AGENDA
Board of County Commissioners
Regular Meeting – May 7, 2020 – 5:30 p.m.
Ernie Lee Magaha Government Building – First Floor

1. Call to Order.

   Please turn your cell phone to the vibrate, silence, or off setting.

   The Board of County Commissioners allows any person to speak regarding an item on the Agenda. The speaker is limited to three (3) minutes, unless otherwise determined by the Chairman, to allow sufficient time for all speakers. Speakers shall refrain from abusive or profane remarks, disruptive outbursts, protests, or other conduct which interferes with the orderly conduct of the meeting. Upon completion of the Public comment period, discussion is limited to Board members and questions raised by the Board.

2. Invocation – Commissioner Bender.

3. Pledge of Allegiance to the Flag.

4. Are there any items to be added to the agenda?

   Recommendation: That the Board adopt the agenda as prepared **(or duly amended).**

5. Commissioners' Forum.

6. Proclamations.

Recommendation: That the Board take the following action:

A. Adopt the Proclamation commending and congratulating Cooper Saunders, an Engineering Program Manager in the Engineering Department, on his selection as the "Employee of the Month" for April 2020;

B. Adopt the Proclamation commending and congratulating David Heroux, a Videographer in the Communications and Public Information Department, on his selection as the "Employee of the Month" for May 2020; and

C. Ratify the Proclamation dated March 27, 2020, commending and honoring the life of Veronica Fountain, and extending heartfelt condolences and well wishes to her family and friends.

7. Did the Clerk's Office receive the proofs of publication for the Public Hearing(s) on the agenda and the Board's Weekly Meeting Schedule?

Recommendation: That the Board waive the reading of the legal advertisement(s) and accept, for filing with the Board's Minutes, the certified affidavit(s) establishing proof of publication for the Public Hearing(s) on the agenda, and the Board of County Commissioners – Escambia County, Florida, Meeting Schedule.

8. 5:31 p.m. Public Hearing for consideration of adopting an Ordinance creating the Sonoma Ridge Street Lighting MSBU.

Recommendation: That the Board adopt and authorize the Chairman to sign the Ordinance creating the Sonoma Ridge Street Lighting Municipal Services Benefit Unit (MSBU), and all related documents, and make the following findings of fact:

A. Lots in the District are specially benefited since street lighting not only increases the market value of an individual lot, but also increases safety in the District surrounding individual lots, and the ability of lot owners to use their individual lots after dark;

B. The benefit from improved street lighting varies according to the relative size of the affected lots. Residential lots benefit from improved street lighting uniformly because of the small variation in size throughout the District;

C. The non-ad valorem special assessments levied represent a fair and reasonable apportionment of the cost of the special benefit received by each lot, and do not represent a fair share of the cost of general governmental service provided to residents in the unincorporated areas of Escambia County; and

D. Lots which do not receive a special benefit have been and shall be excluded from the non-ad valorem special assessment for street lighting.

9. 5:32 p.m. Public Hearing for consideration of adopting an Ordinance creating the Makenna Estates Street Lighting MSBU.

Recommendation: That the Board adopt and authorize the Chairman to sign the Ordinance creating the Makenna Estates Street Lighting Municipal Services Benefit Unit (MSBU), and all related documents, and make the following findings of fact:

A. Lots in the District are specially benefited since street lighting not only increases the market value of an individual lot, but also increases safety in the District surrounding individual lots, and the ability of lot owners to use their individual lots after dark;

B. The benefit from improved street lighting varies according to the relative size of the affected lots. Residential lots benefit from improved street lighting uniformly because of the small variation in size throughout the District;

C. The non-ad valorem special assessments levied represent a fair and reasonable apportionment of the cost of the special benefit received by each lot, and do not represent a fair share of the cost of general governmental service provided to residents in the unincorporated areas of Escambia County; and

D. Lots which do not receive a special benefit have been and shall be excluded from the non-ad valorem special assessment for street lighting.

10. 5:35 p.m. Public Hearing for consideration of the Petition to Vacate a Utility and Drainage Easement, located at 2318 Copter Road, as petitioned by Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust.

Recommendation: That the Board take the following action concerning the Petition to Vacate a Utility and Drainage Easement located at 2318 Copter Road (0.13 acres, more or less), as petitioned by Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust:

A. Approve or deny the Petition to Vacate a Utility and Drainage Easement located at 2318 Copter Road (0.13 acres, more or less), as petitioned by Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust;

B. Accept the Hold/Harmless Agreement;

C. Adopt the Resolution to Vacate; and

D. Authorize the Chairman or Vice Chairman to accept the documents as of the day of delivery and authorize the Chairman or Vice Chairman to execute them at that time.

The real property mentioned in this Petition to Vacate is located in Commission District 4.

11. 5:37 p.m. Public Hearing Concerning the Repeal and Replacement of Chapter 14 of the Escambia County Code of Ordinances, entitled "Buildings and Building Regulations".

Recommendation: That the Board take the following action:

A. Ratify the scheduling and advertising of this May 7, 2020, public hearing at 5:37 p.m., which was previously scheduled for 9:01 a.m., on April 14, 2020; and

B. Review and adopt an Ordinance repealing and replacing in its entirety Chapter 14 of the Escambia County Code of Ordinances, entitled "Buildings and Building Regulations" providing for severability, inclusion in the code, and an effective date which is in the best interest of the County and its citizens.

12. Reports:

CLERK & COMPTROLLER'S REPORT

Backup Not Included With The Clerk's Report Is Available For Review In The Office Of The Clerk To The Board
Ernie Lee Magaha Government Building, Suite 110

I. Consent Agenda

1. Recommendation Concerning Acceptance of TDT Collection Data for the February 2020 Returns Received in March 2020

That the Board accept, for filing with the Board's Minutes, the Tourist Development Tax (TDT) Collections Data for the February 2020 returns received in the month of March 2020, as prepared by the Finance Department of the Clerk and Comptroller's Office. This is the sixth month of collections for the fiscal year 2020. Total collected for the month of February 2020 Returns was $594,649.64. This is a 6.02% increase from February 2019 Returns. Total collections year to date are 1.33% more than the comparable time frame in Fiscal Year 2019.

2. Recommendation Concerning Acceptance of the March 31, 2020, Investment Report

That the Board accept, for filing with the Board's Minutes, the Investment Portfolio Summary Report for the month ended March 31, 2020, as required by Ordinance Number 95-13. On March 31, 2020, the portfolio market value was $340,535,574 and portfolio earnings totaled $362,900 for the month. The short term portfolio achieved a yield of 1.50%. The long-term CORE portfolio achieved a yield of 0.67%.

3. Recommendation Concerning Minutes and Reports Prepared by the Clerk to the Board's Office

That the Board take the following action concerning Minutes and Reports prepared by the Clerk to the Board's office:

A. Accept, for filing with the Board's Minutes, the Report of the Gary Sansing Public Forum held April 2, 2020;

B. Approve the Minutes of the Regular Board Meeting held April 2, 2020; and

C. Approve the Minutes of the Special Board Meeting held April 28, 2020.

GROWTH MANAGEMENT REPORT

I. Public Hearing

1. 5:45 p.m. - A Public Hearing Concerning the Review of an Ordinance Adopting the 2019-2023 Update to the Five-Year Schedule of Capital Improvements for Incorporation into Part II of the Escambia County Code of Ordinances

   That the Board of County Commissioners (BCC) review and adopt an Ordinance adopting the 2019-2023 Update to the Five-Year Schedule of Capital Improvements for incorporation into Part II of the Escambia County Code of Ordinances.

2. 5:46 p.m. - A Public Hearing Concerning the Renewal of a Recycling Permit for an Asphalt/Concrete Crushing Recycling and Processing Facility located at 13009 Beulah Road, Cantonment, FL, Escambia County Landfill

   That the Board of County Commissioners (BCC) review and approve, modify, or deny the renewal of a Recycling Permit for an existing asphalt/concrete crushing recycling and processing facility located at 13009 Beulah Road, Cantonment, FL, owned by Escambia County.

3. 5:47 p.m. - A Public Hearing Concerning the Renewal of Operational Permit for Resource Extraction for Brickton Borrow Pit

   That the Board of County Commissioners (BCC) review and approve, modify, or deny the renewal of an Operational Permit for Resource Extraction for Brickton Borrow Pit, located at 8700 BLK Highway 29, owned by C.R. Campbell.

II. Action Item

1. Recommendation Concerning Final Plat Redfish Harbor Permit FP# 2003905
That the Board take the following action concerning recording of Redfish Harbor a Planned Unit Development (a 92-lot private residential subdivision), located in the Innerarity Community, lying north off Innerarity Point Road and west of the intersection of Sorrento Road, Gulf Beach Highway and Perdido Key Drive. Owned and developed by Redfish Harbor, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the subdivision plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute:

A. Approve the subdivision plat for recording in the public records;

B. Approve street names “Trout Lane, Red Drum Court, Pelican Place and Osprey Drive”;

C. Approve the amendment of the amenities note on the PUD agreement to match the approved Preliminary Plat and Construction Plans, and;

D. Authorize Chairman or Vice Chairman to execute a Conservation Easement.

2. Recommendation Concerning Final Plat Queens Gate Permit FP# 2003909
That the Board take the following action concerning recording Queens Gate (a 40-lot residential subdivision), located in the Millview Community, lying west off Ora Drive and west of Dog Track Road (County Road 297). Owned and developed by Dog Track Area Developers, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the subdivision plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute:

A. Approve the subdivision plat for recording in the public records;

B. Approve the street name "Queens Gate Circle";

C. Accept all public easements, pond, drainage improvements within public easements as depicted upon the subdivision plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU); and

D. Authorize Chairman or Vice Chairman to execute a Two-Year Warranty Agreement without Surety.

3. Recommendation Concerning Final Plat Airway Trace Permit FP# 2002672

That the Board take the following action concerning recording of Airway Trace (a 6-lot residential subdivision), located in the Ensley Community, lying west off Airway Drive and south of East Nine Mile Road (U.S. Alternate Highway 90). Owned and developed by Breland Homes Coastal, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the subdivision plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute:

A. Approve the subdivision plat for recording in the public records;

B. Accept all public easements, pond, drainage improvements within public easements as depicted upon the subdivision plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU); and

C. Authorize Chairman or Vice Chairman to execute a Two-Year Warranty Agreement with Surety and an Irrevocable Letter of Credit for sidewalk installations.

4. Recommendation Concerning Final Plat Bentley Oaks Unit 4, Phase 2 Permit FP# 2001255

That the Board take the following action concerning recording Bentley Oaks Unit 4, Phase 2 (a 54-lot residential subdivision), located in the Cantonment Community, lying west off County Road 297A and north of West Kingsfield Road (County Road 186). Owned and developed by Beaird Development, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the subdivision plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute;

A. Approve the subdivision plat for recording in the public records;

B. Approve street names “Avalon Street, Quartz Avenue and Granite Lane”;

C. Accept all public easements, pond, drainage improvements within public easements as depicted upon the subdivision plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU); and

D. Authorize Chairman or Vice Chairman to execute a Two-Year Warranty Agreement with Surety and Irrevocable Letter of Credit.

COUNTY ADMINISTRATOR'S REPORT

I. Technical/Public Service Consent Agenda

1. Recommendation Concerning Community Redevelopment Agency Meeting Minutes, April 2, 2020 - Clara Long, Interim Neighborhood & Human Services Department Director

   That the Board accept for filing with the Board's Minutes, the April 2, 2020, Community Redevelopment Agency's (CRA) Meeting Minutes, prepared by Melanie Johnson, CRA Administrative Assistant.

2. Recommendation Concerning Loan Subordination Policy - Clara Long, Interim Neighborhood & Human Services Department Director

   That the Board adopt the Loan Subordination Policy.

3. Recommendation Concerning a Memorandum of Understanding by and Between Escambia County Fire Rescue and Patti Marine Enterprises - John Dosh, Interim Public Safety Department Director

   That the Board approve and authorize the Chairman to sign the Memorandum of Understanding (MOU) by and between Escambia County Fire Rescue (ECFR) and Patti Marine Enterprises, Inc. (PME), that identifies parameters, roles, and responsibilities for mutual aid support services that may be requested by PME and training opportunities that may be provided to ECFR by PME.

4. Recommendation Concerning the Request for Disposition of Property for the Public Safety Department - John Dosh, Interim Public Safety Department Director

   That the Board approve the Request for Disposition of Property Form for the Public Safety Department, for property which is described and listed on the Form, with reason for disposition stated. The listed item has been found to be of no further usefulness to the County; thus, it is requested that it be auctioned as surplus or disposed of properly.

5. Recommendation Concerning the Scheduling of a Public Hearing for the Upland Woods Street Lighting Municipal Services Benefit Unit - Stephan Hall, Budget Manager, Management and Budget Services

   That the Board authorize the scheduling of a public hearing on May 21, 2020, at 9:01 a.m., to consider adoption of an ordinance creating the Upland Woods Street Lighting Municipal Services Benefit Unit (MSBU).

6. Recommendation Concerning the Scheduling of a Public Hearing for the Cedar Ridge Street Lighting Municipal Service Benefit Unit - Stephan Hall, Budget Manager, Management & Budget Services

   That the Board authorize the scheduling of a Public Hearing on May 21, 2020, at 9:02 a.m., to consider adoption of an Ordinance creating the Cedar Ridge Street Lighting Municipal Services Benefit Unit (MSBU).

7. Recommendation Concerning a Reappointment to the Escambia Marine Advisory Committee - Janice P. Gilley, County Administrator

   That the Board waive the Board's Policy, Section I, Part B 1.(D), Appointment Policy and Procedures, and confirm the County Administrator’s reappointment of Captain Ed Fish to the Escambia Marine Advisory Committee (EMAC), for a four-year term, effective May 1, 2020, through April 30, 2024, or at the discretion of the County Administrator.

8. Recommendation Concerning the Escambia County Board of County Commissioners' Organizational Chart - Janice P. Gilley, County Administrator

That the Board take the following action regarding the proposed Escambia County Board of County Commissioners' Organizational Chart, as provided:

A. Approve the proposed Escambia County Board of County Commissioners' Organizational Chart;

B. Acknowledge the relocation of the Animal Services division from Building Services to the Community and Administrative Branch as a separate division;

C. Confirm the appointment of Mrs. Clara Long as the Director of the Neighborhood and Human Services Department, with an annual salary of $92,164 and a $400 monthly vehicle allowance. Mrs. Long has been serving as both the Interim Director and the CRA Division Manager since August 2019. She has served Escambia County since 2001 and has been in the Community Redevelopment Agency since 2003. This position is currently budgeted in the Fiscal Year 2019-2020;

D. Confirm the appointment of Mr. Chips Kirschenfeld as a Deputy County Administrator. Chips will maintain his position as Director of Natural Resources Management while also serving in senior leadership to assist with the management of operations, the oversight of major projects, and supervision of departments under the direction of the Assistant County Administrator for the Community and Administrative branch. Mr. Kirschenfeld will maintain his current salary which is budgeted in the Fiscal Year 2019-2020; and

E. Confirm the appointment of Mr. Wes Moreno as a Deputy County Administrator. Mr. Moreno will maintain the position of Director of Public Works while also serving in senior leadership to assist with the management of operations, the oversight of major projects, and supervision of departments under the direction of the Assistant County Administrator for the Infrastructure and Public Safety branch. The funds for a 5% salary increase for additional duties are available in the department budget for the Fiscal Year 2019-2020.

9. Recommendation Concerning an Interlocal Agreement with the City of Pensacola for Use of the Raymond Riddle Park - Michael E. Rhodes, Parks and Recreation Department Director

That the Board approve and authorize the Chairman to sign the Interlocal Agreement for the use of the Raymond Riddle Park by the City of Pensacola, between Escambia County, Florida, and the City of Pensacola, Florida.

NON-ADA COMPLIANT DOCUMENT TO BE DISTRIBUTED UNDER SEPARATE COVER:

- Interlocal Agreement

10. Recommendation Concerning a Park License and Management Agreement for County Athletic Parks - Michael Rhodes, Parks and Recreation Department Director

That the Board take the following action concerning a Park License and Management Agreement for County athletic parks, between Escambia County and volunteer athletic associations:

A. Approve the Agreement authorizing license and management of County-owned property for public recreation purposes with the following volunteer athletic organization:

- Pensacola Men's Baseball League, Inc., at Bellview Park; and

B. Authorize the Chairman to sign the Park License and Management Agreement for the same aforementioned volunteer athletic organization, effective upon Board approval.

NON-ADA COMPLIANT DOCUMENT TO BE DISTRIBUTED UNDER SEPARATE COVER:

- Park License and Management Agreement

11. Recommendation Concerning the Ratification of the IAEP Local R5-325 Collective Bargaining Agreement - Jana Still, Human Resources Department Director

That the Board approve and authorize the Chairman to execute the Ratification Certificate for the Collective Bargaining Agreement between the Escambia County Board of County Commissioners (BCC) and the International Association of EMTs and Paramedics/National Association of Government Employees/Service Employees International Union (IAEP), Local R5-325.

(THE COLLECTIVE BARGANING AGREEEMENT WILL BE DISTRIBUTED UNDER SEPARATE COVER)

II. Budget/Finance Consent Agenda

1. Recommendation Concerning Residential Rehab Grant Program Funding and Lien Agreements - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board ratify the May 7, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity of the Escambia County Community Redevelopment Agency (CRA), concerning the Residential Rehab Grant Program Funding and Lien Agreements:

A. Approving the following three Residential Rehab Grant Program Funding and Lien Agreements:

1. The Agreements between Escambia County CRA and James Jr. and Lillie D. Jernigan, owners of residential property located at 710 Vendee Lane, Palafox Redevelopment District, each in the amount of $3,772, representing an in-kind match through the Palafox Tax Increment Financing (TIF), Fund 151, Cost Center 370115, total electrical rewiring upgrade;

2. The Agreements between Escambia County CRA and Stephen Young and Marjory Tandy, owners of residential property located at 701 Lakewood Road, Barrancas Redevelopment District, each in the amount of $3,550, representing an in-kind match through the Barrancas Tax Increment Financing (TIF), Fund 151, Cost Center 370116, replacement roof;

3. The Agreements between Escambia County CRA and Stephen M. Young, owner of residential property located at 201 Hermey Avenue, Barrancas Redevelopment District, each in the amount of $2,350, representing an in-kind match through the Barrancas Tax Increment Financing (TIF), Fund 151, Cost Center 370116, replacement roof; and

B. Authorizing the Chairman to sign the Funding and Lien Agreements and any related documents necessary to implement the Grant awards.

2. Recommendation Concerning the Cancellation of Residential Rehab Grant Program Liens - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board ratify the following May 7, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Board of County Commissioners, concerning the cancellation of the Residential Rehab Grant Program Liens:

A. Approving the following cancellations of 12 Residential Rehab Grant Program Liens, as the Grant recipients have met their one-year of compliance with the Residential Rehab Grant Program:

Property Owners	**Address**	**Amount**
Richard R. and Charlotte L. Birge	101 Edgewater Drive	$3,212
Norman D. and Virginia A. Boyd	601 Pelham Road	$2,750
Wanda D. Brown	416 South First Street	$2,650
Thomas J. Clayton	1 Greve Road	$4,365
Patricia L. Greene	309 Payne Road	$2,700
David Joe Marcum and Sandra Elaine Klihnl Marcum	116 SE Gilliland Road	$5,950
Marilyn R. Mulvey	602 Lakewood Road	$6,000
Jerry R. and Jan M. Robbins	209 Baublits Road	$3,750
John R. Ryan	107 Payne Road	$2,397
Gary S. Slocum	6 Earl Court	$3,502
David Toellner	310 Payne Road	$6,000
Jay A. Yedrysek	209 Greve Road	$2,707

B. Authorizing the Chairman to execute the Cancellation of Lien documents.

3. Recommendation Concerning Amendment to the 2015 Annual Action Plan for the Escambia County Emergency Solutions Grant - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning an Amendment to the 2015 Annual Action Plan for the Escambia County Emergency Solutions Grant (ESG) Program:

A. Approve an Amendment to the 2015 Annual Action Plans for the Escambia County ESG Program, reallocating $47,898 in funds and updating eligibility requirements for homeless prevention and rapid rehousing applicants; and

B. Authorize the County Administrator to sign the Amendment; OR

C. Return the balance of unexpended ESG funds, in the amount of $113,219, to the U.S. Department of Housing and Urban Development.

[Funding: Fund 110/Emergency Solutions Grant, Cost Center 370293]

4. Recommendation Concerning Agreement for Emergency Solutions Grant Program Homeless Management Information System - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Agreement for Emergency Solutions Grant Program Homeless Management Information System with Opening Doors Northwest Florida (NWFL), Inc.:

A. Approve the Agreement for Emergency Solutions Grant Program Homeless Management Information System with Opening Doors Northwest Florida (NWFL), Inc., in the amount of $47,898 for Homeless Management Information System and coordinated entry services; and

B. Authorize the Chairman or Vice Chairman to execute the Agreement and related forms as may be required to fully implement the Agreement.

[Funding: Fund 110/Other Grants and Aids, Emergency Solutions Grant, Cost Center 370293]

5. Recommendation Concerning the Contract Award for State Housing Initiatives Partnership Housing Rehabilitation Services for 7801 Amberidge Road - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Contract Award for State Housing Initiatives Partnership (SHIP) Housing Rehabilitation Services for 7801 Amberidge Road:

A. Authorize the County Administrator to sign the SHIP Housing Rehabilitation Services Program Agreement between Escambia County, Florida; Design Homebuilders, Inc., Contractor; and Robert Ikner, Owner; per the terms and conditions of NED S-R-2020-9, NED SHIP Housing Repair for 7801 Amberidge Road, for $31,710; and

B. Authorize the issuance of a Purchase Order.

[Funding: Fund 120/2018 SHIP, Cost Center 370205 or 2019 SHIP, Cost Center 370206-$30,000; and Fund 124/Affordable Housing, Cost Center 370290-$1710]

6. Recommendation Concerning the Contract Award for State Housing Initiatives Partnership Housing Rehabilitation Services for 4901 Kinnear Avenue - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Contract Award for State Housing Initiatives Partnership (SHIP) Housing Rehabilitation Services for 4901 Kinnear Avenue:

A. Authorize the County Administrator to sign the SHIP Housing Rehabilitation Services Program Agreement between Escambia County, Florida; David H. Griffin Enterprises, LLC, Contractor; and Paul Chattman, Owner; per the terms and conditions of NED S-R-2020-8, NED SHIP Housing Repair for 4901 Kinnear Avenue, for $32,500; and

B. Authorize the issuance of a Purchase Order.

[Funding: Fund 120/2018 SHIP, Cost Center 370205 or 2019 SHIP, Cost Center 370206-$30,000; and Fund 124/Affordable Housing, Cost Center 370290-$2500]

7. Recommendation Concerning the Agreements for Emergency Solutions Grant Program with Catholic Charities of Northwest Florida, Inc., and Opening Doors Northwest Florida, Inc. - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Agreements for Emergency Solutions Grant (ESG) Program:

A. Approve the Agreement for the Emergency Solutions Grant Program with Catholic Charities of Northwest Florida, Inc., subject to Legal review and sign-off, providing ESG support, in the amount of $32,660, for homeless prevention and rapid rehousing financial assistance and case management services to ESG eligible clients in Escambia County;

B. Approve the Agreement for the Emergency Solutions Grant Program with Opening Doors Northwest Florida, Inc., subject to Legal review and sign-off, providing ESG support, in the amount of $32,661, for homeless prevention and rapid rehousing financial assistance and case management services to ESG eligible clients in Escambia County; and

C. Authorize the Chairman or Vice Chairman to execute the Agreements and all related forms or documents as may be required to fully implement the Agreements.

[Funding: Fund 110, Other Grants & Projects Fund, HUD Emergency Solutions Grant, Cost Center 370293]

8. Recommendation Concerning the Escambia County Summer Youth Employment Program - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action:

A. Approve the program implementation for the Escambia County Summer Youth Employment Program 2020 Cycle, based on 100 participants; and

B. Authorize the County Administrator to sign the Purchase Order to Blue Arbor, Inc., in the amount of $250,000, and any other related documents necessary to implement the Escambia County Summer Youth Employment Program.

[Funding Source: Fund 353, LOST IV, Cost Center 110277, Project #19ED0399]

9. Recommendation Concerning the Federal Fiscal Year 2019 Edward Byrne Memorial Justice Assistance Grant Program - JAG Countywide Solicitation - Cathy White, Director of Case Management, Court Administration

That the Board take the following actions concerning the Federal Fiscal Year 2019 Edward Byrne Memorial Justice Assistance Grant Program – JAG Countywide Solicitation:

A. Ratify the Chairman's signature on the Certificate of Participation; and

B. Approve and authorize the Chairman to sign the 51% letter of support for the distribution of grant funding.

[The funds are made available through the Federal Fiscal Year 2019 Edward Byrne Memorial Justice Assistance Grant Program - JAG Countywide Solicitation for the period beginning October 1, 2019, and terminating September 30, 2021. There is no cost to the County.]

10. Recommendation Concerning the Issuance of a Fiscal Year 2019/2020 Purchase Order, in Excess of $25,000, for the Public Safety Department - John Dosh, Interim Public Safety Department Director

That the Board, for Fiscal Year 2019/2020, approve the issuance of an individual Purchase Order, in excess of $25,000, based upon quotes obtained via Vendor Registry, for the Public Safety Department, as follows:

13. Recommendation Concerning Approval to Issue a Fiscal Year 2019/2020 Purchase Order, in Excess of $25,000, for the Facilities Management Department - Cassie C. Boatwright, Facilities Management Department Director

That the Board, for Fiscal Year 2019/2020, approve the issuance of blanket and/or individual Purchase Orders, in excess of $25,000, for the Facilities Management Department as follows:

	Vendor/Contractor	Amount	Contract Number
	Rogers Electrical Contractors, Inc. Vendor Number 422171	$26,575	N/A Request for Quotations via Vendor Registry

[Funding: Fund 001, General Fund, Cost Center 310204, Facilities Priority One]

14. Recommendation Concerning the Agreement with the City of Pensacola for Interruptible Natural Gas Service - Cassie C. Boatwright, Facilities Management Department Director

That the Board take the following action concerning the Agreement with the City of Pensacola d/b/a Pensacola Energy and Escambia County for Interruptible Natural Gas Service:

A. Approve the Agreement with the City of Pensacola d/b/a Pensacola Energy and Escambia County for Interruptible Natural Gas Service for: 2935 North "L" Street, 1700 West Leonard Street, 357 South Baylen Street, and 201 South Palafox Street, establishing service, subject to the current City Rate Schedule GAF (Almost Firm Service, Ordinance No. 21-19); and

B. Authorize the Chairman or Vice Chairman to execute all documents relating to the Agreement, as required.

[Funding: Fund 001, General Fund, Cost Center 310207, Object Code 54301]

15. Recommendation Concerning the Annual Hardware and Software Maintenance Support Renewal for Cyber Security Firewalls - Bart Siders, Information Technology Department Director, through Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board take the following action:

A. Approve the Agreement for Support and Maintenance Services with PC Specialists, Inc. D/B/A Technology Integration Group, for Cyber Security Firewalls in the amount of $44,302.66; and

B. Authorize the Department, in conjunction with the Office of Purchasing, to issue a Purchase Order as required and use the pricing obtained through the competitively bid NASPO Contract AR2472.

[Funding: Fund 001, General Fund, Cost Center 270102, Object Code 54601]

16. Recommendation Concerning the issuance of a Change Order to Blue Arbor, Inc. - Bart Siders, Information Technology Department Director

That the Board approve a Change Order to Blue Arbor, Inc., in the amount of $35,000, to cover temporary staffing assistance for the Information Technology Department, per PD 17-18.055, Agreement for Temporary Labor Services.

Vendor/Contractor	Amount	Contract Number
Blue Arbor Temporary Staffing Services Vendor # 023818 Cost Center 270102/53401	$35,000	Contract PD 17-18.055 Original Board Approval 08/02/18. Board Approval for 1st Extension 08/15/19 (Contract goes through 08-15/20

[Funding: Fund 001, General Fund, Cost Center 270102, Object Code 53401, Other Contractual Services]

17. Recommendation Concerning the Issuance of a Blanket Purchase Order with Dell Marketing LP in the amount of $95,000 - Bart Siders, Information Technology Department Director, through Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board take the following action:

A. Authorize the County to utilize the State of Florida, Department of Management Services, Contract Number 43211500-WSCA-15-ACS, in accordance with Escambia County, Florida, Code of Ordinances, Chapter 46, Article II, Section 46-44, Application; Exemptions; and Section 46-64, Board Approval; and

B. Authorize the issuance of a Blanket Purchase Order, in conjunction with the Office of Purchasing for the purchase of new personal computers and other hardware to replace existing equipment for the Information Technology Department of Escambia County, Florida, to Dell Marketing LP in the sum of $95,000.00, according to the specifications outlined in Contract # 43211500-WSCA-15-ACS.

Vendor/Contractor	Amount	Contract Number
Dell Computing Company Replacement of Equipment using Standard Hardware Catalog Vendor # 040517 Cost Center: 270102/55201	$95,000	Contract # 43211500-WSCA-15-ACS Effective April 1, 2020, and is renewed through July 31, 2021

The IT Department will use this Blanket Order to replace as many of the 8 to 10 year old PC devices as they can. All orders will be placed using our standard hardware catalog.

Escambia County BOCC Standard Hardware Catalog:

Description		New Quote
Dell 3070 Mini Std Desktop	I5, 8GB Ram, SSD, 3yr Basic	$ 671.80
Dell 3630 CAD Desktop	I5, 16GB Ram, SSD, 3yr Basic	$ 919.99
Dell 5820 Adv. Workstation	I5, 32GB Ram, SSD, 3yr Basic	$1,420.31
Dell 3390 13” 2 in 1 Tablet	I5, 8GB Ram, SSD, 3yr PS+	$ 905.22

18. Recommendation Concerning a Change Order to Blue Arbor, Inc. - Tim Tolbert, Department Director/Building Official, Building Services Department

That the Board approve, and authorize the County Administrator to execute, Change Order #200188-1, to Blue Arbor, Inc., adding funds for Contractual Services:

Department:	Building Services Department
Division:	Building Inspections
Type:	Addition
Amount:	$24,000
Vendor:	Blue Arbor, Inc.
Contract:	PD 17-18.055
Purchase Order #	200188
Change Order #	1
Original Amount	$22,500
Change Order #1	$24,000
New PO:	$46,500

[Funding Source: Building Inspections Fund, Fund 406, Cost Center 250111, Object Code 53401]

19. Recommendation Concerning Supplemental Budget Amendment #091 - Stephan Hall, Budget Manager, Management & Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #091, Library Fund (113), in the amount of $30,000, to recognize the donation from the Friends of the West Florida Public Library, and to appropriate these funds into the Friends Library Donations Cost Center to be used to support and promote the Escambia County Library.

20. Recommendation Concerning Supplemental Budget Amendment #092, Joy Jones, P.E., Engineering Department Director - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #092, Local Option Sales Tax III (Fund 352), in the amount of $43,009, to recognize proceeds from Escambia County Utilities Authority (ECUA) for reimbursement for the Interlocal Cost Sharing Agreement for Carver Area Water Main Utility Relocation project in conjunction with Carver Area Drainage improvement work, and to appropriate these funds back into the LOST III project budget.

Escambia County and ECUA entered a 50/50 cost sharing Agreement to share the cost of relocating utilities as part of the Carver Area Water Main Utility Relocation project. This work was in conjunction with the Carver Area Drainage Improvement project. Total cost of the utilities relocation was $86,019.68, and ECUA's contribution is $43,009. These funds have been received and need to be transferred back into the project's budget.

21. Recommendation Concerning Supplemental Budget Amendment #093, Joy Jones, P.E., Engineering Department Director - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #093, Local Option Sales Tax III (Fund 352), in the amount of $22,570, to recognize a reimbursement from CSX Transportation (CSXT) of funds paid for the Ten Mile Roadway signal crossing improvements project, and to appropriate these funds back into the LOST III project budget.

Escambia County and CSX Transportation entered into a Preliminary Engineering Agreement in Fiscal Year 2013, in which Escambia County agreed to pay for signal crossing improvements on Ten Mile Road in conjunction with a drainage improvement project. Escambia County paid a deposit to CSXT, in the amount of $35,640, but actual costs were less, resulting in a reimbursement due of $22,570. These funds have been received and need to be transferred back into the project's budget.

22. Recommendation Concerning Supplemental Budget Amendment #094, EMS County Award Grant Appropriation, John Dosh, Interim Public Safety Department Director - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #094, Other Grants and Projects Fund (110), in the amount of $33,504, to recognize proceeds from the Florida Department of Health, and to appropriate these funds for the improvement and expansion of pre-hospital Emergency Medical Services (EMS) in Escambia County. Funds will be used to purchase two Lund University Cardiopulmonary Assist System (LUCAS) devices, which are portable chest compression devices.

23. Recommendation Concerning Supplemental Budget Amendment #100 - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #100, General Fund (001) and Other Grants and Projects Fund (110), in the amount of $63,671, to recognize Grant proceeds from the Florida Department of State - Division of Elections in the amount of $55,366, and to appropriate these funds to be used solely for activities related to Federal Elections. A 15% match or $8,305, is required by the State, and matching funds will come from the Adopted Fiscal Year 2019/2020 Supervisor of Elections Budget to cover this requirement.

24. Recommendation Concerning Supplemental Budget Amendment #105, Proceeds from the Sale of Easements, J. Taylor "Chips" Kirschenfeld, Director, Department of Natural Resources Management - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #105, Other Grants and Projects Fund (110), in the amount of $305,865, to recognize proceeds from the United States Navy from the sale of easements for encroachment protection.

On September 22, 2016, the Board of County Commissioners entered into a Multi-Year Encroachment Protection Agreement for Naval Air Station (NAS) Pensacola with the Department of the Navy. The purpose of the Agreement was to provide assistance with the acquisition of real property to prevent encroachment and limit incompatible development in the vicinity of NAS Pensacola. These funds are to be leveraged for future defense infrastructure Grants (DIG) which require matching funds.

25. Recommendation Concerning Supplemental Budget Amendment #108, William Powell, Corrections Director - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #108, Detention/Jail Commissary Fund (111), and the Transportation Trust Fund (175) (Road Prison Commissary), in the amount of $299,326, to recognize a transfer of funds from the Road Prison Commissary to the Detention/Jail Commissary, and to appropriate this transfer of funds consolidating the two commissaries into a single commissary going forward. This action will increase the efficiencies with commissary funding and provide better service to the inmates.

26. Recommendation Concerning Supplemental Budget Amendment #111, Sheriff's Department, Henrique Dias, Chief Financial Officer - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #111, General Fund (001), in the amount of $19,176, to recognize the Sheriffs off-duty officer, public records, auto repairs, miscellaneous reimbursements/fees, and investigative costs, and to appropriate these funds back into the Sheriffs Administrative Budget, to offset operational expenses associated with providing law enforcement services in Escambia County.

27. Recommendation Concerning Supplemental Budget Amendment #114, Coronavirus Aid, Relief, and Economic Security Act Funding, Clara Long, Interim Neighborhood and Human Services Department Director - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #114, Community Development Block Grant (CDBG) (129), and the General Fund (001), in the amount of $894,881, to recognize the CDBG-CV allocation provided by the U.S. Department of Housing and Urban Development (HUD), under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, and to appropriate these funds to support community development activities that prevent, prepare, and respond to the COVID-19 virus. CDBG funds must be utilized for activities that target low and moderate-income households.

28. Recommendation Concerning Supplemental Budget Amendment #121, Sheriff's Department, Henrique Dias, Chief Finance Officer - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #121, Law Enforcement Trust Fund (121), in the amount of $39,793, to recognize additional revenues from various law enforcement activities, and to appropriate these funds into the Sheriff's Law Enforcement Trust (LET) Fund Budget, pursuant to Florida Statute 932.7055, to pay vouchers submitted for payment to various outside agencies and related Law Enforcement activities for the remainder of the Fiscal Year 2019/2020.

29. Recommendation Concerning Tax Deed Application for Property Having County-Held Tax Certificates Set to Expire June 1, 2020 - Stephan Hall, Budget Manager

That the Board approve the Application for Tax Deed List for 13 properties having County-held Tax Certificates set to expire on June 1, 2020 (See provided list). The Tax Deed Application fee is $742 per parcel. The County must deposit fees with the Tax Collector, in the amount of $275 per parcel, and with the Clerk of the Circuit Court, in the amount of $467 per parcel. The total cost for these Tax Deed Applications is $9,646. The parcels that are the subject of this Recommendation are provided as backup. None of the parcels are homesteaded.

Tax Certificates are sold annually, through an online Tax Certificate sale, for delinquent real estate taxes. If taxes remain unpaid, the Certificate holder may file a Tax Deed Application with the Tax Collector's Office two years after the date of delinquency. If not redeemed, the property may be sold at a public auction conducted by the Clerk of the Circuit Court. Florida Statute 197.502(3) provides that the County in which the property described in the Certificate is located shall apply for a tax deed on all County-held Certificates on property valued at $5,000 or more on the Property Appraiser's most recent assessment roll, and may apply for tax deeds on Certificates on property valued at less than $5,000 on the Property Appraiser's most recent assessment roll. There are three of the subject properties valued at $5,000 or above, and the remainder are valued below $5,000. The County has held a Tax Certificate on each of these parcels for almost seven years, and the Certificates are set to expire on June 1, 2020. This is the County's last chance to attempt to collect on these delinquent taxes.

[Funding Source: Fund 001, General Fund, Cost Center 110201]

30. Recommendation Concerning the Purchase of Ten Tri-Axle Dump Trucks - Wes Moreno, Public Works Department Director

That the Board approve and authorize the County Administrator to sign a purchase order for the purchase of 10 Mack GR64F Dump Trucks equipped with 16'/21 yard Logan Elliptical tub style bodies from Gulf Coast Truck & Equipment, at a price of $158,316 each/$1,583,160 for 10.

31. Recommendation Concerning the Reallocation of Capital Improvement Program Funds for Perdido Key Multi-Use Trail - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning the Reallocation of Capital Improvement Program Funds for Perdido Key Multi-Use Trail:

A. Approve the reallocation of project savings from the Perdido Key Pedestrian Crossings Project to fund the final engineering design phase of the west segment of Perdido Key Multi-Use Trail, in the amount of $28,383.99; and

B. Approve the issuance of a Purchase Order to American Consulting Professionals, LLC, on Contract PD 02-03.79, Professional Services, in the amount of $28,383.99, to complete the 100% (Final) Engineering Design Scope.

[Funding Source: Fund 353, Local Option Sales Tax (LOST) IV, Account 110102, Commission District 2 Discretionary Funds]

32. Recommendation Concerning the US Department of Transportation - Better Utilizing Investments to Leverage Development Grant Applications for Escambia County, Florida - Joy Jones, P.E, Engineering Department Director

That the Board take the following action regarding the proposed US Department of Transportation - Better Utilizing Investments to Leverage Development (BUILD) Grant Applications:

A. Approve three projects from the seven projects listed below (one from each category), for submittal to US Department of Transportation BUILD Grant program (a maximum of three projects can be submitted). Based on staff's interpretation of application criteria and local need, the highest-ranking project for each are shown in **Bold**.

URBAN

1. **Kingsfield Road Extension** (District 5) - Project Cost $13,000,000, 20% local share, $2,600,000 is available in Fund 352, LOST III, Cost Center 210107, Project #11EN1405

2. Jackson Street Complete Streets Improvements (Districts 2 & 3): Project Cost $6,040,000, 20% local share, $1,208,000 is available in Fund 353, LOST IV, Cost Center and Project Number TBD

3. Pensacola Beach Traffic and Parking (District 4), Project Cost $8,000,000, 20% local share, $1,600,000 is available in Fund 353, LOST IV, Cost Center 210106, Project #18EN0224

4. Longleaf Drive Multi-Modal Improvements (District 1): Project Cost $16,300,000, 20% local share, $3,260,000 is available in Fund 352, LOST III, Cost Center 210107, Project #08EN0078

RURAL

5. **Quintette Road Bridges Rehabilitation** - (District 5) Project Cost $6,700,000. There is no local match required.

PLANNING

6. **Transportation Implementation Plan** (All Districts), Project Cost $650,000, 20% local share is $130,000, funding source TBD; and

7. County Road (CR) 4 Commercial Corridor Plan (District 5) - Project Cost $500,000, no local match required

B. Authorize staff to prepare and submit three BUILD Grant Applications;

C. Authorize the Chairman or Vice Chairman to sign the BUILD Grant Applications, the Resolution, and any subsequent documents needed for proper submission once the Applications are completed, subject to legal review and sign off; and

D. Authorize staff to request letters of support for the three selected projects

(subject to County Administrator approval).

33. Recommendation Concerning a Change Order to Rebol Battle & Associates on Contract PD 02-03.79, for Design Services for County Road 97 and County Road 297A Intersection and Drainage Improvement Project - Joy Jones, P.E., Engineering Department Director

That the Board approve and authorize the County Administrator to execute the following Change Order to Rebol Battle & Associates, in the amount of $59,215.00, on Contract PD 02-03.79, Design Services for County Road (CR) 97 and County Road (CR) 297A Intersection and Drainage Improvement Project:

Department:	Engineering
Division:	Construction Management
Type:	Addition
Amount:	$59,215.00
Vendor:	Rebol Battle & Associates
Project Name:	CR 97 and CR 297A Intersection and Drainage Improvement Project
Contract:	PD 02-03.79
PO#:	181417
CO#:	1
Original Contract Amount:	$49,977.90
Cumulative Amount of Change Orders Through this CO:	$59,215.00
New Contract Amount:	$109,192.90

[Funding Source: Local Option Sales Tax (LOST) III, Fund 352, Cost Center 210107, Object Code 56301, Project 14EN3135]

This project is located in Commission District 5.

34. Recommendation Concerning Change Order #4 to SPX Genfare for the Mass Transit Department's Fare Box Repairs - Tonya Ellis, Mass Transit Department Director

That the Board approve and authorize the County Administrator to execute Change Order #4 to SPX Genfare, adding funds for the repair and maintenance of fare boxes.

Department:	Mass Transit
Division:	Maintenance
Type:	Addition
Amount:	$16,000
Vendor:	SPX Genfare
Project Name:	N/A
Contract:	Proprietary Parts
Purchase Order #:	201017
Original Award Amount:	$4,000
Change Order # 1	$4,000
Change Order # 2	$4,000
Change Order # 3	$7,000
Change Order # 4 (this request)	$16,000
Total:	$35,000

Due to the age of the fare boxes used on the Fixed Route the repair cost is increasing. Repairs are essential to fare and ridership information collection.

[Funding: Funds are available in Fund 104, Mass Transit, Cost Center 320407, Fleet Maintenance]

35. Recommendation Concerning Economic Development Incentive Fund Payment to Navy Federal Credit Union Greater Pensacola Operations - Janice P. Gilley, County Administrator

That the Board approve payment to Navy Federal Credit Union Greater Pensacola Operations, in the amount of $1,000,000, for Economic Development Incentives as set out in the Economic Development Incentive Fund Program Agreement between Escambia County and Navy Federal Credit Union.

36. Recommendation Concerning the Acceptance of the Coronavirus Aid, Relief, and Economic Security Act Provider Relief Funds of $395,998.12 - Janice P. Gilley, County Administrator

That the Board take the following action concerning the Coronavirus Aid, Relief, and Economic Security (CARES) Act Provider Relief Funds of $395,998.12:

A. Authorize the acceptance of the $395,998.12 CARES Act Provider Relief funds that Escambia County received on April 17, 2020, through ACH from United Health Group; and

B. Authorize the County Administrator to sign an attestation confirming receipt of funds and agree to the Terms and Conditions of Payment.

37. Recommendation Concerning the Funding for William Banks Enterprise, Inc., 2020 Gulf Coast Summerfest Jazz Edition Fireworks Display - Commissioner Jeff Bergosh, District 1

That the Board approve the funding of $1,500 to William Banks Enterprise, Inc., 2020 Gulf Coast Summerfest Jazz Edition Fireworks Display, from Commissioner Jeff Bergosh's discretionary money.

[Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

38. Recommendation Concerning the Award of a Purchase Order for Three Nissan Pathfinders or Approved Equivalent for Code Enforcement - Chips Kirschenfeld, Department Director, Natural Resources Management, and Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board award and authorize the County Administrator to sign a Purchase Order, in excess of $25,000, for three 2020 Nissan Pathfinder 4WD S (Model 25010) to FL Auto, LLC d/b/a Beck Ford Lincoln, in the amount of $26,061 per vehicle, for a total amount of $78,183, per the terms and conditions of PD 19-20.046, Three Nissan Pathfinders or Approved Equivalent for Code Enforcement.

Vendor/Contractor	Funding	Amount	Contract Number
FL Auto, LLC d/b/a Beck Ford Lincoln	Fund 103, Code Enforcement Fund; Cost Center 220110, Environmental Code Enforcement; Object Code 56401, Machinery & Equipment	$78,183	PD 19-20.046

Specification PD 19-20.046, Three Nissan Pathfinders or Approved Equivalent for Code Enforcement was posted to Vendor Registry on March 12, 2020, and was issued to 46 individuals representing 29 firms. The solicitation was viewed by 18 firms and downloaded by 12.

NON-ADA-COMPLIANT DOCUMENTS TO BE DISTRUBUTED UNDER SEPARATE COVER:

- Bid Response from FL Auto, LLC d/b/a Beck Ford Lincoln
- Recommendation to Award Determination Checklist

39. Recommendation Concerning Award of a Purchase Order for the Casino Beach Artificial Reef Construction Project for the Natural Resources Management Department - Tim Day, Branch Director, Natural Resources Management, and Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve and authorize the County Administrator to sign a Purchase Order, in excess of $50,000, for the construction and installation of Artificial Reefs at Casino Beach to David Walter d/b/a Walter Marine, in the amount of $59,500, per the terms and conditions of PD 19-20.020, Casino Beach Artificial Reef Construction Project.

The scope is to deploy 17 reef modules with three eco-disks per module. The department will request installation/deployment according to the bathymetry within the permitted area at the time of deployment and may have to modify the number of eco-disks per module, but not the total number of modules or eco-discs deployed.

Vendor/Contractor	Funding	Amount	Contract Number
David Walter d/b/a Walter Marine	Funding: Fund 110, Other Grants and Projects Cost Center 220813, FWC Artificial Reef Grant Object Code 56301, Improvements Other Than Buildings	$59,500	PD 19-20.020

The full amount of $59,500 is funded by the Florida Fish and Wildlife Conservation Commission (FWC). No Escambia County monies or cash matching funds are required by the Grant Agreement (FWC 19041) for the construction of Casino Beach Snorkeling reef. Construction must be completed by August 1, 2020.

Specification PD 19-20.020, Casino Beach Artificial Reef Construction Project, was posted to Vendor Registry on February 14, 2020, and issued to 56 registrants, representing 43 firms. The solicitation was viewed by 35 firms and downloaded by 27 firms.

NON-ADA-COMPLIANT DOCUMENTS TO BE DISTRIBUTED UNDER SEPARATE COVER:

- Bid Response from David Walter d/b/a Walter Marine

40. Recommendation Concerning the First of Two Possible Renewals for Collection and Disposal Services for Household Hazardous Waste - Pat Johnson, Waste Services Department Director, and Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve the first of two possible one-year renewals, retroactive to February 7, 2020, between Escambia County, Florida and Perma-Fix of Florida, Inc., per the terms and conditions of PD 18-19.010, Collection and Disposal of Household Hazardous Waste, providing for the collection and disposal of hazardous waste materials from County households, on an as-needed basis, authorizing an annual amount of $200,000.

Vendor/Contractor	Funding	Amount	Contract Number
Perma-Fix of Florida, Inc.	Fund 401, Solid Waste Fund; Cost Center 230306, Recycling; Object Code 53401, Other Contractual Services	$200,000	PD 18-19.010

41. Recommendation Concerning Exercising the Second of Two Possible One-Year Renewal Periods Related to PD 16-17.087, Gasoline and Diesel Fuel - James Higdon, Division Manager, Public Works, and Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve the utilization of the second of two possible one-year renewal periods provided for under Section 2 of the Agreement for PD 16-17.087, Gasoline and Diesel Fuel, with Cougar Oil, Inc., retroactive to October 1, 2019.

Vendor/Contractor	Funding	Amount	Contract Number
Cougar Oil, Inc.	Fund 175, Transportation Fund; Cost Center 210407, Fuel Distribution; Object Code 55201, Operating Supplies	$6,500,000	PD 16-17.087

50. Recommendation Concerning Professional Services as Governed by Florida Statute 287.055 - Paul Nobles, Office of Purchasing, Purchasing Manager

That the Board take the following action concerning PD 02-03.79, Professional Services as Governed by Florida Statute 287.055:

A. Award and Authorize the County Administrator to sign Task Order Based Continuing Contract to L&W Engineering, Inc., d/b/a Inovia Consulting Group, civil engineering, based on the "Current Averages for Audited Overhead, Expense and Facilities Capital Cost of Money (FCCM) Rates" as provided in the current Florida Department of Transportation (FDOT) Negotiation Handbook Guidelines for Professional Services Contracts; and

B. Authorize the Department(s), in conjunction with the Office of Purchasing, to negotiate Task Orders, according to Florida Statute 287.055, "Consultants Competitive Negotiation Act" (A&E Services) on a project-by-project basis.

[Funding: Funds to be budgeted for on an annual and project basis]

51. Recommendation Concerning a Bureau of Justice Assistance Application for the Coronavirus Emergency Supplemental Funding Program Solicitation Fiscal Year 2020 Formula Grant Solicitation - William R. Powell, Director of Corrections

That the Board take the following action concerning the Application to provide funding to assist eligible local units of government in preventing, preparing for, and responding to the coronavirus, as related to related law enforcement and corrections programs, in the amount of $370,107:

A. Approve the Bureau of Justice Assistance Application for the Coronavirus Emergency Supplemental Funding (CESF) Program Solicitation Fiscal Year 2020 Formula Grant Solicitation. This Application is for a two-year Grant period beginning January 20, 2020, totaling $370,107;

B. Authorize the Chairman to electronically sign the Application for funding assistance, the standard assurances, certifications regarding lobbying, debarment and drug-free workplace requirements regarding the local coronavirus response project, and sign the Financial Management and System of Internal Controls Questionnaire; and

C. Authorize the Chairman to electronically submit the Application on behalf of the Board through the Bureau of Justice Assistance Grant portal.

[Funding: This Grant does not require matching funds, Fund 001, Cost Center 290401 and Fund 001, Cost Center 290402]

52. Recommendation Concerning the Database Preparation for the Upgrade of the Current Software System for the Electronic Health Record - William R. Powell, Director of Corrections

That the Board approve and authorize the issuance of a Purchase Order totaling $59,360 for CorrecTek database preparation for the Spark Transition for the software upgrade to the current electronic health record software, per the quote provided.

III. For Discussion

1. Recommendation Concerning State Law Enforcement Trust Fund - Henrique Dias, Chief Financial Officer, Escambia County Sheriff's Office Finance Division

   That the Board approve the following allocations of Law Enforcement Trust (LET) Funds, per the requirements of F.S. 932.7055(5), for Outside Agency partners in Escambia County for Fiscal Year 2019/2020:

   A. Gulf Coast Council, Boy Scouts of America, in the amount of $7,500; and

   B. The Her Foundation in the amount of $1,000.

   Upon approval of these funding allocations, the Sheriff's Office will process all appropriate paperwork and submit for payment from LET Funds to the Escambia Clerk of the Circuit Court and Comptroller.

   [Funding Source: Fund 121, Law Enforcement Trust Fund, Cost Center 540103, Aids to Private Organizations 58201]

2. Recommendation Concerning the Acquisition of Real Property Located at 164 Diego Circle for the Erress Boulevard and Diego Circle Blight Reduction Project - Clara Long, Interim Neighborhood & Human Services Department Director

   That the Board either approve, by super majority vote, or deny the following action:

   A. Authorize the purchase of real property located at 164 Diego Circle, from Allen L. Janssen, for the Erress Boulevard and Diego Circle Blight Reduction Project, in the amount of $25,000 (County's appraised value is $19,000);

   B. Approve the Contract for Sale and Purchase for the acquisition of real property located at 164 Diego Circle (.0560 acres); and

   C. Authorize the County Attorney's office to prepare, and the Chairman or Vice Chairman to execute, subject to Legal Review and sign-off, any documents necessary to complete the acquisition of this property without further action of the Board.

   This parcel is located in Commission District 3.

   [Funding: Fund 129/2017 CDBG, Cost Center 370231]

3. Recommendation Concerning an Appointment to the Tourist Development Council - Janice P. Gilley, County Administrator

That the Board appoint one of the following to the Tourist Development Council (TDC), for a four-year term, effective April 14, 2020, through April 13, 2024, to serve as a "Hotel/Motel Industry" appointee:

A. Ajit Patel;

B. Juston Takacs;

C. Mitesh Patel; or

D. Jason Nicholson.

A General Alert was posted on the County's website from March 5, 2020, through March 20, 2020, to seek residents interested in volunteering to be considered for an appointment as a "Hotel/Motel Industry" appointee on the TDC. Resumes were received from Ajit Patel, Juston Takacs, Mitesh Patel, and Jason Nicholson.

4. Recommendation Concerning Appointments to the West Florida Public Library Board of Governance - Todd Humble, Library Services Director

That the Board take the following action:

Consider the appointment of two of the following to the West Florida Public Library Board of Governance, for a two-year term, effective March 1, 2020, to February 28, 2022:

1. Dr. Laura P. Bryant;

2. Grace Buenavista;

3. Diane Davis; or

4. Catherin Storey

to the West Florida Public Libraries Board of Governance, for a two-year term, effective March 1, 2020 to February 28, 2022.

5. Recommendation Concerning Future Development of Quintette Road - Commissioner Steven Barry, District 5

That the Board discuss the future development of Quintette Road.

6. Recommendation Concerning the Innerarity Island Association (IIA) Homeowners Resolution and Municipal Services Benefit Unit (MSBU) - Joy Jones, P.E., Engineering Department Director

That the Board discuss the Innerarity Island Association (IIA) Homeowners Resolution and Municipal Service Benefit Unit (MSBU), in which the Homeowners Association is requesting that Escambia County take the following action:

A. Direct staff to request additional Grants from the Department of Environmental Protection (DEP), and to seek other grant opportunities, such as Restore/Triumph funds, to assist IIA residents in mitigating costs of the sewer MSBU project;

B. Procure the services of a Real Estate Broker to prepare a market analysis of the County properties, propose new pricing to the IIA Board, and list the surplus lots for sale; and

C. Apply any Grant or property revenues to the IIA Sewer System MSBU prior to the final assessment calculation.

This project is located in Commission District 2.

COUNTY ATTORNEY'S REPORT

I. For Action

1. Recommendation Concerning Settlement of FDOH Administrative Complaint.

   That the Board approve the settlement agreement proposed by the Florida Department of Health and authorize the County Administrator to execute the agreement on behalf of Escambia County Public Safety Department.

2. Recommendation Concerning Approval of the Settlement and Release of Claims for the Terry Dennis Rigby Inventory Dispute.

   That the Board take the following actions:

   A. Approve the settlement reached for the sum of $10,000.00 to be paid to Terry Dennis Rigby's surviving spouse, Sherri Rigby, in exchange for the execution of a Release of Claims; and

   B. Approve the Release of Claims entered into by Sherri Rigby.

3. Recommendation Concerning Approval of Proposed Settlement of Workers' Compensation Claims Brought by Ray Boutwell.

   That the Board approve a proposed settlement in the sum of $70,000.00 payable to Ray Boutwell in exchange for a complete resolutions of all claims to benefits to which Mr. Boutwell would be entitled under the Florida Workers' Compensation Act. The settlement sum would be reimbursed by the excess carrier.

4. Recommendation Concerning Authorizing the Rescheduling of a Public Hearing to Consider an Ordinance Creating Volume 1, Chapter 94, Article 1, Section 94-9 relating to Micromobility Devices and Motorized Scooters on Pensacola Beach.

   That the Board authorize the rescheduling of a public hearing from Thursday, June 4, 2020, to Thursday, August 6, 2020, at 5:31 p.m. to consider an Ordinance creating Volume 1, Chapter 94, Article 1, Section 94-9 relating to Micromobility Devices and Motorized Scooters on Pensacola Beach.

II. For Discussion

1. Recommendation Concerning Escambia County State of Local Emergency, Letters, Grants, Contracts and Agreements.

   That the Board discuss and consider the following actions:

   A. Ratification of Escambia County State of Local Emergency Resolution R2020-36, R2020-37, R2020-38 and R2020-39; and

   B. Ratification of Letters to Senators and Representative regarding Naval Hospital Pensacola; and

   C. Ratification of Small Business COVID-19 Recovery Grant; and

   D. Ratification of Memorandum of Understanding for Sterilization Services; and

   E. Ratification of Memorandum of Understanding for manufacturing Face Shields; and

   F. Extension of Escambia County State of Local Emergency.

2. Recommendation Concerning TDT Late Penalty and Interest Amnesty Resolution.

   That the Board approve the attached resolution granting amnesty from payment of late penalty and interest associated with delinquent Tourist Development Tax returns due on April 20, 2020 (for March 2020 tax collections). This amnesty period shall run from April 20, 2020 until April 30, 2020.

3. Recommendation Concerning Extension of Escambia County Emergency Order Related to Tolling Permits.

   That the Board discuss extending the Escambia County Emergency Order related to tolling permits.

13. Items added to the agenda.

14. Announcements.

15. Adjournment.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17652 **Proclamations 6.**
BCC Regular Meeting
Meeting Date: 05/07/2020
Issue: Adoption/Ratification of Proclamations
From: Janice Gilley, County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:

Proclamations.

Recommendation: That the Board take the following action:

A. Adopt the Proclamation commending and congratulating Cooper Saunders, an Engineering Program Manager in the Engineering Department, on his selection as the "Employee of the Month" for April 2020;

B. Adopt the Proclamation commending and congratulating David Heroux, a Videographer in the Communications and Public Information Department, on his selection as the "Employee of the Month" for May 2020; and

C. Ratify the Proclamation dated March 27, 2020, commending and honoring the life of Veronica Fountain, and extending heartfelt condolences and well wishes to her family and friends.

BACKGROUND:

On March 21, 2013, the Board approved the "Employee of the Month and Employee of the Year Awards Program." Each Department will submit one employee to be nominated as the "Employee of the Month." The County Administrator will then select one employee from the nominations. The employee who is selected will receive a check in the amount of $250, a Proclamation, and a plaque that will hang in the lobby of the Ernie Lee Magaha Government Building for that month.

Various departments, outside agencies, special interest groups, civic and religious organizations in recognition of specific events, occasions, people, etc., request Proclamations.

Information provided on the Proclamation is furnished by the requesting party and placed in the proper acceptable format for BCC approval by the County Administration staff.

Board approval is required by Board Policy Section I, A (6).

BUDGETARY IMPACT:

The Employee of the Month Award Program will cost $250 per month; the Employee of the Year Award Program will cost $500 per year. Funding is available through Fund 001, General Fund, Cost Center 150101, Object code 55201.

PROCLAMATION

***WHEREAS**, Escambia County has established an "Employee of the Month Program" to recognize one employee to represent the various departments; and*

***WHEREAS**, Cooper Saunders, an Engineering Program Manager in the Engineering Department, is selected for "Employee of the Month" for April 2020, for the standards of excellence that he has displayed in the performance of his duties; and*

***WHEREAS**, Cooper began his employment with the County in 1999, and provides excellent service to the citizens of Escambia County through all of his assigned duties; and*

***WHEREAS**, Cooper was assigned to duties in support of the Emergency Operations Center's (EOC) Logistics Section response to COVID-19. He was tasked to manage and distribute critically low emergency personal protective equipment (PPE) to the many health care facilities in Escambia County; and*

***WHEREAS**, Cooper filled this role as Escambia County's Staging Area Manager without hesitation and performed this task with a professional and positive attitude. This task was in a warehouse setting which had very limited comforting accommodations, but Cooper performed without complaint, and with such precision and dedication to detail, it was noticed by many working within the EOC; and*

***WHEREAS**, this position required many hours of dedication and attention to detail in managing the intake and redistribution of PPE products to the multiple healthcare facilities in need, and Cooper never faltered; and*

***WHEREAS**, it is this work ethic and positive attitude that should be recognized, as personnel work extremely hard to make a difference in the lives of the people they choose to serve.*

***NOW, THEREFORE, BE IT PROCLAIMED**, that the Board of County Commissioners of Escambia County, Florida, commends and congratulates Cooper Saunders on his selection as the "Employee of the Month" for April 2020.*

***WHEREAS**, David Heroux, a Videographer in the Communications and Public Information Department, is selected for "Employee of the Month" for May 2020, for the standards of excellence that he has displayed in the performance of his duties; and*

***WHEREAS**, David began his employment with the County on May 24, 2016, and provides excellent service to the citizens of Escambia County through all of his assigned duties; and*

***WHEREAS**, with the COVID-19 pandemic, David has been very flexible in setting up the podium and audio-visual equipment for multiple last-minute news conferences at various locations throughout the County. This includes lifting, moving, and transporting equipment to sites he hadn't seen to plan ahead; and*

***WHEREAS**, David has worked very long hours, including early Wednesday mornings filming Coffee with the Commissioner and May's Message. He edits quickly to get the videos on social media as soon as possible for the public; and*

***WHEREAS**, David's can-do attitude and willingness to go the extra mile in getting information out quickly and professionally, make him an asset to the citizens of Escambia County.*

***NOW, THEREFORE, BE IT PROCLAIMED**, that the Board of County Commissioners of Escambia County, Florida, commends and congratulates David Heroux on his selection as the "Employee of the Month" for May 2020.*

AI-17668 **Public Hearings 8.**
BCC Regular Meeting
Meeting Date: 05/07/2020
Issue: 5:31 p.m. Public Hearing to Adopt the Sonoma Ridge Street Lighting MSBU Ordinance
From: STEPHAN HALL, Budget Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

5:31 p.m. Public Hearing for consideration of adopting an Ordinance creating the Sonoma Ridge Street Lighting MSBU.

Recommendation: That the Board adopt and authorize the Chairman to sign the Ordinance creating the Sonoma Ridge Street Lighting Municipal Services Benefit Unit (MSBU), and all related documents, and make the following findings of fact:

A. Lots in the District are specially benefited since street lighting not only increases the market value of an individual lot, but also increases safety in the District surrounding individual lots, and the ability of lot owners to use their individual lots after dark;

B. The benefit from improved street lighting varies according to the relative size of the affected lots. Residential lots benefit from improved street lighting uniformly because of the small variation in size throughout the District;

C. The non-ad valorem special assessments levied represent a fair and reasonable apportionment of the cost of the special benefit received by each lot, and do not represent a fair share of the cost of general governmental service provided to residents in the unincorporated areas of Escambia County; and

D. Lots which do not receive a special benefit have been and shall be excluded from the non-ad valorem special assessment for street lighting.

BACKGROUND:

The owner of the Sonoma Ridge property, Breland Homes Coastal LLC, has met the criteria established by the Board of County Commissioners for an MSBU, and the Board has reaffirmed its intent to use the uniform method of collection of non-ad valorem special assessments levied for street lighting projects.

The Sonoma Ridge lighting district plan proposal:
* 73 assessable lots located in Commission District 1
* 16 lights in initial plan
* Assessments estimated to be $120.53 in Year 1 (includes a reserve), and $75.33 in subsequent years

BUDGETARY IMPACT:

The MSBU will generate revenues for the purpose of providing street lighting, as well as administrative fees and a reserve for contingencies.

LEGAL CONSIDERATIONS/SIGN-OFF:

This Ordinance has been reviewed by the County Attorney's Office and found to be legally sufficient.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Sonoma Ridge MSBU Ordinance

ORDINANCE 2020-_____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA CREATING VOLUME I, CHAPTER 70, ARTICLE III, DIVISION 72, SECTIONS 70-500.402 - 70-500.409 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES; ESTABLISHING THE SONOMA RIDGE STREET LIGHTING MUNICIPAL SERVICE BENEFIT UNIT FOR THE PURPOSE OF PROVIDING STREET LIGHTING WITHIN THE DISTRICT; PROVIDING FOR THE AUTHORITY, PURPOSE, AND SCOPE OF SAID ORDINANCE; PROVIDING FOR SHORT TITLE; PROVIDING FOR DEFINITIONS; PROVIDING FOR DISTRICTS; PROVIDING FOR GOVERNANCE; PROVIDING FOR LEGISLATIVE FINDINGS; PROVIDING FOR SPECIAL ASSESSMENT PROCEDURES; PROVIDING FOR APPEAL PROCESS; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE OF ORDINANCES OF ESCAMBIA COUNTY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Escambia County, Florida has the authority to establish a Municipal Service Benefit Unit ("MSBU") pursuant to Chapter 125, Florida Statutes; and

WHEREAS, the Board of County Commissioners has adopted administrative procedures for the establishment of such a MSBU, and the proposed Sonoma Ridge Street Lighting MSBU has met the criteria established by the Board of County Commissioners for a MSBU; and

WHEREAS, by Resolution **R2019-115**, the Board of County Commissioners reaffirmed its intent to use the uniform method of collection of non-ad valorem special assessments levied for street lighting projects; and

WHEREAS, the owners of the property contained in Sonoma Ridge have met the criteria established by the Board of County Commissioners for a MSBU, and the property owners wish to establish such a MSBU for the purpose of providing adequate street lighting; and

WHEREAS, there are an estimated 73 properties in this proposed district, and the property owner within the Sonoma Ridge Subdivision submitted a letter to the Board of County Commissioners requesting the creation of a street lighting MSBU; and

WHEREAS, this total meets the 55% minimum requirement specified in the MSBU Guidelines and Procedures adopted by the Board of County Commissioners; and

WHEREAS, the proposed MSBU will assume responsibility for all street lighting in Sonoma Ridge Subdivision.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY:

Section 1. The foregoing recitals are true and correct and incorporated herein by reference.

Section 2: Part I, Chapter 70, Article III, Division 72, Sections 70-500.402 through 70-500.409 of the Escambia County Code of Ordinances are hereby created to read as follows:

Division 72. – SONOMA RIDGE

Sec. 70-500.402. - AUTHORITY; PURPOSE; SCOPE. This Ordinance is enacted under authority of Article VII, Section 1(f) of the Constitution of the State of Florida and Chapter 125, Florida Statutes for the purpose of providing for a street lighting district in certain unincorporated areas in Escambia County, Florida as described herein, not lying within the corporate boundaries of any municipality.

Sec. 70-500.403. - SHORT TITLE. This Ordinance shall be known and referred to as the "*Sonoma Ridge Street Lighting Municipal Service Benefit Unit Ordinance*."

