**Meeting Date:** 01/18/2017  
**CASE:** V-2016-10  
**APPLICANT:** James Rich, Agent for Michael & Dara Gliner  
**ADDRESS:** 8690 Scenic Hwy  
**PROPERTY REFERENCE NO.:** 05-1S-29-1700-000-001 &  
05-1S-29-1700-000-010  
**ZONING DISTRICT:** MDR  
**FUTURE LAND USE:** MU-U

---

**SUBMISSION DATA:**

**REQUESTED VARIANCE:**

The Applicant is requesting a variance to the 20' rear structure minimum setback. The Applicant and the Cypress Point Home Owner's Association's adjacent parcel will require a zero lot setback in order to build a deck.

**RELEVANT AUTHORITY:**

**Land Development Code of Escambia County, Florida (Ordinance No. 96-3 as amended), Section 3-2.7(d)(7)a**

**(d) Site and building requirements. The following site and building requirements apply to uses within the MDR district:**

- (7) Structure setbacks. For all principal structures, minimum setbacks are:**
  - a. Front and rear. Twenty feet in the front and rear.**

**CRITERIA**

**Land Development Code of Escambia County, Florida (Ordinance No.96-3 as amended), Section 2-6.3**

**CRITERION (1)**

**Special conditions and circumstances exist which are peculiar to the land, structure or building and which are not applicable to other lands, structures or buildings in the same zoning district.**

**FINDINGS-OF-FACT**

Based on the review of the existing subdivision plat, as approved, aerial photographs and staff's visit to the site, it is evident that the size of the rear yard for the parcel in question, is the result of the overall subdivision design, the existing structure layout and size, combined with the required setbacks for the subdivision. The parcel has the

smallest rear setback, 15 feet, compared to all of the other lots within the subdivision which have a 30 foot setback. All lots within the subdivision have different shapes and orientation. All structures are different in size. The ability of other property owners to have decks results from the variability of lot and structure sizes.

#### **CRITERION (2)**

**The special conditions and circumstances do not result from the actions of the applicant.**

#### **FINDINGS-OF-FACT**

Based on the review of the approved plat, the structure in the lot was built to fit the existing parcel, and in accordance with the approved standards at the time of construction.

#### **CRITERION (3)**

**Granting the variance requested will not confer on the applicant any special privilege that is denied by this land development code to other lands, buildings or structures in the same zoning district.**

#### **FINDINGS-OF-FACT**

The Land Development Code does have allowances for all property owners to request variances to the property setbacks in any district.

#### **CRITERION (4)**

**Strict application of the provisions of the land development code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the land development code and would create an unnecessary and undue hardship on the applicant..**

#### **FINDINGS-OF-FACT**

Strict application of the provisions of the Land Development Code would not deprive the Applicant of any rights. The platted subdivision was approved with specific standards common to the development, as shown in the approved document. Based on the approved plat, the lot as designed allows for the construction of a single-family residence. There are no undue hardships on the Applicant.

#### **CRITERION (5)**

**The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure .**

#### **FINDINGS-OF-FACT**

Granting of the variance is not the minimum to make reasonable use of the land, building or structure. The reasonable use of the land was approved via the plat of the land, for a single-family residence. The approved subdivision plat does provide guidance such as specific lot size and setbacks that regulate the size and location of any proposed structure.

#### **CRITERION 6**

**The granting of the variance will be consistent with the general intent and purpose of the land development code and that such variance will not be injurious to the area or otherwise detrimental to the public welfare.**

#### **FINDING OF FACT:**

Granting of the variance would not be consistent with the general intent and purpose of the land development code. The variance would not be detrimental to public welfare.

#### **STAFF RECOMMENDATION**

The Applicant failed to meet the minimum requirements for Criteria 1, 4, 5 and 6, therefore staff recommends denial of the variance as requested.

#### **BOA DECISION**

3. Amendment Request

- A. Please provide a general description of the proposed request, explaining why it is necessary and/or appropriate.

ADDITION OF 16X37 WOOD FRAMED DECK CONFORMING TO OTHER DECKS IN THE COMMUNITY. WE ARE BUILDING THIS TO PROVIDE A SAFE AREA IN THE BACK OF THE HOUSE FOR OUR CHILDREN + GRAND CHILDREN TO PLAY. THE HOUSE DOES NOT HAVE A USEABLE BACK YARD.

- B. For Variance Request - Please address ALL the following approval conditions for your Variance request. (use supplement sheets as needed)

1. Special conditions and circumstances exist which are peculiar to the land, structure or building and which are not applicable to other lands, structures or buildings in the same zoning district.

