendment to meet the principles and guidelines

outlined in this plan. Such additions or deletions shall not be designed to create remnant areas or fragmented DSAPs.

Evaluation and Analysis of impacts- Components of the SP include aspects such as community design, environmental analysis, transportation guidance and economic development principles. The Final Land Use map, (Figure 2.01.A) (Attachment A), identifies the overall boundaries of the SP, the distribution, extent and location of land uses. The Land Use Plan and Development Program provide specific growth data with development program calculations and assigning permissible densities and intensities for the various uses. The type of development (land use plan), and corresponding densities were assigned based on the proportionate share of the overall SP.

Section 2.02 Development Program of the SP illustrates the development calculations by individual DSAP allowances. The total developable land under the Muscogee DSAP, located in the southern section of the SP, is approximately 3,380 acres; under the Jacks Branch DSAP, located in the northern section of the SP, the total developable land is approximately 5,231.70 acres. Both of the branches are clearly identified in Figure 2.01.A. (Attachment A).

The parcels are in the Southeast area of the Muscogee DSAP, accessible via Kingsfield Road. General analysis of the surrounding area under the DSAP Land Use Plan assigns predominantly low-level residential uses, Conservation Neighborhood, as the primary categories. If approved, the requested removal of the parcels **would create a remnant area** in Section M-26 with 4 parcels that will be isolated from the rest of the DSAP.



4. The parcel size in relation to the individual DSAP Land Use category and in relation to the overall Sector Plan and the aggregate acreage of any granted Opting-Outs.

The applicant's parcels, approximately 5.99 +/- acres, are located within the Muscogee Branch DSAP and are specifically identified in the Land Use map, Figure 2.01.A, under section **M-26**.

Based on staff's calculations, utilizing data from Section 2.02 of the DSAP document, the total developable acreage in the entire Sector Plan is 8,611.80 acres; the applicant's parcel represents **0.07%** of that existing developable acreage.

Under Section 2.02 Development Program calculation tables, (page 34 of the DSAP) the total residential developable acreage of the **Muscogee DSAP** under the Conservation Neighborhood Land Use is 1,289.90 acres. Removal of the applicant's +/- 5.99 acres will result in a decrease of 0.46**%.**

The developable acreage for this specific section, is listed under the development program calculations table, (page 36 of the DSAP), as a combined 60.8 total developable acres, shared by ten parcels included in the M-26 section.

(FIGURE A)

The specific Muscogee DSAP Land Use for parcels in section M-26 is identified as **Conservation Neighborhood** with total dwelling unit development allowances assigned as follows:

M-26 section total development acreage 60.8 acres-
-low density x (0.1) yielding a total density of 6 dwelling units
-medium density x (1) yielding a total density of 60 dwelling units
-high density x (3) yielding a total density of 182 dwelling units

Derived from the analysis of the baseline data we can identify the following trends:

M-26 section
a. the applicant's parcel area represents 9.85% of the total developable area for this Section.
b. removal of the applicant's +/-5.99 acres from the total developable acreage for section M-26, will result in a reduction of 17.97 total dwelling units under the high-density allocation.

This is the **fifth Opt-Out request** submitted to and processed by County staff. If approved, the total Sector Plan aggregate acreage will be **125.10**

The original Sector Plan profile identified approximately 15,000 acres of land, the availability of infrastructure and public services and the protection of natural resources; the calculations used to complete the maximum development scenario for the Plan were specific and resulted in a **balanced jobs-to-housing ratio**. Changes to or variations of any of the original data used for the plan could hinder the balance and the viability of attaining the SP goals and objectives.

Assuming a maximum theoretical buildout under the mixture of uses, the DSAP area would produce approximately 27,145 jobs. When analyzed using the maximum residential build-out of 23,000 dwelling units, the result, is a jobs-to- employed residents' ratio of **1.18**. It should be noted that although there is no single perfect ratio, an area is generally considered to be "balanced" if it has a jobs-to-housing ratio of roughly **0.8 to 1.2.** If the proposed amendment is approved the resulting **job-to-housing ratio will be 1.20.**

In order to maintain the cohesiveness of the SP, while at the same time fostering innovative planning and development strategies, County staff will continue to assess each request within the SP, on case by case basis, providing continuous analysis of the impact of each proposal on the Sector Plan.

5. The existing transportation infrastructure and any effect the proposal may have on the capacity of that infrastructure.

TTO Staff has reviewed the Sector Plan Opt-Out Case OSP-2019-04 2003 W. Kingsfield Road, agenda item for the Planning Board meeting. Please see the below comments.

The property in question has frontage on (CR 186) W. Kingfield Road. W. Kingsfield Road is a two-lane undivided facility without paved shoulders. The approximate pavement width for this segment of the roadway is 18 feet, with right-of-way at 30 feet. The posted speed is 35 MPH.

The County has an active project in design "Kingsfield Road Extension Project" that will reconstruct the existing roadway from Hwy 97 west to the first 90-degree curve, as well as construct a new 2-lane roadway further west to connect to the eventual Beulah Interchange Connector Project. The County is currently nearing 60% design, and in the right-of-way phase. Construction phase will follow design and right-of-way phases, once the necessary funding has been identified. The new extension roadway will run east to west through the subject property (see attached map), and the County is currently in communications with the property owners about the right-of-way needed to accommodate the new roadway.

Per the TPO's Congestion Management Process Plan, this section of Kingsfield Road does not have a formal roadway classification; however, the County considers its function as a local collector roadway. The County performed traffic counts on this portion of W. Kingsfield Road in 2017. The daily volume was recorded as 641 near

Beulah Road and 1,168 just west of Highway 97. This segment of the roadway is functioning within its allowable capacity.

TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

6. The underlying zoning district and the compatibility with the surrounding DSAP Land Use designation.

The existing parcel is currently zoned Low-Density residential (LDR). If removed from the SP, the following range of permitted uses are allowed under the existing zoning district:

Sec. 3-2.5 Low Density Residential district (LDR).
(a) Purpose. The Low Density Residential (LDR) district establishes appropriate areas and land use regulations for residential uses at low densities within suburban areas. The primary intent of the district is to provide for large-lot suburban type residential neighborhood development that blends aspects of rural openness with the benefits of urban street connectivity, and at greater density than the Rural Residential district. Residential uses within the LDR district are predominantly detached single-family dwellings. Clustering dwellings on smaller residential lots may occur where needed to protect prime farmland from non-agricultural use or to conserve and protect environmentally sensitive areas. The district allows non-residential uses that are compatible with suburban residential neighborhoods and the natural resources of the area.
(b) Permitted uses. Permitted uses within the LDR district are limited to the following:
(1) Residential.
a. Manufactured (mobile) homes only within existing manufactured home parks or subdivisions, or on land zoned SDD prior to adoption of LDR zoning. No new or expanded manufactured home parks or subdivisions.
b. Single-family dwellings (other than manufactured homes), detached and only one per lot, excluding accessory dwellings. Accessory dwellings only on lots two acres or larger. Attached single-family dwellings and zero lot line subdivision only on land zoned V-5 or SDD prior to adoption of LDR zoning.
c. Two-family dwellings and multi-family dwellings up to four units per dwelling (triplex and quadruplex) only on land zoned V-5 or SDD prior to adoption of LDR zoning.
See also conditional uses in this district.
(2) Retail sales. No retail sales.
(3) Retail services. No retail services.
(4) Public and civic.
a. Cemeteries, family only.
b. Public utility structures, excluding telecommunications towers.

See also conditional uses in this district.
(5) Recreation and entertainment.

a. Marinas, private only.

b. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) Industrial and related. No industrial or related uses.

(7) Agricultural and related. On land not zoned SDD prior to adoption of LDR zoning, agricultural production and storage is limited to food primarily for personal consumption by the producer. The following additional agricultural uses are allowed on lands zoned SDD prior to LDR zoning:

a. Agriculture, but no farm animals except horses and other domesticated *equines* kept on site, and stables for such animals, accessory to a private residential use with a minimum lot area of two acres and a maximum of one animal per acre.

b. Aquaculture, marine or freshwater.

c. Produce display and sales of fruit, vegetables and similar agricultural products.

d. Silviculture.

The Escambia County Land Development Code defines compatibility as a condition in which land uses, activities or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use, activity, or condition is unduly negatively impacted directly or indirectly by another use, activity, or condition. The character and intensity of the LDR zoning district **is compatible** with the low densities in the Conservation Neighborhood.

The DSAP Land Use for the surrounding parcels is strictly Conservation Neighborhood; based on the Residential Guidelines language, the Conservation Neighborhood Land Use is designed to allow clustered subdivisions of detached housing, with a maximum density of 3 dwellings units per net acre.

7. The consistency of any requested Future Land Use designation with the underlying zoning.

The requested **MU-S** FLU category **will be consistent** with the underlying zoning uses densities and intensities allowed by LDR. From the Escambia County 2030 Comprehensive Plan:

FLUM Mixed-Use Suburban (MU-S)

General Description: Intended for a mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses.

Range of Allowable Uses: Residential, retail sales & services, professional office, recreational facilities, public and civic, limited agriculture.

Standards:

Residential Maximum Density: 25 du/acre
Non-Residential Minimum Intensity: None
Maximum Intensity: 1.0 Floor Area Ratio (FAR)

Escambia County intends to achieve the following mix of land uses for new development within ¼ mile of arterial roadways or transit corridors by 2030:
a) Residential 8% to 25%
b) Public/Rec/Inst. 5% to 20%
c) Non-Residential:
Retail Service-30% to 50%
Office-25% to 50%
In areas beyond ¼ mile of arterial roadways or transit corridors, the following mix of land uses is anticipated:
a) Residential 70% to 85%
b) Public/Rec/Inst. 10% to 25%
c) Non-Residential 5% to 10%

8. Previous FLU designation.

Prior to adoption of the DSAP, the FLU designation for this parcel was **MU-6, Area 4**.

9. Analysis to consider whether the applicant lost development rights or was effectively down zoned as part of the Sector Plan adoption.

Prior to the adoption of the Mid-West Escambia Sector Plan, the parcel was zoned Village Rural Residential, VR-2 with a FLU of MU-6, Area 4. Based on historical data, under the Chapter 7 of the 2020 Comprehensive Plan, Policy 7.A.4.7: Future Land Use Categories (Densities and Intensities), f. (6) MU-6, the average density for residential uses would have been **limited to .50 du/acre**.

Based on that existing data, **the residential development rights** for the parcel were in-fact **increased** by the adoption of the Sector Plan and the assignment of the Conservation Neighborhood Land Use under the DSAP, which has a designated residential development maximum allowance of 3 du/acre.

If approved, any future development associated with this parcel will be evaluated by the Development Review Committee, utilizing the current zoning regulations while at the same time addressing and minimizing any potential impacts that the proposed development could have on the characteristics of the existing low to mid-density residential development listed under the SP's Land Uses.

If approved, the SP boundary map will be adjusted accordingly, to reflect the removal of the parcel from the Plan. Attachment B.

If approved, the parcel will be assigned a FLU of MU-S, as requested. Attachment C.

ORDINANCE NUMBER 2020-___

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, AMENDING THE ESCAMBIA COUNTY MID-WEST SECTOR PLAN, FINAL LAND USE PLAN, FIGURE 2.01.A, REMOVING TWO PARCELS WITHIN SECTION 30, TOWNSHIP 1N, RANGE 31W, PARCEL NUMBER 2203-000-003 TOTALING 3.04 (+/-) ACRES AND PARCEL NUMBER 2203-000-002 TOTALING 2.95 (+/-) ACRES, LOCATED ON KINGSFIELD ROAD, FROM THE ESCAMBIA COUNTY MID-WEST SECTOR PLAN; FURTHER AMENDING PART II OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE ESCAMBIA COUNTY COMPREHENSIVE PLAN: 2030, AS AMENDED; AMENDING CHAPTER 7, "THE FUTURE LAND USE ELEMENT," POLICY FLU 1.1.1, TO PROVIDE FOR AN AMENDMENT TO THE 2030 FUTURE LAND USE MAP, ASSIGNING A FUTURE LAND USE CATEGORY TO TWO PARCELS WITHIN SECTION 30, TOWNSHIP 1N, RANGE 31W, PARCEL NUMBER 2203-000-003 TOTALING 3.04 (+/-) ACRES AND PARCEL NUMBER 2203-000-002 TOTALING 2.95 (+/-) ACRES, OF MIXED USE SUBURBAN (MU-S); PROVIDING FOR A TITLE; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Chapter 163, Part II, Florida Statutes, Escambia County adopted its Comprehensive Plan on April 29, 2014; and

WHEREAS, Chapter 16, FLU 16.6.1.V of the Escambia County Comprehensive Plan provides guidelines for removing properties from an approved DSAP; and

WHEREAS, the Escambia County Planning Board conducted a public hearing and forwarded a recommendation to the Board of County Commissioners to consider changes (amendments) to the boundaries of the Escambia County Mid-West Sector Plan, Final Land Use Plan Map, Figure 2.01.A, Attachment "A;" and

WHEREAS, Chapter 125, Florida Statutes, empowers the Board of County Commissioners of Escambia County, Florida to prepare, amend and enforce comprehensive plans for the development of the County; and

WHEREAS, the Escambia County Planning Board conducted a public hearing and forwarded a recommendation to the Board of County Commissioners to consider changes (amendments) to the Comprehensive Plan; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida finds that the adoption of this amendment is in the best interest of the County and its citizens;

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Escambia County, Florida, as follows:

Section 1. Purpose and Intent

This Ordinance is enacted to carry out the purpose and intent of, and exercise the authority set out in, the Community Planning Act, Sections 163.3161 through 163.3215, Florida Statutes.

Section 2. Title of Map Amendment

This Final Land Use Plan Map amendment shall be entitled – "Opting-Out Escambia County Mid-West Sector Plan OSP 2019-04."

Section 3. Changes to the Final Land Use Plan

The Final Land Use Plan (Figure 2.01.A), as adopted in the Escambia County Mid-West Sector Plan, Land Use Plan and Development Program, and all notations, references and information shown thereon, is further amended to remove the following parcels:

> Two parcels within Section 30, Township 1N, Range 31W, parcel number 2203-000-003 totaling 3.04 (+/-) acres, and parcel number 2203-000-002 totaling 2.95 (+/-) acres, both located on Kingsfield Road.

The amended Final Land Use Plan Map boundary is reflected in Attachment “B.”

Section 4. Title of Comprehensive Plan Amendment

This Comprehensive Plan amendment shall be entitled – "Opting-Out Escambia County Mid-West Sector Plan OSP 2019-04."

Section 5. Changes to the 2030 Future Land Use Map

The 2030 Future Land Use Map, as adopted by reference and codified in Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; Chapter 7, "Future Land Use Element," Policy FLU 1.1.1; and all notations, references and information shown thereon, is further amended to include the following future land use changes:

> Two parcels within Section 30, Township 1N, Range 31W, parcel number 2203-000-003 totaling 3.04 (+/-) acres, and parcel number 2203-000-002 totaling 2.95 (+/-) acres, both located on Kingsfield Road., included as Attachment C, **assigning a FLU of Mixed-Use Suburban (MU-S).**

Section 6. Severability

DRAFT

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 7. Effective Date

Pursuant to Section 163.3184(3)(c)(4), Florida Statutes, this Ordinance shall not become effective until 31 days after the Department of Economic Opportunity notifies Escambia County that the plan amendment package is complete. If timely challenged, this Ordinance shall not become effective until the Department of Economic Opportunity or the Administration Commission enters a final order determining the Ordinance to be in compliance.

RECOMMENDATION:

5:50 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map - LSA-2020-01

That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending Chapter 7, "The Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, changing the Future Land Use category of a parcel, which is located within Section 05, Township 3S, Range 31W, and which is identified as Parcel ID Number 05-3S-31-1500-000-000, totaling 26.76 (+/-) acres, located on Blue Angel Parkway, from Commercial (C) to Mixed-Use Urban (MU-U).

This hearing serves as the first of two public hearings.

BACKGROUND:

An application submitted requesting the change of Future Land Use designation for a 26.76 (+/-) acre parcel in the 2700 BLK of Blue Angel Parkway from Commercial (C) to Mixed-Use Urban (MU-U).

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia M. Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

PERSONNEL:

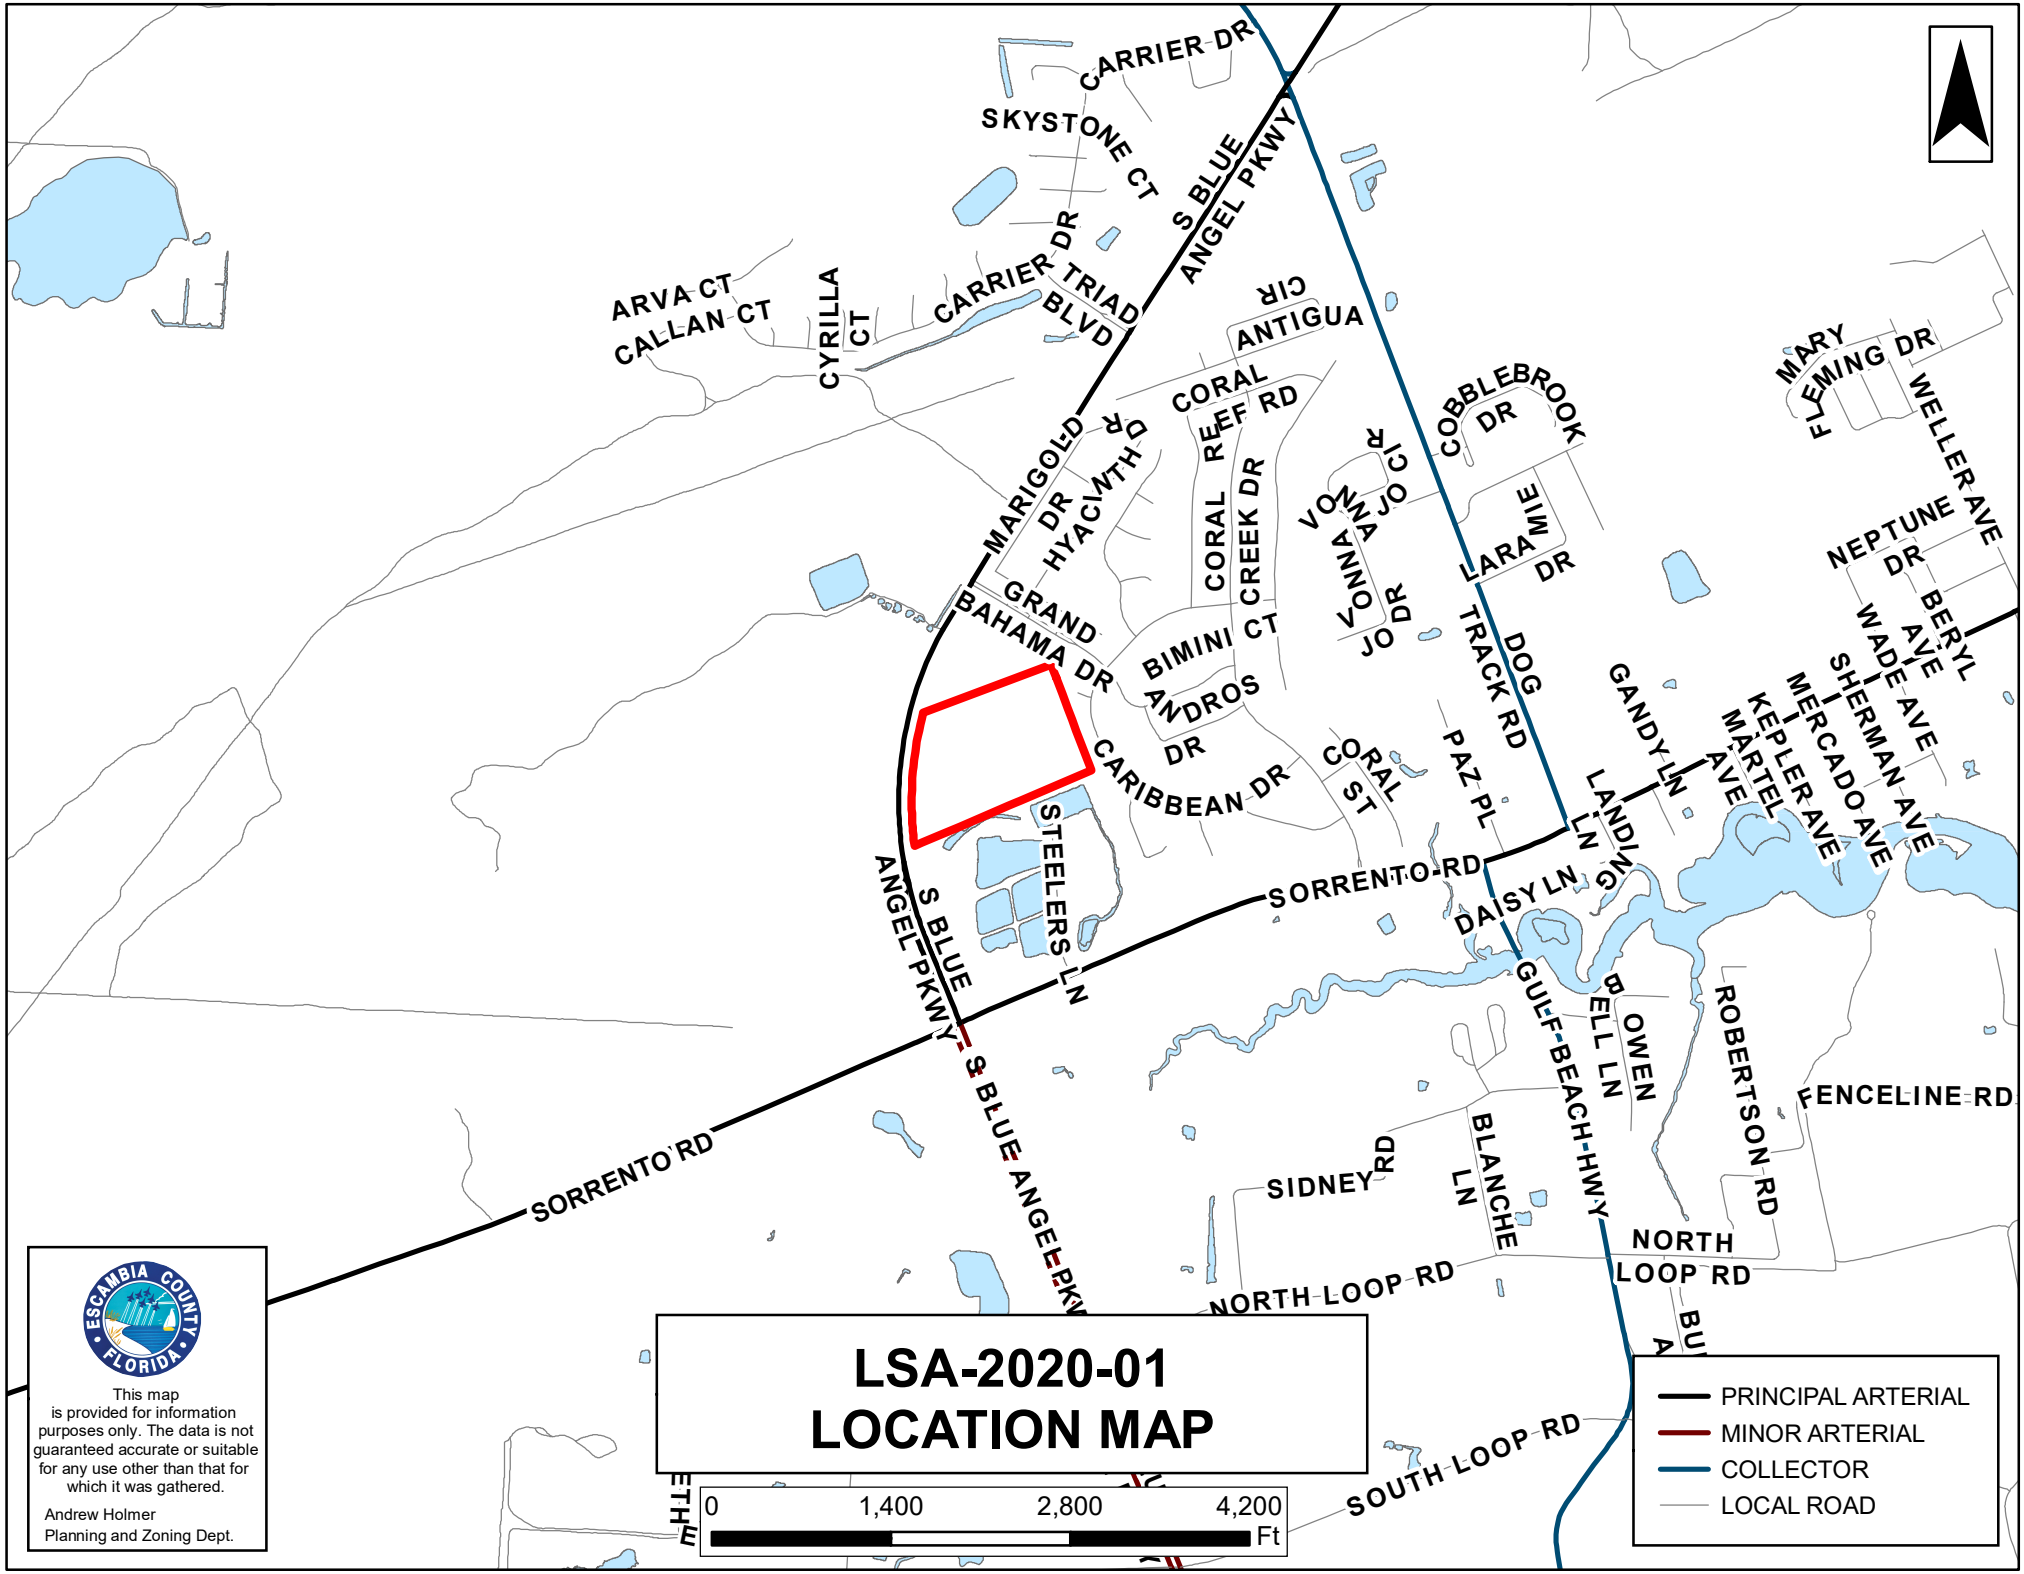
No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

This Ordinance, amending the Future Land Use Map (FLUM), will be filed with the Department of State following adoption by the board.



Implementation of this Ordinance will consist of an amendment to the FLUM and distribution of a copy of the adopted Ordinance to interested citizens and staff.

The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

I/We acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/We also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

1. Introduction

This report provides a written request for a Future Land Use Map (FLUM) Amendment of Parcel Number 05-3S-31-1500-000-000 in Pensacola, Florida. The existing FLUM designation for the property is Commercial (Com). The desired FLUM Classification is Mixed-Use Urban (MU-U). The parcel is zoned HC/LI. This zoning district allows for multi-family developments. However the current FLU of Commercial (Com) requires a commercial component be included when developing a property. Since no commercial component is proposed, a FLU category more appropriate for multi-family developments is requested, (MU-U). This request is a less intensive category than exists currently.

2. General Property Information

PROPERTY ADDRESS:	2700 Block of Blue Angel Parkway
PARCEL ID #:	05-3S-31-1500-000-000
INTENDED PROPERTY USE:	Apartment Complex
PROPERTY OWNER:	Edwards Edward K Revocable Trust 3250 W Navy Blvd Pensacola, FL 32505
DEVELOPER:	Southland Contracting, Inc. c/o Mark Conner
AUTHORIZED AGENT:	Kerry Anne Schultz, Esquire Fountain, Schultz & Bridgford, PLLC. 2045 Fountain Professional Ct., Ste A Navarre, FL 32566
LEGAL DESCRIPTION:	See enclosed Boundary Survey
PROOF OF OWNERSHIP:	See enclosed Tax Ownership Documents
CURRENT ZONING:	Heavy Commercial/ Light Industrial (HC/LI)
CURRENT FLU:	Commercial (Com)
PROPOSED FLU:	Mixed-Use Urban (MU-U)

The property is located at 2700 Block of Blue Angel Parkway in Escambia County, approximately 1,800 feet north of the intersection of Blue Angel Parkway and Sorrento Road. The parcel includes approximately 27.7 acres of property (17.42 acres of uplands) along the east side of Blue Angel Parkway. Maps of the existing property are included in the "Supplemental Documents" section of this report.

The requested FLUM Amendment to MU-U would allow for development of up to twenty-five (25) dwelling units per acre for the site. The developer is anticipating construction of approximately 312 units which calculates to 17.9 dwelling units per acre (312 units ÷ 17.42

acres) on the uplands portion of the property. Total proposed density equates to 11.3 units/acre (312 units ÷ 27.7 acres)

3. Compatibility Analysis

The correct FLU category of the property is Commercial (Com). The desired FLUM Category is Mixed-Use Urban (MU-U). Existing properties adjacent to the subject property have the following FLUM designations:

Current FLUM Designations of Surrounding Properties

North:	Mixed-Use Suburban (MU-S)
South:	Commercial (Com)
East:	Mixed-Use Suburban (MU-S)
West:	Conservation (Con)

Maps of the above listed properties and their designations is included in the "Supplemental Documents" section of this report. The maps show the limits of the Commercial (Com), Conservation (Con) and Mixed-Use Suburban (MU-S) FLUM categories. Outside of the adjacent properties, the surrounding areas to the east is predominantly designated as MU-S.

Based on the surrounding property information, the proposed land use amendment is considered compatible with adjacent land uses.

4. Public Facilities Impacts

The desired Zoning and Future Land Use Map changes have been analyzed to determine what impacts the maximum development conditions would have to the various public facilities and infrastructure that currently exists and serves the site. As mentioned, the requested FLUM Amendment to MU-U would allow for development of up to twenty-five (25) dwelling units per acre for the site; however the developer is anticipating construction of a maximum 312 residential units (11.3 units/acre). The FLU requested and the proposed use is considered a reduction in intensity over the current FLU of Commercial.

The following analysis compares impacts to public facilities for current conditions and future conditions (years 2019 & 2030) based on the maximum density calculated (312 dwelling units)

4.1 Sanitary Sewer

The property is located within the Emerald Coast Utilities Authority (ECUA) service area for sanitary sewer collection. An existing ECUA 16" sanitary force main located on Blue

Angel Parkway. Construction of an on-site sanitary lift station and connection to the existing force main would be proposed if designed, permitted and approved by ECUA.

The estimated sanitary sewer demand for the maximum development conditions of 312 dwelling units is approximately 46,800 gallons per day (150 gallons per household per day x 312 households). The Emerald Coast Utilities Authority has indicated that they have the capacity to service the developed property. A copy of the ECUA water and sewer availability letter in included in the "Supplemental Documents" section of this report.

According to the information listed above, it is determined that ECUA has the necessary capacity to provide sanitary sewer collection service to the developed site. However, any proposed development at the subject property would require the proper review and approval from ECUA prior to service connection.

4.2 Solid Waste Disposal

Solid waste collection service for development of the subject property shall be provided by the Emerald Coast Utilities Authority. Disposal of solid waste in the region is routed to the Perdido Landfill in Cantonment, Florida. The landfill is operated by the Escambia County Department of Waste Management.

Projected solid waste for the proposed development can be estimated at 6,552 pounds per day (6ppc/day x 312 units x 3.5 persons per unit). This value is estimated for a 312 dwelling units and, according to ECUA and Escambia County officials, is within the population projections for the landfill. Any future development of the site will not adversely affect the County landfill Level of Service (LOS).

4.3 Potable Water

The property is located within the Emerald Coast Utilities Authority (ECUA) service area for potable water distribution. An existing ECUA water service main (12") and an existing ECUA water transmission main (24") is located along the east side of Blue Angel Parkway. Connection to the 12" water main is proposed.

The estimated potable water demand for the maximum development conditions of 312 dwelling units is approximately 46,800 gallons per day (150 gallons per apartment unit per day x 312 households). The Emerald Coast Utilities Authority has indicated that they have the capacity to service the developed property. A copy of the ECUA water and sewer availability letter in included in the "Supplemental Documents" section of this report.

According to the information listed above, it is determined that ECUA has the necessary capacity to provide potable water service to the developed site. However, any proposed development at the subject property would require the proper review and approval from ECUA prior to service connection.

4.4 Stormwater Management

Stormwater management systems shall be designed, permitted and approved by all necessary regulatory agencies prior to development of the subject property. These agencies include (at a minimum) Escambia County, the Florida Department of

Environmental Protection, the Florida Department of Transportation and the Northwest Florida Water Management District. Current regulations require the site to obtain permitting through the State of Florida's Environmental Resource Permitting (ERP) program with design criteria that includes water quality and flood control devices which meet the current County and State requirements. The site stormwater system will be designed to attenuate a 100-yr storm event and treat the first 1" of runoff.

The property owner shall obtain all necessary State and County permits for development prior to performing any proposed improvements to the site.

4.5 Traffic

The subject property includes approximately 1,051 feet of frontage along Blue Angel Parkway. Access to the site shall be provided with a proposed connection to Blue Angel Parkway. Further review and analysis shall be required for the permitting of the future connection and the determination of any need for left/right turn lane additions.

4.6 Recreation and Open Space

Escambia County provides the community with a number of parks, recreation facilities and open spaces. The proposed FLUM amendment shall not exceed the capacity for such facilities however use of the existing County recreational facilities will be enjoyed by the residents of the proposed development.

4.7 Schools

The requested Future Land Use Map amendment would allow for a greater density of the existing property. The proposed development propses 312 dwelling units which would generate a potential impact to Escambia County schools, however discussions with School Board officials revealed that schools within the County currently have the capacity for the proposed density. According to the Escambia County School District, the proposed project meets the level of service requirements of the Florida Statutes. A copy of the School District's "Level of Service Determination" letter is included in the "Supplemental Documents" section of this report.

4.8 Power

Gulf Power has confirmed infrastructure and service available to the property to service development under the requested FLU categories. See letter from Gulf Power included in the "Supplemental Documents" section of this report.

5. Environmental, Historical and Archeological Impacts

Environmental impacts to the existing property shall be minimal. The subject property size totals roughly 27.7 acres. No known wellheads are located near the property. Conversations with officials from both Escambia County and ECUA confirmed that no wellheads are in the

project vicinity. According to officials, the closest known wellhead is over three (3) miles north east of the property.

The majority of the site is heavily wooded and is currently used as grazing lands, croplands, and timberlands. The southern and northwestern portions of the site include significantly sized wetland areas. These wetland areas have been identified and delineated totaling approximately 10.28 acres. Protection of these areas will be ensured in the design and permitting of the proposed development. A map of the delineated wetland areas is included in the "Supplemental Documents" portion of this report.

A preliminary investigation of the site shows no current signs of threatened or endangered species present on the property. The existing land cover on the northern and southern portions of the property consists of freshwater forested wetland/shrub complex and surface water complexes. Any protected trees or vegetation shall be identified prior to development.

The State of Florida Division of Historical Resources was contacted regarding the subject property. A preliminary historic and archeological investigation revealed no significant buildings, bridges, sensitive areas or other items of historical significance on or near the property. The discovery of such items is highly unlikely in the region. A copy of the correspondence received from the Florida Master Site File is included in the "Supplemental Documents" portion of this report.

6. Consistency with Comprehensive Plan

The following discussion demonstrates that the proposed Future Land Use Map amendment is consistent with the adopted Escambia County Comprehensive Plan (2030). Applicable sections from the Comprehensive Plan have been included with responses following each section.

GOAL CMS 1 CONCURRENCY MANAGEMENT SYSTEM: Escambia County will adopt a Concurrency Management System to ensure that facilities and services needed to support development are available concurrent with the impacts of such development. The Concurrency Management System will be determined by the provisions of the LDC.

> **RESPONSE:** *The proposed development is within the level of service provided by the County and the infrastructure will not be negatively impacted or degraded. In addition, the applicant understands the development must meet County standards concurrent with the CMS requirements.*

OBJ FLU 1.5: Sustainable Development - Escambia County will promote sustainable development by encouraging compact, mixed- and multi-use land use patterns.

> **Policy FLU 1.5.2: Compact Development and Maximum Densities and Intensities - To ensure developments are designed to be compact and to accommodate travel mode choice, especially for short, local trips, the County will require minimum densities in the Mixed-Use-Suburban Future Land Use category and encourage the maximum densities and intensities in the Mixed Use-Urban Future Land Use category.**

RESPONSE: *The Future Land Use Change request for the property is Mixed-Use Urban (MU-U). The properties to the east (outside of those immediately adjacent to the property) are designated MU-S; therefore, compact development is continuing to be promoted in this region. In addition, the maximum densities are desired, on-site wetlands limit the development to 11.3 units per acre, 25 units per acre is allowed.*

Chapter 10: Infrastructure Element - The purpose of the Infrastructure Element is to provide guidance in the provision of services necessary to accommodate existing and future development in a way that is environmentally sensitive, efficient, and cost-effective. Included within this Element are goals, objectives and policies regarding potable water provision, wastewater treatment, solid waste disposal, stormwater management and aquifer protection. The adequate provision of these services is intended to promote orderly growth within areas best suited to accommodate development, protect sensitive natural resource systems and rural and agricultural areas, and preserve the public health, safety, and general welfare of Escambia County's citizens.

RESPONSE: *The subject parcel is located in Escambia County. As proven in Section 4 of this report, the proposed FLUM amendment for the subject parcel meets the goals, objectives and policies regarding potable water, wastewater, solid waste, stormwater management, traffic, schools, and aquifer protection. See attached availability letters in the "Supplemental Documents" section of this report.*

OBJ CON 1.3: Surface Water Resources - Protect and improve the quality, biological health, and natural function of all surface water systems to preserve their ecological and aesthetic values.

CON 1.3.1: Stormwater Management - Escambia County shall protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater management facilities concurrent with the demand for such facilities.

RESPONSE: *Stormwater management facilities shall be designed, permitted and approved by all necessary regulatory agencies prior to development of the subject property. These agencies include (at a minimum) Escambia County, the Florida Department of Environmental Protection and the Northwest Florida Water Management District. The property owner shall obtain all necessary State and County permits for development prior to performing any proposed improvements to the site.*

CON 1.3.6: Wetland Development Provisions - Development in wetlands will not be allowed unless sufficient uplands do not exist to avoid a taking. In this case, development in wetlands will be restricted to allow residential density uses at a maximum of one unit per five acres or to the density established by the future land use map containing the parcel, whichever is more restrictive, or one unit per lot of record if less than five acres in size. (For this policy, lots of record do not include contiguous multiple lots under single ownership.)

a. **With the exception of water-dependent uses, commercial and industrial land uses will not be located in wetlands that have a high degree of hydrological or biological significance, including the following types of wetlands:**
   1. **Wetlands that are contiguous to Class II or Outstanding Florida Waters;**
   2. **Wetlands located in the FEMA Special Flood Hazard Areas;**
   3. **Wetlands that have a high degree of biodiversity (three or more focal species) or habitat value based on maps prepared by the Florida Fish and Wildlife Conservation Commission (FFWCC) or Florida Natural Areas Inventory (see attached maps adopted as part of the comprehensive plan), unless a site survey demonstrates that there are no listed plant or animal species on the site. The Escambia County Biodiversity Hot Spots Map and the Escambia County Critical Habitat Map are attached to this Ordinance as Exhibits O and P, respectively.**

RESPONSE: *The wetland areas on the subject property have been identified and delineated. Protection of these areas will be ensured in the design and permitting of the proposed development. A map of the delineated wetland areas is included in the "Supplemental Documents" portion of this report.*

OBJ CON 1.4: Groundwater Resources - Protect and conserve the quality and quantity of groundwater resources to ensure public health and safety, adequate potable water supplies.

CON 1.4.1: Wellhead Protection - Escambia County will provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions will establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.

RESPONSE: *The subject parcel is located approximately three and a half (3.5) miles from the nearest wellhead owned by ECUA. No wellhead impacts are anticipated.*

Letter of Capacity Reservation

Dear Mr. Hartman:

ECUA is in receipt of your inquiry concerning the availability of ECUA service/s for the above-referenced project. ECUA provides Potable Water Production Well and/or Wastewater Treatment Plant Capacity Letters exclusively to assist with your permitting efforts through Escambia County's development and concurrency review process. The administration of the concurrency review process is the sole responsibility of Escambia County, and ECUA plays no role in it.

For the purpose of concurrency review only, ECUA anticipates no problems in potable water production well capacity or wastewater treatment plant capacity for the flow rates indicated on your inquiry/request form. This letter is valid for a period not to exceed one (1) year from the date of issuance.

This letter does not guarantee that ECUA's existing water distribution or sanitary sewer collection infrastructure (mains, lift stations, etc.) in the area of your project are sufficient to serve your project; instead, this letter solely addresses potable water production well capacity and/or wastewater treatment plant capacity. Therefore, the project referenced above may require various extensions, additions, upgrades, and/or modifications to the existing ECUA water and/or sewer infrastructure that you, as the Developer, may be required to pay for and install as part of your project.

All extensions, additions, upgrades, and/or modifications to the potable water or sewer collection systems to serve this project must be designed, approved and constructed in accordance with ECUA's policies, procedures, and all applicable permitting requirements. Please submit your project to ECUA Engineering so we can work with your Engineer of Record to evaluate your project's potable water distribution and sanitary sewer collection system needs.

Sincerely,

Stacy N. Hayden, PE

RBA Project No.: 2017.253

1. Introduction

This report addresses the topic of "Urban Sprawl" for the Future Land Use Map (FLUM) Amendment request of Parcel Number 05-3S-31-1500-000-000 in Pensacola, Florida. The existing FLUM designation for the property is Commercial (Com). The desired FLUM Classification is Mixed-Use Urban (MU-U).

2. General Property Information

PROPERTY ADDRESS:	2700 Block of Blue Angel Parkway
PARCEL ID #:	05-3S-31-1500-000-000
INTENDED PROPERTY USE:	Apartment Complex
CURRENT ZONING:	Heavy Commercial/ Light Industrial (HC/LI)
CURRENT FLU:	Commercial (Com)
PROPOSED FLU:	Mixed-Use Urban (MU-U)

The property is located at 2700 Block of Blue Angel Parkway in Escambia County, approximately 1,800 feet north of the intersection of Blue Angel Parkway and Sorrento Road. The parcel includes approximately 27.7 acres of property (17.42 acres of uplands) along the east side of Blue Angel Parkway. Maps of the existing property are included in the "Supplemental Documents" section of this report.

3. Urban Sprawl

Urban Sprawl can be defined as a "development pattern characterized by low density, automobile- dependent development with uses that are not functionally related, requiring the extension of public facilities and services in an inefficient manner." The purpose of this report is to prove that the proposed Future Land Use Map Amendment does not encourage the proliferation of urban sprawl as required by Florida Statute (F.S.) 163.3177. The preferred development pattern characteristics are listed and addressed below.

Excerpt from F.S. 163.3177:

(I) Directs or locates economic growth and associated land development to geographic areas of the community in a manner that does not have an adverse impact on and protects natural resources and ecosystems.

The existing natural resources and ecosystems within the vicinity of the project shall be protected and not be negatively impacted as a result of the proposed residential development. Public water and sewer systems are available at, or near, the site and will be connected to for service. The site will not contain wells or septic systems which could impact natural resources. In addition, the ecosystems, specifically the wetland areas, located on the property shall be protected by the appropriate buffers required by the County and State for development.

(II) Promotes the efficient and cost-effective provision or extension of public infrastructure and services.

The proposed development is located along frontage of Blue Angel Parkway. No major public infrastructure "extension" would be required to support the site.

(III) Promotes walkable and connected communities and provides for compact development and a mix of uses at densities and intensities that will support a range of housing choices and a multimodal transportation system, including pedestrian, bicycle, and transit, if available.

The proposed residential subdivision shall provide for compact development and mixed densities/intensities. The community shall be designed with low speed drive aisles and sidewalks. In addition, amenities of the development shall include recreational areas such as a park and/or clubhouse within a walkable distance.

(IV) Promotes conservation of water and energy.

As previously mentioned, public water and sewer systems are available at, or near, the site and will be connected to for service. The site will not contain wells which could consume natural resources. In addition, construction of the apartment complex shall be in accordance with the Florida Building and Plumbing Code which regulates energy conservation and protection of the potable water supply.

(V) Preserves agricultural areas and activities, including silviculture, and dormant, unique, and prime farmlands and soils.

N/A – Preservation agricultural areas and activities are not proposed.

(VI) Preserves open space and natural lands and provides for public open space and recreation needs.

The proposed residential development shall preserve areas of open space for recreational use. In addition, the existing wetland areas on the property shall be protected and conserved by including natural buffers in upland areas.

(VII) Creates a balance of land uses based upon demands of the residential population for the nonresidential needs of an area.

N/A – The proposed development includes only residential uses.

(VIII) Provides uses, densities, and intensities of use and urban form that would remediate an existing or planned development pattern in the vicinity that constitutes sprawl or if it provides for an innovative development pattern such as transit-oriented developments or new towns as defined in s. 163.3164.

N/A – The project doesn't remediate an existing or planned development patterns.

4. Conclusion

The proposed residential development and Future Land Use Map Amendment does not encourage the proliferation of urban sprawl. This conclusion is based on the factors described above and summarized below as the development:

- Shall protect the existing natural resources and ecosystems within the vicinity.
- Promotes efficient development and shall provide for compact development and mixed densities/intensities.
- Shall promote energy conservation and protection of the potable water supply. Shall preserve areas of open space and conserve natural lands.

Comprehensive Plan
Large-Scale Future Land Use Map Amendment
Staff Analysis

General Data

Project Name:	LSA 2020-01– Amending the Comprehensive Plan, Chapter 7, 2030 FLU map.
Location:	2700 BLK Blue Angel Parkway
Parcel #s:	05-3S-31-1500-000-000
Acreage:	26.760 (+/-) acres.
Request:	Commercial (C) to Mixed-Use Urban (MU-U).
Agent:	**Kerry Anne Schultz, Esquire, Agent for** Chris Thompson, Agent for Thomas Bizzell & Martin Sharron, Successor Co-Trustees for Edward K. Edwards Revocable Trust
Meeting Dates:	Planning Board, February 4, 2020 BCC March 5, 2020 (Transmittal)

Site Description and Summary of Proposed Amendment:

The parcel is located on the East side of Blue Angel Parkway about .25 miles (+/-) North of the intersection with Sorrento Road.

Commercial. "Intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development." "Range of Allowable Uses: Residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 1.0.

Mixed-Use Urban. "Intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category as a whole." The range of allowable uses is "residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 2.0.

Analysis of Availability of Facilities and Services:

The availability of public facilities and services for the site of a Future Land Use map amendment requires analysis of the general demands of its proposed use. All specific level of service (LOS) standards established by Escambia County are evaluated for compliance during the review processes prescribed by the LDC for approval of proposed development.

Sanitary Sewer Service.

CP Policy INF 1.1.7 Level of Service (LOS) Standards. *Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

CP Policy INF 1.1.11 Required New Service Connection. *All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

Analysis: The subject property is within the service area of the Emerald Coast Utility Authority (ECUA) for sanitary sewer. The applicant provided a letter from ECUA stating services for water and sanitation are provided by ECUA. Any new proposed development will have a complete reviewed during the Development Review Process.

Solid Waste Disposal.

CP Policy INF 2.1.2 Perdido Landfill Operation. *Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.*

CP Policy INF 2.1.4 Level of Service (LOS) Standards. *The LOS standard for solid waste disposal will be 6 pounds per capita per day.*

Analysis: Escambia County continues to maintain its adopted solid waste LOS commitments. The Department of Waste Services reported in its 2018 solid waste LOS analysis that the current build-out for disposal at the Perdido Landfill will provide solid waste disposal capacity through 2045.

Potable Water Service.

CP Policy INF 4.1.4 Concurrency Management. *Escambia County will ensure the provision of potable water facilities concurrent with the demand for such facilities but no later than the certificate of occupancy, as created by development or redevelopment through the implementation of the Concurrency Management System.*

CP Policy INF 4.1.6 Developer Responsibility. *The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.*

CP Policy INF 4.1.7 Level of Service (LOS) Standards. *The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per*

day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.

Analysis: Based on the applicant's documentation the parcel is under the ECUA service area; the applicant has submitted a letter of service availability from the provider. Any proposed development will submit for a complete review and obtain approval from the Development Review Committee.

Stormwater Management.

CP Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.*

CP Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

CP Policy INF 3.1.7 Level of Service (LOS) Standards. *Stormwater management LOS will be monitored through the provisions in the LDC design standards.*

Analysis: Compliance with adopted stormwater management provisions that implement these policies would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use.

Streets and Access.

CP Policy MOB 1.1.1 Level of Service (LOS) Standards. *Levels of Service (LOS) will be used to evaluate facility capacity. Escambia County will adopt LOS standards for all roadways as indicated in the LDC. The standards for SIS facilities may be revised based on changes to the federal classification of these roadways. These standards are not regulatory but provide a basis by which the County may monitor congestion and coordinate needed improvements with FDOT.*

Analysis: The parcel fronts Blue Angel Parkway which is a FDOT maintained road, classified as a minor arterial roadway. Any new development will have to apply for review and approval thru the Development Review Committee.

Transportation & Traffic Operations (TTO) Comments – LSA-2020-01

TTO Staff has reviewed LSA-2020-01, 2700 Blue Angel Parkway, approximately 1,400 feet north of the Sorrento Road intersection. The requested Future land use change is from Commercial (C) to Mixed Use – Urban (MU-U) and scheduled for February 4, 2020 Planning Board Meeting. Please see the below comments.
This segment of (SR 173) Blue Angel Parkway is a three-lane typical section with two lanes northbound including a paved shoulder/bike lane, and one lane southbound. South of the parcel, Blue Angel Parkway expands to provide a southbound dedicated left and right turn lane at the signalized intersection with Sorrento Road. Blue Angel Parkway has an

approximate right-of-way width of 200 feet. The County does not have any proposed improvement projects scheduled for Blue Angel Parkway in this area. FDOT recently completed engineering plans to widen Blue Angel Parkway from Sorrento Road to US 98; however, has not fully identified funds for the right-of-way and construction phases.
Per the Florida-Alabama TPO's Congestion Management Process Plan, Blue Angel Parkway is classified as a minor arterial with a maximum LOS of D and a corresponding daily volume threshold of 17,700. Near the subject property, the daily volume on Blue Angel Parkway for 2019 was recorded as 17,500.
TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

Public School Facilities.

CP Policy ICE 1.3.1 Interlocal Agreement for Public School Facility Planning. *In cooperation with the School Board and the local governments within Escambia County, the County will implement the Interlocal Agreement for Public School Facility Planning (herein Interlocal Agreement) that establishes procedures for coordination and sharing of information, planning processes, and implementation.*

Analysis: Based on the public records of Escambia County, the assigned schools that service this area are Pleasant Grove Elementary, Bailey Middle, and Escambia High. The applicant has provided a letter from the Escambia County School District Facilities Planning Director, stating that capacity for this project meets the School Level of Service requirements.

Analysis of Suitability of Amendment for Proposed Use:

The suitability of a Future Land Use map amendment for its proposed use requires an analysis of the characteristics of the site and its resources relative to Comprehensive Plan (CP) goals, objectives, and policies. For these purposes, suitability is the degree to which the existing characteristics and limitations of land and water are compatible with the proposed use or development. Compliance with specific regulations and standards established by Escambia County, including those for public facilities and services, are evaluated during the development review processes prescribed by the LDC for approval of proposed development.

Impact on Land Use.

CP Policy FLU 1.3.1 Future Land Use Categories. *General descriptions, range of allowable uses, and residential densities and non-residential intensities for all future land use categories in Escambia County are outlined in Table 1* [of the Escambia County Comprehensive Plan].

Analysis:

The referenced Comprehensive Plan table describes the current Commercial FLU as intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development. MU-U FLU as intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category. Residential density is limited to 25

dwelling units per acre. If the amendment is approved the proposed Future Land Use to MU-U would be consistent with the existing zoning; there would be a decrease on the intensity of the development, but it would potentially accommodate a proposed residential development that would be compatible with the surrounding uses.

Impact on Wellheads.

CP Policy CON 1.4.1 Wellhead Protection. *Escambia County will provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions will establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.*

Analysis: Based on the GIS wellhead protection areas layer, there are no wellhead protection areas within the parcel. Any new development will have to submit for Development Review Process.

Impact on Historically Significant Sites.

CP Policy FLU 1.2.1 State Assistance. *Escambia County will utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archeological and/or historic sites or structures within the County and will utilize guidance, direction, and technical assistance received from this agency.*

Analysis: A letter from the Historical Resources, Florida Master File was provided which states no previously recorded cultural resources were found for the site. At the time of development review if any historic or archeological resources or structures are discovered, the county will request the appropriate guidance, direction and technical assistance from the State, in accordance with current regulations.

Impact on the Natural Environment.

CP Policy CON 1.1.2 Wetland and Habitat Indicators. *Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC) LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.*

CP Policy CON 1.1.6 Habitat Protection. *Escambia County will coordinate with the FDEP, FFWCC, and other state or federal agencies so as to provide the fullest protection to marine or wildlife habitats that may be impacted by existing or proposed development within the County.*

CP Policy CON 1.3.1 Stormwater Management. *Escambia County will protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater management facilities concurrent with the demand for such facilities.*

CP Policy CON 1.3.6 Wetland Development Provisions. *Development in wetlands will not be allowed unless sufficient uplands do not exist to avoid a taking. In this case,*

development in wetlands will be restricted to allow residential density uses as indicated by the LDC:

CP Policy CON 1.6.3 Tree Protection. *Escambia County will protect trees through LDC provisions.*

Analysis: The applicant stated that wetlands on-site have been identified and delineated. The applicant understands and will comply with the design and permitting processes requirements during the Site Plan Review process.

Urban Sprawl

CP Objective FLU 1.3 Future Land Use Map Designations. *Designate land uses on the FLUM to discourage urban sprawl, promote mixed use, compact development in urban areas, and support development compatible with the protection and preservation of rural areas.*"

Analysis: The proposed FLU amendment would promote mixed uses in the urban areas, with compatible development.