Sec. 70-500.404. - DEFINITIONS. When used in this Ordinance, the following terms shall be defined to mean:

A. *Base Rate* shall mean the rate necessary to fund the costs of the Sonoma Ridge Street Lighting District divided by the total Equivalent Residential Units (ERUs) in the District.

B. *Board* shall mean the Board of County Commissioners of Escambia County, Florida.

C. *Costs* shall mean maintenance and administrative costs associated with the acquisition of Improvements to provide street lighting to the District. The Cost for street lighting may include, but is not limited, to any applicable governmental fees, the acquisition of capital improvements, purchase or rental of equipment or facilities, administrative fees and costs, personnel expenses, operating and maintenance expenses for the upcoming Fiscal Year, the Tax Collector's collection charge and an amount set aside as a reserve for contingencies or unexpected increases in utility costs.

D. *County or Escambia County* shall mean all those geographical territories of Escambia County, a political subdivision of the State of Florida, which territories are not now within the corporate limits of any municipality.

E. *District* shall mean that geographical area of the Sonoma Ridge Street Lighting Municipal Service Benefit Unit described hereafter.

The Sonoma Ridge Street Lighting District shall include the following:

Development in Section 6, Township 1 South, Range 31 West, Escambia, Florida, classified by the Property Appraiser's records in Plat Book 19, Pages 90, 90a, 90b, 90c, excluding Holding Ponds, Wetland/Drainage Easements, or Designated Wetlands, or Buffer Zones, and as further described in **Exhibit A,** attached hereto and incorporated herein.

F. *Equivalent Residential Units (ERUs)*: A unit of measure used to apportion the Costs to the Lots based on the size of the Lots in the District.

G. *Fiscal Year* shall mean the period of time between October 1st and September 30th.

H. *Improvements* shall mean all street lighting projects and equipment presently located or to be located within or added to the District in the future, including, but not limited to, poles, wires, conduits, lighting, and all necessary appurtenances.

I. *Lot* shall mean a developed or proposed single-family residential parcel or a multi-family residential parcel with a unique property identification number by the Property Appraiser.

J. *Person* shall mean individuals, children, firms, associations, ventures, partnerships, estates, trusts, business trusts, syndicates, fiduciaries, corporations, and all other groups and legal entities or combinations thereof.

K. Words used in the masculine gender include the feminine and neuter; the singular number include the plural and the plural the singular.

Sec. 70-500.405. - DISTRICT CREATED. There is hereby created within Escambia County the *Sonoma Ridge Street Lighting Municipal Service Benefit Unit* for the purpose of street lighting within the District.

Sec. 70-500.406. - GOVERNANCE OF THE DISTRICT. The District shall be governed by the Board of County Commissioners of Escambia County. The Board shall have the following powers and duties:

A. To provide for the collection and disbursement by the County of special assessments collected to pay for maintenance and operational expenses within the District.

B. To provide for or contract for the installation of street lighting and related Improvements within the District.

C. To buy, lease, or rent any and all real or personal property necessary to implement this Ordinance.

D. To fairly and reasonably apportion the Cost of street lighting among all specially benefited Lots.

E. To prepare and adopt an annual budget for the District(s).

F. To make legislative findings related to the special benefits provided to Lots located in the District.

G. To otherwise act or satisfy its duties and responsibilities under this ordinance.

Sec. 70-500.407. - LEGISLATIVE FINDINGS.

A. Lots in the District are specially benefited by the provision of street lighting improvements which will increase the market value of each Lot in the District and enhance safety within the District.

B. The benefit from improved street lighting varies according to the relative size of the affected Lots. Residential Lots benefit from improved street lighting uniformly because of the small variation in size throughout the District. The extent to which Commercial Lots benefit from

improved street lighting will vary according to the linear footage along the affected streets because of the large differential in size throughout the District.

C. The non-ad valorem special assessments levied represent a fair and reasonable apportionment of the cost of the special benefit received by each Lot and does not represent a fair share of the cost of general governmental service provided to residents in the unincorporated areas of Escambia County.

D. Lots which do not receive a special benefit shall be excluded from the non-ad valorem special assessment for street lighting.

Sec. 70-500.408. - SPECIAL ASSESSMENT PROCEDURES.

A. The Board shall determine each year the level of service necessary to provide adequate street lighting to Lots located in the District and the cost for providing such service.

B. The Board may by proper resolution establish rules and regulations regarding fiscal management of the District.

C. Each Fiscal Year, the Board shall authorize the levy of a non-ad valorem special assessment for street lighting on all Lots located within the District. These non-ad valorem special assessments for street lighting shall be levied following the preparation and adoption of a budget by the Board as provided by law. The budget shall identify the estimated Costs for street lighting for the next Fiscal Year.

D. The amount of non ad-valorem special assessment to be assessed and levied against each Lot shall be determined based on the special benefit received by each Lot and the budgeted Costs for street lighting. The budgeted Costs for street lighting shall be fairly and reasonably apportioned among the benefited Lots using the following method:

The number of Equivalent Residential Units (ERUs) for a commercial Lot shall be calculated by dividing a commercial Lot's linear footage along the affected street by the average linear footage of the residential Lots directly across the affected street. The assessment for each Lot shall be calculated by multiplying a Lot's ERUs by the Base Rate. All residential properties shall have the equivalent of one (1) ERU.

The Board may make adjustments to the formula each Fiscal Year by resolution as necessary to reasonably and fairly apportion the cost of street lighting among benefited Lots. The Board may make a finding in the resolution to exclude any Lot that no longer receives a special benefit.

E. All special assessments as provided herein shall be assessed and collected by the uniform method adopted by the Escambia County Board of County Commissioners pursuant to Section 197.3632, Florida Statutes, as amended. All special assessments provided herein shall become a lien upon the land so assessed, prior in dignity to all other liens and assessments against said lands, save and except county taxes, and those liens and encumbrances of record prior to and on the effective date of this ordinance, until said assessments are paid.

F. The Tax Collector of Escambia County shall be entitled to receive a commission for the collection of non-ad valorem special assessments for street lighting as provided in Section 197.3632(2), Florida Statutes, as amended.

G. A certified copy of this Ordinance shall be indexed and recorded in the public records of Escambia County after filing with the Secretary of State.

Sec. 70-500.409. - APPEAL PROCESS.

A. Any Lot owner may contest the amount of non-ad valorem special assessment levied upon Lots located in the District by notifying the County Administrator or designee in writing that the owner's Lot has been erroneously assessed within thirty (30) days of receiving the non-ad valorem special assessment or any of the notices for payment of the annual installment.

B. The County Administrator or designee shall review the request and determine within a reasonable time based on the circumstances whether an error in assessment of the owner's Lot exists based on the information provided by the Lot owner and the information provided by the records of the Escambia County Property Appraiser's Office, or other records or information made available to the Board for preparation of the non-ad valorem special assessment roll. The County Administrator or designee shall be authorized to correct facial errors based on these information sources. The County Administrator or designee shall also be authorized to make any necessary adjustment to the amount of the Lot owner's non-ad valorem special assessment due and owing as a result of the identification error, with notice to the Board of County Commissioners.

C. In the event the County Administrator or designee finds the Lot owner has been correctly assessed, the County Administrator or designee shall notify the owner and advise the owner of his or her right to petition for review of the alleged assessment error by the Board of County Commissioners within thirty (30) days. The Petition for Assessment Review shall state the owner's name, a description of the real property, and the facts underlying the Lot owner's petition. The burden shall be on the Lot owner to demonstrate by competent and substantial evidence to the Board of County Commissioners the Lot has been erroneously assessed on the non-ad valorem special assessment roll.

D. At the next available meeting, the Board of County Commissioners shall either 1) direct the County Administrator or designee to adjust the assessment due and owing; or 2) advise the Lot owner the Board of county Commissioners finds no error in the assessment of the owner's Lot and the Lot owner may appeal the Board's decision to the circuit court within thirty (30) days.

E. The Board of County Commissioners may at its discretion create an independent board to review any Petition for Assessment Review filed. In addition, the Board is authorized to establish by resolution and collect at the time a petition is filed an administrative fee for processing of the petition. The Board of County Commissioners may also by resolution identify circumstances in which a refund of the administrative fee is available.

Section 3. SEVERABILITY. If any section, paragraph, sentence or clause of this Ordinance or the application thereof to any person or circumstance is held void, invalid, unlawful or unconstitutional by a court of competent jurisdiction, it is the intent of the Board that such section, invalidity, paragraph, sentence or clause shall be deemed a separate, distinct, independent and

severable and shall not otherwise affect application of this Ordinance which can be given effect without the invalid provision or application.

Section 4. INCLUSION IN THE CODE. It is the intent of the Board that the provisions of this Ordinance shall become and be made part of the Escambia County Code and the word "Ordinance" may be changed to section, article, or other appropriate word or phrase, and the sections of this Ordinance may be renumbered to accomplish such intention.

Section 5. EFFECTIVE DATE. This Ordinance shall become effective upon receipt of official acknowledgment of the Clerk of the Board of County Commissioners from the Department of State that this Ordinance has been filed with the Department of State

DONE AND ENACTED this ____ day of _____ 2020.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17638 **Public Hearings 9.**
BCC Regular Meeting
Meeting Date: 05/07/2020
Issue: 5:32 p.m. Public Hearing to Adopt the Makenna Estates Street Lighting MSBU Ordinance
From: STEPHAN HALL, Budget Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

5:32 p.m. Public Hearing for consideration of adopting an Ordinance creating the Makenna Estates Street Lighting MSBU.

Recommendation: That the Board adopt and authorize the Chairman to sign the Ordinance creating the Makenna Estates Street Lighting Municipal Services Benefit Unit (MSBU), and all related documents, and make the following findings of fact:

A. Lots in the District are specially benefited since street lighting not only increases the market value of an individual lot, but also increases safety in the District surrounding individual lots, and the ability of lot owners to use their individual lots after dark;

B. The benefit from improved street lighting varies according to the relative size of the affected lots. Residential lots benefit from improved street lighting uniformly because of the small variation in size throughout the District;

C. The non-ad valorem special assessments levied represent a fair and reasonable apportionment of the cost of the special benefit received by each lot, and do not represent a fair share of the cost of general governmental service provided to residents in the unincorporated areas of Escambia County; and

D. Lots which do not receive a special benefit have been and shall be excluded from the non-ad valorem special assessment for street lighting.

BACKGROUND:

The majority owners (Makenna Development, LLC and Adams Homes, LLC) of the property contained in the Makenna Estates have met the criteria established by the Board of County Commissioners for a MSBU, and the Board has reaffirmed its intent to use the uniform method of collection of non-ad valorem special assessments levied for street lighting projects. Now the property owners wish to establish the MSBU for the purpose of providing street lighting to the district.

The Makenna Estates Subdivision lighting district plan proposal:
* 88 assessable lots located in Commission District 1
* 31 Light Fixtures in initial plan
* Assessments estimated to be $167 in Year 1 (includes a reserve), and $117 in subsequent years.

BUDGETARY IMPACT:

The MSBU will generate revenues for the purpose of providing street lighting, as well as administrative fees and a reserve for contingencies.

LEGAL CONSIDERATIONS/SIGN-OFF:

This Ordinance has been reviewed by the County Attorney's Office and found to be legally sufficient.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

The Board of County Commissioners must approve and adopt all Ordinances per F.S. 166.41.

IMPLEMENTATION/COORDINATION:

Ordinance Makenna Estates

ORDINANCE 2020-_____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA CREATING VOLUME I, CHAPTER 70, ARTICLE III, DIVISION 70, SECTIONS 70-500.386 - 70-500.393 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES; ESTABLISHING THE MAKENNA ESTATES STREET LIGHTING MUNICIPAL SERVICE BENEFIT UNIT FOR THE PURPOSE OF PROVIDING STREET LIGHTING WITHIN THE DISTRICT; PROVIDING FOR THE AUTHORITY, PURPOSE, AND SCOPE OF SAID ORDINANCE; PROVIDING FOR SHORT TITLE; PROVIDING FOR DEFINITIONS; PROVIDING FOR DISTRICTS; PROVIDING FOR GOVERNANCE; PROVIDING FOR LEGISLATIVE FINDINGS; PROVIDING FOR SPECIAL ASSESSMENT PROCEDURES; PROVIDING FOR APPEAL PROCESS; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE OF ORDINANCES OF ESCAMBIA COUNTY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Escambia County, Florida has the authority to establish a Municipal Service Benefit Unit ("MSBU") pursuant to Chapter 125, Florida Statutes; and

WHEREAS, the Board of County Commissioners has adopted administrative procedures for the establishment of such a MSBU, and the proposed Makenna Estates Street Lighting MSBU has met the criteria established by the Board of County Commissioners for a MSBU; and

WHEREAS, by Resolution **R2019-115**, the Board of County Commissioners reaffirmed its intent to use the uniform method of collection of non-ad valorem special assessments levied for street lighting projects; and

WHEREAS, the owners of the property contained in Makenna Estates have met the criteria established by the Board of County Commissioners for a MSBU, and the property owners wish to establish such a MSBU for the purpose of providing adequate street lighting; and

WHEREAS, there are an estimated 88 properties in this proposed district, and a majority of the property owners within the Makenna Estates Subdivision submitted letters to the Board of County Commissioners requesting the creation of a street lighting MSBU; and

WHEREAS, this total meets the 55% minimum requirement specified in the MSBU Guidelines and Procedures adopted by the Board of County Commissioners; and

WHEREAS, the proposed MSBU will assume responsibility for all street lighting in Makenna Estates Subdivision.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY:

Section 1. The foregoing recitals are true and correct and incorporated herein by reference.

Section 2: Part I, Chapter 70, Article III, Division 70, Sections 70-500.386 through 70-500.393 of the Escambia County Code of Ordinances are hereby created to read as follows:

Division 70. – MAKENNA ESTATES

Sec. 70-500.386. - AUTHORITY; PURPOSE; SCOPE. This Ordinance is enacted under authority of Article VII, Section 1(f) of the Constitution of the State of Florida and Chapter 125, Florida Statutes for the purpose of providing for a street lighting district in certain unincorporated areas in Escambia County, Florida as described herein, not lying within the corporate boundaries of any municipality.

Sec. 70-500.387. - SHORT TITLE. This Ordinance shall be known and referred to as the "*Makenna Estates Street Lighting Municipal Service Benefit Unit Ordinance*."

Sec. 70-500.388. - DEFINITIONS. When used in this Ordinance, the following terms shall be defined to mean:

A. *Base Rate* shall mean the rate necessary to fund the costs of the Makenna Estates Street Lighting District divided by the total Equivalent Residential Units (ERUs) in the District.

B. *Board* shall mean the Board of County Commissioners of Escambia County, Florida.

C. *Costs* shall mean maintenance and administrative costs associated with the acquisition of Improvements to provide street lighting to the District. The Cost for street lighting may include, but is not limited, to any applicable governmental fees, the acquisition of capital improvements, purchase or rental of equipment or facilities, administrative fees and costs, personnel expenses, operating and maintenance expenses for the upcoming Fiscal Year, the Tax Collector's collection charge and an amount set aside as a reserve for contingencies or unexpected increases in utility costs.

D. *County or Escambia County* shall mean all those geographical territories of Escambia County, a political subdivision of the State of Florida, which territories are not now within the corporate limits of any municipality.

E. *District* shall mean that geographical area of the Makenna Estates Street Lighting Municipal Service Benefit Unit described hereafter.

The Makenna Estates Street Lighting District shall include the following:

A Portion of Lots 1, 2, 9, AND 10 of Deed Book 64, Page 365 also being a proposed 88 lot residential subdivision of a portion of fractional Section 2, Township 2 South, Range 31 West, Escambia County, Florida, classified by the Property Appraiser's records in Plat Book 19, Page 82, excluding Holding Ponds, Wetland/Drainage Easements, or Designated Wetlands, or Buffer Zones, and as further described in **Exhibit A,** attached hereto and incorporated herein.

F. *Equivalent Residential Units (ERUs)*: A unit of measure used to apportion the Costs to the Lots based on the size of the Lots in the District.

G. *Fiscal Year* shall mean the period of time between October 1st and September 30th.

H. *Improvements* shall mean all street lighting projects and equipment presently located or to be located within or added to the District in the future, including, but not limited to, poles, wires, conduits, lighting, and all necessary appurtenances.

I. *Lot* shall mean a developed or proposed single-family residential parcel or a multi-family residential parcel with a unique property identification number by the Property Appraiser.

J. *Person* shall mean individuals, children, firms, associations, ventures, partnerships, estates, trusts, business trusts, syndicates, fiduciaries, corporations, and all other groups and legal entities or combinations thereof.

K. Words used in the masculine gender include the feminine and neuter; the singular number include the plural and the plural the singular.

Sec. 70-500.389. - DISTRICT CREATED. There is hereby created within Escambia County the *Makenna Estates Street Lighting Municipal Service Benefit Unit* for the purpose of street lighting within the District.

Sec. 70-500.390. - GOVERNANCE OF THE DISTRICT. The District shall be governed by the Board of County Commissioners of Escambia County. The Board shall have the following powers and duties:

A. To provide for the collection and disbursement by the County of special assessments collected to pay for maintenance and operational expenses within the District.

B. To provide for or contract for the installation of street lighting and related Improvements within the District.

C. To buy, lease, or rent any and all real or personal property necessary to implement this Ordinance.

D. To fairly and reasonably apportion the Cost of street lighting among all specially benefited Lots.

E. To prepare and adopt an annual budget for the District(s).

F. To make legislative findings related to the special benefits provided to Lots located in the District.

G. To otherwise act or satisfy its duties and responsibilities under this ordinance.

Sec. 70-500.391. - LEGISLATIVE FINDINGS.

A. Lots in the District are specially benefited by the provision of street lighting improvements which will increase the market value of each Lot in the District and enhance safety within the District.

B. The benefit from improved street lighting varies according to the relative size of the affected Lots. Residential Lots benefit from improved street lighting uniformly because of the small variation in size throughout the District. The extent to which Commercial Lots benefit from

improved street lighting will vary according to the linear footage along the affected streets because of the large differential in size throughout the District.

C. The non-ad valorem special assessments levied represent a fair and reasonable apportionment of the cost of the special benefit received by each Lot and does not represent a fair share of the cost of general governmental service provided to residents in the unincorporated areas of Escambia County.

D. Lots which do not receive a special benefit shall be excluded from the non-ad valorem special assessment for street lighting.

Sec. 70-500.392. - SPECIAL ASSESSMENT PROCEDURES.

A. The Board shall determine each year the level of service necessary to provide adequate street lighting to Lots located in the District and the cost for providing such service.

B. The Board may by proper resolution establish rules and regulations regarding fiscal management of the District.

C. Each Fiscal Year, the Board shall authorize the levy of a non-ad valorem special assessment for street lighting on all Lots located within the District. These non-ad valorem special assessments for street lighting shall be levied following the preparation and adoption of a budget by the Board as provided by law. The budget shall identify the estimated Costs for street lighting for the next Fiscal Year.

D. The amount of non ad-valorem special assessment to be assessed and levied against each Lot shall be determined based on the special benefit received by each Lot and the budgeted Costs for street lighting. The budgeted Costs for street lighting shall be fairly and reasonably apportioned among the benefited Lots using the following method:

The number of Equivalent Residential Units (ERUs) for a commercial Lot shall be calculated by dividing a commercial Lot's linear footage along the affected street by the average linear footage of the residential Lots directly across the affected street. The assessment for each Lot shall be calculated by multiplying a Lot's ERUs by the Base Rate. All residential properties shall have the equivalent of one (1) ERU.

The Board may make adjustments to the formula each Fiscal Year by resolution as necessary to reasonably and fairly apportion the cost of street lighting among benefited Lots. The Board may make a finding in the resolution to exclude any Lot that no longer receives a special benefit.

E. All special assessments as provided herein shall be assessed and collected by the uniform method adopted by the Escambia County Board of County Commissioners pursuant to Section 197.3632, Florida Statutes, as amended. All special assessments provided herein shall become a lien upon the land so assessed, prior in dignity to all other liens and assessments against said lands, save and except county taxes, and those liens and encumbrances of record prior to and on the effective date of this ordinance, until said assessments are paid.

F. The Tax Collector of Escambia County shall be entitled to receive a commission for the collection of non-ad valorem special assessments for street lighting as provided in Section 197.3632(2), Florida Statutes, as amended.

G. A certified copy of this Ordinance shall be indexed and recorded in the public records of Escambia County after filing with the Secretary of State.

Sec. 70-500.393. - APPEAL PROCESS.

A. Any Lot owner may contest the amount of non-ad valorem special assessment levied upon Lots located in the District by notifying the County Administrator or designee in writing that the owner's Lot has been erroneously assessed within thirty (30) days of receiving the non-ad valorem special assessment or any of the notices for payment of the annual installment.

B. The County Administrator or designee shall review the request and determine within a reasonable time based on the circumstances whether an error in assessment of the owner's Lot exists based on the information provided by the Lot owner and the information provided by the records of the Escambia County Property Appraiser's Office, or other records or information made available to the Board for preparation of the non-ad valorem special assessment roll. The County Administrator or designee shall be authorized to correct facial errors based on these information sources. The County Administrator or designee shall also be authorized to make any necessary adjustment to the amount of the Lot owner's non-ad valorem special assessment due and owing as a result of the identification error, with notice to the Board of County Commissioners.

C. In the event the County Administrator or designee finds the Lot owner has been correctly assessed, the County Administrator or designee shall notify the owner and advise the owner of his or her right to petition for review of the alleged assessment error by the Board of County Commissioners within thirty (30) days. The Petition for Assessment Review shall state the owner's name, a description of the real property, and the facts underlying the Lot owner's petition. The burden shall be on the Lot owner to demonstrate by competent and substantial evidence to the Board of County Commissioners the Lot has been erroneously assessed on the non-ad valorem special assessment roll.

D. At the next available meeting, the Board of County Commissioners shall either 1) direct the County Administrator or designee to adjust the assessment due and owing; or 2) advise the Lot owner the Board of county Commissioners finds no error in the assessment of the owner's Lot and the Lot owner may appeal the Board's decision to the circuit court within thirty (30) days.

E. The Board of County Commissioners may at its discretion create an independent board to review any Petition for Assessment Review filed. In addition, the Board is authorized to establish by resolution and collect at the time a petition is filed an administrative fee for processing of the petition. The Board of County Commissioners may also by resolution identify circumstances in which a refund of the administrative fee is available.

Section 3. SEVERABILITY. If any section, paragraph, sentence or clause of this Ordinance or the application thereof to any person or circumstance is held void, invalid, unlawful or unconstitutional by a court of competent jurisdiction, it is the intent of the Board that such section, invalidity, paragraph, sentence or clause shall be deemed a separate, distinct, independent and

severable and shall not otherwise affect application of this Ordinance which can be given effect without the invalid provision or application.

Section 4. INCLUSION IN THE CODE. It is the intent of the Board that the provisions of this Ordinance shall become and be made part of the Escambia County Code and the word "Ordinance" may be changed to section, article, or other appropriate word or phrase, and the sections of this Ordinance may be renumbered to accomplish such intention.

Section 5. EFFECTIVE DATE. This Ordinance shall become effective upon receipt of official acknowledgment of the Clerk of the Board of County Commissioners from the Department of State that this Ordinance has been filed with the Department of State

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17452 **Public Hearings 10.**
BCC Regular Meeting
Meeting Date: 05/07/2020
Issue: 5:35 p.m. Public Hearing - Vacation of a Utility and Drainage Easement located at 2318 Copter Road
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

5:35 p.m. Public Hearing for consideration of the Petition to Vacate a Utility and Drainage Easement, located at 2318 Copter Road, as petitioned by Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust.

Recommendation: That the Board take the following action concerning the Petition to Vacate a Utility and Drainage Easement located at 2318 Copter Road (0.13 acres, more or less), as petitioned by Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust:

A. Approve or deny the Petition to Vacate a Utility and Drainage Easement located at 2318 Copter Road (0.13 acres, more or less), as petitioned by Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust;

B. Accept the Hold/Harmless Agreement;

C. Adopt the Resolution to Vacate; and

D. Authorize the Chairman or Vice Chairman to accept the documents as of the day of delivery and authorize the Chairman or Vice Chairman to execute them at that time.

The real property mentioned in this Petition to Vacate is located in Commission District 4.

BACKGROUND:

On May 17, 2002, Petitioner purchased property located at 2318 Copter Road. The Petitioner is presently in negotiations to sell the property and is requesting that the 20-foot wide Utility and Drainage Easement, dated September 1, 1981, be vacated.

In August of 1981, the Board of County Commissioners passed a Resolution to vacate a portion of First Street (66' ROW) lying south of Franklin Street and north of Washington Street, as per the plat of the Ferry Pass Heights Subdivision. It is noted in the legal description in that the 1981 vacation resolution that the County would reserve the west 20 feet for a utility and drainage easement. After the First Street vacation, the requested 20-foot wide Utility and Drainage Easement, dated September 1, 1981, was granted by Dr. Eugene G. Brunson and Tyra P. Brunson to Escambia County and was recorded in the Official Records Book 1577, Pages 244-245 of the Public Records of Escambia County, Florida.

Stormwater Management staff have indicated that drainage in the area crosses from Copter Road to Nine Mile Road through a wetland area approximately 282 feet west of the Petitioner's property.

There are no staff concerns regarding the Petition to Vacate the Utility and Drainage Easement.

Pensacola Energy has an active gas main and will need to reserve an easement in the vacation area.

BUDGETARY IMPACT:

Indirect staff costs associated with the preparation of documents and recommendation.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This recommendation is based on the Board's Vacating, Abandoning, and Closing Existing Public Streets, Rights-of-Way, Alleyways, Roads, Highways, Other Places Used for Travel or Other Lands Dedicated for Public Use or Purposes, or Any Portions Thereof to Renounce and Disclaim Any right of the County and The Public In and To Said Lands policy for closing, vacating and abandoning County Owned property- Section III, and Florida Statues, Chapter 336.

IMPLEMENTATION/COORDINATION:

Upon Board approval of the Petition to Vacate, the necessary documents will be signed and delivered to the Petitioner or the Petitioner's agent, who will have them recorded in the public records and will have notices published.

HOLD/HARMLESS AGREEMENT

WHEREAS, Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust hereafter called "Petitioner(s)" has requested that the Board of County Commissioners of Escambia County, Florida, on behalf of Escambia County, vacate certain public road rights-of-way, alleyway, or other lands pursuant to the provisions of Section 336.09, Florida Statutes, and Vacation Policy - Section III(A) of the Board of County Commissioners; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida, hereafter called "County" has no objection to granting such petition, providing that certain covenants and agreements are made on behalf of the citizens and residents of Escambia County, Florida, and on behalf of Escambia County;

NOW, THEREFORE, in consideration of One Dollar ($1.00) and the mutual promises contained herein, Petitioner(s) and County do agree as follows:

1. County, pursuant to the authority of and after compliance with the requirements of Chapter 336, Florida Statutes and Vacation Policy - Section III(A), agrees to vacate, abandon, and close the following described public street, road, alleyway or a portion thereof, or other land dedicated for public use and to surrender, renounce and disclaim any right of the County and public in and hereto:

The west twenty (20) feet of the following described property:

That portion of First Street (66' R/W) lying South of Franklin Street and North of Washington Street, as per the plat of Ferry Pass Heights Subdivision recorded in Plat Book 1, Page 64 of Public Records of Escambia County, Florida; all lying and being in Section 16, Township 1 South, Range 30 West, Escambia County, Florida.

2. Petitioner(s), hereby covenant(s) and agree(s) that he has complied with all requirements of Chapter 336, Florida Statutes and Vacation Policy - Section

III(A) of the Board of County Commissioners in bringing this request before the County and in obtaining the County's agreement set forth above.

3. Petitioner(s), hereby covenant(s) and warrant(s) that no person will be denied ingress/egress or access to their property or use by the vacation of the public rights-of-way or other land which is described herein.

4. Petitioner(s), further hereby agree(s) to defend, indemnify and hold harmless Escambia County, its agents and employees against any and all liability, claims, suits, actions, debts, damages, losses, costs, charges and expenses, including court costs and attorney's fees which may or might arise because of or related to the vacation of the public rights-of-way, alleyway, or other land dedicated for public use which is described herein.

RESOLUTION NUMBER R_____-_____

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, VACATING, ABANDONING, AND CLOSING CERTAIN PUBLIC PROPERTY ACQUIRED FOR EXISTING PUBLIC STREETS, RIGHTS-OF-WAY, ALLEYWAYS, ROADS, HIGHWAYS, OTHER PLACES USED FOR TRAVEL, OR OTHER LANDS DEDICATED FOR PUBLIC USE OR PURPOSES, OR ANY PORTIONS THEREOF, TO RENOUNCE AND DISCLAIM ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SAID LANDS.

WHEREAS, Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust ha__s__ petitioned this Board to vacate, abandon, and close the following public rights-of-way, alleyway, or other lands and to renounce and disclaim the right of Escambia County, Florida and of the public, and;

WHEREAS, the Board of County Commissioners of Escambia County, Florida, has determined it to be in the best interest of Escambia County to adopt a resolution vacating, abandoning, and closing the following described property:

The west twenty (20) feet of the following described property:

That portion of First Street (66' R/W) vacated in Official Records Book 1593, Page 589 of Escambia County, lying South of Franklin Street now known as East Nine Mile Road and North of Washington Street now known as Copter Road, as per the plat of Ferry Pass Heights Subdivision recorded in Plat Book 1, Page 64 of Public Records of Escambia County, Florida; all lying and being in Section 16, Township 1 South, Range 30 West, Escambia County, Florida.

and any right of the County and the public in and to the above described road rights-of-way, alleyway or other land dedicated for public use is hereby surrendered, renounced and disclaimed; and

WHEREAS, Petitioner(s), Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust, ha_s__ caused to be published on April 23, A.D., 20_20__, notice in a

newspaper of general circulation in Escambia County, Florida, of the filing of said petition and that a public hearing thereon would be held at 5:35 p.m. on May 7, 2020 _____ in the Board meeting room, Escambia County Governmental Complex, Pensacola, Florida; and

WHEREAS, the vacating, abandoning, and closing of existing public streets, rights-of-way, alleyways, roads, highways, other places used for travel, or other lands dedicated for public use or purposes, or any portions thereof, to renounce and disclaim any right of the County and the Public in and to said lands will not materially interfere with the County road system or the delivery of public services and will not deprive any person of any reasonable means of ingress/egress to such person's property.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

1. That the motion to vacate is hereby adopted and approved.

2. That the following described property acquired for public road rights-of-way, alleyway, or other public purposes is hereby vacated, abandoned, and closed; and any rights of the County and the public in and to the above described land is hereby surrendered, renounced and disclaimed; provided however, that the adoption and approval of this resolution by the Board of County Commissioners is conditioned on the described vacated area remaining subject to an easement in favor of:

Pensacola Energy has a gas main in the vacation area and requests an easement

The west twenty (20) feet of the following described property:

That portion of First Street (66' R/W) vacated in Official Records Book 1593, Page 589 of Escambia County, lying South of Franklin Street now known as East Nine Mile Road and North of Washington Street now known as Copter Road, as per the plat of Ferry Pass Heights Subdivision recorded in Plat Book 1, Page 64 of Public Records of Escambia County, Florida; all lying and being in Section 16, Township 1 South, Range 30 West, Escambia County, Florida.

3. That this resolution shall be spread upon the minutes of the Board of County Commissioners of Escambia County, Florida, and said petitioner shall publish a notice of its adoption one time within thirty (30) days hereafter in a newspaper of general circulation in Escambia County, Florida.

NOTICE OF PUBLIC HEARING ON PETITION TO VACATE, ABANDON, AND CLOSE EXISTING PUBLIC STREETS, RIGHTS-OF-WAY, ALLEYWAYS, ROADS, HIGHWAYS OTHER PLACES USED FOR TRAVEL, OR OTHER LANDS DEDICATED FOR PUBLIC USE OR PURPOSES, OR ANY PORTIONS THEREOF, TO RENOUNCE AND DISCLAIM ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SAID LANDS.

TO WHOM IT MAY CONCERN:

Notice is hereby given that a public hearing will be held on May 7, A.D., 2020, at 5:35 p.m., in the Board of County Commissioner's meeting room, on the 1st floor of the Ernie Lee Magaha Government Building, Room 100, 221 Palafox Place, Pensacola, Florida, to consider the feasibility of vacating, closing, and abandoning the following described public road rights-of-way, alleyway or other land dedicated for public use:

The west twenty (20) feet of the following described property:

That portion of First Street (66' R/W) vacated in Official Records Book 1593, Page 589 of Escambia County, lying South of Franklin Street now known as East Nine Mile Road and North of Washington Street now known as Copter Road, as per the plat of Ferry Pass Heights Subdivision recorded in Plat Book 1, Page 64 of Public Records of Escambia County, Florida; all lying and being in Section 16, Township 1 South, Range 30 West, Escambia County, Florida.

Board of County Commissioners
Escambia County, Florida

A copy of the agenda for these meetings containing specific items to be considered in the order of presentation may be obtained from the County Administrator's Office, Room 420, Ernie Lee Magaha Government Building, 221 Palafox Place at Government Street. Persons who need an accommodation, pursuant to the American Disabilities Act, in order to attend or participate in the above meetings, should contact Ms. Shamara Jernigan at 595-4900 at least 72 hours in advance of the meeting.

Any person who decides to appeal any decision made by any board, agency or commission with respect to any matter considered at its meeting or hearing, will need a record of the proceedings of the meeting. Since the Board of County Commissioners does not make verbatim records of its meeting, such person may need to independently secure a record which should include the testimony or evidence on which the appeal is to be based on.

LEGAL NO. 22759 1 T
AUG. 18, 1981

RESOLUTION OF BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, CLOSING AND ABANDONING CERTAIN PROPERTY ACQUIRED FOR ROAD RIGHT-OF-WAY PURPOSES AND RENOUNCING AND DISCLAIMING ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SUCH LAND.

WHEREAS, the Board of County Commissioners of Escambia County, Florida, upon its own motion has determined it to be in the best interests of Escambia County to adopt a resolution vacating, abandoning, discontinuing and closing the following described property acquired for road right-of-way purposes:

That portion of First Street (66' R/W) lying South of Franklin Street and North of Washington Street, as per the plat of Ferry Pass Heights Subdivision recorded in Plat Book 1, Page 64, of the public records of Escambia County, Florida; all lying and being in Section 16, Township 1 South, Range 30 West, Escambia County, Florida. Provided, however, the County reserves the west 20.00 feet of said described property as a utility and drainage easement.

and renouncing and disclaiming any right of the County and the public in and to the above-described land.

WHEREAS, said motion has been spread upon the minutes of the Board of County Commissioners of Escambia County, Florida; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida, on September 22, 1981, published notice in The Pensacola Journal, a newspaper of general circulation in Escambia County, Florida, of the filing of said petition and that a public hearing thereon would be held at 9:25 a.m., on Tuesday, September 1, 1981, in the Board meeting room, Third Floor, Escambia County Courthouse, Pensacola, Florida; and

WHEREAS, the public hearing has been duly held; and

WHEREAS, the vacating, abandoning, discontinuing, and closing of said property acquired for road right-of-way purposes and the renouncing and disclaiming of any right of the County and the public in and to said land will not materially interfere with the County road system and will not deprive any person of any reasonable means of ingress and egress to such person's property;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. That the motion to vacate is hereby adopted and approved.

Section 2. That the following described property acquired for road right-of-way purposes is hereby vacated, abandoned, discontinued and closed:

Prepared by: JJH
Date: 8/26/81

That portion of First Street (66' R/W) lying South of Franklin Street and North of Washington Street, as per the plat of Ferry Pass Heights Subdivision recorded in Plat Book 1, Page 64, of the public records of Escambia County, Florida; all lying and being in Section 16, Township 1 South, Range 30 West, Escambia County, Florida. Provided, however, the County reserves the west 20.00 feet of said described property as a utility and drainage easement.

and any right of the County and the public in and to the above-described land is hereby renounced and disclaimed.

SECTION 3. That this resolution shall be spread upon the minutes of the Board of County Commissioners of Escambia County, Florida, and notice of its adoption shall be published one time within the thirty days hereafter in The Pensacola Journal, a newspaper of general circulation in Escambia County, Florida.

UTILITY AND DRAINAGE EASEMENT

STATE OF FLORIDA)
)
COUNTY OF ESCAMBIA)

THIS AGREEMENT, made and entered into this the 1st day of September, 1981, between Escambia County, a political subdivision of the State of Florida, hereinafter referred to as Party of the First Part, and Dr. Eugene G. Brunson and Tyra P. Brunson, as Party(ies) of the Second Part,

WITNESSETH:

THAT WHEREAS, the Party of the First Part desires to retain a utility and drainage easement for the purposes of installing, constructing, expanding, maintaining and repairing utility and drainage equipment and facilities over and across real property located in Section 16, Township 1 South, Range 30 West, Escambia County, Florida; and

WHEREAS, the Party(ies) of the Second Part is(are) the owner(s) of the hereinafter described real property over, across and upon which the Party of the First Part proposes to use and maintain as a utility and drainage easement;

NOW, THEREFORE, it is hereby agreed as follows:

The Party(ies) of the Second Part do(es) hereby bargain, sell, convey, transfer, and deliver unto the Party of the First Part a permanent easement and right-of-way for the purpose of using and or maintaining a utility and drainage easement and the right of ingress and egress over and across the hereinafter described property upon which the said way is to be located for the purpose of installing, constructing, expanding, maintaining, and repairing utility and drainage equipment and facilities and any structures located thereon over the following described property, to-wit:

> The west twenty (20) feet of the following described property:
>
> That portion of First Street (66' R/W) lying South of Franklin Street and North of Washington Street, as per the plat of Ferry Pass Heights Subdivision recorded in Plat Book 1, Page 64, of the public records of Escambia County, Florida; all lying and being in Section 16, Township 1 South, Range 30 West, Escambia County, Florida.

TO HAVE AND TO HOLD said easement and right-of-way unto Escambia County, Florida, and its successors and assigns, forever.

The Party(ies) of the Second Part do(es) hereby covenant with the Party of the First Part that they is(are) lawfully seized and possessed of the real estate above described, that they has(have) a good and lawful right to convey the same, or any part thereof, and that it is free from all encumbrances.

IN WITNESS WHEREOF, the Party(ies) hereto has(have) hereunto set their hand and seal(s) the date first above written.

PETITION TO VACATE, ABANDON, AND CLOSE EXISTING PUBLIC STREETS, RIGHTS-OF-WAY, ALLEYWAYS, ROADS, HIGHWAYS OTHER PLACES USED FOR TRAVEL, OR OTHER LANDS DEDICATED FOR PUBLIC USE OR PURPOSES, OR ANY PORTIONS THEREOF, TO RENOUNCE AND DISCLAIM ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SAID LANDS.

Petitioner(s), hereby file this petition with the Board of County Commissioners of Escambia County, Florida, to vacate, abandon, close and disclaim any right of the County and the public in and to certain land delineated as a

A utility and drainage easement located on Petitioner's property located at 2318 Copter Road. Dated September 1, 1981. Recorded in Official Records Book 1577, Page 244 of Escambia County, FL.

in Escambia County, Florida, a copy of map thereto being attached hereto as Exhibit "A", and further states as follows:

1. That the Petitioner(s), Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust presently xx own(s)_____do/does not own an interest in the real property, which adjoins said public road right-of-way, alleyway, or other land. Said public road rights-of-way, alleyway, or other land being more particularly described as follows:

The west twenty (20) feet of the following described property:

That portion of First Street (66' R/W) vacated in Official Records Book 1593, Page 589 of Escambia County, lying South of Franklin Street now known as East Nine Mile Road and North of Washington Street now known as Copter Road, as per the plat of Ferry Pass Heights Subdivision recorded in Plat Book 1, Page 64 of Public Records of Escambia County, Florida; all lying and being in Section 16, Township 1 South, Range 30 West, Escambia County, Florida.

2. That the Petitioner(s), Henry Floyd Pruett, Jr., Trustee for the Henry Floyd, Jr. Revocable Living Trust desire(s) that the Board of County Commissioners surrender, renounce and disclaim any right of the County and the public in and to that portion of the public road rights-of-

way, alleyway, or other land described above and lying and being in Section(s) 16 Township 1 Range 30 West and recorded in Plat Book 1, Page 64 of the public records of Escambia County, Florida.

3. That the portion of public road rights-of-way, alleyway, or other lands sought to be vacated, abandoned, and closed herein, is no longer needed to fulfill a public purpose.

THEREFORE, Petitioner(s) request that the above described public road rights-of-way, alleyway, or other land be vacated, abandoned, and closed and that the Board of County Commissioners of Escambia County, Florida, surrender, renounce and disclaim any right of the County and the public in and to said public road rights-of-way, alleyway, or other land.

Petitioner acknowledges that:

Approval by the Board of County Commissioners of a petition to vacate, abandon, discontinue, close, renounce, or disclaim any right of the County or the public in any land does not operate to confirm the vesting or return of title to the land in the petitioner or any other interested party. Any interested party who wishes to verify the title to land or the effect of the approval of a petition to vacate, abandon, discontinue, close, renounce, or disclaim any right of the County or the public in any land should seek legal counsel.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17630 **Public Hearings 11.**
BCC Regular Meeting
Meeting Date: 05/07/2020
Issue: 5:37 p.m. - Public Hearing Concerning the Repeal and Replacement of Chapter 14 of the Escambia County Code of Ordinances
From: Tim Tolbert, Building Official/Department Director
Organization: Building Services
CAO Approval:

RECOMMENDATION:

5:37 p.m. Public Hearing Concerning the Repeal and Replacement of Chapter 14 of the Escambia County Code of Ordinances, entitled "Buildings and Building Regulations".

Recommendation: That the Board take the following action:

A. Ratify the scheduling and advertising of this May 7, 2020, public hearing at 5:37 p.m., which was previously scheduled for 9:01 a.m., on April 14, 2020; and

B. Review and adopt an Ordinance repealing and replacing in its entirety Chapter 14 of the Escambia County Code of Ordinances, entitled "Buildings and Building Regulations" providing for severability, inclusion in the code, and an effective date which is in the best interest of the County and its citizens.

BACKGROUND:

This proposed repeal and replacement of the Escambia County Code of Ordinances Chapter 14 entitled "Buildings and Building Regulations" will bring current the previously adopted Chapter 14 which is in the best interest of the County and its citizens. The previously adopted Chapter 14 contains items that are now obsolete within the Florida Building Code. Code references in the current Chapter 14 are no longer in effect, including but not limited to, the local wind speed map designations, permitting exemptions, and annual permitting allowances. The Building Officials Association of Florida provides a model Administrative Code for the 6th Edition (2017) Florida Building Code that most jurisdictions within Florida adapt to meet their local requirements and adopt.

Building Services has taken this model Administrative Code and inserted our local requirements for review as a proposed repeal and replacement to the current Escambia County Code of Ordinances Chapter 14.

BUDGETARY IMPACT:

N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed by Kia Johnson, Assistant County Attorney.

PERSONNEL:

No additional personnel are required for the implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal " to ensure the health, safety, and welfare of the citizens of Escambia County."

IMPLEMENTATION/COORDINATION:

This Ordinance, repealing and replacing Chapter 14, will be filed with the Department of State following adoption by the Board.

Implementation of this Ordinance will consist of the repeal and replacement of Chapter 14 and distribution of a copy of the adopted Ordinance to interested citizens and staff.

The proposed Ordinance was prepared by the Building Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Building Services Department will ensure proper advertisement.

Escambia County Code of Ordinances Chapter 14 Repeal and Replacement Highlights

The Building Officials Association of Florida provides a model Administrative Code for the 6th Edition (2017) Florida Building Code that most jurisdictions within Florida adapt to meet their local requirements and adopt. Building Services has taken this model Administrative Code and inserted our local requirements for your review as a proposed repeal and replacement to the current Escambia County Code of Ordinances Chapter 14. Some highlights to the proposed ordinance are as follows:

- Page 5: The model contains the exact highlighted wording except Building Services has removed the reference to floating structures. There is an exemption for floating structures later on in the proposed ordinance.
- Page 8: Sets forth that the Building Services Department and the Building Official shall have an advisory board (currently the Escambia County Contractor Competency Board) and that the Board of County Commissioners may adopt rules to grant certain exemptions from permitting.
- Page 14: Implements and defines the requirements for Annual Facility Permits to be used in lieu of standard individual permits. This is only for Division 2 contractors that meet certain guidelines and for certain project types as defined within the eligible scope of work as approved by the Contractor Competency Board and/or Board of Electrical Examiners on existing systems and/or facilities.
- Page 15: Defines exemptions from permit requirements, including but not limited to, portable storage, fences less than 10 feet in height, floating structures, light fixtures and receptacles, and dishwasher changeouts. Approvals from other Escambia County Departments may be required.
- Page 29: Defines the Wind Speed Map designations and the requirements for each area.
- Page 31: Provides that contractors who build the same exact structure at different locations to provide a master plan instead of submitting individual plans for each project.
- Page 44: Allows for the Building Official to accept inspection affidavits from independent inspectors and/or recognized inspection services.
- Page 50: Allows for the Building Official to accept inspection affidavits from Architects and Engineers.

  (Affidavits mentioned on Page 44 and 50 are used to certify compliance of work that was done without permitting, already covered, and unable to be inspected by Building Services.)

ORDINANCE 2020-_____

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, REPEALING AND REPLACING IN ITS ENTIRETY CHAPTER 14 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, ENTITLED "BUILDINGS AND BUILDING REGULATIONS;" PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Escambia County finds that repealing and replacing in its entirety Chapter 14 of the Escambia County Code of Ordinances, entitled "Buildings and Building Regulations," is in the best interest of the County and its citizens;

WHEREAS, the Board of County Commissioners further finds that the proposed repeal and replace serves as an important public purpose;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AS FOLLOWS:

Section 1. That Chapter 14 of the Escambia County Code of Ordinances is hereby repealed and replaced to read as follows:

Chapter 14 - BUILDINGS AND BUILDING REGULATIONS

ARTICLE I. GENERAL

Secs. 14-1—14-25. Reserved.

ARTICLE II. BUILDING CODE

Sec. 14-26. Adoption.

The Florida Building Code is hereby deemed adopted pursuant to the latest Florida Statutes Chapter 553 and incorporated fully as if set out at length herein.

Sec. 14-27. Escambia County amendments to chapter 1 of the Florida Building Code.

The Florida Building Code adopted in Section 14-26 is hereby amended as set forth in Article III through Article XIX.

DRAFT

ARTICLE III. ADMINISTRATION

Sec. 14-28. Title.

(a) These Escambia County regulations, along with the current edition of the Florida Building Code as implemented by the State of Florida shall hereinafter be referred to as "this code."

(b) The Director of the Escambia County Building Services Department shall hereinafter be referred to as the "Building Official."

(c) The Building Official may delegate duties and responsibilities to properly licensed personnel as needed.

Sec. 14-29. Scope.

(a) The provisions of this code shall apply to the construction, alteration, relocation, enlargement, replacement, repair, equipment, use and occupancy, location, maintenance, removal and demolition of buildings or structures or any appurtenances connected or attached to such buildings or structures.

(b) Exception: Detached one and two-family dwellings and multiple single-family dwellings (townhouses) not more than three stories above grade plane in height with a separate means of egress and their accessory structures not more than three stories above grade plane in height, shall comply with the Florida Building Code, Residential.

(c) Florida Building Code, Residential construction standards or practices which are not covered by Florida Building Code, Residential volume shall be in accordance with the provisions of Florida Building Code, Building.

Sec. 14-30. Intent.

The purpose of this code is to establish the minimum requirements to safeguard the public health, safety and general welfare through structural strength, means of egress facilities, stability, sanitation, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment and to provide safety to fire fighters and emergency responders during emergency operations.

Sec. 14-31. Quality control.

Quality control of materials and workmanship is not within the purview of this code except as it relates to the purposes stated herein.

DRAFT

Sec. 14-32. Warranty and liability.

The permitting, plan review or inspection of any building, system or plan by the Escambia County Building Services Department, under the requirements of this code, shall not be construed in any court as a warranty of the physical condition of such building, system or plan or their adequacy. Escambia County or its employees shall not be liable in tort for damages or hazardous or illegal condition or inadequacy in such building, system or plan, nor for any failure of any component of such, which may occur subsequent to such inspection or permitting.

Sec. 14-33. Referenced codes.

Other codes listed in Secs. 14-34 through 14-42 and referenced elsewhere in this code shall be considered part of the requirements of this code to the prescribed extent of each such reference.

Sec. 14-34. Gas.

The provisions of the Florida Building Code, Fuel Gas shall apply to the installation of gas piping from the point of delivery, gas appliances and related accessories as covered in this code. These requirements apply to gas piping systems extending from the point of delivery to the inlet connections of appliances and the installation and operation of residential and commercial gas appliances and related accessories.

Sec. 14-35. Mechanical.

The provisions of the Florida Building Code, Mechanical shall apply to the installation, alteration, repair and replacement of mechanical systems, including equipment, appliances, fixtures, fittings and/or appurtenances, including ventilating, heating, cooling, air-conditioning and refrigeration systems, incinerators and other energy-related systems.

Sec. 14-36. Plumbing.

The provisions of the Florida Building Code, Plumbing shall apply to the installation, alteration, repair and replacement of plumbing systems, including equipment, appliances, fixtures, fittings and appurtenances, and where connected to a water or sewage system and all aspects of a medical gas system.

Sec. 14-37. Property maintenance.

Reserved.

DRAFT

Sec. 14-38. Fire prevention.

For provisions related to fire prevention, refer to the Florida Fire Prevention Code. The Florida Fire Prevention Code shall apply to matters affecting or relating to structures, processes and premises from the hazard of fire and explosion arising from the storage, handling, or use of structures, materials or devices; from conditions hazardous to life, property or public welfare in the occupancy of structures or premises; and from the construction, extension, repair, alteration or removal of fire suppression, automatic sprinkler systems and alarm systems or fire hazards in the structure or on the premises from occupancy or operation.

Sec. 14-39. Energy.

The provisions of the Florida Building Code, Energy Conservation, shall apply to all matters governing the design and construction of buildings for energy efficiency.

Sec. 14-40. Existing buildings.

The provisions of the Florida Existing Building Code shall apply to matters governing the repair, alteration, change of occupancy, addition to and relocation of existing buildings.

Sec. 14-41. Accessibility.

For provisions related to accessibility, refer to the Florida Building Code, Accessibility.

Sec. 14-42. Manufactured buildings.

For additional administrative and special code requirements, see Section 458, Florida Building Code and Rule 61-41, Florida Administrative Code.

ARTICLE IV. APPLICABILITY

Sec. 14-43. General.

(a) Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable. Where, in any specific case, different sections of this code specify different materials, methods of construction or other requirements, the most restrictive shall govern.

(b) The Florida Building Code does not apply to, and no code enforcement action shall be brought with respect to, zoning requirements, land use requirements and owner specifications or programmatic requirements which do not pertain to and govern the design, construction, erection, alteration, modification, repair

DRAFT

or demolition of public or private buildings, structures or facilities or to programmatic requirements that do not pertain to enforcement of the Florida Building Code. Additionally, a local code enforcement agency may not administer or enforce the Florida Building Code, Building, to prevent the siting of any publicly owned facility, including, but not limited to, correctional facilities, juvenile justice facilities, or state universities, community colleges, or public education facilities, as provided by law.

Sec. 14-44. Building.

The provisions of the Florida Building Code shall apply to the construction, erection, alteration, modification, repair, equipment, use and occupancy, location, maintenance, removal and demolition of every public and private building, structure or facility, or any appurtenances connected or attached to such buildings, structures or facilities. Additions, alterations, repairs and changes of use or occupancy group in all buildings and structures shall comply with the provisions provided in the Florida Building Code, Existing Building. The following buildings, structures and facilities, except for those located in a Special Flood Hazard Area are exempt from the Florida Building Code as provided by law, and any further exemptions shall be as determined by the legislature and provided by law:

(a) Building and structures specifically regulated and preempted by the federal government.

(b) Railroads and ancillary facilities associated with the railroad.

(c) Nonresidential farm buildings on farms. Application for exemption must be completed and approved.

(d) Temporary buildings or sheds used exclusively for construction purposes.

(e) Mobile or modular structures used as temporary offices, except that the provisions of Part II (Section 553.501-553.513, Florida Statutes, as amended) relating to accessibility by persons with disabilities shall apply to such mobile or modular structures. Permits shall be required for structural support and tie down, electric supply and all other such utility connections to such mobile or modular structures as required by this jurisdiction.

(f) Those structures or facilities of electric utilities, as defined in Section 366.02, Florida Statutes, as amended, which are directly involved in the generation, transmission, or distribution of electricity.

(g) Temporary sets, assemblies, or structures used in commercial motion picture or television production, or any sound-recording equipment used in such production, on or off the premises.

DRAFT

(h) Chickees constructed by the Miccosukee Tribe of Indians of Florida or the Seminole Tribe of Florida. As used in this paragraph, the term “chickee” means an open-sided wooden hut that has a thatched roof of palm or palmetto or other traditional materials, and that does not incorporate any electrical, plumbing, or other non-wood features.

(i) Family mausoleums not exceeding 250 square feet (23 m^2) in area which are prefabricated and assembled on site or preassembled and delivered on site and have walls, roofs, and a floor constructed of granite, marble, or reinforced concrete.

(j) Temporary housing provided by the Department of Corrections to any prisoner in the state correctional system.

(k) A building or structure having less than 1,000 square feet (93 m^2) which is constructed and owned by a natural person for hunting and which is repaired or reconstructed to the same dimension and condition as existed on January 1, 2011, if the building or structure: (1) is not rented or leased or used as a principal residence; (2) is not located within the 100-year floodplain according to the Federal Emergency Management Agency’s current Flood Insurance Rate Map; and (3) is not connected to an off-site electric power or water supply.

Sec. 14-45. Additional requirements.

In addition to the requirements of Section 553.79 and 553.80, Florida Statutes, as amended, facilities subject to the provisions of Chapter 395, Florida Statutes, as amended, and Part II of Chapter 400, Florida Statutes, as amended, shall have facility plans reviewed and construction surveyed by the state agency authorized to do so under the requirements of Chapter 395, Florida Statutes, as amended, and Part II of Chapter 400, Florida Statutes, as amended, and the certification requirements of the federal government.

Sec. 14-46. Moved buildings.

Moved buildings shall comply with the current edition of the Florida Building Code, Existing Building and this code. A building or part of any building shall not be moved through or across any sidewalk, street, alley or highway or from one foundation to another on the same lot within the county without first obtaining a permit from the Building Official.

Sec. 14-47. Application to move building.

A written application shall be filed with the Building Official by any person desiring to move a building setting forth the following information:

(1) Type and kind of building to be moved.

DRAFT

(2) Market value of the building.

(3) Overall dimensions of the building including, length, height and width.

(4) Present location as well as proposed new location by subdivision, parcel ID and address.

(5) Date and approximate time such building will be upon the streets and contemplated route that will be taken from the present location to the new location.

(6) List of all roads and streets to be traversed and, if travel is over a state-owned right-of-way, provide a copy of state department of transportation approved permit.

Sec. 14-48. Compliance of moved buildings.

Buildings or structures moved into or within Escambia County, Florida shall not be required to be brought into compliance with the state minimum building code in force at the time the building or structure is moved, provided:

1. The building or structure is structurally sound and is determined by a licensed Engineer to have no substantial structural damage as defined in the Florida Building Code, Existing Building.

2. The occupancy use classification for the building or structure is not changed as a result of the move;

3. The building is not substantially remodeled;

4. Current fire code requirements for ingress and egress are met;

5. Electrical, gas and plumbing systems meet the codes in force at the time of construction and are operational and safe for reconnection; and

6. Foundation plans are sealed by a professional engineer or architect licensed to practice in the State of Florida.

The Building Official shall apply the same standard to a moved residential building or structure as that applied to the remodeling of any comparable residential building or structure to determine whether the moved structure is substantially remodeled. The cost of the foundation on which the moved building or structure is placed shall not be included in the cost of remodeling for purposes of determining whether a moved building or structure has been substantially remodeled.

DRAFT

Sec. 14-49. Required notice.

The permit applicant shall provide written proof to the Building Official that the applicant has:

(1) Notified all fire departments through whose areas the building is to be moved.

(2) Notified all utility companies.

(3) Notified the county engineer.

(4) Notified Escambia County Sheriff's Department.

(5) Notified all other affected property owners that a building or structure is to be moved.

Sec. 14-50. Content of notice.

Notice shall be given to the responsible person for each activity listed and as a minimum shall include the dimensions of the building or structure, the time of departure, the route to be traveled, and estimated time of completion. Any lines, poles, trees, fences or other obstruction which must be moved shall not be moved until agreement is reached with the owner or responsible party as to how it is to be done.

Sec. 14-51. Permits required.

Application for the moving permit shall be accompanied by an application for a building permit, accompanied by complete plans and specifications showing the changes or conditions of such house, building, or structure as such house, building or structure is proposed to be when moving and all contemplated improvements, signed by the owner or the owner's agent.

Sec. 14-52. Jurisdiction of state agencies.

This section does not apply to the jurisdiction and authority of the Department of Agriculture and Consumer Services to inspect amusement rides or the Department of Financial Services to inspect state-owned buildings and boilers.

Sec. 14-53. Advisory board exemptions from the Florida Building Code.

(a) The Escambia County Building Services Department and the Building Official shall have an advisory board, the composition of which shall be determined by Article XV of this code.

DRAFT

(b) At its own option and at the recommendation of the advisory board, the Escambia County Board of County Commissioners may grant the advisory board the authority to grant an owner of a single-family residence one or more of the following exemptions from the Florida Building Code relating to:

1. Drawings certified by a State of Florida licensed Design Professional for an addition, alteration, or repairs performed by the property owner upon his or her own property, provided any addition or alteration shall not exceed 1,000 square feet (93 m^2) or the square footage of the primary structure, whichever is less.

2. Addition, alteration, or repairs by a non-owner within a specific cost limitation set by rule, provided the total cost shall not exceed $5,000 within any 12-month period.

3. Building and inspection fees.

(c) However, the exemptions under subparagraph (b) do not apply to single-family residences that are located in mapped flood hazard areas, as defined in the code, unless the Escambia County Building Services Department has determined that the work, which is otherwise exempt, does not constitute a substantial improvement, including the repair of substantial damage, of such single-family residences.

(d) Each code exemption, as defined in sub-subparagraphs (b)1, (b)2, and (b)3 shall be certified by the advisory board 10 days prior to implementation and shall only be effective in the territorial jurisdiction of Escambia County, Florida.

Sec. 14-54. Playground equipment.

(a) This Article does not apply to swings and other playground equipment accessory to a one or two-family dwelling.

(b) Exception: Electrical service to such playground equipment shall be in accordance with Chapter 27 of the Florida Building Code, Building.

Sec. 14-55. Application of references.

References to chapter or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such chapter, section or provision of this code.

Sec. 14-56. Referenced codes and standards.

The codes and standards referenced in this code shall be considered part of the requirements of this code to the prescribed extent of each such reference and as further regulated in Secs. 14-57 and 14-58.

DRAFT

Sec. 14-57. Conflicts.

Where conflicts occur between provisions of this code and referenced codes and standards, the provisions of this code shall apply.

Sec. 14-58. Provisions in referenced codes and standards.

Where the extent of the reference to a referenced code or standard includes subject matter that is within the scope of this code or the Florida Codes listed in Sec. 14-33, the provisions of this code or the Florida Codes listed in Sec. 14-33, as applicable, shall take precedence over the provisions in the referenced code or standard.

Sec. 14-59. Partial invalidity.

In the event that any part or provision of this code is held to be illegal or void, this shall not have the effect of making void or illegal any of the other parts or provisions.

Sec. 14-60. Existing structures.

The legal occupancy of any structure existing on the date of adoption of this code shall be permitted to continue without change, except as is specifically covered in this code, the Florida Building Code, Existing Building, and the Florida Fire Prevention Code.

Sec. 14-61. Buildings not previously occupied.

A building or portion of a building that has not been previously occupied or used for its intended purpose in accordance with the laws in existence at the time of its completion shall comply with the provisions of the Florida Building Code or Florida Residential Code, as applicable, for new construction or with any current permit for such occupancy.

Sec. 14-62. Buildings previously occupied.

The legal occupancy of any building existing on the date of adoption of this code shall be permitted to continue without change, except as otherwise specifically provided in this code, the Florida Fire Prevention Code or as is deemed necessary by the Building Official for the general safety and welfare of the occupants and the public.

Sec. 14-63. Relocation of manufactured buildings.

(1) Relocation of an existing manufactured building does not constitute an alteration.

(2) A relocated building shall comply with wind speed requirements of the new location, using the appropriate wind speed map. If the existing building was manufactured in compliance with the Standard Building Code (prior to March 1, 2002), the wind speed map of the Standard Building Code shall be applicable. If the existing building was manufactured in compliance with the Florida Building

DRAFT

Code (after March 1, 2002), the wind speed map of the Florida Building Code shall be applicable.

(3) A relocated building shall comply with the flood hazard area requirements of the new location, if applicable.

Sec. 14-64. Existing mechanical equipment.

The Escambia County Building Services Department will not require that existing mechanical equipment located on or above the surface of a roof be installed in compliance with the requirements of the Florida Building Code except during reroofing when the equipment is being replaced or moved during reroofing and is not in compliance with the provisions of the Florida Building Code relating to roof-mounted mechanical units.

ARTICLE V. DEPARTMENT OF BUILDING SERVICES

Sec. 14-65. General.

The Escambia County Building Services Department is hereby recognized as the enforcement agency of building regulations in the jurisdiction of Escambia County, Florida and the official in charge thereof shall be known as the Director of Building Services/Building Official.

Sec. 14-66. Appointment.

The Director of Building Services/Building Official shall be appointed by the Escambia County Administrator.

Sec. 14-67. Deputies.

In accordance with the prescribed procedures of Escambia County and with the concurrence of the Escambia County Administrator, the Building Official shall have the authority to appoint a deputy Building Official, related technical officers, inspectors, plan examiners, floodplain administrator and other employees. Such employees shall have powers as delegated by the Building Official.

ARTICLE VI. DUTIES AND POWERS OF BUILDING OFFICIAL

Sec. 14-68. General.

The Building Official is hereby authorized and directed to enforce the provisions of this code. The Building Official shall have the authority to render interpretations of this code and to adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this code. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this code.

Sec. 14-69. Applications and permits.

The Building Official or designee shall receive applications, review construction documents and issue permits for the erection, and alteration, demolition and

DRAFT

moving of buildings and structures, inspect the premises for which such permits have been issued and enforce compliance with the provisions of this code.

Sec. 14-70. Determination of substantially improved or substantially damaged existing buildings and structures in flood hazard areas.

For applications for reconstruction, rehabilitation, repair, alteration, addition or other improvement of existing buildings or structures located in flood hazard areas, the Building Official or the floodplain administrator shall determine if the proposed work constitutes substantial improvement or repair of substantial damage. Where the Building Official or floodplain administrator determines that the proposed work constitutes substantial improvement or repair of substantial damage, and where required by this code, the Building Official or floodplain administrator shall require the building to meet the requirements of Section 1612 of the Florida Building Code, Building.

Sec. 14-71. Notices and orders.

The Building Official or designee shall issue all necessary notices or orders to ensure compliance with this code.

Sec. 14-72. Inspections.

The Building Official or designee shall make all of the required inspections, or the Building Official shall have the authority to accept Reports Affidavits of inspection by approved agencies, individuals or State of Florida licensed design professionals. Reports Affidavits of such inspection shall be in writing and be certified by the responsible officer of such approved agency or by the responsible individual design professional. The Building Official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the Escambia County Administrator.

Sec. 14-73. Identification.

The Building Official or designee shall carry proper identification when inspecting structures or premises in the performance of duties under this code.

Sec. 14-74. Right of entry.

Where it is necessary to make an inspection to enforce the provisions of this code, or where the Building Official or designee has reasonable cause to believe that there exists in a structure or upon a premises a condition which is contrary to or in violation of this code which makes the structure or premises unsafe, dangerous or hazardous, the Building Official or designee is authorized to enter the structure or premises at reasonable times to inspect or to perform the duties imposed by this code, provided that if such structure or premises be occupied that credentials be presented to the occupant and entry requested. If such structure or premises is unoccupied, the Building Official or designee shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the Building Official or designee shall have recourse to the remedies provided by law to secure entry.

DRAFT

Sec. 14-75. Department records.

The Building Official or designee shall keep official records of applications received, permits and certificates issued, fees collected, reports of inspections, and notices and orders issued. Such records shall be retained in the official records for the period required for retention of public records per Chapter 119 of the Florida Statutes, as amended.

Sec. 14-76. Approved materials and equipment.

Materials, equipment and devices approved by the Building Official shall be constructed and installed in accordance with such approval.

Sec. 14-77. Used materials and equipment.

The use of used materials which meet the requirements of this code for new materials is permitted. Used equipment and devices shall not be reused unless approved by the Building Official.

Sec. 14-78. Modifications.

Wherever there are practical difficulties involved in carrying out the provisions of this code, the Building Official shall have the authority to grant modifications for individual cases, upon application of the owner or owner's representative, provided the Building Official shall first find that special individual reason makes the strict letter of this code impractical and the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, accessibility, life and fire safety, or structural requirements. The details of action granting modifications shall be recorded and entered in the files of the department of building safety, i.e., the Escambia County Building Services Department.

Sec. 14-79. Flood hazard areas.

The Building Official shall coordinate with the floodplain administrator to review requests submitted to the Building Official that seek approval to modify the strict application of the flood resistant construction requirements of the Florida Building Code to determine whether such requests require the granting of a variance pursuant to Sec. 14-221.

Sec. 14-80. Alternative materials, design and methods of construction and equipment.

The provisions of this code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material, design or method of construction shall be approved where the Building Official finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, not less than the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety. Where the alternative material, design or method of construction is not approved,

DRAFT

the Building Official shall respond in writing, stating the reasons why the alternative was not approved.

Sec. 14-81. Research reports.

Supporting data, where necessary to assist in the approval of materials or assemblies not specifically provided for in this code, shall consist of valid research reports from approved sources.

Sec. 14-82. Tests as evidence of compliance.

Whenever there is insufficient evidence of compliance with the provisions of this code, or evidence that a material or method does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or methods, the Building Official shall have the authority to require tests as evidence of compliance to be made at no expense to Escambia County. Test methods shall be as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the Building Official shall approve the testing procedures. Tests shall be performed by an approved agency. Reports of such tests shall be retained by the Building Official for the period required for retention of public records.

Sec. 14-83. Requirements not covered by code.

Any requirements necessary for strength, stability or proper operation of an existing or proposed building, structure, electrical, gas, mechanical or plumbing system, or for the public safety, health and general welfare, not specifically covered by this or other technical codes, shall be determined by the Building Official.

ARTICLE VII. PERMITS

Sec. 14-84. Required.