BECAUSE OF THE LOCATION OF THE HOUSE THE BACKYARD IS NOT USEABLE AND A RAISED DECK BOTH PROTECTS THE ENVIRONMENT OF THE AREA AND ALLOWS US TO IMPROVE THE GENERAL APPEARANCE AND USE OF THE AREA OTHER RESIDENCES IN THE COMMUNITY HAVE ALREADY CONSTRUCTED DECKS. I CAN PROVIDE PICTURES IF YOU WANT.

2. The special conditions and circumstances do not result from the actions of the applicant.

WE HAVE TAKEN NO ACTION TO CAUSE THIS CONDITION. THE HOME IS LOCATED WHERE IT WAS APPROVED FOR CONSTRUCTION. THE LOCAL HDA HAS AGREED WITH US IN THE BENEFIT OF CONSTRUCTING THIS DECK.

3. Granting the variance requested will not confer on the applicant any special privilege that is denied by this land development code to other lands, buildings or structures in the same zoning district.

Other homes in this development and  
next door to us on the west have already  
constructed similar structures.

---

---

4. Strict application of the provisions of the land development code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the land development code and would create an unnecessary and undue hardship on the applicant.

As I mentioned many of the community  
homes have already constructed decks.  
The former owner left the house vacant  
for about 7 years. That may be why a deck was  
never added to this property.

5. The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure.

The 16x37 deck will conform to other decks  
in the community and area. It is a reasonable  
size for the size of the house.

---

---

6. The granting of the variance will be consistent with the general intent and purpose of the land development code and that such variance will not be injurious to the area or otherwise detrimental to the public welfare.

Yes - useful for a single family residence

Subject: 8690 Scenic Hwy. Variance Case #V-2016-10

Mr. Rich,

In speaking with you a few minutes ago, you mentioned putting Variance Case #V-2016-10 off until next month (January 18, 2017). The postcards for the December 21st meeting for this case were mailed on Tuesday, December 06, 2016 (we have to mail them 15 days before the meeting). Please be advised - if you want this case presented at any meeting other than the December 21<sup>st</sup> meeting there will be another charge of \$208.42 for postcard mailings.

As we spoke of, please advise us via email how we are to proceed with this case.

Sincerely,

*Debbie Lockhart*

**REQUESTED CONDITIONAL USE:**

The Applicant is requesting Conditional Use approval to allow a convenience store with the sale of gasoline in a HDMU Zoning District.

**RELEVANT AUTHORITY:**

**Land Development Code of Escambia County, Florida (Ordinance 96-3 as amended), Section: 3-2.9(c)(2)**

**CRITERIA:**

**Land Development Code of Escambia County, Florida (Ordinance 96-3 as amended), Section 2-6.4**

**CRITERION (a)**

**General compatibility. The proposed use can be conducted and operated in a manner that is compatible with adjacent properties and other properties in the immediate area.**

**FINDINGS-OF-FACT**

The request for a convenience store with the sale of vehicle gasoline could be compatible with adjacent properties and other properties in the immediate area, although the area adjacent to and surrounding the subject parcel is currently residential use. There once was a convenience store with gasoline sales on this location. The parcel is along Johnson Avenue, which is a collector roadway.

**CRITERION (b)**

**Facilities and services. Public facilities and services, especially those with adopted levels of service, will be available, will provide adequate capacity to serve the proposed use consistent with capacity requirements.**

**FINDINGS-OF-FACT**

The level of services and adequate capacity to serve the existing use are available and will be addressed by the owner at the time of development review.

**CRITERION (c)**

**On-site circulation. Ingress to and egress from the site and its structures will be sufficient, particularly regarding vehicle and pedestrian safety and convenience, efficient traffic flow and control, on-site parking and loading, and emergency vehicle access.**

**FINDINGS-OF-FACT**

All access to the site from Johnson Avenue or the two side streets, traffic flow, adequate on-site parking and loading, and emergency vehicle access will be reviewed during the Development Review process.

**CRITERION (d)**

**Nuisances and hazards. The scale, intensity, and operation of the use will not generate unreasonable noise, glare, dust, smoke, odor, vibration, electrical interference, or other nuisances or hazards for adjoining properties and other properties in the immediate area.**

**FINDINGS-OF-FACT**

The request to allow the convenience store does not appear to create any unreasonable nuisance, noise, glare, dust, or other hazards for the adjoining properties or other properties in the immediate area.