CP Policy FLU 2.2.1 Location. Public facilities and services will be located to minimize their cost and negative impacts on the natural environment and maximize their efficiency. Cost alternatives, impacts on the environment, and levels of efficiency will be discussed during the design phase and bid process utilized by the County to accomplish the installation or location of public facilities and/or services. In addition, the County will coordinate with the ECUA, other water and/or sewer providers, and state or federal agencies with facilities located in the County or with plans to expand existing facilities or create new facilities in the County. Among other things, it is the intent of this policy that public facilities and services are available to support the densities and intensities of uses provided by this Plan and the FLUM and that there is adequate and suitable land available for such utility facilities.

CP Policy FLU 2.2.4 Existing Facilities. Prior to embarking on the construction of new capital improvements, Escambia County will consider the feasibility of upgrading or rehabilitating existing facilities to determine if the rehabilitation of present facilities would be in the best interest of the County and its citizens.

Analysis: The applicant has submitted capacity letters from supporting agencies addressing the availability of public services. Any new proposed project will be required to meet the current regulations, as it relates to the availability of public services to support the requested densities and intensities.

ORDINANCE NUMBER 2020-___

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART II OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE ESCAMBIA COUNTY COMPREHENSIVE PLAN: 2030, AS AMENDED; AMENDING CHAPTER 7, "THE FUTURE LAND USE ELEMENT," POLICY FLU 1.1.1, TO PROVIDE FOR AN AMENDMENT TO THE 2030 FUTURE LAND USE MAP, CHANGING THE FUTURE LAND USE CATEGORY OF A PARCEL, WHICH IS LOCATED WITHIN SECTION 05, TOWNSHIP 3S, RANGE 31W, AND WHICH IS IDENTIFIED AS PARCEL ID NUMBER 05-3S-31-1500-000-000 TOTALING 26.76(+/-) ACRES, LOCATED ON BLUE ANGEL PARKWAY, FROM COMMERCIAL (C) TO MIXED USE URBAN (MU-U); PROVIDING FOR A TITLE; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Chapter 163, Part II, Florida Statutes, Escambia County adopted its Comprehensive Plan on April 29, 2014; and

WHEREAS, Chapter 125, Florida Statutes, empowers the Board of County Commissioners of Escambia County, Florida to prepare, amend and enforce comprehensive plans for the development of the County; and

WHEREAS, the Escambia County Planning Board conducted a public hearing and forwarded a recommendation to the Board of County Commissioners to consider changes (amendments) to the Comprehensive Plan; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida finds that the adoption of this amendment is in the best interest of the County and its citizens;

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Escambia County, Florida, as follows:

Section 1. Purpose and Intent

This Ordinance is enacted to carry out the purpose and intent of, and exercise the authority set out in, the Community Planning Act, Sections 163.3161 through 163.3215, Florida Statutes.

Section 2. Title of Comprehensive Plan Amendment

This Comprehensive Plan amendment shall be entitled – "Large Scale Amendment 2020-01."

Section 3. Changes to the 2030 Future Land Use Map

The 2030 Future Land Use Map, as adopted by reference and codified in Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; Chapter 7, "Future Land Use Element," Policy FLU 1.1.1; and all notations, references and information shown thereon, is further amended to include the following future land use changes:

(A) A parcel of land which is located within Section 05, Township 3S, Range 31W, parcel number 05-3S-31-1500-000-000 and totaling 26.76 (+/-) acres, located on Blue Angel Parkway, as more particularly described in the Boundary Survey produced by E. Wayne Parker, a registered Florida land surveyor, dated 1/23/1985, attached as Exhibit A, from Commercial (C) to Mixed-Use Urban (MU-U).

Section 4. Severability

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 5. Inclusion in the Code

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by Section 125.68, Florida Statutes, and that the sections, subsections and other provisions of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

Section 6. Effective Date

Pursuant to Section 163.3184(3)(c)(4), Florida Statutes, this Ordinance shall not become effective until 31 days after the Department of Economic Opportunity notifies Escambia County that the plan amendment package is complete. If timely challenged, this Ordinance shall not become effective until the Department of Economic Opportunity or the Administration Commission enters a final order determining the Ordinance to be in compliance.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17608 **Growth Management Report** **14. 1.**
BCC Regular Meeting **Action**
Meeting Date: 03/05/2020
Issue: Action Item - Brylington Manor Final Plat
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning Final Plat Brylington Manor, Permit FP# 19124160
That the Board take the following action concerning recording of Brylington Manor (a 74-lot public residential subdivision) located in the Saufley Field Community, lying south of Mobile Highway (U.S. Highway 90), and west of Klondike Road. Owned and developed by Ashton, LLP. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the Final Plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statutes:

A. Approve the final plat for recording;

B. Accept all public easements, pond, drainage improvements within public easements as depicted upon the final plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU); and

C. Authorize the Chairman or Vice Chairman to execute a Two-Year Warranty Agreement with Surety for Streets and Drainage improvements.

BACKGROUND:

The preliminary plat and construction plans were approved on August 15, 2018. The Escambia County Public Safety Department approved the street names “Brylington Boulevard,” and “Brylington Loop,” on May 18, 2018. Development Services Department inspected the improvements on February 6, 2020, and found improvements substantially complete and in accordance with applicable County Requirements. An executed Two-Year Warranty Agreement with Surety, an Irrevocable Letter of Credit, and Infrastructure Maintenance Disclosure, will be

recorded with the Final Plat. Staff has reviewed the final plat.

LEGAL CONSIDERATIONS/SIGN-OFF:

This recommendation is consistent with previous practices of the County Attorney's Office. The Two-Year Warranty Agreement with Surety, and Irrevocable Letter of Credit, were reviewed and approved by Kia Johnson on February 21, 2020.

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required. Future Road Department budgets will reflect additional cost to maintain these improvements, if any.

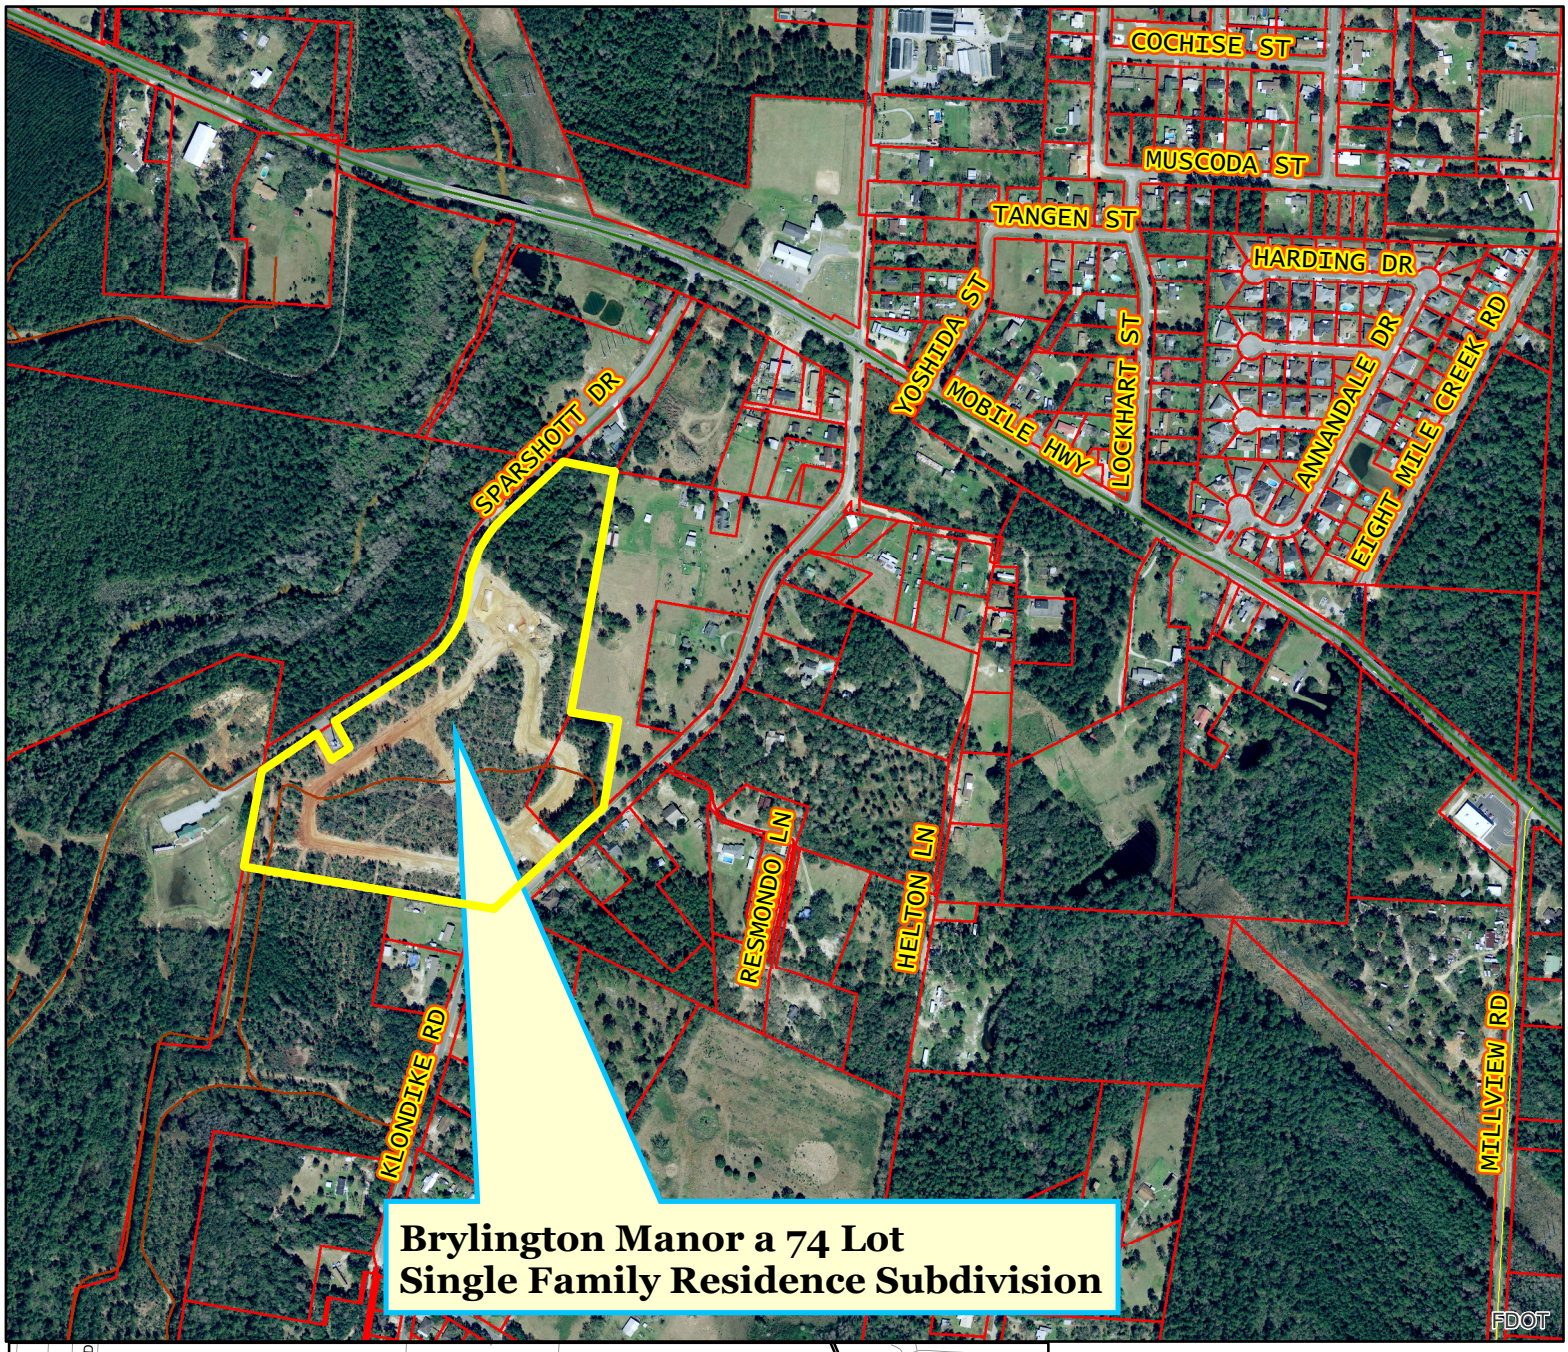
POLICY/REQUIREMENT FOR BOARD ACTION:

Based on Escambia County Land Development Code – with regards to providing procurement for surety to warrant subdivision improvements (Ord. #2002-9) and the Florida State Plat Act - Chapter 177.

IMPLEMENTATION REQUIREMENTS:

Once the final plat has been approved by the Board and final sign-off given by the County Surveyor, the plat shall be transmitted to the Clerk of Court's Office for Clerk signatures and recording in the public records of Escambia County, Florida.

COORDINATION WITH OTHER AGENCIES/PERSONS:



Staff has been in contact with the developer, developer's engineer and surveyor, County Engineer, County Surveyor, County Road Department, County Building Inspections and Development Services Department.

TWO-YEAR WARRANTY AGREEMENT
FOR STREETS AND DRAINAGE IMPROVEMENTS WITH
SURETY/FINANCIAL SECURITY

This Two-Year Warranty Agreement (Agreement) is entered by and between **Ashton LLP**, a corporation organized under the laws of the State of Florida whose address is **910 N. Navy Blvd., Pensacola, FL 32507** (Developer) and Escambia County, a political subdivision of the State of Florida, whose address is Post Office Box, 1591, 221 Palafox Place, Pensacola, Florida 32591 (County).

WITNESSETH:

WHEREAS, Developer has undertaken to develop and construct certain streets and drainage improvements in and for **Brylington Manor** Development, more particularly described as follows:

See Exhibit A (Legal Description) for **Brylington Manor** PB____PG____; and

WHEREAS, Developer wishes to have the streets and drainage improvements dedicated to the public and accepted for maintenance by the County; and

WHEREAS, the streets and drainage improvements have been built and approved in accordance with County standards; and

WHEREAS, a condition of the County accepting the streets and drainage improvements is the Developer's agreement to provide a warranty for the improvements;

NOW, THEREFORE, in consideration of the County accepting the streets and drainage improvements, and for other good and sufficient consideration, the receipt of which is acknowledged, Developer and the County agree as follows:

1. The foregoing recitals are incorporated in this Agreement by reference.

2. Developer warrants that it shall, at its sole expense, for a period of two years from the date of the County's acceptance of the above-referenced streets and drainage improvements (Warranty Period):

   a. repair all defects due to design, construction, materials or workmanship that may be discovered during the Warranty Period; and

   b. take every reasonable precaution during the course of any repairs to protect the work from damage by the elements and provide and maintain suitable barricades and signs, which shall remain lighted from sunset to sunrise; and

   c. indemnify, pay on behalf of, protect, defend, and hold harmless the County, or its officers, agents, and employees from and against any demand, claim, suit, loss, expense or damage that may be asserted against any of them by reason of any alleged damage to property or injury to

or death of any person arising out of or in any way related to a defect in streets and drainage improvements or Developer's obligations under this Agreement.

3. During the Warranty Period, if in the judgment of the County Engineer or her designee repairs to the streets and drainage improvements become necessary due to any defect in the design, construction, materials, or workmanship, then upon notice from the County, Developer shall, at its sole expense, remove and replace all defective materials, repair any defects, and otherwise bring the improvements into compliance with the construction drawings and specifications approved by the Escambia County Development Review Committee. Developer shall correct any defect within thirty (30) calendar days, or, if the defect cannot reasonably be corrected within that period, commence corrective action within thirty (30) calendar days and thereafter diligently pursue the corrective action to completion. The County Engineer, in her sole discretion, may require the Developer to fulfill its obligations within a shorter period of time in order to comply with federal, state or local regulations or to protect the public health, safety, or welfare. Should the Developer fail to fulfill its obligations, the County may perform the repairs necessary to correct the defect, and the Developer shall be responsible for the costs of any such repairs, even if the County performs the repairs after the expiration of the Warranty Period. If the Developer fails to pay the costs incurred by the County within thirty (30) days of County's written demand, then the County may pursue collection of such costs in a court of competent jurisdiction.

4. In any judicial action brought by the County to enforce the provisions of this Agreement, Developer agrees to pay the costs, including reasonable attorney's fees through appeal, that the County may incur. Venue for any judicial action shall lie in Escambia County, Florida.

5. The parties shall execute the original Agreement with all attached exhibits. The Developer shall record the executed Agreement in the public records and provide a certified copy of the recorded Agreement to the County's Engineering Department.

6. During the Warranty Period, Developer shall advise the County in writing of any change in address, contact information or corporate status.

7. Developer's obligations under this Agreement shall include, but not be limited to, the following infrastructure deficiencies: (i) cracked concrete and cracked curbing, (ii) minor ponding of water on the asphalt, (iii) minor settling of asphalt areas, (iv) minor deficiencies in storm pipe, (v) ponds recharging at a slow rate but still meeting regulatory requirements, and (vi) stabilization and erosion.

8. Developer's failure to perform its obligations under this Agreement may result in the denial of building permits and certificates of occupancy.

9. In order to ensure completion of streets and drainage improvements, Developer provides as a security deposit a **Letter of Credit** (attached as Exhibit B) in the amount of **$37,043.86**, which is based on a certified cost estimate prepared and sealed by Developer's Engineer, subject to approval by the County Engineer. A copy of the cost estimate is attached as Exhibit C. The estimate shall list acceptable improvements and any minor documented deficiencies to be evaluated by the County Engineer at a future date prior to release of warranty, including, if applicable, any proposed or required sidewalks. If cash is provided as a security deposit, the County will deposit it in an escrow account with withdrawals conditioned upon the approval of the County Engineer; unused funds shall be released to the Developer upon satisfactory completion of the punch list items. If an irrevocable letter of credit is provided as a security deposit, the original letter of credit shall be

returned to the Developer, and the County Administrator shall execute a waiver of the County's right to draw funds on the letter of credit upon satisfactory completion of the Warranty Period.

IN WITNESS THEREOF, the parties have executed this Agreement on the dates shown below.

Re: Letter of Credit for portions of Asphalt
Brylington Manor Subdivison
Klondike Road
RBA Project No.: 2016.192

To whom it may concern:

Portions of Asphalt within the newly constructed Brylington Manor have been deemed questionable by the County. After several field visits with the Contractor, the County has agreed to allow these areas be covered by a 2-year irrevocable line of credit. A cost estimate has been prepared by the Engineer of Record, Mark Evan Robertson II, and is attached with an exhibit showing the areas in question to be covered by this credit.

By averaging the three lowest bids from the December 1, 2018 to November 30, 2019 General Paving and Drainage Pricing Agreement, the total equates to $24,695.90. When a 150% contingency is added the total equates to 37,043.86.

An irrevocable line of credit from Harvesters Federal Credit Union has been provided by Chavers Construction Inc., the Contractor, for this amount. This line of credit is attached to the 2-Year Warranty Agreement that will be recorded with the subdivision.

If you have any questions or need any additional information, please do not hesitate call our office.

Sincerely,

N. Application for January 1, 2021, 12:00 a.m. to 12:15 a.m.

BACKGROUND:

Escambia County Noise Abatement Ordinance Number 2001-8 (Escambia County Code of Ordinances, Chapter 42, Article III., Noise) was adopted by the Board of County Commissioners (BCC) on March 1, 2001 for the purpose of protecting, preserving, and promoting the health, safety, welfare, peace and quiet of the citizens of Escambia County through the reduction, control, and prevention of loud and raucous noise, or any noise which unreasonably disturbs, injures, or endangers the comfort, repose, health, peace, or safety of reasonable persons of ordinary sensitivity. Subsequently, on August 3, 2001, the BCC adopted Escambia County Ordinance Number 2001-36 to amend Escambia County Ordinance 2001-8 in order to provide a means of exemption to the Noise Abatement Ordinance to allow a fair and just application of the Ordinance and grant limited waivers of the restrictions imposed by the Noise Abatement Ordinance to allow special outdoor events to take place in the community while still protecting the health, safety and welfare of the citizens of Escambia County, and promoting an environment free from sound and disruptive of peace and good order. On July 23, 2013, the BCC adopted Escambia County Ordinance Number 2013-31, stating that the County has authority to regulate within its jurisdiction unreasonably loud noise based on decibel ratingsbeyond certain limits and providing for two different noise regulation standards within Escambia County is consistent with the Equal Protection Clause, so long as the division created is rationally related to a legitimate government objective. On January 16, 2014, the BCC adopted Escambia County Ordinance Number 2014-5, defining the core area of Santa Rosa Island and providing two different noise regulation standards for the areas of Santa Rosa Island that are primarily commercial businesses and the areas that are almost exclusively residential to better ensure the health, safety, welfare, tranquility, and peace of the public.

POLICY/REQUIREMENT FOR BOARD ACTION:

Escambia County Code of Ordinances, CHapter 42, Article III. Noise. Section 42-66. Exemptions. (g), provides that the County Administrator shall provide the permit application as well as any other available information to the Board of County Commissioners for consideration at a meeting of the Board of County Commissioners. The Board of County Commissioners may impose any other conditions on the permit, as it deems necessary, to reduce the disturbance to surrounding or neighboring properties.

IMPLEMENTATION/COORDINATION:

The Building Inspections Division will issue a Special Event Permit for each exemption approved in this recommendation.

Upon Board approval, the Escambia County Sheriff's Office will be notified of the issuance of each waiver.

BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 03/05/2020
Issue: Noise Waivers for the Soundside Merchants Association Crawfish Festival
From: Tim Tolbert, Building Official/Department Director
Organization: Building Services
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Limited Waiver of the Escambia County Noise Abatement Ordinance for the Soundside Merchants Association Crawfish Festival Fireworks Display - Tim Tolbert, Building Official/Department Director

That the Board approve the following individual "Special Event Permit Application" for a limited waiver of the noise restrictions imposed by the Escambia County Noise Abatement Ordinance regarding Pensacola Beach, allowing the number of sound decibels to exceed 70 dbA (sound level measured by taking four sound readings over a continuous 15 minute period, with the four readings taken at approximately equal intervals at or within the property boundary of the receiving land use) for the Soundside Merchants Association Crawfish Festival Fireworks Display to be launched from a barge offshore near 400 Quietwater Beach Road on April 18, 2020, from 8:00 p.m. to 8:30 p.m.

BACKGROUND:

Escambia County Noise Abatement Ordinance Number 2001-8 (Escambia County Code of Ordinances, Chapter 42, Article III., Noise) was adopted by the Board of County Commissioners (BCC) on March 1, 2001 for the purpose of protecting, preserving, and promoting the health, safety, welfare, peace and quiet of the citizens of Escambia County through the reduction, control, and prevention of loud and raucous noise, or any noise which unreasonably disturbs, injures, or endangers the comfort, repose, health, peace, or safety of reasonable persons of ordinary sensitivity. Subsequently, on August 3, 2001, the BCC adopted Escambia County Ordinance Number 2001-36 to amend Escambia County Ordinance 2001-8 in order to provide a means of exemption to the Noise Abatement Ordinance to allow a fair and just application of the Ordinance and grant limited waivers of the restrictions imposed by the Noise Abatement Ordinance to allow special outdoor events to take place in the community while still protecting the health, safety and welfare of the citizens of Escambia County, and promoting an environment free from sound and disruptive of peace and good order. On July 23, 2013,

the BCC adopted Escambia County Ordinance Number 2013-31, stating that the County has authority to regulate within its jurisdiction unreasonably loud noise based on decibel ratingsbeyond certain limits and providing for two different noise regulation standards within Escambia County is consistent with the Equal Protection Clause, so long as the division created is rationally related to a legitimate government objective. On January 16, 2014, the BCC adopted Escambia County Ordinance Number 2014-5, defining the core area of Santa Rosa Island and providing two different noise regulation standards for the areas of Santa Rosa Island that are primarily commercial businesses and the areas that are almost exclusively residential to better ensure the health, safety, welfare, tranquility, and peace of the public.

POLICY/REQUIREMENT FOR BOARD ACTION:

Escambia County Code of Ordinances, CHapter 42, Article III. Noise. Section 42-66. Exemptions. (g), provides that the County Administrator shall provide the permit application as well as any other available information to the Board of County Commissioners for consideration at a meeting of the Board of County Commissioners. The Board of County Commissioners may impose any other conditions on the permit, as it deems necessary, to reduce the disturbance to surrounding or neighboring properties.

IMPLEMENTATION/COORDINATION:

The Building Inspections Division will issue a Special Event Permit for each exemption approved in this recommendation.

Upon Board approval, the Escambia County Sheriff's Office will be notified of the issuance of each waiver.

Issue: Scheduling a Public Hearing Concerning the Repeal and Replacement of Chapter 14 of the Escambia County Code Ordinances
From: Tim Tolbert, Building Official/Department Director
Organization: Building Services
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Scheduling of a Public Hearing for the Repeal and Replacement of Chapter 14 of the Escambia County Code of Ordinances - Tim Tolbert, Building Official/Department Director

That the Board authorize the scheduling of a Public Hearing for April 2, 2020, at 5:35 p.m., for the purpose of receiving comments from the public concerning the repeal and replacement of Chapter 14 of the Escambia County Code of Ordinances, entitled "Buildings and Building Regulations."

BACKGROUND:

This proposed repeal and replacement of the Escambia County Code of Ordinances Chapter 14 entitled "Buildings and Building Regulations" will bring current the previously adopted Chapter 14 which is in the best interest of the County and its citizens. The previously adopted Chapter 14 contains items that are now obsolete within the Florida Building Code. Code references in the current Chapter 14 are no longer in effect, including but not limited to, the local wind speed map designations, permitting exemptions, and annual permitting allowances.

The Building Officials Association of Florida provides a model Administrative Code for the 6th Edition (2017) Florida Building Code that most jurisdictions within Florida adapt to meet their local requirements and adopt. Building Services has taken this model Administrative Code and inserted our local requirements for review as a proposed repeal and replacement to the current Escambia County Code of Ordinances Chapter 14.

RECOMMENDATION:

Recommendation Concerning the Scheduling of a Public Hearing for the Makenna Estates Subdivision Street Lighting Municipal Service Benefit Unit - Stephan Hall, Budget Manager, Management & Budget Services

That the Board authorize the scheduling of a Public Hearing on April 2, 2020, at 5:32 p.m., to consider adoption of an Ordinance creating the Makenna Estates Subdivision Street Lighting Municipal Services Benefit Unit (MSBU).

BACKGROUND:

The majority owners of Makenna Estates Subdivision, Adams Homes, LLC, and Mekanna Development, LLC, submitted letters of request asking to create a street lighting MSBU. The letters of request are sufficient to meet the MSBU Guidelines and Procedures because the majority owners own greater than 55% of parcels in the subdivision.

The Makenna Estates Subdivision Street Lighting MSBU plan proposal:
* 88 assessable lots located in Commission District 1
* 31 street lights
* Assessments are estimated to be:
  1st year - $167 (includes a reserve and 16 months of costs),
  Subsequent years - $117

From: STEPHAN HALL, Budget Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Scheduling of a Public Hearing for the Sonoma Ridge Subdivision Street Lighting Municipal Service Benefit Unit - Stephan Hall, Budget Manager, Management & Budget Services

That the Board authorize the scheduling of a Public Hearing on April 2, 2020, at 5:33 p.m., to consider adoption of an Ordinance creating the Sonoma Ridge Subdivision Street Lighting Municipal Services Benefit Unit (MSBU).

BACKGROUND:

The builder of Sonoma Ridge Subdivision, Breland Homes Coastal, LLC, submitted a letter of request asking to create a street lighting MSBU. The letter of request is sufficient to meet the MSBU Guidelines and Procedures because the builder owns greater than 55% of parcels in the subdivision.

The Sonoma Ridge Subdivision Street Lighting MSBU plan proposal:
* 73 assessable lots located in Commission District 1
* 16 street lights
* Assessments are estimated to be:
  Year 1 - $120.53 (includes a reserve and 18 months of lighting service)
  Year 2 and beyond - $75.33

RECOMMENDATION:

Recommendation Concerning the Approval of Gallery Night Pensacola, Inc., to Use the County Tax Collector Courtyard as a Performance Venue on March 20, 2020 - Janice P. Gilley, County Administrator

That the Board approve, and authorize the County Administrator to sign, the Hold Harmless Agreement and Indemnification Agreement for Gallery Night Pensacola, between Escambia County, Florida, and Gallery Night Pensacola, Inc., for use of the County Tax Collector Courtyard as a performance venue on March 20, 2020, from approximately 4:00 p.m. to 11:00 p.m.

BACKGROUND:

In order to use a County facility, a Hold Harmless Agreement(s) is prepared with the Agency/Agencies requesting the use. As part of the "Dancin' in the Streets" themed event on March 20, 2020, Gallery Night Pensacola, Inc., is hoping to provide a platform for local dance groups of all ages, an inspiring movement-based event that promotes local culture, youth performance, physical fitness, and the art of movement.

Gallery Night Hold Harmless Agreement

Gallery Night of Pensacola, Inc. W9

HOLD HARMLESS AND INDEMNIFICATION AGREEMENT

THIS AGREEMENT is entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County"), with administrative offices located at 221 Palafox Place, Pensacola, Florida 32502, and Gallery Night Pensacola, Inc., a Florida not-for-profit corporation (hereinafter referred to as "GNP"), FEI/EIN 81-3980482, whose principal address is 120 Main Street, Suite D, Pensacola, Florida 32502.

NOW THEREFORE, in consideration of the promises, covenants and payments and other good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the County and GNP hereby agree as follows:

1. **Recitals.** The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. **Use of Premises.** Subject to the terms and conditions set forth herein, GNP will be permitted to access and use the exterior of the plaza entrance of the Ernie Lee Magaha Government Building located at 221 Palafox Place (hereinafter referred to as the "Premises") during the Gallery Night Pensacola Event occurring from 4:00 p.m. until 11:00 p.m. on March 20, 2020 (hereinafter referred to as the "Event"). GNP shall remove all equipment and other personal property from the Premises no later than 11:00 p.m. Thereafter, GNP may be permitted to access the Premises for post-event trash clean-up. GNP shall restore the Premises to the original condition on or before 6:00 a.m. on Saturday, March 21, 2020.

3. **General Requirements.**

   (a) At the discretion of the County, GNP may be required to provide security and/or police protection during the Event. Said protection shall be at the sole expense of GNP and shall be subject to the approval of the County Administrator.

   (b) GNP agrees to operate as independent contractor and to hold the County harmless from any and all liabilities or obligations arising out of GNP's use of the Premises. It is specifically understood that the above statement shall be interpreted in a manner that will hold GNP solely liable, to the exclusion of the County, for any expense, damage or liability arising out of GNP's use of the Premises.

   (c) Any decorations or other equipment on the Premises must be in compliance with applicable state fire codes, receive approval of the appropriate fire inspectors, and must also be approved by the County Administrator, or designee, prior to installation.

   (d) Nothing in the Agreement shall be construed as making GNP an agent or employee of the County or as creating a relationship of a partnership or a joint venture between GNP and County.

   (e) GNP may not sublet, sublease, or assign any right or interest held by them under the terms of this Agreement without the written approval of County.

   (f) GNP shall restore the Premises to the original condition before leaving the Premises. At the County's discretion, GNP must agree to restore or pay the cost

of restoring the Premises to the original condition, less depreciation occasioned by normal usage.

(g) No alcoholic beverages will be permitted on the Premises.

(h) The County, its employees, and/or agents shall not be responsible for any items left on the Premises prior to, during, or after the Event.

(i) Any and all activities conducted on the subject Premises must comply with all applicable fire laws, will be subject to the prior approval and to prior inspection by the County pursuant to the Escambia County Code of Ordinances, and must comply with any applicable state laws.

(j) GNP shall retain control over its employees, agents, subcontractors, and invitees and its activities on and about the subject Premises, and to that end, GNP shall not be deemed an agent of the County. GNP shall exercise precaution at all times for the protection of all persons, including its employees, agents, subcontractors and invitees on and about the Premises. Further, GNP shall take prompt action where loss control/safety measures would be reasonably expected.

4. Hold Harmless. GNP agrees to hold harmless, pay on behalf of, protect, defend, and indemnify the County, its elected and appointed officials, employees, volunteers, representatives and agents from and against any demand, claim, suit, loss, expense, or damage which may be asserted against any of them by reason of any alleged loss or damage to property or injury to or death of any person arising out of or in any way related to GNP 's use or possession of the Premises for the Event. GNP 's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

5. Insurance. For all activities conducted on the Premises, GNP shall obtain the following insurance coverage:

a) General Liability Coverage, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies.

b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

c) Florida statutory workers' compensation coverage for all workers' compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the State of Florida, or an affidavit in accordance with §440.02(13)(d) and §440.10(1)(g), Florida Statutes. GNP shall also purchase any other coverages required by law for the benefit of employees.

d) GNP agrees that all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be rated as "A" or other Secure Best Rating with a Financial Size Category VII according to latest edition of the A.M. Best Key Rating Guide.

e) GNP shall require, and shall be responsible for assuring throughout the term of the Agreement, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

f) The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

g) These insurance requirements shall not limit the liability of GNP. The foregoing coverage requirements are merely minimums, and the County does not represent that these types or amounts of insurance will be sufficient or adequate to protect GNP's interests or liabilities.

h) The Board of County Commissioners and Escambia County shall be endorsed as "additional insured" on all of GNP 's liability insurance policies (excluding professional liability and workers' compensation insurance policies).

i) The insurance policies shall be endorsed to provide at least thirty (30) days advance notice of cancellation, nonrenewal or adverse change.

j) GNP hereby waives its right of recovery against the County, to the extent permitted by its insurance policies.

k) Insurance required of GNP or any other insurance of GNP shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims or obligations, which arise out of this Agreement.

l) Evidence/Certificates of Insurance:

1. Required insurance shall be documented in Certificates of Insurance. If and when required by the County, Certificates of Insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the Certificate of Insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each Certificate of Insurance.

2. New Certificates of Insurance are to be provided to the County at least thirty (30) days prior to coverage renewals. Failure to provide the County with such renewal certificates may be considered justification for the County to terminate this Agreement.

3. Certificates should contain the following additional information:
   a) Indicate that Escambia County is an additional insured on the general liability policy;

   b) Disclose any self-insured retentions in excess of $1,000.00;

   c) Designate Escambia County as the certificate holder as follows:

Escambia County Board of Commissioners
Attention:
Risk Manager
P.O. Box 1591
Pensacola, FL 32597-1591; and

d) Indicate that the County shall be notified at least thirty (30) days in advance of cancellation.

m) Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of GNP 's obligation to fulfill the insurance requirements herein.

n) If requested by the County, GNP shall furnish complete copies of the insurance policies, forms and endorsements, and/or such additional information with respect to insurance as may be requested.

6. Records. The parties acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended, and agree to be governed by it to the extent required by law.

IF GNP HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502

7. All Prior Agreements Superseded.

(a) This document incorporates and includes all prior negotiations, correspondence, conversations, Agreements, or understanding applicable to the matters contained herein, and the parties agree that there are no commitments, Agreements, or understandings .concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

(b) It is further agreed that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

8. Headings. Headings and subtitles used throughout this Agreement are for the purpose

of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

9. Survival. All other provisions, which by their inherent character, sense, and context, are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

10. Governing Law. This Agreement will be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue for any matter which is a subject of this Agreement will be in the County of Escambia.

11. Interpretation. For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If GNP discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, GNP shall immediately notify County and request clarification of the Agreement.

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

12. Severability. The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

13. Compliance with Laws. GNP shall keep fully informed regarding and shall fully and timely comply with all current laws and future laws that may affect those engaged or employed in the performance of this Agreement. Without limiting the generality of the foregoing, GNP shall observe all rules and regulations of federal, state, and local officials relating to the subject matter of this Agreement.

14. Further Documents. The parties shall execute and deliver all documents and perform further actions that may be reasonably necessary to effectuate the provisions of this Agreement.

15. No Waiver. The failure of either party to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

16. Assignment. This Agreement shall not be assigned nor shall the Premises be sublet unless first approved by the County. Any such assignment shall be reflected in a written instrument executed by the parties.

17. Authority. Each individual executing this Agreement on behalf of a corporate or governmental party represents and warrants that he/she is duly authorized to execute and deliver this Agreement on behalf of said party, in accordance with any a duly adopted action of the governing board of said party in accordance with applicable law, and that this Agreement is binding upon said party in accordance with its terms.

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the respective dates under each signature:

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting,* later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the instructions for Part II for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code,* later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships,* earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code,* later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

IF the entity/person on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation
• Individual • Sole proprietorship, or • Single-member limited liability company (LLC) owned by an individual and disregarded for U.S. federal tax purposes.	Individual/sole proprietor or single-member LLC
• LLC treated as a partnership for U.S. federal tax purposes, • LLC that has filed Form 8832 or 2553 to be taxed as a corporation, or • LLC that is disregarded as an entity separate from its owner but the owner is another LLC that is not disregarded for U.S. federal tax purposes.	Limited liability company and enter the appropriate tax classification. (P= Partnership; C= C corporation; or S= S corporation)
• Partnership	Partnership
• Trust/estate	Trust/estate

Line 4, Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding for payments made in settlement of payment card or third party network transactions.
- Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space in line 4.

1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2)

2—The United States or any of its agencies or instrumentalities

3—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities

4—A foreign government or any of its political subdivisions, agencies, or instrumentalities

5—A corporation

6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or possession

7—A futures commission merchant registered with the Commodity Futures Trading Commission

8—A real estate investment trust

9—An entity registered at all times during the tax year under the Investment Company Act of 1940

10—A common trust fund operated by a bank under section 584(a)

11—A financial institution

12—A middleman known in the investment community as a nominee or custodian

13—A trust exempt from tax under section 664 or described in section 4947

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 7
Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 4
Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 5[2]
Payments made in settlement of payment card or third party network transactions	Exempt payees 1 through 4

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37)

B—The United States or any of its agencies or instrumentalities

C—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i)

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i)

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state

G—A real estate investment trust

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940

I—A common trust fund as defined in section 584(a)

J—A bank as defined in section 581

K—A broker

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester,* later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/Businesses* and clicking on Employer Identification Number (EIN) under Starting a Business. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code,* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account) other than an account maintained by an FFI	The actual owner of the account or, if combined funds, the first individual on the account[1]
3. Two or more U.S. persons (joint account maintained by an FFI)	Each holder of the account
4. Custodial account of a minor (Uniform Gift to Minors Act)	The minor[2]
5. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee[1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner[1]
6. Sole proprietorship or disregarded entity owned by an individual	The owner[3]
7. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A))	The grantor*
For this type of account:	**Give name and EIN of:**
8. Disregarded entity not owned by an individual	The owner
9. A valid trust, estate, or pension trust	Legal entity[4]
10. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
11. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
12. Partnership or multi-member LLC	The partnership
13. A broker or registered nominee	The broker or nominee
14. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
15. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see Regulations section 1.671-4(b)(2)(i)(B))	The trust

[1] List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

[2] Circle the minor's name and furnish the minor's SSN.

[3] You must show your individual name and you may also enter your business or DBA name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

[4] List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships*, earlier.

*Note: The grantor also must provide a Form W-9 to trustee of trust.

Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Visit *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

CONTRACT FOR MEDICAL EXAMINER SERVICES

THIS CONTRACT made and entered into as of _____, 2020, by and between District One Support, Inc, a Florida corporation representing the Counties of Escambia, Okaloosa, Santa Rosa, and Walton of the State of Florida, hereinafter called the "COUNTIES" and _____P.A., a Florida corporation, hereinafter called "MEDICAL EXAMINER."

WITNESSETH:

WHEREAS, the provision of medical examiner services detailed in Section 406.11, Florida Statutes, is an integral part of the criminal justice system; and

WHEREAS, Dr. _____ was appointed by the State Attorney, as the Interim District 1 Medical Examiner on _____ 2020; and

WHEREAS, pursuant to § 768.28(19), Florida Statutes, neither the COUNTIES, nor the MEDICAL EXAMINER, waives any defense of sovereign immunity, or increases of the limits of its liability, upon entering into this Agreement. This Agreement does not contain any provision that requires one party to indemnify or insure the other party for the other party's negligence, or to assume any liability for the other party's negligence; and

WHEREAS, the COUNTIES is responsible for the payment of the Medical Examiner's fees, salaries, transport costs, facility and expenses pursuant to §§ 406.06(3) and 406.08(1), Florida Statutes.

NOW THEREFORE, in consideration of the foregoing recitals, which are incorporated by reference, mutual covenants, agreements, and other specific consideration set forth in this contract the parties agree and stipulate as follows:

1. DEFINITIONS.

Unless the context otherwise requires, capitalized terms used herein shall have the following meanings ascribed to them:

1.1 "ACT" means Chapter 406, Florida Statutes, and Chapter 11G, Florida Administrative Code.

1.2 "ASSOCIATE MEDICAL EXAMINER" means a pathologist hired by and serving at the pleasure of the MEDICAL EXAMINER pursuant to his authority under §406.06, Florida Statutes.

1.16 "PROFESSIONAL STAFF" means the DISTRICT MEDICAL EXAMINER and all ASSOCIATE MEDICAL EXAMINERS.

2. PURPOSE.

_____, M.D., agrees to serve as Interim DISTRICT 1 Medical Examiner and under his direction and control _____, M.D., P.A., agrees to act as MEDICAL EXAMINER and shall provide medical examiner services under the terms and conditions of this contract consistent with the requirements of the ACT for the COUNTIES.

3. SCOPE OF SERVICES

The MEDICAL EXAMINER is responsible for all duties and responsibilities outlined in and required by the ACT. The MEDICAL EXAMINER shall set the STANDARD OPERATING PROCEDURES for the DISTRICT 1 MEDICAL EXAMINER OFFICE. The MEDICAL EXAMINER shall provide any and all ASSOCIATE MEDICAL EXAMINERS or other MEDICAL EXAMINER STAFF that he deems necessary to comply with the SCOPE OF SERVICES. The payment for these services shall be inclusive of all the exams, testing, and consultations necessary for the completion of death investigations, death certifications, reports, and cremation approvals of all deaths in the DISTRICT falling under the ACT during contract period.

The MEDICAL EXAMINER shall employ sufficient ASSOCIATE MEDICAL EXAMINERS where no PROFESSIONAL STAFF shall exceed the phase II pathologist workload limitations described in the NAME ACCREDITATION STANDARDS.

A criminal background check shall be required for the MEDICAL EXAMINER and other MEDICAL EXAMINER STAFF, prior to the commencement of the Contract term.

Specifically, the MEDICAL EXAMINER shall insure that all reports and death certificates of cases accepted shall be finalized even if said completion should occur after the time of contract expiration or termination unless otherwise directed by the COUNTIES. The MEDICAL EXAMINER shall not be responsible for payment of invoices or fees remaining from examinations or cases accepted by any previous DISTRICT 1 Medical Examiner or Interim DISTRICT 1 Medical Examiner and any such invoices are the sole responsibility of the COUNTIES. If necessary, the MEDICAL EXAMINER shall complete the cause of death certification, autopsy reports, and other related paperwork required under the ACT for cases accepted prior to the contract period. The MEDICAL EXAMINER shall only be responsible for the costs to exams performed during this contract period.

The COUNTIES shall assume all responsibility for billing and collecting CREMATION APPROVAL fees, if any, and assumes any liability and responsibility for the billing and collection of CREMATION APPROVAL fees. The COUNTIES shall set the fee amount. MEDICAL EXAMINER shall provide information related to CREMATION APPROVALS given under section 7, REPORTS. If COUNTIES choose to bill for CREMATION APPROVALS, MEDICAL EXAMINER, as part of his official duties under the ACT, shall not be expected or required to withhold CREMATION APPROVAL numbers from Funeral Directors for lack of payment to COUNTIES.

The COUNTIES shall continue their responsibility to maintain and provide a program for

the disposition of indigent and/or unclaimed decedents during the entire term of this Contract. The INDIGENT/UNCLAIMED DECEDENT SERVICE shall be in place to provide disposition of such remains in a timely manner. The COUNTIES acknowledges that the DISTRICT 1 MEDICAL EXAMINER OFFICE is not the proper place for long term storage of indigent or unclaimed identified decedents and shall operate/manage the INDIGENT/UNCLAIMED DECEDENT SERVICE in such a manner that no indigent and/or unclaimed identified decedents are stored in the DISTRICT 1 MEDICAL EXAMINER OFFICE more than one (1) week after the MEDICAL EXAMINER completes the examination of the decedent.

Any past, ongoing, or future claims or litigation regarding the work, lack thereof, or court testimony of previous DISTRICT 1 or Interim DISTRICT 1 Medical Examiners is specifically beyond the scope of services of the MEDICAL EXAMINER as described under Section 15, INDEMNIFICATION. If necessary, the MEDICAL EXAMINER shall attempt to resolve any issues with the work of the previous DISTRICT 1 Medical Examiners; however, it is expected that the COUNTIES shall make every effort to resolve these issues prior to the period defined in this contract.

Services provided by the MEDICAL EXAMINER OR MEDICAL EXAMINER STAFF as an expert witness for criminal or civil cases arising inside the DISTRICT or on medical examiner cases originating outside of the DISTRICT, are outside the Scope of Services of this Contract and such expert testimony is billable by MEDICAL EXAMINER to the involved litigants and not to the COUNTIES. The MEDICAL EXAMINER shall only perform autopsies and examinations accepted under the ACT within the DISTRICT 1 MEDICAL EXAMINER OFFICE. No private autopsies originating with the DISTRICT or outside of the DISTRICT shall be performed within the DISTRICT 1 MEDICAL EXAMINER OFFICE. The MEDICAL EXAMINER shall not perform private autopsies on DISTICT 1 NON-MEDICAL EXAMINER cases.

4. TERM.

The term of this Contract is for the period from _____2020 (0000hrs), through _____, 2020 (2359 hrs).

5. COMPENSATION.

The COUNTY agrees to compensate MEDICAL EXAMINER of One Hundred Six Thousand, Eight Hundred Sixty-Eight and 57/100 ($106,868.57) Dollars paid bi-weekly for twenty-six (26) billing periods during the term of this Agreement, not to exceed an annual maximum amount of TWO MILLION, SEVEN HUNDRED SEVENTY EIGHT THOUSAND FIVE HUNDRED EIGHTY THREE DOLLARS ($2,778,583.00).

The COUNTIES stipulates, agrees and understands that the terms of this Contract contemplate the anticipated normal activities and workload of the MEDICAL EXAMINER based upon past statistics and reasonable projections. Specifically, the COUNTIES acknowledge that the maximum payable amount of this contract is arrived at without consideration of natural or man-made disasters or occurrences of an unusual nature or magnitude, such as would necessitate extraordinary expenditure on the part of the MEDICAL EXAMINER in fulfilling his obligation under the ACT. This includes expenses for exhumation when indicated by investigation or other unforeseeable occurrences. The COUNTIES agree that in the event of such disaster(s) or occurrence(s), it shall reimburse the MEDICAL EXAMINER for all such related extraordinary expenses as are submitted to and approved by the COUNTIES.

All losses and, conversely, all gains derived from this contract are the responsibility and property of MEDICAL EXAMINER as necessitated by Section 15 INDEMNIFICATION.

6. METHOD OF PAYMENT.

The COUNTIES shall provide the MEDICAL EXAMINER bi-weekly in arrears payments via electronic funds transfers direct deposit into specified account of MEDICAL EXAMINER with

the first payment to be made on _____ 2020. The payments will continue bi-weekly payable on Friday with the final payment on _____ 2020.

7. REPORTS.

A. Budget.

In addition to the standard annual budget submission showing operating expenses and capital outlays, the MEDICAL EXAMINER agrees to provide an FY 20-21 budget proposal for all services showing fiscal year estimated and subsequent fiscal year proposed revenues, expenses, and net impact associated with the operations of MEDICAL EXAMINER. MEDICAL EXAMINER also agrees to advise the COUNTIES in writing prior to seeking any grants or financial assistance that could alter the amount of funding from the COUNTIES or alter the Scope of Services.

B. Cremations.

The MEDICAL EXAMINER shall provide a report for the purposes of collecting CREMATION APPROVAL fees. The report shall include sufficient information for that purpose.

C. Statistics.

The MEDICAL EXAMINER shall provide a quarterly year to date workload for all autopsies, examinations, investigations, and NON-MEDICAL EXAMINER CASES performed/declined under the ACT.

8. FACILITY AND EQUIPMENT.

The COUNTIES agree to provide funding for the purchase of Function-Related Equipment reasonably required to perform the duties listed under the Scope of Services. This includes all vehicles, non-disposable furniture, computers, software, equipment and materials.

Any Function-Related Equipment purchased under this contract shall remain and/or ownership transferred to the COUNTIES, DOMES, or the DISTRICT 1 MEDICAL EXAMINER at the termination of this contract.

10. AMENDMENT.

This Contract may be amended at any time provided such amendment is in writing and signed by both parties.

11. TERMINATION.

This Contract may be terminated at will by the COUNTIES upon written notice to MEDICAL EXAMINER. The final payment may be prorated based upon termination date. This Contract may be terminated at will by the MEDICAL EXAMINER upon furnishing thirty (30) days written notice.

12. AGENCY RELATIONSHIP.

It is mutually agreed the MEDICAL EXAMINER is an independent contractor and not an employee of the COUNTY.

13. INSURANCE REQUIREMENTS.

The MEDICAL EXAMINER shall secure insurance to meet the requirements set forth in the schedule of Insurance Requirements attached hereto and incorporated herein as Exhibit "A." The costs for such insurance are included in the MEDICAL EXAMINER compensation provided for in Section 5 of this Contract. The MEDICAL EXAMINER's policy and coverage shall be provided to the COUNTIES as required by Exhibit "A."

Should the MEDICAL EXAMINER fail to meet the Insurance Requirements of Exhibit "A" during the terms of this Contract, or otherwise cease to cover the Scope of Services required, the MEDICAL EXAMINER shall, within twenty-four (24) hours of his knowledge of same, notify the COUNTIES and procure new or endorsed coverage for the services provided under this Contract. Failure to comply with this notice provision shall make this Contract subject to termination upon written notice to the MEDICAL EXAMINER by the COUNTIES.

14. NON-DISCRIMINATION.

The MEDICAL EXAMINER shall not discriminate against any applicant for employment or employee with respect to hire, tenure, terms, conditions, or privileges of employment or any matter directly or indirectly related to employment because of age, sex, race, color, religion, national origin, or disability. The MEDICAL EXAMINER shall, during the performance of this Contract, comply with all applicable provisions of federal, state, and local laws and regulations pertaining to prohibited discrimination.

15. INDEMNIFICATION AND SOVEREIGN IMMUNITY.

Indemnification. The MEDICAL EXAMINER shall indemnify, defend and hold harmless the COUNTIES, including their districts, authorities, separate units of government established by law, ordinance or resolution, partners, elected and non-elected officials, employees, agents, volunteers, and any party with whom the COUNTIES have agreed by contract to provide additional insured status from and against all claims, damages, losses, and expenses, including, but not limited to attorney's fees, arising out of, resulting from, or incident to MEDICAL EXAMINER's performance of its obligations in whole or part of this Contract, unless such injury or damage is occasioned solely by the fault, negligence, or willful misconduct of the COUNTIES.

In all claims against COUNTIES, including their districts, authorities, separate units of government established by law, ordinance or resolution, partners, elected and non-elected officials, employees, agents, volunteers, and any party with whom the COUNTIES have agreed by contract to provide additional insured status, and any employee of MEDICAL EXAMINER or anyone directly or indirectly employed by MEDICAL EXAMINER or anyone for whose acts MEDICAL EXAMINER may be held legally liable, no indemnification obligation shall be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for MEDICAL EXAMINER, or any contractor, subcontractor or sub-subcontractor thereof under Florida's Workers' Compensation acts, disability benefit acts, or other employee benefit acts.

Sovereign Immunity. The COUNTIES expressly retain all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Notwithstanding anything set forth in any article of this Agreement to the contrary, nothing in this Agreement shall be deemed as a waiver of the COUNTIES' immunity or limits of liability beyond any statutory limited waiver of immunity or limits of liability which may have been or may be adopted by the Florida Legislature, and the cap on the amount and liability of the COUNTIES for damages, regardless of the number or nature of claims in tort, equity, or contract, shall not exceed the dollar amount set by the legislature for tort. Nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim against the COUNTIES, which would otherwise be barred under the doctrine of sovereign immunity or by operation of law.

16. SEVERABILITY.

The terms and conditions of this Contract shall be deemed to be severable. Consequently, if any clause, term or condition hereof shall be held to be illegal or void, such determination shall not affect the validity or legality of the remaining terms and conditions and notwithstanding any such determination, this Contract shall continue in full force and effect unless the particular clause, term or condition held to be illegal or void renders the balance of the Contract to be impossible to perform.

17. STANDARDS OF ACCOUNTABILITY.

A. The MEDICAL EXAMINER shall retain all financial records relating to this Contract for a minimum of 5 years unless a longer period is required by law.

B. The MEDICAL EXAMINER agrees to use an accounting system that follows GAAP.

C. All MEDICAL EXAMINER financial records (including bank statements, payroll records, and other corporate financial records) shall be subject to audit and

inspection by the COUNTIES and/or DOMES upon reasonable notice.

D. The COUNTIES shall not include and commingle any audit of the MEDICAL EXAMINER with an audit of records from any previous DISTRICT 1 or Interim DISTRICT 1 Medical Examiner.

E. The MEDICAL EXAMINER shall notify DOMES or the COUNTIES in a timely manner if sufficient staff, facilities, or equipment necessary to comply with SCOPE OF SERVICES cannot be maintained.

18. APPLICABLE LAW, VENUE AND WAIVER OF JURY TRIAL.

This Contract shall be interpreted and construed in accordance with and governed by the laws of the state of Florida. Jurisdiction over and venue for any controversies or legal issues arising out of this Contract shall, if in state court, be exclusively in the 1st Judicial Circuit in and for of COUNTIES of Escambia, Okaloosa, Santa Rosa, or Walton, Florida, or, if in federal court, in the Northern District of Florida, Pensacola Division. By entering into this Contract, MEDICAL EXAMINER and COUNTIES hereby expressly waive any rights either party may have to a trial by jury of any civil litigation related to this Contract, and, unless otherwise expressly provided herein, each agrees to bear its own costs and attorney's fees relating to any dispute arising under this Contract.