Any owner or owner's authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any impact-resistant coverings, electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the Escambia County Building Services Department and obtain the required permit.

Sec. 14-85. Annual facility permit.

Licensed Division II Contractors as defined in Florida Statutes 489.105 (as amended) as an option, may apply for an annual facility permit in lieu of standard individual permits for work to be performed on existing systems and or facilities. The Escambia County Building Services Department will issue an annual permit for routine or emergency service to install, repair, refurbish, replace, or move systems and or system components that are within the scope of eligible work established by the Escambia County Contractor Competency Board and/or the Escambia County Board of Electrical Examiners. Work performed must be within

DRAFT

the allowable scope of the Division II Contractor's license(s) according to Florida Statutes 489.105, as amended. Contractors must give notice to the owner that their project will be handled through an annual permit. The Building Official shall retain the right to make inspections at the site as deemed necessary. An annual facilities permit shall be assessed with a fee set by Escambia County Board of County Commissioners resolution and shall be valid for one year from date of issuance. When work is finished, the contractor shall complete an affidavit of compliance provided by the Escambia County Building Services Department for each individual project. All affidavits shall be submitted to the Escambia County Building Services Department no more than 30 days after the project is complete. Each affidavit accepted shall be assessed a recording fee. Individual projects are defined by separate addresses.

Any license holder who participates in the annual permit program is subject to removal from the program as a result of disciplinary action by the Escambia County Contractor Competency Board or the Escambia County Board of Electrical Examiners.

Sec. 14-86. Annual Facility permit records.

The person to whom an annual permit is issued shall keep a detailed record of work performed or alterations made under such annual permit. The Building Official shall have access to such records at all times or such records shall be filed with the Escambia County Building Services Department, as designated.

Sec. 14-87. Food permit.

In accordance with section 500.12, Florida Statutes, as amended, a food permit from the Department of Agriculture and Consumer Services is required of any person who operates a food establishment or retail store.

Sec. 14-88. Public swimming pool.

The Escambia County Building Services Department may not issue a building permit to construct, develop, or modify a public swimming pool without proof of application, whether complete or incomplete, for an operating permit pursuant to Section 514.031, Florida Statutes, as amended. A certificate of completion or occupancy may not be issued until such operating permit is issued. The Escambia County Building Services Department shall conduct their review of the building permit application upon filing and in accordance with Chapter 553, Florida Statutes, as amended. The Escambia County Building Services Department may confer with the Department of Health, if necessary, but may not delay the building permit application review while awaiting comment from the Department of Health.

Sec. 14-89. Work exempt from permit.

Exemptions from permit requirements of this code shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this code or any other laws or ordinances of Escambia County, to include work in any special flood hazard area. Exemptions granted under this section do not

DRAFT

relieve the owner or contractor from their duty to comply with applicable provisions of the Florida Building Code, and requirements of the local floodplain management ordinance. Permits shall not be required for the following:

(a) Building:

1. One-story detached accessory structures used as tool and storage sheds, playhouses and similar uses, provided the floor area does not exceed 120 square feet.

2. At the owner's option, portable one-story detached residential storage sheds not exceeding 400 square feet that do not contain plumbing, electrical, mechanical or gas, may qualify for permit exemption. An application for permit exemption must be completed, reviewed and approved to qualify. For the purposes of this Article, a portable building is a structure including its foundation that sits atop finished ground level or final grade without extending below finished ground level or final grade. A portable building shall have and maintain the capability of being moved without the use of heavy equipment or demolition. A portable building shall be anchored to meet the wind resistance requirements of the current Florida Building Code for the structure's location. This description does not preclude the relevance of other appropriate requirements.

2. Fences of light-frame construction not over 10 feet high. Exemption does not include land use approval from Development Services.

3. Oil derricks.

4. Retaining walls that are not over 4 feet in height measured from the bottom of the footing to the top of the wall, unless supporting a surcharge or impounding Class I, II or IIIA liquids.

5. Water tanks supported directly on grade if the capacity does not exceed 5,000 gallons and the ratio of height to diameter or width does not exceed 2:1.

6. Sidewalks not more than 30 inches above adjacent grade, and not over any basement or story below and are not part of an accessible route.

7. Painting, papering, tiling, carpeting, cabinets, counter tops and similar finish work.

8. Temporary motion picture, television and theater stage sets and scenery.

9. Prefabricated swimming pools accessory to a Group R-3 occupancy that are less than 24 inches deep, do not exceed 5,000 gallons and are installed entirely above ground.

10. Shade cloth structures constructed for nursery or agricultural purposes, not including service systems.

DRAFT

11. Swings and other playground equipment accessory to detached one- and two-family dwellings.

12. Window awnings supported by an exterior wall that do not project more than 54 inches from the exterior wall and do not require additional support of Groups R-3 and U occupancies.

13. Non-fixed and movable fixtures, cases, racks, counters and partitions not over 5 feet 9 inches (1753 mm) in height.

14. Floating Structures.

(b) Electrical:

Repairs and maintenance: Minor repair work, including the replacement of light fixtures, switches, receptacle outlets or the connection of approved portable electrical equipment to approved permanently installed receptacles.

Radio and television transmitting stations: The provisions of this code shall not apply to electrical equipment used for radio and television transmissions but do apply to equipment and wiring for a power supply and the installations of towers and antennas.

Temporary testing systems: A permit shall not be required for the installation of any temporary system required for the testing or servicing of electrical equipment or apparatus.

(c) Gas:

1. Portable heating appliance.

2. Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.

(d) Mechanical:

1. Portable heating appliance.

2. Portable ventilation equipment.

3. Portable cooling unit.

4. Steam, hot or chilled water piping within any heating or cooling equipment regulated by this code.

5. Replacement of any part that does not alter its approval or make it unsafe.

6. Portable evaporative cooler.

7. Self-contained refrigeration system containing 10 pounds (5 kg) or less of refrigerant and actuated by motors of 1 horsepower (746 W) or less.

DRAFT

8. The installation, replacement, removal or metering of any load management control device.

(e) Plumbing:

1. The stopping of leaks in drains, water, soil, waste or vent pipe, provided, however, that if any concealed trap, drain pipe, water, soil, waste or vent pipe becomes defective and it becomes necessary to remove and replace the same with new material, such work shall be considered as new work and a permit shall be obtained and inspection made as provided in this code.

2. The clearing of stoppages or the repairing of leaks in pipes, valves or fixtures and the removal and reinstallation of water closets, provided such repairs do not involve or require the replacement or rearrangement of valves, pipes or fixtures.

3. Dishwasher changeout of the same type that does not involve new plumbing.

4. Under sink waste/garbage disposal changeout that does not involve new plumbing.

Sec. 14-90. Emergency repairs.

Where equipment replacements and repairs must be performed in an emergency situation, the permit application shall be submitted within the next working business day to the Building Official.

Sec. 14-91. Minor repairs.

Ordinary minor repairs may be made with the approval of the Building Official without a permit, provided the repairs shall not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or load-bearing support, or the removal or change of any required means of egress, or rearrangement of parts of a structure affecting the egress requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring systems or mechanical equipment or other work affecting public health or general safety, and such repairs shall not violate any of the provisions of the technical codes.

Sec. 14-92. Public service agencies.

A permit shall not be required for the installation, alteration or repair of generation, transmission, distribution or metering or other related equipment that is under the ownership and control of public service agencies by established right.

DRAFT

Sec. 14-93. Application for permit.

To obtain a permit, the applicant shall first file an application in writing or online as provided by the Escambia County Building Services Department for the purpose described by the applicant.

Permit application must comply with the requirements of Section 713.135(5) and (6), Florida Statutes, as amended.

Each application shall be inscribed with the date of application, and the code in effect as of that date. For a building permit for which an application is submitted prior to the effective date of the Florida Building Code, the state minimum building code in effect on the date of the application governs the permitted work for the life of the permit and any extension granted to the permit.

Sec. 14-94. Action on application.

The Building Official or designee shall examine or cause to be examined applications for permits and amendments thereto within a reasonable time after filing. If the application or the construction documents do not conform to the requirements of pertinent laws, the Building Official or designee shall reject such application in writing, stating the reasons therefor. If the Building Official is satisfied that the proposed work conforms to the requirements of this code and laws and ordinances applicable thereto, the Building Official or designee shall issue a permit therefor as soon as practicable. When authorized through contractual agreement with a school board, in acting on applications for permits, the Building Official or designee shall give first priority to any applications for the construction of, or addition or renovation to, any school or educational facility.

Sec. 14-95. Application by state university, Florida college or public school district.

If a state university, Florida college or public school district elects to use the Escambia County Building Services Department, fees charged by the Escambia County Building Services Department for enforcement of the Florida Building Code on buildings, structures, and facilities of state universities, state colleges, and public school districts shall not be more than the actual labor and administrative costs incurred for plans review and inspections to ensure compliance with the code.

Sec. 14-96. Documentation required prior to issuance of permit.

No permit may be issued for any building construction, erection, alteration, modification, repair, or addition unless the applicant for such permit provides to the Escambia County Building Services Department any of the following documents which apply to the construction for which the permit is to be issued and which shall be prepared by or under the direction of an engineer registered under Chapter 471, Florida Statutes, as amended:

1. Plumbing documents for any new building or addition which requires a plumbing system with more than 250 fixture units or which costs more than $125,000.

DRAFT

2. Fire sprinkler documents for any new building or addition which includes a fire sprinkler system which contains 50 or more sprinkler heads. Personnel as authorized by chapter 633 Florida Statutes, as amended, may design a fire sprinkler system of 49 or fewer heads and may design the alteration of an existing fire sprinkler system if the alteration consists of the relocation, addition or deletion of not more than 49 heads, notwithstanding the size of the existing fire sprinkler system.

3. Heating, ventilation, and air-conditioning documents for any new building or addition which requires more than a 15-ton-per-system capacity which is designed to accommodate 100 or more persons or for which the system costs more than $125,000. This paragraph does not include any document for the replacement or repair of an existing system in which the work does not require altering a structural part of the building or for work on a residential one, two, three or four-family structure.

An air-conditioning system may be designed by an installing air-conditioning contractor certified under Chapter 489, Florida Statutes, as amended, to serve any building or addition which is designed to accommodate fewer than 100 persons and requires an air-conditioning system with a value of $125,000 or less; and when a 15-ton-per system or less is designed for a singular space of a building and each 15-ton system or less has an independent duct system. Systems not complying with the above require design documents that are to be sealed by a professional engineer.

4. Any specialized mechanical, electrical, or plumbing document for any new building or addition which includes a medical gas, oxygen, steam, vacuum, toxic air filtration, halon, or fire detection and alarm system which costs more than $5,000.

5. Electrical documents. See Florida Statutes 471.003(2)(h), as amended. Any electrical or plumbing or air-conditioning and refrigeration system meeting the following thresholds are required to be designed by a Florida Registered Engineer. The system, requires an electrical system with a value of over $125,000; and Requires an aggregate service capacity of over 600 amperes (240 volts) on a residential electrical system or over 800 amperes (240 volts) on a commercial or industrial electrical system.

Documents requiring an engineer seal by this part shall not be valid unless a professional engineer who possesses a valid certificate of registration has signed, dated, and stamped such document as provided in Section 471.025, Florida Statutes, as amended.

6. All public swimming pools and public bathing places defined by and regulated under Chapter 514, Florida Statutes, as amended.

Sec. 14-97. Time limitation of application.

An application for a permit for any proposed work shall be deemed to have been abandoned becoming null and void 180 days after the date of filing, unless such

DRAFT

application has been pursued in good faith or a permit has been issued; except that the Building Official is authorized to grant one or more extensions of time for additional periods not exceeding 90 days each. The extension shall be requested in writing and justifiable cause demonstrated.

Sec. 14-98. Notice of additional restrictions.

The Escambia County Building Services Department may not issue a building permit for any building construction, erection, alteration, modification, repair or addition unless the permit either includes on its face or there is attached to the permit the following statement: "NOTICE: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional permits required from other governmental entities such as water management districts, state agencies, or federal agencies."

Sec. 14-99. Timeframe for issuance of building permit for single-family residential dwellings.

A building permit for a single-family residential dwelling must be issued within 30 working days of application therefor unless unusual circumstances require a longer time for processing the application or unless the permit application fails to satisfy the Florida Building Code or Escambia County ordinances.

Sec. 14-100. Identification of minimum premium policy.

Except as otherwise provided in Chapter 440, Florida Statutes, Workers' Compensation, every employer shall, as a condition to receiving a building permit, show proof that it has secured compensation for its employees as provided in Section 440.10 and 440.38, Florida Statutes, as amended.

Sec. 14-101. Asbestos removal.

This section applies to the moving, removal or disposal of asbestos-containing materials on a residential building where the owner occupies the building, the building is not for sale or lease, and the work is performed according to the owner-builder limitations provided in this paragraph. To qualify for exemption under this paragraph, an owner must personally appear and sign the building permit application. The permitting agency shall provide the person with a disclosure statement in substantially the following form:

Disclosure Statement: State law requires asbestos abatement to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement contractor even though you do not have a license. You must supervise the construction yourself. You may move, remove or dispose of asbestos-containing materials on a residential building where you occupy the building and the building is not for sale or lease, or the building is a farm outbuilding on your property. If you sell or lease such building within 1 year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the

DRAFT

property at the time the work was done, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. Your work must be done according to all local, state and federal laws and regulations which apply to asbestos abatement projects. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances.

Sec. 14-102. Applicable code for manufactured buildings.

Manufacturers should be permitted to complete all buildings designed and approved prior to the effective date of a new code edition, provided a clear signed contract is in place. The contract shall provide specific data mirroring that required by an application for permit, specifically, without limitation, date of execution, building owner or dealer, and anticipated date of completion. However, the construction activity must commence within 6 months of the contract's execution. The contract is subject to verification by the Department of Business and Professional Regulation.

Sec. 14-103. Public right of way.

A permit shall not be issued by the Escambia County Building Services Department for the construction of any building, or for the alteration of any building where said building is to be changed and such change will affect the exterior walls, bays, balconies, or other appendages or projections fronting on any street, alley or public lane, or for the placing on any lot or premises of any building or structure removed from another lot or premises, unless the applicant has received a right of way permit from the authority having jurisdiction over the street, alley or public lane

Sec. 14-104. Conditions of the permit.

The issuance or granting of a permit shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this code or of any other ordinance of Escambia County. Permits presuming to give authority to violate or cancel the provisions of this code or other ordinances of Escambia County shall not be valid. The issuance of a permit based on construction documents and other data shall not prevent the Building Official or designee from requiring the correction of errors in the construction documents and other data. The Building Official or designee is also authorized to prevent occupancy or use of a structure where in violation of this code or of any other ordinances of Escambia County.

Sec. 14-105. Permit intent.

A permit issued shall be construed to be a license to proceed with the work and not as authority to violate, cancel, alter or set aside any of the provisions of the technical codes, nor shall issuance of a permit prevent the Building Official or designee from thereafter requiring a correction of errors in plans, construction or violations of this code. Every permit issued shall become invalid unless the work authorized by such permit is commenced within six months after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of six months after the time the work is commenced.

DRAFT

Sec. 14-106. New permit required after lack of progress or abandonment.

If work has commenced and the permit is revoked, becomes null and void, or expires because of lack of progress or abandonment, a new permit covering the proposed construction shall be obtained before proceeding with the work.

Sec. 14-107. Failure to obtain new permit.

If a new permit is not obtained within 180 days from the date the initial permit became null and void, the Building Official or designee is authorized to require that any work which has been commenced or completed be removed from the building site. Alternately, a new permit may be issued on application, providing the work in place and required to complete the structure meets all applicable regulations in effect at the time the initial permit became null and void and any regulations which may have become effective between the date of expiration and the date of issuance of the new permit.

Sec. 14-108. Work in progress.

Work shall be considered to be in active progress when the permit has received an approved inspection within 180 days. This provision shall not be applicable in case of civil commotion or strike or when the building work is halted due directly to judicial injunction, order or similar process.

Sec. 14-109. Renewal and extension fees.

The fee for renewal, reissuance and extension of a permit shall be set by the Escambia County Board of County Commissioners.

Sec. 14-110. Expiration.

Every permit issued shall become invalid unless the work on the site authorized by such permit is commenced within 180 days after its issuance, or if the work authorized on the site by such permit is suspended or abandoned for a period of 180 days after the time the work is commenced the permit holder and property owner shall be responsible to either complete all work in accordance with the permitted plans and inspection or remove any partially completed work in a safe and code compliant manner. The Building Official or designee is authorized to grant, in writing, one or more extensions of time, for periods not more than 180 days each. The extension shall be requested in writing and justifiable cause demonstrated as determined by the Building Official or designee.

Sec. 14-111. Effect of expired or inactive permits.

The Building Official or designee is authorized to reject new permit applications from a contractor who holds more than 5 expired or inactive permits.

Sec. 14-112. Closed permits.

For the purposes of this subsection, a closed permit shall mean a permit for which all requirements for completion have been satisfied or a permit that has been administratively closed by the Building Official or designee.

DRAFT

Sec. 14-113. Open permits.

For the purposes of this subsection, an open permit shall mean a permit that has not satisfied all requirements for completion as defined in 14-114.

Sec. 14-114. Administrative closure of permits.

The Building Official is authorized to administratively close expired or inactive trade permits after 2 years of expiration when no safety hazard exists, and no code violations have been previously identified.

Sec. 14-115. Closing out or resolving permits.

Closing out or resolving open or expired permits shall be the responsibility of the permit applicant and the property owner. Failure to close out or resolve open permits may be reported to the proper authority by the Building Official.

Sec. 14-116. Denial or revocation.

Whenever a permit required under this section is denied or revoked because the plan, or the construction, erection, alteration, modification, repair, or demolition of a building, is found by the Escambia County Building Services Department to not be in compliance with the Florida Building Code, the Escambia County Building Services Department shall identify the specific plan or project features that do not comply with the applicable codes, identify the specific code chapters and sections upon which the finding is based, and provide this information to the permit applicant. If the Building Official, inspector, or plans examiner finds that the plans are not in compliance with the Florida Building Code, the Building Official, inspector, or plans examiner shall identify the specific plan features that do not comply with the applicable codes, identify the specific code chapters and sections upon which the finding is based, and provide this information to the permit applicant/holder.

Sec. 14-117. Placement of permit.

A copy of the permit or permit number shall be displayed on the site of the work until the completion of the project.

Sec. 14-118. Temporary toilet facilities for workers.

Suitable temporary toilet facilities as determined by the Building Official in reliance upon normal industry standards shall be provided and maintained in a sanitary condition for the use of workers during construction. Such facilities shall be regularly cleaned and provided in a well-ventilated location and shall be placed at least 15 feet from the side property line of the lot on which it is located and may not be placed in the public right-of-way.

Sec. 14-119. Notice of commencement.

In accordance with Section 713.135, Florida Statutes, as amended, when any person applies for a building permit, the authority issuing such permit shall print on the face of each permit card in no less than 14-point, capitalized, boldfaced

DRAFT

type: “WARNING TO OWNER: YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOUR PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. A NOTICE OF COMMENCEMENT MUST BE RECORDED AND POSTED ON THE JOB SITE BEFORE THE FIRST INSPECTION. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR AN ATTORNEY BEFORE RECORDING YOUR NOTICE OF COMMENCEMENT.”

Sec. 14-120. Asbestos.

The Escambia County Building Services Department shall require each building permit for the demolition or renovation of an existing structure to contain an asbestos notification statement which indicates the owner’s or operator’s responsibility to comply with the provisions of Section 469.003, Florida Statutes, as amended, and to notify the Department of Environmental Protection of his or her intentions to remove asbestos, when applicable, in accordance with state and federal law.

Sec. 14-121. Certificate of protective treatment for prevention of termites.

A weather-resistant job-site posting board shall be provided to receive duplicate treatment certificates as each required protective treatment is completed, providing a copy for the person the permit is issued to and another copy for the building permit files. The treatment certificate shall provide the product used, identity of the applicator, time and date of the treatment, site location, area treated, chemical used, percent concentration and number of gallons used, to establish a verifiable record of protective treatment. If the soil chemical barrier method for termite prevention is used, final exterior treatment shall be completed prior to final building approval.

Sec. 14-122. Notice of termite protection.

A permanent sign which identifies the termite treatment provider and need for reinspection and treatment contract renewal shall be provided. The sign shall be posted near the water heater or electric panel.

Sec. 14-123. Work starting before permit issuance.

Upon approval of the Building Official, the scope of work delineated in the building permit application and plan may be started prior to the final approval and issuance of the permit, provided any work completed is entirely at risk of the permit applicant and the work does not proceed past the first required inspection.

Sec. 14-124. Phased permit approval.

After submittal of the appropriate construction documents, the Building Official is authorized to issue a permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted. The holder of such permit for the foundation or other parts of a building or structure shall proceed at the holder’s own risk with the building operation and without assurance that a permit for the entire structure will

be granted. Corrections may be required to meet the requirements of the technical codes.

Sec. 14-125. Permit issued on basis of an affidavit.

Whenever a permit is issued in reliance upon an affidavit or whenever the work to be covered by a permit involves installation under conditions which, in the opinion of the Building Official, are hazardous or complex, the Building Official shall require that the architect or engineer who signed the affidavit or prepared the drawings or computations shall supervise such work. In addition, they shall be responsible for conformity to the permit, provide copies of inspection reports as inspections are performed, and upon completion make and file with the Building Official written affidavit that the work has been done in conformity to the reviewed plans and with the structural provisions of the technical codes. In the event such architect or engineer is not available, the owner shall employ in his stead a competent person or agency whose qualifications are reviewed by the Building Official. The Building Official shall ensure that any person conducting plans review is qualified as a plans examiner under Part XII of Chapter 468, Florida Statutes, as amended, and that any person conducting inspections is qualified as a building inspector under Part III of Chapter 468, Florida Statutes, as amended.

Exception: Permit issued on basis of an affidavit shall not extend to the flood load and flood resistance requirements of the Florida Building Code.

Sec. 14-126. Opening protection.

When any activity requiring a building permit, not including roof covering replacement or repair work associated with the prevention of degradation of the residence, that is applied for on or after July 1, 2008, and for which the estimated cost is $50,000 or more for a site built single-family detached residential structure that is located in the wind borne debris region as defined in this Code and that has an insured value of $750,000 or more, or, if the site built single-family detached residential structure is uninsured or for which documentation of insured value is not presented, has a just valuation for the structure for purposes of ad valorem taxation of $750,000 or more; opening protections as required within this Code or Florida Building Code, Residential for new construction shall be provided.

Exception: Single family residential structures permitted subject to the Florida Building Code are not required to comply with this section.

Sec. 14-127. Inspection of existing residential building not impacted by construction.

(a) The Escambia County Building Services Department, the Building Official or other official or entity, may not require as a condition of issuance of a one or two-family residential building permit the inspection of any portion of a building, structure, or real property that is not directly impacted by the construction, erection, alteration, modification, repair, or demolition of the building, structure, or real property for which the permit is sought.

DRAFT

(b) This subsection does not apply to a building permit sought for:

1. A substantial improvement as defined in Section 161.54, Florida Statutes, as amended, or as defined in the Florida Building Code.

2. A change of occupancy as defined in the Florida Building Code.

3. A conversion from residential to nonresidential or mixed use pursuant to Section 553.507(2)(a), Florida Statutes, as amended or as defined in the Florida Building Code.

4. A historic building as defined in the Florida Building Code.

(c) This subsection does not prohibit the Escambia County Building Services Department, the Building Official or other official or entity, from:

1. Citing any unsafe condition inadvertently observed in plain view during the ordinary course of an inspection conducted in accordance with the prohibition in paragraph (a).

2. Inspecting a physically nonadjacent portion of a building, structure, or real property that is directly impacted by the construction, erection, alteration, modification, repair, or demolition of the building, structure, or real property for which the permit is sought in accordance with the prohibition in paragraph (a).

3. Inspecting any portion of a building, structure, or real property for which the owner or other person having control of the building, structure, or real property has voluntarily consented to the inspection of that portion of the building, structure, or real property in accordance with the prohibition in paragraph (a).

The provisions of this act are not intended to impose new or additional licensure requirements on persons licensed in accordance with the applicable provisions of Chapter 489, Florida Statutes, as amended.

ARTICLE VIII. FLOOR AND ROOF DESIGN LOADS

Sec. 14-128. Live loads posted.

Where the live loads for which each floor or portion thereof of a commercial or industrial building is or has been designed to exceed 50 psf, such design live loads shall be conspicuously posted by the owner or the owner's authorized agent in that part of each story in which they apply, using durable signs. It shall be unlawful to remove or deface such notices.

Sec. 14-129. Issuance of certificate of occupancy.

A certificate of occupancy required by Article XIII shall not be issued until the floor load signs, required by Section 14-128, have been installed.

DRAFT

Sec. 14-130. Restrictions on loading.

It shall be unlawful to place, or cause or permit to be placed, on any floor or roof of a building, structure or portion thereof, a load greater than is permitted by this code.

ARTICLE IX. SUBMITTAL DOCUMENTS

Sec. 14-131. General.

Submittal documents consisting of construction documents, statement of special inspections, geotechnical report and other data shall be submitted in two or more sets with each permit application. The construction documents shall be prepared by a registered design professional where required by Chapter 471, Florida Statutes, as amended & 61G15 Florida Administrative Code or Chapter 481, Florida Statutes, as amended & 61G1 Florida Administrative Code, as amended. Where special conditions exist, the Building Official or designee is authorized to require additional construction documents to be prepared by a registered design professional.

Exception: The Building Official or designee is authorized to waive the submission of construction documents and other data not required to be prepared by a registered design professional if it is found that the nature of the work applied for is such that review of construction documents is not necessary to obtain compliance with this code.

Sec. 14-132. Construction documents.

Construction documents shall be in accordance with Secs. 14-133 through 14-139.

Sec. 14-133. Information on construction documents.

Construction documents shall be dimensioned and drawn upon suitable material. Electronic media documents are permitted to be submitted when approved by the Building Official or designee. Construction documents shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this code and relevant laws, ordinances, rules and regulations, as determined by the Building Official. Such drawings and specifications shall contain information, in the form of notes or otherwise, as to the quality of materials, where quality is essential to conformity with the technical codes. Such information shall be specific, and the technical codes shall not be cited as a whole or in part, nor shall the term "legal" or its equivalent be used as a substitute for specific information. All information, drawings, specifications and accompanying data shall bear the name and signature of the person responsible for the design.

Sec. 14-134. Fire protection system shop drawings.

Shop drawings for the fire protection system(s) shall be submitted to indicate conformance to this code and the construction documents and shall be approved prior to the start of system installation. Shop drawings shall contain all information

DRAFT

as required by the referenced installation standards in Chapter 9 of the Florida Building Code, Building.

Sec. 14-135. Means of egress.

The construction documents shall show in sufficient detail the location, construction, size and character of all portions of the means of egress including the path of the exit discharge to the public way in compliance with the provisions of this code. In other than occupancies in Groups R-2, R-3, and I-1, the construction documents shall designate the number of occupants to be accommodated on every floor, and in all rooms and spaces.

Sec. 14-136. Exterior wall envelope.

Construction documents for all buildings shall describe the exterior wall envelope in sufficient detail to determine compliance with this code. The construction documents shall provide details of the exterior wall envelope as required, including flashing, intersections with dissimilar materials, corners, end details, control joints, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane and details around openings.

The construction documents shall include manufacturer's installation instructions that provide supporting documentation that the proposed penetration and opening details described in the construction documents maintain the weather resistance of the exterior wall envelope. The supporting documentation shall fully describe the exterior wall system which was tested, where applicable, as well as the test procedure used.

Sec. 14-137. Site plan.

The construction documents submitted with the application for permit shall be accompanied by a site plan showing to scale the size and location of new construction and existing structures on the site, distances from lot lines and existing structures, the established street grades and the proposed finished grades and, as applicable, flood hazard areas, floodways, and design flood elevations; and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the site or plot. The Building Official is authorized to waive or modify the requirement for a site plan when the application for permit is for alteration or repair or when otherwise warranted.

Sec. 14-138. Retention of site plans.

For the purpose of inspection and record retention, site plans for a building may be maintained in the form of an electronic copy at the worksite. These plans must be open to inspection by the Building Official or a duly authorized representative, as required by the Florida Building Code.

DRAFT

Sec. 14-139. Structural information.

The construction documents shall provide the information specified in Section 1603 of the Florida Building Code, Building.

Sec. 14-140. Basic wind speed and wind-borne debris.

Pursuant to Section 1609 of the Florida Building Code, Building as established by Florida Statute 553.73, as amended, the following basic wind speed lines and wind-borne debris region are hereby established within Escambia County:

Wind-borne debris region:

Areas where the ultimate design wind speed V_{ult} is 140 mph or greater.

Basic wind speed:

Design wind speeds shall be established pursuant to Section 1609.3 of the Florida Building Code, Building.

Risk Category I:

Risk Category I Buildings defined in Table 1604.5, Florida Building Code, as buildings and other structures that represent low hazard to human life in the event of failure, including but not limited to: agricultural facilities, certain temporary facilities, minor storage facilities and screen enclosures.

130 MPH wind speed line runs from the intersection of Canoe Creek and Escambia River. Continues West along Canoe Creek to the Alabama State line.

140 MPH wind speed line runs from eastern Escambia County line and Interstate 10. Continues along Interstate 10 to the Alabama State line.

150 MPH wind speed line runs from the eastern Escambia County line and the shoreline of the Gulf of Mexico. Continues West along the Gulf of Mexico shoreline across the Pensacola Bay pass and continues West along the Gulf of Mexico shoreline to the Alabama state line.

Risk Categories II and III:

Risk Categories II and III Buildings and structures not including health care facilities defined in Table 1604.5, Florida Building Code, as Buildings and other structures except those listed in Risk Categories I, III, and IV. This category includes single-family residences.

140 MPH wind speed line runs from the intersection of Canoe Creek and Escambia River. Continues West along Canoe Creek to the Alabama State line.

150 MPH wind speed line runs from eastern Escambia County line and Interstate 10. Continues along Interstate 10 to the Alabama State line.

160 MPH wind speed line runs from the eastern Escambia County line and the shoreline of the Gulf of Mexico. Continues West along the Gulf of Mexico shoreline

DRAFT

across the Pensacola Bay pass and continues West along the Gulf of Mexico shoreline to the Alabama state line.

Risk Categories III and IV:

Risk Categories III and IV Buildings and structures defined in Table 1604.5, Florida Building Code, as Buildings and other structures that represent a substantial hazard to human life in the event of failure, including but not limited to: public assemblies, educational facilities with an occupancy greater than 250, colleges with an occupancy greater than 500, or Group I-2 occupancies; emergency responder facilities, including fire rescue and other structures having critical national defense functions.

150 MPH wind speed line runs from the intersection of Canoe Creek and Escambia River. Continues West along Canoe Creek to the Alabama State line.

160 MPH wind speed line runs from eastern Escambia County line and Interstate 10. Continues along Interstate 10 to the Alabama State line.

170 MPH wind speed line runs from the eastern Escambia County line and the shoreline of the Gulf of Mexico. Continues West along the Gulf of Mexico shoreline across the Pensacola Bay pass and continues West along the Gulf of Mexico shoreline to the Alabama state line.

Wind speed maps available online or at the Escambia County Building Services Department.

Sec. 14-141. Examination of documents.

The Building Official shall examine or cause to be examined the accompanying submittal documents and shall ascertain by such examinations whether the construction indicated and described is in accordance with the requirements of this code and other pertinent laws or ordinances.

Exceptions:

1. Building plans approved pursuant to Section 553.77(5), Florida Statutes, as amended, and state-approved manufactured buildings are exempt from local codes enforcing agency plan reviews except for provisions of the code relating to erection, assembly or construction at the site. Erection, assembly and construction at the site are subject to local permitting and inspections. Photocopies of plans approved according to FAC 61-41.009, Florida Administrative Code, as amended, shall be sufficient for local permit application documents of record for the modular building portion of the permitted project.

2. Industrial construction on sites where design, construction and fire safety are supervised by appropriately licensed design and inspection professionals and which contain adequate in-house fire departments and rescue squads is exempt, subject to approval by the Building Official or designee, from review of plans and inspections, providing the appropriate licensed design and inspection

DRAFT

professionals certify that applicable codes and standards have been met and supply appropriate approved drawings to local building and fire-safety inspectors.

Sec. 14-142. Approval of construction documents.

When the Building Official or designee issues a permit, the construction document shall be approved, in writing or by stamp, as "Reviewed for Code Compliance." One set of construction documents so reviewed shall be retained by the Building Official or designee. The other set shall be returned to the applicant, shall be kept at the site of work and shall be open to inspection by the Building Official or a duly authorized representative.

Sec. 14-143. Master Plans or Documents.

Any Division I contractor in compliance with Florida Statutes 489.105, as amended, may participate in the Escambia County Building Services Master Plan Program. The Master Plan Program is only applicable to construction of single-family dwellings. To participate, a qualifying contractor must submit a completed master plan application along with drawings for review. Compliant drawings are given an identification code and filed as master plans for program use and records retention. Master plans on file must be updated to reflect any changes in regulations. Failure to update plans will suspend approval.

Sec. 14-144. Master Plans permitting procedures.

The following are procedures for obtaining a permit using the master plans program:

1. A participating contractor must submit an application along with an identical copy of the master plan on file.
2. Submitted plans and documents will be checked for consistency.
3. Accurate plans will receive approval stamps including permit number for placement at the job site.
4. All other agency approvals are required for final approval.
5. Normal inspection procedures apply.

Sec. 14-145. Previous approvals.

This code shall not require changes in the construction documents, construction or designated occupancy of a structure for which a lawful permit has been heretofore issued or otherwise lawfully authorized, and the construction of which has been pursued in good faith within 180 days after the effective date of this code and has not been abandoned.

Sec. 14-146. Phased approval.

The Building Official is authorized to issue a permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted, provided that adequate information and detailed statements have been filed complying with pertinent requirements of this code. The holder of such permit for the foundation

DRAFT

or other parts of a building or structure shall proceed at the holder's own risk with the building operation and without assurance that a permit for the entire structure will be granted.

Sec. 14-147. Design professional in responsible charge.

Where it is required that documents be prepared by a registered design professional, the Building Official or designee shall be authorized to require the owner or the owner's authorized agent to engage and designate on the building permit application a registered design professional who shall act as the registered design professional in responsible charge. If the circumstances require, the owner or the owner's authorized agent shall designate a substitute registered design professional in responsible charge who shall perform the duties required of the original registered design professional in responsible charge. The Building Official shall be notified in writing by the owner or the owner's authorized agent if the registered design professional in responsible charge is changed or is unable to continue to perform the duties.

The registered design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phased and deferred submittal items, for compatibility with the design of the building.

Sec. 14-148. Deferred submittals.

For the purposes of this section, deferred submittals are defined as those portions of the design that are not submitted at the time of the application and that are to be submitted to the Building Official or designee.

Deferral of any submittal items shall have the prior approval of the Building Official or designee. The registered design professional in responsible charge shall list the deferred submittals on the construction documents for review by the Building Official or designee.

Documents for deferred submittal items shall be submitted to the registered design professional in responsible charge who shall review them and forward them to the Building Official with a notation indicating that the deferred submittal documents have been reviewed and found to be in general conformance to the design of the building. The deferred submittal items shall not be installed until the deferred submittal documents have been approved by the Building Official or designee.

Sec. 14-149. Certifications by contractors.

Certifications by contractors authorized under the provisions of Section 489.115(4)(b), Florida Statutes, as amended, shall be considered equivalent to sealed plans and specifications by a person licensed under Chapter 471, Florida Statutes, as amended, or Chapter 481 Florida Statutes, as amended, by local enforcement agencies for plans review for permitting purposes relating to compliance with the wind-resistance provisions of the code or alternate methodologies approved by the Florida Building Commission for one and two-

DRAFT

family dwellings. The Building Official or designee may rely upon such certification by contractors that the plans and specifications submitted conform to the requirements of the code for wind resistance. Upon good cause shown, local government code enforcement agencies may accept or reject plans sealed by persons licensed under Chapters 471, 481 or 489, Florida Statutes, as amended.

Sec. 14-150. Minimum plan review criteria for buildings.

The examination of the documents by the Building Official or designee shall include the following minimum criteria and documents: a floor plan; site plan; foundation plan; floor/roof framing plan or truss layout; all fenestration penetrations; flashing; and rough opening dimensions; and all exterior elevations:

Commercial Buildings:

Building

1. Site requirements:
    Parking
    Fire access
    Vehicle loading
    Driving/turning radius
    Fire hydrant/water supply/post indicator valve (PIV)
    Set back/separation (assumed property lines)
    Location of specific tanks, water lines and sewer lines
    Flood hazard areas, flood zones, and design flood elevations

2. Occupancy group and special occupancy requirements shall be determined.

3. Minimum type of construction shall be determined (see Table 503 of the Florida Building Code).

4. Fire-resistant construction requirements shall include the following components:
    Fire-resistant separations
    Fire-resistant protection for type of construction
    Protection of openings and penetrations of rated walls
    Fire blocking and draftstopping and calculated fire resistance

5. Fire suppression systems shall include:
    Early warning smoke evacuation systems Schematic fire sprinklers
    Standpipes
    Pre-engineered systems
    Riser diagram
    Same as above.

6. Life safety systems shall be determined and shall include the following requirements:
    Occupant load and egress capacities
    Early warning
    Smoke control

DRAFT

Stair pressurization
Systems schematic

7. Occupancy load/egress requirements shall include:
Occupancy load
Gross
Net
Means of egress
Exit access
Exit
Exit discharge
Stairs construction/geometry and protection
Doors
Emergency lighting and exit signs
Specific occupancy requirements
Construction requirements
Horizontal exits/exit passageways

8. Structural requirements shall include:
Soil conditions/analysis
Termite protection
Design loads
Wind requirements
Building envelope
Impact resistant coverings or systems
Structural calculations (if required)
Foundation
Flood requirements in accordance with Section 1612 of the Florida Building Code, Building including lowest floor elevations, enclosures, flood damage-resistant materials
Wall systems
Floor systems
Roof systems
Threshold inspection plan
Stair systems

9. Materials shall be reviewed and shall at a minimum include the following:
Wood
Steel
Aluminum
Concrete
Plastic
Glass
Masonry
Gypsum board and plaster
Insulating (mechanical)

DRAFT

Roofing
Insulation
Building envelope portions of the Energy Code (including calculation and mandatory requirements)

10. Accessibility requirements shall include the following:
    Site requirements
    Accessible route
    Vertical accessibility
    Toilet and bathing facilities
    Drinking fountains
    Equipment
    Special occupancy requirements
    Fair housing requirements

11. Interior requirements shall include the following:
    Interior finishes (flame spread/smoke development)
    Light and ventilation (including corresponding portion of the energy code)
    Sanitation

12. Special systems:
    Elevators
    Escalators
    Lifts

13. Swimming pools:
    Barrier requirements
    Spas
    Wading pools

14. Location and installation details. The specific location and installation details of each fire door, fire damper, ceiling damper and smoke damper shall be shown and properly identified on the building plans by the designer.

Electrical

1. Electrical:
    Wiring
    Services
    Feeders and branch circuits
    Overcurrent protection
    Grounding
    Wiring methods and materials
    GFCIs
    Electrical portions of the Energy Code (including calculation and mandatory requirements)

2. Equipment

DRAFT

3. Special occupancies

4. Emergency systems

5. Communication systems

6. Low voltage

7. Load calculations

8. Design flood elevation

Plumbing

1. Minimum plumbing facilities

2. Fixture requirements

3. Water supply piping

4. Sanitary drainage

6. Water heaters

6. Vents

7. Roof drainage

8. Back flow prevention

9. Irrigation

10. Location of water supply line

11. Grease traps

12. Environmental requirements

13. Plumbing riser

14. Design flood elevation

15. Water/plumbing portions of the Energy Code (including calculation and mandatory requirements)

Mechanical

1. Mechanical portions of the Energy calculations

DRAFT

2. Exhaust systems:
   Clothes dryer exhaust
   Kitchen equipment exhaust
   Specialty exhaust systems

3. Equipment

4. Equipment location

5. Make-up air

6. Roof-mounted equipment

7. Duct systems

8. Ventilation

9. Combustion air

10. Chimneys, fireplaces and vents

11. Appliances

12. Boilers

13. Refrigeration

14. Bathroom ventilation

15. Laboratory

16. Design flood elevation

Gas

1. Gas piping

2. Venting

3. Combustion air

4. Chimneys and vents

5. Appliances

6. Type of gas

DRAFT

7. Fireplaces

8. LP tank location

9. Riser diagram/shutoffs

10. Design flood elevation

11. Gas portions of the Energy Code (including calculation and mandatory requirements)

Demolition

1. Asbestos removal

Residential (one and two-family):

2. Site requirements:
   Set back/separation (assumed property lines)
   Location of septic tanks

3. Fire-resistant construction (if required)

4. Fire

5. Smoke detector locations

6. Egress window size and location stairs construction requirements

7. Structural requirements shall include:
   Wall section from foundation through roof, including assembly and materials connector tables wind requirements structural calculations (if required)

8. Termite protection

9. Design loads

10. Wind requirements

11. Building envelope

12. Foundation

13. Wall systems

14. Floor systems

DRAFT

15. Roof systems

16. Flood hazard areas, flood zones, design flood elevations, lowest floor elevations, enclosures, equipment, and flood damage-resistant materials

17. Accessibility requirements: show/identify accessible bath

18. Impact resistant coverings or systems

19. Residential Energy Code submittal (including calculation and mandatory requirements)

Manufactured buildings/housing

1. Site requirements

2. Setback/separation (assumed property lines)

3. Location of septic tanks (if applicable)

4. Structural

5. Wind zone

6. Anchoring

7. Blocking

8. Plumbing

9. List potable water source

10. Mechanical

11. Exhaust systems

12. Clothes dryer exhaust

13. Kitchen equipment exhaust

14. Electrical exterior disconnect location

Exemptions

Plans examination by the Building Official shall not be required for the following work:

DRAFT

1. Replacing existing equipment such as mechanical units, water heaters, etc.

2. Reroofs

3. Minor electrical, plumbing and mechanical repairs

4. Annual maintenance permits

5. Prototype plans (except for local site adaptions, siding, foundations and/or modifications and except for structures that require waiver).

6. Manufactured buildings plan (except for foundations and modifications of buildings on site and as listed above in manufactured buildings/housing).

Sec. 14-151. Amended construction documents.

Work shall be installed in accordance with the approved construction documents, and any changes or revisions made during construction that are not in compliance with the approved construction documents shall be resubmitted for approval as an amended set of construction documents.

Sec. 14-152. Retention of construction documents.

One set of approved construction documents shall be retained by the Building Official for a period of not less than 180 days from date of completion of the permitted work, or as required by state or local laws.

Sec. 14-153. Affidavits.

The Building Official may accept a sworn affidavit from a registered architect or engineer stating that the plans submitted conform to the technical codes. For buildings and structures, the affidavit shall state that the plans conform to the laws as to egress, type of construction and general arrangement and, if accompanied by drawings, show the structural design and that the plans and design conform to the requirements of the technical codes as to strength, stresses, strains, loads and stability. The Building Official may without any examination or inspection accept such affidavit, provided the architect or engineer who made such affidavit agrees to submit to the Building Official copies of inspection reports as inspections are performed and upon completion of the structure, electrical, gas, mechanical or plumbing systems a certification that the structure, electrical, gas, mechanical or plumbing system has been erected in accordance with the requirements of the technical codes. Where the Building Official relies upon such affidavit, the architect or engineer shall assume full responsibility for compliance with all provisions of the technical codes and other pertinent laws or ordinances. The Building Official shall ensure that any person conducting plans review is qualified as a plans examiner under Part XII of Chapter 468, Florida Statutes, as amended, and that any person conducting inspections is qualified as a building inspector under Part XII of Chapter 468, Florida Statutes, as amended.

DRAFT

Sec. 14-154. Building permits issued on the basis of an affidavit.

Pursuant to the requirements of federal regulation for participation in the National Flood Insurance Program (44 C.F.R. Parts 59 and 60), the authority granted to the Building Official to issue permits, to rely on inspections, and to accept plans and construction documents on the basis of affidavits and plans submitted pursuant to Secs. 14-125 and 14-153, shall not extend to the flood load and flood resistance construction requirements of the Florida Building Code.

ARTICLE X. TEMPORARY STRUCTURES AND USES

Sec. 14-155. General.

The Building Official is authorized to issue a permit for temporary structures and temporary uses. Such permits shall be limited as to time of service but shall not be permitted for more than 180 days. The Building Official is authorized to grant extensions for demonstrated cause.

Sec. 14-156. Conformance.

Temporary structures and uses shall comply with the requirements in Section 3103 of the Florida Building Code, Building.

Sec. 14-157. Temporary power.

The Building Official is authorized to give permission to temporarily supply and use power in part of an electric installation before such installation has been fully completed and the final certificate of completion has been issued. The part covered by the temporary certificate shall comply with the requirements specified for temporary lighting, heat or power in Chapter 27 of the Florida Building Code, Building.

Sec. 14-158. Termination of approval.

The Building Official is authorized to terminate such permit for a temporary structure or use and to order the temporary structure or use to be discontinued.

Sec. 14-159. Temporary toilet facilities for workers.

Suitable temporary toilet facilities shall be provided and regularly maintained in a sanitary condition for workers during construction. Such facilities shall be regularly cleaned and provided in a well-ventilated location and shall be placed at least 15 feet from the side property line of the lot on which it is located and may not be placed in the public right-of-way.

Exception: Other suitable facilities regularly maintained in a sanitary condition and approved by the Building Official or designee.

DRAFT

ARTICLE XI. FEES

Sec. 14-160. Payment of fees.

A permit shall not be valid until the fees prescribed by law have been paid, nor shall an amendment to a permit be released until the additional fee, if any, has been paid.

Sec. 14-161. Schedule of permit fees.

On buildings, structures, electrical, gas, mechanical, and plumbing systems or alterations requiring a permit, as well as other services provided. A fee shall be paid as required, in accordance with the schedule as established by the Escambia County Board of County Commissioners.

Sec. 14-162. Types of Fees Enumerated.

Fees may be charged for, but not limited to, the following:

Permits;
Permit exemption request;
Permit renewals;
Plans examination;
Plans Revisions;
Re-inspections;
After hours inspections;
Temporary certificates;
Records requests;
Certificates of competency (including fees for applications, examinations, renewal, late renewal, and reciprocity);
Administrative fees (including fees for investigative and legal costs incurred in the context of certain disciplinary cases heard by the board);
Appeals requests;
Administrative appeals;
Violations; and
Other fees as established by local resolution or ordinance.

Sec. 14-163. Building permit valuations.

The applicant for a permit shall provide an estimated permit value at time of application if requested by the Building Official. Permit valuations shall include total value of work, including materials and labor, for which the permit is being issued, such as electrical, gas, mechanical, plumbing equipment and permanent systems. If, in the opinion of the Building Official or designee, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the Building Official. Final building permit valuation shall be set by the Building Official.

DRAFT

Sec. 14-164. Work commencing before permit issuance.

Any person who commences any work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary permits or without prior approval from the Building Official as permitted in Sec. 14-91 or 14-123 shall be subject to a fee established by the Building Official that shall be in addition to the required permit fees or as provided by local ordinance. This provision shall not apply to emergency work when delay would clearly have placed life or property in imminent danger. But in all such cases the required permit(s) must be applied for within three (5) business days and any unreasonable delay in obtaining those permit(s) shall result in the charge of a double fee. The payment of a double fee shall not preclude or be deemed a substitute for prosecution for commencing work without first obtaining a permit. The Building Official may grant extensions of time or waive fees when justifiable cause has been demonstrated in writing.

Sec. 14-165. Related fees.

The payment of the fee for the construction, alteration, removal or demolition for work done in connection to or concurrently with the work authorized by a building permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law.

Sec. 14-166. Refunds.

The Building Official is authorized to establish a refund policy.

ARTICLE XII. INSPECTIONS

Sec. 14-167. General.

Construction or work for which a permit is required shall be subject to inspection by the Building Official or designee and such construction or work shall remain accessible and exposed for inspection purposes until approved.

Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this code or of other ordinances of the jurisdiction. Inspections presuming to give authority to violate or cancel the provisions of this code or of other ordinances of the jurisdiction shall not be valid. It shall be the duty of the permit holder to cause the work to remain accessible and exposed for inspection purposes. The Building Official or designee shall be authorized to require a boundary line survey prepared by a qualified surveyor whenever the boundary lines cannot be readily determined in the field. Neither the Building Official, Building Services staff nor Escambia County shall be liable for expense entailed in the removal or replacement of any material required to allow for a required inspection.

Sec. 14-168. Manufacturers and fabricators.

When deemed necessary by the Building Official or designee, may require an inspection of materials or assemblies at the point of manufacture or fabrication. A

DRAFT

record shall be made of every such examination and inspection and of all violations of the technical codes.

Sec. 14-169. Inspection service.

The Building Official may make, or cause to be made, the inspections required by this Article. The Building Official may accept reports and affidavits of independent inspectors or of recognized inspection services, provided that after investigation he/she is satisfied as to their licensure, qualifications and reliability. A certificate required by any provision of this code shall not be based on such reports unless the same are recorded by the building code inspector or the architect or engineer performing building code inspections in a manner specified by the Building Official. The Building Official shall ensure that all persons making such inspections shall be certified in accordance to Chapter 468 Florida Statues, as amended.

Sec. 14-170. Preliminary inspection.

Before issuing a permit, the Building Official is authorized to examine or cause to be examined buildings, structures and sites for which an application has been filed.

Sec. 14-171. Required inspections.

The Building Official upon notification from the permit holder or his or her agent shall make the following inspections, or any other such inspection as deemed necessary and shall either release that portion of the construction or shall notify the permit holder or his or her agent of any violations which must be corrected in order to comply with the technical codes. The Building Official shall determine the timing and sequencing of when inspections occur and what elements are inspected at each inspection.

(a) Building

(1) Foundation Inspection

Foundation inspection shall be in accordance with Secs. 14-172 through 14-198. Inspections shall be made after trenches are excavated, any required reinforcing steel is in place, forms erected and shall at a minimum include the following building components:

(a) Stem-wall
(b) Monolithic slab-on-grade
(c) Piling/pile caps
(d) Footers/grade beams

(2) Slab Inspection

Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

DRAFT

A foundation/Form board survey prepared and certified by a registered surveyor may be required, prior to approval of the slab inspection. The survey shall certify placement of the building on the site, illustrate all surrounding setback dimensions and shall be available at the job site for review by the building inspector. In lieu of providing a survey, the contractor may elect to uncover all property line markers and string-up all property lines in preparation for inspection.

In flood hazard areas, upon placement of the lowest floor, including basement, and prior to further vertical construction, the elevation certification shall be submitted to the Escambia County Building Services Department.

(3) Wind Load Inspection

To be made after all sheathing including roof sheathing, exterior doors and windows, weather barriers, flashings, connectors and bracing are installed and complete.

(4) Framing Inspection

To be made after the roof, all framing, fire blocking and bracing is in place. All components that will be concealed, including wiring, pipes, chimneys, ducts, vents, rough electrical, rough plumbing, and insulation are approved. At a minimum the framing inspection shall include the following building components:

(a) Window/door framing
(b) Vertical cells/columns
(c) Lintel/tie beams
(d) Framing/trusses/bracing/connectors (including truss layout and engineered drawings)
(e) Draft stopping/fire blocking
(f) Curtain wall framing
(g) Accessibility
(h) Fire rated assemblies
(i) Verify rough opening dimensions are within tolerances.

(5) Roofing Inspection

Shall at a minimum be made in at least two inspections and include the following building components:

(a) Roof coverings (including In Progress as necessary)
(b) Flashing

(6) Re-Roof sheathing Inspection

An affidavit with a notarized signature of a state or locally licensed roofing contractor for the installation of additional sheathing fasteners and secondary

DRAFT

water barrier as required by the Existing Building Code may be accepted at the discretion of the Building Official.

(7) Final Inspection

To be made after the building is completed and ready for occupancy. In flood hazard areas, as part of the final inspection, a final certification of the lowest floor elevation shall be submitted to the authority having jurisdiction.

(8) Swimming Pool Inspection

First inspection to be made after excavation and installation of reinforcing steel, bonding and main drain and prior to placing of concrete shell.

(a) Steel reinforcement inspection
(b) Underground electric inspection.
(c) Underground piping inspection including a pressure test.
(d) Underground electric inspection under deck area (including the equipotential bonding)
(e) Underground piping inspection under deck area.
(f) Deck inspection: to be made prior to installation of the deck material (with forms, deck drains, and any reinforcement in place
(g) Safety Inspection; Made prior to filling the pool with the bonding connections made, the proper drain covers installed and the final barriers installed.
(h) Final pool piping.
(i) Final Electrical inspection.
(j) Final inspection to be made when the swimming pool is complete and all required enclosure requirements are in place.

In order to pass final inspection and receive a certificate of completion, a residential swimming pool must meet the requirements relating to pool safety features as described in Section 454.2.17. of the Florida Building Code, Building.

(9) Demolition Inspections

First inspection to be made after all utility connections have been disconnected and secured in such manner that no unsafe or unsanitary conditions shall exist during or after demolition operations.

Final inspection to be made after all demolition work is completed.

(10) Manufactured Building Inspections

The building department shall inspect construction of foundations; connecting buildings to foundations; installation of parts identified on plans as site installed items, joining the modules, including utility crossovers; utility connections from the building to utility lines on site; and any other work done on site which requires compliance with the Florida Building Code. Additional inspections may

DRAFT

be required for public educational facilities (see Section 453.27.20 of the Florida Building Code, Building).

(11) Impact Resistant Coverings or Impact Resistant Systems

Where impact resistant coverings or impact resistant systems are installed, the permit holder shall schedule inspections of impact resistant coverings or impact resistant systems to determine the following:

(a) The system indicated on the plans was installed.
(b) The system is installed in accordance with the manufacturer's installation instructions and the product approval.

(b) Electrical

(1) Slab/underground inspection. To be made after trenches or ditches are excavated, conduit or cable installed, and before any backfill is put in place.

(2) Rough-in inspection. To be made after the roof, framing, fireblocking and bracing is in place and prior to placement of insulation and wall or ceiling membranes

(3) Final inspection. To be made after the building is complete, all required electrical fixtures are in place and properly connected or protected, and the structure is ready for occupancy.

(4) Existing Swimming Pools. To be made after all repairs or alterations are complete, all required electrical equipment, GFCI protection, and equipotential bonding are in place on said alterations or repairs.

(c) Plumbing

(1) Slab/underground. To be made after trenches or ditches are excavated, piping installed, and before any backfill is put in place.

(2) Plumbing stack/rough-in inspection. To be made after the roof, framing, fireblocking and bracing is in place and all soil, waste and vent piping is complete, and prior to placement of insulation and wall or ceiling membranes.

(3) Final inspection. To be made after the building is complete, all plumbing fixtures are in place and properly connected, and the structure is ready for occupancy.

Note: See Section 312 of the Florida Building Code, Plumbing for required tests.

(d) Mechanical

(1) Underground inspection. To be made after trenches or ditches are excavated, underground duct and fuel piping installed, and before any backfill is put in place.

DRAFT

(2) Rough-in inspection. To be made after the roof, framing, fire blocking and bracing are in place and all ducting, and other concealed components are complete, and prior to the installation of wall or ceiling membranes.

(3) Final inspection. To be made after the building is complete, the mechanical system is in place and properly connected, and the structure is ready for occupancy.

(e) Gas

(1) Rough piping inspection. To be made after all new piping authorized by the permit has been installed, and before any such piping has been covered or concealed or any fixtures or gas appliances have been connected.

(2) Final piping inspection. To be made after all piping authorized by the permit has been installed and after all portions which are to be concealed by plastering or otherwise have been so concealed, and before any fixtures or gas appliances have been connected. This inspection shall include a pressure test.

(3) Final inspection. To be made on all new gas work authorized by the permit and such portions of existing systems as may be affected by new work or any changes, to ensure compliance with all the requirements of this code and to assure that the installation and construction of the gas system is in accordance with reviewed plans.

(f) Site Debris

(1) The contractor and/or owner of any active or inactive construction project shall be responsible for the clean-up and removal of all construction debris or any other miscellaneous discarded articles during the course of the construction project and prior to receiving final inspection approval. Construction job sites must be kept clean and in a safe condition at all times.

(2) All debris shall be kept in such a manner as to prevent it from being spread by any means.

Sec. 14-172. Footing and foundation inspection.

Footing and foundation inspections shall be made after excavations for footings are complete and any required reinforcing steel is in place. For concrete foundations, any required forms shall be in place prior to inspection. Materials for the foundation shall be on the job, except where concrete is ready mixed in accordance with ASTM C 94, the concrete need not be on the job.

Sec. 14-173. Concrete slab and under-floor inspection.

Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

DRAFT

Sec. 14-174. Lowest floor elevation.

In flood hazard areas, upon placement of the lowest floor, including the basement, and prior to further vertical construction, the elevation certification shall be submitted to the Building Official.

Sec. 14-175. Frame inspection.

Framing inspections shall be made after the roof deck or sheathing, all framing, fire blocking and bracing are in place and pipes, chimneys and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved.

Sec. 14-176. Lath, gypsum board and gypsum panel product inspection.

Lath, gypsum board and gypsum panel product inspections shall be made after lathing, gypsum board and gypsum panel products, interior and exterior, are in place, but before any plastering is applied or gypsum board and gypsum panel product joints and fasteners are taped and finished.

Exception: Gypsum board and gypsum panel products that are not part of a fire-resistance-rated assembly or a shear assembly.

Sec. 14-177. Fire and smoke-resistant penetrations.

Protection of joints and penetrations in fire-resistance rated assemblies, smoke barriers and smoke partition shall not be concealed from view until inspected and approved.

Sec. 14-178. Energy efficiency inspections.

Energy efficiency requirements shall be checked throughout the required inspection process to determine compliance with FBC, Energy Conservation with the approved energy code submittal (by appropriate trade) and corresponding mandatory requirements, shall include, but not be limited to: corresponding envelope insulation R- and U-values, fenestration U-value and Solar Heat Gain Coefficient, duct system R-value, and HVAC, lighting, electrical and water-heating equipment efficiency.

Sec. 14-179. Other inspections.

In addition to the inspections specified in Secs. 14-171 through 14-178, the Building Official is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this code and other laws that are enforced by the department of building safety.

Sec. 14-180. Special inspections.

RESERVED.

DRAFT

Sec. 14-181. Final inspection.

The final inspection shall be made after all work required by the building permit is completed.

Sec. 14-182. Flood hazard documentation.

If located in a flood hazard area, all elevation certificates and any other pertinent data shall be submitted to the Building Official or designee prior to the final inspection.

Sec. 14-183. Energy Code documentation.

If required by energy code path submittal, confirmation that commissioning result requirements have been received by building owner.

Sec. 14-184. Termites.

Building components and building surroundings required to be protected from termite damage in accordance with Section 1503 and Section 2304 of the Florida Building Code, Building specifically required to be inspected for termites in accordance with Section 2114 or required to have chemical soil treatment in accordance with Section 1816 shall not be covered or concealed until the release from the Building Official has been received.

Sec. 14-185. Impact resistant coverings or systems.

Where impact resistant coverings or systems are installed to meet requirements of this code, the Building Official shall schedule adequate inspections of impact resistant coverings or systems to determine the following:

(a) The system indicated on the plans was installed.

(b) The system is installed in accordance with the manufacturer's installation instructions and the product approval.

Sec. 14-186. Inspection agencies.

The Building Official or designee is authorized to accept affidavits and reports from qualified Architects, Engineers and approved inspection agencies, provided that individuals and agencies are in compliance with Florida Statutes.

Sec. 14-187. Inspection requests.

It shall be the duty of the permit holder or their duly authorized agent to request an inspection when work is ready for inspection. It shall be the duty of the permit holder to provide access to and means for inspections of such work that are required by this code.

Sec. 14-188. Approval required.

Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval. The Building Official or designee, upon notification, shall make the requested inspections and shall either indicate the

DRAFT

portion of the construction that is satisfactory as completed, or notify the permit holder or his or her agent wherein the same fails to comply with this code. Any portions that do not comply shall be corrected and such portion shall not be covered or concealed until authorized by the Building Official or designee.

Sec. 14-189. Shoring.

For threshold buildings, shoring and associated formwork or falsework shall be designed and inspected by a Florida licensed professional engineer, prior to any required mandatory inspections by the threshold building inspector.

Sec. 14-190. Structural inspections of threshold buildings.

The enforcing agency shall require a special inspector (i.e., engineer or architect) to perform structural inspections on a threshold building pursuant to a structural inspection plan prepared by the engineer or architect of record. The structural inspection plan must be submitted to the enforcing agency prior to the issuance of a building permit for the construction of a threshold building. The purpose of the structural inspection plans is to provide specific inspection procedures and schedules so that the building can be adequately inspected for compliance with the permitted documents. The special inspector may not serve as a surrogate in carrying out the responsibilities of the Building Official, the architect, or the engineer of record. The contractor's contractual or statutory obligations are not relieved by any action of the special inspector.

Sec. 14-191. Conformance with shoring and reshoring plans.

The special inspector shall determine that a professional engineer who specializes in shoring design has inspected the shoring and reshoring for conformance with the shoring and reshoring plans submitted to the enforcing agency. A fee simple title owner of a building, which does not meet the minimum size, height, occupancy, occupancy classification, or number-of-stories criteria which would result in classification as a threshold building under Section 553.71(7), Florida Statutes, as amended, may designate such building as a threshold building, subject to more than the minimum number of inspections required by the Florida Building Code.

Sec. 14-192. Costs of employing a special inspector.

The fee simple title owner of a threshold building shall select and pay all costs of employing a special inspector, but the special inspector shall be responsible to the enforcement agency. The inspector shall be a person certified, licensed or registered under Chapter 471, Florida Statutes, as an engineer or under Chapter 481, Florida Statutes, as an architect.

Sec. 14-193. Affirmation of special inspector.

The special inspector, upon completion of the building and prior to the issuance of a certificate of occupancy, file a signed and sealed statement with the enforcement agency in substantially the following form: “To the best of my knowledge and belief, the above described construction of all structural load-bearing components

DRAFT

complies with the permitted documents, and the shoring and reshoring conforms to the shoring and reshoring plans submitted to the enforcement agency."

Sec. 14-194. Proposal to install alternate structural product or system.

Any proposal to install an alternate structural product or system to which building codes apply shall be submitted to the Escambia County Building Services Department for review for compliance with the codes and made part of the recorded set of permit documents.

Sec. 14-195. Recordkeeping of shoring and reshoring documents.

All shoring and reshoring procedures, plans and details shall be submitted to the enforcement agency for recordkeeping. Each shoring and reshoring installation shall be supervised, inspected and certified to be in compliance with the shoring documents by the contractor.

Sec. 14-196. Affirmation of architect or engineer of record.

All plans for the building which are required to be signed and sealed by the architect or engineer of record contain a statement that, to the best of the architect's or engineer's knowledge, the plans and specifications comply with the applicable minimum building codes and the applicable fire-safety standards as determined by the local authority in accordance with this Section and Chapter 633, Florida Statutes, as amended.

Sec. 14-197. License requirement for named contractor.

No enforcing agency may issue a building permit for construction of any threshold building except to a licensed general contractor, as defined in Section 489.105(3)(a), Florida Statutes, as amended, or to a licensed building contractor, as defined in Section 489.105(3)(b), Florida Statutes, as amended, within the scope of her or his license. The named contractor to whom the building permit is issued shall have the responsibility for supervision, direction, management and control of the construction activities on the project for which the building permit was issued.

Sec. 14-198. Minimum structural inspection of threshold buildings.

The building department may allow a special inspector to conduct the minimum structural inspection of threshold buildings required by this code, Section 553.73, Florida Statutes, as amended, without duplicative inspection by the building department. The Building Official is responsible for ensuring that any person conducting inspections is qualified as a building inspector under Part XII of Chapter 468, Florida Statutes, as amended, or certified as a special inspector under Chapter 471 or 481, Florida Statutes, as amended. Inspections of threshold buildings required by Section 553.79(5), Florida Statutes, as amended, are in addition to the minimum inspections required by this code.

DRAFT

ARTICLE XIII. CERTIFICATE OF OCCUPANCY

Sec. 14-199. Use and occupancy.

A building or structure shall not be used or occupied, and a change in the existing use or occupancy classification of a building or structure or portion thereof shall not be made, until the Building Official or designee has issued a certificate of occupancy therefor as provided herein. Issuance of a certificate of occupancy shall not be construed as an approval of a violation of the provisions of this code or of other laws and ordinances of Escambia County and the State of Florida.

Exception: Certificates of occupancy are not required for work exempt from permits under Sec. 14-91.

Sec. 14-200. Certificate issued.

After the Building Official or designee inspects the building or structure and finds no violations of the provisions of this code and all required approvals are obtained from other departments and agencies, the Building Official or designee is authorized to issue a certificate of occupancy that contains the following:

1. The building permit number.

2. The address of the structure.

3. The name and address of the owner or the owner's authorized agent.

4. A description of that portion of the structure for which the certificate is issued.

5. A statement that the described portion of the structure has been inspected for compliance with the requirements of this code for the occupancy and division of occupancy and the use for which the proposed occupancy is classified.

6. For buildings and structures in flood hazard areas, a statement that documentation of the as-built lowest floor elevation has been provided and is retained in the records of the authority having jurisdiction

7. The name of the Building Official.

8. The edition of the code under which the permit was issued.

9. The use and occupancy, in accordance with the provisions of Chapter 3.

10. The type of construction as defined in Chapter 6.

11. The design occupant load.

12. If an automatic sprinkler system is provided, whether the sprinkler system is required.

13. Any special stipulations and conditions of the building permit.

DRAFT

Sec. 14-201. Temporary occupancy.

The Building Official or designee is authorized to issue a temporary certificate of occupancy before the completion of the entire work covered by the permit, provided that such portion or portions shall be occupied safely. The Building Official shall set a time period during which the temporary certificate of occupancy is valid.

Sec. 14-202. Revocation.

The Building Official or designee is authorized to, in writing, suspend or revoke a certificate of occupancy or completion issued under the provisions of this code wherever the certificate is issued in error, or on the basis of incorrect information supplied, or where it is determined that the building or structure or portion thereof is in violation of any ordinance or regulation or any of the provisions of this code.

Sec. 14-203. Certificate of Completion.

A Certificate of Completion is proof that a structure or system is complete and for certain types of permits is released for use and may be connected to a utility system. This certificate does not grant authority to occupy a building, such as shell building, prior to the issuance of a Certificate of Occupancy.

ARTICLE XIV. SERVICE UTILITIES

Sec. 14-204. Connection of service utilities.

No person shall make connections from a utility, source of energy, fuel or power to any building or system that is regulated by this code for which a permit is required, until released by the Building Official.