**CRITERION (e)**

**Solid waste. All on-site solid waste containers will be appropriately located for functional access, limited off-site visibility and minimal odor and other nuisance impacts.**

**FINDINGS-OF-FACT**

Solid waste service is available and currently provided by ECUA.

**CRITERION (f)**

**Screening and buffering. Where not otherwise required by the LDC, screening and buffering will be provided if appropriate to the proposed use and site.**

**FINDINGS OF FACT:**

Screening and buffering requirements will be reviewed during the Site Plan Review process.

**CRITERION (g)**

**Signs and lighting.** All exterior signs and lights, whether attached or freestanding, will be compatible with adjoining properties and other properties in the immediate area, especially regarding glare and traffic safety.

**FINDINGS OF FACT:**

All proposed signage and lighting will be addressed during the Site Plan Review process to comply with Chapter 5, General Development Standards, Article 8 for signage and Article 9.3 for lighting.

**CRITERION (h)**

**Site characteristics.** The size, shape, location and topography of the site appear adequate to accommodate the proposed use, including setbacks, intensity, bulk, height, open space and aesthetic considerations.

**FINDINGS OF FACT:**

The use will be situated on the southern portion of the property, oriented along Johnson Avenue, an arterial roadway. Access will not traverse the residential neighborhood to the north of the subject property.

**CRITERION (i)**

**Use requirements.** The proposed use complies with any additional conditional use requirements of the applicable zoning district, use, or other provisions of the LDC.

**FINDINGS OF FACT:**

The proposed Conditional Use is consistent with all other relevant provisions of this Code.

**STAFF FINDINGS**

Staff recommends that the Board approve the proposed Conditional Use request with the following condition:

The project must meet all conditions imposed through the Site Plan Review process.

**Attachment to Conditional Use Application**

**Applicant/Owner: The Trust for Public Land, Kate Brown, Senior Project Manager**

**Property: Innerarity Point Park, 5835 Cruzat Way**

**Submitted December 8, 2016**

**3. Amendment Request**

A. The request is for a conditional use for recreation, as provided in Section 3-2.9 (5) of the zoning code for the HDMU district. This conditional use is necessary in order to allow the development and use of the site as a public park.

**B. Variance Request – N/A**

**C. Conditional Use Request**

**1. General Compatibility.**

Upon completion of the park, The Trust for Public Land will donate the park to Escambia County. The county intends to operate the facility as a dawn-to-dusk park, which is compatible with the residential character of the surrounding neighborhood. To the west of the site is a single family residential street and to the east, the county's Galvez Landing boat ramp and a local restaurant (Hub Stacey's). The park will complement the county boat ramp by providing passive recreational space and waterfront access. Access to the site via Cruzat Way will avoid conflicts with the neighboring residents on Bob 'o Link Road. Privacy fencing will be installed along the Bob o' Link Road property line at the request of the neighbors on that street.

**2. Facilities and Services.**

The development of a park on this site will provide public recreational space for the local community, water access and non-motorized boat access via a new dock. The dock will be ADA accessible and will include an accessible paddlecraft launch. The park will include playgrounds, restrooms and picnic pavilions for use by the public.

**3. Onsite Circulation**

Vehicular access to the property will be via Cruzat Way and will lead vehicles to a 44 space parking lot (3 ADA spaces). The concrete sidewalks are designed to lead pedestrians through the park to the various amenities. Pedestrian access will be available both from the parking lot as well as from Innerarity Point Road. Emergency vehicles will access the parking lot via Cruzat Way and will be able to turn around in the parking lot to exit the property.

#### **4. Nuisances and Hazards**

The park is designed to operate only during daylight hours and lighting will be provided in the parking area only for safety purposes. No motorized vehicles will be permitted outside the parking lot, except for emergency vehicles. Only non-motorized paddlecraft will be permitted in the dock area.

#### **5. Solid Waste**

Several trash cans will be located throughout the site for use by visitors. There will not be a dumpster or other large trash container on the premises.

#### **6. Screening and Buffering**

A privacy fence will be installed along Bob o' Link Road to screen adjacent neighbors from the park. The neighbors have chosen the height of fencing they prefer. Landscape buffering will also be installed as part of the overall landscaping plan for the property. See attached plans.

#### **7. Signs and Lighting**

The only lighting to be installed will be safety lighting in the parking lot. Signage will direct visitors to the parking lot. The dock will be posted with signage indicating that motorized boats are not permitted and other signage will alert visitors of how to protect sea grasses and sea turtles. Sample signage is shown in the attached plans.