19. CONTRACT MANAGEMENT.

The COUNTIES designate the following person(s) as the COUNTIES' Contract Manager:

_____

The MEDICAL EXAMINER designates the following person as the MEDICAL

EXAMINER Contract Manager:

_____
_____, MD., P.A.

20. COMPLIANCE WITH APPLICABLE LAWS.

MEDICAL EXAMINER shall perform its obligations hereunder in accordance with all applicable federal, state and local laws, ordinances, rules, regulations, and all orders and decrees of bodies or tribunals having jurisdiction or authority which in any manner affect the performance of this Agreement. Contractor shall protect, defend, and indemnify the COUNTIES and all their officers, agents, servants and employees against any claim or liability arising from or based on the violation of any such law, ordinance, rule, regulation, order or decree caused or committed by MEDICAL EXAMINER, its representatives, subcontractors, professional associates, agents, servants or employees. Additionally, MEDICAL EXAMINER shall obtain and maintain at its own expense all applicable licenses and permits to conduct business pursuant to this Agreement from the federal government, State of Florida, COUNTIES of Escambia, Okaloosa, Santa Rosa, or Walton or municipalities when legally required and maintain same in full force and effect during the term of this Agreement.

21. ENTIRE CONTRACT.

This contract contains the entire agreement between MEDICAL EXAMINER and COUNTIES. Any modifications to this CONTRACT shall not be binding unless in writing and signed by both parties and approved by the Escambia, Okaloosa, Santa Rosa, or Walton COUNTIES. All provisions of this Agreement which impose or contemplate continuing obligations on a party shall survive the expiration or termination of this Agreement.

MEMORANDUM OF UNDERSTANDING BETWEEN ESCAMBIA COUNTY, FLORIDA AND AMIKIDS PENSACOLA, INC. FOR SUPPORT AND DONATION OF GRANT

THIS AGREEMENT made and entered into effective the __ day of_____, 2020, by and between **ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS**, a political subdivision of the State of Florida, (hereinafter the "COUNTY") and **AMIKIDS PENSACOLA, INC.** a qualified not-for-profit corporation registered under the laws of the State of Florida, (hereinafter "GRANTEE").

WITNESSETH

WHEREAS, the COUNTY is a political subdivision of the State of Florida, having a responsibility to provide certain services to benefit the citizens of Escambia County and has determined that a grant of the dollars described below will be a benefit to the welfare of the citizens of Escambia County; and

WHEREAS, a priority of the COUNTY is to enhance the quality of life for its citizens; and

WHEREAS, GRANTEE is a qualified not-for-profit corporation which seeks, coordinates and utilizes assistance from all available and appropriate sources, including private and public funds, to provide youth development and workforce training services for the benefit of eligible citizens of Escambia County; and

WHEREAS, the COUNTY and GRANTEE are both desirous of providing vocational training and high school education classes to youth who are qualified individuals in order to promote economic development within the County; and

WHEREAS, the COUNTY and GRANTEE may cooperatively utilize their powers and resources in the most efficient manner possible to provide workforce training for individuals within Escambia County's jurisdiction for the purpose of economic development and to strengthen the community; and

WHEREAS, since 1991, GRANTEE has been dedicated to helping kids discover their own potential, transform their lives and strengthen our community in Escambia County, Florida; and

WHEREAS, GRANTEE has established a new Workforce Development program (the "Program") that offers young adults the opportunity to earn their high school diploma and/or become licensed in a trade with a focus on carpentry and masonry at no cost to the student; and

WHEREAS, through the Program, GRANTEE wishes to provide training and create a ready workforce to support growth and development within Escambia County and to efficiently respond to the need for educated and skilled individuals within the local workforce; and

WHEREAS, eligible participants in the Program are young adults (ages 18-24) who have been involved in the juvenile or adult justice system, including high school dropouts; and

WHEREAS, the Program provides certified training through the National Center for Construction Education and Research (NCCER); and

WHEREAS, upon completion of the Program, participants will have the opportunity to receive certification through NCCER; and

WHEREAS, the COUNTY and GRANTEE agree that those eligible to participate in the Program under the described criteria are members of a vulnerable population and are in need of services to aid in their education and skill development to grow as productive members of the community; and

WHEREAS, GRANTEE also provides direct assistance to its participants to obtain employment or continue their education after completion of the Program through job placement, job fairs, career services to include updated resumes, job readiness skills, and the opportunity for job interviews and other assistance; and

WHEREAS, GRANTEE deems it necessary to join with the COUNTY in partnership for activities associated with GRANTEE's Escambia County operations and to assist with its operations and to that end, has requested a contribution from the COUNTY; and

WHEREAS, the parties agree that it is in their mutual interest to enter into this Agreement, which provides advantages for both parties and serves a valid public purpose, including but not limited to, economic development; and

WHEREAS, the COUNTY deems it to be in the best interest of public health, safety and welfare to enter into this Agreement.

NOW THEREFORE, in consideration of the premises, and in consideration of the mutual conditions, covenants, and obligations hereafter expressed, it is agreed as follows:

1. Recitals. The above recitals are true and correct and are incorporated herein by reference.

2. Description of Grant and Grant Funds. The COUNTY hereby grants to GRANTEE the sum of FIFTY THOUSAND DOLLARS AND NO CENTS ($50,000.00), which shall be used by GRANTEE in support of the Program and the goals stated above for services to be performed within Escambia County, consistent with, and in accordance with, the operation of GRANTEE as provided by law.

3. Schedule of Payments. The Grant described in paragraph 2 herein above shall be paid to GRANTEE by _____, 2020.

4. Responsibilities of the Parties:

a. The GRANTEE shall operate and oversee the Program to provide educational classes and workforce training to qualified and enrolled participants at all times throughout the terms of the Agreement and shall have responsibility for operations, buildings and grounds, academic programs, leadership and instructional personnel.
b. The GRANTEE shall work collaboratively with the COUNTY to align resources to best serve the mission of the Program and the community at-large.
c. The GRANTEE shall use the grant in furtherance of the Program.
d. The GRANTEE shall provide a status report of its performance annually or upon request by the COUNTY.
e. The COUNTY will provide financial support for the Program through its grant as described herein.

5. Personal Nature of Agreement. The parties acknowledge that the COUNTY places great reliance and emphasis upon the knowledge, expertise and personal abilities of the GRANTEE. Accordingly, this Grant Agreement is personal and the GRANTEE shall not assign or delegate any rights or duties hereunder without the specific written consent of the COUNTY.

6. Termination.

a. The COUNTY shall have the right to terminate this Grant Agreement for GRANTEE's material non-compliance with the terms and conditions of this Grant Agreement if GRANTEE fails to cure such material non-compliance within ten (10) days after receiving written notice thereof from the COUNTY, or within such additional time as the COUNTY may allow.

b. The COUNTY may terminate this Grant Agreement for convenience, or when it determines, in its sole discretion, that continuing this Grant Agreement would not produce beneficial results, by providing GRANTEE with sixty (60) days written notice of such termination.

7. Insurance. GRANTEE will maintain such insurance as will fully protect GRANTEE from any and all other claims of whatsoever kind or nature to the damage of property, or for personal injury, including death, made by anyone whomsoever, from any and all claims under any Workers' Compensation Act or Employers Liability Laws, and from claims that may arise from any operations carried on under this Agreement, either by GRANTEE, or by anyone directly or indirectly engaged or employed by GRANTEE.

8. Indemnification.

a. GRANTEE shall defend, indemnify and hold harmless the COUNTY and all of the COUNTY' s officers, agents, and employees from and against all claims, liability, judgments, costs, damages, interest, penalties, loss, and expense, including reasonable costs, collection expenses, attorneys' fees, and court costs which may arise from the use of the grant funds or any

operations and activities of GRANTEE pursuant to this Grant Agreement. GRANTEE recognizes the broad nature of this indemnification and hold harmless clause, as well as the provision of a legal defense to the COUNTY when necessary, and voluntarily makes this covenant and expressly acknowledges the receipt of such good and valuable consideration provided by the COUNTY in support of these indemnification, legal defense, and hold harmless contractual obligations in accordance with the laws of the State of Florida. Compliance with any insurance requirements required elsewhere within this Grant Agreement shall not relieve GRANTEE of its liability and obligation to defend, hold harmless and indemnify the COUNTY as set forth in this paragraph of this Grant Agreement. Such indemnification shall be in addition to any and all other legal remedies available to the COUNTY and shall not be considered to be the COUNTY's exclusive remedy.

b. In the event that any claim in writing is asserted by a third party which may entitle the COUNTY to indemnification, the COUNTY shall give written notice thereof to GRANTEE which notice shall be accompanied by a copy of statement of the claim. Following the notice, GRANTEE shall have the right, but not the obligation, to participate at its sole expense, in the defense, compromise or settlement of such claim with counsel of its choice. If GRANTEE shall fail timely to defend, contest or otherwise protect against any suit, action or other proceeding arising from such claim, or in the event the COUNTY decides to participate in the proceeding or defense, the COUNTY shall have the right to defend, contest, or otherwise protect itself against same and be reimbursed for expenses and reasonable attorney's fees and, upon not less than ten (10) days written notice to GRANTEE, to make any reasonable compromise or settlement thereof. In connection with any claim as aforesaid, the parties hereto shall cooperate fully with each other and make available all pertinent information necessary or advisable for the defense, compromise or settlement of such claim.

c. That the indemnification provisions of this paragraph shall survive the termination of this Grant Agreement.

9. Sovereign Immunity. Nothing in this Agreement extends, or will be construed to extend, the COUNTY's liability beyond that provided in section 768.28, Florida Statutes. Nothing in this Agreement is a consent, or will be construed as consent, by the COUNTY to be sued by third parties in any matter arising out of this Agreement.

10. Records; Audits.

a. Upon the COUNTY’s written notice to the GRANTEE within thirty (30) days following the end of the Term of this Grant Agreement, GRANTEE shall provide the COUNTY with an accounting of expenditures made from the grant funds. Further, GRANTEE shall provide the COUNTY with a

quarterly expenditure report of expenditures from the grant funds promptly upon written notice from the COUNTY requesting same.

b. GRANTEE shall retain all records supporting costs incurred pursuant to this Grant Agreement for three (3) years after the fiscal year in which the final payment was released by the COUNTY or until final resolution of matters arising from any litigation, claim, or audit that started prior to the expiration of the three-year record retention period.

11. Public Records.

a. GRANTEE shall comply with the public records provisions of Chapter 119, Florida Statutes, including the following:

i. Keep and maintain public records required by the COUNTY to perform the service.

ii. Upon request from the COUNTY's custodian of public records, provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119 or as otherwise provided by law.

iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if GRANTEE does not transfer the records to the COUNTY.

b. "Public records" is defined in Section 119.011(12), Florida Statutes, and includes all documents, papers, letters, photographs, data processing software, or other material, regardless of the physical form, made or received in connection with this Agreement.

c. GRANTEE's failure to provide public records within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes. Further, such failure by GRANTEE shall be grounds for immediate unilateral cancellation of this Agreement by the COUNTY.

d. IF GRANTEE HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE GRANTEE'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS, COUNTY ADMINISTRATOR, ESCAMBIA COUNTY, FLORIDA, 221 S. PALAFOX PLACE, FOURTH FLOOR, SUITE 420, PENSACOLA, FLORIDA 32502; (850) 595-4947 or email at admin@myescambia.com.

12. Notices. All notices to the parties under this Grant Agreement shall be in writing and sent certified mail to the:

COUNTY: ESCAMBIA COUNTY
Attention: County Administration
Department of Neighborhood Services

13. Appropriation Contingency. The COUNTY's performance and obligation to pay any funds under this Agreement is contingent upon the continued appropriation of funds for this purpose by the Board of County Commissioners of Escambia County. Where this Agreement is being executed prior to the beginning of the fiscal year for which it applies, such execution shall not be deemed to be an indebtedness of the COUNTY or an obligation of future revenues. This Agreement shall be null and void if the budget which makes the appropriation is not finally adopted by the Board of County Commissioners.

14. Miscellaneous.

a. Discrimination. GRANTEE shall assure the funds received shall not be used for any illegal purpose and that no person shall be excluded, on the grounds of race, color, creed, national origin, handicap, age or sex, from participation in, denied the benefits of, or be otherwise subjected to discrimination in any activity under this Grant Agreement.

b. Severability. That, should any term or provision of this Agreement be held, to any extent, invalid or unenforceable, as against any person, entity or circumstance during the term hereof, by force of any statute, law, or ruling of any forum of competent jurisdiction, such invalidity shall not affect any other term or provision of this Agreement, to the extent that the Agreement shall remain operable, enforceable and in full force and effect to the extent permitted by law.

c. Relationship. It is specifically agreed that GRANTEE is not a servant, employee, joint adventurer, or partner of the COUNTY. It is further agreed that no agent, employee, or servant of GRANTEE shall be deemed to be the agent, employee, or servant of the COUNTY. None of the benefits, if any, provided by the COUNTY to its employees, including but not limited to, Workers' Compensation insurance and unemployment insurance, are available from the COUNTY to the employees, agents, or servants of GRANTEE. GRANTEE agrees to comply with all Federal, State and

municipal laws, rules and regulations that are now or may in the future become applicable to GRANTEE.

d. Waiver. The indulgence of the COUNTY with regard to any breach or failure to perform any provision of this Agreement by GRANTEE shall not be deemed to constitute a waiver of the provision or any portion of this Agreement, either at the time the breach or failure occurs or at any time throughout the term of this Agreement.

e. Entire Agreement. This Grant Agreement states the entire understanding between the parties and supersedes any written or oral representations, statements, negotiations, or agreements to the contrary. GRANTEE recognizes that any representations, statements or negotiations made by the County staff do not suffice to legally bind the COUNTY in a contractual relationship unless they have been reduced to writing, authorized, and signed by the authorized County representatives. Any alterations, variations, changes, modifications or waivers of provisions of this Grant Agreement shall only be valid when they have been reduced to writing duly signed by each of the parties hereto, and attached to the original of this Grant Agreement.

f. Construction. Should any provision of this Grant Agreement be subject to judicial interpretation, it is agreed that the court interpreting or considering such provision will not apply the presumption or rule of construction that the terms of this Grant Agreement be more strictly construed against the party which itself or through its counsel or other agent prepared the same, as all parties hereto have participated in the preparation of the final form of this Grant Agreement through review by their respective counsel, if any, and/or the negotiation of specific language, and, therefore, the application of such presumption or rule of construction would be inappropriate and contrary to the intent of the parties.

g. Headings. All headings are for clarification only and are not to be used in any judicial construction of this Grant Agreement or any paragraph.

h. Binding Nature of Agreement. This Grant Agreement is binding upon the parties, their successors, and their assigns.

i. Law; Venue. This Grant Agreement shall be governed in accordance with the laws of the State of Florida. This Grant Agreement is being entered into in Escambia County, Florida, which shall be the venue of any action thereon.

15. Term. This Agreement shall commence on the date last executed and continue

throughout the duration of the Workforce Development grant unless otherwise terminated as provided herein. The Agreement may be renewed by written Agreement at the option of the parties, subject to appropriations outlined herein.

IN WITNESS WHEREOF, the parties hereto have signed and sealed this agreement on the day and date first written above.

Issue: Gulf Power Street Lighting Project Contract in the Warrington Redevelopment Area
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Gulf Power Street Lighting Project Contract in the Warrington Redevelopment Area - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Gulf Power Street Lighting Project Contract:

A. Approving the Gulf Power Company Contract for Street and General Area Lighting Service Rate Schedule to install 12 LED streetlights on North Street in the Warrington Redevelopment Area;

B. Approving one of the following payment plans:

1. Pay upfront cost of $14,857.39, which includes Installation and 1-year of Energy cost; thereafter monthly Energy cost will be $88.42;

OR

2. Pay no upfront cost, and the monthly Energy cost will be $223.97; and

C. Authorizing the Chairman to sign the Gulf Power Contract for Street and General Area Lighting Service for a full term of five years, and thereafter from year-to-year until terminated by notice to either party by the other party.

Project is located in Commission District 2.

[Funding: Fund 151, CRA Warrington, Cost Center 370114]

BACKGROUND:

The Warrington Redevelopment Area Contract will provide for the installation of 12 LED Roadway 2 lighting fixtures along North Street. This project is consistent with the mission of Escambia County to provide efficient, responsive services that enhance the quality of life, to meet common needs, and to promote a safe and healthy community. Prior to the completion of the Beach Haven NE Zone Drainage and Sewer Phase I project, North Street ran a short distance from Gordon Avenue to Paulding Avenue. The Beach Haven NE Zone Drainage and Sewer Phase I project sought to improve water quality in Jones Creek through sewer utility connections and engineered stormwater drainage. Stormwater was designed to be tempered by a series of drainage ponds to slow and settle the water before entering the creek. To access those drainage ponds for maintenance, the plan required the extension of North Street along the northeast corner of Beach Haven to Mills Street. Now that the project is complete, North Street extends from Gordon Avenue to Mills Avenue. The CRA is seeking to add streetlights along North Street to enhance neighborhood safety and bring North Street up to the existing street lighting standards of the Beach Haven neighborhood. Attached are the Gulf Power Streetlight Contracts and Map of Warrington Streetlight Project for North Street.

BUDGETARY IMPACT:

Funds are available in CRA Warrington TIF, Fund 151, Cost Center 370114.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Contracts have been reviewed and approved by Kristin Hual, Senior Assistant County Attorney. Legal advises the Board to note that early termination of these five-year Contracts will require payment of all unpaid charges for the remainder of the Contract term.

PERSONNEL:

Neighborhood & Human Services/Community Redevelopment Agency (NHS/CRA) staff will handle the processing of these Contracts.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board approval is required for disbursement of funds to all private individuals or outside agencies.

IMPLEMENTATION/COORDINATION:

After Board approval, NHS/CRA staff will coordinate with Gulf Power and provide updates to the applicable neighborhood organizations.

RECOMMENDATION:

Recommendation Concerning Residential Rehab Grant Program Funding and Lien Agreements - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board ratify the following March 5, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Community Redevelopment Agency (CRA), concerning the Residential Rehab Grant Program Funding and Lien Agreements:

A. Approving the following three Residential Rehab Grant Program Funding and Lien Agreements:

1. The Agreements between Escambia County CRA and Robert J. Davies, owner of residential property located at 507 Northwest Syrcle Drive, Warrington Redevelopment District, each in the amount of $4,579, representing an in-kind match through the Warrington Tax Increment Financing (TIF), Fund 151, Cost Center 370114, replacement windows and storm shutter installation;

2. The Agreements between Escambia County CRA and Jeff C. Kennedy Trust dated 10-1-2012, owner of residential property located at 210 Delray Drive, Warrington Redevelopment District, each in the amount of $4,438, representing an in-kind match through the Warrington Tax Increment Financing (TIF), Fund 151, Cost Center 370114, replacement windows;

3. The Agreements between Escambia County CRA and Charles S. and Joan M. Shellito, owners of residential property located at 103 Gilliland Road, Warrington Redevelopment District, each in the amount of $3,116, representing an in-kind match through the Warrington Tax Increment Financing (TIF), Fund 151, Cost Center 370114, storm shutter installation; and

B. Authorizing the Chairman to sign the Funding and Lien Agreements and any related documents necessary to implement the Grant awards.

BACKGROUND:

The intent of the matching Grant program is to promote private investment which will upgrade the appearance, property values, and economic activity for residential properties within the designated CRA areas. A rendering of each project is attached.

On March 5, 2020, at 9:00 a.m., a CRA meeting was convened to consider approval of the various agenda items.

BUDGETARY IMPACT:

Funding for the Grants will be provided as follows: 1. Robert J. Davies, Warrington TIF, Cost Center 370114, in the amount of $4,579;
2. Jeff C. Kennedy Trust Dated 10-1-2012, Warrington TIF, Cost Center 370114, in the amount of $4,438; and
3. Charles S. and Joan M. Shellito, Warrington TIF, Cost Center 370114, in the amount of $3,116.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Funding and Lien Agreements were reviewed and approved as to form and legal sufficiency by the County Attorney's Office.

PERSONNEL:

Neighborhood & Human Services/Community Redevelopment Agency (NHS/CRA) staff will handle these Grant awards.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board approval is required for disbursement of funds to all private individuals or outside agencies.

IMPLEMENTATION/COORDINATION:

WHEREAS, the CRA has established the **Residential Rehab Grant Program** (the "Program") to provide grants to qualified property owners for projects within the boundaries of the County's designated Community Redevelopment Areas; and

WHEREAS, the Recipient has applied for a grant to fund the project described in **EXHIBIT I** of this Agreement (the "Project"); and

WHEREAS, the parties wish to define their rights and obligations with respect to the Project and the Program grant to be provided to the Recipient.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

1. Recitals: The above recitals are incorporated into this Agreement.

2. **Residential Rehab Grant Program:** The CRA awards to the Recipient a matching Grant in the total amount of **$4,579**, which, together with any matching funds provided by the Recipient, shall be expended solely for the construction and completion of the Project described in **EXHIBIT I**, which is hereby fully incorporated into this agreement.

3. In-Kind Match: The Recipient shall provide matching funds in the total amount of **$4,579**, which shall be comprised of a cash contribution of **$4,579**.

4. Project: The Project funded by the grant is defined in **EXHIBIT I.** The Recipient shall supervise the work performed and ensure proper maintenance of the Project. The CRA will not be responsible in any manner for the selection of a contractor. Work on the Project shall not commence until the Recipient receives written notification from the CRA that the Project may proceed.

5. Term: The work to be performed for the Project shall commence after the **5th** day of **March 2020**, and the Project shall be complete on or before the **5th** day of **June 2020**, (the "Termination Date"). In the event that the Project will not be completed by the Termination Date, the Recipient shall submit a written request for an extension to the CRA at least (30) days prior to the Termination Date. The CRA, in its sole discretion, may grant the extension. However, the CRA's agreement to grant an extension shall not constitute a waiver of any of the other terms or provisions of this Agreement.

6. Applicable Laws: The Recipient must comply with all applicable federal, state, and local laws, and shall, at his expense, secure and pay for all permits and be responsible for all other fees or charges associated with the performance of the Project or any other activities under this Agreement.

7. Indemnification: The Recipient shall indemnify, defend, and hold harmless the CRA, including its elected officials, Board members, agents and employees, from and against all claims, suits, actions, damages, losses, and expenses, including but not limited to attorney's fees and costs, arising out of or resulting from this Agreement, the Project, or any other activities under this Agreement.

8. Termination: The CRA shall have the right to terminate this Agreement for convenience or in the event of a breach of any of its terms and provisions. A breach shall include, but not be limited to, failure to meet the match requirements described in paragraph 3; failure to begin work and progress along the schedule in the time and manner specified in paragraph 5; failure to obtain approval of any Project modifications; or failure to obtain Project time extensions. If a Project is terminated, and the Project is located on public property or right-of-way, the CRA reserves the right to remove or require the Recipient to remove any or all portions of the Project or claim as its own and use it deems fit, any improvements or materials remaining on the Project site.

9. Notice of Termination: Upon the CRA's determination that the Recipient has breached any term or provision of the Agreement, the CRA shall provide the Recipient with written notice of the breach and the required corrective action. This Agreement shall terminate automatically if the Recipient fails to remedy the breach to the CRA's satisfaction within fifteen (15) days of the Recipient's receipt of the written notice.

10. Subsequent to Termination: The CRA shall provide the Recipient a certified letter confirming termination of the Agreement. Within thirty (30) days of receipt of the termination letter, the Recipient shall submit a cashier's check to the County for the total amount of grant funds disbursed under this Agreement.

11. Property Owner(s) as Independent Contractor: The parties agree that the Recipient is an independent contractor and is not employee or agent of the CRA.

12. Inspector: The Escambia County CRA, or other County officials as may be duly authorized by the CRA, reserves the right to place inspectors at the work site in order to ensure proper expenditure of the grant funds provided under this Agreement. The CRA does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the CRA shall not act in a supervisory capacity during the course of the Project.

13. Payment Process: At Project completion, the CRA will reimburse the Recipient for pre-approved eligible Project costs that are incurred during the course of the Project. The Recipient accepts sole responsibility for ensuring that all Project expenses are reviewed and approved by the CRA prior to Recipient authorizing delivery of the goods, services, or equipment. The Recipient shall provide the CRA with a minimum of three written price quotes for each item to be purchased. The CRA shall not be obligated to disburse Grant funds for any unauthorized goods, services, or equipment, and the liability for payment in such instances shall be the responsibility of the Recipient. The CRA shall not be obligated to disburse Grant funds until the Recipient submits vendor invoices, copy of signed permit, proof of payment, and other documentation as may be required by the CRA. Final determination regarding the acceptability of supporting documentation shall rest with the Clerk of the Circuit Court/Finance Division. The Recipient shall provide the CRA with the names and signatures of all persons designated by Recipient to purchase goods, services, and equipment for the Project and the CRA shall not be obligated to disburse Grant funds to persons not previously designated by the Recipient.

14. Maintenance of Records: The Recipient shall maintain written records and accounts documenting all expenditures related to the Project. The Recipient shall maintain all documents for a minimum period of three (3) years from the date of final completion of the Project, or until final resolution of matters involving any questioned costs, audit concerns, or related matters. The Recipient acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. In the event that the Recipient fails to abide by the provisions of Chapter 119, Florida Statutes, the CRA may terminate this Agreement. In such case, the Recipient shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

15. Audit: The County or the Clerk of the Circuit Court/Finance Division may audit or review any and all records or documents pertaining to this Agreement at any time.

16. Amendments: Any amendments to this Agreement shall be in writing executed by both parties with the same formalities as this Agreement.

17. Notice: Any notices to the County shall be mailed to:

Recipient:
Robert J. Davies
507 Northwest Syrcle Drive
Pensacola, FL 32507

All notices shall be sent by certified mail, return receipt requested.

18. No Discrimination: The Recipient shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

19. Entire Agreement: This Agreement contains the entire agreement between the parties and no representations, inducements, promises, or other agreements between the parties not contained in this Agreement will be of any force and effect.

20. No Waiver: This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

21. This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

22. If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

23. The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

24. If any date herein set forth for the performance of any obligations, or the delivery of any instrument, or for the giving of any notice by the parties such as herein provided, shall be on Saturday, Sunday, or legal holiday such compliance shall be deemed acceptable on the next business day following such Saturday, Sunday, or legal holiday.

25. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY
RESIDENTIAL REHAB GRANT PROGRAM FUNDING AGREEMENT

THIS FUNDING AGREEMENT is made and entered into this **5th** day of **March 2020,** by and between the ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY, (the "CRA"), 221 Palafox Place, Pensacola, Florida 32502 and **Jeff C. Kennedy Trust Dated 10-1-2012,** (the "Recipient(s)"), owner of residential property located at **210 Delray Drive,** Pensacola, Florida, **32507**.

WITNESSETH:

WHEREAS, the CRA has established the **Residential Rehab Grant Program** (the "Program") to provide grants to qualified property owners for projects within the boundaries of the County's designated Community Redevelopment Areas; and

WHEREAS, the Recipient has applied for a grant to fund the project described in **EXHIBIT I** of this Agreement (the "Project"); and

WHEREAS, the parties wish to define their rights and obligations with respect to the Project and the Program grant to be provided to the Recipient.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

1. Recitals: The above recitals are incorporated into this Agreement.

2. **Residential Rehab Grant Program:** The CRA awards to the Recipient a matching Grant in the total amount of **$4,438**, which, together with any matching funds provided by the Recipient, shall be expended solely for the construction and completion of the Project described in **EXHIBIT I**, which is hereby fully incorporated into this agreement.

3. In-Kind Match: The Recipient shall provide matching funds in the total amount of **$4,438**, which shall be comprised of a cash contribution of **$4,438**.

4. Project: The Project funded by the grant is defined in **EXHIBIT I.** The Recipient shall supervise the work performed and ensure proper maintenance of the Project. The CRA will not be responsible in any manner for the selection of a contractor. Work on the Project shall not commence until the Recipient receives written notification from the CRA that the Project may proceed.

5. Term: The work to be performed for the Project shall commence after the **5th** day of **March 2020**, and the Project shall be complete on or before the **5th** day of **June 2020**, (the "Termination Date"). In the event that the Project will not be completed by the Termination Date, the Recipient shall submit a written request for an extension to the CRA at least (30) days prior to the Termination Date. The CRA, in its sole discretion, may grant the extension. However, the CRA's agreement to grant an extension shall not constitute a waiver of any of the other terms or provisions of this Agreement.

6. Applicable Laws: The Recipient must comply with all applicable federal, state, and local laws, and shall, at his expense, secure and pay for all permits and be responsible for all other fees or charges associated with the performance of the Project or any other activities under this Agreement.

7. Indemnification: The Recipient shall indemnify, defend, and hold harmless the CRA, including its elected officials, Board members, agents and employees, from and against all claims, suits, actions, damages, losses, and expenses, including but not limited to attorney's fees and costs, arising out of or resulting from this Agreement, the Project, or any other activities under this Agreement.

8. Termination: The CRA shall have the right to terminate this Agreement for convenience or in the event of a breach of any of its terms and provisions. A breach shall include, but not be limited to, failure to meet the match requirements described in paragraph 3; failure to begin work and progress along the schedule in the time and manner specified in paragraph 5; failure to obtain approval of any Project modifications; or failure to obtain Project time extensions. If a Project is terminated, and the Project is located on public property or right-of-way, the CRA reserves the right to remove or require the Recipient to remove any or all portions of the Project or claim as its own and use it deems fit, any improvements or materials remaining on the Project site.

9. Notice of Termination: Upon the CRA's determination that the Recipient has breached any term or provision of the Agreement, the CRA shall provide the Recipient with written notice of the breach and the required corrective action. This Agreement shall terminate automatically if the Recipient fails to remedy the breach to the CRA's satisfaction within fifteen (15) days of the Recipient's receipt of the written notice.

10. Subsequent to Termination: The CRA shall provide the Recipient a certified letter confirming termination of the Agreement. Within thirty (30) days of receipt of the termination letter, the Recipient shall submit a cashier's check to the County for the total amount of grant funds disbursed under this Agreement.

11. Property Owner(s) as Independent Contractor: The parties agree that the Recipient is an independent contractor and is not employee or agent of the CRA.

12. Inspector: The Escambia County CRA, or other County officials as may be duly authorized by the CRA, reserves the right to place inspectors at the work site in order to ensure proper expenditure of the grant funds provided under this Agreement. The CRA does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the CRA shall not act in a supervisory capacity during the course of the Project.

13. Payment Process: At Project completion, the CRA will reimburse the Recipient for pre-approved eligible Project costs that are incurred during the course of the Project. The Recipient accepts sole responsibility for ensuring that all Project expenses are reviewed and approved by the CRA prior to Recipient authorizing delivery of the goods, services, or equipment. The Recipient shall provide the CRA with a minimum of three written price quotes for each item to be purchased. The CRA shall not be obligated to disburse Grant funds for any unauthorized goods, services, or equipment, and the liability for payment in such instances shall be the responsibility of the Recipient. The CRA shall not be obligated to disburse Grant funds until the Recipient submits vendor invoices, copy of signed permit, proof of payment, and other documentation as may be required by the CRA. Final determination regarding the acceptability of supporting documentation shall rest with the Clerk of the Circuit Court/Finance Division. The Recipient shall provide the CRA with the names and signatures of all persons designated by Recipient to purchase goods, services, and equipment for the Project and the CRA shall not be obligated to disburse Grant funds to persons not previously designated by the Recipient.

14. Maintenance of Records: The Recipient shall maintain written records and accounts documenting all expenditures related to the Project. The Recipient shall maintain all documents for a minimum period of three (3) years from the date of final completion of the Project, or until final resolution of matters involving any questioned costs, audit concerns, or related matters. The Recipient acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. In the event that the Recipient fails to abide by the provisions of Chapter 119, Florida Statutes, the CRA may terminate this Agreement. In such case, the Recipient shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

15. Audit: The County or the Clerk of the Circuit Court/Finance Division may audit or review any and all records or documents pertaining to this Agreement at any time.

16. Amendments: Any amendments to this Agreement shall be in writing executed by both parties with the same formalities as this Agreement.

17. Notice: Any notices to the County shall be mailed to:

All notices shall be sent by certified mail, return receipt requested.

18. No Discrimination: The Recipient shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

19. Entire Agreement: This Agreement contains the entire agreement between the parties and no representations, inducements, promises, or other agreements between the parties not contained in this Agreement will be of any force and effect.

20. No Waiver: This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

21. This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

22. If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

23. The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

24. If any date herein set forth for the performance of any obligations, or the delivery of any instrument, or for the giving of any notice by the parties such as herein provided, shall be on Saturday, Sunday, or legal holiday such compliance shall be deemed acceptable on the next business day following such Saturday, Sunday, or legal holiday.

25. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY
RESIDENTIAL REHAB GRANT PROGRAM FUNDING AGREEMENT

THIS FUNDING AGREEMENT is made and entered into this **5th** day of **March 2020,** by and between the ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY, (the "CRA"), 221 Palafox Place, Pensacola, Florida 32502 and **Charles S. and Joan M. Shellito,** (the "Recipient(s)"), owner of residential property located at **103 Gilliland Road,** Pensacola, Florida, **32507**.

WITNESSETH:

WHEREAS, the CRA has established the **Residential Rehab Grant Program** (the "Program") to provide grants to qualified property owners for projects within the boundaries of the County's designated Community Redevelopment Areas; and

WHEREAS, the Recipient has applied for a grant to fund the project described in **EXHIBIT I** of this Agreement (the "Project"); and

WHEREAS, the parties wish to define their rights and obligations with respect to the Project and the Program grant to be provided to the Recipient.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

1. Recitals: The above recitals are incorporated into this Agreement.

2. **Residential Rehab Grant Program:** The CRA awards to the Recipient a matching Grant in the total amount of **$3,116**, which, together with any matching funds provided by the Recipient, shall be expended solely for the construction and completion of the Project described in **EXHIBIT I**, which is hereby fully incorporated into this agreement.

3. In-Kind Match: The Recipient shall provide matching funds in the total amount of **$3,116**, which shall be comprised of a cash contribution of **$3,116**.

4. Project: The Project funded by the grant is defined in **EXHIBIT I.** The Recipient shall supervise the work performed and ensure proper maintenance of the Project. The CRA will not be responsible in any manner for the selection of a contractor. Work on the Project shall not commence until the Recipient receives written notification from the CRA that the Project may proceed.

5. Term: The work to be performed for the Project shall commence after the **5th** day of **March 2020**, and the Project shall be complete on or before the **5th** day of **June 2020**, (the "Termination Date"). In the event that the Project will not be completed by the Termination Date, the Recipient shall submit a written request for an extension to the CRA at least (30) days prior to the Termination Date. The CRA, in its sole discretion, may grant the extension. However, the CRA's agreement to grant an extension shall not constitute a waiver of any of the other terms or provisions of this Agreement.

6. Applicable Laws: The Recipient must comply with all applicable federal, state, and local laws, and shall, at his expense, secure and pay for all permits and be responsible for all other fees or charges associated with the performance of the Project or any other activities under this Agreement.

7. Indemnification: The Recipient shall indemnify, defend, and hold harmless the CRA, including its elected officials, Board members, agents and employees, from and against all claims, suits, actions, damages, losses, and expenses, including but not limited to attorney's fees and costs, arising out of or resulting from this Agreement, the Project, or any other activities under this Agreement.

8. Termination: The CRA shall have the right to terminate this Agreement for convenience or in the event of a breach of any of its terms and provisions. A breach shall include, but not be limited to, failure to meet the match requirements described in paragraph 3; failure to begin work and progress along the schedule in the time and manner specified in paragraph 5; failure to obtain approval of any Project modifications; or failure to obtain Project time extensions. If a Project is terminated, and the Project is located on public property or right-of-way, the CRA reserves the right to remove or require the Recipient to remove any or all portions of the Project or claim as its own and use it deems fit, any improvements or materials remaining on the Project site.

9. Notice of Termination: Upon the CRA's determination that the Recipient has breached any term or provision of the Agreement, the CRA shall provide the Recipient with written notice of the breach and the required corrective action. This Agreement shall terminate automatically if the Recipient fails to remedy the breach to the CRA's satisfaction within fifteen (15) days of the Recipient's receipt of the written notice.

10. Subsequent to Termination: The CRA shall provide the Recipient a certified letter confirming termination of the Agreement. Within thirty (30) days of receipt of the termination letter, the Recipient shall submit a cashier's check to the County for the total amount of grant funds disbursed under this Agreement.

11. Property Owner(s) as Independent Contractor: The parties agree that the Recipient is an independent contractor and is not employee or agent of the CRA.

12. Inspector: The Escambia County CRA, or other County officials as may be duly authorized by the CRA, reserves the right to place inspectors at the work site in order to ensure proper expenditure of the grant funds provided under this Agreement. The CRA does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the CRA shall not act in a supervisory capacity during the course of the Project.

13. Payment Process: At Project completion, the CRA will reimburse the Recipient for pre-approved eligible Project costs that are incurred during the course of the Project. The Recipient accepts sole responsibility for ensuring that all Project expenses are reviewed and approved by the CRA prior to Recipient authorizing delivery of the goods, services, or equipment. The Recipient shall provide the CRA with a minimum of three written price quotes for each item to be purchased. The CRA shall not be obligated to disburse Grant funds for any unauthorized goods, services, or equipment, and the liability for payment in such instances shall be the responsibility of the Recipient. The CRA shall not be obligated to disburse Grant funds until the Recipient submits vendor invoices, copy of signed permit, proof of payment, and other documentation as may be required by the CRA. Final determination regarding the acceptability of supporting documentation shall rest with the Clerk of the Circuit Court/Finance Division. The Recipient shall provide the CRA with the names and signatures of all persons designated by Recipient to purchase goods, services, and equipment for the Project and the CRA shall not be obligated to disburse Grant funds to persons not previously designated by the Recipient.

14. Maintenance of Records: The Recipient shall maintain written records and accounts documenting all expenditures related to the Project. The Recipient shall maintain all documents for a minimum period of three (3) years from the date of final completion of the Project, or until final resolution of matters involving any questioned costs, audit concerns, or related matters. The Recipient acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. In the event that the Recipient fails to abide by the provisions of Chapter 119, Florida Statutes, the CRA may terminate this Agreement. In such case, the Recipient shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

15. Audit: The County or the Clerk of the Circuit Court/Finance Division may audit or review any and all records or documents pertaining to this Agreement at any time.

16. Amendments: Any amendments to this Agreement shall be in writing executed by both parties with the same formalities as this Agreement.

17. Notice: Any notices to the County shall be mailed to:

County:
Max Rogers, AICP

All notices shall be sent by certified mail, return receipt requested.

18. No Discrimination: The Recipient shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

19. Entire Agreement: This Agreement contains the entire agreement between the parties and no representations, inducements, promises, or other agreements between the parties not contained in this Agreement will be of any force and effect.

20. No Waiver: This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

21. This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

22. If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

23. The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

24. If any date herein set forth for the performance of any obligations, or the delivery of any instrument, or for the giving of any notice by the parties such as herein provided, shall be on Saturday, Sunday, or legal holiday such compliance shall be deemed acceptable on the next business day following such Saturday, Sunday, or legal holiday.

25. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

RECOMMENDATION:

Recommendation Concerning Change Orders to Purchase Order #201069 to Design Homebuilders, Inc. - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board ratify the County Administrator's signature concerning the following Change Orders to Purchase Order #201069 to Design Homebuilders, Inc., for housing repairs at 432 Oakfield Road:

Department:	Neighborhood & Human Services
Division:	Neighborhood Enterprise
Type:	Addition
Amount:	$8460
Vendor:	Design Homebuilders, Inc.
Purchase Order #:	201069
Original Award Amount:	$24,280
Change Order #1 (1/30/20):	$7200
Change Order #2 (2/18/20):	$1260
New P.O. Total:	$32,740

[Funding: Fund 120/2018 SHIP, Cost Center 370205 ($5720) and Fund 124/Affordable Housing, Cost Center 370290 ($2740)]

BACKGROUND:

The State Housing Initiatives Partnership (SHIP) program provides funding for housing repairs for low income homeowners. On October 25, 2019, the Neighborhood Enterprise Division solicited sealed bids via Vendor Registry for housing repairs for 432 West Oakfield Road for Darryl Marsh. The repair scope entailed installation of a new roof and extensive exterior repairs to address code violations. Four contractors attended the pre-bid conference and three sealed bids were received (see Exhibit I for bid documents). A Contract (Exhibit II) was awarded to Design Homebuilders, Inc., in the amount of $24,280, with a Notice to Proceed date of January 20, 2020.

After the roof was opened, evidence of active termite infestation was discovered in the roof framing, which necessitated Change Order #1 (Exhibit III), in the amount of $7200, and an additional 14 days for the contractor to replace damaged rafters, joists, fascia, and perform a termite treatment. Additional damage was discovered in the roof decking over the porch, which requires Change Order #2 (Exhibit IV), in the amount of $1260, for replacement of additional rafters, headers, and top plates and an additional 3 days. To avoid leaving the roof structure exposed, a request was made to County Administration and Purchasing to approve the additional work and bring the item to the Board for ratification at the next Board meeting instead of placing a stop work on the project until the item could be approved by the Board. Completion of repairs will allow the homeowner to have his Notice of Violation from Environmental Enforcement closed. The new Contract total will be $32,740.

BUDGETARY IMPACT:

Funding is available in Fund 120/2018 SHIP, Cost Center 370205 ($5720) and Fund 124/Affordable Housing, Cost Center 370290 ($2740). SHIP funds expended on this project cannot exceed $30,000 per the Local Housing Assistance Plan.

SHIP HOUSING REHABILITATION SERVICES PROGRAM AGREEMENT

THIS AGREEMENT is made and entered into by and between Darryl S. Marsh (hereinafter referred to as "Owner"), and Design Homebuilders, Inc. (hereinafter referred to as "Contractor"), and Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

W I T N E S S E T H:

WHEREAS, the County, acting by and through the Neighborhood Enterprise Division (hereinafter referred to as "NED"), has established the **SHIP Housing Rehabilitation Services Program** (hereinafter referred to as the "Program") to provide loans to qualified income eligible property owners to fund repairs to homestead property; and

WHEREAS, the Owner submitted an application with the NED for a SHIP Housing Rehabilitation Services loan to fund certain repairs as provided herein; and

WHEREAS, the Contractor was selected by competitive bid to complete said repairs as provided herein; and

WHEREAS, the parties hereto wish to define their rights and responsibilities as it relates to the Program.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

Section 1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

Section 2. Scope of Work. The Contractor agrees to furnish and pay for all management, supervision, financing, labor, materials, tools, fuel, supplies, equipment and services of every kind and type necessary to diligently, timely, and fully perform and complete in a good workmanlike manner the renovation and rehabilitation of the subject property located at 432 W. Oakfield Road, Pensacola, Florida 32503 (hereinafter referred to as "Project"), in accordance with the *Scope of Work*, attached hereto as **Exhibit A**. In the event there is any conflict between the provisions of this Agreement and the provisions of any other contract documents, the provisions of this Agreement shall in all cases prevail.

Section 3. Contract Amount. In consideration of the faithful performance by Contractor of the covenants in this Agreement to the full satisfaction and acceptance of County, County agrees to pay, or cause to be paid, to Contractor an amount not to exceed the total sum of $24,280.00 (hereinafter referred to as the "Contract Amount") for the completion of the Project in accordance with the Scope of Work referenced above.

Section 4. Method of Payment. If the Contract Amount is $15,000 or less then the County shall issue payment to the Contractor in a single lump sum upon satisfactory completion

of the Project. If the Contract Amount exceeds $15,000 then the County shall issue two payments to Contractor as follows: 40% of the Contract Amount will be paid when 50% of the scope of work is certified complete by NED; the remaining 60% of the Contract Amount will be paid upon full completion of the scope of work and acceptance by NED.

Contractor may request payments by the submission of a properly executed original invoice with appropriate supporting documentation. Payments will be made within fifteen (15) calendar days of the date of approval by the Clerk of the Circuit Court. All payments will be provided to the Contractor directly from the Clerk of the Circuit Court's office by mail or direct deposit as determined by the Contractor.

Contractor's acceptance of payments hereunder shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final inspection.

The County may decline to approve payment(s), or portions thereof, to such extent as may be necessary in the County's opinion to protect it from loss due to: (a) defective work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the work by the Contractor; or (g) any other material breach of the Agreement.

All payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

Section 5. Bonds. If the Contract Amount exceeds $25,000, the Contractor shall provide *Performance and Payment Bonds*, in the form prescribed in **Exhibit B**, in the amount of 100% of the Contract Amount. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to County; provided; however, the surety shall be rated as "A-" (excellent) or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holders' surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Document, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the County's approval. Failure by Contractor to maintain its bonds in full force and effect at all times, including the warranty period, shall be grounds for termination of this Contract.

Pursuant to §255.05, Florida Statutes, the Contractor shall be required to execute and record the Performance and Payment bonds. The bonds must state the name and principal business address of both the Principal and the Surety and a description of the project sufficient to identify it. (The filing costs are $10.00 for the first page and $8.50 for each remaining page).

Section 6. Notice to Proceed. The County/NED shall issue a written Notice to Proceed to the Contractor within **thirty (30) calendar days** from the date of award. Contractor shall commence work within **seven (7) calendar days** from the Commencement Date specified in the Notice to Proceed. No work shall be performed at the Project site prior to the Commencement Date.

Section 7. Contract Time and Liquidated Damages. Time is of the essence in the performance of the work under this Agreement. The Project shall be substantially complete within **thirty (30) calendar days** from the Commencement Date specified in the Notice to Proceed. Should Contractor fail to substantially complete the Project within the time period noted above, County shall be entitled to assess, as liquidated damages, but not as a penalty, **$50.00** for each calendar day thereafter until substantial completion is achieved. Contractor may also be liable for Owner's moving and storage damages, if applicable.

The Project shall be deemed to be substantially complete on the date that the County/NED certifies in writing that the Project has been completed in accordance with the contract documents, so that the Project can be utilized for the purposes for which it is intended. Along with such certification, the County/NED shall compile a "punch list" of any remaining exceptions that do not adversely affect the use of the Project. Completion of these items will be required prior to final inspection and issuance of a final Certificate of Payment as provided in **Section 11** below.

Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the actual damages at the time of contracting if Contractor fails to substantially complete the Project in accordance with the progress schedule.

When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

Section 8. Delays. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of the Owner's unreasonable interference or other unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County/NED in writing within **forty-eight (48) hours** after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against County will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

Section 9. Change Orders. After the execution of this Agreement, no change in the scope, quantity, or quality of work will be undertaken without the prior written approval of the County/NED. Any changes requested by the Owner or Contractor must be submitted in writing to the County/NED and must detail all proposed work and cost. The Owner or Contractor's preference shall not be cause for a Change Order. Furthermore, the Contractor shall not be entitled to additional compensation as a result of the Contractor's failure to properly evaluate the extent of the work, as related to the work specifications.

The County/NED shall have the right at any time during the progress of the work to increase or decrease the work. After being notified of an authorized change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the work shall be made except upon written order of the County/NED, and the County/NED shall not be liable to the Contractor for any increased compensation without such written order.

A *Change Order*, in the form attached as **Exhibit C** to this Agreement, shall be issued and executed promptly after an agreement is reached between Contractor, Owner, and the County/NED concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount shall be adjusted in the Change Order in the manner as the County/NED, Owner, and Contractor shall mutually agree. The Owner shall execute a Modification of Mortgage and/or Lien, as appropriate, which coincides with any cost increase or decrease resulting from the Change Order.

Section 10. Project Site Protection. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the work. Upon the completion of the work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surface materials, and shall leave the Project site clean and ready for occupancy.

Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery shall be protected by Contractor from damage during the prosecution of the work. Any such improvements so damaged shall be restored by Contractor to the condition equal to that existing at the time of Contractor's commencement of the work.

Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the work or adjacent property to stresses or pressures that will endanger it.

Section 11. **Final Completion.** The Contractor shall provide the County/NED with written notice that the Project is complete and ready for final inspection, and the County/NED shall promptly make such inspection.

After the Project is ready for final inspection by the County/NED, the Contractor shall submit to County: (1) a *Release and Affidavit* in the form attached as **Exhibit D;** (2) if requested by County/NED, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Agreement, to the extent and in such form as may be designated by County; and (3) Owner's Final Release and Warranty. County reserves the right to inspect the work and make an independent determination as to the work's acceptability.

If the County/NED finds the work acceptable and fully performed in accordance with the Contract Documents and upon receiving the documentation described above, the County/NED shall promptly issue a final *Certificate for Payment*, stating that, on the basis of observations and inspections, the work has been completed in accordance with the terms and conditions of the Agreement and that any remaining balance due the Contractor is due and payable. If Owner does not consent to sign Homeowner's Final Release and Warranty, the County/NED, after documentation of acceptable completion of work and reasonable effort to secure signoff from the Owner, shall cause final Certificate for Payment to be issued to the Contractor.

Section 12. **Tests and Inspections.** The County/NED, its respective representatives, agents and employees, and any governmental agencies with jurisdiction over the Project shall have access at all times to the work, whether performed on or off of the Project site, for their observation, inspection and testing. Contractor shall provide proper, safe conditions for such access. Contractor shall provide County with timely notice of readiness of the work for all required inspections, tests or approvals.

If the Agreement or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefor, pay all costs in connection therewith and furnish County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

If any work that is to be inspected, tested or approved is covered without written concurrence from the County, such work must, if requested by County, be uncovered for observation. Such uncovering shall be at Contractor's expense unless Contractor has given County timely notice of Contractor's intention to cover the same and County has not acted with reasonable promptness to respond to such notice. If any work is covered contrary to written directions from County, such work must, if requested by County, be uncovered for County's observation and be replaced at Contractor's sole expense.

The County/NED, or other County officials as may be duly authorized by the NED, reserves the right to place inspectors at the Project site in order to ensure proper expenditure of the funds provided under this Agreement. The County/NED does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the County/NED shall not act in a supervisory capacity during the course of the Project.

Section 13. **Reports.** Contractor shall maintain in a safe place at the Project site one copy of the all documents related to the performance of this Agreement, as well as all shop drawings and other Contractor submittals and all written interpretations and clarifications issued by the County, in good order and annotated to show all changes made during construction.

Contractor shall keep all records and supporting documentation which relate to the work hereunder for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. The County, the Clerk of the Circuit Court/Finance Division, or any duly authorized agents or representatives of County, shall have the right to audit, inspect, and copy all such records and documentation relating to this Agreement as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

Section 14. **Defective Work.** Work not conforming to the requirements of the Agreement shall be deemed "*defective work.*" If required by County, Contractor shall either cure all defective work, whether or not fabricated, installed or completed, or, if the defective work has been rejected by County, remove it from the site and replace it. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold County harmless for same.

If the County considers it necessary or advisable that covered work be observed by County or inspected or tested by others, Contractor, at County's request, shall uncover, expose or otherwise make available for observation, inspection or tests as County may require, that portion of the work in question, furnishing all necessary labor, material and equipment. If it is found that such work is defective work, Contractor shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and County shall be entitled to an appropriate decrease in the Contract Amount. If, however, such work is not found to be defective, Contractor shall be allowed an increase in the Contract Amount and/or an extension of the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

If any portion of the work is defective work, or Contractor fails to supply sufficient skilled workers with suitable materials or equipment, or fails to finish or perform the work to conform to the requirements of the Agreement, County may order Contractor to stop the work, or any portion thereof, until the cause for such order has been eliminated; however, this right of County to stop

the work shall not give rise to any duty on the part of County to exercise this right for the benefit of Contractor or any other party.

Should the County determine, at its sole opinion, it is in the County's best interest to accept defective work, the County may do so. Contractor shall bear all direct, indirect and consequential costs attributable to the County's evaluation of and determination to accept defective work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such defective work, incorporating the necessary revisions in the Agreement and reflecting an appropriate decrease in the Contract Amount. If the County accepts such defective work after final payment, Contractor shall promptly pay County an appropriate amount to adequately compensate County for its acceptance of the defective work.

If Contractor fails, within a reasonable time after the written notice from County, to correct defective work or to remove and replace rejected defective work as required by County, or if Contractor fails to perform the work in accordance with the Agreement, or if Contractor fails to comply with any of the provisions of the Agreement, County may, after **seven (7) calendar days'** written notice to Contractor, correct and remedy any such deficiency. To the extent necessary to complete corrective and remedial action, County may exclude Contractor from any or all of the Project site, take possession of all or any part of the work, and suspend Contractor's services related thereto, take possession of Contractor's tools, appliances, construction equipment and machinery at the Project site and incorporate in the work all materials and equipment stored at the Project site or for which County has paid Contractor but which are stored elsewhere. Contractor shall allow County, and their respective representatives, agents, and employees such access to the Project site as may be necessary to enable County to exercise the rights and remedies under this Section. All direct, indirect and consequential costs of County in exercising such rights and remedies shall be charged against Contractor, and a Change Order shall be issued, incorporating the necessary revisions to the Agreement, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court and arbitration costs and all costs of repair and replacement of work or others destroyed or damaged by correction, removal or replacement of Contractor's defective work. Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the work attributable to the exercise by County of County's rights and remedies hereunder.

Section 15. Termination.

15.1 Termination for Contractor's Default. Contractor shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, in whole or in part, as further set forth in this Section, if Contractor: (a) fails to begin the work within the time specified herein; or (b) fails to properly and timely perform the work as directed by the County; or (c) performs the work unsuitably or neglects or refuses to remove materials or to correct or replace such work as may be rejected as unacceptable or unsuitable; or (d) discontinues the prosecution of the work; or (e) fails to resume work which has been suspended within a reasonable time after being notified to do so; or (f) becomes insolvent or is declared bankrupt, or commits any act of bankruptcy; or (g) allows any final judgment to stand

against it unsatisfied for more than ten (10) days; or (h) makes an assignment for the benefit of creditors; or (i) fails to obey any applicable codes, laws, ordinances, rules or regulations with respect to the work; or (j) materially breaches any other provision of the Agreement.

The County/NED shall notify Contractor in writing of Contractor's default(s). If County/NED determines that Contractor has not remedied and cured the default(s) within **seven (7) calendar days** following receipt by Contractor of said written notice of default, the County/NED may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that it shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contract Amount, and if such expenditures exceed the unpaid balance of the Contract Amount, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance of the Contract Amount exceeds all such costs, expenditures and damages incurred by the County to complete the Work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the work hereunder.