Sec. 14-205. Temporary connection.

The Building Official shall have the authority to authorize the temporary connection of the building or system to the utility source of energy, fuel or power.

Sec. 14-206. Authority to disconnect service utilities.

The Building Official shall have the authority to authorize disconnection of utility service to the building, structure or system regulated by this code and the referenced codes and standards set forth in Sec. 14-33 in case of emergency where necessary to eliminate an immediate hazard to life or property or when such utility connection has been made without the approval required by Sec. 14-204 or 14-205. The Building Official shall notify the serving utility, and wherever possible the owner and occupant of the building, structure or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnecting, the owner or occupant of the building, structure or service system shall be notified in writing, as soon as practical thereafter.

DRAFT

ARTICLE XV. ADVISORY BOARD AND BOARD OF APPEALS

Sec. 14-207. General.

The Escambia County Contractor Competency Board shall serve as the advisory board to the Escambia County Building Services Department and the Building Official. The Escambia County Contractor Competency Board shall also serve as the Escambia County Building Code Board of Appeals in order to hear and decide appeals of orders, decisions or determinations made by the Building Official relative to the application and interpretation of this code.

Sec. 14-208. Limitations on authority.

An application for appeal shall be based on a claim that the true intent of this code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of this code do not fully apply, or an equally good or better form of construction is proposed. The advisory board shall have no authority to waive requirements of this code.

ARTICLE XVI. VIOLATIONS

Sec. 14-209. Unlawful acts.

It shall be unlawful for any person, firm or corporation to erect, construct, alter, extend, repair, move, remove, demolish or occupy any building, structure or equipment regulated by this code, or cause same to be done, in conflict with or in violation of any of the provisions of this code.

Sec. 14-210. Notice of violation.

The Building Official or designee is authorized to serve a notice of violation/correction, or order on the person responsible for the erection, construction, alteration, extension, repair, moving, removal, demolition or occupancy of a building or structure in violation of the provisions of this code, or in violation of a permit or certificate issued under the provisions of this code. Such order shall direct the discontinuance of the illegal action or condition and the abatement of the violation.

Sec. 14-211. Prosecution of violation.

If the notice of violation/correction is not complied with promptly, the Building Official is authorized to request the Escambia County Attorney to institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the building or structure in violation of the provisions of this code or of the order or direction made pursuant thereto.

Sec. 14-212. Violation penalties.

Any person who violates a provision of this code or fails to comply with any of the requirements thereof or who erects, constructs, alters or repairs a building or structure in violation of the approved construction documents or directive of the

DRAFT

Building Official, or of a permit or certificate issued under the provisions of this code, shall be subject to a penalty of two times the permit fee.

ARTICLE XVII. STOP WORK ORDER

Sec. 14-213. Authority.

Whenever the Building Official finds any work regulated by this code being performed in a manner either contrary to the provisions of this code or dangerous or unsafe, the Building Official is authorized to issue a stop work order.

Sec. 14-214. Issuance.

The stop work order shall be in writing and shall be given to the owner of the property involved, the owner's authorized agent or the person performing the work. A copy shall also be posted at the work site. Upon issuance of a stop work order, the cited work shall immediately cease. The stop work order shall state the reason for the order and the conditions under which the cited work will be permitted to resume.

Sec. 14-215. Unlawful continuance.

Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be subject to penalties as prescribed by law.

ARTICLE XVIII. UNSAFE STRUCTURES AND EQUIPMENT

Sec. 14-216. Conditions.

Structures or existing equipment that are or hereafter become unsafe, unsanitary or inadequate means of egress, or which constitute a fire hazard, or are otherwise dangerous to human life or the public welfare, or that involve illegal or improper occupancy or inadequate maintenance resulting in an unsafe condition, shall be deemed unsafe. Unsafe structures shall be taken down and removed or made safe, as the Building Official or designee deems necessary and as provided for in this Section.

Sec. 14-217. Record.

The Building Official or designee shall cause a report to be filed on an unsafe condition. The report shall state the occupancy of the structure and the nature of the unsafe condition.

Sec. 14-218. Notice.

If an unsafe condition is found, the Building Official or designee shall serve on the owner, agent or person in control of the structure, a written notice that describes the condition and required repairs or improvements to be made to abate the unsafe condition, or that requires the unsafe structure to be demolished within a stipulated time. Such notice shall require the person thus notified to declare immediately to the Building Official acceptance or rejection of the terms of the order.

DRAFT

Sec. 14-219. Method of service.

Such notice shall be deemed properly served if a copy thereof is (a) delivered to the owner personally; (b) sent by certified or registered mail addressed to the owner at the last known address with the return receipt requested; or (c) delivered in any other manner as prescribed by local law. If the certified or registered letter is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice. Service of such notice in the foregoing manner upon the owner's agent or upon the person responsible for the structure shall constitute service of notice upon the owner.

Sec. 14-220. Restoration.

Where the structure or equipment determined to be unsafe by the Building Official is restored to a safe condition, to the extent that repairs, alterations or additions are made or a change of occupancy occurs during the restoration of the structure, such repairs, alterations, additions and change of occupancy shall comply with the requirements of Sec. 14-91 and the Florida Building Code, Existing Building.

ARTICLE XIX. FLOODPLAIN MANAGEMENT

Sec. 14-221. Floodplain management.

Floodplain management shall be in accordance with the county floodplain management ordinance (Code of Ordinances of Escambia County, Florida, Volume II, Part III - Land Development Code, Chapter 4, Article 2, Floodplain Management).

(a) *Flood elevation survey:* Buildings or structures having habitable spaces as defined by National Flood Insurance Program (NFIP) 59 and 60 and which are located in a special flood area as designated on flood insurance rate maps (FIRM) or floodway maps shall have the finished first floor elevation or elevation of bottom of lowest horizontal member in V-zones as shown on these maps. "Lowest floor" means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided, that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of Section 60.3 of the NFIP. Upon completion of the finished first floor and prior to the framing inspection, the contractor or owner shall file a flood elevation certificate, FEMA, Form O.M.B. No. 3067-0077. The certificate must be done, certified, and sealed by a Florida registered engineer or land surveyor, showing the elevation of the finished first floor or elevation of bottom of lowest horizontal member in V-zones of the building or structure, including wave height, as well as the other requirements indicated thereon. No variations shall be granted for finished first floor constructed at elevations lower than those established by FIRM unless owner, builder or their agent has obtained approval of such variation from the Escambia County Contractor Competency Board prior to the commencement of construction.

DRAFT

"Violation" means the failure of a structure or other development to be fully compliant with the community's floodplain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in Section 60.3(b)(5), (c)(4), (c)(10), (d)(3), (e)(2), (e)(4), or (e)(5) of the NFIP is presumed to be in violation until such time as that documentation is provided.

(b) *Records of certificates of survey:* All flood elevation certificate(s), FEMA form O.M.B. No. 3067-0077 shall be permanently maintained with building permit files.

(c) *Minimum Elevation Requirements:*

(1) The minimum elevation requirements shall be as specified in ASCE 24 or the base flood elevation plus 3 feet, whichever is higher.

(2) All buildings and structures shall be elevated so that the lowest portion of all structural members supporting the lowest floor, with the exception of piling, pile caps, columns, grade beams, mat and raft foundations, and bracing, is elevated to or above the base flood elevation plus 3 feet or the design flood elevation, whichever is higher.

(d) All of the requirements of Section R322 of the Florida Building Code, Residential apply to all special flood hazard areas of Escambia County, including Pensacola Beach and the Town of Century.

Sec. 14-222. Floodplain requirements for Pensacola Beach.

(a) Floodplain requirements for Pensacola Beach are under the jurisdiction of Santa Rosa Island Authority (SRIA). These requirements are in addition to 14-221.

(b) *Definitions*.

(1) SUBSTANTIAL DAMAGE. Damage of any origin sustained by a building or structure whereby the cost of restoring the building or structure to its before-damaged condition would equal or exceed 50 percent of the market value of the building or structure before the damage occurred

(2) SUBSTANTIAL IMPROVEMENT. Any combination of repair, reconstruction, rehabilitation, alteration, addition or improvement of a building or structure taking place during a 10-year period, the cumulative cost of which equals or exceeds 50 percent of the market value of the structure before the improvement or repair is started. For each building or structure, the 10-year period begins on the date of the first permit issued for improvement or repair of that building or structure subsequent to the date of this ordinance. If the structure has sustained substantial damage, any repairs are considered substantial improvement regardless of the actual repair work performed. The term does not, however, include either:

DRAFT

a. Any project for improvement of a building required to correct existing health, sanitary or safety code violations identified by the Escambia County Building Official and that are the minimum necessary to assure safe living conditions.

b. Any alteration of a historic structure provided that the alteration will not preclude the structure's continued designation as a historic structure.

(c) *Structural Requirements of Commercial Buildings*.

Structural requirements shall include:

Flood requirements in accordance with Section 1612 of the Florida Building Code, Building including lowest floor elevations, enclosures, flood damage-resistant materials, and non-conversion lease amendment.

(d) *Structural Requirements of Residential Buildings (one- and two-family).*

Structural requirements shall include:

Flood hazard areas, flood zones, design flood elevations, lowest floor elevations, enclosures, equipment, flood damage-resistant materials, and non-conversion lease amendment.

(e) *Coastal High Hazard Areas*.

All buildings and structures within the jurisdiction of the SRIA shall be designed and constructed in accordance with the requirements of ASCE 24 applicable to coastal high hazard areas.

(f) *Minimum Elevation Requirements*.

(1) The minimum elevation requirements shall be as specified in ASCE 24 or the base flood elevation plus 3 feet, whichever is higher.

(2) All buildings and structures shall be elevated so that the lowest portion of all structural members supporting the lowest floor, with the exception of piling, pile caps, columns, grade beams, mat and raft foundations, and bracing, is elevated to or above the base flood elevation plus 3 feet or the design flood elevation, whichever is higher.

(g) *Cross Bracing*.

Cross bracing shall not be permitted unless a building or structure does not have walls designed to break away and provided the bracing is located above the base flood elevation plus 3 feet or the design flood elevation, whichever is higher, and provided such bracing is perpendicular to the shoreline. Cross bracing shall not be used as part of the structural calculations to meet the required design criteria.

DRAFT

(h) *Prohibitions*.

(1) Basement floors that are below grade on all sides are prohibited.

(2) The use of fill for structural support is prohibited.

(i) *Minor Grading*.

Minor grading, and the placement of minor quantities of fill, shall be permitted for landscaping and for drainage purposes under and around buildings and for support of parking slabs, pool decks, patios and walkways.

Exception*:* Walls and partitions enclosing areas below the design flood elevation shall meet the requirements of Section R322 of the Florida Building Code, Residential.

(j) *Walls and Partitions Below Design Flood Elevation*.

Walls and partitions are permitted below the elevated floor, provided that such walls and partitions are not part of the structural support of the building or structure and:

(1) Electrical, mechanical, and plumbing system components are not to be mounted on or penetrate through walls that are designed to break away under flood loads; and

(2) The walls are constructed with insect screening or open lattice; or

(3) The walls are designed to break away or collapse without causing collapse, displacement or other structural damage to the elevated portion of the building or supporting foundation system. Such walls, framing and connections shall have a design safe loading resistance of not less than 10 and no more than 20 pounds per square foot; or

(4) Where wind loading values of this code exceed 20 pounds per square foot, the construction documents shall include documentation prepared and sealed by a registered design professional that:

a. The walls and partitions below the design flood elevation have been designed to collapse from a water load less than that which would occur during the design flood.

b. The elevated portion of the building and supporting foundation system have been designed to withstand the effects of wind and flood loads acting simultaneously on all building components (structural and nonstructural). Water loading values used shall be those associated with the design flood. Wind loading values used shall be those required by this code.

(5) Walls shall be provided with flood openings that meet the criteria in Section R322 of the Florida Building Code, Residential.

DRAFT

Sec. 14-223. Variances in flood hazard areas.

Pursuant to Section 553.73(5), Florida Statutes, as amended, the variance procedures adopted in the local floodplain management ordinance shall apply to requests submitted to the Building Official for variances.

Section 2. Severability.

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court or competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 3. Inclusion in the Code.

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Escambia County Code; and that the sections of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

Section 4. Effective Date.

This Ordinance shall become effective upon filing with the Department of State.

DONE AND ENACTED THIS ___ DAY OF_____, 2020.

DRAFT

ORDINANCE 2020-_____

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, REPEALING AND REPLACING IN ITS ENTIRETY CHAPTER 14 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, ENTITLED "BUILDINGS AND BUILDING REGULATIONS;" PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Escambia County finds that repealing and replacing in its entirety Chapter 14 of the Escambia County Code of Ordinances, entitled "Buildings and Building Regulations," is in the best interest of the County and its citizens;

WHEREAS, the Board of County Commissioners further finds that the proposed repeal and replace serves as an important public purpose;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AS FOLLOWS:

Section 1. That Chapter 14 of the Escambia County Code of Ordinances is hereby repealed and replaced to read as follows:

Chapter 14 - BUILDINGS AND BUILDING REGULATIONS

ARTICLE I. GENERAL

Secs. 14-1—14-25. Reserved.

ARTICLE II. BUILDING CODE

Sec. 14-26. Adoption.

The Florida Building Code is hereby deemed adopted pursuant to the latest Florida Statutes Chapter 553 and incorporated fully as if set out at length herein.

Sec. 14-27. Escambia County amendments to chapter 1 of the Florida Building Code.

The Florida Building Code adopted in Section 14-26 is hereby amended as set forth in Article III through Article XIX.

ARTICLE III. ADMINISTRATION

Sec. 14-28. Title.

(a) These Escambia County regulations, along with the current edition of the Florida Building Code as implemented by the State of Florida shall hereinafter be referred to as “this code.”

(b) The Director of the Escambia County Building Services Department shall hereinafter be referred to as the “Building Official.”

(c) The Building Official may delegate duties and responsibilities to properly licensed personnel as needed.

Sec. 14-29. Scope.

(a) The provisions of this code shall apply to the construction, alteration, relocation, enlargement, replacement, repair, equipment, use and occupancy, location, maintenance, removal and demolition of buildings or structures or any appurtenances connected or attached to such buildings or structures.

(b) Exception: Detached one and two-family dwellings and multiple single-family dwellings (townhouses) not more than three stories above grade plane in height with a separate means of egress and their accessory structures not more than three stories above grade plane in height, shall comply with the Florida Building Code, Residential.

(c) Florida Building Code, Residential construction standards or practices which are not covered by Florida Building Code, Residential volume shall be in accordance with the provisions of Florida Building Code, Building.

Sec. 14-30. Intent.

The purpose of this code is to establish the minimum requirements to safeguard the public health, safety and general welfare through structural strength, means of egress facilities, stability, sanitation, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment and to provide safety to fire fighters and emergency responders during emergency operations.

Sec. 14-31. Quality control.

Quality control of materials and workmanship is not within the purview of this code except as it relates to the purposes stated herein.

Sec. 14-32. Warranty and liability.

The permitting, plan review or inspection of any building, system or plan by the Escambia County Building Services Department, under the requirements of this code, shall not be construed in any court as a warranty of the physical condition of such building, system or plan or their adequacy. Escambia County or its employees shall not be liable in tort for damages or hazardous or illegal condition or inadequacy in such building, system or plan, nor for any failure of any component of such, which may occur subsequent to such inspection or permitting.

Sec. 14-33. Referenced codes.

Other codes listed in Secs. 14-34 through 14-42 and referenced elsewhere in this code shall be considered part of the requirements of this code to the prescribed extent of each such reference.

Sec. 14-34. Gas.

The provisions of the Florida Building Code, Fuel Gas shall apply to the installation of gas piping from the point of delivery, gas appliances and related accessories as covered in this code. These requirements apply to gas piping systems extending from the point of delivery to the inlet connections of appliances and the installation and operation of residential and commercial gas appliances and related accessories.

Sec. 14-35. Mechanical.

The provisions of the Florida Building Code, Mechanical shall apply to the installation, alteration, repair and replacement of mechanical systems, including equipment, appliances, fixtures, fittings and/or appurtenances, including ventilating, heating, cooling, air-conditioning and refrigeration systems, incinerators and other energy-related systems.

Sec. 14-36. Plumbing.

The provisions of the Florida Building Code, Plumbing shall apply to the installation, alteration, repair and replacement of plumbing systems, including equipment, appliances, fixtures, fittings and appurtenances, and where connected to a water or sewage system and all aspects of a medical gas system.

Sec. 14-37. Property maintenance.

Reserved.

Sec. 14-38. Fire prevention.

For provisions related to fire prevention, refer to the Florida Fire Prevention Code. The Florida Fire Prevention Code shall apply to matters affecting or relating to structures, processes and premises from the hazard of fire and explosion arising from the storage, handling, or use of structures, materials or devices; from conditions hazardous to life, property or public welfare in the occupancy of structures or premises; and from the construction, extension, repair, alteration or removal of fire suppression, automatic sprinkler systems and alarm systems or fire hazards in the structure or on the premises from occupancy or operation.

Sec. 14-39. Energy.

The provisions of the Florida Building Code, Energy Conservation, shall apply to all matters governing the design and construction of buildings for energy efficiency.

Sec. 14-40. Existing buildings.

The provisions of the Florida Existing Building Code shall apply to matters governing the repair, alteration, change of occupancy, addition to and relocation of existing buildings.

Sec. 14-41. Accessibility.

For provisions related to accessibility, refer to the Florida Building Code, Accessibility.

Sec. 14-42. Manufactured buildings.

For additional administrative and special code requirements, see Section 458, Florida Building Code and Rule 61-41, Florida Administrative Code.

ARTICLE IV. APPLICABILITY

Sec. 14-43. General.

(a) Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable. Where, in any specific case, different sections of this code specify different materials, methods of construction or other requirements, the most restrictive shall govern.

(b) The Florida Building Code does not apply to, and no code enforcement action shall be brought with respect to, zoning requirements, land use requirements and owner specifications or programmatic requirements which do not pertain to and govern the design, construction, erection, alteration, modification, repair

or demolition of public or private buildings, structures or facilities or to programmatic requirements that do not pertain to enforcement of the Florida Building Code. Additionally, a local code enforcement agency may not administer or enforce the Florida Building Code, Building, to prevent the siting of any publicly owned facility, including, but not limited to, correctional facilities, juvenile justice facilities, or state universities, community colleges, or public education facilities, as provided by law.

Sec. 14-44. Building.

The provisions of the Florida Building Code shall apply to the construction, erection, alteration, modification, repair, equipment, use and occupancy, location, maintenance, removal and demolition of every public and private building, structure or facility, or any appurtenances connected or attached to such buildings, structures or facilities. Additions, alterations, repairs and changes of use or occupancy group in all buildings and structures shall comply with the provisions provided in the Florida Building Code, Existing Building. The following buildings, structures and facilities, except for those located in a Special Flood Hazard Area are exempt from the Florida Building Code as provided by law, and any further exemptions shall be as determined by the legislature and provided by law:

(a) Building and structures specifically regulated and preempted by the federal government.

(b) Railroads and ancillary facilities associated with the railroad.

(c) Nonresidential farm buildings on farms. Application for exemption must be completed and approved.

(d) Temporary buildings or sheds used exclusively for construction purposes.

(e) Mobile or modular structures used as temporary offices, except that the provisions of Part II (Section 553.501-553.513, Florida Statutes, as amended) relating to accessibility by persons with disabilities shall apply to such mobile or modular structures. Permits shall be required for structural support and tie down, electric supply and all other such utility connections to such mobile or modular structures as required by this jurisdiction.

(f) Those structures or facilities of electric utilities, as defined in Section 366.02, Florida Statutes, as amended, which are directly involved in the generation, transmission, or distribution of electricity.

(g) Temporary sets, assemblies, or structures used in commercial motion picture or television production, or any sound-recording equipment used in such production, on or off the premises.

(h) Chickees constructed by the Miccosukee Tribe of Indians of Florida or the Seminole Tribe of Florida. As used in this paragraph, the term “chickee” means an open-sided wooden hut that has a thatched roof of palm or palmetto or other traditional materials, and that does not incorporate any electrical, plumbing, or other non-wood features.

(i) Family mausoleums not exceeding 250 square feet (23 m^2) in area which are prefabricated and assembled on site or preassembled and delivered on site and have walls, roofs, and a floor constructed of granite, marble, or reinforced concrete.

(j) Temporary housing provided by the Department of Corrections to any prisoner in the state correctional system.

(k) A building or structure having less than 1,000 square feet (93 m^2) which is constructed and owned by a natural person for hunting and which is repaired or reconstructed to the same dimension and condition as existed on January 1, 2011, if the building or structure: (1) is not rented or leased or used as a principal residence; (2) is not located within the 100-year floodplain according to the Federal Emergency Management Agency’s current Flood Insurance Rate Map; and (3) is not connected to an off-site electric power or water supply.

Sec. 14-45. Additional requirements.

In addition to the requirements of Section 553.79 and 553.80, Florida Statutes, as amended, facilities subject to the provisions of Chapter 395, Florida Statutes, as amended, and Part II of Chapter 400, Florida Statutes, as amended, shall have facility plans reviewed and construction surveyed by the state agency authorized to do so under the requirements of Chapter 395, Florida Statutes, as amended, and Part II of Chapter 400, Florida Statutes, as amended, and the certification requirements of the federal government.

Sec. 14-46. Moved buildings.

Moved buildings shall comply with the current edition of the Florida Building Code, Existing Building and this code. A building or part of any building shall not be moved through or across any sidewalk, street, alley or highway or from one foundation to another on the same lot within the county without first obtaining a permit from the Building Official.

Sec. 14-47. Application to move building.

A written application shall be filed with the Building Official by any person desiring to move a building setting forth the following information:

(1) Type and kind of building to be moved.

(2) Market value of the building.

(3) Overall dimensions of the building including, length, height and width.

(4) Present location as well as proposed new location by subdivision, parcel ID and address.

(5) Date and approximate time such building will be upon the streets and contemplated route that will be taken from the present location to the new location.

(6) List of all roads and streets to be traversed and, if travel is over a state-owned right-of-way, provide a copy of state department of transportation approved permit.

Sec. 14-48. Compliance of moved buildings.

Buildings or structures moved into or within Escambia County, Florida shall not be required to be brought into compliance with the state minimum building code in force at the time the building or structure is moved, provided:

1. The building or structure is structurally sound and is determined by a licensed Engineer to have no substantial structural damage as defined in the Florida Building Code, Existing Building.

2. The occupancy use classification for the building or structure is not changed as a result of the move;

3. The building is not substantially remodeled;

4. Current fire code requirements for ingress and egress are met;

5. Electrical, gas and plumbing systems meet the codes in force at the time of construction and are operational and safe for reconnection; and

6. Foundation plans are sealed by a professional engineer or architect licensed to practice in the State of Florida.

The Building Official shall apply the same standard to a moved residential building or structure as that applied to the remodeling of any comparable residential building or structure to determine whether the moved structure is substantially remodeled. The cost of the foundation on which the moved building or structure is placed shall not be included in the cost of remodeling for purposes of determining whether a moved building or structure has been substantially remodeled.

Sec. 14-49. Required notice.

The permit applicant shall provide written proof to the Building Official that the applicant has:

(1) Notified all fire departments through whose areas the building is to be moved.

(2) Notified all utility companies.

(3) Notified the county engineer.

(4) Notified Escambia County Sheriff's Department.

(5) Notified all other affected property owners that a building or structure is to be moved.

Sec. 14-50. Content of notice.

Notice shall be given to the responsible person for each activity listed and as a minimum shall include the dimensions of the building or structure, the time of departure, the route to be traveled, and estimated time of completion. Any lines, poles, trees, fences or other obstruction which must be moved shall not be moved until agreement is reached with the owner or responsible party as to how it is to be done.

Sec. 14-51. Permits required.

Application for the moving permit shall be accompanied by an application for a building permit, accompanied by complete plans and specifications showing the changes or conditions of such house, building, or structure as such house, building or structure is proposed to be when moving and all contemplated improvements, signed by the owner or the owner's agent.

Sec. 14-52. Jurisdiction of state agencies.

This section does not apply to the jurisdiction and authority of the Department of Agriculture and Consumer Services to inspect amusement rides or the Department of Financial Services to inspect state-owned buildings and boilers.

Sec. 14-53. Advisory board exemptions from the Florida Building Code.

(a) The Escambia County Building Services Department and the Building Official shall have an advisory board, the composition of which shall be determined by Article XV of this code.

(b) At its own option and at the recommendation of the advisory board, the Escambia County Board of County Commissioners may grant the advisory board the authority to grant an owner of a single-family residence one or more of the following exemptions from the Florida Building Code relating to:

1. Drawings certified by a State of Florida licensed Design Professional for an addition, alteration, or repairs performed by the property owner upon his or her own property, provided any addition or alteration shall not exceed 1,000 square feet (93 m^2) or the square footage of the primary structure, whichever is less.

2. Addition, alteration, or repairs by a non-owner within a specific cost limitation set by rule, provided the total cost shall not exceed $5,000 within any 12-month period.

3. Building and inspection fees.

(c) However, the exemptions under subparagraph (b) do not apply to single-family residences that are located in mapped flood hazard areas, as defined in the code, unless the Escambia County Building Services Department has determined that the work, which is otherwise exempt, does not constitute a substantial improvement, including the repair of substantial damage, of such single-family residences.

(d) Each code exemption, as defined in sub-subparagraphs (b)1, (b)2, and (b)3 shall be certified by the advisory board 10 days prior to implementation and shall only be effective in the territorial jurisdiction of Escambia County, Florida.

Sec. 14-54. Playground equipment.

(a) This Article does not apply to swings and other playground equipment accessory to a one or two-family dwelling.

(b) Exception: Electrical service to such playground equipment shall be in accordance with Chapter 27 of the Florida Building Code, Building.

Sec. 14-55. Application of references.

References to chapter or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such chapter, section or provision of this code.

Sec. 14-56. Referenced codes and standards.

The codes and standards referenced in this code shall be considered part of the requirements of this code to the prescribed extent of each such reference and as further regulated in Secs. 14-57 and 14-58.

Sec. 14-57. Conflicts.

Where conflicts occur between provisions of this code and referenced codes and standards, the provisions of this code shall apply.

Sec. 14-58. Provisions in referenced codes and standards.

Where the extent of the reference to a referenced code or standard includes subject matter that is within the scope of this code or the Florida Codes listed in Sec. 14-33, the provisions of this code or the Florida Codes listed in Sec. 14-33, as applicable, shall take precedence over the provisions in the referenced code or standard.

Sec. 14-59. Partial invalidity.

In the event that any part or provision of this code is held to be illegal or void, this shall not have the effect of making void or illegal any of the other parts or provisions.

Sec. 14-60. Existing structures.

The legal occupancy of any structure existing on the date of adoption of this code shall be permitted to continue without change, except as is specifically covered in this code, the Florida Building Code, Existing Building, and the Florida Fire Prevention Code.

Sec. 14-61. Buildings not previously occupied.

A building or portion of a building that has not been previously occupied or used for its intended purpose in accordance with the laws in existence at the time of its completion shall comply with the provisions of the Florida Building Code or Florida Residential Code, as applicable, for new construction or with any current permit for such occupancy.

Sec. 14-62. Buildings previously occupied.

The legal occupancy of any building existing on the date of adoption of this code shall be permitted to continue without change, except as otherwise specifically provided in this code, the Florida Fire Prevention Code or as is deemed necessary by the Building Official for the general safety and welfare of the occupants and the public.

Sec. 14-63. Relocation of manufactured buildings.

(1) Relocation of an existing manufactured building does not constitute an alteration.

(2) A relocated building shall comply with wind speed requirements of the new location, using the appropriate wind speed map. If the existing building was manufactured in compliance with the Standard Building Code (prior to March 1, 2002), the wind speed map of the Standard Building Code shall be applicable. If the existing building was manufactured in compliance with the Florida Building

Code (after March 1, 2002), the wind speed map of the Florida Building Code shall be applicable.

(3) A relocated building shall comply with the flood hazard area requirements of the new location, if applicable.

Sec. 14-64. Existing mechanical equipment.

The Escambia County Building Services Department will not require that existing mechanical equipment located on or above the surface of a roof be installed in compliance with the requirements of the Florida Building Code except during reroofing when the equipment is being replaced or moved during reroofing and is not in compliance with the provisions of the Florida Building Code relating to roof-mounted mechanical units.

ARTICLE V. DEPARTMENT OF BUILDING SERVICES

Sec. 14-65. General.

The Escambia County Building Services Department is hereby recognized as the enforcement agency of building regulations in the jurisdiction of Escambia County, Florida and the official in charge thereof shall be known as the Director of Building Services/Building Official.

Sec. 14-66. Appointment.

The Director of Building Services/Building Official shall be appointed by the Escambia County Administrator.

Sec. 14-67. Deputies.

In accordance with the prescribed procedures of Escambia County and with the concurrence of the Escambia County Administrator, the Building Official shall have the authority to appoint a deputy Building Official, related technical officers, inspectors, plan examiners, floodplain administrator and other employees. Such employees shall have powers as delegated by the Building Official.

ARTICLE VI. DUTIES AND POWERS OF BUILDING OFFICIAL

Sec. 14-68. General.

The Building Official is hereby authorized and directed to enforce the provisions of this code. The Building Official shall have the authority to render interpretations of this code and to adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this code. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this code.

Sec. 14-69. Applications and permits.

The Building Official or designee shall receive applications, review construction documents and issue permits for the erection, and alteration, demolition and

moving of buildings and structures, inspect the premises for which such permits have been issued and enforce compliance with the provisions of this code.

Sec. 14-70. Determination of substantially improved or substantially damaged existing buildings and structures in flood hazard areas.

For applications for reconstruction, rehabilitation, repair, alteration, addition or other improvement of existing buildings or structures located in flood hazard areas, the Building Official or the floodplain administrator shall determine if the proposed work constitutes substantial improvement or repair of substantial damage. Where the Building Official or floodplain administrator determines that the proposed work constitutes substantial improvement or repair of substantial damage, and where required by this code, the Building Official or floodplain administrator shall require the building to meet the requirements of Section 1612 of the Florida Building Code, Building.

Sec. 14-71. Notices and orders.

The Building Official or designee shall issue all necessary notices or orders to ensure compliance with this code.

Sec. 14-72. Inspections.

The Building Official or designee shall make all of the required inspections, or the Building Official shall have the authority to accept Reports Affidavits of inspection by approved agencies, individuals or State of Florida licensed design professionals. Reports Affidavits of such inspection shall be in writing and be certified by the responsible officer of such approved agency or by the responsible individual design professional. The Building Official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the Escambia County Administrator.

Sec. 14-73. Identification.

The Building Official or designee shall carry proper identification when inspecting structures or premises in the performance of duties under this code.

Sec. 14-74. Right of entry.

Where it is necessary to make an inspection to enforce the provisions of this code, or where the Building Official or designee has reasonable cause to believe that there exists in a structure or upon a premises a condition which is contrary to or in violation of this code which makes the structure or premises unsafe, dangerous or hazardous, the Building Official or designee is authorized to enter the structure or premises at reasonable times to inspect or to perform the duties imposed by this code, provided that if such structure or premises be occupied that credentials be presented to the occupant and entry requested. If such structure or premises is unoccupied, the Building Official or designee shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the Building Official or designee shall have recourse to the remedies provided by law to secure entry.

Sec. 14-75. Department records.

The Building Official or designee shall keep official records of applications received, permits and certificates issued, fees collected, reports of inspections, and notices and orders issued. Such records shall be retained in the official records for the period required for retention of public records per Chapter 119 of the Florida Statutes, as amended.

Sec. 14-76. Approved materials and equipment.

Materials, equipment and devices approved by the Building Official shall be constructed and installed in accordance with such approval.

Sec. 14-77. Used materials and equipment.

The use of used materials which meet the requirements of this code for new materials is permitted. Used equipment and devices shall not be reused unless approved by the Building Official.

Sec. 14-78. Modifications.

Wherever there are practical difficulties involved in carrying out the provisions of this code, the Building Official shall have the authority to grant modifications for individual cases, upon application of the owner or owner's representative, provided the Building Official shall first find that special individual reason makes the strict letter of this code impractical and the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, accessibility, life and fire safety, or structural requirements. The details of action granting modifications shall be recorded and entered in the files of the department of building safety, i.e., the Escambia County Building Services Department.

Sec. 14-79. Flood hazard areas.

The Building Official shall coordinate with the floodplain administrator to review requests submitted to the Building Official that seek approval to modify the strict application of the flood resistant construction requirements of the Florida Building Code to determine whether such requests require the granting of a variance pursuant to Sec. 14-221.

Sec. 14-80. Alternative materials, design and methods of construction and equipment.

The provisions of this code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material, design or method of construction shall be approved where the Building Official finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, not less than the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety. Where the alternative material, design or method of construction is not approved,

the Building Official shall respond in writing, stating the reasons why the alternative was not approved.

Sec. 14-81. Research reports.

Supporting data, where necessary to assist in the approval of materials or assemblies not specifically provided for in this code, shall consist of valid research reports from approved sources.

Sec. 14-82. Tests as evidence of compliance.

Whenever there is insufficient evidence of compliance with the provisions of this code, or evidence that a material or method does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or methods, the Building Official shall have the authority to require tests as evidence of compliance to be made at no expense to Escambia County. Test methods shall be as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the Building Official shall approve the testing procedures. Tests shall be performed by an approved agency. Reports of such tests shall be retained by the Building Official for the period required for retention of public records.

Sec. 14-83. Requirements not covered by code.

Any requirements necessary for strength, stability or proper operation of an existing or proposed building, structure, electrical, gas, mechanical or plumbing system, or for the public safety, health and general welfare, not specifically covered by this or other technical codes, shall be determined by the Building Official.

ARTICLE VII. PERMITS

Sec. 14-84. Required.

Any owner or owner's authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any impact-resistant coverings, electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the Escambia County Building Services Department and obtain the required permit.

Sec. 14-85. Annual facility permit.

Licensed Division II Contractors as defined in Florida Statutes 489.105 (as amended) as an option, may apply for an annual facility permit in lieu of standard individual permits for work to be performed on existing systems and or facilities. The Escambia County Building Services Department will issue an annual permit for routine or emergency service to install, repair, refurbish, replace, or move systems and or system components that are within the scope of eligible work established by the Escambia County Contractor Competency Board and/or the Escambia County Board of Electrical Examiners. Work performed must be within

the allowable scope of the Division II Contractor's license(s) according to Florida Statutes 489.105, as amended. Contractors must give notice to the owner that their project will be handled through an annual permit. The Building Official shall retain the right to make inspections at the site as deemed necessary. An annual facilities permit shall be assessed with a fee set by Escambia County Board of County Commissioners resolution and shall be valid for one year from date of issuance. When work is finished, the contractor shall complete an affidavit of compliance provided by the Escambia County Building Services Department for each individual project. All affidavits shall be submitted to the Escambia County Building Services Department no more than 30 days after the project is complete. Each affidavit accepted shall be assessed a recording fee. Individual projects are defined by separate addresses.

Any license holder who participates in the annual permit program is subject to removal from the program as a result of disciplinary action by the Escambia County Contractor Competency Board or the Escambia County Board of Electrical Examiners.

Sec. 14-86. Annual Facility permit records.

The person to whom an annual permit is issued shall keep a detailed record of work performed or alterations made under such annual permit. The Building Official shall have access to such records at all times or such records shall be filed with the Escambia County Building Services Department, as designated.

Sec. 14-87. Food permit.

In accordance with section 500.12, Florida Statutes, as amended, a food permit from the Department of Agriculture and Consumer Services is required of any person who operates a food establishment or retail store.

Sec. 14-88. Public swimming pool.

The Escambia County Building Services Department may not issue a building permit to construct, develop, or modify a public swimming pool without proof of application, whether complete or incomplete, for an operating permit pursuant to Section 514.031, Florida Statutes, as amended. A certificate of completion or occupancy may not be issued until such operating permit is issued. The Escambia County Building Services Department shall conduct their review of the building permit application upon filing and in accordance with Chapter 553, Florida Statutes, as amended. The Escambia County Building Services Department may confer with the Department of Health, if necessary, but may not delay the building permit application review while awaiting comment from the Department of Health.

Sec. 14-89. Work exempt from permit.

Exemptions from permit requirements of this code shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this code or any other laws or ordinances of Escambia County, to include work in any special flood hazard area. Exemptions granted under this section do not

relieve the owner or contractor from their duty to comply with applicable provisions of the Florida Building Code, and requirements of the local floodplain management ordinance. Permits shall not be required for the following:

(a) Building:

1. One-story detached accessory structures used as tool and storage sheds, playhouses and similar uses, provided the floor area does not exceed 120 square feet.

2. At the owner's option, portable one-story detached residential storage sheds not exceeding 400 square feet that do not contain plumbing, electrical, mechanical or gas, may qualify for permit exemption. An application for permit exemption must be completed, reviewed and approved to qualify. For the purposes of this Article, a portable building is a structure including its foundation that sits atop finished ground level or final grade without extending below finished ground level or final grade. A portable building shall have and maintain the capability of being moved without the use of heavy equipment or demolition. A portable building shall be anchored to meet the wind resistance requirements of the current Florida Building Code for the structure's location. This description does not preclude the relevance of other appropriate requirements.

2. Fences of light-frame construction not over 10 feet high. Exemption does not include land use approval from Development Services.

3. Oil derricks.

4. Retaining walls that are not over 4 feet in height measured from the bottom of the footing to the top of the wall, unless supporting a surcharge or impounding Class I, II or IIIA liquids.

5. Water tanks supported directly on grade if the capacity does not exceed 5,000 gallons and the ratio of height to diameter or width does not exceed 2:1.

6. Sidewalks not more than 30 inches above adjacent grade, and not over any basement or story below and are not part of an accessible route.

7. Painting, papering, tiling, carpeting, cabinets, counter tops and similar finish work.

8. Temporary motion picture, television and theater stage sets and scenery.

9. Prefabricated swimming pools accessory to a Group R-3 occupancy that are less than 24 inches deep, do not exceed 5,000 gallons and are installed entirely above ground.

10. Shade cloth structures constructed for nursery or agricultural purposes, not including service systems.

11. Swings and other playground equipment accessory to detached one- and two-family dwellings.

12. Window awnings supported by an exterior wall that do not project more than 54 inches from the exterior wall and do not require additional support of Groups R-3 and U occupancies.

13. Non-fixed and movable fixtures, cases, racks, counters and partitions not over 5 feet 9 inches (1753 mm) in height.

14. Floating Structures.

(b) Electrical:

Repairs and maintenance: Minor repair work, including the replacement of light fixtures, switches, receptacle outlets or the connection of approved portable electrical equipment to approved permanently installed receptacles.

Radio and television transmitting stations: The provisions of this code shall not apply to electrical equipment used for radio and television transmissions but do apply to equipment and wiring for a power supply and the installations of towers and antennas.

Temporary testing systems: A permit shall not be required for the installation of any temporary system required for the testing or servicing of electrical equipment or apparatus.

(c) Gas:

1. Portable heating appliance.

2. Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.

(d) Mechanical:

1. Portable heating appliance.

2. Portable ventilation equipment.

3. Portable cooling unit.

4. Steam, hot or chilled water piping within any heating or cooling equipment regulated by this code.

5. Replacement of any part that does not alter its approval or make it unsafe.

6. Portable evaporative cooler.

7. Self-contained refrigeration system containing 10 pounds (5 kg) or less of refrigerant and actuated by motors of 1 horsepower (746 W) or less.

8. The installation, replacement, removal or metering of any load management control device.

(e) Plumbing:

1. The stopping of leaks in drains, water, soil, waste or vent pipe, provided, however, that if any concealed trap, drain pipe, water, soil, waste or vent pipe becomes defective and it becomes necessary to remove and replace the same with new material, such work shall be considered as new work and a permit shall be obtained and inspection made as provided in this code.

2. The clearing of stoppages or the repairing of leaks in pipes, valves or fixtures and the removal and reinstallation of water closets, provided such repairs do not involve or require the replacement or rearrangement of valves, pipes or fixtures.

3. Dishwasher changeout of the same type that does not involve new plumbing.

4. Under sink waste/garbage disposal changeout that does not involve new plumbing.

Sec. 14-90. Emergency repairs.

Where equipment replacements and repairs must be performed in an emergency situation, the permit application shall be submitted within the next working business day to the Building Official.

Sec. 14-91. Minor repairs.

Ordinary minor repairs may be made with the approval of the Building Official without a permit, provided the repairs shall not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or load-bearing support, or the removal or change of any required means of egress, or rearrangement of parts of a structure affecting the egress requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring systems or mechanical equipment or other work affecting public health or general safety, and such repairs shall not violate any of the provisions of the technical codes.

Sec. 14-92. Public service agencies.

A permit shall not be required for the installation, alteration or repair of generation, transmission, distribution or metering or other related equipment that is under the ownership and control of public service agencies by established right.

Sec. 14-93. Application for permit.

To obtain a permit, the applicant shall first file an application in writing or online as provided by the Escambia County Building Services Department for the purpose described by the applicant.

Permit application must comply with the requirements of Section 713.135(5) and (6), Florida Statutes, as amended.

Each application shall be inscribed with the date of application, and the code in effect as of that date. For a building permit for which an application is submitted prior to the effective date of the Florida Building Code, the state minimum building code in effect on the date of the application governs the permitted work for the life of the permit and any extension granted to the permit.

Sec. 14-94. Action on application.

The Building Official or designee shall examine or cause to be examined applications for permits and amendments thereto within a reasonable time after filing. If the application or the construction documents do not conform to the requirements of pertinent laws, the Building Official or designee shall reject such application in writing, stating the reasons therefor. If the Building Official is satisfied that the proposed work conforms to the requirements of this code and laws and ordinances applicable thereto, the Building Official or designee shall issue a permit therefor as soon as practicable. When authorized through contractual agreement with a school board, in acting on applications for permits, the Building Official or designee shall give first priority to any applications for the construction of, or addition or renovation to, any school or educational facility.

Sec. 14-95. Application by state university, Florida college or public school district.

If a state university, Florida college or public school district elects to use the Escambia County Building Services Department, fees charged by the Escambia County Building Services Department for enforcement of the Florida Building Code on buildings, structures, and facilities of state universities, state colleges, and public school districts shall not be more than the actual labor and administrative costs incurred for plans review and inspections to ensure compliance with the code.

Sec. 14-96. Documentation required prior to issuance of permit.

No permit may be issued for any building construction, erection, alteration, modification, repair, or addition unless the applicant for such permit provides to the Escambia County Building Services Department any of the following documents which apply to the construction for which the permit is to be issued and which shall be prepared by or under the direction of an engineer registered under Chapter 471, Florida Statutes, as amended:

1. Plumbing documents for any new building or addition which requires a plumbing system with more than 250 fixture units or which costs more than $125,000.

2. Fire sprinkler documents for any new building or addition which includes a fire sprinkler system which contains 50 or more sprinkler heads. Personnel as authorized by chapter 633 Florida Statutes, as amended, may design a fire sprinkler system of 49 or fewer heads and may design the alteration of an existing fire sprinkler system if the alteration consists of the relocation, addition or deletion of not more than 49 heads, notwithstanding the size of the existing fire sprinkler system.

3. Heating, ventilation, and air-conditioning documents for any new building or addition which requires more than a 15-ton-per-system capacity which is designed to accommodate 100 or more persons or for which the system costs more than $125,000. This paragraph does not include any document for the replacement or repair of an existing system in which the work does not require altering a structural part of the building or for work on a residential one, two, three or four-family structure.

An air-conditioning system may be designed by an installing air-conditioning contractor certified under Chapter 489, Florida Statutes, as amended, to serve any building or addition which is designed to accommodate fewer than 100 persons and requires an air-conditioning system with a value of $125,000 or less; and when a 15-ton-per system or less is designed for a singular space of a building and each 15-ton system or less has an independent duct system. Systems not complying with the above require design documents that are to be sealed by a professional engineer.

4. Any specialized mechanical, electrical, or plumbing document for any new building or addition which includes a medical gas, oxygen, steam, vacuum, toxic air filtration, halon, or fire detection and alarm system which costs more than $5,000.

5. Electrical documents. See Florida Statutes 471.003(2)(h), as amended. Any electrical or plumbing or air-conditioning and refrigeration system meeting the following thresholds are required to be designed by a Florida Registered Engineer. The system, requires an electrical system with a value of over $125,000; and Requires an aggregate service capacity of over 600 amperes (240 volts) on a residential electrical system or over 800 amperes (240 volts) on a commercial or industrial electrical system.

Documents requiring an engineer seal by this part shall not be valid unless a professional engineer who possesses a valid certificate of registration has signed, dated, and stamped such document as provided in Section 471.025, Florida Statutes, as amended.

6. All public swimming pools and public bathing places defined by and regulated under Chapter 514, Florida Statutes, as amended.

Sec. 14-97. Time limitation of application.

An application for a permit for any proposed work shall be deemed to have been abandoned becoming null and void 180 days after the date of filing, unless such

application has been pursued in good faith or a permit has been issued; except that the Building Official is authorized to grant one or more extensions of time for additional periods not exceeding 90 days each. The extension shall be requested in writing and justifiable cause demonstrated.

Sec. 14-98. Notice of additional restrictions.

The Escambia County Building Services Department may not issue a building permit for any building construction, erection, alteration, modification, repair or addition unless the permit either includes on its face or there is attached to the permit the following statement: "NOTICE: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional permits required from other governmental entities such as water management districts, state agencies, or federal agencies."

Sec. 14-99. Timeframe for issuance of building permit for single-family residential dwellings.

A building permit for a single-family residential dwelling must be issued within 30 working days of application therefor unless unusual circumstances require a longer time for processing the application or unless the permit application fails to satisfy the Florida Building Code or Escambia County ordinances.

Sec. 14-100. Identification of minimum premium policy.

Except as otherwise provided in Chapter 440, Florida Statutes, Workers' Compensation, every employer shall, as a condition to receiving a building permit, show proof that it has secured compensation for its employees as provided in Section 440.10 and 440.38, Florida Statutes, as amended.

Sec. 14-101. Asbestos removal.

This section applies to the moving, removal or disposal of asbestos-containing materials on a residential building where the owner occupies the building, the building is not for sale or lease, and the work is performed according to the owner-builder limitations provided in this paragraph. To qualify for exemption under this paragraph, an owner must personally appear and sign the building permit application. The permitting agency shall provide the person with a disclosure statement in substantially the following form:

Disclosure Statement: State law requires asbestos abatement to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement contractor even though you do not have a license. You must supervise the construction yourself. You may move, remove or dispose of asbestos-containing materials on a residential building where you occupy the building and the building is not for sale or lease, or the building is a farm outbuilding on your property. If you sell or lease such building within 1 year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the

property at the time the work was done, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. Your work must be done according to all local, state and federal laws and regulations which apply to asbestos abatement projects. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances.

Sec. 14-102. Applicable code for manufactured buildings.

Manufacturers should be permitted to complete all buildings designed and approved prior to the effective date of a new code edition, provided a clear signed contract is in place. The contract shall provide specific data mirroring that required by an application for permit, specifically, without limitation, date of execution, building owner or dealer, and anticipated date of completion. However, the construction activity must commence within 6 months of the contract's execution. The contract is subject to verification by the Department of Business and Professional Regulation.

Sec. 14-103. Public right of way.

A permit shall not be issued by the Escambia County Building Services Department for the construction of any building, or for the alteration of any building where said building is to be changed and such change will affect the exterior walls, bays, balconies, or other appendages or projections fronting on any street, alley or public lane, or for the placing on any lot or premises of any building or structure removed from another lot or premises, unless the applicant has received a right of way permit from the authority having jurisdiction over the street, alley or public lane

Sec. 14-104. Conditions of the permit.

The issuance or granting of a permit shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this code or of any other ordinance of Escambia County. Permits presuming to give authority to violate or cancel the provisions of this code or other ordinances of Escambia County shall not be valid. The issuance of a permit based on construction documents and other data shall not prevent the Building Official or designee from requiring the correction of errors in the construction documents and other data. The Building Official or designee is also authorized to prevent occupancy or use of a structure where in violation of this code or of any other ordinances of Escambia County.

Sec. 14-105. Permit intent.

A permit issued shall be construed to be a license to proceed with the work and not as authority to violate, cancel, alter or set aside any of the provisions of the technical codes, nor shall issuance of a permit prevent the Building Official or designee from thereafter requiring a correction of errors in plans, construction or violations of this code. Every permit issued shall become invalid unless the work authorized by such permit is commenced within six months after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of six months after the time the work is commenced.

Sec. 14-106. New permit required after lack of progress or abandonment.

If work has commenced and the permit is revoked, becomes null and void, or expires because of lack of progress or abandonment, a new permit covering the proposed construction shall be obtained before proceeding with the work.

Sec. 14-107. Failure to obtain new permit.

If a new permit is not obtained within 180 days from the date the initial permit became null and void, the Building Official or designee is authorized to require that any work which has been commenced or completed be removed from the building site. Alternately, a new permit may be issued on application, providing the work in place and required to complete the structure meets all applicable regulations in effect at the time the initial permit became null and void and any regulations which may have become effective between the date of expiration and the date of issuance of the new permit.

Sec. 14-108. Work in progress.

Work shall be considered to be in active progress when the permit has received an approved inspection within 180 days. This provision shall not be applicable in case of civil commotion or strike or when the building work is halted due directly to judicial injunction, order or similar process.

Sec. 14-109. Renewal and extension fees.

The fee for renewal, reissuance and extension of a permit shall be set by the Escambia County Board of County Commissioners.

Sec. 14-110. Expiration.

Every permit issued shall become invalid unless the work on the site authorized by such permit is commenced within 180 days after its issuance, or if the work authorized on the site by such permit is suspended or abandoned for a period of 180 days after the time the work is commenced the permit holder and property owner shall be responsible to either complete all work in accordance with the permitted plans and inspection or remove any partially completed work in a safe and code compliant manner. The Building Official or designee is authorized to grant, in writing, one or more extensions of time, for periods not more than 180 days each. The extension shall be requested in writing and justifiable cause demonstrated as determined by the Building Official or designee.

Sec. 14-111. Effect of expired or inactive permits.

The Building Official or designee is authorized to reject new permit applications from a contractor who holds more than 5 expired or inactive permits.

Sec. 14-112. Closed permits.

For the purposes of this subsection, a closed permit shall mean a permit for which all requirements for completion have been satisfied or a permit that has been administratively closed by the Building Official or designee.

Sec. 14-113. Open permits.

For the purposes of this subsection, an open permit shall mean a permit that has not satisfied all requirements for completion as defined in 14-114.

Sec. 14-114. Administrative closure of permits.

The Building Official is authorized to administratively close expired or inactive trade permits after 2 years of expiration when no safety hazard exists, and no code violations have been previously identified.

Sec. 14-115. Closing out or resolving permits.

Closing out or resolving open or expired permits shall be the responsibility of the permit applicant and the property owner. Failure to close out or resolve open permits may be reported to the proper authority by the Building Official.

Sec. 14-116. Denial or revocation.

Whenever a permit required under this section is denied or revoked because the plan, or the construction, erection, alteration, modification, repair, or demolition of a building, is found by the Escambia County Building Services Department to not be in compliance with the Florida Building Code, the Escambia County Building Services Department shall identify the specific plan or project features that do not comply with the applicable codes, identify the specific code chapters and sections upon which the finding is based, and provide this information to the permit applicant. If the Building Official, inspector, or plans examiner finds that the plans are not in compliance with the Florida Building Code, the Building Official, inspector, or plans examiner shall identify the specific plan features that do not comply with the applicable codes, identify the specific code chapters and sections upon which the finding is based, and provide this information to the permit applicant/holder.

Sec. 14-117. Placement of permit.

A copy of the permit or permit number shall be displayed on the site of the work until the completion of the project.

Sec. 14-118. Temporary toilet facilities for workers.

Suitable temporary toilet facilities as determined by the Building Official in reliance upon normal industry standards shall be provided and maintained in a sanitary condition for the use of workers during construction. Such facilities shall be regularly cleaned and provided in a well-ventilated location and shall be placed at least 15 feet from the side property line of the lot on which it is located and may not be placed in the public right-of-way.

Sec. 14-119. Notice of commencement.

In accordance with Section 713.135, Florida Statutes, as amended, when any person applies for a building permit, the authority issuing such permit shall print on the face of each permit card in no less than 14-point, capitalized, boldfaced

type: “WARNING TO OWNER: YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOUR PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. A NOTICE OF COMMENCEMENT MUST BE RECORDED AND POSTED ON THE JOB SITE BEFORE THE FIRST INSPECTION. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR AN ATTORNEY BEFORE RECORDING YOUR NOTICE OF COMMENCEMENT.”

Sec. 14-120. Asbestos.

The Escambia County Building Services Department shall require each building permit for the demolition or renovation of an existing structure to contain an asbestos notification statement which indicates the owner’s or operator’s responsibility to comply with the provisions of Section 469.003, Florida Statutes, as amended, and to notify the Department of Environmental Protection of his or her intentions to remove asbestos, when applicable, in accordance with state and federal law.

Sec. 14-121. Certificate of protective treatment for prevention of termites.

A weather-resistant job-site posting board shall be provided to receive duplicate treatment certificates as each required protective treatment is completed, providing a copy for the person the permit is issued to and another copy for the building permit files. The treatment certificate shall provide the product used, identity of the applicator, time and date of the treatment, site location, area treated, chemical used, percent concentration and number of gallons used, to establish a verifiable record of protective treatment. If the soil chemical barrier method for termite prevention is used, final exterior treatment shall be completed prior to final building approval.

Sec. 14-122. Notice of termite protection.

A permanent sign which identifies the termite treatment provider and need for reinspection and treatment contract renewal shall be provided. The sign shall be posted near the water heater or electric panel.

Sec. 14-123. Work starting before permit issuance.

Upon approval of the Building Official, the scope of work delineated in the building permit application and plan may be started prior to the final approval and issuance of the permit, provided any work completed is entirely at risk of the permit applicant and the work does not proceed past the first required inspection.

Sec. 14-124. Phased permit approval.

After submittal of the appropriate construction documents, the Building Official is authorized to issue a permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted. The holder of such permit for the foundation or other parts of a building or structure shall proceed at the holder’s own risk with the building operation and without assurance that a permit for the entire structure will

be granted. Corrections may be required to meet the requirements of the technical codes.

Sec. 14-125. Permit issued on basis of an affidavit.

Whenever a permit is issued in reliance upon an affidavit or whenever the work to be covered by a permit involves installation under conditions which, in the opinion of the Building Official, are hazardous or complex, the Building Official shall require that the architect or engineer who signed the affidavit or prepared the drawings or computations shall supervise such work. In addition, they shall be responsible for conformity to the permit, provide copies of inspection reports as inspections are performed, and upon completion make and file with the Building Official written affidavit that the work has been done in conformity to the reviewed plans and with the structural provisions of the technical codes. In the event such architect or engineer is not available, the owner shall employ in his stead a competent person or agency whose qualifications are reviewed by the Building Official. The Building Official shall ensure that any person conducting plans review is qualified as a plans examiner under Part XII of Chapter 468, Florida Statutes, as amended, and that any person conducting inspections is qualified as a building inspector under Part III of Chapter 468, Florida Statutes, as amended.

Exception: Permit issued on basis of an affidavit shall not extend to the flood load and flood resistance requirements of the Florida Building Code.

Sec. 14-126. Opening protection.

When any activity requiring a building permit, not including roof covering replacement or repair work associated with the prevention of degradation of the residence, that is applied for on or after July 1, 2008, and for which the estimated cost is $50,000 or more for a site built single-family detached residential structure that is located in the wind borne debris region as defined in this Code and that has an insured value of $750,000 or more, or, if the site built single-family detached residential structure is uninsured or for which documentation of insured value is not presented, has a just valuation for the structure for purposes of ad valorem taxation of $750,000 or more; opening protections as required within this Code or Florida Building Code, Residential for new construction shall be provided.

Exception: Single family residential structures permitted subject to the Florida Building Code are not required to comply with this section.

Sec. 14-127. Inspection of existing residential building not impacted by construction.

(a) The Escambia County Building Services Department, the Building Official or other official or entity, may not require as a condition of issuance of a one or two-family residential building permit the inspection of any portion of a building, structure, or real property that is not directly impacted by the construction, erection, alteration, modification, repair, or demolition of the building, structure, or real property for which the permit is sought.

(b) This subsection does not apply to a building permit sought for:

1. A substantial improvement as defined in Section 161.54, Florida Statutes, as amended, or as defined in the Florida Building Code.

2. A change of occupancy as defined in the Florida Building Code.

3. A conversion from residential to nonresidential or mixed use pursuant to Section 553.507(2)(a), Florida Statutes, as amended or as defined in the Florida Building Code.

4. A historic building as defined in the Florida Building Code.

(c) This subsection does not prohibit the Escambia County Building Services Department, the Building Official or other official or entity, from:

1. Citing any unsafe condition inadvertently observed in plain view during the ordinary course of an inspection conducted in accordance with the prohibition in paragraph (a).

2. Inspecting a physically nonadjacent portion of a building, structure, or real property that is directly impacted by the construction, erection, alteration, modification, repair, or demolition of the building, structure, or real property for which the permit is sought in accordance with the prohibition in paragraph (a).

3. Inspecting any portion of a building, structure, or real property for which the owner or other person having control of the building, structure, or real property has voluntarily consented to the inspection of that portion of the building, structure, or real property in accordance with the prohibition in paragraph (a).

The provisions of this act are not intended to impose new or additional licensure requirements on persons licensed in accordance with the applicable provisions of Chapter 489, Florida Statutes, as amended.

ARTICLE VIII. FLOOR AND ROOF DESIGN LOADS

Sec. 14-128. Live loads posted.

Where the live loads for which each floor or portion thereof of a commercial or industrial building is or has been designed to exceed 50 psf, such design live loads shall be conspicuously posted by the owner or the owner's authorized agent in that part of each story in which they apply, using durable signs. It shall be unlawful to remove or deface such notices.

Sec. 14-129. Issuance of certificate of occupancy.

A certificate of occupancy required by Article XIII shall not be issued until the floor load signs, required by Section 14-128, have been installed.

Sec. 14-130. Restrictions on loading.

It shall be unlawful to place, or cause or permit to be placed, on any floor or roof of a building, structure or portion thereof, a load greater than is permitted by this code.

ARTICLE IX. SUBMITTAL DOCUMENTS

Sec. 14-131. General.

Submittal documents consisting of construction documents, statement of special inspections, geotechnical report and other data shall be submitted in two or more sets with each permit application. The construction documents shall be prepared by a registered design professional where required by Chapter 471, Florida Statutes, as amended & 61G15 Florida Administrative Code or Chapter 481, Florida Statutes, as amended & 61G1 Florida Administrative Code, as amended. Where special conditions exist, the Building Official or designee is authorized to require additional construction documents to be prepared by a registered design professional.

Exception: The Building Official or designee is authorized to waive the submission of construction documents and other data not required to be prepared by a registered design professional if it is found that the nature of the work applied for is such that review of construction documents is not necessary to obtain compliance with this code.

Sec. 14-132. Construction documents.

Construction documents shall be in accordance with Secs. 14-133 through 14-139.

Sec. 14-133. Information on construction documents.

Construction documents shall be dimensioned and drawn upon suitable material. Electronic media documents are permitted to be submitted when approved by the Building Official or designee. Construction documents shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this code and relevant laws, ordinances, rules and regulations, as determined by the Building Official. Such drawings and specifications shall contain information, in the form of notes or otherwise, as to the quality of materials, where quality is essential to conformity with the technical codes. Such information shall be specific, and the technical codes shall not be cited as a whole or in part, nor shall the term "legal" or its equivalent be used as a substitute for specific information. All information, drawings, specifications and accompanying data shall bear the name and signature of the person responsible for the design.

Sec. 14-134. Fire protection system shop drawings.

Shop drawings for the fire protection system(s) shall be submitted to indicate conformance to this code and the construction documents and shall be approved prior to the start of system installation. Shop drawings shall contain all information

as required by the referenced installation standards in Chapter 9 of the Florida Building Code, Building.

Sec. 14-135. Means of egress.

The construction documents shall show in sufficient detail the location, construction, size and character of all portions of the means of egress including the path of the exit discharge to the public way in compliance with the provisions of this code. In other than occupancies in Groups R-2, R-3, and I-1, the construction documents shall designate the number of occupants to be accommodated on every floor, and in all rooms and spaces.

Sec. 14-136. Exterior wall envelope.

Construction documents for all buildings shall describe the exterior wall envelope in sufficient detail to determine compliance with this code. The construction documents shall provide details of the exterior wall envelope as required, including flashing, intersections with dissimilar materials, corners, end details, control joints, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane and details around openings.

The construction documents shall include manufacturer's installation instructions that provide supporting documentation that the proposed penetration and opening details described in the construction documents maintain the weather resistance of the exterior wall envelope. The supporting documentation shall fully describe the exterior wall system which was tested, where applicable, as well as the test procedure used.

Sec. 14-137. Site plan.

The construction documents submitted with the application for permit shall be accompanied by a site plan showing to scale the size and location of new construction and existing structures on the site, distances from lot lines and existing structures, the established street grades and the proposed finished grades and, as applicable, flood hazard areas, floodways, and design flood elevations; and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the site or plot. The Building Official is authorized to waive or modify the requirement for a site plan when the application for permit is for alteration or repair or when otherwise warranted.

Sec. 14-138. Retention of site plans.

For the purpose of inspection and record retention, site plans for a building may be maintained in the form of an electronic copy at the worksite. These plans must be open to inspection by the Building Official or a duly authorized representative, as required by the Florida Building Code.

Sec. 14-139. Structural information.

The construction documents shall provide the information specified in Section 1603 of the Florida Building Code, Building.

Sec. 14-140. Basic wind speed and wind-borne debris.

Pursuant to Section 1609 of the Florida Building Code, Building as established by Florida Statute 553.73, as amended, the following basic wind speed lines and wind-borne debris region are hereby established within Escambia County:

Wind-borne debris region:

Areas where the ultimate design wind speed V_{ult} is 140 mph or greater.

Basic wind speed:

Design wind speeds shall be established pursuant to Section 1609.3 of the Florida Building Code, Building.

Risk Category I:

Risk Category I Buildings defined in Table 1604.5, Florida Building Code, as buildings and other structures that represent low hazard to human life in the event of failure, including but not limited to: agricultural facilities, certain temporary facilities, minor storage facilities and screen enclosures.

130 MPH wind speed line runs from the intersection of Canoe Creek and Escambia River. Continues West along Canoe Creek to the Alabama State line.

140 MPH wind speed line runs from eastern Escambia County line and Interstate 10. Continues along Interstate 10 to the Alabama State line.

150 MPH wind speed line runs from the eastern Escambia County line and the shoreline of the Gulf of Mexico. Continues West along the Gulf of Mexico shoreline across the Pensacola Bay pass and continues West along the Gulf of Mexico shoreline to the Alabama state line.

Risk Categories II and III:

Risk Categories II and III Buildings and structures not including health care facilities defined in Table 1604.5, Florida Building Code, as Buildings and other structures except those listed in Risk Categories I, III, and IV. This category includes single-family residences.

140 MPH wind speed line runs from the intersection of Canoe Creek and Escambia River. Continues West along Canoe Creek to the Alabama State line.

150 MPH wind speed line runs from eastern Escambia County line and Interstate 10. Continues along Interstate 10 to the Alabama State line.

160 MPH wind speed line runs from the eastern Escambia County line and the shoreline of the Gulf of Mexico. Continues West along the Gulf of Mexico shoreline

across the Pensacola Bay pass and continues West along the Gulf of Mexico shoreline to the Alabama state line.

Risk Categories III and IV:

Risk Categories III and IV Buildings and structures defined in Table 1604.5, Florida Building Code, as Buildings and other structures that represent a substantial hazard to human life in the event of failure, including but not limited to: public assemblies, educational facilities with an occupancy greater than 250, colleges with an occupancy greater than 500, or Group I-2 occupancies; emergency responder facilities, including fire rescue and other structures having critical national defense functions.

150 MPH wind speed line runs from the intersection of Canoe Creek and Escambia River. Continues West along Canoe Creek to the Alabama State line.

160 MPH wind speed line runs from eastern Escambia County line and Interstate 10. Continues along Interstate 10 to the Alabama State line.

170 MPH wind speed line runs from the eastern Escambia County line and the shoreline of the Gulf of Mexico. Continues West along the Gulf of Mexico shoreline across the Pensacola Bay pass and continues West along the Gulf of Mexico shoreline to the Alabama state line.

Wind speed maps available online or at the Escambia County Building Services Department.

Sec. 14-141. Examination of documents.

The Building Official shall examine or cause to be examined the accompanying submittal documents and shall ascertain by such examinations whether the construction indicated and described is in accordance with the requirements of this code and other pertinent laws or ordinances.

Exceptions:

1. Building plans approved pursuant to Section 553.77(5), Florida Statutes, as amended, and state-approved manufactured buildings are exempt from local codes enforcing agency plan reviews except for provisions of the code relating to erection, assembly or construction at the site. Erection, assembly and construction at the site are subject to local permitting and inspections. Photocopies of plans approved according to FAC 61-41.009, Florida Administrative Code, as amended, shall be sufficient for local permit application documents of record for the modular building portion of the permitted project.

2. Industrial construction on sites where design, construction and fire safety are supervised by appropriately licensed design and inspection professionals and which contain adequate in-house fire departments and rescue squads is exempt, subject to approval by the Building Official or designee, from review of plans and inspections, providing the appropriate licensed design and inspection

professionals certify that applicable codes and standards have been met and supply appropriate approved drawings to local building and fire-safety inspectors.

Sec. 14-142. Approval of construction documents.

When the Building Official or designee issues a permit, the construction document shall be approved, in writing or by stamp, as “Reviewed for Code Compliance.” One set of construction documents so reviewed shall be retained by the Building Official or designee. The other set shall be returned to the applicant, shall be kept at the site of work and shall be open to inspection by the Building Official or a duly authorized representative.

Sec. 14-143. Master Plans or Documents.

Any Division I contractor in compliance with Florida Statutes 489.105, as amended, may participate in the Escambia County Building Services Master Plan Program. The Master Plan Program is only applicable to construction of single-family dwellings. To participate, a qualifying contractor must submit a completed master plan application along with drawings for review. Compliant drawings are given an identification code and filed as master plans for program use and records retention. Master plans on file must be updated to reflect any changes in regulations. Failure to update plans will suspend approval.

Sec. 14-144. Master Plans permitting procedures.

The following are procedures for obtaining a permit using the master plans program:

1. A participating contractor must submit an application along with an identical copy of the master plan on file.
2. Submitted plans and documents will be checked for consistency.
3. Accurate plans will receive approval stamps including permit number for placement at the job site.
4. All other agency approvals are required for final approval.
5. Normal inspection procedures apply.

Sec. 14-145. Previous approvals.

