Noise Ordinance

Sec. 42-67. Regulations for Santa Rosa Island and Perdido Key.

Recognizing the unique tourist, recreational and entertainment characteristics of Santa Rosa Island (Pensacola Beach) and the Perdido Key areas of the county, the provisions of sections 42-64 and 42-65 shall not apply to these geographic areas. ~~For these geographic areas, in no event shall a person operate or cause to be operated or create any source of sound in such a manner so as to create a sound level which exceeds 70 dbA (sound level measurement) when measured by a sound level meter at or within the property boundary of the receiving land use.~~ For these geographic areas, the following standards shall apply:

- A. Santa Rosa Island (Pensacola Beach): In no event shall a person operate or cause to be operated or create any source of sound in such a manner so as to create a sound level which exceeds 70 dbA (sound level measurement) when measured by a sound level meter at or within the property boundary of the receiving land use.
- B. Perdido Key: In no event shall a person operate or cause to be operated or create any source of sound in such a manner so as to create a sound level which exceeds an average of 70 dbA (sound level measurement) when measured by taking four sound readings over a continuous 15 minute period, with the four readings taken at approximately at equal intervals. Those sound readings shall be taken at or within the property boundary of the receiving land use. With regards to sound measurements of live music performances, when possible, none of the four readings shall be taken during a break, intermission or other period when no music is emanating from the sound equipment.