If, after notice of termination of Contractor's right to proceed pursuant to this Section, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that County is not entitled to the remedies against Contractor provided herein, then Contractor's remedies against County shall be the same as and limited to those afforded Contractor below.

15.2 Termination for Owner's Default. The Owner shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, if the Owner: (a) cancels the Project after the Owner's Right to Rescind has expired; (b) fails to allow necessary ingress and egress on the subject property; (c) if applicable, fails to timely vacate the premises prior to the Project Commencement Date; (d) otherwise obstructs or

delays the prosecution of or completion of the work; or (e) materially breaches any other provision of the Agreement.

The County/NED shall notify Owner in writing of Owner's default. If County/NED determines that the Owner has not remedied and cured the default within **seven (7) calendar days** following receipt of said written notice of default then the Agreement may be terminated by the County/NED.

Any Project costs incurred prior to the date of termination or Project funding advanced to the Owner or paid on the Owner's behalf, including, but not limited to, temporary relocation payment, moving/storage payment, title search fee, procurement costs, permit fees, work completed by Contractor as of the date of termination, and costs incurred for special order materials, etc.) shall be repaid to the County by Owner. Within **thirty (30) calendar days** of receipt of the notice of termination, the Owner shall submit a cashier's check to the County for the total amount of any costs incurred and/or funds disbursed under this Agreement through the date of Owner's termination. If Owner fails to return such funds, the County shall place a lien against the subject property for the total amount expended.

15.3 Termination for Convenience. County shall have the right to terminate this Agreement without cause upon **seven (7) calendar days'** written notice of termination to Contractor and Owner. In the event of such termination for convenience, Contractor's recovery against County shall be limited to that portion of the Contract Amount earned through the date of termination, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.4 Termination for Lack of Funding. The parties acknowledge that this Agreement is based upon the availability of SHIP funds, and the County/NED reserves the right to cancel same upon providing **seven (7) calendar days'** written notice to Contractor and Owner should funding cease to be available. In the event of such termination for lack of funding, the Contractor will be paid for the work completed as of the contract termination date. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.5 Notice of Suspension. County shall have the right to suspend all or any portions of the work upon providing Contractor **two (2) calendar days'** written notice of such suspension. If all or any portion of the work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Agreement. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the work which is subject to the ordered suspension.

Section 16. Indemnification. To the extent permitted by law, the Contractor and Owner covenant and agree to, and do hereby indemnify and hold harmless and defend the County,

NED, the U. S. Department of Housing and Urban Development, and the State of Florida and their agents, directors, and employees, from and against any and all claims for injuries or damages to persons or property of whatsoever kind or character, whether real or asserted, arising out of this agreement or the work to be performed hereunder.

Section 17. **Insurance.** The Contractor and any subcontractors who may perform work in connection with this Project are required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies.

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Florida statutory Workers' Compensation or proof of exemption.

If the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least **thirty (30) calendar days'** notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County Neighborhood Enterprise Division, 221 Palafox Place, Suite 200, Pensacola, FL 32502.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Escambia County, 221 Palafox Place, Suite 200, Pensacola, Florida 32502 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

Neither the Contractor nor any subcontractor shall commence work under this agreement until all insurance required under this section has been secured and such insurance has been approved by the County/NED.

Section 18. **Subcontracts.** The Contractor may subcontract work under this Agreement with the prior written consent of the County. Regardless of any subcontract, the Contractor shall remain responsible for all work performed under this Agreement. The Contractor agrees to be responsible for the fulfillment of all work included in any subcontract and further agrees to be responsible for payment of all monies due to under any subcontract. It is understood and agreed that the County shall not be liable to any subcontractor for any expenses or liabilities incurred by Contractor under a subcontract and that the Contractor shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

Section 19. **Independent Contractor Status.** In the performance of this Agreement hereunder, Contractor and Owner shall be independent contractors. Neither Contractor nor Owner shall hold itself out as an employee, agent or servant of the County; and neither shall have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

Section 20. **Warranty.** Contractor hereby guarantees the improvements detailed in the Scope of Work, attached hereto as **Exhibit A**, for a period of one calendar year from the date of final inspection and acceptance of all work performed pursuant to this Agreement. Should any defects arise during that period, the Owner shall provide written notice to the Contractor and County/NED.

It is further agreed that the Contractor will obtain and assign to the Owner, c/o the County/NED, all express warranties given to Contractor or any subcontractors by any materialmen supplying materials, equipment or fixtures to be incorporated into the Project.

Section 21. **Utilities [CHECK ONE]:**

☒ The Owner will permit the Contractor to use at no extra cost, existing utilities such as lights, electrical power, and water necessary to complete the Project.

☐ The Owner will permit the Contractor to use the water at no extra cost. The Contactor assumes all obligation/liability regarding the electrical power necessary to complete the Project.

Section 22. **Owner's Responsibilities.** The Owner shall at all times cooperate with the Contractor and County to facilitate the performance of the work, including the removal of rugs, draperies, wall coverings, and furniture, when necessary, prior to the commencement of the project. The Contractor is not responsible for removal of Owner's trash and/or discarded belongings or furnishings. The Owner is responsible for reinstallation of area rugs, draperies, wall coverings and/or furniture at project completion unless otherwise specified in the Project Scope of Work. The Owner shall allow and maintain a route of ingress and egress for Contractor's equipment on the subject property. If applicable, the Owner shall timely vacate the premises prior to the Commencement Date of the Project.

Section 23. **Notice to Owner of Florida's Construction Lien Law & Recovery Fund.**

ACCORDING TO FLORIDA'S CONSTRUCTION LIEN LAW (SECTIONS 713.001-713.37, FLORIDA STATUTES), THOSE WHO WORK ON YOUR PROPERTY OR PROVIDE MATERIALS AND SERVICES AND ARE NOT PAID IN FULL HAVE A RIGHT TO ENFORCE THEIR CLAIM FOR PAYMENT AGAINST YOUR PROPERTY. THIS CLAIM IS KNOWN AS A CONSTRUCTION LIEN. IF YOUR CONTRACTOR OR A SUBCONTRACTOR FAILS TO PAY SUBCONTRACTORS, SUB-SUBCONTRACTORS, OR MATERIAL SUPPLIERS, THOSE PEOPLE WHO ARE OWED MONEY MAY LOOK TO YOUR PROPERTY FOR PAYMENT,

EVEN IF YOU HAVE ALREADY PAID YOUR CONTRACTOR IN FULL. IF YOU FAIL TO PAY YOUR CONTRACTOR, YOUR CONTRACTOR MAY ALSO HAVE A LIEN ON YOUR PROPERTY. THIS MEANS IF A LIEN IS FILED YOUR PROPERTY COULD BE SOLD AGAINST YOUR WILL TO PAY FOR LABOR, MATERIALS, OR OTHER SERVICES THAT YOUR CONTRACTOR OR A SUBCONTRACTOR MAY HAVE FAILED TO PAY. TO PROTECT YOURSELF, YOU SHOULD STIPULATE IN THIS CONTRACT THAT BEFORE ANY PAYMENT IS MADE, YOUR CONTRACTOR IS REQUIRED TO PROVIDE YOU WITH A WRITTEN RELEASE OF LIEN FROM ANY PERSON OR COMPANY THAT HAS PROVIDED TO YOU A "NOTICE TO OWNER." FLORIDA'S CONSTRUCTION LIEN LAW IS COMPLEX, AND IT IS RECOMMENDED THAT YOU CONSULT AN ATTORNEY.

According to Florida Statutes 489.1425 (1) regarding the FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND:

PAYMENT MAY BE AVAILABLE FROM THE FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND IF YOU LOSE MONEY ON A PROJECT PERFORMED UNDER CONTRACT, WHERE THE LOSS RESULTS FROM SPECIFIED VIOLATIONS OF FLORIDA LAW BY A LICENSED CONTRACTOR. FOR INFORMATION ABOUT THE RECOVERY FUND AND FILING A CLAIM, CONTACT THE FLORIDA CONSTRUCTION INDUSTRY LICENSING BOARD AT THE FOLLOWING TELEPHONE NUMBER AND ADDRESS:

Section 24. Dispute Resolution. Should a dispute arise between the Owner and the Contractor regarding work performed pursuant to this Agreement that cannot be satisfactorily resolved, the Owner and Contractor agree to participate in the Arbitration Mediation Program provided by the Better Business Bureau (BBB) of Northwest Florida, Inc. to resolve the dispute. The decision of the BBB shall be considered final by the parties. However, this shall in no way prohibit the Owner and/or the Contractor from further appeal.

Section 25. Public Records. The Owner and Contractor acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents related to the performance of this Agreement may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. The Owner and Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Owner and Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Owner and Contractor agree to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event that any party fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the parties, and surety, if any, seven calendar days' written notice, during which period the parties still fail to allow access to such documents, terminate this Agreement. In such case, the

Owner and Contractor shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

IF THE OWNER OR CONTRACTOR HAVE QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE OWNER AND CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Section 26. **Entire Agreement.** This instrument constitutes the entire agreement between the parties and no written or oral agreement of any kind exists to change the provision hereof.

Section 27. **Permits.** The Contractor shall be responsible for obtaining all permits and licenses necessary for the Project. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the prosecution of the work, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the work.

Section 28. **Compliance with Laws.** Contractor agrees to comply, at its sole expense, with all federal, state, and local laws, codes, statutes, ordinances, rules, regulations and requirements related to the performance of this Agreement, including but not limited to those dealing with taxation, worker's compensation, equal employment and safety.

Section 29. **Assignment.** This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County.

Section 30. **Notices.** Any notices shall be mailed to:

COUNTY:	OWNER:	CONTRACTOR:

All notices shall be sent by certified mail, return receipt requested.

Section 31. **No Discrimination.** The Owner and Contractor shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

Section 32. **No Waiver.** This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

Section 33. **Governing Law.** This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

Section 34. **Severability.** If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

Section 35. **Headings.** The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

Section 36. **Authority**. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

FINAL RELEASE AND WARRANTY

SECTION 1: HOMEOWNER'S RELEASE

I, _____, as owner of the unit located at [**ADDRESS],** certify and accept all work as performed and contracted by, _____ as complete and satisfactory. I hereby authorize final payment to_____ for the work done on this residence**.**

SECTION 2: CONTRACTOR'S OBLIGATION AND WARRANTY

I, _____ as Contractor of record, for the rehabilitation of the above referenced residence, do issue a one (1) year limited labor and material warranty ending_____**.** The warranty covers defects in materials and workmanship, which occur during normal use. I, _____ **(owner)** acknowledge that routine homeowner maintenance and/or problems caused by neglect, abuse, or improper use are not covered by this warranty. Further, after the warranty expiration date, neither the County, nor the Contractor, shall be responsible for any further work related to this Contract.

SECTION 3: HOMEOWNER/ESCAMBIA COUNTY OBLIGATIONS

As the Contractor has completed his/her contract, the Homeowner, upon acceptance of same, now causes final payment to be made to the Contractor. The Homeowner fully understands that the Contractor is the sole responsible party for the one (1) year warranty as specified in Section 2 of this agreement. The Homeowner understands that it is his/her responsibility to contact the Contractor regarding necessary warranty work. Only after documented efforts by the Homeowner will Escambia County become involved with warranty issues/disputes. Failure of the Contractor to respond to legitimate warranty requests will cause Escambia County/NED to sanction said Contractor.

Issue: Contract Award for CDBG Housing Rehabilitation Services for 5711 Almax Court
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Contract Award for Community Development Block Grant Housing Rehabilitation Services for 5711 Almax Court - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Contract Award for Community Development Block Grant (CDBG) Housing Rehabilitation Services for 5711 Almax Court:

A. Authorize the County Administrator to sign the CDBG Housing Rehabilitation Services Program Agreement between Escambia County, Florida; McDELT, LLC, Contractor; and Beverly Avergel Faubion, Owner; per the terms and conditions of NED C-R-2020-5, NED CDBG Housing Repair for 5711 Almax Court, for a base bid of $56,100; and

B. Authorize the issuance of a Purchase Order.

[Funding: Fund 129/2017 CDBG Housing Rehab, Cost Center 370230]

BACKGROUND:

An Invitation to Bid for project NED C-R-2020-5, NED CDBG Housing Repair for 5711 Almax Court was published in the *Pensacola News Journal* and in Vendor Registry on January 24, 2020 (Exhibit I), and accessed by 75 firms including construction resources such as the Construction Journal and Construction Bid Source. A mandatory pre-solicitation conference was held on January 31, 2020 at the property, which was attended by three firms. Sealed bids were received from three firms on January 27, 2020, with MCDELT, LLC, being the lowest, most

responsive bidder (Exhibit II). The Program Agreement is provided as Exhibit III, which will award the Contract for the base bid of $56,100.

Repairs for this property will include roof replacement, electrical re-wire and associated installation of replacement lighting fixtures, replacement of all water supply and drain lines and associated installation of new plumbing fixtures, installation of new heat pump system, replacement of exterior doors, assorted exterior repairs to address wood rot, bathroom and kitchen repairs, and associated interior repairs to address sheetrock damage that will be incurred in the course of the rehabilitation.

BUDGETARY IMPACT:

Funds are available in Fund 129/2017 CDBG Housing Rehab, Cost Center 370230.

LEGAL CONSIDERATIONS/SIGN-OFF:

The CDBG Housing Rehabilitation Services Program Agreement has been reviewed and approved by Kristin Hual, Senior Assistant County Attorney.

PERSONNEL:

All work associated with this Recommendation was done in-house and no additional staff was required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the Code of Ordinances of Escambia County, FL 1999, Chapter 46, Finance, Article II, Purchases and Contracts. The project and Agreement are in compliance with the CDBG program requirements and the property owner meets all eligibility guidelines for assistance under this program.

IMPLEMENTATION/COORDINATION:

The Neighborhood Enterprise Division will submit the Purchase Order and will have administrative oversight of the project.

CDBG HOUSING REHABILITATION SERVICES PROGRAM AGREEMENT

THIS AGREEMENT is made and entered into by and between __Beverly Avergel Faubion____ (hereinafter referred to as "Owner"), and _MCDELT, LLC__ (hereinafter referred to as "Contractor"), and Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

W I T N E S S E T H:

WHEREAS, the County, acting by and through the Neighborhood Enterprise Division, hereinafter referred to as "NED", has established the **CDBG Housing Rehabilitation Services Program** (hereinafter referred to as the "Program") to provide loans to qualified income eligible property owners to fund repairs to homestead property; and

WHEREAS, the Owner submitted an application with the NED for a Program loan to fund certain repairs as provided herein; and

WHEREAS, the Contractor was selected by competitive bid to complete said repairs as provided herein; and

WHEREAS, the parties hereto wish to define their rights and responsibilities as it relates to the Program.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

Section 1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

Section 2. Scope of Work. The Contractor agrees to furnish and pay for all management, supervision, financing, labor, materials, tools, fuel, supplies, equipment and services of every kind and type necessary to diligently, timely, and fully perform and complete in a good workmanlike manner the renovation and rehabilitation of the subject property located at _5711 Almax Court, Pensacola, FL 32506_ (hereinafter referred to as "Project"), in accordance with the *Scope of Work*, attached hereto as **Exhibit A**. In the event there is any conflict between the provisions of this Agreement and the provisions of any other contract documents, the provisions of this Agreement shall in all cases prevail.

Section 3. Contract Amount. In consideration of the faithful performance by Contractor of the covenants in this Agreement to the full satisfaction and acceptance of County, County agrees to pay, or cause to be paid, to Contractor an amount not to exceed the total sum of **$ 56,100.00** (hereinafter referred to as the "Contract Amount") for the completion of the Project in accordance with the Scope of Work referenced above.

Section 4. Method of Payment. If the Contract Amount is $15,000 or less then the County shall issue payment to the Contractor in a single lump sum upon satisfactory completion of the Project. If the Contract Amount exceeds $15,000 then the County shall issue two payments to Contractor as follows: 40% of the Contract Amount will be paid when 50% of the scope of work is certified complete by NED; the remaining 60% of the Contract Amount will be paid upon full completion of the scope of work and acceptance by NED.

Contractor may request payments by the submission of a properly executed original invoice with appropriate supporting documentation. Payments will be made within fifteen (15) calendar days of the date of approval by the Clerk of the Circuit Court. All payments will be provided to the Contractor directly from the Clerk of the Circuit Court's office by mail or direct deposit as determined by the Contractor.

Contractor's acceptance of payments hereunder shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final inspection.

The County may decline to approve payment(s), or portions thereof, to such extent as may be necessary in the County's opinion to protect it from loss due to: (a) defective work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the work by the Contractor; or (g) any other material breach of the Agreement.

All payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

Section 5. Bonds. If the Contract Amount exceeds $25,000, the Contractor shall provide *Performance and Payment Bonds*, in the form prescribed in **Exhibit B**, in the amount of 100% of the Contract Amount. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to County; provided; however, the surety shall be rated as "A-" (excellent) or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holders' surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Document, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the County's approval.

Failure by Contractor to maintain its bonds in full force and effect at all times, including the warranty period, shall be grounds for termination of this Contract.

Pursuant to §255.05, Florida Statutes, the Contractor shall be required to execute and record the Performance and Payment bonds. The bonds must state the name and principal business address of both the Principal and the Surety and a description of the project sufficient to identify it. (The filing costs are $10.00 for the first page and $8.50 for each remaining page).

Section 6. Notice to Proceed. The County/NED shall issue a written Notice to Proceed to the Contractor within **thirty (30) calendar days** from the date of award. Contractor shall commence work within **seven (7) calendar days** from the Commencement Date specified in the Notice to Proceed. No work shall be performed at the Project site prior to the Commencement Date.

Section 7. Contract Time and Liquidated Damages. Time is of the essence in the performance of the work under this Agreement. The Project shall be substantially complete within **sixty (60) calendar days** from the Commencement Date specified in the Notice to Proceed. Should Contractor fail to substantially complete the Project within the time period noted above, County shall be entitled to assess, as liquidated damages, but not as a penalty, **$50.00** for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially complete on the date that the County/NED certifies in writing that the Project has been completed in accordance with the contract documents, so that the Project can be utilized for the purposes for which it is intended. Along with such certification, the County/NED shall compile a "punch list" of any remaining exceptions that do not adversely affect the use of the Project. Completion of these items will be required prior to final inspection and issuance of a final Certificate of Payment as provided in **Section 11** below.

Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the actual damages at the time of contracting if Contractor fails to substantially complete the Project in accordance with the progress schedule.

When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

Section 8. Delays. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of the Owner's unreasonable interference or other unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County/NED in writing within **forty-eight (48) hours** after the commencement of such delay,

stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against County will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

Section 9. Change Orders. After the execution of this Agreement, no change in the scope, quantity, or quality of work will be undertaken without the prior written approval of the County/NED. Any changes requested by the Owner or Contractor must be submitted in writing to the County/NED and must detail all proposed work and cost. The Owner or Contractor's preference shall not be cause for a Change Order. Furthermore, the Contractor shall not be entitled to additional compensation as a result of the Contractor's failure to properly evaluate the extent of the work, as related to the work specifications.

The County/NED shall have the right at any time during the progress of the work to increase or decrease the work. After being notified of an authorized change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the work shall be made except upon written order of the County/NED, and the County/NED shall not be liable to the Contractor for any increased compensation without such written order.

A *Change Order*, in the form attached as **Exhibit C** to this Agreement, shall be issued and executed promptly after an agreement is reached between Contractor, Owner, and the County/NED concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount shall be adjusted in the Change Order in the manner as the County/NED, Owner, and Contractor shall mutually agree. The Owner shall execute a Modification of Mortgage and/or Lien, as appropriate, which coincides with any cost increase or decrease resulting from the Change Order.

Section 10. Project Site Protection. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the work. Upon the completion of the work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surface materials, and shall leave the Project site clean and ready for occupancy.

Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery shall be protected by Contractor from damage during the prosecution of the work. Any such improvements so

damaged shall be restored by Contractor to the condition equal to that existing at the time of Contractor's commencement of the work.

Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the work or adjacent property to stresses or pressures that will endanger it.

Section 11. Final Completion. The Contractor shall provide the County/NED with written notice that the Project is complete and ready for final inspection, and the County/NED shall promptly make such inspection.

After the Project is ready for final inspection by the County/NED, the Contractor shall submit to County: (1) a *Release and Affidavit* in the form attached as **Exhibit D;** (2) if requested by County/NED, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Agreement, to the extent and in such form as may be designated by County; and (3) Owner's Final Release and Warranty. County reserves the right to inspect the work and make an independent determination as to the work's acceptability.

If the County/NED finds the work acceptable and fully performed in accordance with the Contract Documents and upon receiving the documentation described above, the County/NED shall promptly issue a final *Certificate for Payment*, stating that, on the basis of observations and inspections, the work has been completed in accordance with the terms and conditions of the Agreement and that any remaining balance due the Contractor is due and payable. If Owner does not consent to sign Homeowner's Final Release and Warranty, the County/NED, after documentation of acceptable completion of work and reasonable effort to secure signoff from the Owner, shall cause final Certificate for Payment to be issued to the Contractor.

Section 12. Tests and Inspections. The County/NED, its respective representatives, agents and employees, and any governmental agencies with jurisdiction over the Project shall have access at all times to the work, whether performed on or off of the Project site, for their observation, inspection and testing. Contractor shall provide proper, safe conditions for such access. Contractor shall provide County with timely notice of readiness of the work for all required inspections, tests or approvals.

If the Agreement or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefor and furnish County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

If any work that is to be inspected, tested or approved is covered without written concurrence from the County, such work must, if requested by County, be uncovered for observation. Such uncovering shall be at Contractor's expense unless Contractor has given County timely notice of Contractor's intention to cover the same and County has not acted with reasonable promptness to respond to such notice. If any work is covered contrary to written directions from

County, such work must, if requested by County, be uncovered for County's observation and be replaced at Contractor's sole expense.

The County/NED, or other County officials as may be duly authorized by the NED, reserves the right to place inspectors at the Project site in order to ensure proper expenditure of the funds provided under this Agreement. The County/NED does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the County/NED shall not act in a supervisory capacity during the course of the Project.

Section 13. Reports. Contractor shall maintain in a safe place at the Project site one copy of the all documents related to the performance of this Agreement, as well as all shop drawings and other Contractor submittals and all written interpretations and clarifications issued by the County, in good order and annotated to show all changes made during construction.

Contractor shall keep all records and supporting documentation which relate to the work hereunder for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. The County, the Clerk of the Circuit Court/Finance Division, or any duly authorized agents or representatives of County, shall have the right to audit, inspect, and copy all such records and documentation relating to this Agreement as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

Section 14. Defective Work. Work not conforming to the requirements of the Agreement shall be deemed "*defective work*." If required by County, Contractor shall either cure all defective work, whether or not fabricated, installed or completed, or, if the defective work has been rejected by County, remove it from the site and replace it. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold County harmless for same.

If the County considers it necessary or advisable that covered work be observed by County or inspected or tested by others, Contractor, at County's request, shall uncover, expose or otherwise make available for observation, inspection or tests as County may require, that portion of the work in question, furnishing all necessary labor, material and equipment. If it is found that such work is defective work, Contractor shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and County shall be entitled to an appropriate decrease in the Contract Amount. If, however, such work is not found to be defective, Contractor shall be allowed an increase in the Contract Amount and/or an extension of the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

If any portion of the work is defective work, or Contractor fails to supply sufficient skilled workers with suitable materials or equipment, or fails to finish or perform the work to conform to the requirements of the Agreement, County may order Contractor to stop the work, or any portion

thereof, until the cause for such order has been eliminated; however, this right of County to stop the work shall not give rise to any duty on the part of County to exercise this right for the benefit of Contractor or any other party.

Should the County determine, at its sole opinion, it is in the County's best interest to accept defective work, the County may do so. Contractor shall bear all direct, indirect and consequential costs attributable to the County's evaluation of and determination to accept defective work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such defective work, incorporating the necessary revisions in the Agreement and reflecting an appropriate decrease in the Contract Amount. If the County accepts such defective work after final payment, Contractor shall promptly pay County an appropriate amount to adequately compensate County for its acceptance of the defective work.

If Contractor fails, within a reasonable time after the written notice from County, to correct defective work or to remove and replace rejected defective work as required by County, or if Contractor fails to perform the work in accordance with the Agreement, or if Contractor fails to comply with any of the provisions of the Agreement, County may, after **seven (7) calendar days'** written notice to Contractor, correct and remedy any such deficiency. To the extent necessary to complete corrective and remedial action, County may exclude Contractor from any or all of the Project site, take possession of all or any part of the work, and suspend Contractor's services related thereto, take possession of Contractor's tools, appliances, construction equipment and machinery at the Project site and incorporate in the work all materials and equipment stored at the Project site or for which County has paid Contractor but which are stored elsewhere. Contractor shall allow County, and their respective representatives, agents, and employees such access to the Project site as may be necessary to enable County to exercise the rights and remedies under this Section. All direct, indirect and consequential costs of County in exercising such rights and remedies shall be charged against Contractor, and a Change Order shall be issued, incorporating the necessary revisions to the Agreement, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court and arbitration costs and all costs of repair and replacement of work or others destroyed or damaged by correction, removal or replacement of Contractor's defective work. Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the work attributable to the exercise by County of County's rights and remedies hereunder.

Section 15. Termination.

15.1 Termination for Contractor's Default. Contractor shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, in whole or in part, as further set forth in this Section, if Contractor: (a) fails to begin the work within the time specified herein; or (b) fails to properly and timely perform the work as directed by the County; or (c) performs the work unsuitably or neglects or refuses to remove materials or to correct or replace such work as may be rejected as unacceptable or unsuitable; or (d) discontinues the prosecution of the work; or (e) fails to resume work which has been suspended within a reasonable time after being notified to do so; or (f)

becomes insolvent or is declared bankrupt, or commits any act of bankruptcy; or (g) allows any final judgment to stand against it unsatisfied for more than ten (10) days; or (h) makes an assignment for the benefit of creditors; or (i) fails to obey any applicable codes, laws, ordinances, rules or regulations with respect to the work; or (j) materially breaches any other provision of the Agreement.

The County/NED shall notify Contractor in writing of Contractor's default(s). If County/NED determines that Contractor has not remedied and cured the default(s) within **seven (7) calendar days** following receipt by Contractor of said written notice of default, the County/NED may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that it shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contract Amount, and if such expenditures exceed the unpaid balance of the Contract Amount, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance of the Contract Amount exceeds all such costs, expenditures and damages incurred by the County to complete the Work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the work hereunder.

If, after notice of termination of Contractor's right to proceed pursuant to this Section, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that County is not entitled to the remedies against Contractor provided herein, then Contractor's remedies against County shall be the same as and limited to those afforded Contractor below.

15.2 <u>Termination for Owner's Default</u>. The Owner shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, if the Owner: (a) cancels the Project after the Owner's Right to Rescind has expired; (b) fails to allow necessary ingress and egress on the subject property; (c) if

applicable, fails to timely vacate the premises prior to the Project Commencement Date; (d) otherwise obstructs or delays the prosecution of or completion of the work; or (e) materially breaches any other provision of the Agreement.

The County/NED shall notify Owner in writing of Owner's default. If County/NED determines that the Owner has not remedied and cured the default within **seven (7) calendar days** following receipt of said written notice of default then the Agreement may be terminated by the County/NED.

Any Project costs incurred prior to the date of termination or Project funding advanced to the Owner or paid on the Owner's behalf, including, but not limited to, temporary relocation payment, moving/storage payment, title search fee, procurement costs, permit fees, work completed by Contractor as of the date of termination, and costs incurred for special order materials, etc. shall be repaid to the County by Owner. Within **thirty (30) calendar days** of receipt of the notice of termination, the Owner shall submit a cashier's check to the County for the total amount of any costs incurred and/or funds disbursed under this Agreement through the date of Owner's termination. If Owner fails to return such funds, the County shall place a lien against the subject property for the total amount expended.

15.3 Termination for Convenience. County shall have the right to terminate this Agreement without cause upon **seven (7) calendar days'** written notice of termination to Contractor and Owner. In the event of such termination for convenience, Contractor's recovery against County shall be limited to that portion of the Contract Amount earned through the date of termination, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.4 Termination for Lack of Funding. The parties acknowledge that this Agreement is based upon the availability of CDBG funds, and the County/NED reserves the right to cancel same upon providing **seven (7) calendar days'** written notice to Contractor and Owner should funding cease to be available. In the event of such termination for lack of funding, the Contractor will be paid for the work completed as of the contract termination date. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.5 Notice of Suspension. County shall have the right to suspend all or any portions of the work upon providing Contractor **two (2) calendar days'** written notice of such suspension. If all or any portion of the work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Agreement. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the work which is subject to the ordered suspension.

Section 16. Indemnification. To the extent permitted by law, the Contractor and Owner covenant and agree to, and do hereby indemnify and hold harmless and defend the County, NED, the U. S. Department of Housing and Urban Development, and the State of Florida and their agents, directors, and employees, from and against any and all claims for injuries or damages to persons or property of whatsoever kind or character, whether real or asserted, arising out of this agreement or the work to be performed hereunder.

Section 17. Insurance. The Contractor and any subcontractors who may perform work in connection with this Project are required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies.

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Florida statutory Workers' Compensation or proof of exemption.

If the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least **thirty (30) calendar days'** notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County Neighborhood Enterprise Division, 221 Palafox Place, Suite 200, Pensacola, FL 32502.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Escambia County, 221 Palafox Place, Suite 200, Pensacola, Florida 32502 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

Neither the Contractor nor any subcontractor shall commence work under this agreement until all insurance required under this section has been secured and such insurance has been approved by the County/NED.

Section 18. Subcontracts. The Contractor may subcontract work under this Agreement with the prior written consent of the County. Regardless of any subcontract, the Contractor shall remain responsible for all work performed under this Agreement. The Contractor agrees to be responsible for the fulfillment of all work included in any subcontract and further agrees to be responsible for payment of all monies due to under any subcontract. It is understood and agreed that the County shall not be liable to any subcontractor for any expenses or liabilities incurred

by Contractor under a subcontract and that the Contractor shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

Section 19. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor and Owner shall be independent contractors. Neither Contractor nor Owner shall hold itself out as an employee, agent or servant of the County; and neither shall have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

Section 20. Warranty. Contractor hereby guarantees the improvements detailed in the Scope of Work, attached hereto as **Exhibit A**, for a period of one calendar year from the date of final inspection and acceptance of all work performed pursuant to this Agreement. Should any defects arise during that period, the Owner shall provide written notice to the Contractor and County/NED.

It is further agreed that the Contractor will obtain and assign to the Owner, c/o the County/NED, all express warranties given to Contractor or any subcontractors by any materialmen supplying materials, equipment or fixtures to be incorporated into the Project.

Section 21. Utilities [CHECK ONE]:

☒ The Owner will permit the Contractor to use at no extra cost, existing utilities such as lights, electrical power, and water necessary to complete the Project.

☐ The Owner will permit the Contractor to use the water at no extra cost. The Contactor assumes all obligation/liability regarding the electrical power necessary to complete the Project.

Section 22. Owner's Responsibilities. The Owner shall at all times cooperate with the Contractor and County to facilitate the performance of the work, including the removal of rugs, draperies, wall coverings, and furniture, when necessary, prior to the commencement of the Project. The Owner shall allow and maintain a route of ingress and egress for Contractor's equipment on the subject property. The Contractor is not responsible for removal of Owner's trash and/or discarded belongings or furnishings. Upon completion of the Project, the Owner shall be responsible for reinstallation of rugs, draperies, wall coverings, and furniture unless otherwise specified in the Scope of Work.

If applicable, the Owner shall timely vacate the premises prior to the Commencement Date of the Project and agrees not to enter the work site during any lead based paint hazard abatement work on the premises.

Section 23. Lead Based Paint (LBP)/Renovation, Repair, and Painting Rule (RRP).

The subject property ☒ was/☐ was not constructed prior to 1978.

If the subject property was constructed prior to 1978, then the following provisions shall apply:

The County/NED and/or Owner shall provide Contractor with a copy of the Lead Based Paint (LBP) Survey. Any LBP found in excess of HUD's guidelines as provided in the Lead Safe Housing Rule has or will be remediated in accordance with the Work Plan provided by the Risk Assessor assigned to the Project. The Risk Assessor shall perform a clearance inspection prior to final completion and acceptance of the work. The clearance inspection will be limited to a visual inspection and dust wipe samples at the affected locations. If clearance is not achieved upon the first inspection, Contractor shall promptly perform such additional work as required to achieve clearance and all additional clearance inspections will be at the Contractor's expense. The Project shall not be deemed complete in accordance with **Section 11** until the Risk Assessment Firm furnishes NED with certification that the lead-based paint hazard, evaluated at the time of initial risk assessment, has been abated.

Contractor is an EPA Certified Renovation Firm and has provided a copy of said certification to Owner and the County/NED. All work performed pursuant to this Agreement shall be in accordance with the EPA/RRP Rule, including providing a copy of "Renovation Recordkeeping Checklist" at close of job to Owner and NED, if applicable.

Section 24. Notice to Owner of Florida's Construction Lien Law & Recovery Fund.

ACCORDING TO FLORIDA'S CONSTRUCTION LIEN LAW (SECTIONS 713.001-713.37, FLORIDA STATUTES), THOSE WHO WORK ON YOUR PROPERTY OR PROVIDE MATERIALS AND SERVICES AND ARE NOT PAID IN FULL HAVE A RIGHT TO ENFORCE THEIR CLAIM FOR PAYMENT AGAINST YOUR PROPERTY. THIS CLAIM IS KNOWN AS A CONSTRUCTION LIEN. IF YOUR CONTRACTOR OR A SUBCONTRACTOR FAILS TO PAY SUBCONTRACTORS, SUB-SUBCONTRACTORS, OR MATERIAL SUPPLIERS, THOSE PEOPLE WHO ARE OWED MONEY MAY LOOK TO YOUR PROPERTY FOR PAYMENT, EVEN IF YOU HAVE ALREADY PAID YOUR CONTRACTOR IN FULL. IF YOU FAIL TO PAY YOUR CONTRACTOR, YOUR CONTRACTOR MAY ALSO HAVE A LIEN ON YOUR PROPERTY. THIS MEANS IF A LIEN IS FILED YOUR PROPERTY COULD BE SOLD AGAINST YOUR WILL TO PAY FOR LABOR, MATERIALS, OR OTHER SERVICES THAT YOUR CONTRACTOR OR A SUBCONTRACTOR MAY HAVE FAILED TO PAY. TO PROTECT YOURSELF, YOU SHOULD STIPULATE IN THIS CONTRACT THAT BEFORE ANY PAYMENT IS MADE, YOUR CONTRACTOR IS REQUIRED TO PROVIDE YOU WITH A WRITTEN RELEASE OF LIEN FROM ANY PERSON OR COMPANY THAT HAS PROVIDED TO YOU A "NOTICE TO OWNER." FLORIDA'S CONSTRUCTION LIEN LAW IS COMPLEX, AND IT IS RECOMMENDED THAT YOU CONSULT AN ATTORNEY.

According to Florida Statutes 489.1425 (1) regarding the FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND:

PAYMENT MAY BE AVAILABLE FROM THE FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND IF YOU LOSE MONEY ON A PROJECT PERFORMED UNDER CONTRACT, WHERE THE LOSS RESULTS FROM SPECIFIED VIOLATIONS OF FLORIDA LAW BY A LICENSED CONTRACTOR. FOR INFORMATION ABOUT THE RECOVERY FUND

AND FILING A CLAIM, CONTACT THE FLORIDA CONSTRUCTION INDUSTRY LICENSING BOARD AT THE FOLLOWING TELEPHONE NUMBER AND ADDRESS:

1940 North Monroe Street
Tallahassee, FL 32399

Section 25. Dispute Resolution. Should a dispute arise between the Owner and the Contractor regarding work performed pursuant to this Agreement that cannot be satisfactorily resolved, the Owner and Contractor agree to participate in the Arbitration Mediation Program provided by the Better Business Bureau (BBB) of Northwest Florida, Inc. to resolve the dispute. The decision of the BBB shall be considered final by the parties. However, this shall in no way prohibit the Owner and/or the Contractor from further appeal.

Section 26. Public Records. The Owner and Contractor acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents related to the performance of this Agreement may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. The Owner and Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Owner and Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Owner and Contractor agree to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event that any party fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the parties, and surety, if any, seven calendar days' written notice, during which period the parties still fail to allow access to such documents, terminate this Agreement. In such case, the Owner and Contractor shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

IF THE OWNER OR CONTRACTOR HAVE QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE OWNER AND CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County/Office of the County Administrator

Section 27. Entire Agreement. This instrument constitutes the entire agreement between the parties and no written or oral agreement of any kind exists to change the provision hereof.

Section 28. Permits. The Contractor shall be responsible for obtaining all permits and licenses necessary for the Project. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the prosecution of the work, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the work.

Section 29. Compliance with Laws. Contractor agrees to comply, at its sole expense, with all federal, state, and local laws, codes, statutes, ordinances, rules, regulations and requirements related to the performance of this Agreement, including but not limited to those dealing with taxation, worker's compensation, equal employment and safety.

Section 30. Assignment. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County.

Section 31. Notices. Any notices shall be mailed to:

All notices shall be sent by certified mail, return receipt requested.

Section 32. No Discrimination. The Owner and Contractor shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

Section 33. No Waiver. This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

Section 34. Governing Law. This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

Section 35. Severability. If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

Section 36. Headings. The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be

deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

Section 37. Authority. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

<u>Mandatory on Site Pre-Bid Conference:</u> January 31, 2020 at 8:30 a.m.

INSTRUCTIONS TO BIDDERS

Submit COVER SHEET AND ALL NUMBERED PAGES OF BID with signature of Contractor and bid price in ink. Specifications in pencil will be rejected. Bids must be in a sealed envelope and hand-delivered to Neighborhood Enterprise Division Office, 221 Palafox Place (Ernie Lee Magaha Government Building), Suite 200, Pensacola, FL 32502 office by 12:00 noon at the closing date specified. NO email or fax submissions will be accepted.

The bids will be opened by the Bid Committee and bid will be awarded based upon the lowest eligible bidder with the most reasonable combined bid for the work specified. Bids $25,000 or over must be approved by the Board of County Commissioners prior to award of contract. Itemized pricing may be used for negotiation in the event of a change in the scope of work as described within the Specifications.

Labor, overhead, permits, insurance, and profit must be included into each itemized price and not listed as a separate itemized price or listed under “miscellaneous.” Non-compliance will result in rejection of bid.

All repair work performed must be inspected (rough and final) and conform to County Ordinances, State Laws, and Florida Building Code.

The Contractor is responsible for proper reattachment/hook-up of any/all of the following that apply: appliances, existing coaxial cable, telephone and interface, electric, water, and sewage.

HOMEOWNER’S RESPONSIBILITIES AND OBLIGATIONS

The Homeowner is responsible for maintaining existing utilities for the Contractor’s use during the rehabilitation period.

The Homeowner is responsible for the removal of all belongings/furnishings from the designated work areas prior to the start date. The Contractor is not responsible for removal of Homeowner’s trash and/or discarded belongings or furnishings. Items left within the unit, which are to be removed/replaced by the Contractor become the property of the Contractor.

PAYMENT SCHEDULE

Payment will be lump sum at project completion for bids $15,000.00 and under. For bids over $15,000.00, contractor will be eligible for a 40% draw once all required permit applications are in place and 50% of the work is completed as determined by the itemized costs for the job

The Contractor will be eligible for Final Payment after the following conditions have been fulfilled:

- Completion of Write-Up
- Inspection/Sign-off by Building Inspections and/or Health Department
- Acceptance by the Homeowner (Homeowner’s Release & Warranty)
- Warranty Paper provided to the Homeowner
- Premises free from all construction debris
- Submission of RRP Checklist Form & Contractor’s Final Affidavit
- Original Invoice from Contractor
- Surety’s Consent to Final Payment, if applicable

LEAD BASED PAINT (LBP)/RRP REQUIREMENTS

Abatement of LBP, at or above the LSHR hazardous level, will be performed by a certified Lead Abatement Contractor, with no rehab work to begin until the Abatement Contractor has achieved clearance.

The subject housing unit was built prior to 1978 and is therefore a “targeted property” under the EPA’s RRP rule, as some painted surfaces may be disturbed. Therefore, “Safe work practices” is required along with submittal by the RRP Contractor of “Renovation Record-Keeping Checklist” form.

COMPLETION DATE

There is a SIXTY (60) day time limit on each rehabilitation job. For every day worked in excess of the SIXTY day contract period, a FIFTY DOLLAR ($50.00) per day penalty will be assessed.

A Notice to Proceed will be issued once the homeowner has vacated the property and will take into account LBP remediation to be performed by a certified Lead Abatement Contractor if applicable to the property.

FINAL RELEASE AND WARRANTY

SECTION 1: HOMEOWNER'S RELEASE

I, _____, as owner of the unit located at [**ADDRESS],** certify and accept all work as performed and contracted by, _____ as complete and satisfactory. I hereby authorize final payment to_____ for the work done on this residence**.**

SECTION 2: CONTRACTOR'S OBLIGATION AND WARRANTY

I, _____ as Contractor of record, for the rehabilitation of the above referenced residence, do issue a one (1) year limited labor and material warranty ending_____**.** The warranty covers defects in materials and workmanship, which occur during normal use. I, _____ **(owner)** acknowledge that routine homeowner maintenance and/or problems caused by neglect, abuse, or improper use are not covered by this warranty. Further, after the warranty expiration date, neither the County, nor the Contractor, shall be responsible for any further work related to this Contract.

SECTION 3: HOMEOWNER/ESCAMBIA COUNTY OBLIGATIONS

As the Contractor has completed his/her contract, the Homeowner, upon acceptance of same, now causes final payment to be made to the Contractor. The Homeowner fully understands that the Contractor is the sole responsible party for the one (1) year warranty as specified in Section 2 of this agreement. The Homeowner understands that it is his/her responsibility to contact the Contractor regarding necessary warranty work. Only after documented efforts by the Homeowner will Escambia County become involved with warranty issues/disputes. Failure of the Contractor to respond to legitimate warranty requests will cause Escambia County/NED to sanction said Contractor.

ESCAMBIA COUNTY WASTE SERVICES DEPARTMENT

GROUNDSKEEPING SCOPE OF WORK

PERDIDO LANDFILL AND PALAFOX TRANSFER STATION

Scope of Services:
Contractor to provide mowing, trimming and chemical treatment at the Perdido Landfill and Palafox Transfer Station during the typical growing season.

Work consists of routine mowing, trimming and chemical treatment of grass and vegetation on the landfill site with conventional mowing/trimming equipment. Vegetation consists of planted and or natural grasses, bushes, weeds and other vegetation within the area to be mowed. *All work to be performed during normal business hours.*

The Contractor shall be responsible for policing and removal of any trash, litter, etc. that would be torn, ripped or scattered by the mower and result in an objectionable appearance within the area to be mowed or trimmed. The Contractor shall exercise the necessary care to preclude any source of litter by the Contractor's operation.

All grass and vegetation shall be cut to a minimum height of two (2) inches. No streaking or scalping shall be allowed in the areas mowed.

Frequency of Mowing/Trimming:
Waste Services shall determine estimated number of acres to be completed within a specified number of calendar days for each site, when to begin each mowing cycle and the total number of cycles. The Contractor shall mow and trim up to the limits maintained by Waste Services. A description of service areas and maintenance schedule for a typical year are included as separate documents.

NOTE: Extreme weather conditions (wet or dry), which influence vegetation growth, may impact total number of mow/trim cycles per year.

Each cutting cycle is to be completed in its entirety prior to beginning another cycle. At times, work by the County, other Contractors or weather conditions may prevent the Contractor from servicing an area. The area will be eliminated during the period designated by the Department as will compensation to the Contractor for that area.

Equipment:
The Contractor is responsible for complying with Department's Personal Protective Equipment Policy while performing work for the Department. Policy can be obtained from Waste Services.

Mowing and trimming equipment shall be maintained to produce a clean, sharp cut. The Contractor shall furnish enough resources to accomplish the work satisfactorily within the specified cycle time.

Mowers shall be equipped with a slow-moving vehicle sign located on the rear of the tractor, amber flashing light or white strobe light mounted on the tractor and operating. Safety devices installed by the manufacturer and protective devices on mowers and trimmers shall be properly installed and maintained at all times when the equipment is in use.

If Waste Services determines that any equipment is deficient in safety devices, the Contractor shall remove the equipment from service immediately and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the Department.

Inspection of the Contractor's equipment by the Department shall not relieve the Contractor of responsibility or liability for injury to persons or damage to property caused by the operation of the Contractor's equipment, nor will it relieve the Contractor of the responsibility to meet the established time for completion of the mowing cycle.

Damage Repair:
Negligence by the Contractor which results in property damage public or private shall be repaired or replaced by the Contractor to the satisfaction of the Department at no additional cost to the Department. Repairs or replacement shall be completed in a timely manner.

Acceptance for Payment:
Upon completion of each service cycle Contractor will invoice Waste Services. Prior to paying the invoice, the Department representative will inspect work and notify the Contractor if the invoiced work has not been completed as per contract.

Waste Services reserves the right to withhold payment for services if it is determined that the work is incomplete. The Department will not allow payment until the Contractor has remedied the work to the satisfaction of the Department. The Department reserves the right to cancel contract if due diligence is not provided to satisfactorily comply with all requirements of this contract.

Issue: Conveyance of a Portion of Real Property Located at 3085 Robertson Road
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Conveyance of a Portion of Real Property Located at 3085 Robertson Road - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning the conveyance of a portion of real property, located at 3085 Robertson Road, to Jerry David Westmoreland and Jean Ann Westmoreland:

A. Authorize conveyance of a Quit Claim Deed to Jerry David Westmoreland and Jean Ann Westmoreland, to confirm the return of this portion of real property previously conveyed to Escambia County in 1995; and

B. Authorize the Chairman or Vice Chairman to execute the Quit Claim Deed, and have it recorded at the County's expense in the Clerk of the Court Public Records.

This property is located in Commission District 2.

[Funding: Funds for incidental expenses associated with the recording of documents are available in an Engineering Escrow Account accessed by the Escambia County Clerk's Office]

BACKGROUND:

Jerry David Westmoreland and Jean Ann Westmoreland are currently in negotiations to sell their property located at 3085 Robertson Road. The purchaser had a survey ordered which showed that a portion of a mobile home on the Westmorelands' property is located in the right-of-way.

The Westmorelands granted two Quit Claim Deeds to Escambia County on November 15, 1995, which are recorded in Official Records Book 4206, Pages 917-918 and Pages 919-920. The Quit Claim Deed recorded in Official Records Book 4206, Pages 919-920, was deeded with the incorrect legal description. If the Board approves a Quit Claim on this property, the updated legal description will realign the right-of-way, and the mobile home will no longer be located on the right-of-way.

BUDGETARY IMPACT:

Funds for incidental expenses associated with recording of documents are available in an Engineering Escrow Account accessed by the Escambia County Clerk's Office.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Quit Claim Deed was approved as to form and legal sufficiency by Stephen G. West, Senior Assistant County Attorney.

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

Upon Board approval, Escambia County staff will proceed in compliance with Section 46-139 of the Escambia County Code of Ordinances.

IMPLEMENTATION/COORDINATION:

Upon Board approval, staff will have the Quit Claim Deed recorded in the public records of Escambia County, Florida.

CAO Approval:

RECOMMENDATION:

Recommendation Concerning Approval to Issue Fiscal Year 2019/2020 Purchase Orders, in Excess of $25,000, for the Engineering Department - Joy Jones, P.E., Engineering Department Director

That the Board, for Fiscal Year 2019/2020, approve the issuance of blanket and/or individual Purchase Orders, in excess of $25,000, based upon previously-awarded Contracts, Contractual Agreements, or annual requirements as provided, for the Engineering Department as follows:

Vendor/Contractor	Amount	Contract Number
Vendors to be determined based on quotes: Alfred Watson Construction, Vendor Number 011322 Infrastructure Specialty Services, Vendor Number 420809 Christopher Bargaineer Concrete, Vendor Number 033086 Roads Inc. of NWF, Vendor Number 182328 Chavers Construction, Vendor Number 032335 LTS Construction, LLC, Vendor Number 426732 Adhering to Purchasing Policy PP060, quotes are solicited from at least three local contractors for each project, and the work is awarded based on the lowest cost. Over the course of the year, some contractors may receive Purchase Orders for work on Americans with Disabilities Act (ADA) upgrades on a cumulative amount not to exceed $100,000. The Engineering Department will solicit quotes for these projects from the qualified local	$100,000	N/A

contractors listed above, and also from other qualified local contractors throughout the course of Fiscal Year 2019/2020.		

[Funding is currently available in Fund 353, Local Option Sales Tax (LOST) IV, Cost Center 210106 "Transportation and Drainage", Project #20EN0938.]

BACKGROUND:

The Americans with Disabilities Act (ADA) became law in 1990. The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in all areas of public life, including jobs, schools, transportation, and all public and private places that are open to the general public. The ADA gives civil rights protections to individuals with disabilities similar to those provided to individuals on the basis of race, color, sex, national origin, age, and religion. It guarantees equal opportunity for individuals with disabilities in public accommodations, employment, transportation, state and local government services, and telecommunications.

Meeting in regular session on June 20, 2019, the Board approved the ADA Transition Plan - Title II. To assist in implementing the Transition Plan, the Board, at its November 7, 2019, regular meeting, approved $100,000 from Local Option Sales Tax (LOST) IV to implement ADA-compliant upgrades to the County's roadway system and approved transferring funds into the ADA Upgrades for Compliance Project. Staff plans to issue four or five Work Orders to approved contractors to provide the ADA-compliant upgrades.

Staff anticipates issuing all the Work Orders totaling the $100,000 within the current fiscal year. All commission districts will receive at least one Work Order for ADA-compliant upgrades. Attached for reference are the locations proposed for Work Order #1.

RECOMMENDATION:

Recommendation Concerning the Escambia County, Florida, Americans with Disabilities Act Title II Transition Plan - Joy Jones, P.E., Engineering Department Director

That the Board accept the provided Escambia County, Florida, Americans with Disabilities Act (ADA) Title II Transition Plan.

BACKGROUND:

The Americans with Disabilities Act (ADA), enacted on July 26, 1990, is a civil rights law prohibiting discrimination against individuals based on disability. ADA outlines protections in the following areas:

1. Employment
2. State and local government services
3. Public accommodations
4. Telecommunications
5. Miscellaneous Provisions

Title II of ADA pertains to the programs, activities, and services provided by public entities. As a provider of public transportation services and programs, Escambia County must comply with this section of the ADA, as it specifically applies to public service agencies. Title II of ADA provides that, "no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity."

Title II of ADA is companion legislation to the Architectural Barriers Acts of 1968 and Section 504 of the Rehabilitation Act of 1973.

The Architectural Barriers Act of 1968 is a federal law that requires facilities designed, built, altered or leased with Federal funds to be accessible. The Architectural Barriers Act marks one of the first efforts to ensure access to the built environment. Section 504 of

the Rehabilitation Act of 1973 is a federal law that protects qualified individuals from discrimination based on their disability. The nondiscrimination requirements of the law apply to employers and organizations that receive financial assistance from any federal department or agency. Title II of ADA extended this coverage to all state and local government entities, regardless of whether they receive federal funding.

Under Title II, Escambia County must meet these general requirements:

- Must operate their programs so that, when viewed in their entirety, the programs are accessible to and usable by individuals with disabilities.
- May not refuse to allow a person with a disability to participate in a service, program or activity simply because the person has a disability.
- Must make reasonable modifications in policies, practices and procedures that deny equal access to individuals with disabilities unless a fundamental alteration in the program would result.
- May not provide services or benefits to individuals with disabilities through programs that are separate or different unless the separate or different measures are necessary to ensure that benefits and services are equally effective.
- Must take appropriate steps to ensure that communications with applicants, participants and members of the public with disabilities are as effective as communications with others.
- Must designate at least one responsible employee to coordinate ADA compliance. This person is often referred to as the "ADA Coordinator." The public entity must provide the ADA coordinator's name, office address, and telephone number to all interested individuals.
- Must provide notice of ADA requirements. All public entities, regardless of size, must provide information about the rights and protections of Title II to applicants, participants, beneficiaries, employees, and other interested persons. The notice must include the identification of the employee serving as the ADA coordinator and must provide this information on an ongoing basis.
- Must establish a grievance procedure. Public entities must adopt and publish grievance procedures providing for prompt and equitable resolution of complaints. This requirement provides for a timely resolution of all problems or conflicts related to ADA compliance before they escalate to litigation and/or the federal complaint process.

Escambia County is required, under Title II of the Americans with Disabilities Act (ADA) and 28 CFR Sec. 35.105, to perform a self-evaluation of its current services, policies, and practices. The goal of the self-evaluation is to verify that, in implementing the county's services, policies, and practices, the applicable departments are providing accessibility and not adversely affecting the full participation of individuals with disabilities. This transition plan is the outcome of the perpetual self-evaluation the county conducts on its current services, policies, and practices.

Since the adoption of the ADA, Escambia County has striven to provide accessible features as part of the county's capital improvement projects. As additional information was made available regarding the methods of providing accessible pedestrian features, the county updated its procedures to accommodate.

Escambia County's goal is to continue to incorporate accessible features on any and all ongoing or future county capital improvement projects. The county designs and constructs all capital improvement projects to meet all applicable ADA design standards and procedures. As these standards and procedures are updated, so will the county update its internal policies and practices to accommodate said updates to reflect best management practices.

The county will consider and respond, and to the greatest extent feasible will address all accessibility improvement requests. The county will coordinate with external agencies to ensure that all new or altered pedestrian facilities within county jurisdiction are ADA-compliant to the maximum possible extent.

In accordance with 28 CFR 35.107(a), Escambia County has identified the Human Resources Department Director to serve as the ADA Title II Coordinator to oversee the county's policies and procedures. The Human Resources Department can be contacted at 850-595-3000.

Escambia County's method for upgrading applicable facilities to the current ADA standards is addressed with Local Option Sales Tax dollars and other funding sources. The county's budget is updated annually and the most recent adopted budget is available for viewing at www.myescambia.com/our-services/budget/information-and-related-documents.