This code shall not require changes in the construction documents, construction or designated occupancy of a structure for which a lawful permit has been heretofore issued or otherwise lawfully authorized, and the construction of which has been pursued in good faith within 180 days after the effective date of this code and has not been abandoned.

Sec. 14-146. Phased approval.

The Building Official is authorized to issue a permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted, provided that adequate information and detailed statements have been filed complying with pertinent requirements of this code. The holder of such permit for the foundation

or other parts of a building or structure shall proceed at the holder's own risk with the building operation and without assurance that a permit for the entire structure will be granted.

Sec. 14-147. Design professional in responsible charge.

Where it is required that documents be prepared by a registered design professional, the Building Official or designee shall be authorized to require the owner or the owner's authorized agent to engage and designate on the building permit application a registered design professional who shall act as the registered design professional in responsible charge. If the circumstances require, the owner or the owner's authorized agent shall designate a substitute registered design professional in responsible charge who shall perform the duties required of the original registered design professional in responsible charge. The Building Official shall be notified in writing by the owner or the owner's authorized agent if the registered design professional in responsible charge is changed or is unable to continue to perform the duties.

The registered design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phased and deferred submittal items, for compatibility with the design of the building.

Sec. 14-148. Deferred submittals.

For the purposes of this section, deferred submittals are defined as those portions of the design that are not submitted at the time of the application and that are to be submitted to the Building Official or designee.

Deferral of any submittal items shall have the prior approval of the Building Official or designee. The registered design professional in responsible charge shall list the deferred submittals on the construction documents for review by the Building Official or designee.

Documents for deferred submittal items shall be submitted to the registered design professional in responsible charge who shall review them and forward them to the Building Official with a notation indicating that the deferred submittal documents have been reviewed and found to be in general conformance to the design of the building. The deferred submittal items shall not be installed until the deferred submittal documents have been approved by the Building Official or designee.

Sec. 14-149. Certifications by contractors.

Certifications by contractors authorized under the provisions of Section 489.115(4)(b), Florida Statutes, as amended, shall be considered equivalent to sealed plans and specifications by a person licensed under Chapter 471, Florida Statutes, as amended, or Chapter 481 Florida Statutes, as amended, by local enforcement agencies for plans review for permitting purposes relating to compliance with the wind-resistance provisions of the code or alternate methodologies approved by the Florida Building Commission for one and two-

family dwellings. The Building Official or designee may rely upon such certification by contractors that the plans and specifications submitted conform to the requirements of the code for wind resistance. Upon good cause shown, local government code enforcement agencies may accept or reject plans sealed by persons licensed under Chapters 471, 481 or 489, Florida Statutes, as amended.

Sec. 14-150. Minimum plan review criteria for buildings.

The examination of the documents by the Building Official or designee shall include the following minimum criteria and documents: a floor plan; site plan; foundation plan; floor/roof framing plan or truss layout; all fenestration penetrations; flashing; and rough opening dimensions; and all exterior elevations:

Commercial Buildings:

Building

1. Site requirements:
   - Parking
   - Fire access
   - Vehicle loading
   - Driving/turning radius
   - Fire hydrant/water supply/post indicator valve (PIV)
   - Set back/separation (assumed property lines)
   - Location of specific tanks, water lines and sewer lines
   - Flood hazard areas, flood zones, and design flood elevations

2. Occupancy group and special occupancy requirements shall be determined.

3. Minimum type of construction shall be determined (see Table 503 of the Florida Building Code).

4. Fire-resistant construction requirements shall include the following components:
   - Fire-resistant separations
   - Fire-resistant protection for type of construction
   - Protection of openings and penetrations of rated walls
   - Fire blocking and draftstopping and calculated fire resistance

5. Fire suppression systems shall include:
   - Early warning smoke evacuation systems Schematic fire sprinklers
   - Standpipes
   - Pre-engineered systems
   - Riser diagram
   - Same as above.

6. Life safety systems shall be determined and shall include the following requirements:
   - Occupant load and egress capacities
   - Early warning
   - Smoke control

Stair pressurization
Systems schematic

7. Occupancy load/egress requirements shall include:
   Occupancy load
   Gross
   Net
   Means of egress
   Exit access
   Exit
   Exit discharge
   Stairs construction/geometry and protection
   Doors
   Emergency lighting and exit signs
   Specific occupancy requirements
   Construction requirements
   Horizontal exits/exit passageways

8. Structural requirements shall include:
   Soil conditions/analysis
   Termite protection
   Design loads
   Wind requirements
   Building envelope
   Impact resistant coverings or systems
   Structural calculations (if required)
   Foundation
   Flood requirements in accordance with Section 1612 of the Florida Building Code, Building including lowest floor elevations, enclosures, flood damage-resistant materials
   Wall systems
   Floor systems
   Roof systems
   Threshold inspection plan
   Stair systems

9. Materials shall be reviewed and shall at a minimum include the following:
   Wood
   Steel
   Aluminum
   Concrete
   Plastic
   Glass
   Masonry
   Gypsum board and plaster
   Insulating (mechanical)

Roofing
Insulation
Building envelope portions of the Energy Code (including calculation and mandatory requirements)

10. Accessibility requirements shall include the following:
    Site requirements
    Accessible route
    Vertical accessibility
    Toilet and bathing facilities
    Drinking fountains
    Equipment
    Special occupancy requirements
    Fair housing requirements

11. Interior requirements shall include the following:
    Interior finishes (flame spread/smoke development)
    Light and ventilation (including corresponding portion of the energy code)
    Sanitation

12. Special systems:
    Elevators
    Escalators
    Lifts

13. Swimming pools:
    Barrier requirements
    Spas
    Wading pools

14. Location and installation details. The specific location and installation details of each fire door, fire damper, ceiling damper and smoke damper shall be shown and properly identified on the building plans by the designer.

Electrical

1. Electrical:
    Wiring
    Services
    Feeders and branch circuits
    Overcurrent protection
    Grounding
    Wiring methods and materials
    GFCIs
    Electrical portions of the Energy Code (including calculation and mandatory requirements)

2. Equipment

3. Special occupancies

4. Emergency systems

5. Communication systems

6. Low voltage

7. Load calculations

8. Design flood elevation

Plumbing

1. Minimum plumbing facilities

2. Fixture requirements

3. Water supply piping

4. Sanitary drainage

6. Water heaters

6. Vents

7. Roof drainage

8. Back flow prevention

9. Irrigation

10. Location of water supply line

11. Grease traps

12. Environmental requirements

13. Plumbing riser

14. Design flood elevation

15. Water/plumbing portions of the Energy Code (including calculation and mandatory requirements)

Mechanical

1. Mechanical portions of the Energy calculations

2. Exhaust systems:
   Clothes dryer exhaust
   Kitchen equipment exhaust
   Specialty exhaust systems

3. Equipment

4. Equipment location

5. Make-up air

6. Roof-mounted equipment

7. Duct systems

8. Ventilation

9. Combustion air

10. Chimneys, fireplaces and vents

11. Appliances

12. Boilers

13. Refrigeration

14. Bathroom ventilation

15. Laboratory

16. Design flood elevation

Gas

1. Gas piping

2. Venting

3. Combustion air

4. Chimneys and vents

5. Appliances

6. Type of gas

7. Fireplaces

8. LP tank location

9. Riser diagram/shutoffs

10. Design flood elevation

11. Gas portions of the Energy Code (including calculation and mandatory requirements)

Demolition

1. Asbestos removal

Residential (one and two-family):

2. Site requirements:
   Set back/separation (assumed property lines)
   Location of septic tanks

3. Fire-resistant construction (if required)

4. Fire

5. Smoke detector locations

6. Egress window size and location stairs construction requirements

7. Structural requirements shall include:
   Wall section from foundation through roof, including assembly and materials connector tables wind requirements structural calculations (if required)

8. Termite protection

9. Design loads

10. Wind requirements

11. Building envelope

12. Foundation

13. Wall systems

14. Floor systems

15. Roof systems

16. Flood hazard areas, flood zones, design flood elevations, lowest floor elevations, enclosures, equipment, and flood damage-resistant materials

17. Accessibility requirements: show/identify accessible bath

18. Impact resistant coverings or systems

19. Residential Energy Code submittal (including calculation and mandatory requirements)

Manufactured buildings/housing
1. Site requirements

2. Setback/separation (assumed property lines)

3. Location of septic tanks (if applicable)

4. Structural

5. Wind zone

6. Anchoring

7. Blocking

8. Plumbing

9. List potable water source

10. Mechanical

11. Exhaust systems

12. Clothes dryer exhaust

13. Kitchen equipment exhaust

14. Electrical exterior disconnect location

Exemptions
Plans examination by the Building Official shall not be required for the following work:

1. Replacing existing equipment such as mechanical units, water heaters, etc.

2. Reroofs

3. Minor electrical, plumbing and mechanical repairs

4. Annual maintenance permits

5. Prototype plans (except for local site adaptions, siding, foundations and/or modifications and except for structures that require waiver).

6. Manufactured buildings plan (except for foundations and modifications of buildings on site and as listed above in manufactured buildings/housing).

Sec. 14-151. Amended construction documents.

Work shall be installed in accordance with the approved construction documents, and any changes or revisions made during construction that are not in compliance with the approved construction documents shall be resubmitted for approval as an amended set of construction documents.

Sec. 14-152. Retention of construction documents.

One set of approved construction documents shall be retained by the Building Official for a period of not less than 180 days from date of completion of the permitted work, or as required by state or local laws.

Sec. 14-153. Affidavits.

The Building Official may accept a sworn affidavit from a registered architect or engineer stating that the plans submitted conform to the technical codes. For buildings and structures, the affidavit shall state that the plans conform to the laws as to egress, type of construction and general arrangement and, if accompanied by drawings, show the structural design and that the plans and design conform to the requirements of the technical codes as to strength, stresses, strains, loads and stability. The Building Official may without any examination or inspection accept such affidavit, provided the architect or engineer who made such affidavit agrees to submit to the Building Official copies of inspection reports as inspections are performed and upon completion of the structure, electrical, gas, mechanical or plumbing systems a certification that the structure, electrical, gas, mechanical or plumbing system has been erected in accordance with the requirements of the technical codes. Where the Building Official relies upon such affidavit, the architect or engineer shall assume full responsibility for compliance with all provisions of the technical codes and other pertinent laws or ordinances. The Building Official shall ensure that any person conducting plans review is qualified as a plans examiner under Part XII of Chapter 468, Florida Statutes, as amended, and that any person conducting inspections is qualified as a building inspector under Part XII of Chapter 468, Florida Statutes, as amended.

Sec. 14-154. Building permits issued on the basis of an affidavit.

Pursuant to the requirements of federal regulation for participation in the National Flood Insurance Program (44 C.F.R. Parts 59 and 60), the authority granted to the Building Official to issue permits, to rely on inspections, and to accept plans and construction documents on the basis of affidavits and plans submitted pursuant to Secs. 14-125 and 14-153, shall not extend to the flood load and flood resistance construction requirements of the Florida Building Code.

ARTICLE X. TEMPORARY STRUCTURES AND USES

Sec. 14-155. General.

The Building Official is authorized to issue a permit for temporary structures and temporary uses. Such permits shall be limited as to time of service but shall not be permitted for more than 180 days. The Building Official is authorized to grant extensions for demonstrated cause.

Sec. 14-156. Conformance.

Temporary structures and uses shall comply with the requirements in Section 3103 of the Florida Building Code, Building.

Sec. 14-157. Temporary power.

The Building Official is authorized to give permission to temporarily supply and use power in part of an electric installation before such installation has been fully completed and the final certificate of completion has been issued. The part covered by the temporary certificate shall comply with the requirements specified for temporary lighting, heat or power in Chapter 27 of the Florida Building Code, Building.

Sec. 14-158. Termination of approval.

The Building Official is authorized to terminate such permit for a temporary structure or use and to order the temporary structure or use to be discontinued.

Sec. 14-159. Temporary toilet facilities for workers.

Suitable temporary toilet facilities shall be provided and regularly maintained in a sanitary condition for workers during construction. Such facilities shall be regularly cleaned and provided in a well-ventilated location and shall be placed at least 15 feet from the side property line of the lot on which it is located and may not be placed in the public right-of-way.

Exception: Other suitable facilities regularly maintained in a sanitary condition and approved by the Building Official or designee.

ARTICLE XI. FEES

Sec. 14-160. Payment of fees.

A permit shall not be valid until the fees prescribed by law have been paid, nor shall an amendment to a permit be released until the additional fee, if any, has been paid.

Sec. 14-161. Schedule of permit fees.

On buildings, structures, electrical, gas, mechanical, and plumbing systems or alterations requiring a permit, as well as other services provided. A fee shall be paid as required, in accordance with the schedule as established by the Escambia County Board of County Commissioners.

Sec. 14-162. Types of Fees Enumerated.

Fees may be charged for, but not limited to, the following:

Permits;
Permit exemption request;
Permit renewals;
Plans examination;
Plans Revisions;
Re-inspections;
After hours inspections;
Temporary certificates;
Records requests;
Certificates of competency (including fees for applications, examinations, renewal, late renewal, and reciprocity);
Administrative fees (including fees for investigative and legal costs incurred in the context of certain disciplinary cases heard by the board);
Appeals requests;
Administrative appeals;
Violations; and
Other fees as established by local resolution or ordinance.

Sec. 14-163. Building permit valuations.

The applicant for a permit shall provide an estimated permit value at time of application if requested by the Building Official. Permit valuations shall include total value of work, including materials and labor, for which the permit is being issued, such as electrical, gas, mechanical, plumbing equipment and permanent systems. If, in the opinion of the Building Official or designee, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the Building Official. Final building permit valuation shall be set by the Building Official.

Sec. 14-164. Work commencing before permit issuance.

Any person who commences any work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary permits or without prior approval from the Building Official as permitted in Sec. 14-91 or 14-123 shall be subject to a fee established by the Building Official that shall be in addition to the required permit fees or as provided by local ordinance. This provision shall not apply to emergency work when delay would clearly have placed life or property in imminent danger. But in all such cases the required permit(s) must be applied for within three (5) business days and any unreasonable delay in obtaining those permit(s) shall result in the charge of a double fee. The payment of a double fee shall not preclude or be deemed a substitute for prosecution for commencing work without first obtaining a permit. The Building Official may grant extensions of time or waive fees when justifiable cause has been demonstrated in writing.

Sec. 14-165. Related fees.

The payment of the fee for the construction, alteration, removal or demolition for work done in connection to or concurrently with the work authorized by a building permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law.

Sec. 14-166. Refunds.

The Building Official is authorized to establish a refund policy.

ARTICLE XII. INSPECTIONS

Sec. 14-167. General.

Construction or work for which a permit is required shall be subject to inspection by the Building Official or designee and such construction or work shall remain accessible and exposed for inspection purposes until approved.

Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this code or of other ordinances of the jurisdiction. Inspections presuming to give authority to violate or cancel the provisions of this code or of other ordinances of the jurisdiction shall not be valid. It shall be the duty of the permit holder to cause the work to remain accessible and exposed for inspection purposes. The Building Official or designee shall be authorized to require a boundary line survey prepared by a qualified surveyor whenever the boundary lines cannot be readily determined in the field. Neither the Building Official, Building Services staff nor Escambia County shall be liable for expense entailed in the removal or replacement of any material required to allow for a required inspection.

Sec. 14-168. Manufacturers and fabricators.

When deemed necessary by the Building Official or designee, may require an inspection of materials or assemblies at the point of manufacture or fabrication. A

record shall be made of every such examination and inspection and of all violations of the technical codes.

Sec. 14-169. Inspection service.

The Building Official may make, or cause to be made, the inspections required by this Article. The Building Official may accept reports and affidavits of independent inspectors or of recognized inspection services, provided that after investigation he/she is satisfied as to their licensure, qualifications and reliability. A certificate required by any provision of this code shall not be based on such reports unless the same are recorded by the building code inspector or the architect or engineer performing building code inspections in a manner specified by the Building Official. The Building Official shall ensure that all persons making such inspections shall be certified in accordance to Chapter 468 Florida Statues, as amended.

Sec. 14-170. Preliminary inspection.

Before issuing a permit, the Building Official is authorized to examine or cause to be examined buildings, structures and sites for which an application has been filed.

Sec. 14-171. Required inspections.

The Building Official upon notification from the permit holder or his or her agent shall make the following inspections, or any other such inspection as deemed necessary and shall either release that portion of the construction or shall notify the permit holder or his or her agent of any violations which must be corrected in order to comply with the technical codes. The Building Official shall determine the timing and sequencing of when inspections occur and what elements are inspected at each inspection.

(a) Building

(1) Foundation Inspection

Foundation inspection shall be in accordance with Secs. 14-172 through 14-198. Inspections shall be made after trenches are excavated, any required reinforcing steel is in place, forms erected and shall at a minimum include the following building components:

(a) Stem-wall
(b) Monolithic slab-on-grade
(c) Piling/pile caps
(d) Footers/grade beams

(2) Slab Inspection

Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

A foundation/Form board survey prepared and certified by a registered surveyor may be required, prior to approval of the slab inspection. The survey shall certify placement of the building on the site, illustrate all surrounding setback dimensions and shall be available at the job site for review by the building inspector. In lieu of providing a survey, the contractor may elect to uncover all property line markers and string-up all property lines in preparation for inspection.

In flood hazard areas, upon placement of the lowest floor, including basement, and prior to further vertical construction, the elevation certification shall be submitted to the Escambia County Building Services Department.

(3) Wind Load Inspection

To be made after all sheathing including roof sheathing, exterior doors and windows, weather barriers, flashings, connectors and bracing are installed and complete.

(4) Framing Inspection

To be made after the roof, all framing, fire blocking and bracing is in place. All components that will be concealed, including wiring, pipes, chimneys, ducts, vents, rough electrical, rough plumbing, and insulation are approved. At a minimum the framing inspection shall include the following building components:

(a) Window/door framing
(b) Vertical cells/columns
(c) Lintel/tie beams
(d) Framing/trusses/bracing/connectors (including truss layout and engineered drawings)
(e) Draft stopping/fire blocking
(f) Curtain wall framing
(g) Accessibility
(h) Fire rated assemblies
(i) Verify rough opening dimensions are within tolerances.

(5) Roofing Inspection

Shall at a minimum be made in at least two inspections and include the following building components:

(a) Roof coverings (including In Progress as necessary)
(b) Flashing

(6) Re-Roof sheathing Inspection

An affidavit with a notarized signature of a state or locally licensed roofing contractor for the installation of additional sheathing fasteners and secondary

water barrier as required by the Existing Building Code may be accepted at the discretion of the Building Official.

(7) Final Inspection

To be made after the building is completed and ready for occupancy. In flood hazard areas, as part of the final inspection, a final certification of the lowest floor elevation shall be submitted to the authority having jurisdiction.

(8) Swimming Pool Inspection

First inspection to be made after excavation and installation of reinforcing steel, bonding and main drain and prior to placing of concrete shell.

(a) Steel reinforcement inspection
(b) Underground electric inspection.
(c) Underground piping inspection including a pressure test.
(d) Underground electric inspection under deck area (including the equipotential bonding)
(e) Underground piping inspection under deck area.
(f) Deck inspection: to be made prior to installation of the deck material (with forms, deck drains, and any reinforcement in place
(g) Safety Inspection; Made prior to filling the pool with the bonding connections made, the proper drain covers installed and the final barriers installed.
(h) Final pool piping.
(i) Final Electrical inspection.
(j) Final inspection to be made when the swimming pool is complete and all required enclosure requirements are in place.

In order to pass final inspection and receive a certificate of completion, a residential swimming pool must meet the requirements relating to pool safety features as described in Section 454.2.17. of the Florida Building Code, Building.

(9) Demolition Inspections

First inspection to be made after all utility connections have been disconnected and secured in such manner that no unsafe or unsanitary conditions shall exist during or after demolition operations.

Final inspection to be made after all demolition work is completed.

(10) Manufactured Building Inspections

The building department shall inspect construction of foundations; connecting buildings to foundations; installation of parts identified on plans as site installed items, joining the modules, including utility crossovers; utility connections from the building to utility lines on site; and any other work done on site which requires compliance with the Florida Building Code. Additional inspections may

be required for public educational facilities (see Section 453.27.20 of the Florida Building Code, Building).

(11) Impact Resistant Coverings or Impact Resistant Systems

Where impact resistant coverings or impact resistant systems are installed, the permit holder shall schedule inspections of impact resistant coverings or impact resistant systems to determine the following:

(a) The system indicated on the plans was installed.
(b) The system is installed in accordance with the manufacturer's installation instructions and the product approval.

(b) Electrical

(1) Slab/underground inspection. To be made after trenches or ditches are excavated, conduit or cable installed, and before any backfill is put in place.

(2) Rough-in inspection. To be made after the roof, framing, fireblocking and bracing is in place and prior to placement of insulation and wall or ceiling membranes

(3) Final inspection. To be made after the building is complete, all required electrical fixtures are in place and properly connected or protected, and the structure is ready for occupancy.

(4) Existing Swimming Pools. To be made after all repairs or alterations are complete, all required electrical equipment, GFCI protection, and equipotential bonding are in place on said alterations or repairs.

(c) Plumbing

(1) Slab/underground. To be made after trenches or ditches are excavated, piping installed, and before any backfill is put in place.

(2) Plumbing stack/rough-in inspection. To be made after the roof, framing, fireblocking and bracing is in place and all soil, waste and vent piping is complete, and prior to placement of insulation and wall or ceiling membranes.

(3) Final inspection. To be made after the building is complete, all plumbing fixtures are in place and properly connected, and the structure is ready for occupancy.

Note: See Section 312 of the Florida Building Code, Plumbing for required tests.

(d) Mechanical

(1) Underground inspection. To be made after trenches or ditches are excavated, underground duct and fuel piping installed, and before any backfill is put in place.

(2) Rough-in inspection. To be made after the roof, framing, fire blocking and bracing are in place and all ducting, and other concealed components are complete, and prior to the installation of wall or ceiling membranes.

(3) Final inspection. To be made after the building is complete, the mechanical system is in place and properly connected, and the structure is ready for occupancy.

(e) Gas

(1) Rough piping inspection. To be made after all new piping authorized by the permit has been installed, and before any such piping has been covered or concealed or any fixtures or gas appliances have been connected.

(2) Final piping inspection. To be made after all piping authorized by the permit has been installed and after all portions which are to be concealed by plastering or otherwise have been so concealed, and before any fixtures or gas appliances have been connected. This inspection shall include a pressure test.

(3) Final inspection. To be made on all new gas work authorized by the permit and such portions of existing systems as may be affected by new work or any changes, to ensure compliance with all the requirements of this code and to assure that the installation and construction of the gas system is in accordance with reviewed plans.

(f) Site Debris

(1) The contractor and/or owner of any active or inactive construction project shall be responsible for the clean-up and removal of all construction debris or any other miscellaneous discarded articles during the course of the construction project and prior to receiving final inspection approval. Construction job sites must be kept clean and in a safe condition at all times.

(2) All debris shall be kept in such a manner as to prevent it from being spread by any means.

Sec. 14-172. Footing and foundation inspection.

Footing and foundation inspections shall be made after excavations for footings are complete and any required reinforcing steel is in place. For concrete foundations, any required forms shall be in place prior to inspection. Materials for the foundation shall be on the job, except where concrete is ready mixed in accordance with ASTM C 94, the concrete need not be on the job.

Sec. 14-173. Concrete slab and under-floor inspection.

Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

Sec. 14-174. Lowest floor elevation.

In flood hazard areas, upon placement of the lowest floor, including the basement, and prior to further vertical construction, the elevation certification shall be submitted to the Building Official.

Sec. 14-175. Frame inspection.

Framing inspections shall be made after the roof deck or sheathing, all framing, fire blocking and bracing are in place and pipes, chimneys and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved.

Sec. 14-176. Lath, gypsum board and gypsum panel product inspection.

Lath, gypsum board and gypsum panel product inspections shall be made after lathing, gypsum board and gypsum panel products, interior and exterior, are in place, but before any plastering is applied or gypsum board and gypsum panel product joints and fasteners are taped and finished.

Exception: Gypsum board and gypsum panel products that are not part of a fire-resistance-rated assembly or a shear assembly.

Sec. 14-177. Fire and smoke-resistant penetrations.

Protection of joints and penetrations in fire-resistance rated assemblies, smoke barriers and smoke partition shall not be concealed from view until inspected and approved.

Sec. 14-178. Energy efficiency inspections.

Energy efficiency requirements shall be checked throughout the required inspection process to determine compliance with FBC, Energy Conservation with the approved energy code submittal (by appropriate trade) and corresponding mandatory requirements, shall include, but not be limited to: corresponding envelope insulation R- and U-values, fenestration U-value and Solar Heat Gain Coefficient, duct system R-value, and HVAC, lighting, electrical and water-heating equipment efficiency.

Sec. 14-179. Other inspections.

In addition to the inspections specified in Secs. 14-171 through 14-178, the Building Official is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this code and other laws that are enforced by the department of building safety.

Sec. 14-180. Special inspections.

RESERVED.

Sec. 14-181. Final inspection.

The final inspection shall be made after all work required by the building permit is completed.

Sec. 14-182. Flood hazard documentation.

If located in a flood hazard area, all elevation certificates and any other pertinent data shall be submitted to the Building Official or designee prior to the final inspection.

Sec. 14-183. Energy Code documentation.

If required by energy code path submittal, confirmation that commissioning result requirements have been received by building owner.

Sec. 14-184. Termites.

Building components and building surroundings required to be protected from termite damage in accordance with Section 1503 and Section 2304 of the Florida Building Code, Building specifically required to be inspected for termites in accordance with Section 2114 or required to have chemical soil treatment in accordance with Section 1816 shall not be covered or concealed until the release from the Building Official has been received.

Sec. 14-185. Impact resistant coverings or systems.

Where impact resistant coverings or systems are installed to meet requirements of this code, the Building Official shall schedule adequate inspections of impact resistant coverings or systems to determine the following:

(a) The system indicated on the plans was installed.

(b) The system is installed in accordance with the manufacturer's installation instructions and the product approval.

Sec. 14-186. Inspection agencies.

The Building Official or designee is authorized to accept affidavits and reports from qualified Architects, Engineers and approved inspection agencies, provided that individuals and agencies are in compliance with Florida Statutes.

Sec. 14-187. Inspection requests.

It shall be the duty of the permit holder or their duly authorized agent to request an inspection when work is ready for inspection. It shall be the duty of the permit holder to provide access to and means for inspections of such work that are required by this code.

Sec. 14-188. Approval required.

Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval. The Building Official or designee, upon notification, shall make the requested inspections and shall either indicate the

portion of the construction that is satisfactory as completed, or notify the permit holder or his or her agent wherein the same fails to comply with this code. Any portions that do not comply shall be corrected and such portion shall not be covered or concealed until authorized by the Building Official or designee.

Sec. 14-189. Shoring.

For threshold buildings, shoring and associated formwork or falsework shall be designed and inspected by a Florida licensed professional engineer, prior to any required mandatory inspections by the threshold building inspector.

Sec. 14-190. Structural inspections of threshold buildings.

The enforcing agency shall require a special inspector (i.e., engineer or architect) to perform structural inspections on a threshold building pursuant to a structural inspection plan prepared by the engineer or architect of record. The structural inspection plan must be submitted to the enforcing agency prior to the issuance of a building permit for the construction of a threshold building. The purpose of the structural inspection plans is to provide specific inspection procedures and schedules so that the building can be adequately inspected for compliance with the permitted documents. The special inspector may not serve as a surrogate in carrying out the responsibilities of the Building Official, the architect, or the engineer of record. The contractor's contractual or statutory obligations are not relieved by any action of the special inspector.

Sec. 14-191. Conformance with shoring and reshoring plans.

The special inspector shall determine that a professional engineer who specializes in shoring design has inspected the shoring and reshoring for conformance with the shoring and reshoring plans submitted to the enforcing agency. A fee simple title owner of a building, which does not meet the minimum size, height, occupancy, occupancy classification, or number-of-stories criteria which would result in classification as a threshold building under Section 553.71(7), Florida Statutes, as amended, may designate such building as a threshold building, subject to more than the minimum number of inspections required by the Florida Building Code.

Sec. 14-192. Costs of employing a special inspector.

The fee simple title owner of a threshold building shall select and pay all costs of employing a special inspector, but the special inspector shall be responsible to the enforcement agency. The inspector shall be a person certified, licensed or registered under Chapter 471, Florida Statutes, as an engineer or under Chapter 481, Florida Statutes, as an architect.

Sec. 14-193. Affirmation of special inspector.

The special inspector, upon completion of the building and prior to the issuance of a certificate of occupancy, file a signed and sealed statement with the enforcement agency in substantially the following form: “To the best of my knowledge and belief, the above described construction of all structural load-bearing components

complies with the permitted documents, and the shoring and reshoring conforms to the shoring and reshoring plans submitted to the enforcement agency."

Sec. 14-194. Proposal to install alternate structural product or system.

Any proposal to install an alternate structural product or system to which building codes apply shall be submitted to the Escambia County Building Services Department for review for compliance with the codes and made part of the recorded set of permit documents.

Sec. 14-195. Recordkeeping of shoring and reshoring documents.

All shoring and reshoring procedures, plans and details shall be submitted to the enforcement agency for recordkeeping. Each shoring and reshoring installation shall be supervised, inspected and certified to be in compliance with the shoring documents by the contractor.

Sec. 14-196. Affirmation of architect or engineer of record.

All plans for the building which are required to be signed and sealed by the architect or engineer of record contain a statement that, to the best of the architect's or engineer's knowledge, the plans and specifications comply with the applicable minimum building codes and the applicable fire-safety standards as determined by the local authority in accordance with this Section and Chapter 633, Florida Statutes, as amended.

Sec. 14-197. License requirement for named contractor.

No enforcing agency may issue a building permit for construction of any threshold building except to a licensed general contractor, as defined in Section 489.105(3)(a), Florida Statutes, as amended, or to a licensed building contractor, as defined in Section 489.105(3)(b), Florida Statutes, as amended, within the scope of her or his license. The named contractor to whom the building permit is issued shall have the responsibility for supervision, direction, management and control of the construction activities on the project for which the building permit was issued.

Sec. 14-198. Minimum structural inspection of threshold buildings.

The building department may allow a special inspector to conduct the minimum structural inspection of threshold buildings required by this code, Section 553.73, Florida Statutes, as amended, without duplicative inspection by the building department. The Building Official is responsible for ensuring that any person conducting inspections is qualified as a building inspector under Part XII of Chapter 468, Florida Statutes, as amended, or certified as a special inspector under Chapter 471 or 481, Florida Statutes, as amended. Inspections of threshold buildings required by Section 553.79(5), Florida Statutes, as amended, are in addition to the minimum inspections required by this code.

ARTICLE XIII. CERTIFICATE OF OCCUPANCY

Sec. 14-199. Use and occupancy.

A building or structure shall not be used or occupied, and a change in the existing use or occupancy classification of a building or structure or portion thereof shall not be made, until the Building Official or designee has issued a certificate of occupancy therefor as provided herein. Issuance of a certificate of occupancy shall not be construed as an approval of a violation of the provisions of this code or of other laws and ordinances of Escambia County and the State of Florida.

Exception: Certificates of occupancy are not required for work exempt from permits under Sec. 14-91.

Sec. 14-200. Certificate issued.

After the Building Official or designee inspects the building or structure and finds no violations of the provisions of this code and all required approvals are obtained from other departments and agencies, the Building Official or designee is authorized to issue a certificate of occupancy that contains the following:

1. The building permit number.

2. The address of the structure.

3. The name and address of the owner or the owner's authorized agent.

4. A description of that portion of the structure for which the certificate is issued.

5. A statement that the described portion of the structure has been inspected for compliance with the requirements of this code for the occupancy and division of occupancy and the use for which the proposed occupancy is classified.

6. For buildings and structures in flood hazard areas, a statement that documentation of the as-built lowest floor elevation has been provided and is retained in the records of the authority having jurisdiction

7. The name of the Building Official.

8. The edition of the code under which the permit was issued.

9. The use and occupancy, in accordance with the provisions of Chapter 3.

10. The type of construction as defined in Chapter 6.

11. The design occupant load.

12. If an automatic sprinkler system is provided, whether the sprinkler system is required.

13. Any special stipulations and conditions of the building permit.

Sec. 14-201. Temporary occupancy.

The Building Official or designee is authorized to issue a temporary certificate of occupancy before the completion of the entire work covered by the permit, provided that such portion or portions shall be occupied safely. The Building Official shall set a time period during which the temporary certificate of occupancy is valid.

Sec. 14-202. Revocation.

The Building Official or designee is authorized to, in writing, suspend or revoke a certificate of occupancy or completion issued under the provisions of this code wherever the certificate is issued in error, or on the basis of incorrect information supplied, or where it is determined that the building or structure or portion thereof is in violation of any ordinance or regulation or any of the provisions of this code.

Sec. 14-203. Certificate of Completion.

A Certificate of Completion is proof that a structure or system is complete and for certain types of permits is released for use and may be connected to a utility system. This certificate does not grant authority to occupy a building, such as shell building, prior to the issuance of a Certificate of Occupancy.

ARTICLE XIV. SERVICE UTILITIES

Sec. 14-204. Connection of service utilities.

No person shall make connections from a utility, source of energy, fuel or power to any building or system that is regulated by this code for which a permit is required, until released by the Building Official.

Sec. 14-205. Temporary connection.

The Building Official shall have the authority to authorize the temporary connection of the building or system to the utility source of energy, fuel or power.

Sec. 14-206. Authority to disconnect service utilities.

The Building Official shall have the authority to authorize disconnection of utility service to the building, structure or system regulated by this code and the referenced codes and standards set forth in Sec. 14-33 in case of emergency where necessary to eliminate an immediate hazard to life or property or when such utility connection has been made without the approval required by Sec. 14-204 or 14-205. The Building Official shall notify the serving utility, and wherever possible the owner and occupant of the building, structure or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnecting, the owner or occupant of the building, structure or service system shall be notified in writing, as soon as practical thereafter.

ARTICLE XV. ADVISORY BOARD AND BOARD OF APPEALS

Sec. 14-207. General.

The Escambia County Contractor Competency Board shall serve as the advisory board to the Escambia County Building Services Department and the Building Official. The Escambia County Contractor Competency Board shall also serve as the Escambia County Building Code Board of Appeals in order to hear and decide appeals of orders, decisions or determinations made by the Building Official relative to the application and interpretation of this code.

Sec. 14-208. Limitations on authority.

An application for appeal shall be based on a claim that the true intent of this code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of this code do not fully apply, or an equally good or better form of construction is proposed. The advisory board shall have no authority to waive requirements of this code.

ARTICLE XVI. VIOLATIONS

Sec. 14-209. Unlawful acts.

It shall be unlawful for any person, firm or corporation to erect, construct, alter, extend, repair, move, remove, demolish or occupy any building, structure or equipment regulated by this code, or cause same to be done, in conflict with or in violation of any of the provisions of this code.

Sec. 14-210. Notice of violation.

The Building Official or designee is authorized to serve a notice of violation/correction, or order on the person responsible for the erection, construction, alteration, extension, repair, moving, removal, demolition or occupancy of a building or structure in violation of the provisions of this code, or in violation of a permit or certificate issued under the provisions of this code. Such order shall direct the discontinuance of the illegal action or condition and the abatement of the violation.

Sec. 14-211. Prosecution of violation.

If the notice of violation/correction is not complied with promptly, the Building Official is authorized to request the Escambia County Attorney to institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the building or structure in violation of the provisions of this code or of the order or direction made pursuant thereto.

Sec. 14-212. Violation penalties.

Any person who violates a provision of this code or fails to comply with any of the requirements thereof or who erects, constructs, alters or repairs a building or structure in violation of the approved construction documents or directive of the

Building Official, or of a permit or certificate issued under the provisions of this code, shall be subject to a penalty of two times the permit fee.

ARTICLE XVII. STOP WORK ORDER

Sec. 14-213. Authority.

Whenever the Building Official finds any work regulated by this code being performed in a manner either contrary to the provisions of this code or dangerous or unsafe, the Building Official is authorized to issue a stop work order.

Sec. 14-214. Issuance.

The stop work order shall be in writing and shall be given to the owner of the property involved, the owner's authorized agent or the person performing the work. A copy shall also be posted at the work site. Upon issuance of a stop work order, the cited work shall immediately cease. The stop work order shall state the reason for the order and the conditions under which the cited work will be permitted to resume.

Sec. 14-215. Unlawful continuance.

Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be subject to penalties as prescribed by law.

ARTICLE XVIII. UNSAFE STRUCTURES AND EQUIPMENT

Sec. 14-216. Conditions.

Structures or existing equipment that are or hereafter become unsafe, unsanitary or inadequate means of egress, or which constitute a fire hazard, or are otherwise dangerous to human life or the public welfare, or that involve illegal or improper occupancy or inadequate maintenance resulting in an unsafe condition, shall be deemed unsafe. Unsafe structures shall be taken down and removed or made safe, as the Building Official or designee deems necessary and as provided for in this Section.

Sec. 14-217. Record.

The Building Official or designee shall cause a report to be filed on an unsafe condition. The report shall state the occupancy of the structure and the nature of the unsafe condition.

Sec. 14-218. Notice.

If an unsafe condition is found, the Building Official or designee shall serve on the owner, agent or person in control of the structure, a written notice that describes the condition and required repairs or improvements to be made to abate the unsafe condition, or that requires the unsafe structure to be demolished within a stipulated time. Such notice shall require the person thus notified to declare immediately to the Building Official acceptance or rejection of the terms of the order.

Sec. 14-219. Method of service.

Such notice shall be deemed properly served if a copy thereof is (a) delivered to the owner personally; (b) sent by certified or registered mail addressed to the owner at the last known address with the return receipt requested; or (c) delivered in any other manner as prescribed by local law. If the certified or registered letter is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice. Service of such notice in the foregoing manner upon the owner's agent or upon the person responsible for the structure shall constitute service of notice upon the owner.

Sec. 14-220. Restoration.

Where the structure or equipment determined to be unsafe by the Building Official is restored to a safe condition, to the extent that repairs, alterations or additions are made or a change of occupancy occurs during the restoration of the structure, such repairs, alterations, additions and change of occupancy shall comply with the requirements of Sec. 14-91 and the Florida Building Code, Existing Building.

ARTICLE XIX. FLOODPLAIN MANAGEMENT

Sec. 14-221. Floodplain management.

Floodplain management shall be in accordance with the county floodplain management ordinance (Code of Ordinances of Escambia County, Florida, Volume II, Part III - Land Development Code, Chapter 4, Article 2, Floodplain Management).

(a) *Flood elevation survey:* Buildings or structures having habitable spaces as defined by National Flood Insurance Program (NFIP) 59 and 60 and which are located in a special flood area as designated on flood insurance rate maps (FIRM) or floodway maps shall have the finished first floor elevation or elevation of bottom of lowest horizontal member in V-zones as shown on these maps. "Lowest floor" means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided, that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of Section 60.3 of the NFIP. Upon completion of the finished first floor and prior to the framing inspection, the contractor or owner shall file a flood elevation certificate, FEMA, Form O.M.B. No. 3067-0077. The certificate must be done, certified, and sealed by a Florida registered engineer or land surveyor, showing the elevation of the finished first floor or elevation of bottom of lowest horizontal member in V-zones of the building or structure, including wave height, as well as the other requirements indicated thereon. No variations shall be granted for finished first floor constructed at elevations lower than those established by FIRM unless owner, builder or their agent has obtained approval of such variation from the Escambia County Contractor Competency Board prior to the commencement of construction.

"Violation" means the failure of a structure or other development to be fully compliant with the community's floodplain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in Section 60.3(b)(5), (c)(4), (c)(10), (d)(3), (e)(2), (e)(4), or (e)(5) of the NFIP is presumed to be in violation until such time as that documentation is provided.

(b) *Records of certificates of survey:* All flood elevation certificate(s), FEMA form O.M.B. No. 3067-0077 shall be permanently maintained with building permit files.

(c) *Minimum Elevation Requirements:*

(1) The minimum elevation requirements shall be as specified in ASCE 24 or the base flood elevation plus 3 feet, whichever is higher.

(2) All buildings and structures shall be elevated so that the lowest portion of all structural members supporting the lowest floor, with the exception of piling, pile caps, columns, grade beams, mat and raft foundations, and bracing, is elevated to or above the base flood elevation plus 3 feet or the design flood elevation, whichever is higher.

(d) All of the requirements of Section R322 of the Florida Building Code, Residential apply to all special flood hazard areas of Escambia County, including Pensacola Beach and the Town of Century.

Sec. 14-222. Floodplain requirements for Pensacola Beach.

(a) Floodplain requirements for Pensacola Beach are under the jurisdiction of Santa Rosa Island Authority (SRIA). These requirements are in addition to 14-221.

(b) *Definitions*.

(1) SUBSTANTIAL DAMAGE. Damage of any origin sustained by a building or structure whereby the cost of restoring the building or structure to its before-damaged condition would equal or exceed 50 percent of the market value of the building or structure before the damage occurred

(2) SUBSTANTIAL IMPROVEMENT. Any combination of repair, reconstruction, rehabilitation, alteration, addition or improvement of a building or structure taking place during a 10-year period, the cumulative cost of which equals or exceeds 50 percent of the market value of the structure before the improvement or repair is started. For each building or structure, the 10-year period begins on the date of the first permit issued for improvement or repair of that building or structure subsequent to the date of this ordinance. If the structure has sustained substantial damage, any repairs are considered substantial improvement regardless of the actual repair work performed. The term does not, however, include either:

a. Any project for improvement of a building required to correct existing health, sanitary or safety code violations identified by the Escambia County Building Official and that are the minimum necessary to assure safe living conditions.

b. Any alteration of a historic structure provided that the alteration will not preclude the structure's continued designation as a historic structure.

(c) *Structural Requirements of Commercial Buildings*.

Structural requirements shall include:

Flood requirements in accordance with Section 1612 of the Florida Building Code, Building including lowest floor elevations, enclosures, flood damage-resistant materials, and non-conversion lease amendment.

(d) *Structural Requirements of Residential Buildings (one- and two-family).*

Structural requirements shall include:

Flood hazard areas, flood zones, design flood elevations, lowest floor elevations, enclosures, equipment, flood damage-resistant materials, and non-conversion lease amendment.

(e) *Coastal High Hazard Areas*.

All buildings and structures within the jurisdiction of the SRIA shall be designed and constructed in accordance with the requirements of ASCE 24 applicable to coastal high hazard areas.

(f) *Minimum Elevation Requirements*.

(1) The minimum elevation requirements shall be as specified in ASCE 24 or the base flood elevation plus 3 feet, whichever is higher.

(2) All buildings and structures shall be elevated so that the lowest portion of all structural members supporting the lowest floor, with the exception of piling, pile caps, columns, grade beams, mat and raft foundations, and bracing, is elevated to or above the base flood elevation plus 3 feet or the design flood elevation, whichever is higher.

(g) *Cross Bracing*.

Cross bracing shall not be permitted unless a building or structure does not have walls designed to break away and provided the bracing is located above the base flood elevation plus 3 feet or the design flood elevation, whichever is higher, and provided such bracing is perpendicular to the shoreline. Cross bracing shall not be used as part of the structural calculations to meet the required design criteria.

(h) *Prohibitions*.

(1) Basement floors that are below grade on all sides are prohibited.

(2) The use of fill for structural support is prohibited.

(i) *Minor Grading*.

Minor grading, and the placement of minor quantities of fill, shall be permitted for landscaping and for drainage purposes under and around buildings and for support of parking slabs, pool decks, patios and walkways.

Exception*:* Walls and partitions enclosing areas below the design flood elevation shall meet the requirements of Section R322 of the Florida Building Code, Residential.

(j) *Walls and Partitions Below Design Flood Elevation*.

Walls and partitions are permitted below the elevated floor, provided that such walls and partitions are not part of the structural support of the building or structure and:

(1) Electrical, mechanical, and plumbing system components are not to be mounted on or penetrate through walls that are designed to break away under flood loads; and

(2) The walls are constructed with insect screening or open lattice; or

(3) The walls are designed to break away or collapse without causing collapse, displacement or other structural damage to the elevated portion of the building or supporting foundation system. Such walls, framing and connections shall have a design safe loading resistance of not less than 10 and no more than 20 pounds per square foot; or

(4) Where wind loading values of this code exceed 20 pounds per square foot, the construction documents shall include documentation prepared and sealed by a registered design professional that:

a. The walls and partitions below the design flood elevation have been designed to collapse from a water load less than that which would occur during the design flood.

b. The elevated portion of the building and supporting foundation system have been designed to withstand the effects of wind and flood loads acting simultaneously on all building components (structural and nonstructural). Water loading values used shall be those associated with the design flood. Wind loading values used shall be those required by this code.

(5) Walls shall be provided with flood openings that meet the criteria in Section R322 of the Florida Building Code, Residential.

Sec. 14-223. Variances in flood hazard areas.

Pursuant to Section 553.73(5), Florida Statutes, as amended, the variance procedures adopted in the local floodplain management ordinance shall apply to requests submitted to the Building Official for variances.

Section 2. Severability.

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court or competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 3. Inclusion in the Code.

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Escambia County Code; and that the sections of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

Section 4. Effective Date.

This Ordinance shall become effective upon filing with the Department of State.

DONE AND ENACTED THIS ___ DAY OF_____, 2020.

      Summary: Review and approve, modify, or deny the renewal of a permit for a concrete recycling facility located at 13009 Beulah Road.

(Continued on Page 4)

REGULAR BCC AGENDA – Continued

7. Continued…

H. Reschedule the April 2, 2020, 5:48 p.m. Public Hearing Brickton Borrow Pit Permit Renewal, meeting date and time to be determined; and

Summary: Review and approve, modify, or deny the renewal of a permit for a borrow pit located at 8800 N. Highway 29.

I. Reschedule the April 2, 2020, 5:48 p.m. Public Hearing Brickton Borrow Pit Permit Renewal, meeting date and time to be determined; and

Summary: Review and approve, modify, or deny the renewal of a permit for a borrow pit located at 8800 N. Highway 29.

Motion: Move to approve the slate A through I, moving the ones that are not time certain to the May 7th Regular meeting. **For Information:** The Board discussed the expenses concerning the rescheduling of these hearings being borne by the County.
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried 3-1, with Commissioner Underhill voting “no” and Commissioner May temporarily out of Board Chambers.

CLERK & COMPTROLLER'S REPORT – Honorable Pam Childers, Clerk of the Circuit Court and Comptroller

I. CONSENT AGENDA

1. Recommendation: That the Board accept, for filing with the Board's Minutes, the Tourist Development Tax (TDT) Collection Data for the January 2020 returns received in the month of February 2020, as prepared by the Finance Department of the Clerk and Comptroller's Office. This is the fifth month of collections for the Fiscal year 2020; total collections for the month of January 2020 returns was $487,261.36; this is a 4.48% increase from January 2019 returns; total collections year to date are .52% more than the comparable time frame in Fiscal Year 2019.

Motion: Move the Clerk's Report
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

2. Recommendation: That the Board accept, for filing with the Board's Minutes, the Investment Portfolio Summary Report for the month ended February 29, 2020, as required by Ordinance Number 95-13. On February 29, 2020, the portfolio market value was $359,333,865 and portfolio earnings totaled $615,675 for the month. The short term portfolio achieved a yield of 1.81%. The long-term CORE portfolio achieved a yield of 1.05%.

Motion: Move the Clerk's Report
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

3. Recommendation: That the Board accept, for filing with the Board's Minutes, the Resolution [R2020-24] Declaring a State of Local Emergency due to the imminent threat posed by COVID-19, dated March 16, 2020.

Motion: Move the Clerk's Report
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

CLERK & COMPTROLLER'S REPORT – Continued

I. CONSENT AGENDA - Continued

4. Recommendation: That the Board take the following action concerning Minutes and Reports prepared by the Clerk to the Board's office:

   A. Accept, for filing with the Board's Minutes, the Reports of the Agenda Work Session and the Gary Sansing Public Forum held March 5, 2020;

   B. Approve the Minutes of the Regular Board meeting held March 5, 2020;

   C. Approve the Minutes of the Attorney-Client Session held March 12, 2020;

   D. Accept, for filing with the Board's Minutes, the Report of the Committee of the Whole Workshop held March 12, 2020; and

   E. Approve the Minutes of the Special BCC meeting held March 20, 2020.

Motion: Move the Clerk's Report
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Janice Gilley, County Administrator

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA

1. Recommendation: That the Board accept for filing with the Board's Minutes, the March 5, 2020, Community Redevelopment Agency's (CRA) Meeting Minutes, prepared by Melanie Johnson, CRA Administrative Assistant.

Motion: Move the Technical/Public Service Consent Agenda in its entirety
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA – Continued

2. Recommendation: That the Board approve the Amendment to Interlocal Agreement between the City of Pensacola and Escambia County, Florida, for Exchange of Solid Waste Services, amending Article 2, Neighborhood Cleanups and Yard Trash Disposal, Paragraph 2.1.

   This Amendment changes the scheduled cleanup day from Wednesdays to Fridays and increases the County cleanup area from 600 to 1200 homes, at no cost to County Environmental Code Enforcement, in exchange for the County providing disposal of City residential vegetative waste, at no cost to the City.

Motion: Move the Technical/Public Service Consent Agenda in its entirety
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

3. Recommendation: That the Board approve the two Request for Disposition of Property Forms [for the Roads and Bridges Department and Pensacola Beach Public Works Department]. The Request Forms have been signed by all applicable authorities.

Motion: Move the Technical/Public Service Consent Agenda in its entirety
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

4. Recommendation: That the Board approve the three Request for Disposition of Property Forms for the Corrections Department, Work Annex Division and the Jail, for property which is described and listed on the Disposition Forms, with reasons for disposition stated. The listed items have been found to be of no further usefulness to the County; thus, it is requested that they be auctioned as surplus or properly disposed.

Motion: Move the Technical/Public Service Consent Agenda in its entirety
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA – Continued

5. Recommendation: That the Board approve the one Request for Disposition of Property Form for the Office of Management and Budget for one Bizhub C352 Serial Number 311702282, ID F2503 Copier. The copier has reached the end of its service life, is no longer functioning, and is now of no value. Due to the condition of the item, we are requesting it be declared surplus and disposed of properly.

Motion: Move the Technical/Public Service Consent Agenda in its entirety
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

6. Recommendation: That the Board take the following action concerning the State of Florida Department of Transportation (FDOT) Assignment Agreements:

   A. Approve the State of Florida Department of Transportation Assignment Agreement for Perdido Key Drive from the Alabama State Line to the West Entrance of Perdido Key State Park;

   B. Approve the State of Florida Department of Transportation Assignment Agreement for Perdido Key Drive from West of Perdido Key State Park Entrance to Gongora Drive; and

   C. Adopt the Resolutions [R2020-27 and R2020-28] authorizing the Chairman to sign the State of Florida Department of Transportation Assignment Agreements.

Motion: Move the Technical/Public Service Consent Agenda in its entirety
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA – Continued

7. Recommendation: That the Board take the following action concerning the Park License and Management Agreements for County athletic parks between Escambia County and volunteer athletic associations:

   A. Approve each of the Agreements authorizing license and management of County-owned property for public recreation purposes with the following volunteer athletic organizations:

      1. Bellview Football Club at Bellview Park;
      2. Brent Baseball Youth Sports Association at Brent Baseball Park;
      3. Brent Youth Sports Association at Brent Football Park;
      4. Cantonment Football Club at Cantonment Athletic Park;
      5. D.R.E.A.M. (Diverse Relentless Empowered Achievers of Munificence Youth Development) at Mayfair Park;
      6. Ensley Youth Sports Association, Inc., at John R. Jones Park;
      7. Five Flags Knights Lacrosse, Inc., at Brent Baseball Park;
      8. Miracle League of Pensacola at John R. Jones Park;
      9. Molino Recreation Association at Don Sutton Park;
      10. Myrtle Grove Athletic Association at Myrtle Grove Park;
      11. Northwest Escambia Bradberry Park at Harvey C. Bradberry Park;
      12. Pensacola Futbol Club, Inc., at Ashton Brosnaham Park;
      13. Perdido Bay Futbol Club, Inc., at Baars Field;
      14. Perdido Bay Futbol Club, Inc., at Southwest Escambia County Sports Complex Park;
      15. Perdido Bay Youth Sports Association, Inc., at Southwest Escambia County Sports Complex Park; and
      16. Youth Association of NE Pensacola at John R. Jones Park; and

   B. Authorize the Chairman to sign each Park License and Management Agreement for the same aforementioned 16 volunteer athletic organizations, effective upon Board approval.

Motion: Move the Technical/Public Service Consent Agenda in its entirety
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA – Continued

8. Recommendation: That the Board take the following action:

   A. Approve the updated Unlawful Harassment Policy to include a grievance process; and

   B. Approve scheduling a public hearing on June 4, 2020, at 5:32 p.m. to consider amending ch. 2, Art. V, Div. 1, Sections 2-205 through 2-207 of the Escambia County Code of Ordinances to allow for corresponding amendments to the MSPB (Merit System Protection Board) Ordinance.

Motion: Move the Technical/Public Service Consent Agenda in its entirety
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

II. BUDGET/FINANCE CONSENT AGENDA

1. Recommendation: That the Board ratify the following April 2, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Community Redevelopment Agency (CRA), concerning the Residential Rehab Grant Program Funding and Lien Agreements:

   A. Approving the Agreements between Escambia County CRA and Inez Robinson, Gwendolyn Robinson, Francisca Marshall, and Tonya Mitchell, as Joint Tenants with Right of Survivorship, owners of residential property located at 2403 North Baylen Street, Palafox Redevelopment District, each in the amount of $3,939, representing an in-kind match through the Palafox Tax Increment Financing (TIF), Fund 151, Cost Center 370115, total electrical rewiring upgrade; and

   B. Authorizing the Chairman to sign the Funding and Lien Agreements and any related documents necessary to implement the Grant awards.

Motion: Move the items **For Information:** The “items” refer to all items in the Budget/Finance Consent Agenda (1 through 36).
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill temporarily out of Board Chambers

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

2. Recommendation: That the Board take the following action concerning the sidewalk and drainage projects located in the Englewood and Brownsville Redevelopment Areas:

   A. Approve the Avery Street Sidewalk & Drainage Projects, in the amount of $193,801.02, including, but not limited to the following: mobilization, clearing and grubbing, earthwork excavation, storm sewer removal and replacement, utility relocation, lateral pavement patch, installation of approximately 1600 linear feet of sidewalk, reconstruction of roadside ditch, connection of existing pond drop structure and wall repair; and

   B. Approve and authorize the County Administrator to sign the Purchase Order to Chavers Construction, Inc., in excess of $25,000, and any other related documents necessary to implement the Avery Street Sidewalk and Drainage Projects.

   Project located in District 3

   [Funding Source: Fund 352, LOST III, Cost Center 220102, Project#20NE4253, CRA Capital Projects, CRA Brownsville and Englewood]

Disposition: Carried 4-0 with Commissioner Underhill temporarily out of Board Chambers

10. Recommendation: That the Board approve and authorize the County Administrator to execute and ratify Change Order #1 to Knowles On Site Repair, Inc., adding funds for the repair and maintenance of the Fire Department fleet vehicles:

Department:	Public Safety
Division:	Fire Rescue
Type:	Addition
Amount:	$50,000
Vendor:	Knowles On Site Repair, Inc.
Project Name:	N/A
Contract:	N/A
Purchase Order #:	200481
Change Order #:	1
Original Award Amount:	$100,000 (BCC Approved 10/3/19)
Change Order #1 as requested:	$50,000
Total:	$150,000

Due to the aging fleet and the increased call volume, repair cost is increasing. The repair of the engine and ladder trucks are essential to the operational needs of the Fire Department.

Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill temporarily out of Board Chambers

16. Recommendation: That the Board adopt the Resolution [R2020-32] approving Supplemental Budget Amendment #082, Gulf Coast Restoration Fund (118), in the amount of $423,120, to recognize Grant proceeds from the Florida Department of Environmental Protection (FDEP) Agreement #DH012, and to appropriate these funds for the construction of a public park at the headwaters of Carpenter Creek.

    The Natural Resource Damage Assessment (NRDA) Florida Trustee Implementation Group (TIG) has included the Carpenter Creek Headwater Park Amenities Project within Florida's Final Restoration Plan. The project will provide and enhance recreational opportunities through the construction of a public park at the headwaters of Carpenter Creek. The project is a companion to the NRDA water quality improvement project, both of which are part of the RESTORE Act Direct Component (Pot 1) funded Carpenter Creek and Bayou Texar Watershed Management Plan. The project will enhance public access by providing a new recreational opportunity in an area with no current recreational access. The trail and paddle-craft launch will allow users to access the lake feature of the creek, a result of a series of beaver dams. The new parking area will also enhance public access to the area. The passive recreation area will feature tables and benches to allow users to enjoy the park views while maintaining the native tree canopy. The educational signage will enhance awareness of the restoration efforts and importance of the creek and watershed.

17. Recommendation: That the Board adopt the Resolution [R2020-33] approving Supplemental Budget Amendment #083, Gulf Coast Restoration Fund (118), in the amount of $1,599,600, to recognize Grant proceeds from the Florida Department of Environmental Protection (FDEP) Agreement #DH006, and to appropriate these funds to be used for the design, permitting, construction, and property acquisition of the Carpenter Creek Headwater Water Quality Improvements Project.

    The Natural Resource Damage Assessment (NRDA) Florida Trustee Implementation Group (TIG) has included the Carpenter Creek Headwater Water Quality Improvements Project within Florida's Final Restoration Plan. The project will reduce pollutant loading and hydrologic degradation in this urban watershed. The project includes restoration of County-owned 2.6 acre wetland; acquisition of 6 acres of land for construction of a stormwater treatment facility; and construction of a stormwater treatment facility to capture and treat stormwater that flows off Olive Road into Carpenter Creek, which ultimately flows into Bayou Texar. The restored wetland will improve habitats and species that depend on wetland habitats, stabilize the soils, and reduce erosion and sediment loading into Carpenter Creek. The project is a companion to the Carpenter Creek Headwater Park recreational project, and both are part of the RESTORE Act Direct Component (Pot 1) funded Carpenter Creek and Bayou Texar Watershed Management Plan.

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

18. Recommendation: That the Board take the following action concerning the Fiscal Year 2020/2021 Miscellaneous Appropriations Agreement between Escambia County and Visit Pensacola, Inc.:

A. Approve allocating a portion of the remaining available balance in the Tourist Promotion Fund, Fund 108, to Visit Pensacola, Inc., from Cost Center 360101, in the amount of $929,682.00, and from Cost Center 360105, in the amount of $470,318.00, for a combined total of $1,400,000.00; and

B. Approve the Amendment to the Miscellaneous Appropriations Agreement, amending Section 3, increasing the allocation by $1,400,000, for a total allocation of $7,849,534.00, to be paid from the Tourist Promotion Fund (108), Cost Centers 360101 and 360105, Account 58201; and amending Exhibit "A" as follows:

1. Direct programming: Expenses of ~~$4,925,816~~$6,034,817 related to acquiring visitors to the destination. This includes the purchase of advertising, payments for firms managing the advertising, public relations and market research programs, registration and travel for related trade shows and conferences, brochures and collateral, consumer promotions, sales promotions, website development and marketing, production of marketing materials, and customer sites/familiarization trips. Also included are expenses related to the marketing and operational support of local festivals and events that occur in Escambia County and attract visitors to our community;
2. Operations: Expenses of ~~$340,622~~$396,944 related to the operations of the Visit Pensacola office and the Pensacola Sports Association (PSA); and
3. Personnel: Expenses of ~~$1,183,096~~ $1,417,773 related to salaries and benefits for employees working for Visit Pensacola and the Pensacola Sports Association (PSA);

C. Authorize the Chairman to sign the Amendment and all other necessary documents; and

D. Authorize the execution of the necessary Change Order.

(Continued on Page 24)

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

18. Continued…

This is the first of possible multiple amendments to the Visit Pensacola (VP) Miscellaneous Appropriations Agreement (MAA) with Escambia County for Fiscal Year 2019/20. Due to the COVID-19 Pandemic and associated responses affecting tourism in the area and Tourist Development Tax (TDT) collections, staff is recommending a more conservative funding increase due to the many uncertainties at this time. TDT collections will be monitored over the coming months and if determined to be stable, additional funding amendment(s) may be brought back to board requesting an increase in the VP MAA to support tourism related activities in Escambia County.

COUNTY ADMINISTRATOR'S REPORT – Continued

III. FOR DISCUSSION – Continued

4. Recommendation: That the Board take the following action:

   A. Reappoint Dr. Laura P. Bryant to the West Florida Public Library Board of Governance, for a two-year term, effective March 1, 2020, to February 28, 2022; and

   B. Appoint one of the following to the West Florida Public Libraries Board of Governance, for a two-year term, effective March 1, 2020 to February 28, 2022, to replace Sally B. Fox, whose appointment expired on March 1, 2020:

      1. Diane Davis;
      2. Catherin Storey; or
      3. Grace Buenavista

   Escambia County's Community and Media relations Office posted a General Alert on the County's website from January 6, 2020, to February 14, 2020, to seek volunteers to be considered for an appointment to the West Florida Public Library Board of Governance. The Resumes of three individuals interested in serving and of one individual interested in continuing to serve on the Board of Governance were received.

Motion: Move that we drop the item until the next regularly scheduled meeting
Made by: Commissioner Underhill **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

5. Recommendation: The following positions are provided for your consideration and information:

   A. That the Board confirm the hiring of Mr. Wesley Hall as Assistant County Administrator, with an annual salary of $136,000, a $400 monthly vehicle allowance, and up to $5,000 for relocation expenses. This position is currently budgeted in the Fiscal Year 2019-2020; and

   B. That the Board confirm the hiring of Ms. Debbie Bowers as Assistant County Administrator, with an annual salary of $136,000 and a $400+ monthly vehicle allowance. This position is currently budgeted in the Fiscal Year 2019-2020.

Motion: Move item 5, A and B, in the affirmative
Made by: Commissioner Underhill **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

III. FOR DISCUSSION – Continued

6. Recommendation: That the Board discuss information and strategies pertaining to COVID-19, including the following topics:

   a. Update of current facts and response to COVID-19 - Eric Gilmore
   b. Families First Coronavirus Response Act (FFCRA) - Jana Still
   c. Small business recovery Grant program
   d. Miscellaneous issues related to COVID-19

Motion: Move that effective Monday we waive the box fare for transit
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried unanimously
Speaker(s): Cris Dosev, Barbara Mayall, and Larry Downs, Jr. **Web-based commenter(s):** Celeste Crooks, Joy Kristin, Samdra Rhoden, Dr. Julia Hart, John Smith, Beverly James, Marilyn Brown, Chandra Smiley, Dianne Krumel, Michael Minton, Frances Hinely, Helaine Gottschalk, Darrell Weeks, Alice Krueger, April Adams, and Cara Sprigg

Motion: So moved [the Escambia County Small Business COVID-19 Recovery Grant, as presented] with equitable distribution of funds among the five districts **For Information:** The Board discussed the grant criteria, the application process, and gave information regarding the Commissioners' expectations for the distribution of the funds. The Board also requested that the amount be increased to $103,000 so that 40 businesses can be funded and asked for information on the applications be brought back to the May 7th meeting.
Made by: Commissioner May **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously
Speaker(s): Kelly Massey and Scott Luth

COUNTY ATTORNEY'S REPORT – Alison Rogers, County Attorney

I. FOR ACTION

1. Recommendation: That the Board approve the withdrawal of this office from further representation of Escambia County in this case and approve the substitution of Joseph Hammons in place of this office during the pendency of this litigation.

Motion: Move the balance in the affirmative **For Information:** The balance refers to County Attorney's Report Action items 1 through 4, as amended to drop item 3.
Made by: Commissioner Bergosh **Seconded by:** Commissioner May
Disposition: Carried unanimously

2. Recommendation: That the Board take the following action concerning a Temporary Right of Entry Agreement with CSX Transportation, Inc., for the Bradley Boulevard Dirt Road Paving Project (this item was placed on the County Attorney's agenda at Commissioner Barry's request):

   A. Approve the Temporary Right of Entry Agreement with CSX Transportation, Inc.; and

   B. Authorize the Chairman or Vice-Chairman to execute the Agreement.

   [Note that this Temporary Right of Entry Agreement requires the County to agree to terms the County Attorney's Office usually advises against. However, CSX has declined any amendments to its language.]

   [Funding: Fund 353 LOST IV, Cost Center 210106, Object Code 56301, Project Number 20EN1185]

Motion: Move the balance in the affirmative **For Information:** The balance refers to County Attorney's Report Action items 1 through 4, as amended to drop item 3.
Made by: Commissioner Bergosh **Seconded by:** Commissioner May
Disposition: Carried unanimously

MINUTES OF THE SPECIAL MEETING OF
THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS

APRIL 28, 2020

Present: Commissioner Steven L. Barry, Chairman, District 5
Commissioner Robert D. Bender, Vice Chairman, District 4
Commissioner Jeffrey W. Bergosh, District 1
Commissioner Lumon J. May, District 3
Commissioner Douglas B. Underhill, District 2
Janice Gilley, County Administrator
Alison Rogers, County Attorney
DeLana Allen-Busbee, Administrative Specialist, Clerk and Comptroller's Office
Alain Espinosa, Legal Office Administrator, County Attorney's Office
Shamara Jernigan, Agenda Program Coordinator, County Administrator's Office

Location: Ernie Lee Magaha Government Building, Board Chambers, First Floor
221 Palafox Place, Pensacola, Florida

Minutes prepared by: DeLana Allen-Busbee

AGENDA NUMBER

1. Call to Order

   Chairman Barry called the Special Meeting of the Board of County Commissioners to order at 10:02 a.m.

2. Advertisement of the Meeting

   The Board was advised by DeLana Allen-Busbee, Administrative Specialist, Clerk and Comptroller's Office, that the meeting was advertised in the *Pensacola News Journal* on April 25, 2020, in the Board's weekly meeting schedule.

Motion: So moved **For Information:** Commissioner Barry advised that the Chairman would entertain a motion for the waiving of the reading of the legal advertisement.
Made by: Commissioner Underhill **Seconded by:** Commissioner May
Disposition: Carried unanimously

FOR INFORMATION: The Board held a public comment period prior to beginning discussion of the item on the agenda and heard from the speakers listed below. Commissioner Barry advised that an option was provided to the public to provide comments via email regarding the plan to reopen the public portions of Escambia County beaches; as of 9:15 a.m., the County had received 1,191 comments and due to the large number of comments provided, they would not be read aloud. Each Commissioner received the comments prior to the meeting, and all comment forms are available in the Clerk to the Board's office of the Clerk of Court and are made a part of the Board's official record of the meeting. Commissioner Barry also advised that of the comments, 632 were in favor of reopening the beaches, 247 were in favor of reopening with restrictions, 250 emails were in favor of keeping the beaches closed, and 62 emails were categorized as other comments. Emails received after 9:15 are also made a part of the record, but are not included in the tally. Commissioner Barry led the Pledge of Allegiance, the Board observed a moment of silence, and a brief Commissioners' Forum was held.