Escambia County recognizes that public participation is an important component in the development of this document. The Escambia County Disability Awareness Community (ECDAC) receives input from the community, which has been gathered and used to help define priority areas for improvements within the jurisdiction of Escambia County. The county's website includes access to a description of its ADA/504 Program and links to the county's accessibility information, training, resources, and contacts. The ADA/504 webpage provides ADA Notices, the ADA Grievance Procedure, the county's Design Standards, and contact information for the Statewide and District ADA Coordinators. The site also includes links to outside sources of information related to accessibility to transportation services and facilities (e.g., FHWA, U.S. Department of Justice (DOJ), Access Board memos, guidance, standards, and regulations, etc.)

Under the Americans with Disabilities Act, each agency is required to publish its responsibilities regarding the ADA. If users of county facilities and services believe the county has not provided reasonable accommodation, they have the right to file a grievance.

In accordance with 28 CFR 35.107(b), the county has developed a grievance procedure for the purpose of the prompt and equitable resolution of citizens' complaints, concerns, comments, and other grievances. Grievances shall be submitted to the county's Human Resources Department.

County staff will review/update this attached ADA Transition Plan annually upon approval of the Board of County Commissioners. Updates will include: a list of any

changes, emerging issues or accomplishments during the past fiscal year, and any proposed innovation, activities, or goals for the upcoming year. The plan includes each applicable department's project-level and program-level activities directed toward providing accessibility to its facilities and services. These include a description of the program being implemented; participants involved in the program directly and indirectly; any ADA training provided to BCC staff, consultants and contractors; public involvement activities during program implementation and project delivery; and details of any customer comments/complaints, including resolution of accessibility issues, if applicable.

Escambia County, a Local Agency Program (LAP) Certified Agency that receives federal aid, typically through the Federal Highway Administration (FHWA), for various transportation-related capital improvement projects, is working to meet the recertification deadline of June 30, 2019. As of April 19, 2019, as required by federal law, and to remain in good standing with LAP, staff has sent to FHWA, all necessary documentation and information, including this proposed ADA Transition Plan. Staff will notify FHWA when the BCC has accepted this plan.

Plan

Escambia County, Florida
Americans with Disabilities Act
Title II Transition Plan

Transition Plan Need and Purpose

The Americans with Disabilities Act (ADA) of 1990 is a comprehensive federal civil rights law prohibiting discrimination against individuals based on disability in all areas of public life. The ADA consists of five titles outlining protections in the following areas:

1. Employment
2. State and local government services
3. Public accommodations
4. Telecommunications
5. Miscellaneous Provisions

Title II of ADA pertains to the programs, activities, and services public entities provide. As a provider of public transportation services and programs, Escambia County must comply with this section of the Act as it specifically applies to public service agencies. Title II of ADA provides that, "...no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity." (42 U.S.C. §12132; 28 C.F.R. §35.130)

ADA and its Relationship to Other Laws

Title II of the ADA is companion legislation to two previously enacted federal laws : the Architectural Barriers Act of 1968 and Section 504 of the Rehabilitation Act of 1973.

The Architectural Barriers Act (ABA) of 1968 is a Federal law that requires facilities designed, built, altered, or leased with federal funds to be accessible. The ABA marked one of the first efforts to ensure access to the built environment. Section 504 of the Rehabilitation Act of 1973 is a federal law that protects qualified individuals from discrimination based on their disability. The nondiscrimination requirements of the law apply to employers and organizations that receive financial assistance from any federal agency. Title II of ADA extended this coverage to all state and local government entities, regardless of whether they receive federal funding or not.

Agency Requirements

Under Title II of the ADA, Escambia County must meet the following general requirements, which may also be found at https://www.ada.gov/reg2.htm 28 CFR PART 35:

- Must operate their programs so that, when viewed in their entirety, the programs are accessible to and useable by individuals with disabilities (28 C.F.R. §35.150).
- May not refuse to allow a person with a disability to participate in a service, program, or activity simply because the person has a disability (28 C.F.R. §35.130 (a)).

- Must make reasonable modifications in policies, practices, and procedures that deny equal access to individuals with disabilities unless a fundamental alteration in the program would result (28 C.F.R. §35.130(b) (7)).
- May not provide services or benefits to individuals with disabilities through programs that are separate or different unless the separate or different measures are necessary to ensure that benefits and services are equally effective (28 C.F.R. §35.130(b)(iv) & (d)).
- Must take appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others (28 C.F.R. §35.160(a)).
- Must designate at least one responsible employee to coordinate ADA compliance (28 C.F.R. §35.107(a)). This person is often referred to as the "ADA Coordinator." The public entity must provide the ADA coordinator's name, office address, and telephone number to all interested individuals (28 C.F.R. §35.107(a)).
- Must provide notice of ADA requirements. All public entities, regardless of size, must provide information about the rights and protections of Title II to applicants, participants, beneficiaries, employees, and other interested persons (28 C.F.R. §35.106). The notice must include the identification of the employee serving as the ADA coordinator and must provide this information on an ongoing basis (28 C.F.R. §104.8(a)).
- Must establish a grievance procedure. Public entities must adopt and publish grievance procedures providing for prompt and equitable resolution of complaints (28 C.F.R. §35.107(b)). This requirement provides for a timely resolution of all problems or conflicts related to ADA compliance before they escalate to litigation and/or the federal complaint process.

This Transition Plan has been created to address accessibility within the public rights of way and public property for the Engineering, Mass Transit, Facilities Management, and Parks and Recreation Departments of Escambia County.

Overview

Under Title II of the Americans with Disabilities Act (ADA) and 28 C.F.R. §35.105, Escambia County is required to perform a self-evaluation of its current services, policies, and practices. The goal of the self-evaluation is to verify that, in implementing the County's services, policies, and practices, the applicable departments are providing accessibility and not adversely affecting the full participation of individuals with disabilities. As detailed in this transition plan, the County will continually self-evaluate its services, policies, and practices.

Policies and Practices

Escambia County has striven to provide accessible features as part of the County's capital improvement projects. As accessibility standards and procedures are updated and additional information is available relating to the methods of providing accessible pedestrian features, the County will update its procedures to accommodate these methods.

Escambia County's goal is to continue to incorporate accessible features into all ongoing or future capital improvement projects. The County designs and constructs all capital improvement projects to meet all applicable ADA design standards and procedures. As these standards and procedures are updated, the County will update its internal policies and practices to accommodate these updates reflecting best management practices.

The County will consider, respond, and, to the greatest extent feasible, address all accessibility improvement requests. All accessibility improvements that have been deemed reasonable will be scheduled consistent with County priorities. The County will coordinate with external agencies to ensure that all new or altered pedestrian facilities within the County's jurisdiction are ADA compliant to the maximum extent feasible.

ADA Coordinator

In accordance with 28 C.F.R. §35.107(a), Escambia County has designated the Human Resources Department Director to serve as the ADA Title II Coordinator. The Human Resources Department may be contacted at 850-595-3000.

Ongoing Activities

Existing facilities are upgraded to comply with current ADA standards as part of the County's capital improvement projects. The County's budget and programmed capital improvements program are updated annually and available for viewing under the most recent adopted budget at www.myescambia.com/our-services/budget/information-and-related-documents.

Public Outreach

Escambia County recognizes that public participation is an important component in the development of this plan. The Escambia County's Disability Awareness Committee (ECDAC) provided input from the community to assist with identifying the County's priorities for improvements within the jurisdiction of Escambia County.

Grievance Procedure

Under the ADA, each agency is required to publish its responsibilities to the general public. If users of County facilities and services believe the County has not provided reasonable accommodation as required by the ADA, they have the right to file a grievance.

In accordance with 28 C.F.R. §35.107(b), the County has developed a grievance procedure for the purpose of the prompt and equitable resolution of citizens' complaints, concerns, comments, and other grievances. Grievances shall be submitted to the County's Human Resources Department. Contact information – phone: 850-595-3000 or County's Accessibility webpage at https://myescambia.com/open-government/americans-with-disabilities-act/accessibility.

Ongoing Programs and Progress

The County's ADA Transition Plan will detail each applicable department's project-level and program-level activities directed toward providing accessibility to the County's facilities and services, to include: a description of programs being implemented; participants involved in the programs, directly and indirectly; any ADA training provided to County staff, consultants, and contractors; public involvement activities during program implementation and project delivery; and details of any customer comments/complaints, including resolution of accessibility issues, if applicable. County Staff will update the ADA Transition Plan annually, and once updated, the County will post the Plan on the County's Accessibility webpage at https://myescambia.com/open-government/americans-with-disabilities-act/accessibility. The annual update will entail: a list of any changes; emerging issues or accomplishments during the past fiscal year; and any proposed innovation, activities, or goals for the upcoming year.

Engineering Department

Summary

The Engineering Department is charged with the conservation and preservation of Escambia County's infrastructure. The Department's divisions include Engineering, Transportation & Traffic, the Bob Sikes Toll Booth, Construction Management, Stormwater Management, Surveying, and Real Estate Acquisitions.

Engineering Staff conducted an inventory of pedestrian facilities within the public rights-of-way consisting of the evaluation of the following facilities:

- 100 Miles of Sidewalks;
- 3 Miles of Trails; and
- 201 Traffic Control Signals.

The details of these facilities will be updated on an annual basis.

Maintenance of pedestrian facilities within the public rights-of-way will continue to follow the guidelines set forth for Accessible Design found in the Florida Building Code, Chapter 11.

Requests for accessibility improvements can be submitted to the County's Engineering Department. Contact information – phone: 850-595-3440 or via e-mail: engineering@myescambia.com.

Agency ADA Design Standards and Procedures

Escambia County follows the latest addition of Public Rights of Way Accessibility Guidelines (PROWAG), as adopted by the Florida Department of Transportation (FDOT), as its design standard.

Intersection Corners

Existing curb ramps or blended transitions will be constructed or upgraded to achieve ADA compliance as part of all capital improvement projects. As future projects are programmed and eventually constructed, those intersection corners shall be incorporated into future work for ADA compliance.

Pedestrian Facilities

Sidewalks, trails, and bicycle paths/lanes are commonly considered pedestrian facilities. If feasible, the County will incorporate ADA compliant pedestrian facilities into all roadway projects, and. upgrade any existing pedestrian facilities to ensure ADA compliance.

County Engineering Staff is currently performing an internal audit of all pedestrian facilities along the County's roadway network and anticipates completing the audit this calendar year (2019). The audit will result in a report identifying all pedestrian facility ADA deficiencies and a plan to address the deficiencies. This Transition Plan will be approved by the Board of County

Commissioners and transmitted to the appropriate state and federal agencies for filing prior to the completion of the pedestrian facilities audit. Staff will incorporate the audit report into the Transition Plan as part of the 2020 annual update.

Traffic Control Signals

Traffic control signals will be constructed or upgraded to achieve ADA compliance. If full compliance cannot be achieved, traffic control signal locations will be made as compliant as possible.

Universal Access Plan

Escambia County was successful in securing funds through the Resources and Ecosystems Sustainability, Tourist Opportunities and Revived Economies (RESTORE) Act via the Gulf Coast Restoration Trust Fund to generate a universal public access plan for the two barrier islands in Escambia County.

The project will identify universal public access deficiencies on Pensacola Beach and Perdido Key in Escambia County in order to develop a universal public access plan with priority projects to improve public access Deficiencies will be identified through a survey of existing County facilities, parks, and infrastructure. The evaluations and community stakeholder outreach targeting disabled citizens will be utilized to rank and recommend priority projects in the universal access plan. Priority projects deemed feasible by the County and usable by community stakeholders will be designed and constructed to meet or exceed ADA Standards of Accessible Design, U.S. Access Board Recreational Guidelines, Florida Accessibility Code, and the Federal Highway Administration and Florida Department of Transportation Design Standards.

County Staff anticipates completing the universal public access plan in calendar year 2019, with design of the prioritized projects to follow. Project construction will proceed as funding permits.

This Transition Plan will be approved by the Board of County Commissioners and transmitted to the appropriate state and federal agencies for filing prior to the completion of the universal public access plan. Staff will incorporate the access plan into the Transition Plan as part of the 2020 annual update.

External Agency Coordination

Other state and local agencies/entities are responsible for pedestrian facilities within the jurisdiction of Escambia County. The County will continue to coordinate with those agencies to facilitate the elimination of accessibility barriers.

Continuing Efforts

On July 26, 2011, the U.S. Access Board issued a Notice of Proposed Rule-Making (NPRM), inviting public comments on the ***Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (Guidelines)***.

NOTE: As mentioned, the County has already adopted most of the criteria in the proposed ***Guidelines*** as county standards. The County does not anticipate that the federal adoption of the proposed ***Guidelines*** as standards will require significant changes to its current program. When new accessibility standards within the public rights-of-way are adopted, the County will update its policies, procedures, and design criteria accordingly.

The Capital Improvement Program (CIP) Schedule for the Transportation & Traffic Operations Division of the Engineering Department serves as the 5-Year Work Program for the division and is updated annually for the Board of County Commissioners. All projects will meet any and all applicable ADA standards.

The CIP is available upon request. Requests can be made via phone: 850-595-3440 or e-mail: engineering@myescambia.com.

Mass Transit Department

Summary

Escambia County Area Transit Authority (ECAT) provides citizens with safe, convenient, and affordable transportation at more than 1,076 bus stops covering 285 miles within Escambia County. The ECAT system currently provides fixed-route and para-transit bus service, as well as the seasonal Pensacola Beach trolley and University of West Florida on-campus trolley.

Escambia County also has a bus bench/shelter amenities program. The program consists of the installation of concrete pads for new or relocated bus benches and shelters. These concrete pads are constructed to comply with the local wind load design criteria and the requirements of the ADA. The program also includes the installation of 5-foot-wide sidewalks for accessibility as needed.

Requests for accessibility improvements can be submitted to the County's Mass Transit Department. Contact information – phone: 850-595-3228 or via e-mail: ecat@myescambia.com.

Bus Stops

Bus stops will be constructed or upgraded to achieve ADA compliance. If full compliance cannot be achieved, each bus stop location will be made as compliant as possible.

Bus Stop Assessment Plan

The Federal Transit Administration (FTA) requires providers of fixed-route service to have a plan to bring bus stops into compliance with the ADA and to actively implement the plan. During the development of the Florida-Alabama Transportation Planning Organization's (TPO's) State Fiscal Year 2019 Unified Planning Work Program (UPWP), ECAT and TPO staff programmed $65,000 of the TPO's public transportation planning funds in the FY 2019 UPWP for the TPO's general planning consultant to develop a Bus Stop Assessment Plan that will evaluate the ADA compliance of all Escambia County Authority Transit (ECAT) bus stops and create a plan to bring non-compliant locations into compliance. The TPO's general planning consultant developed a scope of services (task work order referenced herein as Exhibit B) for this project, and TPO staff developed a Notice to Proceed, Task Work Order, and UPWP task budget showing the $65,000 budgeted for consulting services.

The Scope of Services for the development of the Mass Transit Bus Stop Assessment Plan is available upon request. Requests can be made via phone: 850-595-3228 or e-mail: ecat@myescambia.com.

This Transition Plan will be approved by the Board of County Commissioners and transmitted to the appropriate state and federal agencies for filing prior to the completion of the bus stop assessment plan. Staff will incorporate the plan into the Transition Plan as part of the 2020 annual update.

Other Transit Facilities

Escambia County and ECAT will ensure any additional transit facilities located within the jurisdictional limits of the County comply with all applicable accessibility standards.

Facilities Management Department

Summary

The Facilities Management Department is responsible for the maintenance, repair, and security of all county owned and leased buildings, along with utilities, capital lease management, space needs planning, and oversight of capital improvement and renovation projects for county facilities. Its divisions include Custodial Services, Design & Construction Administration Team, Maintenance, and Utilities.

Requests for accessibility improvements can be submitted to the County's Facilities Management Department. Contact information – phone: 850-595-3190 or via e-mail: facilities@myescambia.com.

In addition to reviewing the applicable policies and procedures, County staff and consultants previously conducted accessibility surveys for several County owned and operated buildings and facilities, to include pedestrian walkways, roadways, and parks. The surveys included public areas and employee-only areas. A high priority was placed on identifying and correcting deficiencies in public areas and facilities. Based on these surveys (facility self-evaluations), each department initiated county-level transition plans to implement corrections for ADA deficiencies identified in County buildings. The planning, design, and construction of these projects will be funded by the Local Option Sales Tax (LOST) program.

New facility standards were developed to ensure that alterations to existing buildings and the design and construction of new buildings and facilities will comply with ADA regulations and standards, as well as the requirements of the Florida Accessibility Code, which was modified in 1993 to adopt the ADA standards. The intent is for the County to design construction criteria that will meet or exceed state and federal accessibility regulations.

The following facilities projects were completed within the past 2 years:

- Billy G. Tennant Clinic; and
- Beulah Community Center.

The following facilities projects are expected to occur this Calendar Year 2019:

- Animal Shelter;
- Sheriff's Evidence Building;
- Century Volunteer Fire Department;
- Government Complex - 9-Mile Road; and
- Wildlife Sanctuary.

The Escambia County ADA Study of County Facilities and Parks (dated 02/24/16) is available upon request. Requests can be made via phone: 850-595-3190 or e-mail: facilities@myescambia.com.

Parks and Recreation Department

Summary

The Parks and Recreation Department maintains property throughout Escambia County, including the County's athletic fields and parks, neighborhood parks, beach access areas, boat launch areas, camping facilities, medians and the Equestrian Center. The Department has made major strides in providing access to park locations. A major emphasis has been placed on internal park sidewalks, which provide transition areas from parking locations to various park amenities and restroom facilities. The parks maintenance team primarily focuses on the upkeep and oversight of playground areas with an emphasis on playground fall surfaces, portable restroom units, and park access points. The Parks and Recreation Department will continue to add internal park sidewalks to improve access to various park amenities.

In addition, the Department has added seven special needs playground amenity areas. These locations are adjacent to existing playground units, which provides inclusion for families with special needs youth or adolescents.

Requests for accessibility improvements can be submitted to the County's Parks and Recreation Department. Contact information – phone: 850-475-5220 or via e-mail: recreation@myescambia.com.

The following is an example of the County's continued effort to enhance accessibility to County park facilities.

In 2005, the Miracle League of Pensacola started conducting games at the County's John R. Jones Athletic Complex on 9 Mile Road. The Miracle League's mission is to provide a safe, organized baseball league with facilities for persons with mental and/ or physical challenges where every player plays, every player gets a chance to hit, every player gets on base, every player scores and wins every inning. The Miracle League of Pensacola started its program with one ball diamond along with concession and restroom facilities, and the growth of the program has resulted in additional facilities. Currently, the Miracle League of Pensacola has three rubberized ball diamonds, a multi-sport rubberized court for various sporting activities, and a rubberized surface playground.

Since the ADA became effective in 1992, the County has enhanced accessibility to its facilities and services and will continue to do so. It has been the County's goal to provide its citizens with the most accessible services and facilities in the country and to be a model of accessibility for other state agencies.

The following parks and recreation projects were completed within the past 2 years:

- John R Jones Park;
- Myrtle Grove Park; and
- Ashton Brosnaham Park.

The following parks and recreations projects are expected to occur this Calendar Year 2019:

- Molino Park;
- Bradberry Park;
- Bellview Park;
- Cantonment Park; and
- Brent Park.

The County's ADA Study of County Facilities and Parks (dated 02/24/16) is available upon request. Requests can be made via phone: 850-475-5220 or e-mail: recreation@myescambia.com.

Glossary of Terms:

ADA Transition Plan: Escambia County's ADA Transition Plan identifies and details the County's policies and procedures for ADA compliance and references past, ongoing, and future ADA upgrades / improvements.
Accessible: A facility that provides access to people with disabilities using the design requirements of the ADA.
Alteration: A change to a facility in the public right-of-way that affects or could affect access, circulation, or use. An alteration must not decrease or have the effect of decreasing the accessibility of a facility or an accessible connection to an adjacent building or site.
Americans with Disabilities Act (ADA) of 1990: Federal law that prohibits discrimination based on disability by guaranteeing equal opportunity in public accommodations, employment, transportation, state and local government services, and telecommunications. Title II of the ADA prohibits discrimination against people with disabilities in all programs, services, and activities of state and local governments, their departments and agencies.
Americans with Disabilities Act Accessibility Guidelines (ADAAG): Provides scoping and technical requirements for accessibility to buildings and public facilities for individuals with disabilities under the ADA.

Capital Improvement Program (CIP): The CIP for the Engineering Department includes an annual capital budget and a five-year plan for funding the new construction and reconstruction projects on the County's transportation system.
Chapter 11, Florida Building Code: Establishes state standards for accessibility to places of public accommodation and commercial facilities for individuals with disabilities
Federal Highway Administration (FHWA): A branch of the US Department of Transportation that administers the federal-aid Highway Program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.
Guidelines for Accessible Public Rights-of-Way (PROWAG): Guidelines issued in 2005 by the U. S. Access Board to address roadway design practices, slope, and terrain related to pedestrian access to walkways and streets, including crosswalks, curb ramps, street furnishings, pedestrian signals, parking, and other components of public rights-of-way.
Right-of-Way: A general term denoting land, property, or any interest therein, usually in a strip, acquired for the network of streets, sidewalks, and trails creating public pedestrian access within a public entity's jurisdictional limits.
Section 504 of the Rehabilitation Act of 1973: Prohibits discrimination against people with disabilities in programs that receive federal financial assistance.
Transit Facilities Design: These guidelines provide guidance to state and local governments and transit agencies in the design, location and installation of transit facilities consistent with state and federal laws, regulations, and best practices.
United States Access Board: An independent federal agency that develops and maintains design criteria for buildings and other improvements, transit vehicles, telecommunications

equipment, and electronic and information technology. It also enforces accessibility standards that cover federally funded facilities.

United States Department of Justice (DOJ): The federal executive department responsible for the enforcement of the law and administration of justice.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17572 **County Administrator's Report 14. 12.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 03/05/2020
Issue: Florida Department of Transportation County Incentive Grant Program Application - County Road 184 (Muscogee Road)
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Florida Department of Transportation County Incentive Grant Program Application for the County Road 184 (Muscogee Road) Freight Corridor Project - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning the Florida Department of Transportation (FDOT) County Incentive Grant Program (CIGP) Application for the County Road (CR) 184 (Muscogee Road) Freight Corridor Project:

A. Authorize staff to submit an Application for CIGP Funds to the Florida Department of Transportation (FDOT), to request Grant funding for the CR 184 (Muscogee Road) Freight Corridor Project, from the Perdido River to Beulah Road (CR 99), and from Carlisle Drive to Nowak Road; and

B. Authorize the County Administrator or designee to sign the Application, and any other documents related to the request for CIGP funds, subject to Legal review and sign-off, if applicable, and without further action of the Board.

This project is located in Commission District 5.

[Funding: Fund 353, Local Option Sales Tax IV; CIGP requires a 50/50 funding match. Staff recommends requesting that CIGP funds for the project totaling $2,700,000 (construction estimate, including contingency and construction engineering and inspection) be awarded. If awarded, FDOT and Escambia County would each fund $1,350,000 towards the project.]

BACKGROUND:

Escambia County Transportation & Traffic Operations (TTO) staff is requesting authorization to submit a project Application for State of Florida County Incentive Grant Program (CIGP) funds for the County Road (CR) 184 (Muscogee Road) Freight Corridor Project from Perdido River to Beulah Road and from Carlisle Drive to Nowak Road. The project limits fall within Commission District 5. The project is listed in the Florida-Alabama Transportation Planning Organization (FL-AL TPO) 2045 Long Range Transportation Plan.

This is a major local freight corridor that is key to expanding economic development in the region. Significant financial resources have been expended on this roadway to meet the increasing economic demand, enhance safety, and improve the overall viability of this corridor to handle the growing volume of freight and commuter vehicles. Local funds of over $3 million have been expended on improving this roadway corridor. In addition, this corridor has received state economic development Grant funding in the amounts of $2.174 million and $1.95 million. Escambia County has also recently received $500,000 of direct funding from the Florida Legislature. This CIGP Grant will provide the necessary matching funds to complete the initial upgrade of this corridor.

Improvements will include milling two inches of existing asphalt and resurfacing with four inches of SP12.5 high traffic asphalt rating (76-22). This paving structure was recommended by the Engineer of Record.

CIGP allows the Florida Department of Transportation (FDOT) to make Grants to counties for the improvement of transportation facilities on the State Highway System (SHS). CIGP funds may be awarded for local transportation facilities off the SHS, but such projects would need to relieve traffic congestion on the SHS.

If a project off the SHS is selected for the FDOT Five-Year Work Program, the requesting County must then enter into a Joint Participation Agreement (JPA) with FDOT in the fiscal year that the project is funded. If the project selected is on the state system, FDOT will manage the project and no JPA will be required. This project is off the SHS.

Upon authorization, staff will prepare the CIGP Application, obtain the County Administrator's signature, and transmit all documentation to FDOT prior to the March 20, 2020, deadline.

Per FDOT, new projects for FDOT's Fiscal Year 2024 will be considered during this application cycle.

Attached is a blank CIGP Application for reference.

BUDGETARY IMPACT:

Funding is available in Fund 353, Local Option Sales Tax IV; CIGP requires a 50/50 funding match. Staff recommends requesting that CIGP funds for the project totaling $2,700,000 (construction estimate, including contingency and construction engineering and inpection) be awarded. If awarded, FDOT and Escambia County would each fund $1,350,000 towards the project.

LEGAL CONSIDERATIONS/SIGN-OFF:

Meeting Date: 03/05/2020
Issue: Approval of Miscellaneous Appropriations Agreement between Escambia County and Visit Pensacola, Inc.
From: STEPHAN HALL, Budget Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Miscellaneous Appropriations Agreement between Escambia County and Visit Pensacola, Inc. - Stephan Hall, Budget Manager, Management and Budget Services

That the Board take the following action concerning the Fiscal Year 2020/2021 Miscellaneous Appropriations Agreement between Escambia County and Visit Pensacola, Inc.:

A. Approve allocating the remaining available balance in the Tourist Promotion Fund, Fund 108, to Visit Pensacola, Inc., from Cost Center 360101, in the amount of $1,996,867, and from Cost Center 360105, in the amount of $803,133, for a combined total of $2,800,000; and

B. Approve the Amendment to the Miscellaneous Appropriations Agreement, amending Section 3, increasing the allocation by $2,800,000, for a total allocation of $9,249,534, to be paid from the Tourist Promotion Fund (108), Cost Centers 360101 and 360105, Account 58201; and amending Exhibit "A" as follows:

1. Direct programming: Expenses of ~~$4,925,816~~$6,922,683 related to acquiring visitors to the destination. This includes the purchase of advertising, payments for firms managing the advertising, public relations and market research programs, registration and travel for related trade shows and conferences, brochures and collateral, consumer promotions, sales promotions, website development and marketing, production of marketing materials, and customer sites/familiarization trips. Also included are expenses related to the marketing and operational support of local festivals and events that occur in Escambia County and attract visitors to our community;

2. Operations: Expenses of ~~$340,622~~$498,147 related to the operations of the Visit Pensacola office and the Pensacola Sports Association (PSA); and

3. Personnel: Expenses of ~~$1,183,096~~ $1,828,704 related to salaries and benefits for employees working for Visit Pensacola and the Pensacola Sports Association (PSA);

C. Authorize the Chairman to sign the Amendment and all other necessary documents; and

D. Authorize the execution of the necessary Change Order.

BACKGROUND:

On December 10, 2019, the Tourist Development Council voted to approve allocating the overage in the tourist development tax dollars from Fiscal Year FY 2018/2019 to Visit Pensacola.

Visit Pensacola has requested a $300,000 advance from this additional allocation. Per their Agreement, they operate on a reimbursement basis and the advance will provide cash flow until further expenses are reimbursed by the County. They also act as the fiscal agent for Pensacola Sports and Art, Culture, Entertainment (ACE) and it is critical for reimbursement in a timely manner.

BUDGETARY IMPACT:

Funds are available in the Fiscal Year 2019/2020 Budget.

LEGAL CONSIDERATIONS/SIGN-OFF:

The County Attorney has reviewed and approved the Agreement.

Amendment to Miscellaneous Appropriations Agreement

AMENDMENT TO MISCELLANEOUS APPROPRIATIONS AGREEMENT BETWEEN ESCAMBIA COUNTY AND VISIT PENSACOLA, INC.

THIS AMENDMENT to the Miscellaneous Appropriations Agreement is made and entered into by and between Escambia County, a political subdivision of the State of Florida, with administrative offices at 221 Palafox Place, Pensacola, Florida 32502 (hereinafter referred to as the "County"), and Visit Pensacola, Inc., FEI/EIN 46-3684826, with a principal address of 1401 East Gregory Street, Pensacola, Florida 32502 (hereinafter referred to as the "Recipient").

WITNESSETH:

WHEREAS, on or about October 17, 2019, the parties previously entered into a Miscellaneous Appropriations Agreement wherein the County agreed to appropriate from the County's Tourist Development Fund for the County's current Fiscal Year 2019/2020, "Third Cent" Tourist Development Tax funds in the sum of $4,645,000 and "Fourth Cent" Tourist Development Tax funds in the sum of $1,804,534.00 for the Recipient to conduct a program generally described as Tourism Promotion Activities (hereinafter referred to as the "Agreement"); and

WHEREAS, the parties wish to amend the Agreement to include additional funding in the total amount of $2,800,000.00 to increase funding for Direct Programming activities by $1,996,867.00, Operations expenses by $157,525.00, and Personnel related expenses by $645,608.00; and

WHEREAS, the Board of County Commissioners finds it in the best interest of the health, safety and general welfare of the residents of Escambia County that the Agreement should be amended as provided herein.

NOW, THEREFORE, IN CONSIDERATION of the premises, the appropriation and distribution of funds by the County now or hereafter made, and the mutual covenants herein, the parties do hereby agree to amend the Agreement as follows:

1. The foregoing recitals are declared to be true and correct and are incorporated herein by reference.

2. The Agreement is amended to reflect that the County agrees to pay Visit Pensacola, Inc. additional funding in the amount of $2,800,000.00 for a total sum of $9,249,534.00. The sum of $300,000.00 shall be paid to the Recipient following execution of this Amendment, and all remaining funds shall be paid on a cost reimbursement basis for eligible expenses in accordance with the procedures set forth in Exhibit B.

3. Exhibit A to the Agreement is hereby amended as provided in the revised Exhibit, attached hereto and incorporated herein, to reflect the increased funding allocations for authorized program functions as set forth therein.

4. The parties hereby agree that all other provisions of the Agreement not in conflict with the provisions of this Amendment shall remain in full force and effect.

5. The effective date of this Amendment shall be on the last date executed by the parties hereto.

6. The Agreement and any amendments thereto shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue for any state and federal court action or other proceeding relating to any matter, which is the subject of this Agreement shall be in Escambia County, Florida.

IN WITNESS WHEREOF the parties hereto have made and executed this Amendment to the Agreement on the respective dates under each signature.

RECOMMENDATION:

Recommendation Concerning the Contract Award for PD 18-19.081, Design Services for Muldoon, Velma, and Saufley Field Area Drainage Project - Joy Jones, P.E., Engineering Department Director, and Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board award and authorize the County Administrator to sign the Agreement between Escambia County and Mott MacDonald Florida, LLC, per the terms and conditions of PD 18-19.081, Design Services for Muldoon, Velma, and Saufley Field Area Drainage Project for Phase I Base Services, in the amount of $386,235, and Phase I Optional Services, in the amount of $69,930. The total estimated cost for Phase I is $456,165.

Contingent upon an appropriation of additional Project funding, the County will budget funds for Phase II Base Services, in the amount of $313,055, Phase II Optional Services, in the amount of $82,335, Phase III Base Services, in the amount of $34,665, and Phase III Optional Services, in the amount of $12,985. The total estimated cost for Phase II is $395,390, and Phase III is $47,650.

The total estimated Project cost (Phases I-III) is $899,205.

BACKGROUND:

The Bayou Marcus/Millview Basin, located in the southwestern point of Escambia County, is a 16,681-acre watershed, in which most of its sub-basins drain to Bayou Marcus Creek, which outfalls into Perdido Bay.

Glenwood Subdivision, adjacent to the regional pond located on Muldoon Road, experienced major flooding during the April 2014 flood event, in which nearly 30 homes received up to 2' of water intrusion. This can be alleviated by design/installation of a positive outfall drainage system from Glenwood Subdivision to the Velma Drive Pond. The property at 7320 Hayward Ave is south of and adjacent to the Velma Drive Pond and was recently acquired (less the cell tower property) to allow for the expansion of the Velma Drive Pond. The pond will also require an outfall.

During major rainfall events, stormwater backs up along Saufley Field Road near Prospect Lane causing the intersection to flood. When this occurs, property owners experience flooding at the Prospect Lane intersection and along Muldoon Road east of the Felton Pond. In extreme events, the Felton Pond overflows to the Windham Pond resulting in the flooding of homes in the Glenwood subdivision. The Florida Department of Transportation (FDOT) has prepared plans to install sidewalks on Saufley Field Road and has provided some drainage design based upon FDOT standards which will need to be reviewed as it relates to any proposed improvements associated with the overall project.

The construction of Muldoon Road Area Drainage Improvements Phase I was completed in 2001, resulting in drainage conveyance improvements north of Saufley Field Road, and construction of the Felton and Windham Ponds south of the Muldoon and Saufley Field intersection. Muldoon Road Area Drainage Improvements Phase II plans were completed, but never constructed, due to funding limitations and incomplete acquisitions. The Phase II design concept needs to be evaluated for a more cost-effective solution to provide positive outfall for the Phase I ponds. Construction of the Midas-Muldoon Pond (ID #813) expansion was completed in 2019.

The Request for Letters of Interest for PD 18-19.081, Design Services for

Muldoon, Velma, and Saufley Field Area Drainage Project were submitted via Government Forms Software to 248 registrants representing 96 firms on July 16, 2019. Five firms responded and the Selection/Negotiation Committee ranked the short-listed firms in the following order:

1. Mott MacDonald Florida, LLC;
2. HDR Engineering, Inc.; and
3. Baskerville-Donovan, Inc.

Four negotiations were held, resulting in the Final and Best Offer being established on October 2, 2019, in the amount of $386,235 for Phase I Base Services, and Phase I Optional Services in the amount of $69,930. The total estimated cost for Phase I is $456,165.

Contingent upon an appropriation of additional Project funding, the County will budget funds for Phase II Base Services, in the amount of $313,055, Phase II Optional Services, in the amount of $82,335, Phase III Base Services, in the amount of $34,665, and Phase III Optional Services, in the amount of $12,985. The total estimated cost for Phase II is $395,390, and Phase III is $47,650. When funding becomes available for Phase II and Phase III, these Phases will be released for design services.

LEGAL CONSIDERATIONS/SIGN-OFF:

Attorney Standard Form of Contract, Form G, Consulting Services for Stand-Alone Projects

PERSONNEL:

All work associated with this Recommendation was done in-house and no additional staff was required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the Code of Ordinances of Escambia County, FL 1999, Chapter 46, Finance, Article II Purchases and Contracts, and Florida Statute 287.055, Competitive Consultants Negotiation Act.

IMPLEMENTATION/COORDINATION:

The Office of Purchasing will issue the Attorney Standard Form of Contract, Form G, Consulting Services for Stand-Alone Projects, as well as the Purchase Order. Nick Chauvin of the Escambia County Engineering Department will be the Contract Administrator.

DESIGN SERVICES FOR MULDOON, VELMA, AND SAUFLEY FIELD AREA DRAINAGE
Solicitation Identification Number PD 18-19.081

SCOPE OF WORK

Purpose

The Escambia County Engineering Department requests the services of an engineering consulting firm to provide professional services related to design of the Velma Drive Pond expansion and contributing conveyance improvements to the pond. The primary objectives of the project are to expand the Velma Drive Pond, provide an outfall system for the expanded pond, and accommodate proposed upland drainage improvements to convey stormwater to the pond, including providing positive outfall for existing County ponds within the Basin. Review and update of portions of the September 2007 Stormwater Management Master Plan Bayou Marcus/Millview Basin will be necessary for this design and to accomplish project objectives. Bayou Marcus Basin Study evaluation and update with portions of Branch C and Branch E. Branch C includes Velma Drive Pond Outfall and Fresno Avenue area. Branch E includes Muldoon Road, Bellview Avenue/Hogan Pit Outfall, and Felton Pond Outfall.

The project goals and objectives are as follows:

1. Provide a Basin Study Engineering Assessment Report update specific to project areas of consideration for a phased project approach with phased project details and estimates. The assessment report needs to conceptually consider the programmed Bellview Avenue Branch E Chestnut-Hogan Pit expansion and future Fresno Ave Branch C from the basin study as future separate projects with stormwater projects with stormwater projects with stormwater flows into the system.
2. Provide a connected positive outfall drainage system for the area stormwater ponds as a “treatment train” extending from Bayou Marcus Creek at the South end through Velma Drive Pond ID# 92 expansion, the regional pond on Muldoon Rd (Windham Pond ID# 543), the regional pond on Saufley Field Rd (Felton Pond ID# 433), the existing drainage system on Muldoon Road North of Saufley Field Rd, which includes Midas Pond ID# 813 and Hogan Pit Pond ID # 95. Positive outfall routes and drainage connections will need to be evaluated for the most appropriate option.
3. Develop 100% construction plans for the Velma Drive Pond expansion, including an outfall system to the Bayou Marcus Creek. Positive outfall to the creek and inflow connections from the basin are to be evaluated as part of the design.
4. Develop 100% construction plans to alleviate drainage problems surrounding the Glenwood Subdivision by providing positive outfall design for the (2) two regional ponds in the area of Saufley Field Road (Felton Pond 433) and Muldoon Road (Windham Pond 543), preferably by utilizing the Velma Drive Pond expansion as an outfall connection within the positive outfall system.
5. Develop plans and an engineering assessment to addressing flooding problems at Saufley Field Road and Prospect Lane associated with the existing regional pond on Saufley Field Road across from the intersection in coordination with proposed sidewalks on Saufley Field Road and contributing drainage system.
6. The A/E will be responsible for acquiring project certified Boundary and Topographic Surveys as needed, determining any right-of-way, maintenance claim, or easement needs, and providing for surveys or sketches for the project that satisfy the current Florida

Minimum Technical Standards as set forth by the Board of Professional Surveyors and Mappers.

Background

The Bayou Marcus/Millview Basin, located in the southwestern point of Escambia County, is a 16,681-acre watershed in which most of its sub-basins drain to Bayou Marcus Creek which outfalls into Perdido Bay.

Glenwood Subdivision, adjacent to the regional pond located on Muldoon Rd, experienced major flooding during the April 2014 flood event in which nearly 30 homes received up to 2' of water intrusion. It is expected this can be alleviated by design/installation of a positive outfall drainage system from Glenwood Subdivision to the Velma Drive pond. The property at 7320 Hayward Ave is south of and adjacent to the Velma Drive pond and was recently acquired (less the cell tower property) to allow for the expansion of the Velma Drive pond. The pond will also require an outfall.

During major rainfall events stormwater backs up along Saufley Field Road near Prospect Lane causing the inlet on Prospect Lane to back up and flood the intersection. When this occurs property owners experience flooding at the Prospect Lane intersection and along Muldoon Road East of the Felton Pond. In extreme events the Felton pond overflows to the Windham pond resulting in flooding of homes in the Glenwood subdivision. The Florida Department of Transportation (FDOT) has prepared plans to install sidewalks on Saufley Field Road and has provided some drainage design based upon FDOT standards of which will need to be reviewed as it relates to any proposed improvements associated with the overall project.

The construction of Muldoon Road Area Drainage Improvements Phase 1 was completed in 2001, resulting in drainage conveyance improvements North of Saufley Field Road, and construction of the Felton and Windham Ponds south of the Muldoon and Saufley Field intersection. Muldoon Road Area Drainage Improvements Phase 2 plans were completed, but never constructed due to funding limitations and incomplete acquisitions. The Phase 2 design concept needs to be evaluated for a more cost-effective solution to provide positive outfall for the Phase 1 ponds. Construction of the Midas-Muldoon Pond (ID #813) expansion was completed in 2019.

Basin studies, drainage plans, conceptual plans, and associated designs may have varying drainage concepts and solutions for this area, which are to be evaluated as part of this scope of work. All studies, plans, and available records will be made available to the CONSULTANT. Partial documentation is provided on disc for review.

Description of Work Activities:

Activity 1- Bayou Marcus Basin Study Partial Update

1. Basin Study Modeling:

The basin modeling by the CONSULTANT should primarily be based upon existing inventory and existing drainage conveyance systems and outfalls as previously mentioned. It is anticipated the hydrologic/hydraulic (H&H) model of the primary drainage systems in the Bayou Marcus/Millview Basin Study, specifically can be utilized and updated as necessary to complete this scope of work. It is recommended improvements

be slightly deviated from the basin study to tie Muldoon Road to a newly expanded Velma Drive Pond and outfall along Muldoon Road. However, proposed positive outfall routes are to be evaluated for the most cost effective and constructible, considering existing rights-of-way, easements, or acquisition success. Any records that are not readily available shall be requested from the County's project manager prior to implementing surveying services. Only the primary drainage system, that includes creeks, open ditches, lakes, ponds, and closed conveyances of equivalent 24-inch diameter, as well as locations of identified drainage problems (regardless of conveyance area and pipe size) need to be considered. Drainage features which have smaller conveyance areas shall also be included if relevant to the overall basin system. The stormwater modeling shall include simulations of the 25-year and 100-year storm events, and a detailed study of flood prone areas within the subject project basin.

2. Identification of the Project Basin Area Stormwater Issues

The CONSULTANT shall identify and assess all known flooding areas within the focused study area (via flooding surveys, meetings with County staff, field visits, recent flooding questionnaires on file, flood damage assessment points, complaint review, etc.), develop conceptual design solutions for all the problem areas within the focused study area, prepare an economic analysis of design alternatives, recommend the most viable solutions, and prioritize the solutions based upon overall impact, feasibility, and economics.

3. Data Collection, Site Visits, & Meetings

The CONSULTANT shall collect and review available geotechnical data, existing hydraulic modeling data, geologic and hydro-geologic data and reports, GIS data, damage assessment data, correspondence, reports, topographic, and survey data. Data sources, information, and reports shall be reviewed to evaluate the technical merit and adequacy of the information as it relates to supporting the analysis.

Geotechnical data shall be collected to determine the appropriate modeling percolation rates of the (2) two regional ponds in the area of Saufley Field Road (Felton Pond 433) and Muldoon Road (Windham Pond 543), and for design of the Velma Drive Pond expansion.

Following the assembly and examination of all data and information, gaps shall be identified and discussed with County staff regarding any necessary additional data collection and future monitoring data needs. The CONSULTANT shall request any County file records that appear incomplete and shall propose options for collecting additional data where sufficient data does not exist.

Survey shall be included in this scope to support the basin study efforts, to validate the existing Bayou Marcus/Millview Basin Study model, and provide any information needed to evaluate proposed conceptual drainage improvements. Survey services will also be necessary for the design scope objectives.

The CONSULTANT shall perform a cursory review of the Bayou Marcus/Millview Basin Stormwater Master Plan and the Interconnected Channel & Pipe Routing (ICPR) model that appears to provide a comprehensive analysis of the basin. It is expected the ICPR

model can be used in its entirety as the basis for the proposed surface water analysis. However, it is expected model changes will be necessary.

Site/homeowner visits are anticipated to review pertinent site characteristics and to verify the data to be provided. The site visits may include communication with affected parties and an assessment of the current conditions of the area. Multiple meetings are anticipated with County staff to discuss the engineering services performed on the project. The CONSULTANT will prepare meeting minutes highlighting agenda items discussed, action items, as well as decisions reached at the meetings. It is anticipated that the CONSULTANT will need to conduct several community meetings as necessary to provide study updates and explain the study results.

4. ICPR Modeling:

It is anticipated the H&H model for the Bayou Marcus/Millview Basin Study in 2007 can be utilized by the CONSULTANT, specifically, the model of portions of Branch C and Branch E. The CONSULTANT shall review the drainage basin delineations and hydraulic model and provide an assessment of the methodology and applicability. Assuming the model is appropriate for the proposed analysis, the CONSULTANT will use the 2007 model as the basis for review and update the model as needed to accommodate the project objectives. It should be noted the current condition of the stormwater infrastructure is a combination of the 2007 existing conditions from the master plan, and other improvements listed in the previously described background data. The existing conditions model will need to be updated to reflect infrastructure improvements made since 2007 based upon the above background data and any other improvements identified by the County or discovered during data collection.

5. Engineering Basin Study Assessment Report:

Upon completion of data collection, review of basin study, modeling updates, and compiling all data, the CONSULTANT shall prepare a report outlining the findings, identifying the conceptual plans, and describing details of each project phase and approach towards implementing the drainage improvements to address the project objectives.

Activity 2 –Construction Plans for each Project Phase:

The consultants and/or its sub-consultants shall provide construction plans for several project phases as identified in the project objectives. At a minimum the following project phases are expected, which may be combined depending upon available funding and successful acquisitions:

1. Velma Drive Pond Expansion with positive outfall to Marcus Creek and inflow into the pond from surrounding drainage areas.
2. Positive outfall design for the (2) two regional ponds in the area of Saufley Field Road (Felton Pond 433) and Muldoon Road (Windham Pond 543), preferably by utilizing the Velma Drive Pond expansion, as an outfall connection within the positive outfall system.
3. Plan design addressing flooding problems at Saufley Field Road and Prospect Lane, which may likely be constructed in coordination with proposed sidewalks on Saufley Field Road.

4. Drainage connection plans which effectively provide positive outfall from the drainage system on Muldoon Road associated with conveyance to and from the Chestnut-Hogan Pit and the Midas-Muldoon Pond

II. INSTRUCTIONS TO SUBMITTERS

Firms desiring to provide described Professional Services shall submit one (1) electronic copy of your firms Letter of Interest containing all of the requested information no later than the date and time listed on the cover sheet. Submittals delivered late shall not be accepted or considered. No exceptions will be made.

A. Government Forms Software: http://submittals.myescambia.com/

All information requested must be submitted. Failure to submit all information may result in a lower evaluation of the proposal. Letters, which are substantially incomplete or lack key information, may be rejected by the County at its discretion. The selection of the short-listed firms will be based on the information provided in the submittal.

The submittals shall be in the GSA Standard Form (SF) 330 format with one additional section as described below (include in Letter of Interest). No other format will be acceptable.

Information submitted with your letter of interest should include documentation to demonstrate your firm's qualifications and abilities to provide the scope of services. The submittal should include sufficient information to permit a clear understanding of similar past projects, especially in Florida, staff experience and abilities, and any other additional, pertinent details to describe the team's capabilities.

A committee will review the information submitted and short-list the firms. On-site presentations, interviews, and or discussions will be requested of a short list of three or more firms. Once all review is complete, the short-listed firms will be ranked by the selection committee with the top ranked firm being scheduled for negotiations.

Award(s) resulting from this solicitation shall be subject to the provisions of Chapter 1-9-5, CONSULTANTS of the Ordinances of Escambia County and Procedure PP-250 VENDOR PERFORMANCE EVALUATIONS of the Purchasing Policies and Procedures of Escambia County.

The following policy will apply to all methods of source selection:

B. CONDUCT OF PARTICIPANTS

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or

(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

C. IDENTIFICATION OF SUBCONSULTANTS/CHANGES AFTER THE FACT

After delivering an initial proposal in response to this solicitation, all submitters are prohibited from substituting, modifying, or amending those sub-consultants identified in the initial written submittal at any time during the course of the solicitation process up to the final award of contract and including question and answer sessions, presentations or technical clarifications and submittals as may be required by the Review/Selection Committee. A substitution or addition of sub-consultants or any other material changes to the submittal after the initial response will cause the submittal to be invalid for review and selection purposes.

D. FLORIDA EXECUTIVE ORDER 11-116 COMPLIANCE

III. FIRMS' EVALUATIONS AND SELECTION

The County shall follow the procedures of the Consultants' Competitive Negotiation Act, Title XIX, Chapter 287, Section 055 of the Florida Statutes. The selection committee shall consider such factors as:

Selection Criteria	Points

whose business address is:

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:
   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
   c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state

or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

3.3 The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the Consultant under this Agreement. The consultant shall, without additional compensation, correct or revise any errors or omissions in its designs, drawings, specifications, and other services furnish pursuant to the Agreement.

SAMPLE

(a) Neither the County's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(b) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies provided by law.

(c) If the Consultant is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

3.4 The Consultant shall accomplish the design services required under this Agreement so as to permit the award of a contract at a price that does not exceed the estimated construction contract price as set forth in paragraph (b) below. When bids or proposals for the construction contract are received that exceed the estimated price, he Consultant shall perform such redesign and other services as are necessary to permit contract award within the funding limitation. These additional services shall be performed at no increase in the price of this Agreement. However, the Consultant shall not be required to perform such additional services at no cost to the County if the unfavorable bids or proposals are the of conditions beyond its reasonable control.

(a) The Consultant will promptly advise the County if it finds that the project being designed will exceed or is likely to exceed the funding limitations, and it is unable to design a usable facility within these limitations. Upon receipt of such information, the County will review the Consultant's revised estimate of construction cost. The County may, if it determines that the estimated construction contract price set forth in this Agreement is so low that award of a construction contract not in excess of such estimate is improbable, authorize a change in scope or materials as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth in paragraph (b) below, or the County may adjust such estimated construction contract price. When bids or proposals are not solicited or are unreasonably delayed, the County shall prepare an estimate of constructing the design submitted and such estimate shall be used in lieu of bids or proposals to determine compliance with the funding limitation. In the event the county increases the amount in
(b) below the compensation to the consultant may be increased equitably.

(b) The estimated construction contract price for the project described in the Agreement is $ _____.

3.5 The Consultant may be liable for County costs resulting from negligent, reckless or intentionally wrongful errors or omissions in designs furnished under this Agreement, or failure to timely perform its services under this Agreement. Therefore, when a modification to a construction contract is required because of a negligent, reckless or intentionally wrongful error or omission in the services provided under this Agreement, the County (with the advice of technical personnel and legal counsel) shall consider the extent to which the Consultant may be reasonably liable. The County shall enforce such liability and collect the amount due, if the recoverable cost will exceed the administrative cost involved or is otherwise in the County's interest.

ARTICLE 4
TIME FOR PERFORMANCE

4.1 The schedule for completion of the Consultant's services shall be in accordance with Exhibit "B," which is attached hereto and made a part hereof. Such schedule may be modified from time to time upon the mutual consent of the County and the Consultant.

4.2 These services shall be performed as expeditiously as is consistent with professional skill and care and the orderly progress of the Project. The Consultant's schedule for the performance of its services shall include allowances for periods of time required for the County's review and for its approval of submissions by the Consultant. Time limits established by this schedule, which are hereby approved by the County, shall not be exceeded by the Consultant, except for reasonable cause.

4.3 Prior to beginning the performance of any basic services under this Agreement, the Consultant must receive in writing a Notice to Proceed from the Contract Administrator.

ARTICLE 5
COMPENSATION AND METHOD OF BILLING AND PAYMENT

5.1 COMPENSATION: The County agrees to pay the Consultant, as compensation for its services under Section 3.1 of this Agreement, an aggregate fee for certain project tasks pursuant to the fee schedule set forth in Exhibit "C," attached hereto and made a part hereof. At the completion of each task, the Consultant will be compensated by a lump sum amount, which has been negotiated for that task, unless otherwise mutually agreed to by the parties hereto. The total fee for all such services, to be performed by the Consultant, including costs, direct expenses, and any other charges described Section 5.3, is to be paid as follows: A lump sum amount of__($_____). Final payment will be subject to approval by the Board of County Commissioners.

5.2 FEE SCHEDULE: The "fee schedule," as used herein, shall mean the charges shown in Exhibit "C" for certain tasks to be performed by the Consultant. Such fees shall include, all inclusively the Consultant's salaries of professional and administrative staff, sick leave, vacation, unemployment, excise and payroll taxes, contributions for social security, unemployment compensation insurance, retirement benefits, medical and insurance benefits, air travel, auto travel, telephone, facsimile, reproduction costs, other routine overhead expenses, profit, and all other expenses of every type.

5.3 DIRECT EXPENSES: Direct expenses are those expenses directly attributable to the Project, which will be exclusively borne by Consultant, and are included in its aggregate fee, they shall include, but not be limited to, the following:

(a) Transportation expenses in connection with the Project.
(b) Living expenses in connection with travel and any other travel expenses.
(c) Long distance communications and other miscellaneous budget expenses.
(d) Cost of printing plans, drawings, and specifications which are required by or of the Consultant to deliver the services set forth in this Agreement. The Consultant agrees and understands that it will furnish to the County two (2) sets of all Project plans, reports, and specifications in a bound format acceptable to the County.

SAMPLE

(e) Cost of any software or hardware used or developed for the Project, including CAD/CADD time.

5.4 METHOD OF BILLING AND PAYMENT:

(a) For lump sum contracts, the Consultant may submit bills to the County at the completion and approval of each task or at the partial completion of a task on a pro-rata basis. However, requests for payment shall not be made more frequently than once a month. The Consultant shall submit such monthly statements identifying the nature of the work performed.

Calculations shall be made monthly of the amount and value of the work accomplished and services performed by the Consultant which meet the standards of quality established under this Agreement. The estimates shall be prepared by the Consultant and accompanied by such supporting data as required by the Contract Administrator.

(b) The County agrees that it shall pay the Consultant within forty five (45) business days of receipt of the Consultant's statement provided that the invoice is correct and is consistent with the terms of this Agreement.

(c) Payments under this Agreement and interest on any late payments shall be governed by the Florida Prompt Payment Act, §§ 218.70, et seq., as amended.

5.5 NOTICES:

(a) Any notice, invoice, payment, or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or other private courier service, such as Federal Express.

(b) Unless otherwise notified in writing of a new address, notices, payment, and invoices shall be made to each party at the below listed addresses. Rejection, or other refusal by the addressee to accept, or the inability of the courier service, or the United Postal Service deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. ARTICLE 6
ADDITIONAL SERVICES AND CHANGES IN SCOPE OF WORK

6.1 The County or the Consultant may request changes that would increase, decrease, or otherwise modify the Scope of Work to be provided under this Agreement. Such changes must be in accordance with the procurement policies of the County and must be contained in a written amendment, executed by the parties thereto, with the same formality and of equal dignity prior to any deviation from the terms of this Agreement, including the initiation of any extra work.

ARTICLE 7
COUNTY'S RESPONSIBILITIES

7.1 The County shall furnish to the Consultant, as required for performance of the Consultant's basic services, all available data prepared by or the result of services of others, including without limitation (as may be appropriate): building plans and related drawings, core borings, probings, and subsurface explorations, hydraulic surveys, laboratory tests, and inspections of samples, materials, and equipment, appropriate professional interpretations of all of the foregoing; environmental assessments and impact statements, appropriate professional interpretations of all of the foregoing; property boundary, easement, rights-of-way, topographic and utility surveys; property descriptions; zoning, deed, and other land use restrictions; and any other special data or consultations relating to this Project.

7.2 The County shall arrange for access to and make all provisions for the Consultant to enter upon public and private property as required for the Consultant to perform its services.

7.3 Within a reasonable time so as not to delay the services of the Consultant, the County shall examine all studies, reports, sketches, drawings, specifications, proposals, and other documents presented by the Consultant, obtain advice of an attorney, insurance counselor, or other Consultants, as the County deems appropriate, for such examinations and the rendering, if required, of written opinions pertaining thereto.

7.4 The County shall furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for completion of the Project.

7.5 The County shall give prompt written notice to the Consultant whenever the County observes otherwise becomes aware of any development that affects the scope of timing of the Consultant's services, or any defect in the work of the Consultant.

ARTICLE 8
CONSULTANT'S RESPONSIBILITIES

8.1 QUALITY OF SERVICES:

(a) The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished pursuant to this Agreement.

(b) To that end, the Consultant shall correct or shall revise, without additional compensation, any errors or omissions in its work product or shall make such revisions as are necessary as the result of the failure of the Consultant to provide an accurate,

more efficient, and properly constructable product in its designs, drawings, specifications, or other services.

(c) The County's review/approval/acceptance of or payment for the services required by this Agreement shall NOT be construed to operate as a waiver of any rights or of any cause of action arising out of the performance of this Agreement. Additionally, the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(d) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies otherwise provided by law.

8.2 CONSULTANT PROFESSIONAL REGISTRATION AND CERTIFICATION:

(a) The design services provided to the County by the Consultant shall be certified by professional consultants registered to practice and in good standing in the State of Florida. Any project inspection services also shall be reviewed and shall be approved by such professional consultants.

(b) The survey services provided to the County by the Consultant shall be certified by professional land surveyors registered to practice and in good standing in the State of Florida.

(c) Permit applications to State and Federal agencies prepared by the Consultant shall be signed and shall be sealed by the Consultant, as the project's Consultant of Record. For all such permit applications, post-construction certification also shall be made by the Consultant to appropriate State or Federal permitting agency.

ARTICLE 9
GENERAL PROVISIONS

9.1 OWNERSHIP OF DOCUMENTS:

(a) Drawings, specifications, design, models, photographs, reports, surveys, and other data, including intellectual property of any type or description, produced by the Consultant in connection with this Agreement are and shall remain the property of the County whether the Project for which they were made is completed or not. Such ownership also shall include any electronic files developed or created of such documents.

(b) When such documents are provided to other parties, the Consultant shall ensure return of the County's property by collecting, if appropriate, a deposit equal to the cost of reproduction. Such deposit shall be returned if the documents are timely returned in a useable condition. Otherwise, such deposit shall be retained by the Consultant.

9.2 TERMINATION:

(a) This Agreement may be terminated by either party for cause, or by the County for convenience, upon fourteen (14) days written notice by the terminating party to the other party of such termination in which event the Consultant shall be paid its compensation for services performed to termination date, including all reimbursable expenses then due or incurred to the date of termination.

(b) Termination for cause shall include, but not be limited to, misuse of funds, fraud, lack of compliance with applicable rules, laws, regulations, and ordinances, and failure to perform in a timely manner any provision of this Agreement.

(c) In no event shall a termination for convenience by the County be deemed a default, and any such termination shall not subject the County to any penalty or other claim for damages. If the Consultant abandons this Agreement or causes it to be terminated, the Consultant shall indemnify the County against any loss pertaining to this termination up to a maximum of 1.3 times the full contracted fee amount of the Project. All finished or unfinished documents, data, studies surveys, drawings, maps, models, photographs, and reports prepared by the Consultant shall become the property of the County and shall be immediately delivered by the Consultant to the County.

(d) Vendor suspension or debarment proceedings brought by County pursuant to Chapter 46, Article II, Division 2, Section 46-102, Escambia County Code of Ordinances, shall be grounds for immediate termination of this Agreement.

9.3 RECORDS:

(a) The Consultant shall keep such records and accounts and shall require any subcontractors to keep records d accounts as may be necessary in order to record complete and correct entries as to personnel hours charged to this engagement and any expenses for which the Consultant expects to be reimbursed. Such books and records will be available at all reasonable times for examination and audit by the County, and shall be kept for a period of three (3) years after the completion of all work to be performed pursuant to t is Agreement. Incomplete or incorrect entries in such books and records will be grounds for disallowance by the County of any fees or expenses based upon such entries.

(b) The Consultant acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. The Consultant shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. The Consultant shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Consultant agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Consultant fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any right or remedy and after giving the Consultant and its surety, if any, seven (7) days written notice, during which period the Consultant still fails to allow access to such documents,

Escambia County and the Board of County Commissioners also shall be the certificate holders.

9.10 REPRESENTATIVE OF COUNTY AND CONSULTANT:

(a) It is recognized that questions in the day-to-day conduct of the Project will arise. The Contract Administrator, upon request by the Consultant, shall designate and shall advise the Consultant in writing, persons to whom all communications pertaining to the day-to-day conduct of the Project shall be addressed.

(b) The Consultant shall inform the Contract Administrator in writing of the representative of the Consultant to whom matters involving the conduct of the Project shall addressed.

9.11 ALL PRIOR AGREEMENTS SUPERSEDED:

(a) This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

(b) It is further agreed that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

SAMPLE

9.12 TRUTH-IN-NEGOTIATION CERTIFICATE: The signing of this Agreement by the Consultant shall act as the execution of a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the County determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such contract adjustments shall be made within one (1) year following the end of this Agreement.

9.13 HEADINGS: Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

9.14 GRATUITIES: Neither the Consultant nor any of its employees, agents, and representatives shall offer or give to an officer, official, or employee of the County gifts, entertainment, payments, loans, or other gratuities. The Consultant acknowledges knowledge of the State of Florida's ethics statutes and to the extent applicable the Consultant, the Consultant agrees to abide with such statutes.

9.15 CONFLICT OF INTEREST: The Consultant hereby certifies that it will completely disclose to the County all facts bearing upon any possible conflicts, direct or indirect, with its performance which it believes that any officer, employee, or agent of e Consultant now has or will have. Said disclosure shall be made by the Consultant contemporaneously with the execution of this Agreement and at any time thereafter that such facts become known to the Consultant. The Consultant at all times shall perform its obligations under this Agreement in a manner consistent with the best interests of the County. Failure to abide by this section shall result in the immediate termination of this Agreement pursuant to Chapter 46, Article II, Division 4 of the Escambia County Code of Ordinances.

9.16 SURVIVAL: All other provisions which, by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

9.17 GOVERNING LAW: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue for any matter which is a subject of this Agreement shall be in the County of Escambia.

9.18 INTERPRETATION: For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the Consultant discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the Consultant shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

SAMPLE

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

9.19 SEVERABILITY: The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

9.20 COMPLIANCE WITH LAWS: The Consultant shall keep fully informed regarding and shall fully and timely comply with all current laws and future laws that may affect those engaged or employed in the performance of this Agreement. Without limiting the generality of the foregoing, the Consultant shall observe all rules and regulations of federal, state, and local officials relating to the subject matter of this Agreement.

9.21 EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

9.22 PARTICIPATION IN OTHER PROCEEDINGS: At the County's request, the Consultant shall allow itself to be joined as a party in any legal proceeding that involves the County regarding the design, construction, or installation of any matter which is the subject of this Agreement. This provision is for the benefit of the County and not for the benefit of any other party.

9.23 FURTHER DOCUMENTS: The parties shall execute and deliver all documents and perform further actions that may reasonably necessary to effectuate the provisions of this Agreement.

9.24 NO WAIVER: The failure of the Consultant or the County to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

AGREEMENT

THIS AGREEMENT is made and entered into this 27th day of February, 2020, by and between Escambia County, a political subdivision of the State of Florida (hereinafter referred to as "the County"), whose address is 221 Palafox Place, Pensacola, Florida 32502, and Mott MacDonald Florida, LLC, a for-profit company authorized to transact business in the State of Florida, whose address is 220 W Garden Street Suite 700, Pensacola, FL 32501, and whose Federal tax identification number is 59-1294824 (hereinafter referred to as the "Consultant").

ARTICLE I
DEFINITIONS AND IDENTIFICATIONS

For purposes of this Agreement and the various covenants, conditions, terms, and provisions which follow, the definitions and identifications set forth below are assumed to be true and correct and are, therefore, agreed upon by the parties.

1.1 BOARD OF COUNTY COMMISSIONERS: The Board of County Commissioners of Escambia County, Florida, means the governing body of the Escambia County Government.

1.2 CONSULTANT: Mott MacDonald Florida, LLC is the Consultant selected to perform professional services pursuant to this Agreement.

1.3 CONTRACT ADMINISTRATOR: Whenever the term "Contract Administrator" is used herein, it is intended to mean Nick Chauvin, Engineering Project Coordinator, Engineering. In the administration of this contract, as contrasted with matters of policy, all parties may rely upon instructions or determinations made by the Contract Administrator.

1.4 CONTRACT SERVICES: The intent of this Contract is to make available certain professional consultant services to Escambia County as outlined herein.

1.5 COUNTY: Escambia County is a body corporate and politic and a political subdivision of the State of Florida.

1.6 LUMP SUM COMPENSATION: Lump sum compensation refers to the method of payment under this Agreement for the professional services of the Consultant.

1.7 NOTICE TO PROCEED: A Notice to Proceed is the written authorization issued by the County or the Contract Administrator to commence the Project.

1.8 PROJECT: It is the intent of this Agreement that the Consultant provide to the County certain professional services for PD 18-19.081, Design Services for Muldoon, Velma and Saufley Field Area Drainage Project.

ARTICLE 2
PREAMBLE

In order to establish the background, context, and frame of reference for this Agreement and to generally express the objectives and intentions of the respective parties herein, the following statements, representations, and explanations shall be accepted as predicates for the undertakings and commitments included within the provisions which follow and may be relied upon by the parties as essential elements of the mutual considerations upon which this Agreement is based.

2.1 Under this Agreement, Escambia County will budget funds during Fiscal Year(s) 19-20 for Phase I Base Services in the amount of Three Hundred Eighty-Six Thousand, Two hundred Thirty-Five Dollars ($386,235.00) and Phase I Optional Services in the amount of Sixty-Nine Thousand, Nine Hundred Thirty Dollars ($69,930.00). The total estimated cost for Phase I is Four Hundred Fifty-Six Thousand, One Hundred Sixty-Five Dollars ($456,165.00).

Contingent upon an appropriation of additional Project funding, the County will budget funds for Phase II Base Services in the amount of Three Hundred Thirteen Thousand, Fifty-Five Dollars ($313,055.00), Phase II Optional Services in the amount of Eighty-Two Thousand, Three Hundred Thirty-Five Dollars ($82,335.00), Phase III Base Services in the amount of Thirty-Four Thousand, Six Hundred Sixty-Five Dollars ($34,665.00), and Phase III Optional Services in the amount of Twelve Thousand, Nine Hundred Eighty-Five Dollars ($12,985.00). The total estimated cost for Phases II and III is Four Hundred Forty-Three Thousand, Forty Dollars ($443,040.00).

The total estimated Project cost (Phases I-III) is Eight Hundred Ninety-Nine Thousand, Two Hundred Five Dollars ($899,205.00).

2.2 The Board of County Commissioners has met the requirements of the Consultants' Competitive Negotiation Act, as contained in Section 287.055, Florida Statutes, as amended, and has selected the Consultant to perform the services hereunder.

2.3 Negotiations pertaining to the services to be performed by the Consultant were undertaken between Consultant and a committee selected by the Board of County Commissioners, and this Agreement incorporates the results of such negotiation.

ARTICLE 3
SCOPE OF WORK

The Consultant will provide certain professional consultant services for the tasks outlined in Escambia County's Request for Letters of Interest (RLI) in Specification No. PD 18-19.081, Design Services for Muldoon, Velma and Saufley Field Area Drainage Project, and as represented in the Consultant's Letter of Interest response to PD 18-19.081, subsequent interview, and proposal presentation. In the event of a conflict between the terms of the proposal and this Agreement, the terms of this Agreement shall prevail.

3.1 The basic services to be provided are set forth in Exhibit "A," attached hereto and incorporated by reference herein, and unless otherwise specified, such services shall be completed in accordance with the standard care in the profession at the time such services are rendered.

3.2 Such services, generally, shall include those services performed by a consultant, its employees, and subcontractors, as more specifically enumerated in the Scope of Work of Exhibit "A" and any other services specifically included therein.

3.3 The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the Consultant under this Agreement. The consultant shall, without additional compensation, correct or revise any errors or omissions in its designs, drawings, specifications, and other services furnish pursuant to the Agreement.

(a) Neither the County's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(b) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies provided by law.

(c) If the Consultant is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

3.4 The Consultant shall accomplish the design services required under this Agreement so as to permit the award of a contract at a price that does not exceed the estimated construction contract price as set forth in paragraph (b) below. When bids or proposals for the construction contract are received that exceed the estimated price, the Consultant shall perform such redesign and other services as are necessary to permit contract award within the funding limitation. These additional services shall be performed at no increase in the price of this Agreement. However, the Consultant shall not be required to perform such additional services at no cost to the County if the unfavorable bids or proposals are the result of conditions beyond its reasonable control.

(a) The Consultant will promptly advise the County if it finds that the project being designed will exceed or is likely to exceed the funding limitations, and it is unable to design a usable facility within these limitations. Upon receipt of such information, the County will review the Consultant's revised estimate of construction cost. The County may, if it determines that the estimated construction contract price set forth in this Agreement is so low that award of a construction contract not in excess of such estimate is improbable, authorize a change in scope or materials as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth in paragraph (b) below, or the County may adjust such estimated construction contract price. When bids or proposals are not solicited or are unreasonably delayed, the County shall prepare an estimate of constructing the design submitted and such estimate shall be used in lieu of bids or proposals to determine compliance with the funding limitation. In the event the county increases the amount in (b) below the compensation to the consultant may be increased equitably.

(b) The estimated construction contract price for the project described in the Agreement is $3,200,000.00.

3.5 The Consultant may be liable for County costs resulting from negligent, reckless or intentionally wrongful errors or omissions in designs furnished under this Agreement, or failure to timely perform its services under this Agreement. Therefore, when a modification to a construction contract is required because of a negligent, reckless or intentionally wrongful error or omission in the services provided under this Agreement, the County (with the advice of technical personnel and legal counsel) shall consider the extent to which the Consultant may be reasonably liable. The County shall enforce such liability and collect the amount due, if the recoverable cost will exceed the administrative cost involved or is otherwise in the County's interest.

ARTICLE 4
TIME FOR PERFORMANCE

4.1 The schedule for completion of the Consultant's services shall be in accordance with Exhibit "B," which is attached hereto and made a part hereof. Such schedule may be modified from time to time upon the mutual consent of the County and the Consultant.

4.2 These services shall be performed as expeditiously as is consistent with professional skill and care and the orderly progress of the Project. The Consultant's schedule for the performance of its services shall include allowances for periods of time required for the County's review and for its approval of submissions by the Consultant. Time limits established by this schedule, which are hereby approved by the County, shall not be exceeded by the Consultant, except for reasonable cause.

4.3 Prior to beginning the performance of any basic services under this Agreement, the Consultant must receive in writing a Notice to Proceed from the Contract Administrator.

ARTICLE 5
COMPENSATION AND METHOD OF BILLING AND PAYMENT

5.1 COMPENSATION: The County agrees to pay the Consultant, as compensation for its services under Section 3.1 of this Agreement, an aggregate fee for certain project tasks pursuant to the fee schedule set forth in Exhibit "C," attached hereto and made a part hereof. At the completion of each task, the Consultant will be compensated by a lump sum amount, which has been negotiated for that task, unless otherwise mutually agreed to by the parties hereto. The total fee for all such services to be performed by the Consultant, including costs, direct expenses, and any other charges described in Section 5.3, will be paid as follows:

A lump sum for Phase I Base Services in the amount of Three Hundred Eighty-Six Thousand, Two hundred Thirty-Five Dollars ($386,235.00) and Phase I Optional Services in the amount of Sixty-Nine Thousand, Nine Hundred Thirty Dollars ($69,930.00).

Contingent upon an appropriation of additional Project funding, a lump sum for Phase II Base Services in the amount of Three Hundred Thirteen Thousand, Fifty-Five Dollars ($313,055.00), Phase II Optional Services in the amount of Eighty-Two Thousand, Three Hundred Thirty-Five Dollars ($82,335.00), Phase III Base Services in the amount of Thirty-Four Thousand, Six Hundred Sixty-Five Dollars ($34,665.00), and Phase III Optional Services in the amount of Twelve Thousand, Nine Hundred Eighty-Five Dollars ($12,985.00).

The total estimated Project cost (Phases I-III) is Eight Hundred Ninety-Nine Thousand, Two Hundred Five Dollars ($899,205.00). Final payment will be subject to approval by the Board of County Commissioners.

5.2 FEE SCHEDULE: The "fee schedule," as used herein, shall mean the charges shown in Exhibit "C" for certain tasks to be performed by the Consultant. Such fees shall include, all inclusively the Consultant's salaries of professional and administrative staff, sick leave, vacation, unemployment, excise and payroll taxes, contributions for social security, unemployment compensation insurance, retirement benefits, medical and insurance benefits, air travel, auto travel, telephone, facsimile, reproduction costs, other routine overhead expenses, profit, and all other expenses of every type.

5.3 DIRECT EXPENSES: Direct expenses are those expenses directly attributable to the Project, which will be exclusively borne by Consultant, and are included in its aggregate fee, they shall include, but not be limited to, the following:

(a) Transportation expenses in connection with the Project.

(b) Living expenses in connection with travel and any other travel expenses.

(c) Long distance communications and other miscellaneous budget expenses.

(d) Cost of printing plans, drawings, and specifications which are required by or of the Consultant to deliver the services set forth in this Agreement. The Consultant agrees and understands that it will furnish to the County two (2) sets of all Project plans, reports, and specifications in a bound format acceptable to the County.

(e) Cost of any software or hardware used or developed for the Project, including CAD/CADD time.

5.4 METHOD OF BILLING AND PAYMENT:

(a) For lump sum contracts, the Consultant may submit bills to the County at the completion and approval of each task or at the partial completion of a task on a pro-rata basis. However, requests for payment shall not be made more frequently than once a month. The Consultant shall submit such monthly statements identifying the nature of the work performed.

Calculations shall be made monthly of the amount and value of the work accomplished and services performed by the Consultant which meet the standards of quality established under this Agreement. The estimates shall be prepared by the Consultant and accompanied by such supporting data as required by the Contract Administrator.

(b) The County agrees that it shall pay the Consultant within forty-five (45) business days of receipt of the Consultant's statement provided that the invoice is correct and is consistent with the terms of this Agreement.

(c) Payments under this Agreement and interest on any late payments shall be governed by the Florida Prompt Payment Act, §§ 218.70, et seq., as amended.

5.5 NOTICES:

(a) Any notice, invoice, payment, or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or other private courier service, such as Federal Express.

(b) Unless otherwise notified in writing of a new address, notices, payment, and invoices shall be made to each party at the below listed addresses. Rejection, or other refusal by the addressee to accept, or the inability of the courier service, or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

(c) Payments and Notices to the Consultant shall be made to:

Mott MacDonald Florida, LLC
220 W Garden Street Suite 700
Pensacola, FL 32501

(d) Invoices to the County shall be sent to:

Central Office Complex
3363 West Park Place
Attn: Nick Chauvin
Pensacola, Florida 32505

Notices to the County shall be sent to:

County Administrator
P.O. Box 1591

ARTICLE 6
ADDITIONAL SERVICES AND CHANGES IN SCOPE OF WORK

6.1 The County or the Consultant may request changes that would increase, decrease, or otherwise modify the Scope of Work to be provided under this Agreement. Such changes must be in accordance with the procurement policies of the County and must be contained in a written amendment, executed by the parties thereto, with the same formality and of equal dignity prior to any deviation from the terms of this Agreement, including the initiation of any extra work.

ARTICLE 7
COUNTY'S RESPONSIBILITIES

7.1 The County shall furnish to the Consultant, as required for performance of the Consultant's basic services, all available data prepared by or the result of the services of others, including without limitation (as may be appropriate): building plans and related drawings, core borings, probings, and subsurface explorations, hydraulic surveys, laboratory tests, and inspections of samples, materials, and equipment, appropriate professional interpretations of all of the foregoing; environmental assessments and impact statements, appropriate professional interpretations of all of the foregoing; property boundary, easement, rights-of-way, topographic and utility surveys; property descriptions; zoning, deed, and other land use restrictions; and any other special data or consultations relating to this Project.

7.2 The County shall arrange for access to and make all provisions for the Consultant to enter upon public and private property as required for the Consultant to perform its services.

7.3 Within a reasonable time so as not to delay the services of the Consultant, the County shall examine all studies, reports, sketches, drawings, specifications, proposals, and other documents presented by the Consultant, obtain advice of an attorney, insurance counselor, or other Consultants, as the County deems appropriate, for such examinations and the rendering, if required, of written opinions pertaining thereto.

7.4 The County shall furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for completion of the Project.

7.5 The County shall give prompt written notice to the Consultant whenever the County observes or otherwise becomes aware of any development that affects the scope of timing of the Consultant's services, or any defect in the work of the Consultant.

ARTICLE 8
CONSULTANT'S RESPONSIBILITIES

8.1 QUALITY OF SERVICES:

(a) The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished pursuant to this Agreement.

(b) To that end, the Consultant shall correct or shall revise, without additional compensation, any errors or omissions in its work product or shall make such revisions as are necessary as the result of the failure of the Consultant to provide an accurate, more efficient, and properly constructible product in its designs, drawings, specifications, or other services.

(c) The County's review/approval/acceptance of or payment for the services required by this Agreement shall NOT be construed to operate as a waiver of any rights or of any cause of action arising out of the performance of this Agreement. Additionally, the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(d) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies otherwise provided by law.

8.2 CONSULTANT PROFESSIONAL REGISTRATION AND CERTIFICATION:

(a) The design services provided to the County by the Consultant shall be certified by professional consultants registered to practice and in good standing in the State of Florida. Any project inspection services also shall be reviewed and shall be approved by such professional consultants.

(b) The survey services provided to the County by the Consultant shall be certified by professional land surveyors registered to practice and in good standing in the State of Florida.

(c) Permit applications to State and Federal agencies prepared by the Consultant shall be signed and shall be sealed by the Consultant, as the project's Consultant of Record. For all such permit applications, post-construction certification also shall be made by the Consultant to the appropriate State or Federal permitting agency.

ARTICLE 9
GENERAL PROVISIONS

9.1 OWNERSHIP OF DOCUMENTS:

(a) Drawings, specifications, design, models, photographs, reports, surveys, and other data, including intellectual property of any type or description, produced by the Consultant in connection with this Agreement are and shall remain the property of the County whether the Project for which they were made is completed or not. Such ownership also shall include any electronic files developed or created of such documents.

(b) When such documents are provided to other parties, the Consultant shall ensure return of the County's property by collecting, if appropriate, a deposit equal to the cost of reproduction. Such deposit shall be returned if the documents are timely returned in a useable condition. Otherwise, such deposit shall be retained by the Consultant.

9.2 TERMINATION:

(a) This Agreement may be terminated by either party for cause, or by the County for convenience, upon fourteen (14) days written notice by the terminating party to the other party of such termination in which event the Consultant shall be paid its compensation for services performed to termination date, including all reimbursable expenses then due or incurred to the date of termination.

(b) Termination for cause shall include, but not be limited to, misuse of funds, fraud, lack of compliance with applicable rules, laws, regulations, and ordinances, and failure to perform in a timely manner any provision of this Agreement.

(c) In no event shall a termination for convenience by the County be deemed a default, and any such termination shall not subject the County to any penalty or other claim for damages. If the Consultant abandons this Agreement or causes it to be terminated, the Consultant shall indemnify the County against any loss pertaining to this termination up to a maximum of 1.3 times the full contracted fee amount of the Project. All finished or unfinished documents, data, studies surveys, drawings, maps, models, photographs, and reports prepared by the Consultant shall become the property of the County and shall be immediately delivered by the Consultant to the County.

(d) Vendor suspension or debarment proceedings brought by County pursuant to Chapter 46, Article II, Division 2, Section 46-102, Escambia County Code of Ordinances, shall be grounds for immediate termination of this Agreement.

9.3 RECORDS:

(a) The Consultant shall keep such records and accounts and shall require any subcontractors to keep records and accounts as may be necessary in order to record complete and correct entries as to personnel hours charged to this engagement and any expenses for which the Consultant expects to be reimbursed. Such books and records will be available at all reasonable times for examination and audit by the County and shall be kept for a period of three (3) years after the completion of all work to be performed pursuant to this Agreement. Incomplete or incorrect entries in such books and records

will be grounds for disallowance by the County of any fees or expenses based upon such entries.

(b) The Consultant acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. The Consultant shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. The Consultant shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Consultant agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Consultant fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any right or remedy and after giving the Consultant and its surety, if any, seven (7) days written notice, during which period the Consultant still fails to allow access to such documents, terminate the employment of the Consultant. In such case, the Consultant shall not be entitled to receive any further payment. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Consultant (excluding monies owed the Consultant for subcontractor work).

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator

9.4 NO CONTINGENT FEES: The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Consultant any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, the County shall have the right to terminate the Agreement without liability and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

9.5 SUBCONTRACTORS: The County approves the use of subcontractors by the Consultant. In the event the Consultant, during the course of the work under this Agreement, requires the services of any subcontractors or other professional associates in connection with services

covered by this Agreement, it must secure the prior written approval of the County for employment of such subcontractors.

9.6 ASSIGNMENT: This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the Consultant, without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

9.7 HOLD HARMLESS AND INDEMNIFICATION OF COUNTY:

The Consultant agrees to hold harmless and indemnify the County and its agents, officers, and employees from all liabilities, damages, losses, and costs, including attorneys' fees and paralegals' fees, incurred by County to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Consultant or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Consultant, or by any other person for whom the Consultant is legally liable. Consultant's obligation as provided herein shall be limited to its proportionate share of liability to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Consultant or by any person, firm or corporation to whom any portion of the Work is subcontracted by Consultant, and Consultant shall not be required to indemnify and hold harmless County where County's negligence, recklessness, or intentional wrongful misconduct is determined by a court of competent jurisdiction to be the sole cause of its liabilities, damages, losses and costs, including attorney's and paralegal fees.

County and Consultant agree one percent (1%) of the Contract Amount paid by County to Consultant shall be given as separate consideration for this indemnification, and any other indemnification of County by Consultant provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Consultant by Consultant's acceptance and execution of the Agreement.

Consultant agrees that such indemnification by the Consultant relating to any matter which is the subject of this Agreement shall extend throughout the term of this Agreement and any statutes of limitations thereafter. The Consultant's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

9.8 INSURANCE: The Consultant is required to carry the following insurance:

(a) Commercial General Liability with $1,000,000 minimum per occurrence, including coverage parts of bodily injury, property damage, broad form property damage, personal injury, independent contractors, blanket contractual liability, and completed operations.

(b) Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Professional Liability coverage with $1,000,000 minimum limit, except where the estimated construction contract price for the project described in the Agreement is greater than $5 Million dollars, the minimum limit of professional liability coverage shall be equal to 25% of the estimated construction contract price for the project. Said coverage shall be continuously maintained and in effect for a period of not less than **five (5) years** from the effective date of this Agreement. The policy limit of liability shall not include legal fees and other defense costs. If a claims made form of coverage is provided, the retroactive

date of coverage shall be no later than the effective date of this Agreement and shall not be advanced.

If at any time during the aforementioned policy period there should be a cancellation, non-renewal, or lapse in coverage, professional liability coverage shall be extended for the remainder of the five year period with a supplemental extended reporting period (SERP) endorsement to take effect upon expiration of the policy period referenced above. The limits of liability applicable to the SERP coverage shall be equal to the limits of liability applicable to the policy referenced above and to which the endorsement attaches.

(d) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

(e) It is understood and agreed by the parties that in the event that the Consultant, as defined in Section 1.2, consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

(f) All liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be a minimum financial size of VII, according to the latest edition of the A.M. Best Key Rating Guide. An A or better Best Rating is referred; however, other ratings if "Secure Best Ratings" may be considered. Liability policies shall be underwritten on the occurrence basis, except the professional and environmental impairment coverage may be provided on a claims made basis. Escambia County and the Board of County Commissioners shall be "additional insured's" on all liability policies (except professional liability). Certificates of insurance shall be provided to the Purchasing Manager, 213 Palafox Place – 2nd Floor, Pensacola, Florida 32502 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County and shall provide for a minimum of thirty (30) days' notice of cancellation. Escambia County and the Board of County Commissioners also shall be the certificate holders.

9.9 REPRESENTATIVE OF COUNTY AND CONSULTANT:

(a) It is recognized that questions in the day-to-day conduct of the Project will arise. The Contract Administrator, upon request by the Consultant, shall designate and shall advise the Consultant in writing, persons to whom all communications pertaining to the day-to-day conduct of the Project shall be addressed.

(b) The Consultant shall inform the Contract Administrator in writing of the representative of the Consultant to whom matters involving the conduct of the Project shall be addressed.

9.10 ALL PRIOR AGREEMENTS SUPERSEDED:

(a) This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

(b) It is further agreed that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

9.11 TRUTH-IN-NEGOTIATION CERTIFICATE: The signing of this Agreement by the Consultant shall act as the execution of a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the County determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such contract adjustments shall be made within one (1) year following the end of this Agreement.

9.12 HEADINGS: Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

9.13 GRATUITIES: Neither the Consultant nor any of its employees, agents, and representatives shall offer or give to an officer, official, or employee of the County gifts, entertainment, payments, loans, or other gratuities. The Consultant acknowledges knowledge of the State of Florida's ethics statutes and to the extent applicable to the Consultant, the Consultant agrees to abide with such statutes.

9.14 CONFLICT OF INTEREST: The Consultant hereby certifies that it will completely disclose to the County all facts bearing upon any possible conflicts, direct or indirect, with its performance which it believes that any officer, employee, or agent of the Consultant now has or will have. Said disclosure shall be made by the Consultant contemporaneously with the execution of this Agreement and at any time thereafter that such facts become known to the Consultant. The Consultant at all times shall perform its obligations under this Agreement in a manner consistent with the best interests of the County. Failure to abide by this section shall result in the immediate termination of this Agreement pursuant to Chapter 46, Article II, Division 4 of the Escambia County Code of Ordinances.

9.15 SURVIVAL: All other provisions which, by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

9.16 GOVERNING LAW: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue for any matter which is a subject of this Agreement shall be in the County of Escambia.

9.17 INTERPRETATION: For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the Consultant discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the Consultant shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

9.18 SEVERABILITY: The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

9.19 COMPLIANCE WITH LAWS: The Consultant shall keep fully informed regarding and shall fully and timely comply with all current laws and future laws that may affect those engaged or employed in the performance of this Agreement. Without limiting the generality of the foregoing, the Consultant shall observe all rules and regulations of federal, state, and local officials relating to the subject matter of this Agreement.

9.20 EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

9.21 PARTICIPATION IN OTHER PROCEEDINGS: At the County's request, the Consultant shall allow itself to be joined as a party in any legal proceeding that involves the County regarding the design, construction, or installation of any matter which is the subject of this Agreement. This provision is for the benefit of the County and not for the benefit of any other party.

9.22 FURTHER DOCUMENTS: The parties shall execute and deliver all documents and perform further actions that may reasonably necessary to effectuate the provisions of this Agreement.

9.22 NO WAIVER: The failure of the Consultant or the County to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver

or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the respective dates under each signature: Escambia County, Florida through its Board of County Commissioners, signing by its County Administrator, duly authorized to execute this Agreement through the express delegation of authority set forth in Chapter 46, Article II of the Escambia County Code of Ordinances, and Mott MacDonald Florida, LLC, signing by and through its Senior Vice President, duly authorized to execute same.

Scope of Services - Muldoon, Velma, and Saufley Field Area Drainage

September 30, 2019

Dear Mr. Lovingood:

Mott MacDonald (Consultant) is pleased to provide this proposal for purposes of providing Professional engineering services for the Muldoon, Velma and Saufley Field Area Drainage project.

This Scope of Work is based on the Request for Letters of Interest issued by Escambia County as PD 18-19.081. Consultant acknowledges and accepts the Information Package of that document including the Project Location, Project Background/Description, Scope of Services and Project Timeline. Further to the information provided in PD 18-19.081, Consultant provides the following information on Scope of Services to be provided.

SCOPE OF SERVICES

PHASE 1 - BASIC SERVICES

TASK 1 – Basin Study Engineering Assessment Update

The Consultant shall complete a basin study engineering assessment report updating the specific project areas from the Bayou Marcus Basin Study previously completed by Mott MacDonald (formerly Hatch Mott MacDonald) circa 2007. The specific areas will include the drainage system associated with the Saufley Field and Prospect lane, Felton Drive Stormwater Pond, Windham Stormwater Pond, and Velma Drive Stormwater Pond. The basin study report update efforts shall include:

a. **Florida Department of Environmental Protection (FDEP) Pre-application Meeting:** The consultant shall schedule a pre-application meeting with FDEP to discuss the current design concept of expanding the existing Velma pond on property with compliance history of use as a C&D landfill and for petroleum product contamination/remediation due to leaky underground storage tanks.

MOTT MACDONALD

b. **Data Collection, Site Visits and Meetings:** The consultant shall collect and review available data on, but not necessarily limited to, the following:

i. Geotechnical data
ii. Existing hydrologic and hydraulic modelling data
iii. Geologic and hydro-geologic data and reports
iv. GIS data
v. Flood damage assessment data
vi. Recent flooding questionnaires on file
vii. Flood complaint data
viii. Correspondence
ix. Reports
x. Topographic and survey data.

All data Sources, information and reports shall be reviewed to evaluate technical merit and adequacy as it relates to supporting analysis of the project specific area drainage. Following evaluation of the collected data, data gaps shall be identified and discussed with County staff regarding any additional data collection and future monitoring needs necessary.

Three 20' deep borings each in the Felton and Windham ponds, two 20' deep borings in the existing Velma stormwater pond foot print, and six 40' deep borings in the area of the proposed Velma pond expansion shall be conducted for geotechnical analysis. A detailed geotechnical report will be provided detailing the stormwater parameters for each pond.

Consultant shall conduct site/homeowner visits to review pertinent site characteristics and verify any provided/collected data and assess the current conditions within the project specific area. Consultant shall coordinate and attend three (3) meetings with County staff to discuss the engineering services performed. Consultant will prepare meeting minutes highlighting agenda items discussed, action items and decisions reached. Additionally, the Consultant shall attend two public involvement meetings to provide study updates and explain the study results

c. **Existing Conditions Stormwater Model Update:** The Consultant shall evaluate the existing conditions in the specific project area to determine what improvements have been constructed since the 2007 Basin Study. The Consultant shall update the existing conditions model to reflect the improvements and geotechnical information within the specific project area only. The existing conditions ICPR model will be converted to the latest version of ICPR 4 and georeferenced over available aerial photography. ICPR4 Map layers for basins, soils type, land use, etc. shall be created where appropriately formatted GIS shapefiles are available. However, any such map layers shall be provided for user reference/viewing only and will not be setup for use by the ICPR4 model.

d. **Proposed Conditions Stormwater Model Update:** Any modifications made to the existing conditions model under item 'c' above shall likewise be incorporated into the proposed conditions ICPR model. The Consultant shall update the proposed conditions model for the specific project area only. The proposed conditions ICPR model will be converted to the latest version of ICPR 4 and georeferenced over available aerial photography. ICPR4 Map layers for basins, soils type, land use, etc. shall be created where appropriately formatted GIS shapefiles are available. However, any such map layers shall be provided for user reference/viewing only and will not be setup for use by the ICPR4 model.

MOTT MACDONALD

e. **Design Alternatives Development:** The Consultant shall simulate 25-year and 100-year design storm events within the existing conditions model. Predicted peak water surface elevations within the project specific area shall be reviewed to identify predicted flooding conditions, within the focused study area. Results of this effort shall be compared to known flooding conditions, identified through data collection, and site and homeowner visits to ensure reasonable correlation between model predictions and documented existing conditions.

   Consultant shall develop, model and evaluate design alternatives to address all identified flooding conditions, within the focused study area, as well as improvements to the Saufley Field Road and Prospect Lane drainage system, and providing positive outfalls for the Felton, Windham, and Velma Drive stormwater ponds. Additionally, the Velma Drive Pond will be expanded to incorporate the surrounding County lands. A positive outfall will be evaluated to convey the expanded Velma Drive Pond south to Bayou Marcus Creek.

   Mott MacDonald shall evaluate a maximum of two options for routing outfalls from the Felton and Windham Ponds to the Velma Drive Pond and two options for routing the Velma Drive Pond outfall into Bayou Marcus. The Consultant will conduct planning level coordination with Gulf Power and other utilities on the conceptual layouts. The Consultant shall provide a conceptual layout of the outfall options, estimated cost, construction phasing, and other documentation to the County.

   A meeting shall be held with the County to discuss the conceptual improvements to Saufley Field Road and Prospect lane and the stormwater pond outfall layouts. Based on this information the County shall determine the preferred outfall routes from the Felton and Windham Ponds to the Velma Drive Pond and from the Verma Drive Pond to Bayou Marcus.

f. **Basin Study Report Update:** The Consultant shall prepare an updated Basin Study Report for the specific project area. The report shall detail the stormwater improvements since the Basin Study and discuss stormwater problems. The updated study shall include information obtained during the assessment, the stormwater exhibits, existing and proposed model results, proposed construction phasing, and cost estimates. The report will include recommendations based upon the findings presented.

TASK 2 – Engineering and Construction Plans (Velma Pond outfall to Bayou Marcus)

The below defined scope of services is based upon the assumed improvements/routes discussed during the initial scope and fee negotiation meeting held on September 5, 2019. However, the final design, and consequently design efforts, for this task will depend upon various factors which will only be determined through the completion of the Task 1 scope of services. Therefore, scope and fee revisions for Task 2 may need to be revised prior to commencing these services.

MOTT MACDONALD

a. **Topographic Survey:** The Consultant shall perform a topographic survey of County road rights-of-way, easements or properties within the project limits to establish the horizontal and vertical location of all visible and apparent features. Consultant shall also establish the horizontal location of County roadway rights-of-way where possible and practical based upon readily available data or data provided by Escambia County. It is assumed that Escambia County will provide electronic copies of the boundary and topographic survey of its parcel for the planned Velma Pond expansion and the existing Velma Pond for Consultant use.

   Easements or other legal encumbrances upon the various properties included within the limits of survey shall be shown where known or if provided by the Escambia County. Performance of title work is not included within the scope of services.

   Horizontal reference will be the Florida North Zone State Plane Coordinate System, North American Datum of 1983. Vertical reference will be the North American Vertical Datum of 1988. Benchmarks referenced to NAVD 1988 Datum shall be provided.

   Certified copies of any topographic surveys meeting the current State of Florida Standards of Practice, as set forth by the Board of Professional Surveyors and Mappers, shall be provided for County Surveyor review. Electronic files of said survey drawings shall be submitted in State Plane Coordinates.

b. **Geotechnical Exploration:** The consultant shall perform twelve (12) 15' deep borings at approximate 300' spacings along the proposed route of all stormwater outfall piping to collect information regarding subsurface conditions which may impact construction materials, efforts and or techniques and to provide pavement recommendations for reconstruction of impacted roadway segments. The proposed scope of services includes two borings placed within asphalt roadways and two boring placed within the wooded areas adjacent to Bayou Marcus. A detailed geotechnical report will be provided detailing the findings of this effort.

c. **Jurisdictional Wetland Delineation:** Delineation of wetland resources in accordance with the methodology outlined 33 CFR 320-330 (US Army Corps of Engineers), Section 404 of the Clean Water Act (33 U.S.C. 1344), and Section 10 of the Rivers and Harbors Act (33 U.S.C. 403). The wetland boundary will be established in the field by progressively locating points along the upland/wetland boundary at 20-30-ft. intervals or corresponding with directional changes in the boundary. Each point will be identified by an experienced wetland scientist. Pink flags will be placed at each location and clearly marked "Wetland Delineation". Each flagged point will contain an alpha numeric designator for later tracking of its location. Each point will be located using a Trimble Geo7X Global Navigation Satellite System (GLONASS) which is reported to be submeter accurate. GPS data will be collected using Trimble's TerraSync Professional Mapping Software with later data refinement and post processing using Trimble's Pathfinding Professional Software. Our findings will be presented in a written narrative with a map exhibit which will depict the property boundary and delineated wetland lines.

MOTT MACDONALD

d. **Cultural Resources Consultation:** A complete a review of the master site file maintained by the Florida Division of Historical Resources shall be performed. Consultant will submit a formal review request to Florida Division of Historical Resources to determine compliance with applicable rule & statute governing historical resources. The desired results will include a response from DHS with a determination whether or not the project area will require a systematic professional archaeological survey.

e. **Structural Engineering:** The Consultant shall design one (1) stormwater outfall energy dissipator structure at the outfall of the proposed stormwater outfall piping.

f. **Construction Plans:** The Consultant shall design and prepare construction plans for the expansion of the Velma Drive Pond and the outfall system from Velma Drive Pond to Bayou Marcus. The plans shall include a key sheet, general notes, project layout, plan sheet, cross sections, and miscellaneous sheets as required. The construction plans shall be submitted at 30%, 60%, 90%, and Final plans. A cost estimate shall be prepared for each design phase submittal. A review meeting with the County shall be held after each submittal to discuss the construction plans and cost estimate. The Consultant shall prepare specifications as part of the final plan submittal. All submittals to the County shall be provided in digital format and include one hardcopy.

g. **Utility Coordination:** The Consultant shall review existing utilities within the project limits and determine if there are any potential impacts with the modifications to the plans. The Consultant shall coordinate with the utility agencies on any proposed impacts, concerns, or potential construction conflicts. Consultant shall participate in two (2) plans-in-hand walk throughs following the 60% and 90% design submittals

h. **Permitting**: Consultant shall submit for and secure an Environmental Resource Permit through the Northwest Florida Water Management District (NWFWMD) and Nationwide permit through the United State Army Corps of Engineers (USACE) as required for construction of the proposed improvements. This task shall include response to comments or requests for additional information received from NWFWMD and USACE. For the purposes of this proposal, it is assumed that the project will qualify for an individual permit from NWFWMD and a nationwide permit from USACE with a permitting allowance of $320. Should individual permits be required from either agency additional fees will be required. Further, it is assumed that all remediation efforts related to contamination or other compliance related issues associated with the historical use of the County owned property adjacent to the Velma Drive pond were successful. Efforts related to contamination and/or solid waste remediation/removal and disposal are not anticipated or included within the current scope of services. Any such effort will require additional fee.

PHASE I - OPTIONAL SERVICES

TASK 3 – Public Involvement

The Consultant shall participate in one public meeting and one internal meeting with County staff. The Consultant shall coordinate the public meeting, advertisement in a local newspaper, and mailout invitation letters. Consultant shall work with County staff to secure an appropriate facility for the meeting.

MOTT MACDONALD

The public meeting will be with stakeholders such as residents and local Community leaders. Consultant shall conduct the public meeting for the purpose of gathering comments regarding the concept plans. The public meeting shall include exhibits, handouts and comment forms.

The Consultant shall meet with County staff shortly after the public meeting to review the public input and to then decide on the final layout to move forward into design.

TASK 4 – Phase I Cultural Resource Archeological Survey

Should it be required by DHS, the survey will include a background search for previously recorded archeological sites, historic structures, and cultural resources studies in the project area. The survey will also include subsurface shovel tests excavated at standard sizes and intervals according to the requirements established by the Florida Division of Historical Resources (DHR). Soil removed from tests well be screened through one-quarter inch mesh wire. All excavations will be backfilled. Artifacts recovered will be identified and analyzed according to their place in Florida history and prehistory. Any archeological sites or historic standing structures discovered will be properly recorded and evaluated based on state guidelines.

Maps of excavations and site locations will be completed. A cultural resource document of findings will be prepared and sent to the client and DHR. Communications with the client and government agencies will be maintained to best assure project completion of the archeological survey in a timely manner.

TASK 5 – Bid Support and Limited Construction Observation

Consultant will assist the County in preparing Bid Documents and will provide bid assistance through the bidding process by responding to Contractor RFIs. This task shall include shop drawing review and periodic construction observation services as necessary to determine general compliance with the approved and permitted construction plans and for certification of the constructed project to NWFWMD. For the purposes of this proposal, construction observation services have been estimated at 1 site visit per month for a duration of 12 months, and one (1) substantial completion inspection. If actual construction observation service efforts exceed these assumptions additional fee will be required.

TASK 6 – As-built Certification and Project Closeout

Consultant will prepare Record Drawings serving as a compiled representation of the construction project. Consultant shall rely upon red-line mark-ups and elevations to be provided by the contractor after completion of construction. As-built Survey services are not included within the scope of service. Consultant shall submit as-built certification and requests to convert to operation phase to NWFMWD.

TASK 7 – Ground Penetrating Radar and Subsurface Utility Exploration

Consultant will utilize ground penetrating radar to locate, and determine depth of bury, for existing utilities within County rights-of-way along the project route. Subsurface utility exploration will be performed at each intersection within the project limits to the extent possible within a maximum of two days effort.

MOTT MACDONALD

TASK 8 – Easement Sketch and Descriptions

This task shall include preparation of easement sketch and descriptions as necessary for Escambia County to negotiate and secure easements upon privately held properties which may be necessary for the construction of proposed improvements. Easement sketch and descriptions, based upon the most recent deed of record, shall be completed on a per sketch and description basis. For the purposes of this proposal 5 sketch and descriptions have been assumed with a single round of modifications based upon County review comments. Sketch and descriptions shall be billed on a per occurrence basis at $1,140 each. The proposed scope of services does not include performance of any title search, title commitments, or completion of any boundary survey. Should additional sketch and descriptions be necessary, or if title search/commitments or boundary surveys are desired, additional fee shall be required.

FUTURE PHASES

The below defined scope of services is based upon the assumed improvements/routes discussed during the initial scope and fee negotiation meeting held on September 5. 2019. However, the final design, and consequently design efforts, for all phases beyond Phase 1 will depend upon various factors which will only be determined through the completion of the Phase 1 scope of services. Therefore, scope and fee revisions for all Phases after Phase 1 may need to be revised prior to commencing those services.

PHASE II – BASIC SERVICES

TASK 9 – Engineering and Construction Plans (Felton and Windham Pond Outfall System)

a. **Topographic Survey:** The Consultant shall perform a topographic survey of County road rights-of-way, easements or properties within the project limits to establish the horizontal and vertical location of all visible and apparent features. Consultant shall also establish the horizontal location of County roadway rights-of-way where possible and practical based upon readily available data or data provided by Escambia County. It is assumed that Escambia County will provide electronic copies of the boundary and topographic survey of its parcel for the planned Velma Pond expansion for Consultant use.

   Easements or other legal encumbrances upon the various properties included within the limits of survey shall be shown where known or if provided by the Escambia County. Performance of title work is not included within the scope of services.

   Horizontal reference will be the Florida North Zone State Plane Coordinate System, North American Datum of 1983. Vertical reference will be the North American Vertical Datum of 1988. Benchmarks referenced to NAVD 1988 Datum shall be provided.

   Certified copies of any topographic surveys meeting the current State of Florida Standards of Practice, as set forth by the Board of Professional Surveyors and Mappers, shall be provided for County Surveyor review. Electronic files of said survey drawings shall be submitted in State Plane Coordinates.

MOTT MACDONALD

b. **Geotechnical Exploration:** The consultant shall perform twenty-six (26) 15' deep borings at approximate 300' spacings along the proposed route of all stormwater outfall piping to collect information regarding subsurface conditions which may impact construction materials, efforts and or techniques and to provide pavement recommendations for reconstruction of impacted roadway segments. A detailed geotechnical report will be provided detailing the findings of this effort. The proposed scope of services includes eight borings placed within asphalt roadways. A detailed geotechnical report will be provided detailing the findings of this effort

i. **Jurisdictional Wetland Delineation:** Delineation of wetland resources in accordance with the methodology outlined 33 CFR 320-330 (US Army Corps of Engineers), Section 404 of the Clean Water Act (33 U.S.C. 1344), and Section 10 of the Rivers and Harbors Act (33 U.S.C. 403). The wetland boundary will be established in the field by progressively locating points along the upland/wetland boundary at 20-30-ft. intervals or corresponding with directional changes in the boundary. Each point will be identified by an experienced wetland scientist. Pink flags will be placed at each location and clearly marked "Wetland Delineation". Each flagged point will contain an alpha numeric designator for later tracking of its location. Each point will be located using a Trimble Geo7X Global Navigation Satellite System (GLONASS) which is reported to be submeter accurate. GPS data will be collected using Trimble's TerraSync Professional Mapping Software with later data refinement and post processing using Trimble's Pathfinding Professional Software. Our findings will be presented in a written narrative with a map exhibit which will depict the property boundary and delineated wetland lines.

c. **Structural Engineering:** The Consultant shall design one (1) stormwater outfall energy dissipator structure at the outfall of the proposed stormwater outfall piping into the expanded Velma Pond.

d. **Construction Plans:** The Consultant shall design and prepare construction plans for the outfall system routed from the Felton and Windham ponds to the expanded Velma Drive Pond. The plans shall include a key sheet, general notes, project layout, plan sheet, cross sections, and miscellaneous sheets as required. The construction plans shall be submitted at 30%, 60%, 90%, and Final plans. A cost estimate shall be prepared for each design phase submittal. A review meeting with the County shall be held after each submittal to discuss the construction plans and cost estimate. The Consultant shall prepare specifications as part of the final plan submittal. All submittals to the County shall be provided in digital format and include one hardcopy.

e. **Utility Coordination:** The Consultant shall review existing utilities within the project limits and determine if there are any potential impacts with the modifications to the plans. The Consultant shall coordinate with the utility agencies on any proposed impacts, concerns, or potential construction conflicts. Consultant shall participate in two (2) plans-in-hand walk throughs following the 60% and 90% design submittals.

MOTT MACDONALD

f. **Permitting**: Consultant shall submit for and secure an Environmental Resource Permit through the Northwest Florida Water Management District (NWFWMD). This task shall include response to comments or requests for additional information received from NWFWMD. For the purposes of this proposal, it is assumed that the project will qualify for a general permit from NWFWMD with a permitting allowance of $250. Further, it is assumed this this project will not impact USACE jurisdictional wetlands and as such USACE permitting is not included within the scope of services. Should and individual permit or USACE permitting be required additional fees will be necessary.

PHASE II - OPTIONAL SERVICES

TASK 10 – Public Involvement

The Consultant shall participate in one public meeting and one internal meeting with County staff. The Consultant shall coordinate the public meeting, advertisement in a local newspaper, and mailout invitation letters. Consultant shall work with County staff to secure an appropriate facility for the meeting.

The public meeting will be with stakeholders such as residents and local Community leaders. Consultant shall conduct the public meeting for the purpose of gathering comments regarding the concept plans. The public meeting shall include exhibits, handouts and comment forms.

The Consultant shall meet with County staff shortly after the public meeting to review the public input and to then decide on the final layout to move forward into design.

TASK 11 – Bid Support and Limited Construction Observation

Consultant will assist the County in preparing Bid Documents and will provide bid assistance through the bidding process by responding to Contractor RFIs. This task shall include shop drawing review and periodic construction observation services as necessary to determine general compliance with the approved and permitted construction plans and for certification of the constructed project to NWFWMD. For the purposes of this proposal, construction observation services have been estimated at 1 site visit per month for a duration of 18 months, and one (1) substantial completion inspection. If actual construction observation service efforts exceed these assumptions additional fee will be required.

TASK 12 – As-built Certification and Project Closeout

Consultant will prepare Record Drawings serving as a compiled representation of the construction project. Consultant shall rely upon red-line mark-ups and elevations to be provided by the contractor after completion of construction. As-built Survey services are not included within the scope of service. Consultant shall submit as-built certification and requests to convert to operation phase to NWFMWD.

TASK 13 – Ground Penetrating Radar and Subsurface Utility Exploration

Consultant will utilize ground penetrating radar to locate, and determine depth of bury, for existing utilities within County rights-of-way along the project route. Subsurface utility exploration will be performed at each intersection within the project limits to the extent possible within a maximum of ten days effort.

MOTT MACDONALD

TASK 14 – Easement Sketch and Descriptions

This task shall include preparation of easement sketch and descriptions as necessary for Escambia County to negotiate and secure easements upon privately held properties which may be necessary for the construction of proposed improvements. Easement sketch and descriptions, based upon the most recent deed of record, shall be completed on a per sketch and description basis. For the purposes of this proposal 5 sketch and descriptions have been assumed with a single round of modifications based upon County review comments. Sketch and descriptions shall be billed on a per occurrence basis at $1,140 each. The proposed scope of services does not include performance of any title search, title commitments, or completion of any boundary survey. Should additional sketch and descriptions be necessary, or if title search/commitments or boundary surveys are desired, additional fee shall be required.