Speaker(s):

Michael Bearden	Susan Fetsco	Alice Downs
Alan Mandell	Patsy Rourke	Charlie Rotenberry
Vivian McDaniel	Mike Bates	Larry Downs, Jr.
Michael [no last name given]	Mike Waters	Diane Chaney
Corey [no last name given]	Alexander Arduini	David Kettles

AGENDA NUMBER – Continued

3. Adoption of the Agenda

   Recommendation: That the Board adopt the agenda as prepared (or duly amended).

Motion: So moved
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

AGENDA NUMBER – Continued

4. Escambia County Public Beaches

   Recommendation: That the Board discuss the time frame for the reopening of Escambia County Public Beaches.

Motion: Move that we allow Emergency Order EO 20-4 to expire 30 minutes before sunrise on May 1st; that the beaches then be open 30 minutes before sunrise to 30 minutes after sunset; that the area under the pier is closed as lifeguards deem necessary to protect that; the pavilions are closed; we will work with the Administrator to set up the public facilities; and then also that we draft and sign a letter to the Florida Department of Environmental Protection Division of Recreation and Parks, as well as Superintendent Dan Brown of the Gulf Islands National Seashore requesting that they open their facilities in Escambia County; and that the beaches are reopened following the CDC guidelines of groups limited to ten or fewer and individuals will maintain a six foot distance from other groups and individuals not in their immediate group **For Information:** Commissioner Barry clarified that this action will remain in effect until the Board takes further action.
Made by: Commissioner Bender **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously
Speakers: Dr. John Lanza and Sheriff David Morgan

ITEMS ADDED TO THE AGENDA – COMMISSIONER DOUGLAS B. UNDERHILL

1. Direction on Use of Public Parks

   The Board discussed the issue regarding public parks and agreed to open outdoor park facilities and allow leagues to begin their spring seasons, with parks opening on May 1, 2020, and games able to begin on May 15, 2020. The Board also discussed having the partner organizations and governing boards of the leagues work to ensure the safe implementation of the relaxed restrictions as well as social distancing.

2. Request to the Governor to Allow On-Site Dining and Elective Procedures

   The Board discussed sending a letter to Governor DeSantis requesting the easing of restrictions relating to on-site dining at restaurants and elective procedures at medical and dental offices, and agreed that requesting restrictions be eased in a broader sense, rather than identifying specific restrictions would be the preferred content of the letter. After further discussion, the Board agreed to wait until Governor DeSantis released his recommendations for reopening the State once the Safer at Home Order expires on April 30th, and if the Board is not satisfied with the level at which restrictions are eased for our area, a letter will be sent after discussion at the May 7th Regular Board meeting.

ITEMS ADDED TO THE AGENDA – COMMISSIONER LUMON J. MAY

1. Recommendation: That the Board approve funding in the amount of $500.00 to support Epps Christian Center Food Drive and all items relating to the Food Drive from Commissioner Lumon May's discretionary fund.

Motion: Move Commissioner May's funding allocation of $500 from his discretionary fund for the Epps Christian Center and their food drive
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

ADJOURNMENT

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17785 **Growth Management Report 12. 1.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 05/07/2020
Issue: 5:45 p.m. - A Public Hearing Concerning the Review of an Ordinance Adopting the 2019-2023 Update to the Five-Year Schedule of Capital Improvements
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:
5:45 p.m. - A Public Hearing Concerning the Review of an Ordinance Adopting the 2019-2023 Update to the Five-Year Schedule of Capital Improvements for Incorporation into Part II of the Escambia County Code of Ordinances

That the Board of County Commissioners (BCC) review and adopt an Ordinance adopting the 2019-2023 Update to the Five-Year Schedule of Capital Improvements for incorporation into Part II of the Escambia County Code of Ordinances.

BACKGROUND:
The purpose of this ordinance is to fulfill the requirements of Section 163.3177(3)(b), Florida Statutes and Objective CIE 1.2, Five-Year Schedule, Escambia County Comprehensive Plan: 2030 by adopting the 2019-2023 update to the Five-Year Schedule of Capital Improvements.

BUDGETARY IMPACT:
No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:
The attached Ordinance has been reviewed and approved for legal sufficiency by Kia M. Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

PERSONNEL:
No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

Pursuant to Objective CIE 1.2, Escambia County Comprehensive Plan: 2030, due to the frequency of the updates to the Five-Year Schedule of Capital Improvements, this ordinance shall not be codified, but shall be recorded in a book kept for that purpose and maintained by the Clerk of the Board of the County Commissioners, in accordance with Section 125.68, Florida Statutes.

The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

ORDINANCE NUMBER 2020-___

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, ADOPTING THE 2019-2023 UPDATE TO THE FIVE-YEAR SCHEDULE OF CAPITAL IMPROVEMENTS FOR INCORPORATION INTO PART II OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE ESCAMBIA COUNTY COMPREHENSIVE PLAN: 2030, AS AMENDED; PROVIDING FOR SEVERABILITY; PROVIDING FOR RECORDING OF AN UNCODIFIED ORDINANCE, AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Section 163.3177(3)(b), Florida Statutes, and Objective CIE 1.2, Escambia County Comprehensive Plan: 2030, the county is required to annually review and update its Five-Year Schedule of Capital Improvements; and

WHEREAS, the aforementioned provisions of Florida Statutes and the Escambia County Comprehensive Plan provide that modifications to update the Five-Year Schedule of Capital Improvements may be accomplished by ordinance, and may not be deemed amendments to the Comprehensive Plan; and

WHEREAS, pursuant to Section 125.68(1)(b), Florida Statutes, the Board of County Commissioners has determined that due to the frequency of the updates codification and publication of the updates is not reasonable, and,

WHEREAS, the Board of County Commissioners of Escambia County, Florida finds that the adoption of this ordinance and incorporation of the 2019-2023 Update to the Five-Year Schedule of Capital Improvements into the Escambia County Comprehensive Plan: 2030 is consistent with the intent of Objective CIE 1.2 of the Comprehensive Plan and is in the best interest of the County and its citizens;

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Escambia County, Florida, as follows:

Section 1. Purpose

The purpose of this ordinance is to fulfill the requirements of Section 163.3177(3)(b), Florida Statutes and Objective CIE 1.2, Five-Year Schedule, Escambia County Comprehensive Plan: 2030 by adopting the 2019-2023 update to the Five-Year Schedule of Capital Improvements.

Section 2. Schedule of Capital Improvements

The 2019-2023 update to the Five-Year Schedule of Capital Improvements, attached as Exhibit A, is hereby adopted, in accordance with guidance in Comprehensive Plan Objective CIE 1.2, Five-Year Schedule.

Section 3. Supporting Documents

A significant portion of the 2019-2023 update to the Five-Year Schedule of Capital Improvements includes information provided in the following documents, which are incorporated herein by reference:

The Florida–Alabama Transportation Planning Organization Fiscal-Years 2019-2023 Transportation Improvements Program (TIP), attached as Exhibit B.

The Escambia County School District Facility Work Plan, attached as Exhibit C.

Section 4. Severability

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 5. Recording

Pursuant to Objective CIE 1.2, Escambia County Comprehensive Plan: 2030, due to the frequency of the updates to the Five-Year Schedule of Capital Improvements, this ordinance shall not be codified, but shall be recorded in a book kept for that purpose and maintained by the Clerk of the Board of the County Commissioners, in accordance with Section 125.68, Florida Statutes.

INTENTIONALLY LEFT BLANK

Section 6. Effective Date

This Ordinance shall become effective upon filing with the Department of State.

DONE AND ENACTED this ____ day of _____, 2020.

The Five-Year Schedule of Capital Improvements
Overview

Policies within the Comprehensive Plan require that the County maintain a Five-Year Schedule of Capital Improvements, and to use the information provided within the Schedule as the specific guide that the County will use to determine the construction of capital facilities and the maintenance of LOS standards. Modifications to update the Five-Year Schedule of Capital Improvements may be accomplished by ordinance and may not be deemed amendments to the Comprehensive Plan. Due to the frequency of the updates, these ordinances shall not be codified but shall be recorded in a book kept for that purpose and maintained by the clerk of the Board of County Commissioners in accordance with Section 125.68, Florida Statutes.

Project Prioritization. Escambia County will evaluate and rank capital improvement projects in the Five-Year Schedule of Capital Improvements by using the following criteria to prioritize:
a. The elimination of future public hazards to preserve the health, safety, and welfare of the public;
b. The elimination of any existing capacity or LOS deficits;
c. The impact on the annual operating budget and Capital Improvements Program (CIP) of Escambia County;
d. Locational needs based on projected growth patterns;
e. The accommodation of new development and redevelopment facility demands; and
f. Plans of the NWFWMD, Escambia County School Board, FDOT, and other state agencies or entities that provide public facilities within the jurisdiction of Escambia County.

Funding Prioritization. Escambia County will prioritize funding for capital improvements in a manner that generally assigns priority to the renewal and replacement of obsolete or worn-out facilities, assigns second priority to correcting existing deficiencies in public facilities, and assigns third priority to facilities necessary to accommodate desired future growth. Nothing in this policy will preclude Escambia County from increasing or rearranging the priority of any capital improvement project so that cost savings may be realized or LOS standards may be met.

Incorporation of School Board's 5-Year District Facilities Work Plan. The County hereby incorporates by reference the Escambia County School District current Work Plan for the 5-Year District Facilities Work Program approved by the School Board of Escambia County. The Work Plan includes school capacity sufficient to meet anticipated student demands projected by the County and municipalities in consultation with the School Board's projections of student enrollment, based on the adopted level of service standards for public schools.

Incorporation of Florida-Alabama Transportation Planning Organization 5-Year Transportation Improvement Program. The County incorporates, by reference, the Florida-Alabama Transportation Planning Organization (TPO), Transportation Improvement Program (TIP). The TIP provides a project listing that reflects the needs and desires of the TPO Study

Area. The TIP is a 5-Year plan for transportation improvements within the TPO Study Area that contains information about the type of work to be completed, project phasing, estimated costs, and funding sources. The TIP is developed by the FL-AL TPO in cooperation with the Florida Department of Transportation (FDOT), the Alabama Department of Transportation (ALDOT), and the respective local governments within the TPO region.

2019-2023

Annual Update to the Five-Year

Schedule of Capital

Improvements

Office of Management & Budget Documentation

PURPOSE OF THE CAPITAL IMPROVEMENT PROGRAM

The Capital Improvements Program (CIP) provides a planned and programmed approach to utilizing the County's financial resources in the most responsive and efficient manner to meet its service and facility needs. The CIP serves as a "blueprint" for the future of the community. It is a dynamic tool, not a static accounting document. Development of the CIP requires the integration of financial, engineering, and planning functions. The CIP is developed to achieve the following results:

- Consolidating and coordinating all department requests with the goal of reducing unnecessary delays and coordinating the individual improvement programs of the departments;

- Establishing a system of procedures and priorities by which each proposal can be evaluated in terms of public need, the comprehensive planning of the area, the inter-relationship of projects, and cost requirements;

- Scheduling capital projects over an extended period so that the most efficient financial plan for the CIP can be achieved;

- Relating needed projects to existing and projected fiscal capacity; and

- Providing that public facilities and services meet or exceed the standards established in the Capital Improvements Element (CIE) required by Florida Statutes 163.3177 and are available when needed for development, or that development orders and permits are conditioned on the availability of these public facilities and services necessary to serve the proposed development. Not later than one year after its due date established by the state land planning agency's rule for submission of local comprehensive plans pursuant to F.S. 163.3167(2)k a local government shall not issue a development order or permit which results in a reduction in the level of service for the affected public facilities below the level of services provided in the comprehensive plan of the local government.

Capital Expenditures Defined: Expenditures which result in the acquisition of, or addition to, general fixed assets, with a value of more than one thousand dollars, and a useful life of more than one year. Additionally, capital purchases of major equipment items which are not permanently attached to a public facility. This would include the replacement or addition of major motorized and other equipment.

The CIP establishes the proper interface with the Capital Improvements Element as required by the County's Comprehensive Plan, adopted on October 20, 1993, which states:

> The County shall formalize a process for the update and refinement of multi-year projections of fiscal resources such that a financially feasible schedule of capital improvements is maintained.

Adoption of annual budgets included a specific capital budget which implemented adequate funding sources and which was consistent with the CIE.

The CIP shall embody and be consistent with the following:

- The maintenance of existing infrastructure, including renewal/replacement of worn-out facilities, shall be specifically projected and funding identified;

- Debt obligations shall be specifically identified and projected to ensure compliance with debt covenants, including coverage requirements;

- A debt management strategy and set of criteria which shall be based upon debt management principals;

- Maintenance of levels of budgeted and undesignated reserves adequate to serve sound public fiscal management purposes; and

- Equity of the uses of a revenue source relative to the populace generating the revenue.

Impact of the Capital Program on the Operating Budget:

- In approving the capital program each year, the Board of County Commissioners considers a detailed analysis of the projected impacts of the program on future operating budgets. These include, but are not limited to, the direct impacts of capital financing and increased operating expenses and staff requirements. In many instances, operating impacts are negligible and difficult to compute. For example paving dirt roads eliminates the need for continual grading but creates a need for periodic right-of-way maintenance. As more projects are added to the Capital Improvement Plan, staff members are striving to quantify better estimates for future operating expenses to insure all funds remain structurally balanced.

The presentation that follows includes the Capital Improvement Plan and the Capital Budget. The Capital Improvement Plan contains funding for those projects with a value of $25,000 and above. The Capital Budget contains the plan for the purchase of all capital items with a value of $1,000 and above. The difference, therefore, between the aggregate funding in the Capital Budget and the funding in the CIP represents those capital outlays with a value between $1,000 and $25,000.

& Five Year Operating Cost
(NON-ROUTINE)

	Description	Adopted Total 2019/20	Five-Year Operating Projection 2020/21	2021/22	2022/23	2023/24	2024/25
FUND:	**LOCAL OPTION SALES TAX (LOST IV)**						
	Public Facilities & Projects						
353	**Jail Bond Debt Service**	**4,200,000**	**0**	**35,607,521**	**37,250,186**	**38,950,749**	**40,711,074**
	Completion Date: Projected completion date is First Quarter of 2021.						
	Annual Operating Costs: Costs are for personnel, operating expenses, medical expenses and jail commissary to meet state and federal standards.						
	Annual Operating Savings: The County will save approximately $4 million in operating costs and incur roughly $4 million in additional positions and salary costs when the new Jail/Facility opens, this will net to a zero savings long-term. Inmates currently housed in Walton County facilities will be brought back to Escambia County (costing approximately $50/day).						
	Description: The new jail complex is replacing an old jail that was destroyed due to flooding and a subsequent explosion to the structure leaving it beyond repair. Total projected cost $128 - $129 million						
353	**Reserves for Future Projects to be determined in FY19/20**	**8,507,110**	**0**	**0**	**0**	**0**	**0**
	Completion Date: Allocation of funds by 12/2019						
	Annual Operating Costs: No determination at this time. The Board of County Commissioners placed this amount in reserves pending future determination.						
	Annual Operating Savings: No determination at this time.						
	Description: At the Board of County Commissioners' June 24 and 25, 2019 board meetings, the Commissioners place $8,507,110 in reserve pending the Board's decision on how the funds will be allocated and prioritized.						
353	**Transfer to Judiciary per Florida Statute Chapter 212**	**820,662**	**300,000**	**200,000**	**200,000**	**200,000**	**100,000**
	Completion Date: Funds will be allocated as needed to complete the tasks in a timely manner.						
	Annual Operating Costs: Equipment operations and purchases for maintaining computer and communications systems in support of the Judiciary.						
	Annual Operating Savings: There is no savings associated with this allocation.						
	Description: Local Option Sales Tax (LOST) funds as allowed by Florida Statues 212.055(2) are distributed as follows. These funds are for technology replacement and upgrades such as routers, repeaters and computers in support of the Judicial Court Administration and State Attorney operations.						
	Economic Development						
353	**Navy Federal Credit Union**	**500,000**	**0**	**0**	**0**	**0**	**0**
	Completion Date: Expected during **Calendar** Year 2019						
	Annual Operating Costs: There is no associated operating costs to the County.						
	Annual Operating Savings: There are no associated savings to the County.						
	Description: This is an economic incentive agreement payment to Navy Federal Credit Union to encourage future growth and employment There are more than 7,030 employees currently with Navy Federal with a goal of an additional 2,970 employees, totaling approximately 10,000.

2019-2023

Annual Update to the Five-Year

Schedule of Capital Improvements

Transportation & Traffic LOS Analysis Report

Transportation & Traffic Operations (TTO) Narrative for FY2019 – 2023 CIP

Escambia County has budgeted over $15.4M for transportation improvements to the County's transportation system for FY2020, with an additional $37.4M proposed for FY2021 to FY2024. A sizeable portion of the transportation dollars are invested in the maintenance of our transportation system, which ensures that the County maintains the expected level-of-service on both State and Local roadways. Escambia County will work to continue growing our partnership with both the Florida Department of Transportation and the Florida-Alabama Transportation Planning Organization. These important relationships help ensure that the County's transportation needs are properly fulfilled.

Escambia County Transportation and Traffic Operations (TTO) offers many different types of transportation improvement projects and services. Some of the different types of transportation improvement projects and services that TTO offers include roadway widening, resurfacing, traffic signalization, turn lane modifications/installations, sidewalk construction, dirt road paving, traffic calming, and bridge maintenance. These projects are all provided in order to improve safety, reduce congestion, enhance multi-modal travel and maintain optimal evacuation times in the event of a hurricane or other disaster.

These projects and services also support community development and economic growth within the County. Two examples of transportation improvement projects that TTO is managing and/or funding that will provide positive economic and community impacts are the Navy Boulevard Access Management and Corridor Beautification Project, and the Beulah Interchange Connector Project. Both projects will provide improved roadway accesses for the efficient movement of goods and people within Escambia County that will improve commerce and will improve both our local and regional economies.

The Transportation and Traffic Operations Division will continue its commitment to adequately fund transportation improvements for the both short and long term. Working with our citizens and partners, the County will continue to prioritize and implement projects to improve safety, maintain a high level of service, and promote economic growth throughout the County.

2019-2023

Annual Update to the Five-Year

Schedule of Capital Improvements

Stormwater/Drainage LOS Analysis Report

Stormwater / Drainage Level of Service Analysis Joy Jones, PE, County Engineer

Escambia County has determined that proper management of stormwater is necessary to reduce the frequency of flooding and to improve the quality of runoff reaching surface water bodies. To this end, the County originally contracted with stormwater consultants to develop a Stormwater Master Plan (SWMP) Needs Assessment list that was completed in November 1994. The Plan included inventories of existing stormwater systems throughout the County and included detailed Master Drainage Plan studies for three of the County's 41 major watershed drainage basins: specifically, Eight Mile Creek, Eleven Mile Creek, and Scenic Hills Basin.

The Plan identified future stormwater improvement projects and ranked them with specified criterion. These were identified on a preliminary Capital Improvement Plan Project List that contained 87 proposed projects. From that List, the Escambia County Board of County Commissioners selected 30 projects to be completed within a 3-year Capital Improvement Plan (CIP) period. The intent has been to periodically update the Stormwater Master Plan and construct projects identified on the List in an orderly fashion.

Of the County's 41 watershed drainage basins, 18 detailed basin master plan studies have been completed. It is anticipated additional basin studies will be contracted in successive years until all 41-basin master plan studies are completed as funding becomes available. This watershed basin approach identifies existing structural and non-structural stormwater systems that exist in each drainage basin, gathers property owner surveys within the basins to determine their concerns, and identifies recommended future stormwater and drainage projects that will reduce flooding and improve water quality in each basin.

The County will continue the Basin Study Program to stay ahead of anticipated growth in terms of water quality and flood control, improve existing deficiencies with flooding and water quality, develop reasonable cost estimates, and prioritize projects to ensure proper planning and funding of future infrastructure needs.

In 1998, Escambia County was issued its first National Pollutant Discharge Elimination System (NPDES) Permit for its Municipal Separate Storm Sewer System (MS4). The initial MS4 permit expired and was re-permitted in January 2012. One of the requirements of the NPDES Permit is establishment of a long-term quality-monitoring program designed to document and illustrate improvements within the County. The NPDES Stormwater Monitoring Program has been implemented for the duration of the permit and includes a collaborative assessment plan in cycle 4 to determine the overall efficiency of the existing SWMP. Escambia County is currently on Cycle 4 - Year 3. Our Cycle 4 - Year 2 Annual NPDES Report was submitted January 2019, and Cycle 4 – Year 3 will be due January 2020. The current reporting period for Cycle 4 - Year 3 Annual Report will cover MS4 reportable elements during the period of July 1, 2019 thru June 30, 2020. Escambia County Natural Resources Management (NRM) conducts all water quality monitoring required under the NPDES permit for Escambia County, FDOT District III, City

of Pensacola, Town of Century. Monitoring activities conducted for co-permittees are governed by three separate interlocal agreements.

In addition to NRM water quality monitoring requirements, the Florida Department of Environmental Protection (FDEP) conducts water quality monitoring. The FDEP strategic monitoring plan is updated annually. The department uses this data, as well as other data from a wide variety of reliable sources, to determine water quality impairments. Lists of impaired waters are updated on a five-year cycle. The list of impaired waters within the Pensacola Bay System was last evaluated in 2017. The Perdido Bay System was last evaluated in 2018.

Waterbodies placed on the Verified List are required to have Total Maximum Daily Loads (TMDLs) calculated. TMDLs may restrict future allowable discharges in watersheds that have one or more impaired waters and may potentially restrict future economic development within those impaired watersheds. The County often assists FDEP with the additional TMDL sampling, data collection, and analysis of the Escambia and Perdido Bay watersheds.

TMDL monitoring activities and NPDES Stormwater Monitoring requirements directly require the County to be more actively involved in assessing water quality, which in turn requires adequate staff, and budgeting for necessary water quality sampling equipment.

In September 2003, the County prepared the *Escambia County Ambient Water Quality Report*, which is the first phase of a countywide watershed management approach. This report provides a preliminary evaluation of the status of water quality in Escambia County utilizing the FDEP methodology described in Chapter 62-303 F.A.C. (*Identification of Impaired Surface Waters* and *Criteria for Surface Water Quality Classification*). In this report, statistical analysis of water quality data was utilized to list and rank Escambia County water bodies according to their degree of water quality impairment. This ranking enables the county to prioritize stormwater and water quality improvement projects in those watersheds that are most impaired.

In December 2003, the County prepared the *LOST Funding for Stormwater Management – Flooding and Water Quality Enhancement Program Report*, which is a review of flooding and stormwater quality improvement projects funded by the County's Local Option Sales Tax (LOST) program. Projects included in the report were paving and stabilization of dirt roads that reduce sedimentation and turbidity in streams and installation of structural stormwater Best Management Practices (BMPs) to reduce flooding and further improve water quality. Projects that were completed by the end of 2002 are reviewed in the report and projects that were proposed through 2007 were discussed to examine their anticipated benefits. This report analyzed the flooding and water quality enhancement benefits that have been achieved by the County, and it updates the County's Stormwater Master Plan basin by basin.

In 2008 and 2009, the Escambia County Water Quality Division received grant funding from the Florida Legislature and FDEP to identify and prioritize areas of nonpoint source pollution in

Perdido Bay and Pensacola Bay. Sediment and water samples were collected from over 200 outfalls, ditches, swales, creeks, and rivers to determine which areas contributed the greatest pollutant loading. This data is used to prioritize and design future water quality improvement projects.

In 2012, the County started pollutant loading evaluations based upon the Florida Stormwater Association (FSA) Stormwater calculator. Escambia County participated in a study to determine nutrient removal credits that can be attributed to routine maintenance. Tools were developed as a result that allow the county to calculate total nitrogen and total phosphorous removal resulting from street sweeping and pond maintenance. In 2014 pollutant loading analysis indicated a reduction in overall pollutant loading for Total Nitrogen (TN), Total Phosphorous (TP), Biochemical Oxygen Demand (BOD), Total Suspended Solids (TSS) since 2002 resulting from the construction of new stormwater Best Management Practices (BMPs). In 2017 Escambia County's Natural Resources Management Department started an ambient water quality monitoring program for local waterways. The total number of current sites is 27.

BMPs such as street sweeping, jet vacuuming of storm pipes, and spoil removal during ditch maintenance have effectively lowered TN and TP levels. Water quality data collected for the Bayou Chico fecal coliform BMAP identifies the need for restoration efforts. The Eleven Mile /Ten Mile Creek and Carpenter Creek Bacteria Pollution Control Plans (BPCP) Monitoring Program has provided water quality data helpful in prioritizing SWMP efforts to maximize pollutant load reductions and monitor effectiveness.

In 2014, the County contracted with a local firm to complete a Stormwater Needs Assessment Report that identified 228 specific projects after review of all Master Drainage plans, the 1994 drainage needs assessment, and other identified stormwater problem areas. All the projects were ranked in order of priority and this establishes a plan of action to address stormwater improvement needs. The priority scoring uses criteria established in the Basin Study Guidelines. This report was recommended by the Storm Water Advisory Team (SWAT). SWAT was established following the April 2014, declared storm event disaster, to provide stormwater recommendations associated with stormwater management in Escambia County. As funding becomes available, higher priority, cost effective projects will move forward. The Stormwater Needs Assessment project list is considered a living document and is routinely updated as new projects are identified and projects are completed.

In 2017, in preparation for the Local Option Sales Tax 4 (LOST4) 11-year priority several projects were added to the Stormwater Needs Assessment List and ranked per the Basin Study Guidelines Criterion for project prioritization. Currently there are 266 identified drainage projects estimated at $326 Million on the Stormwater Needs Assessment. As funding becomes available and grant funding is acquired, projects from the Needs Assessment list move forward.

Escambia County is scheduled to receive over $70 million dollars as a direct result of the 2010 Gulf Oil Spill. Eligible activities include restoration of natural resources, infrastructure projects, and coastal flood protection. A Multiple Year Implementation Plan (MYIP) was adopted by the

Board of County Commissioners and later approved by the Department of Treasury in 2017. The MYIP includes over $12 million dollars for design and permitting of 10 separate projects. Projects include improvements for Eleven Mile Creek, Carpenter Creek, Bayou Texar, Bayou Grande, and Pensacola Bay.

2019-2023

Annual Update to the Five-Year Schedule of Capital Improvements

Parks & Recreation LOS Analysis

Report w/ Recreational Service District &

Park Location Map

Parks / Open Space LOS Analysis
Michael Rhodes, Department Director
Parks & Recreation

When reviewing the current park inventory, Escambia County meets and or exceeds the adopted LOS for parks and recreation. Escambia County has identified revised standards to include park categories, special use parks, and amenities for the development of future and existing park inventory.

The justification for including park development funding in the Capital Improvement Program is for the addition of park amenities, such as, playground structures, park shelters, walking tracks, sports fields, athletic courts, nature trails, along with open play spaces.

An updated park matrix is provided which includes individual park amenities, respective districts, classification of the respective park, and other pertinent details. This chart will be updated annually as park amenities are added or additional parks be added to the county inventory.

Annual Update to the Five-Year

Schedule of Capital Improvements

Solid Waste LOS Analysis Report

Solid Waste LOS Analysis

Pat Johnson

Director, Department of Waste Services

The adopted level of service standard for solid waste is a disposal rate of six pounds per capita per day. Escambia County continues to maintain its solid waste level of service commitments under the comprehensive plan, which is to provide adequate municipal solid waste disposal capacity of 6 pounds per capita per day by allocating funding for future landfill construction and closure of cells. These cells are required since the County must provide adequate disposal capacity for its citizens. The population growth is anticipated to be 1% per year for the near future, so the County funds the cell expansions as required to ensure sufficient landfill capacity. Currently, the average waste acceptance is 1,200 tons/day and compaction density for our waste stream averages at least 1,500 pounds per cubic yard. This compaction rate may change in the future as the methodology and waste compositions vary.

The Perdido Landfill has remaining filling capacity through January 2024 based on the current footprint. The Perdido Landfill Mining Phase I was completed at the end of 2011 and will facilitate construction of the future expansion cell, Section 5 Cell 1A. Funding for the construction of Section 5 Cell 1A was included in Fiscal Years 2017 and 2018 at $10,000.00. Construction of Section 5 Cell 1A began in early 2017 and was completed June/2019 with a five-year capacity. Phase II Mining is to begin March/2020 with Section 5 Cell 1B Construction completion date of January/2023.

Funding for the closure costs are accrued and escrowed each year as required by Chapter 62-701, F.A. C. The total acreage for the Perdido Landfill facility is 955 acres, which includes 352 acres of permitted disposal areas, service areas, materials recycling and yard waste recycling, 172 acres of conservation and 431 acres of future expansion (Section Six). The current build-out for disposal is 141 acres, through Section 5, Cell 3 providing solid waste disposal capacity through 2045. Disposal capacity in Section Six is estimated at 50 to 70 years. All capital projects underway and into the near future are fully funded.

With the appropriately timed mining/expansions, the County has sufficient capacity at the Perdido Landfill to accommodate current development and growth during the planning period.

2019-2023

Annual Update to the Five-Year

Schedule of Capital Improvements

Mass Transit

DEPARTMENT: MASS TRANSIT
DIVISION: MASS TRANSIT

MISSION STATEMENT

The mission of the Escambia County Area Transit System is to provide the citizens with mass transportation services throughout the Escambia County urban area in a safe, comfortable, efficient, and timely manner at a reasonable cost.

PROGRAM DESCRIPTION

The Mass Transit Department is responsible for the County public transportation program, which includes Escambia County Area Transit (ECAT) for fixed-route services and Escambia County Community Transportation (ECCT) for paratransit services. The Mass Transit Department receives funding from passenger revenue, contributions from Escambia County, and SRIA, UWF, FDOT, and FTA grants for capital and operating expenses. ECAT also administers the Escambia County ADA Paratransit Service and provides maintenance services for non- transit vehicles. On behalf of Escambia County, the designated Community Transportation Coordinator, ECCT operates paratransit services for the Florida Commission for Transportation Disadvantaged (Non-Sponsored) Program, ECAT's ADA Transportation, and other agency transportation services. ITL Solutions, Inc. is contracted to manage the paratransit services as of October 1st, 2017.

GOALS & OBJECTIVES – AT RECOMMENDED FUNDING LEVEL

- Maintain passenger ridership at the highest-level possible consistent with a service level determined by fiscal constraints.
- Maintain fare box revenue at the highest-level possible consistent with ridership and the latest BCC approved service level and fare structure.
- Reduce operating expenses to a minimum consistent with service level, fare box revenues, and federal, state and local contributions.

SIGNIFICANT CHANGES FOR 2020/2021

- The new Mass Transit Director was appointed in October 2019, and the Mass Transit department is moving forward into 2020 with a vision of excellence, actionable accountability, and transformation.
- In 2019, an ADA Bus Stop accessibility study was performed by FL-SL TPO for Escambia County / ECAT. During 2020, Mass Transit staff will work to upgrade and or modify all stops identified, to bring stops into compliance with the Americans with Disabilities Act (ADA). A total of 1,100 stops were reviewed. ECAT will need to address proper signage, stop positioning, and standardized bench/shelter designs.
- ECAT will continue to work on Route modification previously identified in the Comprehensive Operations Analysis (COA).

Appendix J: Eastern Federal Lands Highway Division Projects
Appendix K: Comments Received on FY 2020-24 TIP

Executive Summary

The purpose of the Transportation Improvement Program is to provide a project listing that reflects the needs and desires of the Transportation Planning Organization (TPO) Study Area. The TIP is also developed to reflect the financial restraints within the various funding sources and programs. The TIP is a five-year plan for transportation improvements within the TPO Study Area; it contains information about the type of work to be completed, project phasing, estimated costs, and funding sources. The Code of Federal Regulations defines the Transportation Improvement Program (TIP) as a "prioritized listing/program of transportation projects covering a period of four years that is developed and formally adopted by a TPO (transportation planning organization) as part of the metropolitan planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53" [23 C.F.R 450.104]. Florida Statute requires the addition of a fifth year to the TIP [339.175(8)(c)(1)]. The TIP is also required to include all regionally significant projects, regardless of funding [23 C.F.R 450.324(d)].

The TIP is developed by the Florida-Alabama TPO in cooperation with the Florida Department of Transportation (FDOT), the Alabama Department of Transportation (ALDOT), and the local governments in the TPO region. These cooperating agencies provide the Florida-Alabama TPO with estimates of available federal and state funds for use in development of the financial plan. In the development of the Department's 5 Year Work Program an inflation factor is applied to all appropriate phases of years one through five of the program. The inflation factors and application to appropriate phases is discussed in the Department's Work Program Instructions. Therefore, the projects in the TIP are presented in Year of Expenditure (YOE), which takes into account the inflation rate over the five years in the TIP.

Organizational Structure:

The Florida-Alabama TPO was established by designation of the governor through an interlocal agreement in 1977. An amendment in 1998 expanded membership to include all five (5) county commissioners from Santa Rosa County, providing equitable population and geographic representation on the TPO. Apportionment of membership was reviewed in 2013 following the 2010 Census. Representation from Orange Beach, Alabama was added. This membership apportionment was approved by the Florida governor on June 12, 2013 and by the Alabama governor on December 11, 2013. The interlocal agreement was updated in 2015.

According to Section 339.175, Florida Statutes, TPO board members shall be local elected officials. The current membership of the Florida-Alabama TPO is made up of:

- Five (5) members from Escambia County Commission
- Five (5) members from Pensacola City Council
- Five (5) members from Santa Rosa County Commission

- One (1) member from Gulf Breeze City Council
- One (1) member from Milton City Council
- One (1) member from Baldwin County Commission
- One (1) member from Orange Beach City Council

The Emerald Coast Regional Council (ECRC) provides the designated professional staff to the Florida-Alabama TPO and performs the work required to maintain the continuing, cooperative and comprehensive (3-C) planning process. The ECRC serves seven (7) counties and is unique in its role in staffing three (3) separate TPOs (MPOs) in West Florida. A staff services agreement between the Florida-Alabama TPO and the ECRC, effective on January 12, 2015, establishes this staffing arrangement.

The TPO maintains bylaws, which describe the operating procedures for the TPO and its advisory committees. The bylaws were updated and adopted in 2016. A Technical Coordinating Committee (TCC) and a Citizens' Advisory Committee (CAC) advise the TPO. A Freight Advisory Committee was added in 2017. Ad hoc committees to advise the TPO and its staff are formed as needed. Each committee carries out its prescribed tasks and responsibilities at regularly scheduled and, at times, special meetings.

Title VI:

Pursuant to Section 9 of the US DOT Order 1050.2A, the Florida-Alabama TPO assures FDOT and ALDOT that no person on the basis of race, color, national origin, sex, age, disability, family, or religious status as provided by the Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, State of Florida Civil Rights Act of 1992, and other nondiscrimination authorities be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity. For additional information click on the following link https://www.ecrc.org/programs/public_involvement/title_vi_ada.php.

Financial Plan:

The TIP is financially constrained for each year. Federally funded projects identified in the TIP can be implemented using current and proposed revenue sources based on the FDOT's Tentative Work Program, the ALDOT Work Program, and locally designated transportation revenues. As required by federal and state law, a summary of available funds by funding category and project type for the state and federally funded projects contained within the TIP has been included in Appendix F [23 C.F.R. 450.324(a) and Subsection 339.175(8), F.S.] The detailed project listing and financial summary "contain system-level estimates of costs and revenue sources that are reasonably expected to be available to adequately operate and maintain Federal-aid highways (as defined by 23 U.S. C. 101(a)(5)) and public transportation (as defined by title 49 U.S.C. Chapter 53) [23 CFR 450.324 (h)].

To further ensure the financial soundness of the TIP, all projects funded by the Florida Department of Transportation with federal or non-federal dollars are considered committed projects if included in the first three years of the FDOT Five-Year Work Program. Section 339.135(4)(b)(5) Florida Statutes mandates that the FDOT Work Program include a balanced 36-month forecast of cash and expenditures and a five-year finance plan supporting the Work Program. All local government projects (non-federally funded) that are included in the TIP are a part of a member local government's capital improvement program. Non-federally funded projects with funding in the first year of local government capital improvement element or capital improvement programs are considered to be committed projects.

Project Categories:

Capacity - Projects (such as widening existing roads or building roads on new alignments) in the TIP are from the Cost Feasible Plan of the TPO Long Range Transportation Plan Update and the Project Priorities.

Transportation Systems Management (TSM) – Drawn from the FDOT Candidate list and the TPO Priorities for TSM Improvements, these projects may also be identified in the TPO's Congestion Management Process Plan, Corridor Management Plans, and Safety Plans. Some are part of studies by FDOT or local governments and are needed to improve mobility and /or safety at intersections and along existing roadways. TSM projects are typically low-cost and can be constructed in less than two years with allocated District 3 funds.

Transportation Alternatives – The Transportation Alternatives Program (TAP) authorized under Section 1122 of MAP-21 (23 U.S.C. 213(b), 101(a)(29)) provides funding for programs and projects defined as transportation alternatives. Section 1122 of MAP-21 provides for the reservation of funds apportioned to a State under section 104(b) of title 23 to carry out TAP. The national total reserved for TAP is equal to 2 percent of the total amount authorized from the Highway Account of the Highway Trust Fund for Federal-aid highways each fiscal year. (23 U.S.C. 213(a)). The Enhancement Program of SAFETTEA-LU is now part of the Transportation Alternatives Program of MAP-21. The FAST Act continued TAP from MAP-21.

Under 23 U.S.C. 213(b) eligible activities under the TAP program consist of:

1. Transportation Alternatives as defined in 23 U.S.C. 101(a)(29) (MAP-21 1103):
    A. Construction, planning, and design of on-road and off-road trail facilities for pedestrians, bicyclists, and other nonmotorized forms of transportation, including sidewalks, bicycle infrastructure, pedestrian and bicycle signals, traffic calming techniques, lighting and other safety-related infrastructure, and transportation projects to achieve compliance with the Americans with Disabilities Act of 1990.
    B. Construction, planning, and design of infrastructure-related projects and systems that will provide safe routes for non-drivers, including

children, older adults, and individuals with disabilities to access daily needs.

C. Conversion and use of abandoned railroad corridors for trails for pedestrians, bicyclists, or other nonmotorized transportation users.
D. Construction of turnouts, overlooks, and viewing areas.
E. Community improvement activities, including-
    i. inventory, control, or removal of outdoor advertising;
    ii. historic preservation and rehabilitation of historic transportation facilities;
    iii. vegetation management practices in transportation rights-of-way to improve roadway safety, prevent against invasive species, and provide erosion control; and
    iv. archaeological activities relating to impacts from implementation of a transportation project eligible under title 23.
F. Any environmental mitigation activity, including pollution prevention and pollution abatement activities and mitigation to-
    i. address stormwater management, control, and water pollution prevention or abatement related to highway construction or due to highway runoff, including activities described in sections 133(b)(11), 328(a), and 329 of title 23; or
    ii. reduce vehicle-caused wildlife mortality or to restore and maintain connectivity among terrestrial or aquatic habitats.

2. The recreational trails program under section 206 of title 23.
3. The safe routes to school program under section 1404 of the SAFETEA-LU.
    A. Infrastructure-related projects.-planning, design, and construction of infrastructure-related projects on any public road or any bicycle or pedestrian pathway or trail in the vicinity of schools that will substantially improve the ability of students to walk and bicycle to school, including sidewalk improvements, traffic calming and speed reduction improvements, pedestrian and bicycle crossing improvements, on-street bicycle facilities, off-street bicycle and pedestrian facilities, secure bicycle parking facilities, and traffic diversion improvements in the vicinity of schools.
    B. Noninfrastructure-related activities to encourage walking and bicycling to school, including public awareness campaigns and outreach to press and community leaders, traffic education and enforcement in the vicinity of schools, student sessions on bicycle and pedestrian safety, health, and environment, and funding for training, volunteers, and managers of safe routes to school programs.
    C. Safe Routes to School coordinator.

4. Planning, designing, or constructing boulevards and other roadways largely in the right-of-way of former Interstate System routes or other divided highways.

Bicycle/Pedestrian – $350,000 per year is funded annually for bicycle and pedestrian Master Plan projects. These projects are identified in the TPO Bicycle Pedestrian Plan and are added to the Long Range Transportation Plan.

Public Transportation – Transit projects are drawn from the TPO Five Year Transit Development Plan and the local transit operator provides priorities to the TPO. Projects for Community Transportation Coordinator (CTC) and the Escambia County Area Transit (ECAT) fixed route service are included in the TIP. The FTA is the primary funding source for ECAT projects, with supplementation by matching grants by the city of Pensacola and Escambia County. The CTC receives funding directly from the Commission for the Transportation Disadvantaged. ECAT is consulted in the development of the Project Priorities for Public Transportation and has a member on the TPO's Technical Coordinating Committee that reviews and provides input in the development of the TIP.

Aviation – Aviation projects are drawn from the airport master Plan and Airport Layout Plan, developed by local authorities and reviewed by the DOT and the Federal Aviation Administration (FAA). Project Priorities are given to the TPO for inclusion in the report and may be funded by the FAA, FDOT, or Airport Authority. Airfields included in this report are the Pensacola International Airport and the Peter Prince Field in Milton.

Seaport – Port projects are drawn from the adopted Port Master Plan, for area deep water seaports. They are primarily the domain of city government, and though the TIP is consistent with city plans, their inclusion is primarily due to the formation of the Seaport and Economic Development Trust Fund. This fund provides state money through the Florida Ports Council for port projects. The Port of Pensacola is the only deep water port in this report.

Resurfacing – Also known as system preservation, these projects are determined by the FDOT. While the TPO may ask that particular roadways be examined for resurfacing needs, the priority for resurfacing is based on an engineering evaluation of pavement condition. Resurfacing projects on the State Highway System are funded through a statewide program.

Bridge – These projects are selected by the FDOT on criteria established through bridge inspections. Bridge Sufficiency Ratings are established by the FHWA and are on a 0 (worst) to 100 (best). Funds are generally available for rehabilitation work if the bridge rating falls below 80, or are available for replacement if the rating falls below 50. For bridges off the state highway system, the engineering costs will be the owner's responsibility. All other phases (excluding in-house phases) are to be split 75% Federal (from the set-aside) and 25% owner up to a total cost of $5 million (limiting federal participation on each bridge to $3.75 million). This limitation excludes in-house phases.

Freight – A Freight Working Group meets periodically to review and discuss freight needs and projects in the area. The TPO staff is also a member of the State of Florida Metropolitan Planning Organization Advisory Council's Freight Committee and has submitted Freight Projects to this committee for consideration for funding advancement in the TIP.

Safety – The TPO gives the highest point total for Safety in its Evaluation Criteria for ranking projects in its Long Range Transportation Plan Needs Plan. FDOT and ALDOT each develop a Highway Safety Improvement Program annually. Each transportation project in the TIP when it is designed and/or constructed is intended to improve safety. In addition, safety is addressed in the Performance Measures section later in this report.

Miscellaneous – Supplemental projects not fitting into any of the other category. An example is planning funds for the MPO/TPO Process.

Project Selection:

Project selection is dependent on the priorities for the various projects and on financial constraints. The selection of priorities for the TPO Study Area involves various forms of input including input from the citizens and through the Citizens' Advisory Committee and the Technical Coordinating Committee making recommendations to the TPO.

Important components of Federal and State Legislation for Transportation Improvement Programs include:

1. TIP/STIP must be updated at least every four (4) years and contain four years worth of projects.

2. Proposed TIP projects must be derived from locally developed public "human transit" transportation services including: Special Needs of Elderly Individuals and Individuals with Disabilities (See U.S.C. 49 sections 5310)

3. Visual aids should be included in TIP development such as photographs, charts, graphs, and any other visual aid that would enhance public knowledge of the project.

The Fixing America's Surface Transportation (FAST) Act retains the eight (8) Planning Factors as the *Scope of the Planning Process* from MAP-21, plus two (2) additional Planning Factors. The ten (10) Planning Factors are:

(A) support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;

(B) increase the safety of the transportation system for motorized and nonmotorized users;

(C) increase the security of the transportation system for motorized and nonmotorized users;

(D) increase the accessibility and mobility of people and for freight;

(E) protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns;

(F) enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;

(G) promote efficient system management and operation;

(H) emphasize the preservation of the existing transportation system;

*(I) improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation; and

*(J) enhance travel and tourism.

*Planning Factors I and J were not included in the 2040 Long Range Transportation Plan when it was adopted on November 3, 2015 because they were not yet required. These two Planning Factors will be included in the 2045 Long Range Transportation Plan which will be adopted by November 3, 2020.

Project Priority Statement:

The Florida-Alabama TPO Adopted Project Priorities for Fiscal Years 2020-2024 is in Appendix E.

Consistency with Other Plans:

In accordance with these federal and state laws, this TIP covers five fiscal years and is consistent with the Florida Transportation Plan, the Florida-Alabama Long Range Transportation Plan (LRTP), the Congestion Management Process Plan (CMPP) and the local government comprehensive plans. The TIP contains project information for the construction and maintenance of the transportation facilities of the TPO Study Area. Facility types vary from roads, highways and bridges to seaports, airports, and bicycle and pedestrian accommodations. The TIP also includes project information for the various public transportation systems such as local bus and trolley systems and the Transportation Disadvantaged Program.

Implemented Projects:

Annually, FDOT, ALDOT, and Escambia County Area Transit produce lists of projects that have had federal funds obligated to them in the preceding year. These lists of projects for Fiscal Year 2018 are in Appendix D.

Public Involvement:

The public participation process for the FY2020-2024 TIP began during June, July, August, and September of 2018 with the development of the TPO's Project Priorities. In August 2018, the draft Project Priorities were presented to the TPO and its advisory committees, the Citizens' Advisory Committee and the Technical Coordinating Committee. This review of the Project Priorities was advertised within TPO's agenda in the local newspapers and it was sent by news release to local media. A public workshop and public outreach events to review and comment on the Project Priorities were held in June 2018. Notifications were sent to various community groups, inviting them to attend the workshop, outreach events, or the TPO meetings. In August 2018, the proposed final Project Priorities were presented to the advisory committees for final review and to the TPO for adoption. The adoption of the Priorities in September 2018 was part of TPO agenda, so it was advertised in local newspapers and issued as a news release. A public forum was part of that meeting to allow an additional opportunity for public involvement. The adopted Project Priorities are in Appendix E.

In December, FDOT held a public workshop to gather public comments on its Tentative Five-Year Work Program, which includes selected TPO Project Priorities. The Tentative Five-Year Work Program was also placed on-line for a week to obtain additional public comment. In December, FDOT presented the Tentative Five-Year Work Program to the TPO for endorsement; that TPO meeting was also advertised with the local media. Public comments gathered throughout the creation of the Project Priorities and in the review of the Tentative Work Program have been considered through each step of the planning process. As such, this TIP reflects a combination of the public's interests as well as the interests of the various government agencies that are participants in the TPO planning process.

In cases where public comment is significant, 23 Code of Federal Regulations (CFR) Part 450 requires the following: "When significant written and oral comments are received on the draft transportation plan or TIP (including the financial plan) as a result of the public participation process or the interagency consultation process required by EPA's conformity regulations [for air quality], a summary, analysis, and report on the disposition of comments shall be made part of the final plan and TIP." The public comments received in the review of the Project Priorities are listed in Appendix E. In addition, the public comments received during the development of the TIP are listed in Appendix K.

Certification:

The last Joint FDOT/TPO Certification was held on March 11, 2019. The Joint FDOT/TPO Certification is an annual process in FDOT District 3. The ALDOT/TPO Self Certification Statement is included in Appendix I. Lastly, the last Federal Highway Administration's certification of the TPO occurred in August 2018.

Air Quality:

The Clean Air Act (CAA) requires the Environmental Protection Agency (EPA) to develop and enforce air quality standards. Under the CAA, the EPA is mandated to review standards for criteria pollutants every five years. Criteria pollutants are listed as carbon monoxide (CO), nitrogen dioxide (NO_2), ozone (O_3), sulfur dioxide (SO_2), and particulate matter 2.5 or 10. The National Ambient Air Quality Standard (NAAQS) for ozone was last reviewed in 2008 at which time the EPA lowered the standard from 85 ppb to the current standard of 75 ppb. On January 19, 2010, the EPA published a Notice of Proposed Rulemaking in the Federal Register, with the intention of strengthening the NAAQS for ground level ozone. On October 1, 2015, the EPA finalized revisions to the National Ambient Air Quality Standards (NAAQS) for ground-level ozone. The rule sets more stringent standards, lowering both the primary (health-based) and secondary (welfare-based) standards from 75 parts per billion (ppb) to 70 ppb.

The TPO staff for the Florida– Alabama Transportation Planning Organization (TPO) monitors air quality and ozone readings for the TPO on a quarterly basis. The FL-AL TPO is currently in attainment for ground level ozone. In anticipation of the lowered standard, the TPO staff is interacting with government agencies and the public to ensure that air quality affected by ground-level ozone can be readily addressed and mitigated to maintain air quality compliance. TPO staff will establish regional air quality reporting guidelines and increase interaction with the public and local governments, repositioning as an information resource for air quality in Northwest Florida. There are five air quality monitoring sites located within Northwest Florida. Three of which are in Escambia and Santa Rosa counties. Data collected from these monitors and updates on the NAAQS will be reported to the FL – AL TPO and Advisory Committees quarterly.

Climate Change:

The Federal Highway Administration has identified Climate Change as an emerging issue for TPOs. FHWA has suggested that TPOs may wish to consider climate change and strategies which minimize impacts from the transportation system. FHWA supports and recognizes the importance of exploring the effects of climate change on transportation, as well as the limited environmental resources and fuel alternatives. TPOs are encouraged to include discussions and strategies aimed at addressing this issue. Infrastructure on the TPO's coastal areas impacted by global warming and alternative fuels is an area for the TPO to consider on this topic in the future.

Environmental Mitigation:

The TPO is committed to minimizing and mitigating the negative impacts of transportation projects on the natural and built environment in order to preserve and enhance the quality of life. The TPO has worked with both the FDOT and ALDOT to establish state and federal contacts that are now included in an e-mail distribution list. The TIP has been sent to these agencies to keep them abreast of the funded transportation projects in the next five years and to offer them a chance to mitigate any potential conflicts with the funding agencies.

Congestion Management Process:

The TPO is responsible for implementing the Congestion Management Process, and projects identified in the Plan are included in the TIP. The TPO updates its Congestion Management Process in conjunction with the Long Range Transportation Plan. Projects identified through the Congestion Management Process can be a priority for Transportation Systems Management as they are submitted as a "candidate" project by FDOT.

Transportation Disadvantaged (TD):

The Florida Commission for the Transportation Disadvantaged requires each county to submit Annual Performance Reports to review the services provided and costs for those services. The Annual Performance Reports for Escambia and Santa Rosa County are in Appendix F.

Federal and state agencies are using performance measures as a way of ensuring greater accountability for expenditure of public funds. ALDOT has adopted the Livability Principles and Indicators as a sustainability measurement against future actions.

Level of Effort (LVOE) - Alabama Projects Only (See Appendix I):

Projects in the STIP/TIP, referred to as Level of Effort (LVOE) projects, represent grouped projects not considered of appropriate scale to be identified individually. Projects may be grouped by function, work type, and/or geographical area, using the applicable classifications under 23 CFR 771.117(c) and (d), and/or 40 CFR part 93. In nonattainment and maintenance areas, project classifications must be consistent with the *exempt* project classifications contained in the EPA transportation conformity regulations (40 CFR part 93).

LVOE projects are placed in the STIP/TIP according to selected funding programs, with the planned funding amounts for each year. ALDOT, and the affected TPOs, will be required to make a formal amendment to the STIP/TIPs for any adjustment of funding of an LVOE group that exceeds 20 percent of its originally planned funding to a particular Region. The selected statewide funding programs include:

- Interstate Resurfacing Program (Includes lighting, sign & pavement rehabilitation
- Non-Interstate Resurfacing Program (FM)
- Transportation Alternative Program (TAP)
- Safety Projects (Hazard elimination, roadway and rail, high speed passenger rail, seatbelt, blood alcohol content, and others)
- Recreational Trails (Funds transferred to ADECA)
- County Allocation Funds (Off-system bridges and STP Non-urban). Only prior year carry over is full obligated).
- Federal Transit Programs: (Sub Recipient) 5307 (urbanized), 5311 (non-urban), 5310 (Elderly and Disabilities), and 5339 (Buses and Bus Facilities).

Addition or deletion of individual LVOE projects are considered an administrative modification, and do not require any further TPO action prior to authorization, subject to the dollar thresholds established in the sections above. ALDOT will maintain a matrix listing, on the STIP website, of LVOE projects for each of the five ALDOT Regions. The TPOs will be notified as soon as any specific projects within their urban areas, are identified and selected, and will have ten (10) days to decline the project. Additionally, the TPOs will be notified as soon as any safety projects are modified or deleted within their urban areas and will have ten (10) days to decline the project deletion or change.

Level of Effort (LVOE) holds funds that are not dedicated to specific projects, and may be used to cover cost increases, or add new projects or project phases. LVOE shall not exceed the thresholds, or the requirements, of any other items that require an amendment.

Level of Effort resurfacing shall be programmed annually. Projects or project lists will be added as soon as available, and TPOs will be notified of all changes that occur in the list.

Following approval of the FY2020-2024 TIP, edits to the TIP will occur by amendment or by administrative modification. Amendments and modifications occur as a result of: (1) additional or unknown project requirements; (2) increasing the Planning Area during the 2045 LRTP update; and (3) increasing the Urbanized Area or Planning Area as a result of the 2020 Decennial Census. Both amendments and modifications can be tracked through automatically generated emails until October of 2019, at which time the MPO can track changes through E-STIP (e-mails will continue to run for an additional year).

An Amendment is a major TIP planned project revision that:

- Adds a new project, or deletes a project, that utilizes federal funds from a statewide line item, exceeds the thresholds listed below, and excludes those federally-funded statewide program projects.
- Adds a new project phase(s), or increase a current project phase, or deletes a project phase(s), or decreases a current project phase that utilizes federal funds, where the revision exceeds the following thresholds:

- $5 million for ALDOT federally-funded projects and Transportation Management Area (TMA) attributable projects.
- $1 million for ALDOT federally-funded projects and for non-TMA TPO's attributable projects.
- $750,000 for the county highway and bridge program.

- Involves a change in the Scope of Work to a project(s) that would:
  - Result in a revised total project estimate that exceeds the thresholds established between ALDOT and the Planning Partner (not to exceed any federally-funded threshold contained in the MOU).
  - Results in a change in the Scope of Work on any federally-funded project that is significant enough to essentially constitute a New Project.
  - Level of Effort (LVOE) planned budget changes, exceeding 20% of the original budgeted amount.

Approval by the TPO is required for the amendments. Amendments require public review and comment, and redemonstrations of fiscal constraint.

An Administrative Modification is a minor TIP revision that:

- Adds a project from a level of effort category or line item, utilizing 100 percent state or non-federal funding, or a TPO TIP placement of the federally funded, Statewide Program, or federal funds from a statewide line time that do not exceed the thresholds established by the Planning Partner.
- Adds a project for emergency repairs to roadways, bridges, except those involving substantive or functional adjustments, location or capacity changes.
- Draws down, or returns funding, from the existing STIP/TIP Reserve Line Item, and does not exceed the threshold established between ALDOT and Planning Partners.
- Adds federal or state capital funds from low-bid savings, de-obligations, release of encumbrances, from savings on programmed phases, and any other project-cost modification sent to and approved by FHWA or FTA, to another programmed project phase or line item.

Administrative Modifications do not require federal approval nor public review and comment, and nor re-demonstration of fiscal constraint.

Amendment Process -- Florida Projects Only:

For Administrative Modifications to the TIP, TPO action is not required. The Transportation Planning Manager approves this type of amendment by signature, then copies are placed in the next TPO agenda as an information item and the TIP is updated with the amended information and the amended date in the cover is updated.

TIP Amendments and Modifications are governed by the FDOT MPO Handbook:

An administrative modification is a minor revision that includes minor changes to the project/project phase costs, minor changes to funding sources of previously included projects, and minor changes to project/project phase initiation dates. An administrative modification is a revision that does not require public review and comment, and a redemonstrations of fiscal constraint.

An amendment means a revision that involves a major change to a project including the deletion of a project or a major change in project cost, project/project phase initiation dates, or a major change in design concept or design scope. An amendment is a revision the requires public review and comment and a redemonstrations of fiscal constraint.

1. The complete Transportation Improvement Program shall be adopted only upon a vote of TPO, assembled in a properly noticed public meeting;

2. In order to expedite amendments to the TIP, the TPO authorizes the Transportation Planning Manager to administratively approve airport, public transportation, and seaport project amendments which do not materially affect surface transportation traffic volumes or traffic distribution in the vicinity of the subject airport, public transportation facility, or seaport;

3. The TPO authorizes the Transportation Planning Manager to administratively approve roll-forward amendments, to ensure that approved projects that did not get authorized by June 30 remain eligible for authorization after July 1;

4. If the TPO is requested to amend its TIP on an emergency basis, such as during a period when the TPO is not scheduled to meet, the TPO authorizes its Chairman or the Transportation Planning Manager to approve projects less than $2.0 million;

5. The TPO also authorizes the Transportation Planning Manager to administratively approve amendments to the TIP which do not meet any one of the five criteria which require a formal TIP amendment: (a) addition of new individual projects; (b) change adversely impacts financial constraint of the TIP; (c) change results in major scope changes; (d) deletion of a project from the TIP; or (e) change in project cost greater than 20% AND $2.0 million;

6. The TPO requires the Transportation Planning Manager to inform the TPO of all TIP amendments approved under these authorizations at least once per quarter; and

Project Priorities amendments must be approved by the TPO by formal action. They must be placed on the TPO agenda and listed in the legal ad placed for the meeting. Approval of an amendment to the Project Priorities must be by roll-call vote. Once approved, the Project Priorities are updated with the amended information and copies of the amendment are provided to FDOT

Federal Planning Emphasis Areas

On April 23, 2014, FHWA distributed a memorandum to state DOTs to encourage MPOs to identify tasks associated with Planning Emphasis Areas (PEAs). The following lists the three PEAs as defined by FHWA:

- MAP 21 Implementation – Transition to Performance Based Planning and Programming.
- Models of Regional Planning Cooperation – Promote cooperation across MPO boundaries and across state boundaries where appropriate to ensure a regional approach to transportation planning. 6
- Ladders of Opportunity – Access to essential services – as part of the transportation planning process, identify transportation connectivity gaps in access to essential services.

State Planning Emphasis Areas - 2018

Rural Transportation Planning – MAP-21 is the first federal legislation to define the structure and responsibilities of designated regional transportation planning organizations. Florida Statues also requires coordination with local governments, including those in rural areas.

To address this area of emphasis, the TPO will work with FDOT District 3 to incorporate the needs of neighboring rural communities into all appropriate planning efforts.

ACES (Automated/Connected/Electric/Shared-Use) Vehicles – FHWA says that "transportation is in the midst of disruptive change from new technologies (automated and connected vehicles); new institutions (shared mobility firms); and changing attitudes (reduced car ownership)."

The Florida-Alabama TPO will to its part to prepare the region for the upcoming impacts of technology on transportation choices by including these advancements in the following documents:

- LRTP
- Pedestrian Bicycle Plan
- Transit Planning
- Intelligent Transportation Systems
- Freight Planning

Performance Measures – Performance Management is a strategic approach to connect investment and policy decisions to help achieve performance goals. Performance measures are quantitative criteria used to evaluate progress. Performance measure targets are the benchmarks against which collected data is gauged. The Moving Ahead for Progress in the 21st Century Act (MAP-21) requires State DOTs and TPOs to conduct performance-based planning by tracking

performance measures and setting data-driven targets to improve those measures. Performance-based planning ensures the most efficient investment of federal transportation funds by increasing accountability, transparency, and providing for better investment decisions that focus on key outcomes related to seven national goals:

- Improving Safety;
- Maintaining Infrastructure Condition;
- Reducing Traffic Congestion;
- Improving the Efficiency of the System and Freight Movement;
- Protecting the Environment; and,
- Reducing Delays in Project Delivery.

The Fixing America's Surface Transportation (FAST) Act supplements the MAP-21 legislation by establishing timelines for State DOTs and TPOs to comply with the requirements of MAP-21. State DOTs are required to establish statewide targets and TPOs have the option to support the statewide targets or adopt their own.

Safety was the first national goal identified in the FAST Act. In March of 2016, the Highway Safety Improvement Program (HSIP) and Safety Performance Management Measures Rule (Safety PM Rule) was finalized and published in the *Federal Register.* The rule requires TPOs to set targets for the following safety-related performance measures and report progress to the State DOT:

- Fatalities;
- Serious Injuries;
- Nonmotorized Fatalities and Serious Injuries;
- Rate of Fatalities per 100 Million Vehicle Miles Traveled (VMT); and
- Rate of Serious Injuries per 100 Million VMT.

The Florida and Alabama Departments of Transportation Highway Safety Improvement Plans (HSIP) focused on how to accomplish the vision of eliminating fatalities and reducing serious injuries on all public roads. The HSIP development process included review of safety-related goals, objectives, and strategies in TPO plans. The HSIP guides FDOT, ALDOT, TPOs, and other safety partners in addressing safety and defines a framework for implementation activities to be carried out throughout each State.

The HSIP highlights the commitment to a vision and initiative of zero deaths. The HSIP annual report documents the statewide performance measures toward that zero deaths vision and initiative. As such, the TPO supported the adoption of the HSIP safety performance measures, FDOT's 2019 safety targets, which set the target at "0" for each performance measure to reflect FDOT's goal of zero deaths, and ALDOT's 2018 safety targets, which set the targets at 1,010 for Number of

Fatalities; 1.490 for Rate of Fatalities per Hundred Million Vehicle Miles Traveled; 8,369 for Number of Serious Injuries; 12.420 for Rate of Serious Injuries per Hundred Million Vehicle Miles Traveled, and 390 for Number of Non-Motorized Fatalities and Non-Motorized Serious Injuries to reflect ALDOT's Towards Zero Death Initiative. The TPO supported the FDOT and ALDOT targets by approving Resolution 18-01 on February 14, 2018. FDOT's 2019 safety targets, which set the target at "0" for each performance measure to reflect FDOT's goal of zero deaths, and ALDOT's 2019 safety targets, which set the targets at 932 for Number of Fatalities; 1.330 for Rate of Fatalities per Hundred Million Vehicle Miles Traveled; 8,469 for Number of Serious Injuries; 12.080 for Rate of Serious Injuries per Hundred Million Vehicle Miles Traveled, and 394 for Number of Non-Motorized Fatalities and Non-Motorized Serious Injuries to reflect ALDOT's Towards Zero Death Initiative. The TPO supported the FDOT and ALDOT targets by approving 18-01 on February 14, 2018 and Resolution 19-01 on February 13, 2019.

Bridge and Pavement (PM2) was the second national goal identified in the FAST Act and was finalized in May 2017 and published in the *Federal Register*. The rule requires TPOs to set targets for the following bridge and pavement related performance measures and report progress to the State DOT.

- Percent of Interstate Pavements in Good Condition;
- Percent of Interstate Pavements in Poor Condition;
- Percent of Non-Interstate National Highway System Pavements in Good Condition;
- Percent of Non-Interstate National Highway System Pavements in Poor Condition;
- Percent of National Highway System Bridges classified as in Good Condition by Deck Area; and
- Percent of National Highway System Bridges classified as in Poor Condition by Deck Area.

System Performance (PM3) was the third national goal identified in the Fast Act was also finalized in May 2017 and published in the *Federal Register*. The rule requires TPOs to set targets for the following system performance related performance measures and report progress to the State DOT.

- Percent of Person Miles Traveled on Interstate System that is reliable;
- Percent of Person Miles Traveled on Non-Interstate National Highway System that is reliable; and
- Truck Travel Time Reliability Index.

In addition to the three Performance Management categories, the TPO is also required to adopt State of Good Repair Performance Measures for Transit Asset Management (TAM). The TAM rule from the Federal Transit Administration

became effective on October 1, 2016. The rule requires TPOs to set targets for the following transit related performance measures and report progress to the State DOT.

- Rolling Stock (Percentage of revenue vehicles that have met or exceeded their Useful Life Benchmark);
- Equipment (Percentage of service vehicles that have met or exceeded their Use Life Benchmark);
- Facilities (Percentage of facilities within an asset class rated below condition 3 on the Transit Economics Requirements Model Scale); and
- Infrastructure. (Percentage of track segments with performance restrictions).

Whereas, Safety Targets are established annually by the TPO by February 27th, Targets for Pavement, Bridge, and System Performance were adopted on September 12, 2018 by Resolution 18-24 for targets in 2021 which supported the DOT targets and will need to be adopted again by April 1, 2023 since they are four year targets. FDOT targets for 2021 for Pavement are: >60 for Percent of Interstate Pavements in Good Condition, <5 for Percent of Interstate Pavements in Poor Condition; ≥40 for Percent of Non-Interstate National Highway System Pavements in Good Condition; and ≤5 for Percent on Non-Interstate National Highway System Pavements in Poor Condition. FDOT targets for 2021 for Bridges are: ≥50 for Percent of National Highway System Bridges Classified as in Good Condition by Deck Area and ≤10 for Percent of National Highway System Bridges Classified as in Poor Condition by Deck Area. FDOT's 2021 targets for System Performance are: 70 for Percent of Person Miles Traveled on Interstate System that is Reliable; 50 for Percent of Person Miles Traveled on Non-Interstate National Highway System that is Reliable; and 2 for Truck Travel Time Reliability Index. ALDOT targets for 2021 for Pavement are: "Not Applicable" for Percent of Interstate Pavements in Good Condition since there is no Interstate System in the Alabama Portion of the Florida-Alabama TPO, "Not Applicable" for Percent of Interstate Pavements in Poor Condition since there is no Interstate System in the Alabama Portion of the Florida-Alabama TPO; >40 for Percent of Non-Interstate National Highway System Pavements in Good Condition; and <5 for Percent on Non-Interstate National Highway System Pavements in Poor Condition. ALDOT targets for 2021 for Bridges are: >27 for Percent of National Highway System Bridges Classified as in Good Condition by Deck Area and <3 for Percent of National Highway System Bridges Classified as in Poor Condition by Deck Area. ALDOT's 2021 targets for System Performance are: "Not Applicable" for Percent of Person Miles Traveled on Interstate System that is Reliable since there is no Interstate System in the Alabama Portion of the Florida-Alabama TPO; 93.6 for Percent of Person Miles Traveled on Non-Interstate National Highway System that is Reliable;

and “Not Applicable” for Truck Travel Time Reliability Index since there is no Interstate System in the Alabama Portion of the Florida-Alabama TPO.