PHASE III – BASIC SERVICES

TASK 15 –Engineering and Construction Plans (Saufley Field Road/Prospect Lane)

a. **FDOT Coordination:** The consultant shall coordinate with FDOT for approval/construction of planned improvements within the FDOT right-of-way along Saufley Field Road.

b. **Topographic Survey:** The Consultant shall perform a topographic survey of County road rights-of-way, easements or properties within the project limits to establish the horizontal and vertical location of all visible and apparent features. Consultant shall also establish the horizontal location of County roadway rights-of-way where possible and practical based upon readily available data or data provided by Escambia County. It is assumed that Escambia County will provide electronic copies of the boundary and topographic survey of its parcel for the planned Velma Pond expansion for Consultant use.

   Easements or other legal encumbrances upon the various properties included within the limits of survey shall be shown where known or if provided by the Escambia County. Performance of title work is not included within the scope of services.

   Horizontal reference will be the Florida North Zone State Plane Coordinate System, North American Datum of 1983. Vertical reference will be the North American Vertical Datum of 1988. Benchmarks referenced to NAVD 1988 Datum shall be provided.

   Certified copies of any topographic surveys meeting the current State of Florida Standards of Practice, as set forth by the Board of Professional Surveyors and Mappers, shall be provided for County Surveyor review. Electronic files of said survey drawings shall be submitted in State Plane Coordinates.

c. **Geotechnical Exploration:** The consultant shall perform one (1) 15’ deep borings at the location of the proposed Saufley Field Road Crossing within the asphalt pavement to collect information regarding subsurface conditions which may impact construction materials, efforts and or techniques and to provide pavement recommendations for reconstruction of impacted roadway segments. A detailed geotechnical report will be provided detailing the findings of this effort.

MOTT MACDONALD

d. **Construction Plans:** The Consultant shall design and prepare construction plans for the proposed improvements to the flooding area at Saufley Field and Prospect Lane. The plans shall include a key sheet, general notes, project layout, plan sheet, cross sections, and miscellaneous sheets as required. The construction plans shall be submitted at 30%, 60%, 90%, and Final plans. A cost estimate shall be prepared for each design phase submittal.

   A review meeting with the County shall be held after each submittal to discuss the construction plans and cost estimate. The Consultant shall prepare specifications as part of the final plan submittal. All submittals to the County shall be provided in digital format and include one hardcopy.

e. **Utility Coordination:** The Consultant shall review existing utilities within the project limits and determine if there are any potential impacts with the modifications to the plans. The Consultant shall coordinate with the utility agencies on any proposed impacts, concerns, or potential construction conflicts. Consultant shall attend one plans in hand walk through following the 60% design submittal.

f. **Permitting**: Consultant shall submit for and secure an Environmental Resource Permit through the Northwest Florida Water Management District (NWFWMD). This task shall include response to comments or requests for additional information received from NWFWMD. For the purposes of this proposal, it is assumed that the project will qualify for a general permit from NWFWMD with a permitting allowance of $250. Further, it is assumed this this project will not impact USACE jurisdictional wetlands and as such USACE permitting is not included within the scope of services. Should an individual permit or USACE permitting be required additional fees will be necessary.

PHASE III - OPTIONAL SERVICES

TASK 16 – Bid Support and Limited Construction Observation

Consultant will assist the County in preparing Bid Documents and will provide bid assistance through the bidding process by responding to Contractor RFIs. This task shall include shop drawing review and periodic construction observation services as necessary to determine general compliance with the approved and permitted construction plans and for certification of the constructed project to NWFWMD. For the purposes of this proposal, construction observation services have been estimated at 1 site visit, and one (1) substantial completion inspection. If actual construction observation service efforts exceed these assumptions additional fee will be required.

TASK 17 – As-built Certification and Project Closeout

Consultant will prepare Record Drawings serving as a compiled representation of the construction project. Consultant shall rely upon red-line mark-ups and elevations to be provided by the contractor after completion of construction. As-built Survey services are not included within the scope of service. Consultant shall submit as-built certification and requests to convert to operation phase to NWFMWD.

TASK 18 – Ground Penetrating Radar and Subsurface Utility Exploration

Consultant will utilize ground penetrating radar to locate, and determine depth of bury, for existing utilities within County rights-of-way along the project route. Subsurface utility exploration will be performed at one point of crossing within the project limits to the extent possible within a maximum of one day of effort.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17531 **County Administrator's Report 14. 17.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 03/05/2020
Issue: Award of a Purchase Order for Transfer Trailers (5) for the Solid Waste Department
From: PAUL NOBLES, Purchasing Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Award of a Purchase Order for Five Transfer Trailers for the Solid Waste Department - James Higdon, Division Manager, Public Works, and Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board award and authorize the County Administrator to sign a Purchase Order, in excess of $50,000, for five Transfer Trailers, to Mac Trailer Manufacturing, Inc., in the amount of $382,815 ($76,563 per trailer), per the terms and conditions of PD 19-20.027, Transfer Trailers (5) for Solid Waste.

Vendor/Contractor	Amount	Contract Number
Fund 401, Solid Waste Fund; Cost Center 230307, Palafox Transfer Station; Object Code 56401, Machinery & Equipment	$382,815	PD 19-20.027

Specification PD 19-20.027, Transfer Trailers (5) for Solid Waste was posted to Vendor Registry on January 21, 2020 and issued to 32 registrants representing 27 firms. The solicitation was viewed by 18 firms and downloaded by 13 firms.

NON-ADA-COMPLIANT DOCUMENTS ISSUED UNDER SEPARATE COVER:

- Bid Response from MAC Trailer Manufacturing, Inc.
- Recommendation to Award Determination Checklist

BACKGROUND:

Per the Solid Waste Department, these five walking floor trailers are needed due to increased tonnage received at the Palafox Transfer Station (PTS). These trailers are used to transport municipal solid waste from PTS to Perdido Landfill.

Specification PD 19-20.027, Transfer Trailers (5) for Solid Waste was posted to Vendor Registry on January 21, 2020, and issued to 32 registrants representing 27 firms. The solicitation was viewed by 18 firms and downloaded by 13 firms.

On February 5, 2020, five responses were received, however, one firm did not sign their bid form and one firm was not authorized to conduct business in the State of Florida. These two firms were deemed non-responsive. Of the three responsive firms, Mac Trailer Manufacturing, Inc., was deemed the lowest responsive bidder, with a price per trailer of $76,563, and a total price for five units of $382,815.

BUDGETARY IMPACT:

Vendor/Contractor	Amount	Contract Number
Fund 401, Solid Waste Fund; Cost Center 230307, Palafox Transfer Station; Object Code 56401, Machinery & Equipment	$382,815	PD 19-20.027

SPECIAL ACCOMMODATIONS:
Any person requiring special accommodations to attend or participate, pursuant to the Americans with Disabilities Act, should call the Office of Purchasing (850-595-4980) at least five (5) working days prior to the solicitation opening.

Notice

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee Vendor until such time as the contract is executed by the last party to the transaction.

NOTICE

In accordance with Sec. 46-110(e) of the Escambia Code of Ordinances, all bid solicitation documents shall include the following notice to Vendors of the local Vendor preference policy:

Sec. 46-110.-Local Preference in Bidding

a) Legislative Intent:

The Escambia County Board of County Commissioners finds that local businesses are often at a disadvantage when competing with other non-local businesses in that the cost of doing business in Escambia County is higher than other areas of the state and giving local businesses a preference in the procurement of goods and services serves a compelling public purpose for the benefit of the taxpayer and residents of Escambia County as such preference encourages local industry, employment opportunities, and increases the County's overall tax base.

b) "Local Business" Defined:

For the purposes of this section, "Local Business" shall mean a business which meets all of the following criteria:

1. Has had a fixed office or distribution point located in and having a street address within Escambia County of Santa Rosa County for at least one (1) year immediately prior to the issuance of the request for competitive bids by the County. The fixed office or distribution point must be staffed by at least one (1) employee. Post Office boxes are not verifiable and shall not be used for the purpose of establishing a physical address, and

2. Holds any business license required by Escambia County or Santa Rosa County, and

3. Is the principal Offeror who is a single Offeror; a business which is the prime Contractor and not a Sub-Contractor, or a partner, or joint venture submitting an offer in conjunction with other businesses.

c) Certification:

Any Vendor claiming to be a local business as defined above shall so certify in writing to the Escambia County Office of Purchasing. The certification shall provide all necessary information to meet the requirements provided herein. The purchasing agent shall not be required to verify the accuracy of any such certification and shall have the sole discretion to determine if a Vendor meets the definition of a "Local Business."

d) Preference in Purchase of Commodities and Services by Means of Competitive Bid:

Except where federal or state law, or any other funding source, mandates to the contrary, Escambia County may give preference to local businesses in the following manner:

Competitive Bid (Local Price Match Option): Each formal competitive bid solicitation (i.e. sealed bids) shall clearly identify how the price order of the bids received will be evaluated and determined.

When a qualified and responsive, non-local business submits the lowest price bid amount between $50,000.00 and $249,999.99, and the bid submitted by one or more qualified and responsive local businesses is within **five percent (5%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $50,000.00 and $249,999.99, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **Community Redevelopment Area (CRA)** is within **seven percent (7%)** of the price submitted by the non-local business, then the local business located in a designated CRA with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualifies and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $250,000.00 and $999,999.99, and the bid submitted by one or more qualified and responsive local businesses is within **three percent (3%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $250,000.00 and $999,999.99, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **CRA** is within **five percent (5%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of $1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses is within **two percent (2%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of $1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **CRA** is within **four percent (4%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

In such instances, staff shall first verify whether the lowest non-local bidder and the lowest local bidder are in fact qualified and responsive bidders. Next, the purchasing department shall invite the lowest local bidder in writing to submit a matching offer which shall be submitted in writing to the Escambia County Office of Purchasing within five (5) business days thereafter.

If the lowest local bidder does not respond or otherwise submits a written offer that does

not fully match the lowest bid from the lowest non-local bidder tendered previously then award shall be made to the lowest overall qualified and responsive non-local bidder.

In the event a local bidder is awarded a contract pursuant to this section, any requests for change orders increasing the cost of the project must be approved by the Escambia County Board of County Commissioners.

e) Notice:

All bid solicitation documents shall include notice to Vendors of the local preference policy.

f) Waiver of the Application of Local Preference:

The application of local preference to a particular purchase or contract for which the Board of County Commissioners is the awarding authority may be waived upon approval of the Board of County Commissioners.

g) Limitations:

1. The provisions of this section shall apply only to procurements which are above the formal bid threshold as set forth in the Escambia County Purchasing Code.

2. The provisions of this section shall not apply where prohibited by federal or Florida law, or where prohibited under the conditions of any grant.

3. The provisions of this section shall not apply to any purchase exempted from the provisions of the Escambia County Purchasing Code.

4. The provisions of this section shall not apply to contracts made under the Consultants Competitive Negotiation Act (CCNA), F.S. § 287.055.

h) Penalties:

1. Misrepresentation:

A Vendor who misrepresents the local preference status of its firm in a bid or proposal submitted to the County will lose the privilege to claim local preference status for a period of up to one (1) year from the date of the award of the contract or upon completion of the contract, whichever is greater.

2. Failure to Maintain Local Business Preference Qualifications:

Any Vendor that does not maintain its local preference status resulted in the awarded contract shall be in breach of contract and will be subject to termination of the contract, suspension of payments under the contract, and loss of the local preference status on the contract awarded.

3. Lack of Good Faith:

The Contractor or firm may show that it attempted through reasonable and objective means and in good faith to comply with the terms of the contract relating to local businesses but was unable to comply. If the County determines that the Contractor or firm did not act in good faith, all amounts paid to the Contractor or

firm under the County contract intended for expenditure with the local business shall be forfeited and recoverable by the County. In addition, the contract may be rescinded, and the County may return all or a portion of the goods received and recover all amounts paid under the contract for the goods which were returned.

Effective July 1, 2015, the County **may not** use a local preference for a "competitive solicitation for **construction services** in which **fifty percent (50%) or more** of the cost will be paid from state appropriated funds which have been appropriated at the time of the competitive solicitation." For any such solicitation, the County must disclose in the bid package that "any applicable local ordinance or regulation does not include any local preference…" See §255.0991, Florida Statutes.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with a convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that is not in the public interest to place the entity submitting this sworn statement on the convicted Vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY INDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgement is from the lowest, most responsible, and responsive Offeror(s).

Instructions to Offerors

1. General Information

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed or delivered to the Office of Purchasing, 2nd Floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, FL 32502, in a sealed envelope clearly marked:

Specification Number PD 19-20.027, "Transfer Trailers (5) for Solid Waste", Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service (FedEx, Airborne, UPS, etc.) you must mark the air-bill and envelope or box with the Specification number and project name.

Regardless of the method of delivery, each Offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the Offeror(s).

The Following Policy will apply to all methods of source selection:

A. Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the Purchasing Manager.

B. Definitions

Blackout Period means the period between the time the Bids for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise cancelled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

C. Sanctions

The Board may impose any one or more of the following sanctions on a non-employee for violations of the policy set forth herein:

1) Rejection/Disqualification of Submittal,

2) Termination of Contract; or

3) Suspension or Debarment as Provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

2. Trailer Requirements

This solicitation is for the purchase of Transfer Trailers (5) for the Waste Services Department. 3. Procurement Questions

Questions shall be directed to Jeffrey Lovingood, Purchasing Coordinator, at JDLovingood@myescambia.com. Last day for questions will be January 30, 2020 at 5:00 p.m. CST.

4. Bid Forms

This Solicitation contains a Solicitation, Offer, and Bid Form which shall be submitted in a sealed envelope, with Original signatures in indelible ink (no digital signatures or photocopies), and signed in the proper spaces. Responses on Vendor forms will not be accepted.

The Offeror's Checklist included in this Solicitation provides instructions to the Offeror on the documentation to be submitted during the procurement process.

5. Pre-Solicitation Conference

A Pre-Solicitation Conference will **NOT** be held.

6. F.O.B. Point

The F.O.B. point shall be destination within Escambia County. The prices offered shall include all costs of packaging, transporting, delivery and unloading **(this includes inside delivery if requested)** to designated point within Escambia County.

7. Delivery

Delivery is requested no later than ninety (90) calendar days after receipt of purchase order or release order. An estimated time of arrival is to be noted on the Bid Form. Any delays beyond ninety (90) calendar days and any change in the estimated time of arrival shall be coordinated with the project manager for this solicitation.

With delivery of the trailer, the vendor shall provide the County with the Manufacturer's Statement of Origin or Manufacturer's Certificate of Origin, as applicable. Delivery of the trailer(s) shall not be accepted by the County and payment for the trailer(s) shall not be made without the original Manufacturer's Statement of Origin or Manufacturer's Certificate of Origin, as applicable.

8. Payment

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

9. Information and Descriptive Literature

Offerors shall furnish all information requested and in the space provided on the Bid form, if any. Furthermore, each Offeror offering an alternate other than the brand(s) specified shall submit with his offer, descriptive literature and/or complete specifications covering the products offered. Reference to literature submitted with a previous offer will not satisfy this provision. Offers which do not comply with these requirements shall be subject to rejection.

10. Brand/Manufacturer Referenced

Reference manufacturer indicated. Products similar in design and equal in function and performance will also be considered. The County respectfully requests that any firm wishing to submit a bid on a make and model other than what is noted in Section 2 above submit trailer make, model, and description for review and approval prior to the end of the period for submitting questions, the date and time of which are noted in Section 3 above. No pricing shall be submitted with the request for approval of a particular make/model.

Alternate offers shall include detailed specifications and/or descriptive literature. Failure to include such specifications or literature may be cause for disqualification of the offer.

11. Equivalents

Please note the clause "manufacturers' name and approved equivalents" in general conditions on the cover sheet. In addition to the equivalency requirement, Vendors offering equivalent items shall meet the general design and style given for the "as specified" item.

Vendors offering equivalent to the "as specified" item(s) shall submit detailed specifications to the Office of Purchasing for evaluation purposes in their Bid Response. Each particular specification which the equivalent item does meet shall be listed along with detailed specification sheet.

12. Equipment/Service

The scope of these specifications is to insure the delivery of a complete unit ready for operation. Omission of any essential detail from these specifications does not relieve the awarded Vendor from furnishing a complete unit.

All equipment shall be new, of current manufacturer in production at the time of solicitation opening and carry standard warranties. The awarded Vendor shall service all equipment prior to delivery.

Offers will be considered only on equipment which can, on short notice, be serviced and maintained by the successful Offeror. At the time of solicitation opening, the Offeror shall be an authorized dealer, distributor, and/or representative of the manufacturer for the brand/model being offered. For the purposes of this solicitation, dealer, distributor, and/or representative means a firm or person that owns, operates, or maintains a store, warehouse, or other establishment in which materials, supplies, parts, articles, or equipment of the general character described in the specifications are bought, kept in stock and sold commercially or to the public in the usual course of business. The Offeror shall maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with a minimum delay. Failure to meet these requirements, in the County's sole opinion, may be cause for rejection.

13. Assembly and/or Placement

All items shall be completely assembled when delivered to Escambia County.

All items shall be completely assembled by the awarded Vendor prior to acceptance by Escambia County. It will be the responsibility of the awarded Vendor to supply the necessary labor and materials for the placement of all equipment as specified herein. Equipment is to be set-up, serviced, tested and demonstrated at no charge to Escambia County.

14. Manuals

An owner/operator manual with complete parts listing shall be delivered with each trailer.

In addition to the above, the equipment shall be delivered with the following documents as applicable:

A. Statement of origin

B. Warranty certifications

C. Copy of pre-delivery service report

D. DHSMV-82040, Application for certificate of title/registration.

E. Forward all title work to:

Road Department/Fleet Division
Attn: James Higdon
601 Highway 297-A
Cantonment, Florida 32533

F. Check for excess mileage (when applicable) - Payable to, Clerk of the Circuit

Court.

15. Evaluation of Options

The County shall evaluate offers for award purposes by adding the total price. However, the evaluation of options will not obligate the County to exercise the option(s).

16. Term of Offer

An offer shall constitute an irrevocable offer for a period of ninety (90) days from the solicitation opening date or until the date of award, whichever is earlier, without forfeiting bid bond or check. In the event that an award is not made by the County within ninety (90) days from the solicitation opening date, the Offeror may withdraw his offer or provide a written extension of his offer.

17. Award

Award shall be made on an "all-or-none total" basis.

18. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice,

during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

19. As Specified

All items delivered shall meet the specifications herein. Items delivered not as specified will be returned at no expense by Escambia County. The County may return, for full credit, any unused items received which fail to meet the County's performance standards.

Non-Contract Insurance Requirements

20. Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the Offeror's insurance carrier will be required as evidence that the Offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage - Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.
The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. Excess or Umbrella Liability Coverage (If utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by

documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Jeffrey Lovingood, Purchasing Coordinator
   Office of Purchasing, Room 11.101
   213 Palafox Place, 2nd Floor
   Pensacola, FL 32502

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A),
FLORIDA STATUES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And, if applicable, its Federal Employer Identification Number (FEIN) is: _____

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

A. The chemical name and the common name of the toxic substance.

B. The hazards or other risks in the use of the toxic substance, including:

1. The potential for fire, explosion, corrosiveness and reactivity;

2. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substance; and

3. The primary route of entry and symptoms of over exposure.

C. The proper precautions, handling practices, necessary personal protective equipment and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of over exposure.'

D. The emergency procedure for spills, fire, disposal and first aid.

E. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.

F. The year and month, if available, that the information was compiled and the name, address and emergency telephone number of the manufacturer responsible for preparing the information.

5. Codes and Regulations

The awarded vendor and all equipment to be utilized shall strictly comply with all federal, state and local safety codes.

6. Payment

Partial-month billing will not be accepted. Escambia County will pay 100% of the contract price after all service has been performed in a calendar month and accepted by the County. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 South Palafox Place
Pensacola, FL 32502

7. Protection of Property/Security

The awarded vendor shall provide all barricades and take all necessary precautions to protect buildings and personnel.

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from County property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or

repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evening and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

8. Contract Term/Renewal/Termination

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) month periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

   Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an “as needed” basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

9. Price Adjustment

The contract resulting from this Solicitation may include provisions for price adjustments after twelve(12) months. Written request for price adjustment may be made every twelve (12) months, no less than 30 days prior to the requested effective date. Any increase price

adjustment(s) shall be accompanied by written justification attesting that the request is a bonafide cost increase to the vendor. All price adjustments shall be reviewed by the County's designated representative. If an adjustment in price is approved, it shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

10. Changes – Service Contracts

The County may at any time by issuance of an executed change order make changes within the general scope of the contract in any of the following areas.

A. Description of services to be performed

B. Time of performance (i.e., hours of the day, days of the week, etc.)

C. Place of performance of the services.

If additional work or other changes are required in the areas described above, an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the change order, the contractor shall commence performance of the work as specified.

The contractor shall not commence the performance of additional work or other changes not covered by this contract without an executed change order issued by the Office of Purchasing. If the contractor performs additional work beyond the specific requirements of this contract without an executed change order, it shall be at his own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed change order.

11. Term of Offer

An offer shall constitute an irrevocable offer for a period of ninety (90) days from the solicitation opening date or until the date of award, whichever is earlier, without forfeiting bid bond or check. In the event that an award is not made by the County within ninety (90) days from the solicitation opening date, the offeror may withdraw his offer or provide a written extension of his offer.

12. Award

Award shall be made on an "all-or-none total" basis.

13. Termination

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the County's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

14. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work).

Non-Contract Insurance Requirements

15. Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the level of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred", however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage – Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. Excess or Umbrella Liability Coverage (if utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Jeffrey Lovingood, Purchasing Coordinator
   Office of Purchasing, Room 11.101
   213 Palafox Place 2nd Floor
   Pensacola, FL 32591
   Email: Purchasing@myescambia.com

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

H. Endorsements/Additional Insurance

The County may require the following endorsements or additional types of insurance.

Termination/Adverse Change Endorsement

All of contractor's policies, except for professional liability and worker's compensation insurance, are to be endorsed, and the contractor's certificate(s) of insurance shall state, that the County shall be notified at least 30 days in advance of cancellation, nonrenewal or adverse change.

Commercial General Liability Coverage Project Aggregate

Because the commercial general liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit of $_____ is required by the County for this agreement or contract.

Motor Truck Cargo Coverage

If the installation floater insurance does not provide transportation coverage, separate motor truck cargo or transportation insurance is to be provided for materials or equipment transported in the contractor's or other vehicles from place of receipt to building sites or other storage sites. All risks coverage is preferred.

Fidelity/Dishonesty/Liability Coverage – for County

Fidelity/dishonesty/liability insurance is to be purchased or extended to cover dishonest acts of the contractor's employees resulting in loss to the County.

Pollution/Environmental Impairment Liability Coverage

Pollution/environmental impairment liability insurance is to be purchased to cover pollution and/or environmental impairment which may arise from this agreement or contract.

16. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers, and employees from any and all claims, losses, penalties, interest, demands, judgements, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

2-5 MANAGEMENT PLAN FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the management plan they intend to follow and illustrates how their plan will serve to accomplish the work and meet the County's project schedule.

2-6 EXPERIENCE AND QUALIFICATIONS

Provide an organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.

Provide a narrative description of the organization of the project team.

Provide a personnel roster that identifies each person who will actually work on the contract and provide the following information about each person listed;

[a] title,
[b] resume,
[c] location(s) where work will be performed,
[d] itemize the total cost and the number of estimated hours for each individual named above.

After delivering an initial proposal in response to this solicitation, all submitters are prohibited from substituting, modifying, or amending those subconsultants identified in the initial written submittal at any time during the course of the solicitation process up to the final award of contract and including question-and-answer sessions, presentations or technical clarifications, and submittals as may be required by the Review/Selection Committee. A substitution or addition of subconsultants or any other material changes to the submittal after the initial response will cause the submittal to be invalid for review and selection purposes.

Provide reference names and phone numbers for similar projects your firm has completed

2-7 COST PROPOSAL

Proposer's cost proposals shall include an itemized list of all direct and indirect costs associated with the performance of this contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit.

PART III **CRITERIA FOR SELECTION**

CRITERIA	Maximum Possible Points
Experience with Public Right-of-Way, Roadway, and Common Ground Landscape Maintenance. The Firm's experience with standard, general landscape maintenance to include but not be limited to: 1. As-needed mowing, weeding, and vine removal (mechanical, chemical, and hand pulling). 2. As-needed hedge, shrub, and small tree trimming and shaping. 3. AGREEMENT RELATING TO LANDSCAPE MAINTENANCE (P.D. 18-19.093)

THIS AGREEMENT is made by and between Escambia County, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), with administrative offices located at 221 Palafox Place, Suite 420, Pensacola, FL 32502, and The Four C's Landscaping Services, Inc. (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 20-3506166, whose principal address is 410 Dolphin Street, Gulf Breeze, FL 32561.

WITNESSETH:

WHEREAS, on September 11, 2019, the County issued a Request for Proposals (P.D. 18-19.093) seeking a contractor to provide landscape maintenance services at various locations throughout Escambia County; and

WHEREAS, in response to the solicitation, Contractor submitted a proposal demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. This Agreement shall commence upon the date last executed and continue for a term of twelve (12) months. Upon mutual agreement, the Agreement may be renewed for two additional twelve (12) month terms. The County shall provide written notice of the desire to renew or extend the Agreement at least thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the scope of services as outlined in Escambia County's *Request for Proposals Escambia County Landscape Maintenance, Specification No. P.D. 18-19.093,* attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for the Contractor's provision of the scope of services referenced in Section 3 above, County agrees to pay the Contractor for services in accordance with the Contractor's Bid Form, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Method of Payment/Billing. Contractor may request payment from County on a monthly basis by the submission of a properly executed original invoice. Invoices shall reflect the amount due and owing for the value of goods/services received and accepted with appropriate supporting documentation. Invoices shall be submitted in duplicate to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Local Government Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

6. Purchase Orders. The County shall assign tasks to the Contractor in writing utilizing work orders relating to a blanket purchase order or by individual purchase order. The task(s) to be accomplished shall be described in detail. No minimum quantity of work is guaranteed during the term of this Agreement, and only those tasks assigned pursuant to a work order may be compensated.

7. Termination. The County retains the right to terminate this Agreement immediately for cause at any time during the term of the Agreement. This Agreement may be terminated for convenience by the County upon providing thirty (30) days written notice to Contractor. This Agreement may be terminated for cause by the Contractor upon providing ninety (90) days written notice to the County. In the event of termination by either party as provided herein, the Contractor shall be paid for services provided through the date of termination, but Contractor shall not be entitled to any other recovery against County, including, but not limited to, damages or any anticipated profit on portions of work not performed.

8. Indemnification. The Contractor agrees to save harmless, indemnify, and defend County and its agents, officers and employees from any and all claims, suits, actions, damages, liabilities, expenditures or causes of action of any kind, losses, penalties, interest, demands, judgments, and cost of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly, on account of or in connection with the Contractor's negligent, reckless, or intentional wrongful misconduct in the performance of this Agreement or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Contractor or by anyone for whom the Contractor is legally liable. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

9. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and

(c) Florida statutory Workers' Compensation and Employers' Liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

In the event Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days' advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32597.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32597 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

10. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

11. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: The Four C's Landscaping Services, Inc.
Attention: Eric Cigalotti
410 Dolphin Street
Gulf Breeze, Florida 32561

To: Escambia County
Attention: County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from

time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

12 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

13. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502

14. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

15. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, all Occupational Safety and Health Administration (OSHA) requirements and the provisions of Chapter 442, Florida Statutes.

16. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

17. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

18. Authority. SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A),
FLORIDA STATUES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And, if applicable, its Federal Employer Identification Number (FEIN) is: _____

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it is not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY, AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

7. Protection of Property/Security

The awarded vendor shall provide all barricades and take all necessary precautions to protect buildings and personnel.

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from County property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or

repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evening and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

8. Contract Term/Renewal/Termination

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) month periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

   Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an “as needed” basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

9. Price Adjustment

The contract resulting from this Solicitation may include provisions for price adjustments after twelve(12) months. Written request for price adjustment may be made every twelve (12) months, no less than 30 days prior to the requested effective date. Any increase price

adjustment(s) shall be accompanied by written justification attesting that the request is a bonafide cost increase to the vendor. All price adjustments shall be reviewed by the County's designated representative. If an adjustment in price is approved, it shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

10. Changes – Service Contracts

The County may at any time by issuance of an executed change order make changes within the general scope of the contract in any of the following areas.

A. Description of services to be performed

B. Time of performance (i.e., hours of the day, days of the week, etc.)

C. Place of performance of the services.

If additional work or other changes are required in the areas described above, an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the change order, the contractor shall commence performance of the work as specified.

The contractor shall not commence the performance of additional work or other changes not covered by this contract without an executed change order issued by the Office of Purchasing. If the contractor performs additional work beyond the specific requirements of this contract without an executed change order, it shall be at his own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed change order.

11. Term of Offer

An offer shall constitute an irrevocable offer for a period of ninety (90) days from the solicitation opening date or until the date of award, whichever is earlier, without forfeiting bid bond or check. In the event that an award is not made by the County within ninety (90) days from the solicitation opening date, the offeror may withdraw his offer or provide a written extension of his offer.

12. Award

Award shall be made on an "all-or-none total" basis.

13. Termination

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the County's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

14. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work).

Non-Contract Insurance Requirements

15. Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the level of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred", however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage – Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. Excess or Umbrella Liability Coverage (if utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Jeffrey Lovingood, Purchasing Coordinator
   Office of Purchasing, Room 11.101
   213 Palafox Place 2nd Floor
   Pensacola, FL 32591
   Email: Purchasing@myescambia.com

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

H. Endorsements/Additional Insurance

The County may require the following endorsements or additional types of insurance.

Termination/Adverse Change Endorsement

All of contractor's policies, except for professional liability and worker's compensation insurance, are to be endorsed, and the contractor's certificate(s) of insurance shall state, that the County shall be notified at least 30 days in advance of cancellation, nonrenewal or adverse change.

Commercial General Liability Coverage Project Aggregate

Because the commercial general liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit of $_____ is required by the County for this agreement or contract.

Motor Truck Cargo Coverage

If the installation floater insurance does not provide transportation coverage, separate motor truck cargo or transportation insurance is to be provided for materials or equipment transported in the contractor's or other vehicles from place of receipt to building sites or other storage sites. All risks coverage is preferred.

Fidelity/Dishonesty/Liability Coverage – for County

Fidelity/dishonesty/liability insurance is to be purchased or extended to cover dishonest acts of the contractor's employees resulting in loss to the County.

Pollution/Environmental Impairment Liability Coverage

Pollution/environmental impairment liability insurance is to be purchased to cover pollution and/or environmental impairment which may arise from this agreement or contract.

16. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers, and employees from any and all claims, losses, penalties, interest, demands, judgements, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

Control of the work plan to be developed under the RFP shall remain totally with the Escambia County Board of Commissioners.

1-16 METHOD OF PAYMENT

Payment schedule and basis of payment shall be negotiated.

PART II INFORMATION REQUIRED FROM CONTRACTORS

ALL PROPOSALS SHALL INCLUDE THE FOLLOWING: TECHNICAL AND COST PROPOSAL

2-1 PROPOSAL FORMAT AND CONTENT

The County discourages overly lengthy and costly proposals, however, in order for the County to evaluate proposals fairly and completely, proposers should follow the format set out herein and provide all of the information requested.

2-2 INTRODUCTION

Proposals shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the proposal.

Proposals shall confirm that the firm will comply with all of the provisions in this RFP; and, if applicable, provide notice that the firm qualifies as a County proposer. Proposals shall be signed by a company officer empowered to bind the company. A proposer's failure to include these items in their proposals may cause their proposal to be determined to be non-responsive and the proposal may be rejected.

2-3 UNDERSTANDING OF THE PROJECT

Proposers shall provide a comprehensive narrative statement that illustrates their understanding of the requirements of the project and the project schedule.

2-4 METHODOLOGY USED FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the methodology they intend to employ and that illustrates how their methodology will serve to accomplish the work and meet the County's project schedule.

2-5 MANAGEMENT PLAN FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the management plan they intend to follow and illustrates how their plan will serve to accomplish the work and meet the County's project schedule.

2-6 EXPERIENCE AND QUALIFICATIONS

Provide an organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.

Provide a narrative description of the organization of the project team.

Provide a personnel roster that identifies each person who will actually work on the contract and provide the following information about each person listed;

[a] title,
[b] resume,
[c] location(s) where work will be performed,
[d] itemize the total cost and the number of estimated hours for each individual named above.

After delivering an initial proposal in response to this solicitation, all submitters are prohibited from substituting, modifying, or amending those subconsultants identified in the initial written submittal at any time during the course of the solicitation process up to the final award of contract and including question-and-answer sessions, presentations or technical clarifications, and submittals as may be required by the Review/Selection Committee. A substitution or addition of subconsultants or any other material changes to the submittal after the initial response will cause the submittal to be invalid for review and selection purposes.

Provide reference names and phone numbers for similar projects your firm has completed

2-7 COST PROPOSAL

Proposer's cost proposals shall include an itemized list of all direct and indirect costs associated with the performance of this contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit.

PART III **CRITERIA FOR SELECTION**

CRITERIA	Maximum Possible Points
Experience with Public Right-of-Way, Roadway, and Common Ground Landscape Maintenance. The Firm's experience with standard, general landscape maintenance to include but not be limited to: 1. As-needed mowing, weeding, and vine removal (mechanical, chemical, and hand pulling). 2. As-needed hedge, shrub, and small tree trimming and shaping. 3. As-needed irrigation system maintenance and repair. 4. As-needed litter and debris removal. 5. SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A),
FLORIDA STATUES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And, if applicable, its Federal Employer Identification Number (FEIN) is: _____

If the entity has no FEIN, include the Social Security Number of the Individual signing this

sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

   c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise

transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it is not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY, AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Blackout Period means the period between the time the bids/proposals for Invitations to Bid or the Request for Proposal, or Qualification, or Information, or Request for Letters of Interest, or the Invitation to Negotiate, as applicable, are received at the Escambia County Office of Purchasing, and the time the Board awards the Contract and any resulting bid protest is resolved or the solicitation is otherwise cancelled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees, or any member of the relevant Selection Committee, for or against a specific cause related to a pending solicitation for goods or

services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

C. Sanctions

The Board may impose any one or more of the following sanctions on a non-employee for violations of the policy set forth herein:

1) Rejection/disqualification of submittal;

2) Termination of contract; or

3) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

2. Procurement Questions

Questions shall be directed to Jeffrey Lovingood, Purchasing Coordinator, at JDLovingood@myescambia.com. The last day for questions will be September 16, 2019 at 5:00 PM CDT.

3. Proposal Forms (Select One)

This Solicitation contains a Solicitation, Offer, and Proposal Form which shall be submitted in a sealed envelope, signed with original signatures in indelible ink, and signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offeror's Checklist included in the Solicitation provides instructions to the Offeror on the documentation to be submitted during the procurement process.

4. Pre-Solicitation Conference

A non-mandatory Pre-Solicitation Conference will be held at the Office of Purchasing, 213 Palafox Place, 2nd Floor, Pensacola, FL 32502, Conference room 11.407, at 1:00 PM CDT on September 09, 2019.

It is strongly encouraged that all potential bidders attend this non-mandatory conference, so they can ask questions and be automatically notified of any updates prior to the Bid Opening.

5. Payment

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

6. Compliance with Governing Laws and Regulations

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations.

7. Contract Term/Renewal/Termination

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for up to two (2) additional twelve (12) month periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

8. Price Adjustment

The contract resulting from this Solicitation may include provisions for Twelve (12) month, price adjustments. Written request for price adjustment may be made every Twelve (12) months, no less than 30 days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bonafide cost increase to the vendor. All price adjustments shall be reviewed by the County's designated representative. If an adjustment in price is approved, it shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

9. Changes – Service Contracts

The County may at any time by issuance of an executed change order make changes within the general scope of the contract in any of the following areas.

A. Description of services to be performed

B. Time of performance (i.e., hours of the day, days of the week, etc.)

C. Place of performance of the services.

If additional work or other changes are required in the areas described above, an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the change order, the contractor shall commence performance of the work as specified.

The contractor shall not commence the performance of additional work or other changes not covered by this contract without an executed change order issued by the Office of Purchasing. If the contractor performs additional work beyond the specific requirements of this contract without an executed change order, it shall be at his own risk. The County

assumes no responsibility for any additional costs for work not specifically authorized by an executed change order.

10. Termination

A. The contract may be canceled by the contractor, for good cause, upon ninety (90) days prior written notice.

B. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

C. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. Licenses, Certifications, Registrations

The offeror shall at any time of proposal submission meet the license, certification, registration and any other requirements of the State, County, City and/or any other agency of authority with jurisdiction in such matters as necessary to perform the contractual services requested in this solicitation.

Copies of such licenses, certification, registrations and any other requirements should be provided with the proposal submission; and, the offeror shall provide follow up evidence that as the contractor they maintain such credentials throughout the period of agreement.

12. Award

Award shall be made on an "all-or-none total" basis.

Escambia County reserves the right to increase or decrease estimated quantities as required. It is understood by all bidders that the County can only provide estimated quantities and is not obligated to purchase any minimum or maximum amount during the life of this contract.

13. Termination

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the County's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

14. Termination (Services)

The Contract Administrator shall notify the Office of Purchasing of unsatisfactory performance and/or deficiencies in service that remain unresolved or recurring. The Office of Purchasing shall notify the contractor, in writing, of such unresolved or recurring deficiencies within five (5) working days of notification by the Contract Administrator.

Upon the third such written notification of unsatisfactory performance and/or deficiencies to the contractor by the Office of Purchasing within a four (4) month period, or the sixth such notification within any contract term, shall result in issuance of written notice of

immediate contract termination to the contractor by the Office of Purchasing. Such termination may also result in suspension or debarment of the contractor.

15. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work).

Non-Contract Insurance Requirements

16. Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the level of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred", however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage – Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. Excess or Umbrella Liability Coverage (if utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Jeffrey Lovingood, Purchasing Coordinator
   Office of Purchasing, Room 11.101
   213 Palafox Place 2nd Floor
   Pensacola, FL 32591
   Email: Purchasing@myescambia.com

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

H. Endorsements/Additional Insurance

The County may require the following endorsements or additional types of insurance.

Termination/Adverse Change Endorsement

All of contractor's policies, except for professional liability and worker's compensation insurance, are to be endorsed, and the contractor's certificate(s) of insurance shall state, that the County shall be notified at least 30 days in advance of cancellation, nonrenewal or adverse change.

Fidelity/Dishonesty/Liability Coverage – for County

Fidelity/dishonesty/liability insurance is to be purchased or extended to cover dishonest acts of the contractor's employees resulting in loss to the County.

17. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgements, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

INMATE COMMISSARY AND BANKING SERVICES
FOR THE ESCAMBIA COUNTY CORRECTIONS DEPARTMENT

A. INTENT

The intent of this Request for Proposal (RFP) is to seek competitive proposals from qualified experienced bidders for the provision and operation of Inmate Commissary and Banking Services for the Escambia County Corrections Department.

B. BACKGROUND

The Escambia County Corrections Department is responsible for the care, custody and control of the population housed within three residential facilities located throughout the County. Escambia County is currently in the process of designing and constructing a correctional facility to replace their Central Booking and Detention facility which was destroyed in 2014. Until the new facility is completed, the locations, average daily populations, and housing designations will be as listed in the table below.

Facility Name	Facility Address	Average Daily Population (FY 2018)	Housing Designation
Main Jail	2935 North L Street, Pensacola, Florida 32501	920	High Medium to High Maximum
Work Release	1211 West Fairfield Drive, Pensacola, Florida 32501	290	Minimum to Low Medium
Road Prison	601 County Road 297A, Cantonment, Florida 32533	236	Minimum

Upon completion of the new facility (expected completion is April 2020), there are some anticipated adjustments to the ADP of the facilities listed above. Below are the projected headcounts once the new facility is completed.

Facility Name	Facility Address	Projected Average Daily Population (April 2020)	Housing Designation
Main Jail+ New Facility	2935 North L Street, Pensacola, Florida 32501	1,320	Minimum to High Maximum
Work Release	1211 West Fairfield Drive, Pensacola, Florida 32501	100	Minimum
Road Prison	601 County Road 297A, Cantonment, Florida 32533	236	Minimum

C. PRE-SOLICITATION CONFERENCE

In order to ensure an understanding of the RFP requirements and current facility system operation, a pre-solicitation conference will be held as follows:

Office of Purchasing – 213 Palafox Place, 2nd Floor, Pensacola, FL 32502
September 10, 2019 at 1:00 PM CDT

D. VENDOR QUALIFICATIONS

1. Qualifications of Firm

Escambia County requires that each Company or firm responding to this Request for Proposals identify its qualifications as they relate to the services required. The information provided shall specifically include:

A. Provide five (5) references that are of comparable size (1,500 inmates or greater) and complexity of Escambia County Corrections, for which the firm has performed similar work including the contact name, address, telephone number, e-mail address and date of the contract.

i. The contact persons listed as references shall be someone who has personal knowledge of the Proposer's performance during the referenced contract. Contact persons must have been informed that they are being used as a reference and that the County may be calling them. More than one person can be listed but all must have knowledge of the project. DO NOT list principals or officers who will not be able to answer specific questions regarding the project.

ii. Failure of references listed to respond to the County's inquiries may negatively impact the evaluation of the Proposal.

B. Provide a description and history of Proposer's experience in the field of correctional inmate commissary and banking services. List all contracts over the past ten (10) years, services provided, year(s) in which the services were provided, number of inmates served, and the name, phone number and e-mail address of the agency's Contract Monitor for each contract.

C. Identify all terminated "with cause" correctional inmate commissary and banking services contracts awarded but never entered, the reasons for the termination or failure to contract, and the name, phone number and e-mail address of a contract person for the former contracting agency.

2. Qualifications of Staff

A. Provide resumes of key management personnel detailing their qualifications and experience in the delivery of inmate commissary and banking services including, but not limited to, their correctional experience in the following areas:

1) security
2) inmate problem resolution relating to inmate commissary and banking issues
3) employee training
4) institutional inmate commissary and banking services

Response to this requirement shall not exceed one (1) page per individual, single spaced, with attachments as necessary, to demonstrate either awards or certifications pertinent to the individuals' qualifications.

B. Provide a list of job descriptions, minimum qualifications of all employee positions to be employed at the Facilities.

A. SPECIFICATIONS

1. General Duties, Obligations and Standards

Beginning on the Service Commencement Date, the Contractor shall operate and provide all Commissary Services in accordance with the Contract and the Operating Standards. If the computer system is a web-based, Contractor-hosted application, it shall comply with all County Standards for hosted systems. Further, if the banking system, or components therein, are installed at Escambia County and solely supported by the Contractor, the provision and costs related to infrastructure, hardware, software and maintenance to operate the system shall be borne solely by the Contractor. All systems installed on the Escambia County network shall adhere to all County Computing Standards (see attached Exhibit 3) for network, security, hardware, etc. If the County is provided with the licensure to own and operate system, it shall comply with all County standards in order to be installed, maintained and managed by the County.

The Contractor shall have, after date of award, a maximum forty-five (45) day transition period prior to Service Commencement Date. During this transition period the Contractor shall, at a minimum, submit their proposed inventory list and applicable paperwork for Escambia County for approval, obtain (and install) the needed computer equipment (based on the specifications outlined in Exhibit 3 (Escambia County Computing Standards), process and submit all security requirements, mutually agree on pickup/delivery schedule/routes, create and test the interface with the Jail Management System (JMS) and inmate telephone systems, create and test the real-time account statement/balance inquiry, run and test the monthly invoice and general ledger reports, test and train staff on banking system, and distribute/pickup inmates order forms.

The Contractor shall attend meetings with County employees and meet at least once every three (3) months with the Contract Monitor to review the Contractor's performance in the preceding quarter and to discuss other issues regarding the service being received and/or needed.

2. Definitions

The following terms used in this RFP, together with amendments and attachments, shall, unless the context indicates otherwise, have the meanings set forth below:

"Contract Monitor" means the employee or employees of the Escambia County Corrections Department designated to monitor operation of the Contractor for compliance with contract provisions and to coordinate actions and communications between the Department and the Contractor.

"Contractor" means the Proposer awarded the Contract to manage the Commissary.

"Commissary Services" means those functions set forth in the RFP/Contract and the Proposer's proposal.

"Commissionable Items" means items sold to inmates at a profit. These items warrant the paying of commission to the County at the rate agreed upon in the

contract. Note: Sales tax is not included as commissionable in these items.

"County" means Escambia County, Florida.

"Court Orders" means any existing or future orders or judgments issued by a court of competent jurisdiction or any existing or future settlements, stipulations, agreements to plans entered into in connection with litigation which are applicable to the operation and management of inmate Commissary Services

"Department" or **"ECCD"** means the Escambia County Corrections Department.

"Direct Supervision" means the overall philosophy of operation in which the detention officer is stationed in the pod with the inmates for the duration of his/her shift and the basic principles of direct supervision as identified by the National Institute of Corrections, which are mandatory for the performance of the Contract.

"Fair Market Value" of inmate commissary items, for the purposes of this RFP, is defined as the average price of an item (per ounce or quantity) determined by the gathering of three prices for the like item found at local community retailers. See Section 4, Technical Approach to Commissary and Banking, paragraph B, for County's expectation.

"FMJS" means the Florida Model Jail Standards, referenced in Chapter 951.23 of the Florida Statutes.

"Indigent Inmate" means an inmate who has less than $1 in his/her inmate account for seven (7) or more consecutive days.

"Inmate" means adult male and female offenders held in the Corrections facility awaiting trial, serving a jail sentence, awaiting transportation to another jurisdiction or being held for any lawful purpose.

"New Commit Kit" means kits sold directly to ECCD for (ECCD) distribution to newly processed inmates.

"Non - (Profit) Commissionable Items" means items sold to inmates at a cost that does not include a profit (i.e. postage items, stamps, stamped envelopes, indigent items, etc.) These items are billed on the County's monthly invoice as a separate amount.

"Non-Taxable Items" means items sold to inmates that are non-taxable as stated by statute (i.e. baked goods, medications, stamps, etc.) These items are billed on the County's invoice at the amount charged to the inmate as a separate item and where appropriate, may be commissionable items.

"Operating Standards" means all applicable federal, state and local laws, rules, codes, regulations, Court Orders and FCAC, FMJS and NCCHC Standards, as any of the same may be supplemented or amended and those rules, regulations, policies, procedures and ordinances reasonably made applicable to a Contractor by the County. If any of the Operating Standards are in conflict with each other or with this RFP, the more stringent shall apply, as reasonably determined by the County.

"Service Commencement Date" means the first day of delivery of Commissary Orders.

3. Inmate Services

A. The Contractor shall be responsible for:

1) Commissary order forms: Providing an adequate amount of commissary order forms for the inmate population. The commissary order forms shall contain the necessary information for ECCD to identify the inmate and his/her location in the Corrections facility, as well as the items ordered, including, at a minimum:

a) Last name, first name, middle initial
b) Jail Number
c) Housing location
d) Item name and cost
e) Separation of male and female (allowable) items
f) List of indigent items and recoverable costs
g) Signature line for inmate
h) Date of Order
i) Statement of tax rate

Commissary ordering via kiosk is a preferred alternative, although forms must still be made available in the event of a kiosk malfunction or service interruption.

2) Receiving (including retrieving of) commissary order forms from all housing locations in the event they are utilized.

3) Processing commissary orders into the Inmate Banking Services System

4) Packing individual inmates' commissary orders

5) Delivering individual inmates' commissary orders to the inmate. Exhibit (2) outlines the housing facilities, current full-service delivery schedules. Final delivery schedules shall be mutually agreed upon

6) Accounting of all transactions

7) All inventory procurement

8) Storage and maintenance of all inventory

B. Contractor shall provide a twenty-four (24) hour response time to calls for services involving store discrepancies, which in the sole opinion of the ECCD, may result in inmate management issues for the ECCD. The Contractor shall handle all other inmate grievances and complaints over Commissary Services in an expeditious manner, in accordance with the Operating Standards.

C. For those inmates housed at the Main Jail or Work Release Facility, the Contractor shall package each inmate order individually and provide delivery to the inmate at his/her cell location and obtain a signed receipt from the inmate for the merchandise delivered. Regarding those inmates housed at the Road Prison, order must be received by staff to be distributed during non-working hours.

D. The Contractor shall provide a complete Commissary Inmate Banking Services System that includes, but is not necessarily limited to, the following:

1) A detailed invoice of each inmate's individual order

2) A system to identify and collect sales taxes from inmate orders

3) A billing system for inmates' individual accounts that also provides for credits to inmates' accounts for items ordered and billed, but which were determined not to have been received by the inmate

4) A clear audit trail of all individual inmate banking transactions to include deposits, withdrawals, store ordering, etc.

5) An inmate receipt that includes a received by acknowledgement line (for the inmate's signature) and details the items received and charges to his/her account.

6) An active, real-time interface from the existing ECCD JMS to establish the Inmate Bank accounts (within the Inmate Banking System) by extracting (from JMS) and updating the banking system information in real-time (at time of creation of the Booking Record within the JMS). The current inmate management system utilized by the ECCD is *SmartJail version 9.12.2.11.* The interface shall need to extract the following information and the Inmate Banking System shall need to receive the listed items in separate files within the Inmate Banking System:

a) Inmate name
b) Inmate number
c) Inmate birth date
d) Inmate gender
e) Inmate housing location
f) Fee indicator (equal to "Y" or "N")
g) Inmate address
h) Last 4 of inmate social security number

Immediately after completion of the noted interface and creation of the inmate banking account, the system shall create an automatic debt event/transaction for charging of the one-time (per booking number) Jail Processing/Booking fee. This fee (currently $20) is set by the Board of County Commissioners and is subject to change at their discretion. The fee is only applied to inmates whose fee indicator is equal to a "Y".

7) A means for staff and/or inmates to obtain real-time inmate account statement information (balances, deposits, charges, store order charge/credit amounts, etc.) through the use of internal kiosks, telephone systems, web-based connection (i.e., Microsoft ASP.net) or other technology. This functionality shall provide (at a minimum) the inmate's name, inmate number, account balance (including debt balance,) housing location, date of birth and the last 30 transactions processed against the inmate's account with descriptive transaction/event information. Store order transactions

shall include a link to identify the items within the order.

8) The Contractor will be responsible for providing their own work stations (computers) for utilization by their staff.

9) Manual inmate deposit transactions/events to include the following (at a minimum), receiving area (i.e. initial booking, mail, drop box, etc.) type of deposit item received (i.e. cash, money order, government/certified check, etc.).

10) Acceptance of cash funds for initial cash deposits through the use of a booking kiosk. The system shall include the ability to obtain end of shift/period reports for all transactions processed through the booking kiosk. A transaction receipt number shall be included on the report and the receipt numbers shall be in sequential order without crossing over with other deposits at other kiosks or being made manually at other posts (see Paragraph I below for specifics).

11) Automated/Electronic Funds Transfers (EFT) events/capabilities to include at a minimum the following:

The following EFT fees are the only contractually allowed fees that may be charged directly to inmates for any and all additional services outside of the purchase of commissary products. Any additional EFT fees or miscellaneous charges to inmates will not be allowed throughout the life of the contract. **In addition, the EFT fees listed below will be limited to a maximum charge per transaction as listed on Fee Proposal Form herein.**

i) Acceptance of public credit card deposits through the use of a public kiosk, telephone and Internet access. The Contractor shall be Payment Card Industry (PCI) compliant and able to prove PCI compliance by providing an Attestation of Compliance document to the County on a quarterly basis. This document shall be produced by an independent security firm that audits the Contractor's systems.

ii) These credit card transactions shall interface with the Contractor's banking system and update the inmate's banking account balances in real-time. The EFT transactions should also update (debit) the County's bank account in real time (or not later than the end of the next day) to account for the funds that the inmate is able to expend and/or to ensure that the County's bank account balance is reflective and includes funds that have been debited to an inmate's banking account and are subject to being released with the inmate's release or transfer to another agency. The Contractor shall assume full liability for all losses (stolen/bad credit cards, etc.) and hold the County harmless from any "put/charge back" transactions.

iii) The Contractor's EFT process shall track all deposits and real-time posting of transactions made to inmate accounts during the shift and include the ability to obtain end of shift/period reports for all transactions sent to the County's

bank. A transaction receipt number shall be included on the report and the receipt numbers shall be in sequential order without crossing over with other deposits being made manually at other posts (see Paragraph I below for specifics).

iv) The EFT transactions shall be at no cost to ECCD or the County (to include the booking kiosk transactions) and the Contractor shall identify proposed fees to be charged to external customers for each transaction.

12) The system shall issue sequential receipt numbers for each deposit item processed. The receipt numbers shall be assigned based on specific posts/means for deposit (i.e. In post, Drop/Mail Deposit post, booking kiosk, public kiosk, telephone, internet, etc.) and receipt numbers shall be issued in sequence for each post/means for deposit in specific order relative to the transactions processed at that particular post or by those means. In no cases are the receipt numbers to be issued across posts or means for deposit (i.e. the In post should issue receipts as I0000001, I0000002, etc., the Drop/Mail post should issue receipts as D0000001, D0000002, etc., booking kiosk deposits as BK0000001, BK0000002, etc. and so on). The system shall also contain separate input fields for money order, check number, etc. as well as a memo field for notes (depositor's name, etc.).

13) When any type of deposit is processed against an inmate's banking account, and an inmate's account is carrying an accounts receivable/debt amount, the system shall have the ability to collect a portion/percentage of the deposit as set by ECCD (currently this feature is available but not being utilized) and to process the collected funds into the general ledger account established for the specific debt (i.e. Dental Assistant charges, Doctor Sick Call charges, etc.).

14) Inmate withdrawal transactions/events to include the following (at a minimum):

i) 3rd Party Check Release
ii) Bond Check Disbursement
iii) Facility Transfer Check Disbursement
iv) Main Bond release
v) Pre-paid Card release

15) The system shall have the ability to issue and write checks. The check number shall be contained in a separate field as well as a memo filed for notes (county name, etc.) The check writing process shall include the ability to download daily (seven days per week) check information and the ability to create (and submit) a "positive-pay" file to the County's bank's automated banking system (currently Bank of America's online banking system). This requirement allows the bank to screen out unauthorized/ invalid checks prior to acceptance/cashing.