Similarly, TAM targets were adopted by the TPO on September 12, 2018 by Resolution 18-30 which supported the DOT targets and will need to be adopted again by October 1, 2022. The Infrastructure category does not apply to the TPO since there is no rail fixed guideway track in the TPO area. For Florida, the Rolling Stock category consists of Vans, Cutaway Buses, Body on Chassis, and Full Size Buses. The targets for these categories are Vans (reduce by 0 Percent of current inventory), Cutaway Buses (reduce by 0 Percent of current inventory), Body on Chassis (reduce by 0 Percent of current inventory), and Full Size Buses (reduce by 10 Percent of current inventory). The Equipment category is to reduce Service Vehicles by 10 Percent that have met or exceeded their Useful Life Benchmark. Facilities Category is to fund no more than 20% of FTA facilities with a condition rating below 3 (Good) on the Transit Economics Requirements Model Scale. For Alabama, the Rolling Stock category consists of Vans, Cutaway Buses, Body on Chassis, and Full Size Buses. The targets for these categories are Vans (reduce by 10 Percent of current inventory), Cutaway Buses (reduce by 10 Percent of current inventory), Body on Chassis (reduce by 10 Percent of current inventory), and Full Size Buses (reduce by 10 Percent of current inventory). The Equipment category is to reduce Service Vehicles by 10 Percent that have met or exceeded their Useful Life Benchmark. Facilities Category is to fund no more than 20% of FTA facilities with a condition rating below 3 (Good) on the Transit Economics Requirements Model Scale.

The TIP considers potential projects that fall into specific investment priorities. For the Florida-Alabama TPO, this includes the Safe Routes to School and the Escambia-Santa Rosa Community Traffic Safety Team Programs; and Bridge, Capacity, Bicycle/Pedestrian, Transportation Alternative, Transportation System Management, Public Transportation, Resurfacing, Aviation, Port, and other Miscellaneous categories in the TIP. The expectation of the TIP projects in each of these categories is to improve safety and to reduce fatalities once these projects are constructed. The Bridge Projects identified in the TIP will maintain the bridges classified in Good Condition and assist in improving the bridges classified in Poor Condition. Resurfacing Projects in the TIP will assist in improving the Interstate and Non-Interstate National Highway System pavements that are classified in Poor Condition as well as improving reliability of freight movement for interstate and Non-Interstate National Highway System roadways. The Transit Projects identified in the TIP will assist in keeping the transit vehicles and facilities in State of Good Repair.

The TIP includes specific investment priorities that support the TPO’s goals including safety, efficiency, connectivity, economic vitality, security, quality of life,

and the planning process which guide the Evaluation Criteria. The Evaluation Criteria in the LRTP filters down to Project Priorities, and the TIP.

As identified in CFR 450.326(d), a description of the anticipated effect of the TIP toward achieving the performance targets in the metropolitan transportation plan will be included in the next Long Range Transportation Plan which will be adopted by November 3, 2020. The next Long Range Transportation Plan will also include a Systems Performance Report for Performance Measures. In the interim, the TPO will work with both Florida and Alabama Departments of Transportation to comply with the requirements for TIP amendments for the Performance Measures since the May 27, 2018 date has passed.

Livability Indicators:

Federal and State agencies are using performance measures as a way of ensuring greater accountability for expenditure of public funds. ALDOT has adopted the Livability Principles and Indicators as a sustainability measurement against future actions.

All planning tasks will be measured against these Livability Principles:
1. Provide more transportation choices
2. Promote equitable, affordable housing
3. Enhance economic competitiveness
4. Support existing communities
5. Coordinate policies and leverage investment
6. Value communities and neighborhoods

The TPO will use these six Livability Principles with the Federal Performance Measures data, the FDOT Source Book, data available for University of Florida Bureau of Economic and Business Research and University of Alabama's Center for Business and Economic Research, and possibly additional data sources to develop Livability Indicators for a tool to consider in developing future transportation plans. The Livaability Indicators will be identified in the 2045 Long Range Transportation Plan.

How do I get to full project costs and other project details?

Transportation projects for Baldwin, Escambia, and Santa Rosa counties are either within the Florida-Alabama TPO planning area boundary or in the non TPO area.

The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project. Costs on the TIP pages for projects on

the SIS will have historical costs, five years of the current TIP and five years beyond the current TIP, which may or may not be the total project cost. If there is no CST phase on the TIP page, then the entry will probably not be reflective of the total project cost. For some projects, such as resurfacing, safety or operational projects, there may not be a total cost provided but rather additional details on that program.

For costs beyond the ten year window, access to the Long Range Transportation Plan (LRTP) is provided. The link to the LRTP is: https://www.ecrc.org/programs/transportation_planning/plans_and_documents/long_range_transportation_plan/index.php. The LRTP reference on the TIP page provides the information necessary to locate the full project costs and/or additional details, regarding the project in the LRTP. When the LRTP reference in the TIP states modification and \ or amendment report, the most recent report is used. Appendix C is a status report for on-going projects.

Full Project Costs in TPO Planning Area Boundary

Projects on the Strategic Intermodal System (SIS) - The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project. Costs on the TIP pages for projects on the SIS will have historical costs, five years of the current TIP, and five years beyond the current TIP, which may or may not be the total project cost. If there is no CST phase, then the entry will probably not be reflective of the total project cost. For some projects, such as resurfacing, safety or operational project, there may not be a total cost provided but rather additional details on that program.

The SIS is a network of high priority transportation facilities which includes the state's largest and most significant commercial service airports, spaceport, deep water seaports, freight rail terminals, passenger rail and intercity bus terminals, rail corridors, waterways and highways. All projects on the SIS will have a SIS identifier on the TIP page.

For costs beyond the ten year window, access to the Long Range Transportation Plan (LRTP) is provided. The link to the LRTP is https://www.ecrc.org/programs/transportation_planning/plans_and_documents/long_range_transportation_plan/index.php. The LRTP reference on the TIP page provides the information necessary to locate the full project costs and/or additional

details regarding the project in the LRTP (See example TIP page below). If there is no LRTP reference in the TIP, full project cost for that project is provided in the TIP.

Non SIS projects - The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project. Costs on the TIP pages for projects not on the SIS will have historical costs and five years of the current TIP, which may or may not be the total project cost. If there is no CST phase, then the entry will probably not be reflective of the total project cost. For some projects, such as resurfacing, safety or operational projects, there may not be a total cost provided but rather additional details on that program.

Total project costs and other project details will be accessible in the TIP for all non SIS projects in the TIP. All non SIS projects will have a Non-SIS identifier on the TIP page.

For costs beyond the five year window, access to the Long Range Transportation Plan (LRTP) is provided. The link to LRTP https://www.ecrc.org/programs/transportation_planning/plans_and_documents/long_range_transportation_plan/index.php. The LRTP reference on the TIP page provides the information necessary to locate the full project costs and/or additional details regarding the project in the LRTP. If there is no LRTP reference in the TIP, full project cost for that project is provided in the TIP. When the LRTP reference in the TIP states modification and \ or amendment report, the most recent report is used.

Full Projects Costs in the Non TPO area

Projects on the Strategic Intermodal System (SIS) - The SIS is a network of high priority transportation facilities which includes the state's largest and most significant commercial service airports, spaceport, deep water seaports, freight rail terminals, passenger rail and intercity bus terminals, rail corridors, waterways and highways. Total project costs and other project details will be accessible through the Statewide Transportation Improvement Program (STIP) for highways on the SIS. The STIP page will have a SIS and a County identifier to aid you in finding the total project cost (See example below) The STIP is accessible at https://fdotewp1.dot.state.fl.us/fmsupportapps/stipamendments/stip.aspx.

The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase

and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project. Costs on the STIP pages for projects on the SIS will have historical costs and ten years worth of project costs, which may or may not be the total project cost. If there is no CST phase, then the entry will probably not be reflective of the total project cost. The total project cost will be reflected in the SIS Strategic Intermodal System Plan available at: https://www.fdot.gov/planning/systems/programs/mspi/plans/default.shtm. For some projects, such as resurfacing, safety or operational project, and other short term projects, the STIP page will reflect the total project cost available for projects on the SIS.

Non SIS projects in non TPO areas - All costs for non SIS projects in the non TPO areas will have a non SIS identifier. These costs will be provided by the Florida Department of Transportation (FDOT) District Office. Please contact the FDOT District Office at 1-888-638-0250 (Chipley) for additional information on these projects.

DISCLAIMER: The "Total Project Cost" amount displayed for each of the federal and state funded projects in the TIP represents 10 years of programming in the Florida Department of Transportation's (FDOT's) Work Program database for projects on the Strategic Intermodal System (SIS) (FYs 2020 through 2029), and 5 years of programming in the FDOT Work Program for non-SIS projects (FYs 2020 through 2024), plus historical cost information for all projects having expenditures paid by FDOT prior to FY 2020. For a more comprehensive view of a particular project's anticipated total project cost for all phases of the project, please refer to the TPO Long-Range Transportation Plan (LRTP).

For a more comprehensive view of a particular project's anticipated total project cost for all phases of the project, please refer to the Long Range Transportation Plan (LRTP). It should be noted, however, that some projects in the FDOT Work Program such as resurfacing, safety, or operational products may not be specifically referenced within the LRTP due to their short term nature. LRTP references to such projects in the TIP are referenced by LRTP Final Report Page Number. These LRTP references are intended to increase transparency and demonstrate consistency between the LRTP and TIP. The link to the LRTP is https://www.ecrc.org/programs/transportation_planning/plans_and_documents/long_range_transportation_plan/index.php.

The Alabama Department of Transportation has directed that accident, incident, crash, injury, or fatality locations not be shown or presented in

association with descriptions of transportation projects, facilities, or locations within the State of Alabama. This prohibition extends to all formal planning documents (UPWP, Long Range Plan, TIP, Congestion Management Plan, and Air Quality Conformity documentation) that include narrative or tabular project listings or descriptions. In addition, Alabama project costs are estimated using a 1% inflation factor, instead of the previous 4% for projecting out-year costs.

RESOLUTION FL-AL 19-08

A RESOLUTION OF THE FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION ADOPTING THE FY 2020-2024 TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Florida-Alabama Transportation Planning Organization (TPO) is the organization designated by the governors of Florida and Alabama as being responsible, together with the states of Florida and Alabama, for carrying out the continuing, cooperative and comprehensive transportation planning process for the Florida-Alabama TPO Planning Area; and

WHEREAS, the Transportation Improvement Program (TIP) is adopted annually by the TPO and submitted to the governors of Florida and Alabama, to the Federal Transit Administration, and through the States of Florida and Alabama to the Federal Highway Administration; and

WHEREAS, the Transportation Improvement Program (TIP) is developed in accordance with 23 Code of Federal Regulations 450 Section 134(j) and Section 339.175(8) Florida Statutes; and

WHEREAS, the TIP is periodically amended to maintain consistency with the Florida and Alabama Department of Transportation's Work Programs; and

WHEREAS, authorization for federal funding of projects within an urbanized area cannot be obtained unless the projects are included in the TPO's TIP; and

WHEREAS, the Florida-Alabama Transportation Planning Organization (TPO) believes that the TIP will support the performance targets established by the states and supported by the TPO; and

WHEREAS, the Transportation Improvement Program (TIP) shall be endorsed annually upon a roll call vote by the TPO and submitted to the governors of Florida and Alabama, to the Federal Transit Administration, and through the States of Florida and Alabama to the Federal Highway Administration; and

WHEREAS, the Florida-Alabama Transportation Planning Organization (TPO) believes that the document listed below will support the performance targets established by the states and supported by the TPO.

NOW, THEREFORE, BE IT RESOLVED BY THE FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION THAT:

The TPO adopts the FY2020-2024 Transportation Improvement Program, with any changes that may have been presented.

Passed and duly adopted by the Florida- Alabama Transportation Planning Organization on this 12th day of June 2019.

FLORIDA- ALABAMA TRANSPORTATION PLANNING ORGANIZATION

Appendix A

Acronyms/Definitions

ALDOT Alabama Department of Transportation: State agency responsible for transportation issues and planning in Alabama

BPAC Bicycle/Pedestrian Advisory Committee: Advisory committee utilized by metropolitan planning organizations (MPOs) for specialized citizen input into the transportation planning process.

BRATS Baldwin Rural Area Transportation System: Public Transit System

CAC Citizens' Advisory Committee: Advisory committee utilized by most metropolitan planning organizations (MPOs) for citizen input into the transportation planning process.

CFR Code of Federal Regulations: Compilation of the rules of the executive department and agencies of the federal government

CMAQ Congestion Mitigation and Air Quality Improvement Program: A new categorical funding program created under ISTEA which directs funding to projects that contribute to meeting national air quality standards in non-attainment areas for ozone and carbon monoxide.

CMPP Congestion Management Process Plan: This plan assists decision-makers in selecting cost effective, short term strategies to enhance the mobility of people and goods by rating the performance of existing transportation facilities

CTC Community Transportation Coordinators: People contracted by the Transportation Disadvantaged Commission to provide complete, cost-effective and efficient transportation services to transportation disadvantaged (TD) persons.

CTST Community Traffic Safety Team: Florida's Community Traffic Safety Teams (CTSTs) are locally based groups of highway safety advocates who are committed to solving traffic safety problems through a comprehensive, multi-jurisdictional, multi-disciplinary approach. Members include local city, county, state, and occasionally federal agencies, as well as private industry representatives and local citizens.

DEO Department of Economic Opportunity: State land planning and community development agency responsible for a number of programs, including Chapters 163 and 380 of the Florida Statutes (F.S.).

DEP Florida Department of Environmental Protection: State agency responsible for the implementation of most of Florida's environmental regulations, including air monitoring and assessment; formerly the Departments of Natural Resources and Environmental Regulation.

ECAT Escambia County Area Transit: Public transportation system.

EMO Environmental Management Office: The office at the Florida Department of Transportation responsible for protecting and enhancing a sustainable human and natural environment while developing safe, cost effective, and efficient transportation systems.

EPA Environmental Protection Agency: A federal agency responsible for dealing with national environmental issues.

FAA Federal Aviation Administration: Federal entity responsible for overseeing air commerce, air traffic control, noise abatement and other related issues.

FAST Fixing America's Surface Transportation Act. Federal legislation that was signed into law on December 4 2015 that funds surface transportation programs at over $300 billion for fiscal years 2016 through 2020.

FDOT Florida Department of Transportation: State agency responsible for transportation issues and planning in Florida.

FHWA Federal Highway Administration: Division of the U.S. Department of Transportation responsible for administrating federal highway transportation programs.

F.S. Florida Statutes: Documents in which Florida's laws are found.

FTA Federal Transit Administration: A statewide, comprehensive transportation plan which establishes long-range goals to be accomplished over a 20-25 year time frame; developed by Florida Department of Transportation (FDOT); updated on an annual basis.

FTP Florida Transportation Plan: A statewide, comprehensive transportation plan which establishes long-range goals to be accomplished over a 20-25 year time frame; developed by Florida Department of Transportation (FDOT); updated on an annual basis.

FY Fiscal Year: A budget year; runs from July 1 through June 30 for the state of Florida, and from October 1 through September 30 for the federal government.

ICE Intergovernmental Coordination Element: Required element of a local government comprehensive plan addressing coordination between adjacent local governments, and regional and state agencies; requirements for content are found in Rule 9J-5.015, F.A.C. and 163.3177(6)(h), F.S.

ITS Intelligent Transportation System: The use of computer and communications technology to facilitate the flow of information between traveler and system operators to improve mobility and transportation productivity.

JPA Joint Participation Agreement: Legal instrument describing intergovernmental tasks to be accomplished and/or funds to be paid between government agencies. K Design Hour Factor: Used to convert daily traffic counts to hourly traffic counts, and annual average traffic counts to peak season traffic counts; most road are designed for peak hour, peak season traffic counts. LDR Land Development Regulations: Local development regulations used to implement comprehensive plans; required by 9J-5.006, F.A.C. and Chapter 163.3177(6)(a), F.S.

LAP Local Agency Program: Agreement negotiated between a Local Agency and FDOT allocating Federal funds to a transportation project.

LRC Long Range Component: The part of the Florida Transportation Plan (FTP) that addresses a time span of about 20 years; updated at least every five years to reflect changes in the issues, goals and long range objectives.

LRTP Long Range Transportation Plan: A 20 year forecast plan required of state planning agencies and TPO/MPOs; it must consider a wide range of social, environmental, energy and economic factors in determining overall regional goals and consider how transportation can best meet these goals.

MAP 21 Moving Ahead for Progress in the 21st Century Act. Federal legislation that was signed into law on July 6, 2012 that funds surface transportation programs at over $105 billion for fiscal years 2013 and 2014.

MPO See TPO

MPOAC Metropolitan Planning Organization Advisory Council: An advisory council, consisting of one member from each TPO, which serves the principal forum for collaborative policy discussion in urban areas; it was created by law to assist the TPO/MPOs in carrying out the urbanized area transportation planning process.

NHS National Highway System: Specific major roads to be designated by September 30, 1995; the NHS will consist of 155,000 (plus or minus 15%) miles of road and represents one category of roads eligible for federal funds under ISTEA.

RTPO Regional Transportation Planning Organization:

ROW Right-of-Way: Real property that is used for transportation purposes; defines the extent of the corridor that can be used for the road and associated drainage.

RPC Regional Planning Council: A multipurpose organization composed of representatives of local governments and appointed representatives from the geographic area covered by the council, and designated as the primary organization to address problems and plan solutions that are of greater than local concern or scope; currently 11 regional planning councils exist in Florida.

SAFETEA-LU Safe, Accountable, Flexible, and Efficient Transportation Equity Act, a Legacy for Users: Federal legislation that was signed into law on August 10th 2005. This legislation built upon the ISTEA and TEA-21 premises but advocated a new direction in transportation planning, as evidenced by its name.

SIS Strategic Intermodal System: The SIS is a transportation system that is made up of statewide and regionally significant facilities and services (strategic), that contains all forms of transportation for moving both people and goods, including linkages that provide for smooth and efficient transfers between modes and major facilities (intermodal), and that integrates individual facilities, services, forms of transportation (modes) and linkages into a single, integrated transportation network (system)

SRTS Safe Routes to School: The Safe Routes to School Program (SRTS) was authorized in August 2005 by Section 1404 of the federal transportation act, SAFETEA-LU (the *Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users*). SRTS funds are administered through the seven FDOT Districts and overseen by the State Safe Routes to School Coordinator Program guidelines and other program documents have been developed to create a competitive application process for infrastructure projects and non-infrastructure programs.

STIP State Transportation Improvement Program: A staged, multiyear, statewide, intermodal program that is consistent with the state and metropolitan transportation plans; identifies the priority transportation projects to be done over the next three years; is developed by the Florida Department of Transportation (FDOT) and must be approved by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) at least every two years.

TAP Transportation Alternatives Program. Provides funding for programs and projects defined as transportation alternatives, including on and off road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation and enhanced mobility, community improvement activities, and environmental mitigation, recreational trail program projects, safe routes to school projects, and projects for the planning design or construction of boulevards and other roadways largely in the right-of-way of former Interstate System routes or other divided highways.

TCC Technical Coordinating Committee: A standing committee of most metropolitan planning organizations (MPOs); function is to provide advice on plans or actions of the MPO from planners, engineers and other staff members (not general citizens.)

TD Transportation Disadvantaged: People who are unable to transport themselves or to purchase transportation due to disability, income status or age.

TDP Transit Development Program: A plan developed by the transit operator and endorsed by the TPO; it addresses public transportation needs, operations, services, and contains a financial plan. The plan has a 10-year horizon, with a major update every five years, and it also requires annual updates.

TDSP Transportation Disadvantage Service Plan: A five year plan which reviews the need for Transportation Disadvantaged services, goals, objectives, and performance measures; it is updated annually.

TIP Transportation Improvement Program: A priority list of transportation projects developed by a metropolitan planning organization that is to be carried out within the five year period following its adoption; must include documentation of federal and state funding sources for each project and be consistent with adopted local comprehensive plans.

TPO (MPO) Transportation or Metropolitan Planning Organization: The forum for cooperative transportation decision-making; required for urbanized areas with populations over 50,000.

TSM Transportation Systems Management: Strategies to improve the efficiency of the transportation system through operational improvements such as the use of bus priority or reserved lanes, signalization, access management, turn restrictions, etc.

UPWP Unified Planning Work Program: Developed by Metropolitan Planning Organizations (MPOs); identifies all transportation and transportation air quality activities anticipated within the next one to two years, including schedule for completing, who is doing it, and products to be produced

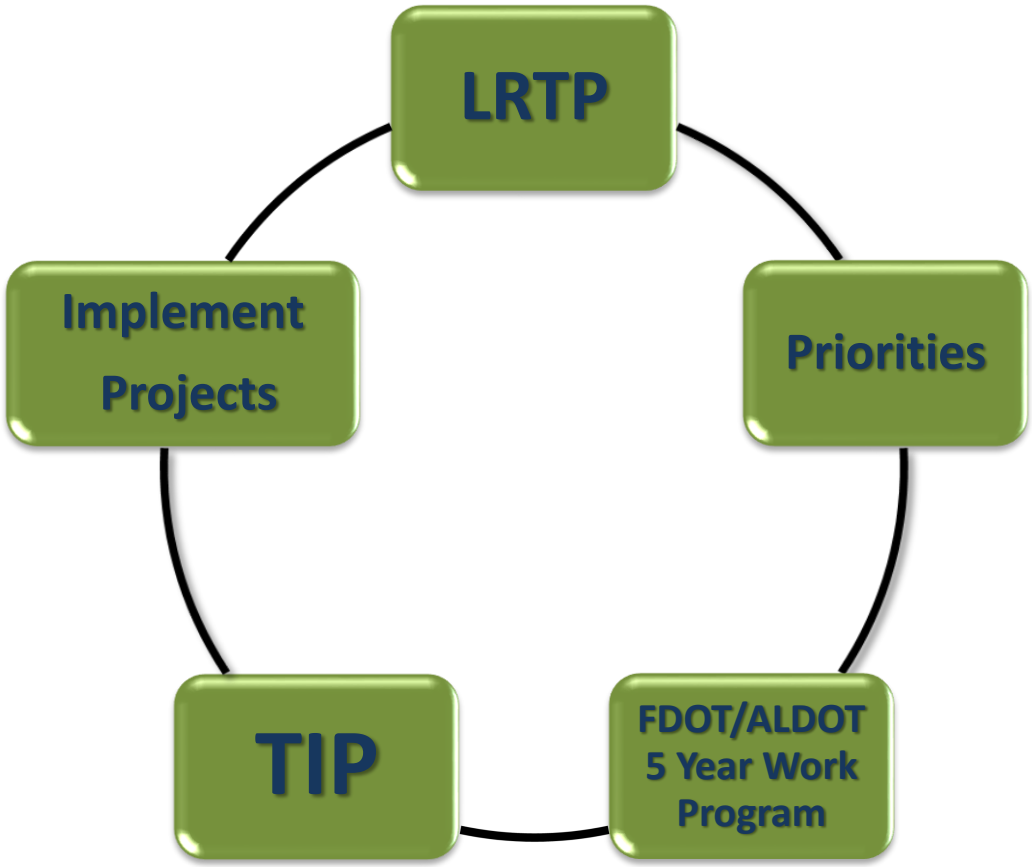
INTRODUCTION

The Florida-Alabama Transportation Planning Organization (TPO), staffed by the West Florida Regional Planning Council, is tasked with developing Project Priorities. Project Priorities, which are essentially the Cost Feasible Plan element of the Long Range Transportation Plan (LRTP), are usually approved in September each year and are due to the State Departments of Transportation by October 1st. The adopted Project Priorities are used by the State Departments of Transportation to develop a five-year Work Program. This five-year Work Program is then used by the TPO to develop its five-year Transportation Improvement Program (TIP). The TIP is adopted by the TPO at its June meeting each year. The chart below explains the process identified above.



The projects listed in this Project Priorities document are identified by the following tables:

- Capacity Projects (Tables 1-5).
- Transportation System Management Projects (Tables 6-7).
- Transportation Alternatives Program Projects (Tables 8-11).
- Bicycle/Pedestrian Projects (Tables 12-15).
- Public Transportation Related Projects (Tables 16-17).
- Aviation Projects (Tables 18-19).
- Port Projects (Table 20).
- Bridge Replacement Project (Table 21-22).
- Congestion Mitigation Air Quality Projects (Table 23).

METHODOLOGY

- Capacity projects are based on the 2040 LRTP. Completed projects are removed from the list, projects that are scheduled for construction in the first three years are moved to the committed list, and new projects are placed at the end of the priorities list and ranked by cost of the funding set asides and construction projects. There are two capacity projects in Alabama.
- Transportation System Management Projects are ranked based on TPO approved criteria. Projects were provided by the Florida Department of Transportation.
- Transportation Alternatives Program Projects are ranked based on TPO approved criteria. There is one Transportation Alternatives Program project identified in Alabama.
- The Bicycle/Pedestrian Projects are ranked by the Benefit/Cost Ratio in the Bicycle/Pedestrian Plan. Alabama Department of Transportation allocation is $148,476 per year for the TPO. This money is for Bicycle/Pedestrian projects. Priorities are ranked from a public workshop in Lillian a few years ago.
- Public Transportation Related Projects are listed by potential grants and are furnished by the TPO's Public Transportation Staff in consultation with the region's public transportation providers.
- Aviation Project Priorities are furnished by the Pensacola International Airport and Peter Prince Field/Santa Rosa County Staffs.
- Port Project Priorities are provided by the Port of Pensacola.
- The Bridge Replacement Projects are provided by the Florida Department of Transportation and Escambia County.
- Congestion Mitigation Air Quality Priorities are ranked by the TPO's Air Quality Planner.

The Capacity, Transportation System Management, Bicycle/Pedestrian, and Transportation Alternatives Program Projects have listed Committed Projects in addition to the Project Priorities. Committed Projects are projects that are scheduled for construction in the first three years of the Work Program or

are currently under construction. These projects are considered Committed so the projects get completed and are not assigned a Project Priority. However, it is understood that these projects are to continue to be funded by the Departments of Transportation until the projects are completed.

The statuses of the phases for the Capacity Projects have been color coded to indicate funding. Phases in **GREEN** are considered Cost Feasible with State and/or Federal funds. This funding coding is based on the current 2040 LRTP Cost Feasible Plan. If the phase is currently scheduled for completion in the FDOT Five Year Work Program, the fiscal year of funding and the project number are noted. Phases in **RED** are not considered cost feasible with State and/or Federal funds based on the currently adopted 2040 LRTP Cost Feasible Plan. In addition, projects shaded in yellow are the next phases to be funded.

The Capacity, Transportation System Management, Transportation Alternatives Program, and Bicycle/Pedestrian Projects have separate Evaluation Criteria to rank projects. The Evaluation Criteria for these four categories are listed in Appendix B. However, **the TPO has the final decision on how the Project Priorities are ranked.**

PUBLIC INVOLVEMENT

Three non-traditional public outreach events occurred during development of the FY 2020-2024 Project Priorities. The first such event happened on June 21, 2018 at the Escambia County Area Transit for Dump the Pump. The second event took place on June 21, 2018 on Navarre Beach for Tunes by the Dunes. The last event transpired on June 23, 2018 at the Palafox Market in downtown Pensacola. In addition, two TPO and Advisory Committee workshops were held as part of the development of the FY 2020-2024 Project Priorities. The first workshop was on July 11, 2018 at the Pensacola City Hall whereas the August 20, 2018 workshop occurred at the Navarre Visitors Center. A public workshop was also held on July 11, 2018 at the Pensacola City Hall but no members from the public spoke at the Public Workshop. Each of the workshops were advertised in the Pensacola News Journal. An e-mail notice was also sent to the TPO and Advisory Committee Members. News releases were distributed to media outlets and meeting information was promoted through social media sites. Flyers were created and emailed to members of the TPO and advisory committees.

Comments from the public involvement opportunities were identified in the TPO and Advisory Committee Members August and September agenda enclosures and are included in Appendix C. A Public Forum was also held at the TPO meeting in September. However, no individuals spoke during the Public Forum regarding Project Priorities. The Project Priorities Tables from drafts through adoption were posted on the web site for review and comment. The Project Priorities were a review item at the August TPO Meeting and were approved at the September TPO Meeting (see Resolution FL-AL 18-23 in Appendix D) with the following changes:

- Table 2, Non-SIS Priority 1. Obligate 90% of the Federal Urbanized (SU) funds in FY 2023-2024 towards the development of the RTMC and on-system Regional Advanced Traffic Management System improvements.
- Table 2, Non-SIS. Table 2 – Non-SIS. Change Priority #25 Pinestead-Longleaf Connector to Priority #38. Change Priority #27 Sorrento Road to Priority #25. Change Priority #38 Fairfield Drive to Priority #27.

[1]Phase NOT currently funded in the Transportation Improvement Program (TIP) or FDOT Five Year Work Program.

[2] Starting in FY 21/22 funds go to Santa Rosa County for five years.

Table 2: FY 20 - 24 Non-Strategic Intermodal System (Non-SIS) Project Priorities – Florida

FDOT Item-Segment	Project Name	From	To	Improvement	Phases in Green are Cost Feasible with State/Federal Funds in the 2040 LRTP - Red phases are NOT Cost Feasible with State/Federal Funds	FY 20-24 Priority Ranking
433113	US 29 Connector (ESC)[2]	Nine Mile Road	US 29	New 4 lane facility	PD&E – Underway Design – Cost Feasible with Local funds[1] ROW – Cost Feasible with Local funds[1] Construction	13
	FDOT is currently administering a PD&E Study for a new interchange at 1-10 in the Beulah Road area. As this study progresses, it is the Department's intent to consider adding the Beulah area interchange to the Strategic Intermodal System (SIS) by evaluating information obtained from the study to determine if the facility will function as a SIS corridor. If the information supports the need to add the US 29 Connector to the SIS, phases beyond the PD&E phase would be eligible for SIS funds

4418821	1	SR 292 (Sorrento Road) (ESC)	CR 293 (Bauer Road)	1 - Construct Eastbound Right Turn Lane 2 - Construct Northbound Right Turn Lane 3 - Extend Westbound Left Turn Lane 4 - Extend Westbound Right Turn Lane 5 - Reconfigure Signal Hardware	$804,274 for Construction $111,400 for ROW
N/A	2	SR 30 (US 98) (SRC)	Luneta Prado	1 - Access Management 2 - Additional Turn Lanes	$463,147 for Construction $100,000 for ROW
N/A	3	SR 30 (US 98)	Little Creek Lane	1 – Add Northbound Right Turn Lane	Estimate in Progress
N/A	4	SR 10 (US 90) (ESC)	Klondike Road	1 – Add Traffic Signal 2 – Add Turn Lanes	Estimate in Progress
N/A	5	SR 10 (US 90) (SRC)	West Spencer Field Road	1 – Upgrade signals to mast arm configuration	$250,000 for Construction
N/A	6	State System wide		1 - Uninterrupted Power Supply Upgrades to Intersections	Estimate in Progress

Note: The TPO is actively seeking additional projects for the TSM project priority list. These projects may come from existing and future corridor studies as well as requests from the TPO or the general public.

Table 8: FY 20 - 24 Committed Transportation Alternatives Program (TAP) Project Priorities – Florida

Not Subject to Priority Ranking

Construction funded in the first three years of the Transportation Improvement Program or Underway

FDOT Item-Segment	Project Name	From	To	Description
4370851	Bauer Road (ESC)	Sorrento Rd	Gulf Beach Hwy	This project will install paved shoulders along both sides of Bauer Rd in Escambia County. The project length is approximately 1.29 miles and begins at Sorrento Rd (SR-292) and ends at Gulf Beach Hwy (CR-292A). This project will connect to existing paved shoulders on Gulf Beach Hwy and will terminate at the entrance to Big Lagoon State Park. Funded in FY 16/17.
4370872	Glover Lane	Hobbs Middle School	Hamilton Bridge Road	Project will install 2,800 feet of sidewalk on the west side of Glover Lane connecting Hobbs Middle School to Hamilton Bridge Road. Funded in FY 17/18.
4369851	King Middle School Sidewalks (SRC)	Stewart St	Dogwood Dr	Project is located between SR87 (Stewart St) and SR89 (Dogwood Dr) with 5,945 feet of sidewalk installation. On the east side of Byrom St, north of Magnolia St, 2,640 feet of sidewalk will connect Magnolia St and Rosasco St. The 505 foot, north side of the King St sidewalk will connect SR87 (Stewart St) to Byrom St. Rosasco St is a connector between SR87 (Stewart St) and SR89 (Dogwood Dr). A 2,800 foot sidewalk will be located on the north side of Rosasco St. Funded in FY 17/18
4335752	Blackwater Heritage Trail Connector (SRC)	Blackwater Heritage Trail	Walker Street	Construction of sidewalk filling in gaps from Blackwater Heritage Trail east on Jane Street, south on Susan Street, and east on Walker Street. Funded in FY 17/18
4370871	Hamilton Bridge Road (SRC)	East Spencer Field Rd	Jim Dandy Lane	Design and construction of 5,500 feet of sidewalk on the north side of Hamilton Bridge Rd. from East Spencer Field to Crystal Creek subdivision. Funded in FY 18/19.
4407411	Tom King Bayou Pedestrian Bridge (SRC)	East Bayou Blvd CR 399		The East Bay Boulevard, CR 399 multi-use path is approximately 10 miles long stretching from US 98 on the southwest boundary to SR 87 on the northeast boundary. The Tom King Bayou Pedestrian Bridge is the last connection that will allow a safer interaction between the two sides for all disabled, elderly and youth populations. Construction funded in FY 20/21

Table 9: FY 20 - 24 Transportation Alternatives Program (TAP) Project Priorities – Florida

FDOT Item-Segment	FY 20-24 Priority Ranking	Project Name	From	To	Description
4381142	1	Old Bagdad Highway (SRC)	Avalon Boulevard on the west to the entrance of County Optimist Park	East Side of Parkmore Plaza Drive to Highway 90	Project will construct 4,470 ft of 5 ft sidewalk on the north side of Old Bagdad Highway from Avalon Boulevard on the west to the entrance of County Optimist Park on the east. A 5 ft sidewalk will also go from Old Bagdad Highway south along the east side of Parkmore Plaza Drive to Highway 90. Construction funded in FY 21/22.
4335772	2	Saufley Field Road (ESC)	Mobile Highway	Saufley Field Gate	Project will construct sidewalks on both sides of Saufley Field Rd, CR-296. The project length is approximately 2.1 miles and begins at Mobile Hwy. SR-10A, and ends at the front gate of Naval Air Station Saufley Field. Construction Funded in FY 21/22.
NA	3	Chemstrand Road #2 (ESC)	Lowell Lane	Ten Mile Road	Install sidewalks along both sides of Chemstrand Rd from Lowell Lane to 440' south of Ten Mile Road. The project length is approximately 0.754 miles.
NA	4	Perdido Key Drive (ESC)	West State Park Boundary	Gongora Drive	This project will provide for construction of a 10 ft wide multi-use path on the north side of Perdido Key Dr. (SR 292) along with 5 ft concrete sidewalks on the south side connecting heavily developed areas on Perdido Key. 4.263 miles
NA	5	Olive Road Phases I and II (ESC)	Old Palafox	Davis Highway	This project will install sidewalks on the north side of Olive Rd (CR-290) in Escambia County. The project length is approximately 2.18 miles and begins at Old Palafox and ends at Davis Hwy (SR-291). Escambia County has recently completed construction on Olive Rd which included resurfacing, miscellaneous drainage and water main upgrades. Sidewalks were not included in the project due to budget constraints.
NA	6	Chemstrand Road #1 (ESC)	Johnson Avenue	Nine Mile Road	This project will install sidewalks along Chemstrand Rd in Escambia County. The project length is approximately 1.0 miles and begins at Johnson Ave and ends at Nine Mile Rd (SR-10). This project will provide a connection to sidewalks on Johnson Ave.
NA	7	Panhandle Trail (SRC)	US 98	East River Drive	This project will install 5,350 ft bike trail lanes on Panhandle Trail.

Table 9: FY 20 - 24 Transportation Alternatives Program (TAP) Project Priorities – Florida

FDOT Item-Segment	FY 20-24 Priority Ranking	Project Name	From	To	Description
NA	8	Dog Track Road (Esc)	Blue Angel Pkwy	SR 30 (US 98)	This project will install paved shoulders along both sides of Dog Track Rd (CR-297) in Escambia County.
NA	9	Stefani Road and Nine ½ Mile Road (ESC)	Pine Forest Road and Stefani Road	Stefani Road and Nine Mile Road	This project will install sidewalks on the east side of Stefani Rd between Nine Mile Rd and Nine & ½ Mile Rd (0.5 miles). Sidewalks are also proposed along the north side of Nine & ½ Mile Rd between Pine Forest Rd and Stefani Rd (0.75 miles).

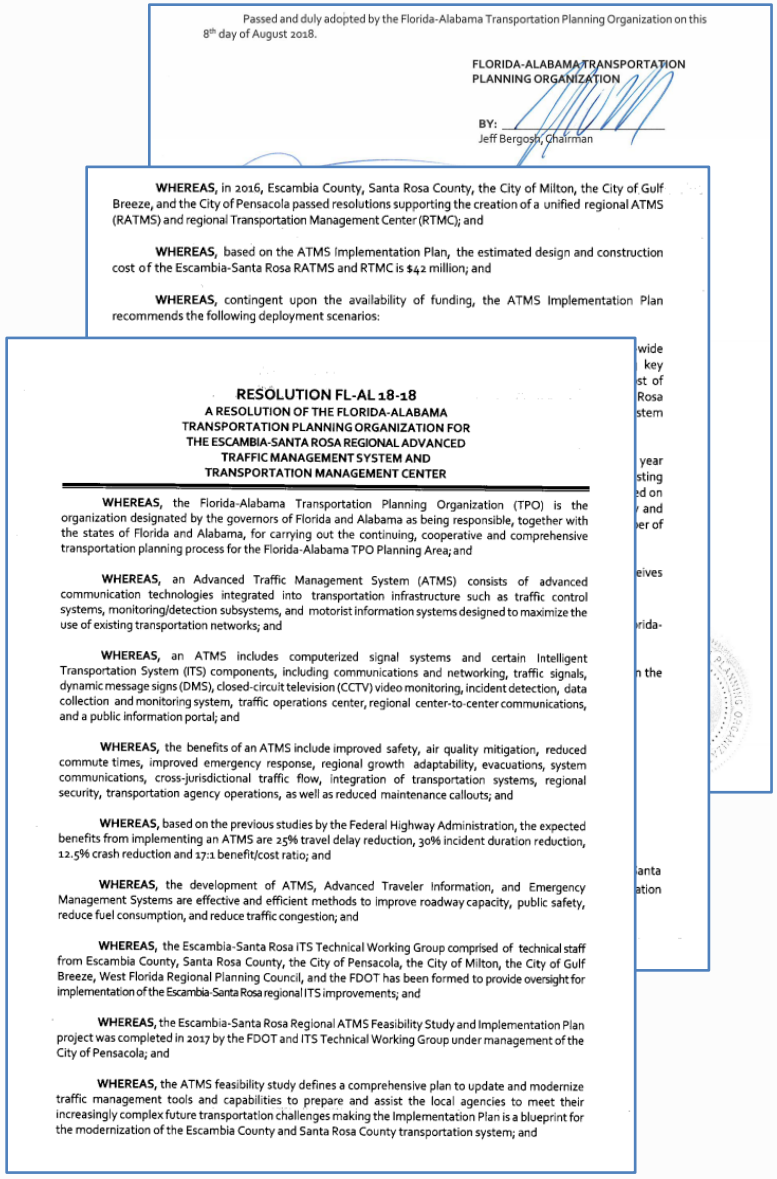
TPO Meeting: September 12, 2018

Ben Faust, P.E.

Escambia-Santa Rosa Regional ATMS

Information regarding Resolution 18-18 approved at the August 8th FL-AL TPO meeting:

- Details on initial project
- Operational costs
- Funding options



Passed and duly adopted by the Florida-Alabama Transportation Planning Organization on this 8th day of August 2018.

FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION

BY: _____
Jeff Bergosh, Chairman

WHEREAS, in 2016, Escambia County, Santa Rosa County, the City of Milton, the City of Gulf Breeze, and the City of Pensacola passed resolutions supporting the creation of a unified regional ATMS (RATMS) and regional Transportation Management Center (RTMC); and

WHEREAS, based on the ATMS Implementation Plan, the estimated design and construction cost of the Escambia-Santa Rosa RATMS and RTMC is $42 million; and

WHEREAS, contingent upon the availability of funding, the ATMS Implementation Plan recommends the following deployment scenarios:

RESOLUTION FL-AL 18-18
A RESOLUTION OF THE FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION FOR THE ESCAMBIA-SANTA ROSA REGIONAL ADVANCED TRAFFIC MANAGEMENT SYSTEM AND TRANSPORTATION MANAGEMENT CENTER

WHEREAS, the Florida-Alabama Transportation Planning Organization (TPO) is the organization designated by the governors of Florida and Alabama as being responsible, together with the states of Florida and Alabama, for carrying out the continuing, cooperative and comprehensive transportation planning process for the Florida-Alabama TPO Planning Area; and

WHEREAS, an Advanced Traffic Management System (ATMS) consists of advanced communication technologies integrated into transportation infrastructure such as traffic control systems, monitoring/detection subsystems, and motorist information systems designed to maximize the use of existing transportation networks; and

WHEREAS, an ATMS includes computerized signal systems and certain Intelligent Transportation System (ITS) components, including communications and networking, traffic signals, dynamic message signs (DMS), closed-circuit television (CCTV) video monitoring, incident detection, data collection and monitoring system, traffic operations center, regional center-to-center communications, and a public information portal; and

WHEREAS, the benefits of an ATMS include improved safety, air quality mitigation, reduced commute times, improved emergency response, regional growth adaptability, evacuations, system communications, cross-jurisdictional traffic flow, integration of transportation systems, regional security, transportation agency operations, as well as reduced maintenance callouts; and

WHEREAS, based on the previous studies by the Federal Highway Administration, the expected benefits from implementing an ATMS are 25% travel delay reduction, 30% incident duration reduction, 12.5% crash reduction and 17:1 benefit/cost ratio; and

WHEREAS, the development of ATMS, Advanced Traveler Information, and Emergency Management Systems are effective and efficient methods to improve roadway capacity, public safety, reduce fuel consumption, and reduce traffic congestion; and

WHEREAS, the Escambia-Santa Rosa ITS Technical Working Group comprised of technical staff from Escambia County, Santa Rosa County, the City of Pensacola, the City of Milton, the City of Gulf Breeze, West Florida Regional Planning Council, and the FDOT has been formed to provide oversight for implementation of the Escambia-Santa Rosa regional ITS improvements; and

WHEREAS, the Escambia-Santa Rosa Regional ATMS Feasibility Study and Implementation Plan project was completed in 2017 by the FDOT and ITS Technical Working Group under management of the City of Pensacola; and

WHEREAS, the ATMS feasibility study defines a comprehensive plan to update and modernize traffic management tools and capabilities to prepare and assist the local agencies to meet their increasingly complex future transportation challenges making the Implementation Plan is a blueprint for the modernization of the Escambia County and Santa Rosa County transportation system; and

Escambia-Santa Rosa Regional Advanced Traffic Management System (ATMS)

Florida-Alabama TPO
Transportation Planning Organization

RESOLUTION FL-AL 18-31

A RESOLUTION OF THE FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION FOR THE REGIONAL ADVANCED TRAFFIC MANAGEMENT SYSTEM AND REGIONAL TRANSPORTATION MANAGEMENT CENTER

WHEREAS, the Florida-Alabama Transportation Planning Organization (TPO) is the organization designated by the governors of Florida and Alabama as being responsible, together with the states of Florida and Alabama, for carrying out the continuing, cooperative and comprehensive transportation decision making process for the Florida-Alabama TPO Area;

WHEREAS, the TPO is a regional organization represented by Baldwin, Escambia, and Santa Rosa Counties and the municipalities of Gulf Breeze, Milton, and Pensacola, Florida and Orange Beach, Alabama;

WHEREAS, the TPO is the lead multi-jurisdictional agency for regional transportation issues;

WHEREAS, a regional Advanced Traffic Management System (ATMS) consists of advanced communication technologies integrated into transportation infrastructure such as traffic control systems, monitoring/detection subsystems, and motorist information systems designed to maximize the use of existing transportation networks;

WHEREAS, a regional ATMS includes computerized signal systems and certain Intelligent Transportation System (ITS) components, including communications and networking, traffic signals, dynamic message signs (DMS), closed-circuit television (CCTV) video monitoring, incident detection, data collection and monitoring system, traffic operations center, regional center-to-center communications, and a public information portal;

WHEREAS, the benefits of a regional ATMS include improved safety, air quality mitigation, reduced commute times, improved emergency response, regional growth adaptability, evacuations, system communications, cross-jurisdictional traffic flow, integration of transportation systems, regional security, transportation agency operations, as well as reduced maintenance callouts;

WHEREAS, the development of a regional ATMS, Advanced Traveler Information, and Emergency Management Systems are effective and efficient methods to improve roadway capacity, public safety, reduce fuel consumption, and reduce traffic congestion;

WHEREAS, the Escambia-Santa Rosa Regional ATMS Feasibility Study and Implementation Plan project was completed in 2017 by the FDOT and the ITS Technical Working Group;

WHEREAS, the ATMS feasibility study defines a comprehensive plan to update and modernize traffic management tools and capabilities to prepare and assist the local agencies to meet their increasingly complex future transportation challenges making the Implementation Plan is a blueprint for the modernization of the Escambia County and Santa Rosa County transportation system;

WHEREAS, in 2016, Escambia County, Santa Rosa County, the City of Milton, the City of Gulf Breeze, and the City of Pensacola passed resolutions supporting the creation of a unified Regional ATMS and Regional Transportation Management Center;

WHEREAS, $28 million is identified in the TPO's Long Range Transportation Plan Cost Feasible Plan for Intelligent Transportation System (ITS), including Advanced Traffic Management System (ATMS) and Regional Traffic Management Center (RTMC); and,

NOW, THEREFORE, BE IT RESOLVED BY THE FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION THAT:

- The TPO agrees to be the lead agency in the development of a Regional Traffic Management Center (RTMC) and Regional ATMS build out for the on-system roadways within the TPO area;
- The TPO agrees to obligate 90% of the Federal Urbanized (SU) funds in Fiscal Year 2023-2024 towards the development of the RTMC and on-system Regional ATMS improvements;
- The TPO intends to obligate an additional 90% of allocated Federal Urbanized (SU) funds in Fiscal Year 2024-2025 towards the development of the TMC and on-system ATMS improvements;
- The TPO intends to utilize additional signal maintenance funding and TPO Federal Urbanized (SU) funds for operations and maintenance of the built, on-system Regional ATMS for subsequent years thereafter;
- The TPO will continue to work with local governments to encourage the development and tie-in of local off-system ATMS improvements and expansion of the system.

Passed and duly adopted by the Florida-Alabama Transportation Planning Organization on this 12th day of September 2018.

FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION
STATE OF FLORIDA

Appendix B – Evaluation Criteria

2040 LONG RANGE TRANSPORTATION PLAN EVALUATION CRITERIA

A. Safety and Security (25%)

Hurricane Evacuation

- Hurricane Evacuation Route — 3 points
- Not an Hurricane Evacuation Route — 0 points

Source: Northwest Florida Hurricane Evacuation Restudy and Baldwin County Hurricane Evacuation Plan
Related Objectives: A.5 and A.6

Crash and Injury Reduction

- Project with highest incident rate (segment rate) — 3 points
- Project with a mid-range incident rate (segment rate) — 2 points
- Project with the lowest incident rate (segment rate) — 1 point

*Projects are ranked from highest to lowest and awarded a graduated point value based on ranking past five years.
*The Alabama Department of Transportation Chief Engineer has directed that the Alabama Department of Transportation cannot allow accident, incident, crash, injury, or fatality information be shown or presented in association with descriptions of transportation projects, facilities, or physical locations in formal planning documents (UPWP, Long Range Plan, TIP, Congestion Management Plan, and Air Quality Conformity documentation) that include narrative or tabular project listings or descriptions. Including such language in those documents could potentially expose both the TPO and the State of Alabama to litigation. – *Bureau of Transportation Planning and Modal Programs, Montgomery, AL. May 9, 2014.*
Source: Signal Four Analytics
Related Objectives: A.6

Strategic Highway Network (STRAHNET) Route or Regionally Significant Facility that Crosses County and/or State Boundary

- Project on STRAHNET or Regionally Significant Facility — 3 points
- Project not on STRAHNET or Regionally Significant Facility — 0 points

Source: DOT, Strategic Highway Network (STRAHNET), Strategic Intermodal System, and Northwest Florida Regional TPO
Related Objectives: F.4

B. Users Needs (15%)

Existing (2010) Level of Service based on TPO's Congestion Management System

- Level of Service E or F — 3 points
- Level of Service D — 2 points
- Level of Service C — 1 point
- Level of Service A or B — 0 points

Source: Florida-Alabama TPO's Congestion Management Process Plan and ALDOT Traffic Counts

Related Objectives: B.3

Future (2040) Level of Service in 2040 for all projects in the Needs Assessment

- Level of Service A, B, or C — 3 points
- Level of Service D — 2 points
- Level of Service E — 1 point
- Level of Service F — 0 points

Source: Northwest Florida Regional Transportation Model and Orange Beach Transportation Model

Related Objectives: B.3

Adopted Plans: Project addresses user needs identified in adopted street and highway, master, regional, and local modal plans

- Yes — 1 point
- No — 0 points

Source: TPO, Local Governments, Northwest Florida Transportation Corridor Authority, and DOT

Related Objectives: B.1

C. Operational (15%)

Is project included in adopted Corridor Management Plans?

- Yes — 1 point
- No — 0 points

Source: TPO and Local Governments

Related Objectives: C.4

Is project included in Intelligent Transportation System Regional Plan?

- Yes — 1 point
- No — 0 points

Source: TPO's ITS Plan, Baldwin County, and Orange Beach

Related Objectives: C.4

Is project included in Freight Plan?

- Yes — 1 point
- No — 0 points

Source: TPO's Freight Plan

Related Objectives: C.4

Existing (2010) Volume to Capacity (V/C) Ratio based on Regional Transportation Model

- V/C Ratio 1.3 or greater — 1 point
- V/C Ratio less than 1.3 — 0 points

Source: Northwest Florida Regional Transportation Model and ALDOT Orange Beach Model

Related Objectives: C.1 and C.2

Future (2040) Volume to Capacity (V/C) Ratio based on Regional Transportation Model

- V/C Ratio 1.3 or greater — 1 point
- V/C Ratio less than 1.3 — 0 points

Source: Northwest Florida Regional Transportation Model and ALDOT Orange Beach Model

Related Objectives: C.1 and C.2

D. Multimodal (15%)

Bicycle, Pedestrian, or Public Transportation Improvement

- Project provides public transportation, bicycle, or pedestrian improvement 3 points
- Project provides no public transportation, bicycle, or pedestrian improvement 0 points

Source: TPO's Bicycle-Pedestrian Plan, TPO's Transit Development Plan, Baldwin County, and Orange Beach

Related Objectives: D.3, D.4 and D.5

E. Economic Vitality (10%)

Economic Development and Freight Movement

- Project provides a direct connection to a major activity center (airports, ports, industrial parks, tourist centers, military installations, retail malls, medical facilities, and educational facilities) 3 points
- Project does not provide a direction connection to a major activity center (airports, ports, industrial parks, tourist centers, military installations, retail malls, medical facilities, and educational facilities) 0 points

Source: DOT, SIS, TPO Freight Plan, and Northwest Florida Regional TPO

Related Objectives: E.1, E.2, and E.3

Continuity and Connectivity: Improvement to route continuity and the connectivity of the overall transportation network

- Project has regional significance and provides considerable benefit to the regional transportation system (U.S. Highway Number) 3 points
- Project has multijurisdictional significance and provides benefit to a multijurisdictional area (State Highway Number) 2 points
- Project has more than a local significance (County Highway Number) 1 point
- Project has local significance (only) and provides benefit only to a localized Area (local roadway) 0 points

Source: DOT and Local Governments

Related Objectives: E.1, E.2, E.3, and E.4

F. Quality of life (10%)

Project Environmental/Social Impacts

- Project has gone through Project Development and Environmental Study and/or DOT Consultant review and has no impacts or impacts are addressed 1 points
- Project has impacts 0 points

Source: DOT

Related Objectives: F.2

Community Impact Assessment

- Project has overall positive community impact 1 points
- Project does not have community support 0 points

Source: Project specific community impact assessment summary comments.

Related Objectives: F.3

G. Planning Process (10%)

Project Status

- Right-of-Way scheduled in 4th or 5th year of Work Program or Completed 3 points
- Final Design scheduled in 4th or 5th year of Year Work Program or Completed 2 points
- Project Development and Environmental Study (PD&E), Completed, underway, or scheduled in the 5 Year Work Program 1 point
- No Project Phases scheduled 0 points
- Project Scheduled for Construction in the Five Year Work Program /Capital Improvement Program or Project Scheduled for Right-of-Way or Design in First three years of Work Program is considered a **Committed Project in Long Range Plan and is not subject Evaluation Criteria ranking**

Source: DOT Five Year Work Program and Local Government Capital Improvement Program

Related Objectives: G.1 and G.2

Local Government Contribution

- Yes — 1 point
- No — 0 points

Source: Local Government Capital Improvement Program.

Related Objectives: G.1 and G.2

Notes: (a) The maximum total points a project can receive is **570** points:

Hurricane Evacuation	3*25 = 75
Crash and Injury Reduction	3*25 = 75
STRAHNET or Regionally Significant Facility	3*25 = 75
Level of Service (Existing CMP)	3*15 = 45
Level of Service (2040 Needs Assessment)	3*15 = 45
Adopted Plans	1*15 = 15
Corridor Management Plans	1*15 = 15
Intelligent Transportation System Regional Plan	1*15 = 15
Freight Plan	1*15 = 15
Volume to Capacity Ratio (Base Year)	1*15 = 15
Volume to Capacity Ratio (2040 Needs Assessment)	1*15 = 15
Bicycle, Pedestrian, or Public Transportation	3*15 = 45
Economic Development and Freight	3*10 = 30
Continuity and Connectivity	3*10 = 30
Project Environmental Social Impacts	1*10 = 10
Community Impact Assessment	1*10 = 10
Project Status	3*10 = 30
Local Government Contribution	1*10 = 10
Maximum Total Points	**570**

(b) The Florida-Alabama TPO has final authority to select the projects for inclusion in the Cost Feasible Plan and to rank them in the Project Priorities. Alabama Department of Transportation has excluded Alabama projects from inclusion in the Cost Feasible for purposes of including in the Project Priorities.

TRANSPORTATION SYSTEMS MANAGEMENT (TSM) CRITERIA

A. Level of Service (LOS) Issue Addressed

Current Deficiency	5 Points
Five Year Deficiency	3 Points
Ten Year Deficiency	1 Point
Not deficient	0 Points

B. Regional Significant Roadway (defined as a roadway that is included in the model for the metropolitan area's transportation network)

Yes	2 Points
No	1 Point

C. Crash Rate

Safety Ratio Greater than 2.00	3 Points
Safety Ratio from 1.00 to 2.00	2 Points
Safety Ratio less than 1.00	1 Point

D. Has an existing TPO priority

Yes	2 Points
No	1 Point

E. Significant Freight Corridor

Designated NHS Intermodal Connector or Truck

Traffic more than 10% Annual Average Daily Traffic (AADT)	3 Points
Truck Traffic 8-10% AADT	2 Points
Truck Traffic 5-7.99% AADT	1 Point

F. Local Project Support

Wide Support = Resolutions of support from 2 local governments + 2 letters of support from community organizations	5 Points
Moderate Support = Resolutions of support from 2 local government *or* 1 local government resolution + 1 letter of support from community organization	4 Points
No demonstrated support beyond 1 local government sponsor resolution	3 Points

TRANSPORTATION ALTERNATIVES PROGRAM (TAP) PROJECT CRITERIA

	Evaluation Category	Scoring (Maximum Points Possible)	Project Score
Criterion 1	Safety	25	
Criterion 2	Connectivity	15	
Criterion 3	Location Efficiency	15	
Criterion 4	Proximity to School	15	
Criterion 5	Design Quality	15	
Criterion 6	Environmental/Archeological Projects/ Historic Preservation	15	
	Total	100	
Bonus Points	Local Contribution, Age of Project and Public Support	5	
	Total Points Possible	105	

BICYCLE/PEDESTRIAN PLAN PROJECT PRIORITY SELECTION CRITERIA

A Benefit-Cost Index was calculated for all segments except those identified either as having an existing facility or as meeting the target level of service; these segments were filtered out of the prioritization process to help focus improvements where they are most needed. TPO staff, with input from the Bicycle/Pedestrian Advisory Committee and the consulting team, established a benefit weighting system of 40% for existing conditions, 40% for potential demand, and 20% for public input/prior plans. Accordingly, the Benefit-Cost Index equation is **(0.4*LOS + 0.4*Demand + 0.2*Input/Plans) / Cost per Mile**. These results were then multiplied by 1,000 to convert them to a more reasonable scale.

Appendix C – Public Comments

Non-Traditional Public Outreach Events

Dump the Pump (Pensacola)

Thursday, June 21, 2018

10 a.m. to 2 p.m.

Escambia County Area Transit

1515 West Fairfield Drive, Pensacola, FL

Staff attended: Caitlin Cerame, Dan Deanda, Brittany Ellers

Estimated Reach: 10

Estimated Event Attendance:

Comments:

- There are no sidewalks on Olive, from Cornet Drive east and at Olive Road and N. Palafox. There needs to be sidewalks. (32505)
- Crosswalk sign at Airport Boulevard and Pensacola Boulevard on the side with the Tom Thumb side doesn't work. Buckingham Road needs a bus shelter and street lights, riders are sitting in the hot sun on the side of a busy road. (32526)
- Bus stop sign on Fairfield and F Street, in front of Renfroe Pecan Co., is down and needs to be fixed. (32501)
- Fairfield and Gulf Beach Highway stop has no bus shelter and needs one. (32507)

Tunes by the Dunes (Navarre)

Thursday, June 21, 2018

7 p.m. to 9 p.m.

Navarre Beach Park

8739 Gulf Blvd, Navarre, FL 32566

Staff attended: Kristen Barre, Gary Kramer, Brittany Ellers

Estimated Reach: 15

Estimated Event Attendance: 1,800

Comments:

- On Davis Highway, south of Burgess, at Lanier going south Schubert Drive down far right lane marked right turn only, merge left. There is only about 100 feet of warning and it needs to be longer. (32504)
- There are citizens in Navarre that are working toward having a separate Ped/Bike path on White Sands Boulevard in Navarre, parallel to Gulf Highway.

Palafox Market (Pensacola)

Saturday, June 23, 2018

9 a.m. to 2 p.m.

Martin Luther King Jr. Plaza on N. Palafox St. between Wright St. and Garden St.

Staff attended: Rob Mahan, Gary Kramer, Brittany Ellers

Estimated Reach: 25

Estimated Event Attendance: 7,000 - 8,000

Comments:

- Making Pensacola more bike friendly would be quit beneficial and (will) contribute to a more healthy lifestyle. (32505)
- Please implement road diet on east and west Cervantes. Too many widening projects in (the) project list. We need more mutli-modal solutions, sidewalks, bike lanes, etc. Please address sustainable transportation issues and the needs of vulnerable populations. We have enough "stroads"! Thank you to the planners for your efforts. (32501)
- I am interested in bike safety and possible use of roundabouts. (32561)
- Johnson Road (in Pensacola) needs sidewalks. (32514)
- Connecting trails for eco-tourism and longer biking trails to bring money to here (to the panhandle). (32563)
- A few blocks past Joe Patti's the roadway gets flooded when it rains heavily, it is dangerous to drive through. (32564)

Facebook Comments:

- West Florida Regional Planning Council: Top 3 Projects-- #WestCervantes #CompleteStreets, #ScenicBluffs Rails-With-Trails, and #EastCervantes and #ScenicHighway Complete Streets and #BikePedinfrastructure.
- please put Pine Forest Rd as top 3 priority.

COMMENTS FROM TPO AND ADVISORY COMMITTEES WORKSHOP
JULY 11, 2018

1. **Table 1 – Non-SIS. Committed Projects. Where are the construction funded projects for SR 87 and I-10?**
   The construction funded projects in the first three years of the Work Program (FYs 2019,.2020, and 2021) for SR 87 and I-10 are included in Table 3 SIS Committed projects since SR 87 and I-10 are on the SIS.
2. **Table 1 – What is the difference between SIS and Non-SIS?**
   Strategic Intermodal System (SIS) are major roadways (such as the interstate (I-10 and I-110) and regional roadways such as US 29, SR 87, US 98, and connectors to military, airports, and ports. Non-SIS are the other less traveled state roadways that are not as highly traveled and receive much less funding from FDOT compared to SIS roadways.
3. **Table 2 – Non-SIS. A letter to the TPO may be written to request Priority 1A Regional ITS Projects for $25,000,000 from outside sources be moved to Priority 10 after the box funds for Priorities 1-9 with no mention of funding from outside sources.**
   Comment noted.
4. **Table 2 – Non-SIS. Priority 2. Some of the Mobility Management Program Studies are funded in the work program and should be removed from the Priority List.**
   TPO staff recommended these projects stay on the project priority list so staff knows what Mobility Management Plans to fund in the future. FDOT indicated they will work with Santa Rosa County staff to ensure the projects listed are what needs to be recommended for Mobility Management Plans in the future and suggested a note be added that the priorities have funded. It was suggested that Escambia County Staff include a potential project for Priority 2E.
5. **Table 2 – Non-SIS. Priority 3. Remove Priorities 3A and 3B for US 90 and US 98 because these projects have been funded.**
   Priorities 3A and 3B for US 90 and US 98 have been removed.
6. **Table 2 – Non-SIS. Priority 5.Change Park Entrance to West State Park Boundary.**
   Change has been made.
7. **Table 2 – Non-SIS. Priority 6C. A question was asked about the recent request for projects on West Cervantes Street.**
   The outcome of the feasibility study for West Cervantes Street will determine what improvements are feasible on this corridor. A letter from the TPO to FDOT was also sent recently regarding potential improvements on this corridor.
8. **Table 2 – Non-SIS. Priority 18. If this segment of Pine Forest Road was funded with Transportation Regional Incentive Program funds, would FDOT also consider funding the Design phase?**
   FDOT would also consider funding the Design phase if money is available and it is a high enough priority of the TPO.

9. **Table 2 – Non-SIS. Priority 21. Did the completed feasibility study for Bayfront Parkway determine if the two lane improvement was feasible?**
   FDOT mentioned an updated study is needed to determine if the two lane improvement is feasible.
10. **Table 2 – Non-SIS Priority 22. Project ID 4409041 needs be included for this Main Street Project.**
    Project ID 4409041 has been added to this Main Street project.
11. **Table 2 – Non-SIS Priority 27. Sorrento Road. Escambia County may be requesting to move this project up higher on the Project Priorities.**
    Comment noted.
12. **Table 2 – Non-SIS Priority 31. SR 292 Perdido Key Drive. How is the Design phase money is being spent on this project.**
    FDOT commented it is being used to complement the other funding sources for the multi-use path on Perdido Key Drive.
13. **Table 2 – Non-SIS Priority 42. Nine Mile Road. It was mentioned that FDOT will be amending the Nine Mile Road from Mobile Highway to Pine Forest Road Project Development and Environmental Study.**
    Project ID 2186054 has been included in the FDOT Item Segment column for this project with the priority being the Design phase and the next phase to be funded.
14. **Table 4 – SIS Priority 2. Is the Beulah Interchange at I-10 a part of the Nine Mile Road improvement with Navy Federal Credit Union.**
    The Nine Mile Road Corridor Improvement from the vicinity of Beulah Road to east of I-10 is Non-SIS Priority 42. The Beulah Interchange at I-10 is SIS Priority 2 and is separate project from the Nine Mile Road Corridor Improvement.
15. **Are any improvements from the SIS Action Plan for Airport Boulevard included in the TPO Priorities?**
    No improvements from FDOT's SIS Action Plan for Airport Boulevard have been received by the TPO for inclusion in the TPO Project Priorities.
16. **Table 6 – Committed Transportation Systems Management (TSM) Gulf Beach Highway at Patton Drive and at Sunset Avenue. A representative from the Escambia County Community Redevelopment Agency Warrington Redevelopment District requested details on the design plan for this project.**
    The details on the design plans for these two projects were e-mailed to the representative by FDOT on July 16, 2018.
17. **Table 7 – Transportation Systems Management (TSM)**
    The TPO staff indicated it received a FDOT Candidate Project for SR 30 (US 98) at Little Creek Lane in Escambia County after the initial project priorities document was created. TPO Staff ranked this project with the TPO approved criteria and is ranked as priority 3 and initial priorities 3, 4, and 5 will now be priorities 4, 5, and 6. The TPO staff did not want to include the project in the draft project priorities without first discussing at the TPO/TCC/CAC committee workshop. The members attending the workshop did not express opposition to this request. Therefore, this change has been made.

18. **Table 7 – Transportation Systems Management (TSM). What does N/A mean in the FDOT Item Segment column?**
__N/A__ means a project identification number is __Not Available__ from FDOT for the project requested. The request from the Project Priorities document is for FDOT to fund a project phase. The Project Priorities document is a guide for FDOT to consider when developing their Work Program. Not all of the TPO's Project Priorities will be funded in FDOT's Work Program.

19. **Table 7 – Transportation Systems Management (TSM)**
There was much discussion on lighting requests. It was mentioned that local governments have interlocal agreements with FDOT for the maintenance of street lights on state roads. Any requests for lighting improvements on roadway facilities should originate with the local government staff. Local governments should thoroughly review the TPO's Corridor Management Plans to determine if any projects should be considered for TSM improvements in the future.

20. **Table 9 – Transportation Alternatives Program (TAP) Priority 4. Change Perdido Key State Park Entrance to West State Park Boundary. Check the necessary mileage as well.**
Project limits have been changed and the mileage has been changed from 3.86 miles to 4.263 miles.

21. **Table 12 – Committed Bicycle and Pedestrian Projects. Remove sidewalks from the project description for Perdido Key Drive.**
Change has been made.

22. **Table 13 – Bicycle and Pedestrian Priority 1. Change Park Entrance to West State Park Boundary.**
Change has been made.

23. **Table 13 – Bicycle and Pedestrian Priority 2. Old Corry Field Road and Priority 3 US 98. A representative from the Escambia County Community Redevelopment Agency Warrington Redevelopment District requested details on the design plans for these two projects.**
The details on the design plans for these two projects were e-mailed to the representative by FDOT on July 12, 2018.