16) The system shall have the ability to issue (at the time of release) pre-paid debit/release cards loadable with varying amounts based on inmate account balances and ECCD policy.

i) The card shall be able to be used to make cash withdrawals at varying automated transaction machines and this service shall be provided at no cost to the County. The Contractor shall identify proposed fees to be charged to external customers for each transaction.

ii) The system shall have the ability to issue pre-paid transaction cards. The pre-paid card number shall be contained in a separate field and a memo field for notes (county name, etc.) shall be included. The pre-paid card process shall include the ability to download daily (seven days per week) card information. The Contractor shall assume full liability for all cash losses (stolen/bad pre-paid cards, etc.) and hold the County harmless from any "put/charge back" transactions.

17) Inmate charge transactions/events to include, at a minimum, the following:

Automated Daily Subsistence Fee – The system shall automatically charge a *daily subsistence fee. This fee (currently $3.00 per day) is set by the Board of County Commissioners and is subject to change at their discretion and is currently charged at 12 a.m. each day. The fee shall be charged to inmates whose fee indicator is equal to a "Y".

Manual Charge Transactions (at a minimum):

i) Dental Sick Call charges
ii) Doctor Sick Call charges
iii) Nurse Sick Call charges
iv) Medication charges
ix) Property Damage charges
xii) Daily subsistence fee (for use with manual needs as determined by ECCD)
xiii) Jail (booking) processing fee (for use with manual needs as determined by ECCD)

At any such time that one of the above noted charge events is processed against an inmate account that does not have the available fund balance to pay for the charge, the system shall have the ability to collect what is available based on a minimum remaining account balance as set by ECCD and to create an accounts receivable balance/debt for the uncollected amount within the inmate's account to be collected (by the system) at such time that the account receives any deposit after the debt/accounts receivable amount is created. The collection transaction is to be established to collect debt amounts based on a percentage of the deposit as set by ECCD (currently this feature is not being utilized by Escambia County) and to process the collected funds into the general ledger account established for the specific debt (i.e. Dental Assistant charges, Doctor Sick Call charges, etc.). ECCD also

requires the ability to disable all debt collection (related to automated fees and manual charges) so that balances owed are only collected upon an inmate's release from custody.

18) The system shall include the capability to remove/purge all debt amounts owed when the posted debt remains uncollected three (3) years past the initial date of input.

19) Non-drawer balance inmate account affecting transactions/events to include at a minimum the following):

    i) Returned Deposit transaction (reduces inmate's account balance for NSFs, etc.)
    ii) Bad Deposit transaction (reduces inmate's account for transaction posted in error, works/washes with Deposit Correction transaction, noted below)
    iii) Deposit Correction transaction (used to place funds into correct inmate's account when input error is identified after deposit has been sent to bank, works/washes with Bad Deposit transaction, noted above)
    iv) Abandoned Funds removal - used to reduce inmate's account (without affecting cash/drawer balance) for submission to state

20) The Contractor agrees to provide the system, server, software and hardware (including peripherals, printers, check printers, etc.) involved with all aspects of the Inmate Banking System in strict compliance with the County's Computing Standards as outlined in Exhibit 3 herein.

21) The system shall allow for voiding of any and all transactions/events noted above. This feature shall be able to be restricted to certain users as determined by ECCD.

22) The system shall include a reports module that allows for real-time downloading (at a minimum) of the following Inmate Banking reports:

    i) End-of-shift deposit, withdrawal, and checking reports
    ii) Deposit, withdrawal and checking reports by user specified to and from date/timeframes, post locations, money order/check numbers, etc.
    iii) Reports specific to user specified transaction/event types (i.e. deposits by type, withdrawals by type, and charges by type) by user specified to and from date/timeframes
    iv) Inmate account balance reports by inmate name and/or jail number to include system balance, debt and closeout/release amounts (needed during downtimes and for contingencies)
    v) Report for jail/booking processing fee and daily subsistence fee collection data by inmate to include daily charged amount, daily amount collected and summary data for total inmate population

    Note: The reports module shall include the ability to download all reports into Excel spreadsheet files. Each report shall include (at a

minimum,) the inmate's name, inmate number, transaction/event processed, amount, date and time processed, receipt number, and provide the ability to query by any other field contained within the database.

23) The system shall provide an interface which creates the ability for inmates to purchase phone time minutes from the commissary and have the purchase information provided to the contractor utilized by the facilities for the inmate telephone system (Main Jail and Work Release currently utilize Global Tel*Link and the Road Prison currently utilizes Network Communications International Corporation).

E. The Contractor shall keep full and accurate accounts of sales and other records related to the Commissary Services. The Contractor shall retain all such records for a period of five (5) years after the termination of any contract for the purpose of inspection or audit anytime during normal business hours at the Contractor's place of business. This right to audit shall include the Contractor's sub-contractors used to procure goods or services under the contract with the County. Contractor shall ensure the County has these same rights with sub-contractor(s) and suppliers.

F. The system shall also allow for a minimum of four (4) security levels for the purpose of establishing input capability, reporting capability, inquiry/view-only and administration of user accounts.

G. The Contractor shall provide system changes at no charge to the County. These changes may include (but are not limited to) adjustments to any interfaced data, additional transactions/events, and inclusion of additional automated transactions as needed.

H. If at any time ECCD or the County decides to implement their own inmate Banking system, the Contractor shall be responsible for the following:

1) Providing of an interface to convert the data within the Contractor's inmate banking system to the ECCD/County's system. The interface shall include, at a minimum, all inmate items interfaced during the booking process as noted in Inmate Services Section E. paragraph 6, items a. through f. above, as well as the inmate's system balance, debt information (including history of open/unpaid items, etc.), closeout/release amounts, and other information as deemed necessary by ECCD.

2) Creating an interface for the exchanging of inmate store sales/order information to include, but not limited to, commissionable items, non-commissionable items, indigent items, sales tax information, etc.

3) Continuing and/or creation of reports as determined by ECCD needed to validate and reconcile store sales/order transactions, the Contractor's invoice, etc.

I. The Contractor shall provide an inmate request/grievance tracking system.

J. The Contractor shall provide the general public with a platform from which they can order pre-packaged selections of items to be delivered to inmates

no more than 3 business days after the receipt of the order.

4. Preferred/Optional Services

A. In addition to the required services listed in Section 3, the Escambia County Corrections Department has an interest in any options that reduce the level of time required of operational staff. These options may include software/hardware tools and/or procedural changes that automate and simplify various staff-intensive processes.

B. Any additional specialty offers/value added services should be clearly outlined as part of the Contractor's submittal.

5. Inventory Requirements

A. The current approved list of items for sale to inmates is attached as Exhibit 1, "Escambia County Store Item List". There are quantity and/or frequency limitations on over the counter medications and indigent items. These limitations will be provided to the Contractor upon contract execution. ECCD retains the right to limit quantities and frequencies of any item sold as well as place ordering caps as they deem necessary. ECCD also determines "gender specific" items. Note: The Contractor's system shall contain the ability for item quantity and frequency limits as well as gender limits as specified by ECCD.

B. The Contractor shall **not** provide any items for sale to inmates that have **not** been approved by the ECCD in accordance with the terms of this contract.

C. The Contractor shall provide, purchase and maintain custody of items mutually agreed upon by the Contractor and the ECCD for purchase by inmates of the ECCD under the provisions of this contract. The Contractor's stock shall not be maintained on the premises of the ECCD.

D. After Board approval and award of contract, the Contractor shall submit a proposed Store Items List to the County. The County will review said list and work with the Contractor on any recommended changes. As part of this review, the County will request a sample of any item which it deems requires a physical inspection prior to acceptance. All samples will be returned to the Contractor in the same condition as received. Prior to the County's final approval of an acceptable Store Items List, the Contractor shall hire an independent 3rd party company to provide a certified "fair market value" survey of items sold in the local community that are comparable to items contained on the Store Items List. "Fair market value" prices shall be obtained form three retail establishments within Escambia County, one (1) of which shall be a large retail store, i.e. Kmart, Wal-Mart, Target, Publix, etc. The prices obtained from the three stores shall be added together and the total divided by three to obtain an average price based on per ounce/item equivalents). The average price shall be considered the "fair market value" for the purposes of the contract. The contractor shall comply with Florida Model Jail Standards, Section 10.01 (b) and Florida Statute 951.23 (9) B requiring inmate commissary prices be set at "fair market value". The 3rd party company conducting the "fair market value" survey shall submit their results with a cover memo. Items found to be above the fair market value shall be reduced to a price within fair market value as determined by ECCD.

The Fair Market Value survey shall be a requirement of the Contractor on an annual basis for the duration of the contract.

The Contractor may request price increases for items determined to be below the Fair Market Value. Proposed price increases must be approved by ECCD prior to implementation.

E. The Contractor shall bill the ECCD for the Contractor's cost of goods (only) provided to indigent inmates (i.e. indigent medications, indigent clothing, indigent hygiene, indigent kits, etc.) No other costs for the provision of goods to inmates pursuant to this contract may be billed to the ECCD.

F. The Contractor shall request in writing and obtain written approval from the ECCD Contract Monitor for the substitution of any item prior to offering said substitution item for sale to inmates.

G. The Contractor shall, whenever possible, utilize items packaged for institutional use. Any items packaged in glass, heavy metal or containers that, in the opinion of the ECCD Staff, may be used as weapons or tools will not be permitted in the Corrections facilities.

H. The Contractor shall, whenever possible, provide non-food items offered for sale to inmates packaged in clear or translucent containers.

I. The Contractor shall not provide any products containing alcohol for sale to inmates.

J. The Contractor shall sell "Security Sensitive" items whenever possible. In particular, the Contractor shall sell the transparent GPX (brand/trademark) AM/FM Radio and each radio shall be engraved with the inmate's jail number and the headphones shall be removed from the package before delivery to the ECCD premises. The Contractor shall sell a separate set of "ear buds" in place of the removed headphones.

K. The ECCD retains the discretion to approve/disapprove any product for distribution to inmates and the quantities allowed, as well as the frequency of sale of items.

L. The Contractor shall, at a minimum, provide products in all the following categories (see Exhibit 1 for detailed items, sizes, etc.):

1) Stamps, stationary, greeting cards and writing supplies
2) Candy, cookies, crackers, chips, peanuts and like snacks
3) Approved personal hygiene items such as shampoo, conditioner, deodorant, toothpaste, etc.
4) Approved over-the-counter medications
5) Underwear, socks, shorts and shoes
6) Indigent clothing, hygiene items and over the counter
7) Indigent Kits (the contents of which will be established by the Department upon award)

Note: Indigent inmates are defined as inmates who maintain an account balance of less than $1.00 for a consecutive period greater than seven (7) days. At any such time that an indigent inmate orders an indigent item(s) or kit, the inmate banking system shall collect any available balance and create an accounts receivable balance/debt within the inmate's account for

any uncollected difference. The system shall be able to collect the accounts receivable/debt amount at any such time that the account receives any deposit after the debt/accounts receivable amount is created. The collection transaction is to be established to collect up to 50% (as needed) of the deposited amount against the debt/accounts receivable amount and to process the collected funds into the general ledger account established for the specific indigent debt (i.e. indigent repayment). The features which allows the system to collect debt automatically on deposit must also have the ability to be disengaged when its use is not desired.

6. Delivery of Commissary Items to Inmates

A. The Contractor shall deliver commissary items to the Main Jail and Work Release through the identified service delivery entrance and to the inmates within the cell areas under the supervision of the Correctional Officers on duty. In regard to the Road Prison facility, the orders should be delivered to the Road Prison for distribution by the Road Prison staff during non-working hours.

B. In cases where an inmate has been moved to a different housing location after placing a store order, the Contractor shall verify that the inmate is authorized to receive the goods purchased in the new housing location. When it is determined that the inmate is authorized to receive the items, the Contractor shall deliver the order to the new housing location. If the inmate is NOT authorized to receive the items in the new housing location, the store order shall be returned to stock and the Contractor shall process a refund to the inmate's account.

C. The Contractor shall package the inmate orders in sealed containers that allow for visual inspection of the contents without breaking the seal.

D. The Contractor shall deliver commissary items to inmates once per week.

E. Off-line sales - In some instances, inmate claims of lost commissary items is substantiated due to movement for medical, courts, etc. and ECCD authorizes re-issuance of the lost items by the Contractor. When these cases arise, ECCD will notify the Contractor of the need for an off-line sale. The Contractor shall provide the replacement items to the inmate based on the ECCD notification and shall not process the order as a sale item against the inmate's account. The Contractor shall invoice ECCD for the items delivered (without charging sales tax) and the County will pay the invoice at the end of the month with the monthly invoice.

7. Inmate New Commit Kit Requirements

A. Inmates that are retained after the initial appearance process are provided with a hygiene/stationary kit known as a "new commit kit." This kit is distributed by ECCD staff and will be purchased from the Contractor. The pricing of the kits must be at cost and the contents of the kit are as follows:

1) Five (5) 0.34oz packets of body wash/shampoo
2) One (1) 0.85oz Naturemint Toothpaste
3) One (1) 3" thumb toothbrush
4) One (1) 5" Black Comb

B. ECCD will order the kits in bulk (approximately 1,500 per month) and the

Contractor shall provide a shipping receipt with each order.

C. The Contractor shall invoice ECCD after each delivery and ECCD will add the cost of the new commit kits to the monthly invoice.

D. The new commit kits are purchased by ECCD, paid from the Inmate Welfare Fund and are tax exempt.

8. Systems Reports, Daily Batch files, Monthly and End-of-Year Invoicing/Payment and Bank System Reconciliation

A. The Contractor shall provide ECCD with an interface (i.e. Crystal Reports, etc. as approved through County standards), to allow for real-time running of all reports noted throughout this Scope of Services.

B. Contractor shall be responsible for debiting the account balance of each inmate for the cost of his/her commissary order upon processing of the received commissary order form.

C. The Contractor shall provide to ECCD daily batch files that include:

1) Batch number and date orders were processed. Note: Charges and credits (refunds) shall be contained in separate batch files.

2) Inmate order summary information to include, (each) inmate's name, jail number and total cost of items delivered/charged. Note: Indigent orders and other specialty/ value added orders shall be included (by inmate) in the batch file.

3) Batch sales summary information that includes the following:

a) Total amount of merchandise sold (or refunded), plus sales tax, plus amount of indigent meds issued and indigent clothing issued
b) Applicable sales tax related to total (taxable) merchandise ordered/purchased (or refunded)
c) Gross sales (total merchandise sold amount, less sales tax amount)
d) Non-Commissionable sales amount (amount of non-profit items sold/refunded,) plus the indigent medications and clothing issued
e) Commissionable sales amount (gross sales less the non-commissionable sales amount)
f) Amount of Escambia County commission (commissionable sales amount multiplied by agreed commission rate)
g) Sub total amount due to/from Contractor (commissionable sales amount less amount of Orange County commission)
h) Amount due to/from Contractor (sub total amount plus non-commissionable sales amount)

4) The preferred method for receiving the batch files is via daily email in Adobe file format. When this is not possible, the Contractor shall ensure that the batch files are received at ECCD not later than three (3) business days after processing

D. The Contractor shall provide ECCD with the ability to run an invoice through use of a real-time report. The report shall allow for a beginning and ending date and the output file shall be in Excel format. The invoice shall detail the following items:

1) A row for summary information for each day of the month by batch number and credit batch information by date processed. Note: each column should end with a total amount

2) A column identifying the total amount of items sold (relative to the batch/row)

3) A column identifying the portion of the total amount of items sold that was subject to commission

4) A column identifying the portion of the total amount of items sold that was for any specialty/value added item sales (commissionable item)

5) A column identifying the portion of the total amount of items sold that was not subject to commission (non-profit/commissionable items)

6) A column identifying the portion of the total amount of items sold that were non-taxable items

7) A column identifying the portion of the total amount of items sold that were taxable items

8) A column identifying the amount of sales tax related to the taxable items sold

9) A column identifying the amount pertaining to (uncollected/unpaid amounts for) indigent medications issued

10) A column identifying the amount pertaining to (uncollected/unpaid amounts for) indigent clothing issued

11) A column identifying the amount pertaining to (uncollected/unpaid amounts for) indigent kits issued

12) The amount owed to the Contractor with summary information identifying the total of commissionable items less commission due ECCD (at rate agreed upon in contract,) plus non-profit items sold, plus amount due for indigent medications, clothing and kits.

Note: Any invoices for costs of new commit kits received during the month shall be added to the monthly invoice (by ECCD), as a non-commissionable purchase item and ECCD will include these costs in the monthly payment.

E. On the first business day of each month, ECCD will run a monthly invoice report (for the prior calendar month) and reconcile the daily batch file information to the invoice report. Once validated as correct, ECCD will submit the invoice to the Escambia County Comptroller's Finance section for payment. Note: In normal circumstances the payment voucher will be submitted no later than fourteen (14) calendar days after the first of the

month and the Comptroller will need up to an additional ten (10) days to pay the invoice, however, discrepancies with the invoice report and batch files could be cause for delay.

F. Any time the batch file information does not reconcile with the invoice, the Contractor shall be responsible for assisting with finding the discrepancy and shall correct account entries as needed.

G. At the end of each Escambia County Fiscal Year (FY), the County will total the actual amount of cumulative commissions paid and determine the appropriate guaranteed minimum annual commission amount for the FY based on the annual Average Daily Population (ADP) for that FY. The cumulative commission paid/due amount for the FY shall be compared to the guaranteed minimum annual commission amount and in cases where the cumulative commissions paid/due amount for the FY is less than the guaranteed minimum annual commission amount, the final invoice for inmate goods shall be reduced by the amount needed to reach the guaranteed minimum annual commission amount.

Note: Partial FY One and Year One Renewal contract periods will be prorated; all other contract periods will be calculated based upon Escambia County Fiscal Year periods (October 1st through September 30th). In any case, where reducing the final invoice does not provide for the guaranteed minimum annual commission amount based on the average inmate population, the County will notify the Contractor of the shortfall in writing and the Contractor shall remit the difference by check to ECCD within thirty (30) days of written notice.

As an attachment to the final payment invoice for each FY, the County will include a report listing the monthly amount of commissions received for that contract period, to include the cumulative commission total and the annual daily ADP for the FY.

H. The Contractor shall provide ECCD with the ability to run a General Ledger report through use of a real-time reporting system. The report shall allow for the following:

1) A beginning and ending date and the output file shall be in Excel format and shall summarize the daily amounts for all transactions/events noted throughout this Scope of Services.

2) The amount related to the cost of indigent items and kits purchased.

3) The amount pertaining to the costs collected (from subsequent deposits) for accounts receivables created for previously ordered indigent items and kits.

4) The amount of store orders processed against inmate accounts.

5) The amount of store order refunds pertaining previously charged/purchased goods.

6) Columns identifying every event type (deposits by type/location, withdrawals by type, charges by type, EFT deposits by type/location, etc.) Note: each column should end with a total amount.

7) The beginning (total) inmate balance amount based on balance as of midnight for beginning (requested) date.

8) A net change total of all items listed (this represents the actual change in the total of all inmate balances based on the transaction processed).

8) The ending (total) inmate balance amount based on balance as of 11:59 p.m. for ending (requested) date.

9. Liquidated Damages

A. On any scheduled commissary delivery day in which the Contractor fails to deliver the commissary orders within four (4) hours of the scheduled time, the Contractor shall pay liquidated damages of $500.00.

B. In the event the Contractor does not deliver the commissary orders within twenty-four (24) hours of the scheduled delivery time, the Contractor shall pay liquidated damages of $1,000 for every day, or portion of a day, after the day scheduled for delivery.

C. On any scheduled commissary delivery day in which the Contractor fails to deliver 100% of the commissary orders, the Contractor shall pay liquidated damages of $100 if undelivered orders equal over 2% of the orders scheduled for delivery.

D. Failure of the Contractor to maintain a 98% on time order completion rate shall be considered a material breach of the Contract.

10. Security and Identification

A. All costs for background investigations shall be Contractor's responsibility. At all times, the County retains the right to request any additional investigative background information including, but not limited to, the employment record, Right-To-Know records, training records, payroll records, position for which hired including site location of any personnel assigned to perform the services. The Contractor shall furnish, in writing, such information to the extent allowed by law, prior to commencement of services. The County reserves the right to conduct its own investigation of any employee of the Contractor.

B. Background checks for the Contractor’s staff must be approved by the County prior to working in any County facility. The Contractor is responsible for obtaining the necessary forms for background checks as follows:

1) All Contractor’s staff working at any Corrections related facility - request forms via e-mail from internal affairs.

2) All Contractor’s staff working at other Escambia County facilities - submit a completed FDLE form found at www.fdle.state.fl.us/ (if there is a cost, this will be passed on to the Contractor) via e-mail to internal affairs for approval.

For security purposes and to maintain privacy when submitting FDLE Background Checks via e-mail the subject line of the email must contain the following: ***EXEMPT***

Due to the time required to process background checks, the Contractor should allow 2-3 weeks turn-around time. Each County representative will inform the Contractor of their background check results.

Upon background check approval, the Contractor's staff shall go to the Escambia County Human Resources office located at 221 Palafox Place, Pensacola, Florida 32501 with an Affidavit of Identity form (issued by the Contractor**)** and a State of Florida I.D. or Driver's License to obtain their Escambia County photo I.D. badge.

C. Contractor's employees shall not be allowed to work in Escambia County facilities without completed and approved background investigations.

D. Upon termination or transfer of any employee of the Contractor working under this contract, the Contractor shall immediately notify the County's representative in writing, of such termination or transfer.

E. The Contractor shall report the arrest of any employee working under the terms of this contract to the County's representative within twenty four (24) hours of knowledge of the arrest. It shall be subject to the approval of the County whether the employee shall continue to work at County locations within this contract.

F. The Contractor shall remove from County premises any of their employees who, in the opinion of the County's representative, is not performing the services in a proper manner, or does not comply with the rules and regulations of the County. The Contractor shall in no way, interpret such removal to require dismissal or other disciplinary action of the employee. The County's representative will request that anyone suspected of working under the influence of alcohol or controlled substances be removed from the workplace. The Contractor shall establish, implement and maintain procedures and controls to ensure that their employees comply with all applicable provisions of the contract and all site rules and practices of the County.

G. The Contractor shall not use employees of any temporary help-type employment agency to supplement their work force in County facilities for any reason. Only Contractor employees shall be used to perform the required services of this contract unless otherwise approved, in writing, by the County's representative.

H. The Contractor shall prevent its employees from tampering with any owned items of County employees or County owned property or entering any area unless required in the performance of the services.

11. Special Conditions for Working at the Corrections Facilities

The following are specific conditions and rules that must be followed while providing services at any Corrections Facilities.

A. All Contractor employees shall carry a valid ID at all times.

B. The Contractor shall provide a list of all employees that will be working inside any Corrections facility. A full criminal history shall be run on each employee by the Corrections Department at no cost to the Contractor. No Contractor employee will be allowed to work inside any Corrections facility if they are on active probation, home confinement, and parole or have been arrested within the last five (5) years or have been arrested for any crime involving violence, drugs, or theft. The Contractor employee list shall include:

1. Employee's full name
2. Employee's date of birth
3. Employee's race/sex
4. Employee's Social Security number
5. Employee's Driver's License number

C. Only authorized employees of the Contractor shall be allowed to work at any Corrections facility. WORK RELEASE INMATES ARE NOT AUTHORIZED TO WORK ON ANY CORRECTIONS FACILITY CONTRACT.

D. Contractor's employee shall wear their Contractor issued ID on the collar of their shirt at all times while in any Corrections facility. This ID will be issued to each Contractor employee at the Escambia County Human Resources Department and will only be given upon surrendering of a valid personal ID.

E. If an ID is lost, the Contractor's employee shall report it immediately to their escort officer.

F. In the event of an emergency, the Contractor's employee shall report it to the nearest Corrections staff member. They will contact 911.

G. The Contractor's employees shall always follow the direction of the escort officer.

H. The Contractor's employees shall not bring tobacco or tobacco products inside any Corrections facility or on top of any roof or within any Corrections facility fence line.

I. The Contractor's employees shall not bring or wear hats or sunglasses inside any Corrections facility.

J. The Contractor's employees shall not bring any cell phones inside the facility unless authorized by Corrections.

K. Contractor vehicles shall have the windows rolled up and be locked at all times and parked in only pre-authorized areas.

L. The Contractor shall ensure that during breaks, if a Contractor's employee leaves an area, all tools must be removed.

M. All Contractor tools will be inventoried going into and out of a Corrections facility. Contractor shall ensure that employees take in only what is needed to perform the services.

N. At the end of each workday, the Contractor shall ensure that all tools and debris are collected. The Contractor shall conduct an inspection of all areas to ensure all tools are accounted for and properly stored.

O. No illegal drugs or drug paraphernalia are allowed in the compound.

P. No weapons, guns or ammunition are allowed in any Corrections facility.

Q. The Contractor shall ensure that no inmate interaction occurs. The Contractor's employees shall not talk to or give or receive anything from an inmate, including cigarettes.

R. The Contractor shall only use storage areas approved at the beginning of the contract, unless otherwise permitted by an authorized County representative.

S. The Contractor shall not leave clothing unattended, including hats and sunglasses.

T. The Contractor and their employees shall be subject to search upon entering or exiting the facility. The Contractor shall also make employees aware that random searches may be conducted while they are within the facility at any time.

12. Right of Inspection:

The Contractor shall permit ECCD personnel to inspect all parts of the commissary areas of ECCD without notice at any time. The Contract Monitor shall be provided access to all areas under the control of the Contractor at any time, as well as unrestricted access to all Contractors' documents pertaining to the operation of the ECCD commissary sections, with or without advance notice from the Contract Monitor.

PROPOSAL FORMAT

The County reserves the right to award a contract pursuant to this RFP without further discussion with proposers. Therefore, it is important that each proposal is complete, adheres to the format and instructions contained herein, and is submitted in the most favorable manner possible.

Proposers must respond in the format delineated below and tabbed as applicable.

The following information shall be submitted with your proposal. Failure to submit this information in its entirety will negatively impact the evaluation of your proposal.

PHASE 1 – QUALIFICATIONS AND WRITTEN TECHNICAL APPROACH

A. Letter of Transmittal

Each Proposal shall be accompanied by a letter of transmittal which summarizes key points of the response to this Request for Proposals and is signed by an officer of the firm who is responsible for committing the firm's resources.

Your letter of transmittal shall include the following:

1. Name of the firm submitting the proposal,
2. Name and title of the individual with responsibility for this response and to whom matters regarding this RFP should be directed,
3. Mailing address, telephone number, fax number and email address of firm's primary contact.

B. Technical Approach to Commissary and Inmate Banking

Proposers shall demonstrate an understanding of every task or service required and each shall be clearly identified. A restatement of tasks or mere affirmation of willingness and ability to perform the tasks will not be considered responsive. The information presented shall be in sufficient detail to enable the County to ascertain the Proposer understands the results to be accomplished and the way in which the Proposer intends to accomplish them.

1. Proposers shall provide a complete description of the processes and systems proposed for:

    a) Inmate ordering of goods, from the point of inmates receiving blank forms (including a copy of the proposed form) through receipt of the order by the Proposer and/or the ability for inmates to order goods through the use of a housing kiosk and/or telecommunications device.

    b) The Proposer's ability to establish multiple store item menus, in both English and Spanish, to accommodate item restrictions levied on inmates housed in various housing units (i.e. hygiene only, female only, etc.).

    c) The Proposer's ability to establish multiple store item menus, in both English and Spanish, to accommodate item restrictions levied on inmates based on medical needs (i.e. salt-free items, diabetic items, etc.).

    d) Delivering the filled order to the inmate, including details of packaging, receipting and discrepancy reconciliation.

    e) All inmate billing and banking (including copies of issued receipts, end of shift reports, general ledger information/reports, inmate account statements, etc.).

    f) Handling of deposit items to include use of kiosks for initial booking funds receipt, public deposit transactions, web-based and telecommunications technology and manual systems input transactions.

    g) Funds release processing to include manual cash and check release transactions and debit card release capabilities.

    h) Provision of a receipt to individual inmates.

    i) Provision for refund of charges for orders undelivered due to the transfer of an inmate to another agency.

    j) All billing to ECCD (including copies of daily batch files, monthly invoices, general ledger information/reports, etc.).

    k) Process and timeline for (potential) transition from old commissary provider to new commissary provider with regards to account balance transfers (to include inmate debt balances), installation of needed hardware and software applications, sales of items during the transition period, and etc.

    l) Process and timeline for transitioning to new commissary provider at the end of contract term with regards to items noted in item 9 above.

1. The current approved list of items for sale to inmates is attached as Exhibit 1, "Escambia County Store Item List". Proposers shall provide an "items to be sold

list" which includes both name brand and generic items for the best possible price for inmate purchases. The list shall include item information, name brand (manufacturer), item sizes/net weights (ounces, small, medium, etc,) and proposed price. NOTE- A third party fair market value survey is not required with the RFP submittal, however the fair market value survey will be required form the awarded Contractor prior to the County's acceptance of the final Store Item List and annually thereafter.

2. Proposers shall also include a product list identifying proposed indigent items (to include sizes, net weights, etc.). The Proposer shall price all indigent items and the indigent kit based on their cost of goods.

3. Proposed pricing for all items noted on the submitted "items to be sold list" shall be all inclusive prices and no other costs (i.e. packaging, shipping, etc.) shall be added to the listed prices.

4. Proposers shall provide a list of the proposed items (including net weights, etc.) to be contained in any specialty/value added order offers.

5. Proposers shall provide sample new commit kits and proposed pricing for the kits (see Scope of Services, Section 6 for specifics) on Attachment B, Fee Proposal Form herein.

6. Proposers shall provide a complete description of any automated ordering, billing or discrepancy reconciliation system (to include copies where possible,) including the database utilized and any computer hardware that would be installed at the ECCD.

7. Proposers shall describe in detail the training that would be provided for any ECCD staff that may be required to enter or retrieve data in the Proposer's automated system.

8. Proposers shall provide a proposed schedule for the delivery of commissary goods to the inmate housing areas of the Corrections complex (see Exhibit 2). An example of ECCD's current delivery schedule is noted in Exhibit 2.

9. Proposers shall submit a written plan (limited to 2 pages) for transferring control of commissary services to the County or to another Proposer upon termination of the contract.

EVALUATION OF PHASE 1 - Qualifications and Written Technical Approach

County staff will evaluate proposer's submitted documentation for the qualification of firm, qualification of staff and written technical approach as required in Sections 2, 3 and 4. The evaluation score for Phase 1 will be calculated based on the weighted criteria in the table below. Only those proposers scoring 600 or above in Phase 1 will be selected to continue to Phase 2 of the evaluation process.

Phase 1 will be calculated based on the following weighted criteria.

SECTION	SELECTION CRITERIA	SCORE RANGE	WEIGHT
1.	Qualification of Firm	1 - 5	60
2.	Qualification of Staff	1 - 5	60
3.	Technical Approach	1 – 5	80
		Total Possible Final Points for Phase 1 -	**1000**

Each section will be evaluated using a score of 1 to 5 with 1 being the lowest score and 5 being the highest score.

The formula for calculating an evaluation score is as follows: each section has a maximum number of five points. The total number of points the proposer receives for each section will be multiplied by the weight of said section to obtain the final section score. The total score for each section shall be added together to derive each proposer's final score for Phase 1.

EVALUATION OF PHASE 2 - On-Site Product Demonstrations with Review of Phase 1 Responses and Fact Finding

Only those proposers scoring 600 or above in Phase 1 will be allowed to participate in Phase 2 of the evaluation process, product demonstrations and fact finding.

1. During the product demonstrations, proposers will be asked to make an oral, on-site, WEBEX or GoToMeeting type presentation and provide a demonstration of their proposed solution. The presentation will provide proposers with an opportunity to explain the functional and technical capabilities of their product. Proposers shall also be prepared to answer detailed questions regarding their response to the County's functional requirements identified in the RFP including required custom modifications, data conversion and interface requirements. All demonstrations must be presented by staff that are familiar with the technical aspects and design constraints of the product. This presentation shall either be conducted in Pensacola, Florida or from the proposer's location via WEBEX or GoToMeeting or similar web conferencing platform that will allow the County to view the full functionality of the product. The County may videotape the demonstrations at its discretion.

2. The fact-finding portion of the presentation will follow the product demonstration. The fact finding provides the opportunity for the proposer to hear/view and understand County existing systems, processes and procedures, and gather all of the necessary information, details and clarifications that will assist the proposer in the preparation and finalization of their cost proposal.

3. The specific place and time for the product presentation and fact finding will be determined after the Phase 1 evaluation of the proposals has been completed. Qualified proposers shall be notified of their scheduled demonstration date as soon as possible. The County anticipates that the length of demonstrations and fact finding combined will be limited to one eight-hour business day. Therefore, each proposer that qualifies for Phase 2 shall have one day to provide both the product demonstration and fact finding.

4. **Proposer's product demonstration shall be presented using only the information, data and scenarios in Attachment A.** Proposer shall have all inmate data and scenario details setup in their system prior to the demonstration.

Phase 2 will be evaluated and calculated based on the following weighted criteria:

SECTION	SELECTION CRITERIA	SCORE RANGE	WEIGHT
1.	Scenarios 1 through 28 Each scenario will be scored separately based on the product's ability to perform the required function within that specific scenario	1 – 5 per scenario	5 per scenario
2.	Scenario 29-31 - Reports	1 - 5 per scenario	20 per scenario

Total Possible Final Points for Phase 2 - 1000

Each product demonstration/fact finding will be evaluated in all scenarios with the weight listed above being a maximum score. Each scenario will be scored with a range of 1 through 5 and the score multiplied by the weight listed for the applicable section. Section 1 has 28 scenarios, each with a weight of 5, totaling 700 possible points. Section 2 has 3 scenarios, each with a weight of 20, totaling 300 possible points. The total score for both sections shall be added together to derive each proposer's final score for Phase 2.

Only those proposers scoring 600 or above in Phase 2 will be selected to continue to Phase 3 of the evaluation process.

EVALUATION OF PHASE 3 - Fee Proposal and Location

Only those proposers scoring 600 or above in Phase 2 will be selected to continue to Phase 3 of the evaluation process, fee proposal, and location.

1. Fee Proposal

A. Proposer shall complete and submit the Fee Proposal Form herein as Attachment B.

B. Proposer shall propose the payable commission percentage rate as follows:

1. An Escambia County Inmate Sales Commission rate/percentage to be paid to Escambia County (based on Adjusted Gross Sales, as defined below) for each period of the contract. Each month, ECCD will reduce the amount due on the Proposer's monthly invoice by the calculated commission amount and shall deposit these proceeds into the Inmate Welfare Fund.

   The adjusted gross sales amount to be utilized for each noted commission is defined/calculated as follows:

   Total amount of merchandise sold/issued to inmates on behalf of ECCD
   Minus Applicable Sales Tax
   Minus all "Indigent Items" issued
   Minus Non-Profit Items (stamps, stamped envelopes, etc.)
   Equals Adjusted Gross Sales

2. The Escambia County Inmate Sales Commission fee proposal shall also include a scaled guaranteed minimum commission payable amount based

on ECCD's non-Work Release annual average daily inmate population calculated at the end of each timeframe as noted in Attachment B. Rules governing how this item is calculated versus actual paid/due commission amount are noted in Attachment B.

C. Proposer shall propose the cost of individual new commit kits as defined in Section IX, item 6 herein.

D. The following EFT fees are the only contractually allowed fees that may be charged directly to inmates for any and all additional services outside of the purchase of commissary products. Any additional EFT fees or miscellaneous charges to inmates will not be allowed throughout the life of the contract. **In addition, the EFT fees listed below will be limited to a maximum charge per transaction.**

The following EFT fees for transactions shall be as defined in Scope of Services, Section 3, Sub-Section H, paragraphs 1 through 5:

1) Proposer shall propose a fee charge for public debit/credit card deposits through the use of a public deposit machine/kiosk. The proposed fee cannot exceed $3.00 per deposit transaction.

2) Proposer shall propose a fee charge for public credit card deposits through the use of telephone or Internet access. The proposed fee cannot exceed $4.95 per deposit transaction.

3) Proposer shall propose a fee associated with pre-paid debit card/release transactions. The use of the card shall be free for the first 72 hours after release. The maximum fee that can be charged is $3.00/day thereafter.

E. Proposer shall outline in detail any specialty/value added items or services that they would propose offering as part of the contract award.

The Proposer understands that this RFP does not constitute an agreement or contract with the Proposers. Any Proposers who submits a Proposal to the County with any information that is determined by the County, in its sole opinion, to be substantially inaccurate, misleading, exaggerated, or incorrect may be disqualified from consideration.

Evaluation of Phase 3 - Fee Proposal and Location

Criteria	**Weight**
Inmate Sales Commission	900
Guaranteed Minimum Annual Commissions	700
New Commit Kits	200
EFT and Miscellaneous Fees/Charges	100
Specialty/Value Added Offerings	100
Total Possible Fee Proposal Points	**2000**
Total Possible Final Points for Phase 3	**2000**
Phase 1 Score	1000
Phase 2 Score	1000
Phase 3 Score	2000
Total Phase 1, Phase 2 and Phase 3 Score	4000

ATTACHMENT A

PHASE 2

ON-SITE BANKING SYSTEM DEMONSTRATION

Only those proposers scoring 600 or above in Phase 1 will be selected to continue to Phase 2 of the evaluation process.

Proposer's banking system demonstration shall be presented using only the information, data and scenarios in this attachment. Proposer shall have all inmate data, scenario details and any applicable software customization setup in their system prior to the demonstration. The County will not pay any additional cost for customization of proposer's software to accommodate the banking services required in this RFP.

SECTION 1 - INMATE ACCOUNTING

Proposer shall only utilize the inmate account information as set forth in the following table. An account shall be set up for each individual inmate as listed to be used during the presentation of scenarios 1 through 28 below:

Inmate Commissary and Banking Services for Escambia County Corrections Department

FEE PROPOSAL FORM

The Contractor shall provide all plant, labor, equipment, manpower and other resources necessary to provide the supplies, equipment and/or services in strict accordance with the Scope of Services defined in this solicitation for the amounts specified in this Fee Proposal Form. *The County is asking for two fee proposals. "Proposal A" will take into account the listed storage/packing space that may be available to the vendor once the new jail facility is constructed (estimated date of July 2020). "Proposal B" shall be provided as if no storage or workspace is to be provided at Jail facility. "Proposal B" necessitates a vendor furnished offsite location at which all commissary work is to be completed.*

PROPOSAL A: INMATE SALES COMMISSION PERCENTAGE

Only a single fixed percentage for each contract period shall be proposed. Proposals submitting a range of percentages will not be accepted and proposal shall be determined non-responsive.

The Contractor shall pay the County the following commission (% of adjusted gross sales as defined below) for each year of the contract period (start date through end of contract as noted, including applicable renewal years) as follows:

Contract/Fiscal Periods	**Inmate Sales Commission**
Partial Fiscal Year One (contract start date through Sep. 30, 2019)	_____%
Full Fiscal Year 2020 (Oct. 1, 2019 through Sep. 30, 2020)	_____%
Full Fiscal Year 2021 (Oct. 1, 2020 through Sep. 30, 2021)	_____%
Full Fiscal Year 2022 (Oct. 1, 2021 through Sep. 30, 2022)	_____%
Full Fiscal Year 2023 and Partial Year Five (Oct. 1, 2022 through end of contract date)	_____%

Two (2) Year Renewal Commission Rates:

Year One Renewal (Partial Fiscal Year - Contract Renewal date through Sept. 30, 2023)	_____%
Full Fiscal Year and Partial Year Two Renewal 2024 (Oct. 1, 2023 through end of contract date)	_____%

Adjusted Gross Sales is defined herein as:

Total amount of merchandise sold/issued to inmates on behalf of the County
Minus Applicable Sales Tax
Minus all "Indigent Items" issued
Minus Non-Profit Items (stamps, stamped envelopes, etc.)
Equals Adjusted Gross Sales

FEE PROPOSAL FORM

PROPOSAL A: GUARANTEED MINIMUM ANNUAL COMMISSION

Only a single fixed Guaranteed Minimum Annual Commission (GMAC) for each Annual Average Daily Population as listed below shall be proposed. Proposals submitting ranges of GMAC will not be accepted and proposal shall be determined non-responsive.

Guaranteed Minimum Period/Annual Commissions payment (for all periods noted in Attachment B) shall be based on the County's non-Work Release annual average daily inmate population as follows:

Annual Average Daily (Inmate) Population (ADP)	Guaranteed Minimum Annual Commission
1,000 - 1,199	$_____
1,200 - 1,399	$_____
1,400 - 1,599	$_____
1,600 - 1,799	$_____
1,800 - 1,999	$_____
2,000 – above	$_____

At the end of each FY, the County will total the actual amount of cumulative commissions paid and determine the appropriate guaranteed minimum annual commission amount for the FY based on the annual Average Daily Population (ADP) for that FY. The cumulative commission paid/due amount for the FY shall be compared to the guaranteed minimum annual commission amount and in cases where the cumulative commissions paid/due amount for the FY is less than the guaranteed minimum annual commission amount, the final invoice for inmate goods shall be reduced by the amount needed to reach the guaranteed minimum annual commission amount.

Note: Partial FY One and Year One Renewal contract periods will be prorated; all other contract periods will be calculated based upon Escambia County Fiscal Year periods (October 1st through September 30th). In any case, where reducing the final invoice does not provide for the guaranteed minimum annual commission amount based on the average inmate population, the County will notify the Contractor of the shortfall in writing and the Contractor shall remit the difference by check to ECCD within 30 days of written notice.

ENTERPRISE SECURITY STANDARDS, POLICIES, AND GUIDELINES

ENCRYPTION AND CERTIFICATION AUTHORITIES

1.0 Purpose

The purpose of this document is to ensure that all Escambia County Board of County Commissioner's (ECBCC) sensitive data is secured by using strong encryption algorithms that have received substantial public review and have been proven to work effectively. Escambia County Information Technology provides access to a variety of Encryption Services and Enterprise Certification Authorities (CA).

2.0 Scope

This document applies to all data transmitted and stored within the ECGBCC information systems. It applies to all ECGBCC employees, contractors, consultants, and all other affiliated third parties operating within the ECGBCC information systems and networks.

3.0 Policies

3.1 Activity

3.1.1 Any and all activity within and through the ECBCC information systems involving encryption shall require direct involvement and documented approval by the Information Technology Department.

3.1.2 The ISS-ESU shall approve the storage and transfer of any data containing personal information and/or residing in the DMZ.

3.2 Encryption Algorithms

3.2.1 One of the following standard encryption ciphers shall be used to encrypt data. The key length for these algorithms shall be no less than 256 bits:

□□□□□□□□□□□□□□□□□□□□

· Rijndael (AES)

3.2.2 PGP is an approved encryption standard provided that the PGP private key used to encrypt and /or sign data has been generated using a cipher meeting the requirements in section 3.2.1.

3.3 Data Hashing

The following standard data hashing algorithms shall be used to hash data. The key length for the algorithms shall be no less than 256 bits.

· SHA-2

- PKI

3.4 SSL Certificates

Web Server, SSH, IMAPS, SMTPS SSL certificates should have key lengths of no less than 256 bits.

3.5 Sensitive Data

Any data containing sensitive information, including, but not limited to: name, addresses, phone numbers, email addresses, birthdates, federal/state/local document numbers, account numbers, race or religious information, employee identification numbers and all HIPAA information, should be encrypted when stored and during network transfers.

3.6 DMZ

3.6.1 Any and all activity within and through the ECBCC DMZ shall require direct involvement and documented approval by the Information Technology Department.

3.6.2 Any data accessible within the ECBCC DMZ or directly accessible from it should be encrypted.

3.6.3 Any data accessible within the ECBCC DMZ or directly accessible from it meeting the following criteria shall be encrypted: name, addresses, phone numbers, email addresses, birthdates, federal/state/local document numbers, account numbers, race or religious information, employee identification numbers and all HIPAA information.

3.7 Data Backups

3.7.1 Any backup of ECGBCC should be encrypted. Sensitive data as listed in 3.5 of this document shall be backed up using encryption algorithm standards found in 3.2.

3.8 Laptops and Removal Devices

3.8.1 All laptop hard drives should be encrypted.

3.8.2 Any sensitive data (see section 3.5 of this document) stored on laptops and removable devices shall be encrypted.

3.8.3 All individuals who work with sensitive data (see section 3.5 of this document) shall have their laptop hard drives encrypted.

4.0 Guidelines

Exhibit 3

ENTERPRISE SECURITY STANDARDS, POLICIES, AND GUIDELINES

ENCRYPTION AND CERTIFICATION AUTHORITIES - continued

· SSL certificates issued to servers and applications used by internet users should be provided by commercial CA authorities (i.e. Verisign, Thawte) to avoid security warnings from being presented to the end users.

· SSL certificates issued to servers and applications used by internal ECBCC resources should be issued by ECBCC's Certification Authority.

5.0 Enforcement

Any employee found to have violated these policies may be subject to disciplinary action, up to and including termination of employment.

6.0 Definitions

Term Definition

Encryption - Transforming understandable data into a form that is incomprehensible and that looks like random noise.

Hashing - An algorithm that takes an entire message and, through process of shuffling, manipulating, and processing the bytes using logical operations, generates a small message digest of the data.

DMZ De-Militarized Zone – A computer term used for a protected network that sits between the Internet and the corporate network.

Certification Authority (CA) In cryptography, a certificate authority or certification authority (CA) is an entity which issues digital certificates for use by other parties

7.0 Revision History

EXTERNAL DATA HOSTING STANDARD

1.0 Purpose

The purpose of this policy is to establish a standard in order to execute the proper retrieval, storage, transmission, processing, and handling of electronic data.

2.0 Scope

This document applies to all Contractors, networks, systems, and applications that will transmit, process, store, or handle electronic data provided by Escambia County Board of County Commissioner's (ECBCC).

3.0 Audience

This document is intended for distribution to those that are involved in the retrieval, storage, transmission, processing, and handling of electronic data.

4.0 Policies

4.1 Data Input and Processing

Any use of Social Security Number information shall adhere to and abide by Florida Statutes, specifically F.S. 119.071.

4.1.1 The hosted application shall not have access to social security information.

4.1.2 The hosted application shall not have access to data containing bank information.

4.2 Data Storage and Handling

4.2.1 Any data accessible from the hosted application meeting the following criteria shall be encrypted: Name, addresses, phone numbers, email addresses, birthdates, federal/state/local document numbers, account numbers, race or religion information, employee identification numbers, HIPAA and all PCI information.

4.2.2 Any data accessible from the hosted application or directly accessible from it should be encrypted.

4.3 Disposal of Data

Once data is no longer needed or shall be removed from the system it shall be sanitized and disposed using one of the methods below:

4.3.1 Sanitization - Overwriting of data previously stored on a disk or drive with a random pattern of meaningless information.

4.3.2 Destruction - Physically damaging a medium so that it is not usable by any device that may normally be used to read information on the media such as a computer, tape reader, audio or video player.

Exhibit 3

ENTERPRISE SECURITY STANDARDS, POLICIES, AND GUIDELINES

ENCRYPTION AND CERTIFICATION AUTHORITIES - continued

4.3.3 Purging data - Using strong magnetic devices; such as a degausser, it is possible to render data unrecoverable.

4.4 External Audit

4.4.1 The Contractor shall ensure that the web hosting environment and the application is secured using information security best practices.

4.4.2 If deemed necessary by the County, the external service, system, and application shall pass a yearly penetration test performed by Escambia County ISS personnel. This test will be billed to the Contractor.

5.0 Definitions

Term Definition

Bank Information - Checking account numbers, credit card numbers, or any unique number from a bank institution.

Electronic Media - Physical objects on which data can be stored, such as hard drives, zip drives, CD-ROMs, DVDs, USB drives, and tapes.

Sanitization - To expunge data from storage media so that data recovery is impossible.

Physical Destruction - A sanitization method for optical media, such as CDs.

Florida Statue 119.071 - Detailed guidelines on usage of Social Security information.

Q1. How many lobby kiosks does the current vendor provide at each facility?
A1. Main Jail – 2 (1 at Main Jail, 1 at Video Visitation) and
Road Prison – 1

Q2. What are annual commissary sales at each facility (excluding postage, phone time, web sales, and sales tax)?
A2. Main Jail - $884,942.27
Road Prison - $274,642.34

Q3. What is the current commission rate?
A3. The Main Jail currently receives a 47% commission on commissary sales, while the Road Prison receives a 38% commission on commissary sales excluding tobacco products and 20-ounce beverage vouchers. Those two categories receive a 28% commission.

Q4. What is the current ADP for each facility?
A4. Please refer to RFP page 22 of 73 for this information.

Q5. How do the inmates currently order commissary at each facility?
A5. Kiosks.

Q5.1. What form of ordering is preferred for the new facility?
A5.1. Kiosks are the only permitted method of ordering for the new agreement.

Q6. Does the facility utilize debit phone time?
A6. Yes.

Q6.1 Are the inmates charged a fee to transfer money to their phone account?
A6.1. This will no longer be permitted under the new agreement.

Q7. Who is the current food provider?
A7. The Jail utilizes Aramark and the Road Prison provides their meals in-house. The food itself is provided under a separate, multi-award agreement.

Q8. Does the facility currently purchase indigent/welfare from the commissary vendor?
A8. Yes, please refer to RFP pages 35 & 36 of 73 for this information.

Q9. What is the cost of the current indigent kit?

A10. The County does not currently purchase New Commit Kits from the Commissary vendor.

Q11. Can friends and family order commissary items for inmates via a web site?
A11. Yes.

Q11.1 What are annual sales?

A11.1 Main Jail - $850,088.07, Road Prison just initiated a program and there are no sales figures available.

Q11.2 Does the facility receive commission on web sales? If so, what is the commission rate on these items?

A11.2 Yes. The commission rate is the same as noted in Q3 above.

Q12. For delivery of commissary orders to inmates, how many delivery personnel does the current vendor employ, how many hours does it take to complete delivery, and what is their rate of pay?

A12. Main Jail Delivery Personnel – 6
Delivery Time – 4-6 hours on average
Rate of Pay - $10-$16/per hour

Road Prison Commissary items are delivered to the facility by the vendor are distributed by staff at the facility.

The County expects that the new agreement will follow the same protocols.

Q13. What is the current cash transaction fee for lobby kiosks?

A13. Jail – $2.95 for up to $100.00, and $3.95 for deposits over $100.00.
Road Prison – a $3.00 fee on all deposits.

Q14. Please list all fees that are commissionable.

A14. Fees are not commissionable.

Q15. For how many dorms will the vendor be required to provide service at the new facility?

A15. Sixteen.

Q16. How many dorm kiosks does the Road Prison have or need?

A16. Two

Q17. How many kiosks will be required in each dorm of the new facility?

A17. Each dorm will need two wired kiosks and the vendor will need to run their own conduit and Cat-5 cables, however, Dorm B, Dorm D, and the Infirmary will require wireless kiosks. The vendor will be allowed to coordinate a connection to the Jail's wireless network with the County's I.T. department. With this connection, the County will be able to authenticate the kiosks based on their wireless NIC MAC address.

Q18. Is the County interested in a secure messaging feature that would allow inmates to message friend and family through a secure portal?

A18. All messages are to be reviewable by the facility. This can be presented as a value-add service during the proposal process.

Q19. Is the facility interested in inmate tables?

A19. This can be presented as a value-add service during the proposal process.

Q20. What other fees are charged to the inmate (e.g. medical, booking, etc.)?

A37. Yes.

Q38. Were there any sales for Fresh Favorites over the last twelve months?
A38. No.

Q39. How does the County handle confidential documents submitted by the vendor such as financial statements or customer references?
A39. Generally, all information submitted in response to the RFP shall be public record and subject to Florida Statutes regarding public disclosure.

In addition to the Florida Statutes referenced below, please see Escambia County, FL Ordinance Sec. 86-137 – General Registration Conditions, specifically item "(m)" which states:

"Any proprietary confidential business information obtained from a registrant in connection with an application shall be held confidential by the county to the extent required by F.S. § 202.195 provided the registrant notifies the county of such confidential information and identifies same pursuant to state law, including without limitation F.S. Ch. 119."

Please note that any items marked as confidential must meet Florida Statute definition(s) on what is and is not considered confidential.

Q40. Should the vendor own, write, operate and support the provided commissary and banking software for this project?

A40. Please refer to RFP Page 24 of 73, specifically A1, for the answer to this question.

Q41. Regarding item 3D10 on Page 28 of 73, is the County wanting the receipt numbers in sequential order to be the only recorded receipt number?

A41. Please see item 3D12 on Page 29 of 73.

Q42. For Inmate Release, who is the County's current provider, how many inmates are released on average each month, and does the County intend to issue a debit card to all inmates being released or is there a dollar threshold that must be met?

A42. The provider is Numi and the County currently averages 1,058 released inmates per month. Please see the RFP for complete information on how to handle the return of funds for released inmates.

Q43. Regarding cash bond and bail payment services, are bail/bond services included in this RFP?

A43. The County does not currently have the ability to accept and process bond payments.

Q44. Who will be responsible for the removal of cash from the lobby and intake kiosks?

A44. The vendor is responsible for removal of the cash from the lobby and intake kiosks.

Q45. Please clarify which proposal format is to be utilized. There is one on Page 20 of 73 and another on Page 42 of 73.

A45. Please utilize the proposal format shown in page 42 of 73.

Q46. Please provide a copy of the current commissary menus with pricing from each facility, copies of the last three months sales invoices for each facility, and a product sales report for one month from each facility.

A46. These are attached on the pages that follow.

ADDENDUM NUMBER 4:

Re: PD 18-19.102 Inmate Commissary and Banking Services for Escambia County Corrections Department

All:

Your firm recently received a Request for Proposals for the above-mentioned specification. This Addendum Number 4 provides for a clarification regarding the Term of the Agreement.

As noted on Solicitation Page 10 of 73, Section 7, and Page 17 of 73, Section 1-4, the term of the agreement with the awarded firm is expected to be ~~twelve (12) months with the potential for up to two (2) one-year renewal periods for a total term of thirty-six (36) months~~.

This Addendum provides an update that the term of the agreement with the awarded firm is now expected – upon negotiation – to be thirty-six (36) months with up to two (2) one-year renewal periods, for a total of sixty (60) months.

This Addendum Number 4 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photocopy this form for your records.

Sincerely,

Jeffrey D. Lovingood