24. **Table 13 – Bicycle and Pedestrian. Can several projects listed out of date be updated to current conditions.**
It was mentioned that only a few of the top priorities are chosen to be funded each year from the TPO priorities for Bicycle/Pedestrian by FDOT. The TPO is also updating its Pedestrian Bicycle Plan. Next year's priorities will include projects from the new Pedestrian Bicycle Plan. Therefore, it was decided against updating the current Bicycle Pedestrian priorities for the current conditions.

25. **Table 21 – Bridge Replacement Project Quintette Road Bridge. Has the Project Development and Environmental (PD&E) Study been funded.**
The request is for the PD&E phase to be funded. The PD&E phase is not currently funded.

COMMENTS FROM TPO AND ADVISORY COMMITTEES WORKSHOP
AUGUST 20, 2018

1. **When will the US 98 widening public meeting occur?**
   The US 98 Project Development and Environmental Study Public Meeting for the widening of US 98 from Portside Drive to Mary Esther Boulevard will be held on Tuesday November 13, 2018 from 5:30 p.m. to 7:30 p.m. at the Navarre Conference Center.
2. **Can the Navarre Bridge be replaced and be relocated from the intersection of US 98/SR 87 across the Santa Rosa Sound to Navarre Beach as part of US 98 widening project?**
   The US 98 widening project is only for the US 98 Corridor. The new Navarre Bridge would be a separate project with a separate funding source. Currently, the new Navarre Bridge is identified as a needed project in the 2040 Long Range Transportation Plan. However, the new Navarre Bridge is not currently included in the 2040 Long Range Transportation Plan Cost Feasible Plan because a funding source has not been identified.
3. **When will the US 98 widening project be completed?**
   There are four phases for a capacity project to be completed (Project Development Environmental Study, Design, Right-of-Way, and Construction). The Project Development and Environmental Study is underway; some of the Design Phases are funded in the FDOT Five Year Work Program; and Right-of-Way and Construction are not currently funded in the FDOT Five Year Work Program.

Appendix D – Resolution FL-AL 18 – 23

RESOLUTION FL-AL 18-23

A RESOLUTION OF THE FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION ADOPTING THE FY 2020-2024 PROJECT PRIORITIES

WHEREAS, the Florida-Alabama Transportation Planning Organization (TPO) is the organization designated by the governors of Florida and Alabama as being responsible, together with the states of Florida and Alabama, for carrying out the continuing, cooperative and comprehensive transportation planning process for the Florida-Alabama TPO Planning Area; and

WHEREAS, the Transportation Improvement Program (TIP) is adopted annually by the TPO and submitted to the governor of the state of Florida and the governor of the state of Alabama, to the Federal Transit Administration (FTA), and through the state of Alabama and state of Florida to the Federal Highway Administration (FHWA); and

WHEREAS, public outreach events were held on June 21 and 23, 2018, a public workshop was held on July 11, 2018, and TPO and advisory committee public workshops were held on July 11 and August 20, 2018; and

WHEREAS, the initial step in the development of the TIP is for the TPO to submit its transportation project priorities for all modes of travel to the Florida Department of Transportation (FDOT) prior to October 1st; and

WHEREAS, the project priorities document is also submitted annually to the Alabama Department of Transportation (ALDOT) even though it is considered part of the Transportation Improvement Program which ALDOT only requires every four years;

NOW, THEREFORE, BE IT RESOLVED BY THE FLORIDA-ALABAMA TRANSPORTATION PLANNING ORGANIZATION THAT:

The TPO adopts the FY2020 - FY 2024 Project Priorities, with any changes that may have been presented.

Passed and duly adopted by the Florida- Alabama Transportation Planning Organization on this 12th day of September 2018.

(The TIP is submitted to FDOT for approval after it is approved by the TPO.)

08-08-2019

Gary:

The Alabama Department of Transportation, Local Transportation Bureau, has reviewed the Florida-Alabama TPO's Transportation Improvement Program for the upcoming fiscal year. The Local Transportation Bureau feels like all comments coming from this office have been addressed. This document is ready for approval.

Bryan Fair, P.E. – *Assistant Planning Engineer*

Transportation Performance Measures
Consensus Planning Document

Purpose and Authority

This document has been cooperatively developed by the Florida Department of Transportation (FDOT) and Florida's 27 Metropolitan Planning Organizations (MPOs) through the Florida Metropolitan Planning Organization Advisory Council (MPOAC), and, by representation on the MPO boards and committees, the providers of public transportation in the MPO planning areas.

The purpose of the document is to outline the minimum roles of FDOT, the MPOs, and the providers of public transportation in the MPO planning areas to ensure consistency to the maximum extent practicable in satisfying the transportation performance management requirements promulgated by the United States Department of Transportation in Title 23 Parts 450, 490, 625, and 673 of the *Code of Federal Regulations* (23 CFR). Specifically:

- 23 CFR 450.314(h)(1) requires that "The MPO(s), State(s), and providers of public transportation shall jointly agree upon and develop specific written procedures for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, the reporting of performance to be used in tracking progress toward achievement of critical outcomes for the region of the MPO, and the collection of data for the State asset management plan for the National Highway System (NHS)."

- 23 CFR 450.314(h)(2) allows for these provisions to be "Documented in some other means outside the metropolitan planning agreements as determined cooperatively by the MPO(s), State(s), and providers of public transportation."

Section 339.175(11), Florida Statutes creates the MPOAC to "Assist MPOs in carrying out the urbanized area transportation planning process by serving as the principal forum for collective policy discussion pursuant to law" and to "Serve as a clearinghouse for review and comment by MPOs on the Florida Transportation Plan and on other issues required to comply with federal or state law in carrying out the urbanized transportation planning processes." The MPOAC Governing Board membership includes one representative of each MPO in Florida.

This document was developed, adopted, and subsequently updated by joint agreement of the FDOT Secretary and the MPOAC Governing Board. Each MPO will adopt this document by incorporation in its annual Transportation Improvement Program (TIP) or by separate board action as documented in a resolution or meeting minutes, which will serve as documentation of agreement by the MPO and the provider(s) of public transportation in the MPO planning area to carry out their roles and responsibilities as described in this general document.

Roles and Responsibilities

This document describes the general processes through which FDOT, the MPOs, and the providers of public transportation in MPO planning areas will cooperatively develop and share information related to transportation performance management.

Email communications will be considered written notice for all portions of this document. Communication with FDOT related to transportation performance management generally will occur through the Administrator for Metropolitan Planning in the Office of Policy Planning. Communications with the MPOAC related to transportation performance management generally will occur through the Executive Director of the MPOAC.

1. Transportation performance data:

    a) FDOT will collect and maintain data, perform calculations of performance metrics and measures, and provide to each MPO the results of the calculations used to develop statewide targets for all applicable federally required performance measures. FDOT also will provide to each MPO the results of calculations for each applicable performance measure for the MPO planning area, and the county or counties included in the MPO planning area.[1][2] FDOT and the MPOAC agree to use the National Performance Management Research Data Set as the source of travel time data and the defined reporting segments of the Interstate System and non-Interstate National Highway System for the purposes of calculating the travel time-based measures specified in 23 CFR 490.507, 490.607, and 490.707, as applicable.

    b) Each MPO will share with FDOT any locally generated data that pertains to the federally required performance measures, if applicable, such as any supplemental data the MPO uses to develop its own targets for any measure.

    c) Each provider of public transportation is responsible for collecting performance data in the MPO planning area for the transit asset management measures as specified in 49 CFR 625.43 and the public transportation safety measures as specified in the National Public Transportation Safety Plan. The providers of public transportation will provide to FDOT and the appropriate MPO(s) the transit performance data used to support these measures.

2. Selection of performance targets:

    FDOT, the MPOs, and providers of public transportation will select their respective performance targets in coordination with one another. Selecting targets generally refers to the processes used to identify, evaluate, and make decisions about potential targets prior to action to formally establish the targets. Coordination will include as many of the following opportunities as deemed appropriate for each measure: in-person meetings, webinars, conferences calls, and email/written communication. Coordination will include timely

[1] When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, FDOT will collect and provide data for the Florida portion of the planning area.
[2] If any Florida urbanized area becomes nonattainment for the National Ambient Air Quality Standards, FDOT also will provide appropriate data at the urbanized area level for the specific urbanized area that is designated.

sharing of information on proposed targets and opportunities to provide comment prior to establishing final comments for each measure.

The primary forum for coordination between FDOT and the MPOs on selecting performance targets and related policy issues is the regular meetings of the MPOAC. The primary forum for coordination between MPOs and providers of public transportation on selecting transit performance targets is the TIP development process.

Once targets are selected, each agency will take action to formally establish the targets in its area of responsibility.

a) FDOT will select and establish a statewide target for each applicable federally required performance measure.

   i. To the maximum extent practicable, FDOT will share proposed statewide targets at the MPOAC meeting scheduled in the calendar quarter prior to the dates required for establishing the target under federal rule. FDOT will work through the MPOAC to provide email communication on the proposed targets to the MPOs not in attendance at this meeting. The MPOAC as a whole, and individual MPOs as appropriate, will provide comments to FDOT on the proposed statewide targets within sixty (60) days of the MPOAC meeting. FDOT will provide an update to the MPOAC at its subsequent meeting on the final proposed targets, how the comments received from the MPOAC and any individual MPOs were considered, and the anticipated date when FDOT will establish final targets.

   ii. FDOT will provide written notice to the MPOAC and individual MPOs within two (2) business days of when FDOT establishes final targets. This notice will provide the relevant targets and the date FDOT established the targets, which will begin the 180-day time-period during which each MPO must establish the corresponding performance targets for its planning area.

b) Each MPO will select and establish a target for each applicable federally required performance measure. To the extent practicable, MPOs will propose, seek comment on, and establish their targets through existing processes such as the annual TIP update. For each performance measure, an MPO will have the option of either[3]:

   i. Choosing to support the statewide target established by FDOT, and providing documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) to FDOT that the MPO agrees to plan and program projects so that they contribute toward the accomplishments of FDOT's statewide targets for that performance measure.

   ii. Choosing to establish its own target, using a quantifiable methodology for its MPO planning area. If the MPO chooses to establish its own target, the MPO will coordinate with FDOT and, as applicable, providers of public transportation regarding the approach used to develop the target and the proposed target prior to

[3] When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, that MPO will be responsible for coordinating with each state DOT in setting and reporting targets and associated data.

establishment of a final target. The MPO will provide FDOT and, as applicable, providers of public transportation, documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date when the targets were established .

c) The providers of public transportation in MPO planning areas will select and establish performance targets annually to meet the federal performance management requirements for transit asset management and transit safety under 49 U.S.C. 5326(c) and 49 U.S.C. 5329(d).

   i. The Tier I providers of public transportation will establish performance targets to meet the federal performance management requirements for transit asset management. Each Tier I provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date when the targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier I provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

   ii. FDOT is the sponsor of a Group Transit Asset Management plan for subrecipients of Section 5311 and 5310 grant funds. The Tier II providers of public transportation may choose to participate in FDOT's group plan or to establish their own targets. FDOT will notify MPOs and those participating Tier II providers following of establishment of transit-related targets. Each Tier II provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier II provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

   iii. FDOT will draft and certify a Public Transportation Agency Safety Plan for any small public transportation providers (defined as those who are recipients or subrecipients of federal financial assistance under 49 U.S.C. 5307, have one hundred (100) or fewer vehicles in peak revenue service, and do not operate a rail fixed guideway public transportation system). FDOT will coordinate with small public transportation providers on selecting statewide public transportation safety performance targets, with the exception of any small operator that notifies FDOT that it will draft its own plan.

   iv. All other public transportation service providers that receive funding under 49 U.S. Code Chapter 53 (excluding sole recipients of sections 5310 and/or 5311 funds) will provide written notice to the appropriate MPO and FDOT when they establish public transportation safety performance targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit safety

performance targets. MPOs may choose to update their targets when the provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

v. If the MPO chooses to support the asset management and safety targets established by the provider of public transportation, the MPO will provide to FDOT and the provider of public transportation documentation that the MPO agrees to plan and program MPO projects so that they contribute toward achievement of the statewide or public transportation provider targets. If the MPO chooses to establish its own targets, the MPO will develop the target in coordination with FDOT and the providers of public transportation. The MPO will provide FDOT and the providers of public transportation documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date the final targets were established. In cases where two or more providers operate in an MPO planning area and establish different targets for a given measure, the MPO has the options of coordinating with the providers to establish a single target for the MPO planning area, or establishing a set of targets for the MPO planning area.

3. Reporting performance targets:

a) Reporting targets generally refers to the process used to report targets, progress achieved in meeting targets, and the linkage between targets and decision making processes FDOT will report its final statewide performance targets to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) as mandated by the federal requirements.

i. FDOT will include in future updates or amendments of the statewide long-range transportation plan a description of all applicable performance measures and targets and a system performance report, including progress achieved in meeting the performance targets, in accordance with 23 CFR 450.216(f).

ii. FDOT will include in future updates or amendments of the statewide transportation improvement program a discussion of the anticipated effect of the program toward achieving the state's performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.218 (q).

iii. FDOT will report targets and performance data for each applicable highway performance measure to FHWA, in accordance with the reporting timelines and requirements established by 23 CFR 490; and for each applicable public transit measure to FTA, in accordance with the reporting timelines and requirements established by 49 CFR 625 and 40 CFR 673.

b) Each MPO will report its final performance targets as mandated by federal requirements to FDOT. To the extent practicable, MPOs will report final targets through the TIP update or other existing documents.

i. Each MPO will include in future updates or amendments of its metropolitan long-range transportation plan a description of all applicable performance measures

and targets and a system performance report, including progress achieved by the MPO in meeting the performance targets, in accordance with 23 CFR 450.324(f)(3-4).

ii. Each MPO will include in future updates or amendments of its TIP a discussion of the anticipated effect of the TIP toward achieving the applicable performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.326(d).

iii. Each MPO will report target-related status information to FDOT upon request to support FDOT's reporting requirements to FHWA.

c) Providers of public transportation in MPO planning areas will report all established transit asset management targets to the FTA National Transit Database (NTD) consistent with FTA's deadlines based upon the provider's fiscal year and in accordance with 49 CFR Parts 625 and 630, and 49 CFR Part 673.

4. Reporting performance to be used in tracking progress toward attainment of performance targets for the MPO planning area:

a) FDOT will report to FHWA or FTA as designated, and share with each MPO and provider of public transportation, transportation performance for the state showing the progress being made towards attainment of each target established by FDOT, in a format to be mutually agreed upon by FDOT and the MPOAC.

b) If an MPO establishes its own targets, the MPO will report to FDOT on an annual basis transportation performance for the MPO area showing the progress being made towards attainment of each target established by the MPO, in a format to be mutually agreed upon by FDOT and the MPOAC. To the extent practicable, MPOs will report progress through existing processes including, but not limited to, the annual TIP update.

c) Each provider of public transportation will report transit performance annually to the MPO(s) covering the provider's service area, showing the progress made toward attainment of each target established by the provider.

5. Collection of data for the State asset management plans for the National Highway System (NHS):

a) FDOT will be responsible for collecting bridge and pavement condition data for the State asset management plan for the NHS. This includes NHS roads that are not on the State highway system but instead are under the ownership of local jurisdictions, if such roads exist.

Appendix I

Alabama Department of Transportation Certification, Memorandum of Understanding, Performance Measures Agreement, Authorized Projects, 2020-2024 Spreadsheet, and Monthly Spreadsheet

METROPOLITAN TRANSPORTATION PLANNING SELF-CERTIFICATION

The Alabama Department of Transportation and the Florida-Alabama Transportation Planning Organization for the Pensacola Urbanized Area hereby certify that the metropolitan transportation planning process is being carried out in accordance with all applicable requirements including:

(1) 23 U.S.C. 134, 49 U.S.C. 5303, and 23 CFR part 450, subpart C;

(2) In nonattainment and maintenance areas, sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 CFR part 93;

(3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d–1) and 49 CFR part 21;

(4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;

(5) Section 1101(b) of the Fixing America's Surface Transportation Act (FAST Act) (Pub. L. 114-94) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;

(6) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;

(7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;

(8) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;

(9) Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and

(10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.

1.1 PURPOSE..... 1-2
1.2 AUTHORITY 1-2
1.3 SCOPE..... 1-2
1.4 REFERENCES..... 1-2
1.5 FEDERAL CERTIFICATION REQUIREMENTS 1-3
1.6 CERTIFICATION PROCESS & QUESTIONS..... 1-3

1.1 PURPOSE

This chapter provides guidance to the Alabama Department of Transportation for the certification of the metropolitan transportation planning process conducted by ALDOT.

1.2 AUTHORITY

FAST Act https://www.fhwa.dot.gov/fastact/

23 U.S.C. (United States Code) 134 (k)(5)

49 U.S.C. 5303 (k)(5)

23 C.F.R. (Code of Federal Regulations) 450.334

1.3 SCOPE

Federal law and regulation require ALDOT and the MPOs to jointly certify the transportation planning process for the metropolitan area concurrent with the submittal of the entire TIP to the FHWA and the FTA as part of the STIP approval at least every four years. This chapter is intended for use by ALDOT and MPO staff to assist them in carrying out the self-certification requirements.

1.4 REFERENCES

1.5 SELF-CERTIFICATION REQUIREMENTS

23 C.F.R. 450.334 requires that concurrent with the submittal of the entire proposed TIP to FHWA and FTA as part of the STIP approval, the State and MPO shall certify at least every four years that the metropolitan transportation planning process is being carried out in accordance with all applicable requirements including:

(1) The metropolitan planning requirements identified in *23 U.S.C. 134* and *49 U.S.C. 5303*;

(2) In non-attainment and maintenance areas, Sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 C.F.R. Part 93;

(3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 C.F.R. Part 21;

(4) 49 U.S.C. 5332 prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;

(5) Section 1101(b) of the FAST Act (Public Law 114-94) and 49 C.F.R. Part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;

(6) 23 C.F.R. Part 230 regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;

(7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and *49 C.F.R. Parts 27, 37,* and *38;*

(8) The Older Americans Act, as amended (42 U.S.C. 6101) prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;

(9) Section 324 of 23 U.S.C. regarding the prohibition of discrimination on the basis of gender; and

(10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 C.F.R. Part 27 regarding discrimination against individuals with disabilities.

1.6 CERTIFICATION PROCESS & QUESTIONS

When the new STIP and TIPs are developed, ALDOT should contact each of the MPOs to schedule the certification review. The meeting should be scheduled so that ALDOT can provide **preliminary results of the certification.** At the meeting, ALDOT and the MPO

will review all the planning requirements mandated by the 10 areas of law referenced in Section 1.5 and the questions outlined in this section.

The list of questions provided below identifies those minimum tasks that an MPO shall do in order to be fully certified. If the answer to one of the questions below is negative and if the problem cannot be corrected prior to the signing of the joint certification statement, ALDOT has the option of granting conditional certification and including corrective action in the joint certification statement. The corrective action should include a date by which the problem must be corrected. This list is intended to be as comprehensive as possible; however, it is possible that some requirements may have been overlooked and will need to be added at a later date.

Section (1): The metropolitan planning requirements of 23 U.S.C. 134 and 49 U.S.C. 5303;

1. Is the MPO properly designated by agreement between the Governor and 75% of the urbanized area, including the largest incorporated city, and in accordance with procedures set forth in state and local law? [23 U.SC. 134 (d)(1)(A) and (B); 49 U.S.C. 5303 (d); 23 C.F.R. 450.310 (b)]

   TPO Staff Response: Yes, the Interlocal Agreement was updated to include new members from the City of Orange Beach and Escambia County Area Transit (ECAT) and the agreement was filed in December 2015. In April 2016 Escambia County Board of County Commissioners passed a resolution recommending removal of ECAT as a representation on the Florida-Alabama TPO. Subsequently in April 2016, the Florida-Alabama TPO approved Resolution FL-AL 16-15 removing ECAT. Resolution FL-AL 16-15 was filed with Baldwin County, Alabama, and Escambia and Santa Rosa Counties in Florida.

2. For Transportation Management Areas (TMAs) only, does the MPO policy board include local elected officials, officials that administer or operate major modes of transportation, and appropriate state officials? [23 U.S.C. 134 (d)(2)(A), (B), & (C); 49 U.S.C. 5303 (d); 23 C.F.R. 450.310 (d)]

   TPO Staff Response: Yes, the TPO consists of 5 Escambia County Commissioners, 5 City of Pensacola Council members, 5 Santa Rosa County Commissioners, 1 City of Gulf Breeze Council member, 1 City of Milton Council member, 1 Baldwin County Commissioner, and 1 City of Orange Beach Council member.

3. Does the MPO have up to date agreements such as the transportation planning agreement that creates the MPO, the financial agreement, and, if applicable, a transportation planning agreement between the MPOs, State, and public transportation operators where more than one MPO has been designated to serve an urbanized area? [23 C.F.R. 450.314]

TPO Staff Response: The Interlocal Agreement for Creation of the Florida-Alabama TPO was updated and approved by the TPO on October 7, 2015. Escambia County Board of County Commissioners approved a resolution at their April 7, 2016 meeting recommending removal of Escambia County Area Transit as a representative on the TPO. Subsequently, the TPO approved Resolution FL-AL 16-15 accepting Escambia County's recommendation. Resolution FL-AL 16-15 has been filed with Baldwin County, Alabama, and Escambia and Santa Rosa Counties in Florida.

The Intergovernmental Coordination and Review Agreement was executed on June 9, 2010. Since there had been no significant changes to the parties of the agreement, the TPO reaffirmed the agreement on April 8, 2015.

The Agreement for Professional Staff Services by and between the West Florida Regional Planning Council and the Florida-Alabama Transportation Planning Organization for the Pensacola, FL-AL Urbanized Area was updated and approved on December 10, 2014.

4. Does the MPO boundary encompass the existing urbanized area and contiguous area expected to become urbanized within 20-year forecast period? [23 U.S.C. 134 (e)(2); 49 U.S.C. 5303 (e); 23 C.F.R. 450.312 (a)]

   TPO Staff Response: Yes, a methodology document was prepared by the TPO staff during the development of the Metropolitan Planning Area based on the 2010 Census. The Metropolitan Planning Area Boundary was approved by the TPO on December 12, 2012 by Resolution FL-AL 12-31. The Metropolitan Planning Area Map is available for downloading by the following hyperlink on the TPO's Web Site http://www.wfrpc.org/GIS/Boundaries/FA_2010_MPA_Boundary_Approved121212.pdf

5. Did ALDOT send a copy of the boundary map to FHWA and FTA? [23 C.F.R. 450.312 (j)]

   TPO Staff Response: Yes, during membership apportionment, letters were sent to Yvonne Arens (FDOT Office of Policy Planning), Lyle Seigler (FDOT District III Planning) and Jim Doolin (ALDOT Planning) on March 4, 2013 that had the Metropolitan Planning Area maps attached to be forwarded 1 hard copy and 1 electronic copy of the Metropolitan Planning Area Map to FHWA and FTA after its approval by the MPO and the Governor.
   The TPO will be following the Rule Making in the Code of Federal Regulations for the 2020 Census. Once it is published, the TPO will start updating the TPO's Membership for apportionment as well as its Metropolitan Planning Area Boundary Map.

6. For projects located within the boundaries of more than one MPO, does the MPO coordinate the planning of these projects with the other MPO(s)? [23 U.S.C. 134 (g)(2)]

   TPO Staff Response: Yes, the West Florida Regional Planning Council is staff to the

Florida-Alabama TPO, Okaloosa-Walton TPO, and Northwest Florida Regional TPO. No Projects for the Florida-Alabama TPO crossed into Eastern Shore MPO and Mobile MPO, but the Florida-Alabama TPO coordinates with these two MPOs regularly. In addition, Baldwin County staffs the Eastern Shore MPO and Baldwin County has membership on the Florida-Alabama TPO and TCC. Lastly, ALDOT Mobile Region attends the Mobile MPO, Eastern Shore MPO, and the Florida-Alabama TPO meetings.

7. Does the MPO planning process provide for consideration of the 10 planning factors? [23 U.S.C. 134 (h); 23 C.F.R. 450.306 (b)]

   TPO Staff Response: Yes, the Fixing America's Surface Transportation (FAST) Act was adopted on December 4, 2015 and expanded the planning factors from 8 to 10. The TPO's Planning Process since December 4, 2015 provides consideration of the 10 Planning Factors as outlined in the FL-AL TPO UPWP.

   The ten planning factors are:
   1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency.
   2. Increase the safety of the transportation system for motorized and nonmotorized users.
   3. Increase the security of the transportation system for motorized and nonmotorized users.
   4. Increase the accessibility and mobility of people and for freight.
   5. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns.
   6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight.
   7. Promote efficient system management and operation.
   8. Emphasize the preservation of the existing transportation system.
   9. Improve resiliency of the system and reduce storm water impact of surface transportation.
   10. Enhance travel and tourism.

   The first eight planning factors were considered in the development of the 2040 Long Range Transportation Plan Goals and Objectives which were reviewed and developed by a steering committee of the TCC and CAC with assistance from the TPO staff and the General Planning Consultant. A matrix showing how the 8 planning factors were included in the strategies of the 2040 LRTP can be found on pages 3 and 4 of the Goals and Objectives Final Report at http://www.wfrpc.org/wp-content/uploads/2019/02/Final-Report-V5-07_20_16-1.pdf. It is understood two additional Planning Factors are included in the recent Fixing America's Surface Transportation Act. These two additional Planning Factors will be considered in the 2045 Long Range Transportation Plan. The 10 Planning Factors were also considered in the FY 2017-FY 2018 Unified Planning Work Program as shown in Table 1 on page 10 at http://www.wfrpc.org/wp-content/uploads/2019/01/FINAL-Florida-Alabama-TPO-FY-2019-FY-2020-UPWP-12-21-18.pdf.

8. Did the Long-Range Transportation Plan (LRTP) have at least a 20-year horizon at the time of adoption of the last major update? [23 U.S.C. 134 (i)(2)(A); 23 C.F.R. 450.324 (a)]

   TPO Staff Response: Yes, the 2035 Long Range Transportation Plan was adopted on November 10, 2010. The 2040 Long Range Transportation Plan was adopted on November 3, 2015. Therefore, the last two Long Range Transportation Plan updates had at least a 20-year horizon at the time of adoption.

9. Did the LRTP address the following areas in accordance with 23 U.S.C. 134 (i)(2), 49 U.S.C. 5303 (f)?

   - Identify projected transportation demand of persons and goods in the metropolitan planning area over the period of the transportation plan.

     TPO Staff Response: The northwest Florida regional transportation model does not include Alabama. Currently, we are not able to project the transportation demand of persons and goods in the Alabama portion of the metropolitan planning area. The TPO will work with ALDOT to determine if Alabama can be included in future travel demand models.

   - Identify major transportation facilities (including major roadways, public transportation facilities, intercity bus facilities, multimodal and intermodal facilities, nonmotorized transportation facilities) that function as an integrated metropolitan transportation system, giving emphasis to facilities that serve national and regional transportation functions.

     TPO Staff Response: A comprehensive review and analysis of all regional multimodal needs was completed as part of the plan update process. As documented throughout the 2040 LRTP, an inventory of major roadway, transit, multimodal and intermodal facilities, bicycle and pedestrian facilities, and intermodal connectors was completed, and the needs were identified.

   - Include a description of the performance measures and performance targets used in assessing the performance of the transportation system in accordance with 23 USC 134(h)(2).

     TPO Staff Response: The 2045 LRTP will address performance measures and performance targets.

   - Include a system performance report and subsequent updates evaluating the condition ands performance of the transportation system with respect to the performance targets described in 23 USC 134(h)(2).

TPO Staff Response: The 2045 LRTP will address performance targets.

- Include discussion of types of potential environmental mitigation activities and potential areas to carry out these activities, including activities that may have the greatest potential to restore and maintain the environmental functions affected by the plan.

  TPO Staff Response: A systemwide approach to environmental mitigation activities are identified in the 2040 LRTP. The Efficient Transportation Decision Making Process established by the FDOT was used to identify an inventory of potential issues that may be associated with each corridor. The FDOT has established procedures for addressing all mitigation issues in consultation with agencies as part of the Project Development & Environmental (PD&E) process. Section 5.5 to Section 5.8 in the Final Report includes substantial documentation on Environmental Mitigation, Strategies, and Screening. Environmental maps, statutes, rules, and local government comprehensive plans were referenced.

- Include a financial plan that showed the public and private revenue sources that could reasonably be expected.

  TPO Staff Response: A financial plan was prepared and is documented in the 2040 LRTP. Federal and state funding program estimates were provided through the FDOT and a separate table was provided by ALDOT. These revenues are summarized in the 2040 LRTP.

- Include discussion of operational and management strategies to improve the performance of existing transportation facilities to relieve vehicular congestion and maximize the safety and mobility of people and goods.

  TPO Staff Response: A funding set-aside or box was created for ITS and multimodal corridor studies as part of the 2040 LRTP. This will create an annual funding stream for operational projects to be identified and funded as the needs arise. The 2040 Florida-Alabama Needs Plan contains a project called "Traffic Operations Center" to be constructed in Orange Beach.

- Include discussion of capital investment and other strategies to preserve the existing and projected future metropolitan transportation infrastructure, provide for multimodal capacity increases based on regional priorities and needs, and reduce the vulnerability of the existing transportation infrastructure to national disasters.

  TPO Staff Response: Development of the 2040 LRTP involved extensive analysis of the preservation of existing and forecasted infrastructure.

- Indicate as appropriate proposed transportation and transit enhancement

activities.

TPO Staff Response: Transit and transit mobility projects have a funding set aside or box that has been included as part of the 2040 LRTP. The TPO has a separate transportation alternatives program that identifies and ranks qualified projects.

10. Did the LRTP address the following minimum required areas in accordance with 23 C.F.R. 450.324 (f)?

- Identify projected transportation demand of persons and goods in the metropolitan planning area over the period of the transportation plan;

TPO Staff Response: A regional travel demand model was developed that projected demands on the roadway infrastructure through the year 2040.

- Identify existing and proposed transportation facilities (including major roadways, transit, multimodal and intermodal facilities, pedestrian walkways and bicycle facilities, and intermodal connectors);

TPO Staff Response: A comprehensive review and analysis of all regional multimodal needs was completed as part of the plan update process. As documented throughout the 2040 LRTP, an inventory of major roadway, transit, multimodal and intermodal facilities, bicycle and pedestrian facilities, and intermodal connectors was completed, and the needs were identified.

- Include a description of the performance measures and performance targets used in assessing the performance of the transportation system in accordance with 23 C.F.R. 450.306(d).

TPO Staff Response: The 2045 LRTP will address performance measures and performance targets.

- Include a system performance report and subsequent updates evaluating the condition and performance of the transportation system with respect to the performance targets described in 23 C.F.R. 450.306(d)

TPO Staff Response: The 2045 LRTP will address performance targets.

- Include operational and management strategies to improve the performance

of existing transportation facilities;

TPO Staff Response: A funding set-aside or box was created for ITS and multimodal corridor studies as part of the plan. This will create an annual funding stream for operational projects to be identified and funded as the needs arise.

- In TMA areas, consider the results of the congestion management process;

TPO Staff Response: The Congestion Management Process Plan (CMPP) was updated as part of the 2040 LRTP update. Congestion management strategies included in the CMPP have been included in the 2040 LRTP.

- Include an assessment of capital investment and other strategies to preserve the existing and projected future metropolitan transportation infrastructure and provide for multimodal capacity increases based on regional priorities and needs;

TPO Staff Response: Development of the 2040 LRTP involved extensive analysis of the preservation of existing and forecast infrastructure.

- Describe the proposed improvements in sufficient detail to develop cost estimates;

TPO Staff Response: The purpose and need for each project was developed as part of the 2040 LRTP. Cost estimates were developed and have been included. These costs are based on FDOT planning level cost estimates.

- Discuss types of potential environmental mitigation activities and potential areas to carry out these activities;

TPO Staff Response: A systemwide approach to environmental mitigation activities are identified in the 2040 LRTP. The Efficient Transportation Decision Making Process established by the FDOT was used to identify an inventory of potential issues that may be associated with each corridor. The FDOT has established procedures for addressing all mitigation issues in consultation with agencies as part of the Project Development & Environmental (PD&E) process.

- Include pedestrian walkway and bicycle transportation facilities;

  TPO Staff Response: The TPO has developed a Bicycle and Pedestrian Master Plan. From this plan projects will be drawn and funded. Dedicated funding was set aside for bicycle and pedestrian projects in the 2040 LRTP.

- Include transportation and transit enhancement activities;

  TPO Staff Response: Transit and transit mobility projects have a funding set-aside or box that has been included as part of the 2040 LRTP.

- Include a financial plan that demonstrates how the adopted transportation plan can be implemented

  TPO Staff Response: A financial plan was prepared and is documented in the 2040 LRTP which can be found here: http://www.wfrpc.org/wp-content/uploads/2019/02/Final-Report-V5-07_20_16-1.pdf.

- Include design concept and design scope descriptions of all existing and proposed transportation facilities in sufficient detail, regardless of funding sources, in nonattainment and maintenance areas for conformity determinations under the EPA's transportation conformity regulations (40 C.F.R. part 93, subpart A).

  TPO Staff Response: Questions do not apply to the FL-AL TPO since the TPO area has maintained attainment and has never been designated a maintenance area.

11. Has the LRTP been reviewed and updated at least 5 years since the date of the last MPO Board action? If the MPO planning area is in nonattainment and maintenance areas, has the LRTP been reviewed and updated at least 4 years since the last board action? [23 U.S.C. 134 (i)(1); 23 C.F.R. 450.324 (c)]

    TPO Staff Response: Yes, the Florida-Alabma 2035 Long Range Transportation Plan was adopted by Resolution FL-AL 10-42 on November 10, 2010. The 2040 Long Range Transportation Plan was adopted by Resolution FL-AL 15-36 on November 3, 2015. Therefore, the maximium 5 year deadline between Long Range Transportation Plan adoptions was met.

12. Has the MPO sent all updates/amendments of the LRTP to FHWA and FTA via

the ALDOT's Local Transportation Bureau? [23 C.F.R. 450.324 (c)]

TPO Staff Response: Yes, the 2040 Florida-Alabama Long Range Transportation Plan was adopted by Resolution 15-36 on November 3, 2015. The Final Report has been signed off by ALDOT and FDOT. The necessary copies were provided to ALDOT and FDOT for distribution to FHWA and FTA. LRTP amendments that pertain to Alabama projects will be sent to ALDOT and LRTP amendments that pertain to Florida projects will be sent to FDOT. Both DOTs will forward the amendment documents to FHWA and FTA.

13. Was the TIP developed in cooperation with the State and local transit operators? [23 U.S.C. 134 (j)(1)(A); 49 U.S.C. 5303 (a); 23 C.F.R. 450.326 (a)]

TPO Staff Response: Yes, Escambia County Area Transit updates the public transportation section in the Project Priorities which are used by FDOT to prepare their work program which ultimately leads to the TPO's Transportation Improvement Program. Both Baldwin Rural Area Transportation System and the Escambia County Area Transit have membership on the TPO's Technical Coordinating Committee which reviews and comments on the TIP prior to adoption by the TPO.

14. Was the TIP updated at least every 4 years and approved by the MPO and the Governor? [23 U.S.C.134 (j)(1)(D); 23 C.F.R. 450.326 (a)]

TPO Staff Response: Yes, the Florida-Alabama TIP is approved annually by the TPO Board and is sent to ALDOT for approval by the Governor of Alabama. ALDOT's approval of the TIP is included as an Appendix in the LRTP.

15. Was the TIP financially constrained and did it include only revenues that could be reasonably expected? [23 U.S.C. 134 (j)(2)(B); 49 U.S.C. 5303 (j); 23 C.F.R. 450.326 (h)]

TPO Staff Response: Yes, the TIP is financially constrained based on the TPO's allocation and projects with Federal, State, and Local funds. These funds are the only funds that are reasonably expected. The allocation from ALDOT is included as an Appendix in the TIP.

16. Did the TIP contain a priority list of federally supported projects to be supported over the next four years? [23 U.S.C. 134 (j)(2)(A); 49 U.S.C. 5303 (j); 23 C.F.R. 450.326 (a)]

TPO Staff Response: Yes, the TIP contains a 5-year summary of projects by funding category as requested by Florida DOT. Florida-Alabama TPO adopts a project priority document annually. A federally supported spreadsheet with our allocation is agreed upon with ALDOT. ALDOT's Local Transportation Bureau provides an update to the spreadsheet to the TPO Staff every month to review for accuracy.

17. Did the TIP contain all regionally significant projects, as defined by 23 C.F.R. 450.104? [23 U.S.C. 134 (j)(3)(B); 49 U.S.C. 5303 (j)(2); 23 C.F.R. 450.326 (d)]

    TPO Staff Response: Yes, the definition of Regionally Significant as defined in 23 C.F.R. 450.104 is a transportation project that is on a facility which serves regional transportation needs and would normally be included in the modeling of the metropolitan area's transportation network. The current transportation network consists of principal arterials, minor arterials, urban collectors, and minor collectors. The 2040 Long Range Transportation Plan Update updated the Congestion Management Process Plan to reflect the 2010 Functional Classification System in Escambia, Santa Rosa, and Baldwin Counties for these categories. FDOT, TPO, and local governments have worked cooperatively to include such projects in the TIP.

18. Was the TIP consistent with the LRTP? [23 U.S.C. 134 (j)(3)(C); 49 U.S.C. 5303 (j)(1); and 23 C.F.R. 450.326 (i)]

    TPO Staff Response: Yes, LRTP Cost Feasible Plan projects which have phases funded in the next five years are included in the Transportation Improvement Program.

19. Does the TIP identify the criteria and process for prioritizing implementation of transportation plan elements (including inter-modal trade-offs) for inclusion in the TIP and any changes in priorities from previous TIPs? [23 C.F.R. 450.326 (n) (1)]

    TPO Staff Response: Yes, criteria for the Long Range Transportation Plan, Transportation System Management, and Transportation Alternatives Program Projects are included in the TPO's Project Priorites. The Project Priorities are an Appendix in the Transportation Improvement Program. Project Priorities are updated annually and change from year to year just like Transportation Improvement Program.

20. Did the TIP include a listing of projects for which Federal funds have been obligated in the preceding year, or was this list otherwise made available for public review? [23 U.S.C. 134 (j)(7)(B); 49 U.S.C. 5304 (j)(7); 23 C.F.R. 450.326 (b) and (n)]

    TPO Staff Response: Yes, Appendix D of the Transportation Improvement Program contains the listing of Federal Obligated Projects.

21. When developing the LRTP and TIP, did the MPO provide citizens, affected public agencies, representatives of transportation agency employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transit, and other interested parties with a reasonable opportunity to comment on the proposed plan and program? [23 U.S.C. 134 (i)(6)(A) and (j)(4)]

TPO Staff Response: The organizations and groups that provided briefings on the development of the 2040 Long Range Transportation Plan are listed on page 3-5 of the Final Report, pages 5 and 6 of the Needs Plan Technical Report, and pages 4 and 5 of the Cost Feasible Plan Technical Report. These organizations are among the entities listed in 23 CFR 450.316(a). The public was able to comment on development of the LRTP and TIP during public workshops, at TPO and Advisory Committee Meetings, and at an advertised public hearing. For additional details see both LRTP and TIP as well as the Project Priorities document on the TPO's web site here: http://www.wfrpc.org/programs/transportation-planning/fl-al-tpo/plans-and-documents.

22. Is the LRTP and TIP of the MPO published or otherwise readily available for public review? [23 U.S.C. 134 (i)(6) and (j)(7)(A)]

TPO Staff Response: The adopted plans and technical reports are included on the West Florida Regional Planning Council web site as .pdf files. A summary report of the 2040 Long Range Transportation Plan was also prepared to handout to various groups and organizations throughout the year. CDs of the Final Report were sent to FDOT contacts, Legislative Delegation (Local and Federal), Local Libraries, and other organizations (the Florida Department of Economic Opportunity, Alabama Historical Commission, Alabama Department of Environmental Management, US Fish and Wildlife Service, Alabama Department of Economic and Community Affairs, and U.S. Army Corps of Engineers). The same distribution process was used for the Transportation Improvement Program.

23. Did the UPWP identify work proposed for the next one- or two-year period by major activity and task in sufficient detail to indicate who will perform the work, the schedule for completing the work, the resulting products, the proposed funding by activity/task, and a summary of the total amounts and sources of Federal and matching funds? [23 C.F.R. 450.308 (c)]

TPO Staff Response: Yes, the FY 2019-FY 2020 Unified Planning Work Program has 12 tasks that are identified per Fiscal Year with projects with target dates of completion. Each task is also broken down by funding source and summarized by table.

UPWP Link: http://www.wfrpc.org/wp-content/uploads/2019/01/FINAL-Florida-Alabama-TPO-FY-2019-FY-2020-UPWP-12-21-18.pdf.

The updated FY 2019-2020 UPWP (draft only) can be found here: http://www.wfrpc.org/wp-content/uploads/2019/02/DRAFT-Florida-Alabama-TPO-FY-2019-FY-2020-UPWP-Year-2-Review-1.pdf

24. Did the UPWP document planning activities to be funded with through Title 23 U.S.C. and the Federal Transit Act? [23 C.F.R. 450.308 (b)]

TPO Staff Response: Yes, the FL-AL FY 2019-FY 2020 UPWP adopted April 11, 2018

includes the following planning activities under Public Transportation in Task C.4 Multi-modal Planning:

- Technical assistance and staff support for public transportation in the Pensacola, FL-AL UZA
- Project administration and oversight implementation for remaining JARC and New Freedom funds
- Assist ECAT in development of performance measures
- Establish routine coordination with ECAT
- Working with transit and local governments to prepare for ACES vehicle impacts
- Travel to trainings, workshops, conferences
- Presentations at meetings and workshops

25. Were the transportation plans and programs of the MPO based on a continuing, comprehensive, and cooperative process? [23 U.S.C. 134 (c)(3), 49 U.S.C. 5303 (c)(3)]

    TPO Staff Response: Yes, the TPO process is based on a continuing, comprehensive, and cooperative process which is standard language in each Resolution that is approved by the TPO Board. Standard language in adopted TPO Resolutions for Transportation Plans and Programs is "The Florida-Alabama Transportation Planning Organization (TPO) is the organization designated by the governors of Florida and Alabama as being responsible, together with states of Florida and Alabama, for carrying out the continuing, cooperative and comprehensive transportation planning process for the Florida-Alabama TPO Planning Area.

26. If located in a Transportation Management Area, does the MPO have an up to date congestion management process? [23 U.S.C. 134 (k)(3)]

    TPO Staff Response: Yes, the Florida-Alabama TPO Congestion Management Process Plan was adopted by Resolution FL-AL 15-37 on November 3, 2015 and a minor update occurs annually. The 2018 Minor Update can be found here: http://www.wfrpc.org/wp-content/uploads/2018/11/2018-CMP-Report-Minor-Update-Final.pdf.

27. Does the MPO have a documented Public Participation Plan that defines a process for members of the public to have reasonable opportunity to participate in the planning process? [23 C.F.R. 450.316 (a)]

    TPO Staff Response: In an effort to ensure the plans of the TPO reflect community values and equally benefit all planning area stakeholders, a public participation process manual was created and approved by the board to:
    - Inform the public of transportation meetings and other events in a timely manner and stage at a convenient location,
    - Educate the public regarding their role in the transportation planning and decision-making process
    - Involve the public by providing opportunities early and often,

- Reach all communities with an emphasis on the underserved,
- Continually evolve to improve the public participation process as trends and technologies change.
It is available online at http://www.wfrpc.org/wp-content/uploads/2014/08/FL-ALTPO-PPP-FINAL-2016-1.pdf.

28. Has the MPO recently reviewed its Public Participation Plan? [23 C.F.R. 450.316 (a)(1)(x)]

    TPO Staff Response: TPO Staff continually reviews the PPP as trends and technologies change. The PPP was updated in September 2018 and is reviewed annually. The PPP is currently being reviewed and updated based on feedback from federal certification. The update is planned for review in April 2019 and adoption in June 2019.

29. When the Public Participation Plan was adopted, was it made available for public review for at least 45 days? [23 C.F.R. 450.316(a)(3)]

    TPO Staff Response: The Public Participation Plan was adopted in September 2018. Staff opened the 45-day review period on July 20, 2018.

Section (2): The requirements of Sections 174 and 176 (c) and (d) of the Clean Air Act (for air quality nonattainment and maintenance areas only)

TPO Staff Response: Questions do not apply to the FL-AL TPO since the TPO area has maintained attainment and has never been designated a maintenance area.

1. How does the MPO coordinate the development of the Transportation Plan with SIP development?

2. How does the MPO's UPWP incorporate all of the metropolitan transportation-related air quality planning activities addressing air quality goals, including those not funded by FHWA/FTA?

3. Does the metropolitan planning process include a Congestion Management Process that meets the requirements of 23 C.F.R. Part 450.322? What assurances are there that the Transportation Plan incorporates travel demand and operational management strategies, and that necessary demand reduction and operational management commitments are made for new SOV projects?

4. How does the MPO ensure that the TIP includes all proposed federally and non-federally funded regionally significant transportation projects, including intermodal facilities?

Sections (3), (4), and (7) through (10): The prohibitions against discrimination on the basis of race, color, creed, national origin, age, gender, or disability as dictated by Title VI of the Civil Rights Act of 1964, as amended; 49 U.S.C. 5332; 23 U.S.C. 324; the Americans with Disabilities Act; the Older Americans Act; and Section 504 of the Rehabilitation Act of 1973

1. Does the MPO have a signed Title VI policy statement expressing commitment to non-discrimination? [23 C.F.R. 200.9 (a)(1)]

   TPO Staff Response The signed Nondiscrimination Agreement, including Title VI Assurances, is included in Appendix A of the UPWP.

   The TPO's updated Title VI Policy Statement and Plan was adopted September 7, 2016 and can be found here: http://www.wfrpc.org/wp-content/uploads/2014/08/FL-AL-Title-VI-Policy.pdf. The signed Title VI policy statement is included in the UPWP. The TPO's Title VI Policy Statement and Plan are currently being reviewed for an update in 2019.

2. Does the MPO take action to correct any deficiencies found by ALDOT within a reasonable time period, not to exceed 90 days, in order to implement Title VI compliance? [23 C.F.R. 200.9 (a)(3)]

   TPO Staff Response: No deficiencies have been found. If deficiencies are found, the MPO will take action to correct within a reasonable time period, not to exceed 90 days, in order to implement Title VI compliance.

3. Does the MPO have a staff person assigned to handle Title VI and ADA related issues? This does not need to be a full-time equivalent position, but there should be at least someone at the MPO for whom Title VI and ADA is an extra duty area. [23 C.F.R. 200.9 (b)(1); 49 C.F.R. 27.13]

   TPO Staff Response: Public Involvement Coordinator Brittany Ellers is responsible for Title VI and ADA related issues.

4. Does the MPO have a procedure in place for the prompt processing and disposition of Title VI and Title VIII complaints, and does this procedure comply with ALDOT's procedure? [23 C.F.R. 200.9 (b)(3)]

TPO Staff Response: The adopted Title VI Policy and Plan outlines the procedure. English and Spanish Complaint Forms are availabe at http://www.wfrpc.org/programs/fl-al-tpo/documents.

5. Does the MPO collect statistical data (race, color, national origin, sex, age, disability) of participants in, and beneficiaries of the programs and activities of the MPO? [23 C.F.R. 200.9 (b)(4)]

   TPO Staff Response: The TPO collects demographic data from the US Census Bureau and analyzes it at the County, TPO, and Community (Census-Designated Place) levels.

6. Does the MPO conduct an annual review of their program areas (for example: public involvement) to determine their level of effectiveness in satisfying the requirements of Title VI? [23 C.F.R. 200.9 (b)(6)]

   TPO Staff Response: The TPO's Public Participation Process Manual describes the processes used to involve all persons in a community, regardless of race, income, or status, being affected positively or negatively by any TPO program area. The Public Involvement Coordinator evaluates the effectiveness in satisfying the requirements of Title VI by the number of people reached at each event, the number of new groups presented to, the number of articles or stories generated from the media, and by tallying surveys handed out at each event. Quarterly Assessments are also conducted to determine effectiveness by surveying staff following public outreach events on both the effectiveness of the event and how well the activity reaches the underserved communities. The Public Participation Manual can be found here: http://www.wfrpc.org/wp-content/uploads/2014/08/FL-ALTPO-PPP-FINAL-2016-1.pdf.

7. Has the MPO participated in any recent Title VI training, either offered by the state, organized by the MPO, or some other form of training, in the past year?

   TPO Staff Response: Staff organized and participated in a Title VI Training on April 6, 2018. The training featured a Title VI/ADA Overviw and guest speaker, Christopher Ryan, Deputy Executive Director, Communication and Outreach, Title VI / DBE Coordinator Broward Metropolitan Planning Organization.

8. Does the MPO have a signed Non Discrimination Agreement, including Title VI Assurances, with the State?

TPO Staff Response: The signed Nondiscrimination Agreement, including Title VI Assurances, is included in Appendix A of the UPWP. The Nondiscrimination Agreement is signed annually as part of the UPWP update process.

The TPO's updated Title VI Policy Statement and Plan was adopted September 7, 2016 and can be found here: http://www.wfrpc.org/wp-content/uploads/2014/08/FL-AL-Title-VI-Policy.pdf. The signed Title VI policy statement is included in the UPWP. The TPO's Title VI Policy Statement and Plan are currently being reviewed for an update in 2019.

9. Do the MPO's contracts and bids include the appropriate language as shown in the appendices of the Non Discrimination Agreement with the State?

TPO Staff Response: All advertisements for consultants and sub-consultants includes the following DBE Policy Statement:

EQUAL OPPORTUNITY AND DISADVANTAGED BUSINESS ENTERPRISE PROGRAM STATEMENT: The TPOs do not discriminate on any basis, as required by 49 USC 5332 (which prohibits discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity), Title VI of the Civil Rights Act of 1964 as amended, 42 USC 2000d to 2000d-4, and Title 49 CFR, Part 21. The TPOs ensure, in accordance with 49 CFR Part 26, that certified FDOT Disadvantaged Business Enterprise Program (DBE) participants have an equal opportunity to receive and participate in FDOT assisted contracts.

10. Does the MPO hold its meetings in locations that are ADA accessible? [49 C.F.R. 27.7 (5)

TPO Staff Response: All of the TPO's meetings are held in ADA accessible locations. TPO staff utilizes the ADA Checklist for Existing Facilities for determining meeting locations. The checklist can be found at this link: http://www.adachecklist.org/checklist.html.

11. Does the MPO take appropriate steps to ensure its communications are available to persons with impaired vision and hearing? [49 C.F.R. 27.7 (6)(c)]

TPO Staff Response: All legal notices and news releases advertising public meetings of the TPO include information on how to contact the TPO for special accommodations including deaf/hard of hearing, visually impaired, mobility issues and foreign language needs. All meetings are held in ADA compatible locations and with advance notice (as stated in our notices), staff can have interpreters available to translate.

12. Does the MPO keep on file for 1 year all complaints of ADA non-compliance received and for 5 years a record of all complaints in summary form? [49 C.F.R. 27.121]

    TPO Staff Response: The TPO has received no complaints in the past year. If any complaints are received the TPO will retain as required by law.

13. Have all the local governments included within the MPO's study area boundary completed an ADA Transition Plan? Please provide a table indicating the status of the transition plans and copy of the completed transition plans.

    TPO Staff Response:

Municipality	Status of ADA Transition Plan	ADA Coordinator	Location of ADA Transition Plan
Baldwin County	Adopted July 19, 2016 via Resolution No. 2016-094	Ron Cink, County Administrator	312 Courthouse Square Bay Minette, AL 36507
City of Orange Beach	Adopted September 20, 2016 via Resolution	Landon Smith, Building Official/Floodplain Administrator	4101 Orange Beach Blvd Orange Beach, AL 36561

Section (5): Section 1101(b) of the FAST Act regarding the involvement of disadvantaged business enterprises in FHWA and FTA planning projects *(49 C.F.R. Part 26)* Note: MPOs that are part of municipal or county governments may have some of these processes handled by the host agency.

1. Does the MPO have an ALDOT approved DBE plan?

   TPO Staff Response: FHWA funds are provided to the TPO through FDOT and ALDOT and are subject to FDOT's DBE Program Plan, as described in Chapter 8 of the MPO Program Management Handbook. For FTA funds, the TPO adopted a Public Transportation DBE program and goal of 8% in October of 2015 via Resolution FL-AL 15-33.

2. Does the MPO track DBE participation?

   TPO Staff Response: DBE participation as well as Bidder Opportunity List information is collected and tracked by FDOT via the EOC system. For FTA funds, DBE participation is tracked using the appropriate Federal form.

3. Does the MPO report actual payments to DBEs?

   TPO Staff Response: DBE participation as well as Bidder Opportunity List information is collected and tracked by FDOT via the EOC system. For FTA funds, DBE participation is tracked using the appropriate Federal form.

4. Does the MPO include the DBE policy statement in its boilerplate contract language for consultants and sub-consultants?

   TPO Staff Response: All advertisements for consultants and sub-consultants includes the following DBE Policy Statement:

   EQUAL OPPORTUNITY AND DISADVANTAGED BUSINESS ENTERPRISE PROGRAM STATEMENT: The TPOs do not discriminate on any basis, as required by 49 USC 5332 (which prohibits discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity), Title VI of the Civil Rights Act of 1964 as amended, 42 USC 2000d to 2000d-4, and Title 49 CFR, Part 21. The TPOs ensure, in accordance with 49 CFR Part 26, that certified FDOT Disadvantaged Business Enterprise Program (DBE) participants have an equal opportunity to receive and participate in FDOT assisted contracts.

Section (6): 23 C.F.R. Part 230 regarding implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts.

1. Has the MPO implemented an equal employment opportunity program?

   TPO Staff Response: The TPO does not have any construction contracts.

450.334 Self-certifications and Federal certifications.
Each MPO is required to include the new certification form in the TIP when updating the TIP every four (4) years and send a copy of the certification form to ALDOT's Local Transportation Bureau. After the Transportation Director at ALDOT signs the certification form, the Local Transportation Bureau will return a signed copy of the certification form to each MPO to be placed in the MPO's project folder.

MEMORANDUM OF UNDERSTANDING
Alabama Department of Transportation
Statewide Procedures for FY 2020 - 2023 TIP/STIP
Revisions

Purpose

This Memorandum of Understanding (MOU) establishes a set of procedures to be used in the State of Alabama for processing revisions to the Metropolitan Planning Organization (MPO) FY 2020-2023 Transportation Improvement Programs (TIPs), and the Alabama Department of Transportation's Statewide Transportation Improvement Program (STIP). The STIP is the aggregation of the MPO TIP s, AL DOT statewide and Interstate programs.

Definitions

- *Administrative Modification* means a minor revision to a long-range statewide or metropolitan transportation plan, Transportation Improvement Program (TIP), or Statewide Transportation Improvement Program (STIP) that includes minor changes to project/project phase costs, minor changes to funding sources of previously-included projects, and minor changes to project/project phase initiation dates. An administrative modification is a revision that does not require public review and comment, re-demonstration of fiscal constraint, or a conformity determination (in nonattainment and maintenance areas). [23 CFR 450.104]
- *Amendment* means a revision to a long-range statewide or metropolitan transportation plan, TIP, or STIP that involves a major change to a project included in a metropolitan transportation plan, TIP, or STIP, including the addition or deletion of a project or a major change in project cost, project/project phase initiation dates, or a major change in design concept or design scope (e.g., changing project termini or the number of through traffic lanes.) Changes to projects that are included only for illustrative purposes do not require an amendment. An amendment is a revision that requires public review and comment, re-demonstration of fiscal constraint, or a conformity determination (for metropolitan transportation plans and TIPs involving "non-exempt" projects in nonattainment and maintenance areas). In the context of a long-range statewide transportation plan, an amendment is a revision approved by the State in accordance with its public involvement process. [23 CFR 450.104]
- *Betterment* consists of surface treatments/corrections to existing roadway [preferably within Alabama Department of Transportation (ALDOT) right-of-way], to maintain and bring the infrastructure to current design standards for that classification of highway. This may involve full depth base repair, shoulder-widening, increased lane-widths, correction super-elevation, as well as drainage improvements and guide rail upgrades.
- *Change in Scope* is a substantial alteration to the original intent or function of a

programmed project; (e.g., change project termini or the number of through-traffic lanes).

- *Cooperating Agencies* include ALDOT, Metropolitan Planning Organizations (MPOs), and Rural Planning Organizations (RPOs), Federal Highway Administration (FHWA), Federal Transit Administration(FTA), and transit agencies.
- *Financially Constrained (Fiscal Constraint)* means that the metropolitan transportation plan, TIP, and STIP include sufficient financial information for demonstrating that projects in the metropolitan transportation plan, TIP, and STIP can be implemented using committed, available, or reasonably available revenue sources, with reasonable assurance that the federally supported transportation system is being adequately operated and maintained. For the TIP and the STIP, financial constraint/fiscal constraint applies to each program year. Additionally, projects in air quality nonattainment and maintenance areas can be included in the first two years of the TIP and STIP only if funds are "available" or "committed." [23 CFR 450.104]
- *Fiscal Constraint Chart (FCC)* is an Excel spreadsheet, or a chart generated by the Comprehensive Project Management System (CPMS), that depicts the transfer of funds from one source of funding to a done project, or multiple projects, that net out to zero.
- *Level of Effort (LVOE)* is the term used to describe certain grouped projects in the TIPs and STIP that are not considered of appropriate scale to be identified individually. Projects may be grouped by function, work type, or geographical area, using the applicable classifications under 23 CFR 771.117(c) and (d), and/or 40 CFR part 93. In air quality nonattainment and maintenance areas, project classifications must be consistent with the *exempt* project classifications, contained in the transportation conformity regulations (40 CFR part 93). These projects are placed in the TIPs and STIP according to selected funding programs, with their anticipated fiscal year apportionments within the plan.
- *New Project* is a project that is *not* programmed in the current TIP/STIP, and does not have previous obligations from a prior TIP/STIP.
- *Obligated projects* mean strategies and projects funded under Title 23 U.S.C. and Title 49 U.S.C. Chapter 53 for which the supporting federal funds were authorized and committed by the State or designated recipient in the preceding program year and authorized by the FHWA or awarded as a grant by the FTA.
- *Planning Partner* may refer to one of the following: ALDOT, FHWA, MPOs, RPOs, or other federal or state agencies.
- *Project Selection* means the procedures followed by MPOs, States, and public transportation operators to advance projects from the first four years of an approved TIP and/or STIP to implementation, in accordance with agreed upon procedures. [23 CFR 450.104]
- *Public Participation Plan (PPP)* is a documented, broad-based public involvement process that describes how the Planning Partner will involve and engage the public, the under-served, and interested parties in the transportation planning process, and ensure that the concerns of stakeholders are identified and addressed in the development of transportation plans and programs.

Note: The Alabama MPO Public Participation Plans may be found on the individual MPO websites. A complete listing of MPO websites may be found on the following ALDOT site: http://www.dot.state.al.us/ltweb/planning/MPOWebsites.html.

- *Revision* means a change to a long-range statewide or metropolitan transportation plan, TIP, or STIP that occurs between scheduled periodic updates. *A major revision* is *an "amendment," while a minor revision* is *an "administrative modification."* [23 CFR 450.104]
- *Statewide-managed Program (Statewide Program)* includes those transportation improvements or projects that are managed in the STIP, including project selection, at the ALDOT Central Office level, with possible regional Planning Partner solicitation and input. Examples include, but are not limited to HSIP, RRX, and TAP projects.
- *Statewide Transportation Improvement Program (STIP)* means a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under Title 23 U.S.C. and Title 49 U.S.C. Chapter 53. [23 CFR 450.104]
- *Transportation Improvement Program (TIP)* means a prioritized listing/program of transportation projects covering a period of four years that is developed and formally adopted by an MPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under Title 23 U.S.C. and Title 49 U.S.C. [23 CFR450.104]

What is a Transportation Improvement Program (TIP) and what is a Statewide Transportation Improvement Program (STIP)?

The TIP consists of the approved MPO projects, developed by the MPOs, and statewide programs and projects developed by ALDOT within the urban areas of the MPOs. The STIP is the official transportation improvement program document, mandated by federal statute and recognized by FHWA and FTA. The STIP is a statewide, prioritized listing or program, of transportation projects to be implemented over a four-year period, consistent with MPO Long Range, Regional, or Metropolitan Plans, Statewide Transportation Plans, and MPO Transportation Improvement Programs (TIPs). The State's Five-Year Program, which incorporates the TIPs and STIP, is required by Alabama state law.

TIP/STIP Administration

FHWA and FTA will only authorize projects, and approve grants for projects, that are programmed in the currently-approved STIP. If a Planning Partner, Transit Agency, or ALDOT, wishes to proceed with a project not programmed in the STIP, a revision must be made to the STIP.

Highway and road projects will be approved by FHWA, and Transit projects will be approved by FTA.

The federal Statewide and Metropolitan Planning regulations contained in 23 CFR 450 et al, govern the provisions of the STIP and of individual MPO TIPs, parts related to STIP and TIP

revisions, and other actions taken to revise the TIP. The intent of this federal regulation is to acknowledge the relative significance, importance, and/or complexity, of individual programming actions. *Federal Transportation Planning and Programming, Code of Regulation,* 23 CFR 450.324, permits the use of alternative procedures by the cooperating parties, to effectively manage actions encountered during a given STIP cycle. The regulations require that any alternative procedures be agreed upon, and such alternative procedures be documented and included in the STIP document.

All revisions must maintain year-to-year fiscal constraint [23 CFR 450.324(e), (h), and (i)] for each of the four years of the TIPs and STIP. All revisions shall account for year of expenditure (YOE), and maintain the estimated total cost of the project, which may extend beyond the four years of the TIP/STIP. The arbitrary reduction of the overall cost of a project, or project phase(s), shall not be utilized for the advancement of another project.

In addition, TIP revisions must be consistent with the Long Range Transportation Plan of the individual MPO, and must correspond to the adopted provisions of the MPO Public Participation Plans. A reasonable opportunity for public review and comment shall be provided for significant revisions to the TIPs and STIP.

If a revision adds a project, deletes a project, or impacts the schedule or scope of work of an air quality significant project in a nonattainment or maintenance area, a new air quality conformity determination will be required, if deemed appropriate by the Interagency Air Quality Consultation Group (IAC). If a new conformity determination is necessary, an amendment to the Long Range or Regional Transportation Plan (project listings only), shall be developed and approved by the MPO. The modified conformity determination would then be based on the amended **LRTP** conformity analysis, and public involvement procedures, consistent with the existing PPP, would be required.

If the August Redistribution of Federal Highway Funds adds, advances, or adjusts federal funding for a project, the MPOs and other Planning Partners will be notified of the Administrative Modification by ALDOT.

Revisions: Amendments and Administrative Modifications

Note: This MOU does NOT change the Codes of Federal Regulations. It does modify some language within those regulations to make clear the understanding between the agreeing parties. For full application of the CFRs, visit definitions for *Amendment, Administrative Modification,* and *Revision* on p. 1. Revisions are not applicable to authorized project scopes

An Amendment is a major STIP/TIP planned project revision that:

- Affects air quality conformity, regardless of the cost of the project or the funding source.
- Adds a new project, or deletes a project, that utilizes federal funds from a statewide line item, exceeds the thresholds listed below, and excludes those federally-funded statewide program projects.
- Adds a new project phase(s), or increases a current project phase, or deletes a project phase(s), or decreases a current project phase that utilizes federal funds, where the

revision exceeds the following thresholds:

*$5 million for ALDOT federally-funded projects and Transportation Management Area (TMA) attributable projects.
*$1 million for ALDOT federally-funded projects and for non-TMA MPOs attributable projects.
*$750,000 for the county highway and bridge program.

- Involves a change in the Scope of Work to a project(s) that would:

*Result in an air quality conformity reevaluation.
*Result in a revised total project estimate that exceeds the thresholds established between ALDOT and the Planning Partner (not to exceed any federally-funded threshold contained in this MOU).
*Results in a change in the Scope of Work on any federally-funded project that is significant enough to essentially constitute a New Project.
*Level of Effort (LVOE) planned budget changes, exceeding 20% of the original budgeted amount.

All items requiring amendments to the STIP should be submitted to the ALDOT Office Engineer bureau no later than the first Tuesday of each month. Amendments to the STIP will be conducted on a Bimonthly cycle. Non-routine amendments requested by the State Transportation Director or the Joint Highway committee can be performed at any time.

Approval by the MPO (or cooperative effort with an RPO) is required for Amendments. The MPO/RPO must then request ALDOT Central Office approval, using the electronic Financial Constraint Chart (FCC) process. An FCC must be provided (in Excel format), which summarizes previous actions, the requested adjustments, and after the changes, an updated TIP. ALDOT's Central Office will review, approve, and forward to the appropriate federal agency for review and approval, with copies to other partner federal agencies.

All revisions shall be identified and grouped as one action on an FCC, demonstrating both project and program fiscal constraint. The identified grouping of projects (the *entire* amendment action) will require approval by the cooperating parties. In the case that a project phase is pushed out of the TIP four-year cycle, the Planning Partner will demonstrate, through a Fiscal Constraint Chart, fiscal balance of the subject project phase, in the second period of the respective Long Range Transportation Plan.

An *Administrative Modification* is a minor STIP/TIP revision that:

- Adds a project from a level of effort category or line item, utilizing 100 percent state or non-federal funding, or an MPO TIP placement of the federally-funded, Statewide Program, or federal funds from a statewide line item that do not exceed the thresholds established by the Planning Partner.
- Adds a project for emergency repairs to roadways or bridges, except those involving substantive or functional adjustments, or location and capacity changes.
- Draws down, or returns funding, from an existing STIP/TIP Reserve Line Item, and does not exceed the threshold established between ALDOT and the Planning Partners.
- Adds federal or state capital funds from low-bid savings, de-obligations, release of encumbrances, from savings on programmed phases, and any other project-cost modification sent to and approved by FHWA or FTA, to *another* programmed project phase or line item.

The initial submission and approval process of the Statewide Transportation Improvement Program (STIP, will establish federal funding for Level of Effort (LVOE) project groups. *Subsequent placement of individual projects in the STIP that are LVOE, will be considered Administrative Modifications.*

Administrative Modifications do not affect air quality conformity, nor involve a significant change in a project scope of work that would trigger an air quality conformity reevaluation; do not exceed the threshold established in the MOU between ALDOT and the Planning Partners, or the threshold established by this MOU (as detailed in the Revisions: Amendments and Administrative Modifications section); and do not result in a change in scope on any federally-funded project that is significant enough to essentially constitute a *new project.*

Administrative Modifications do not require federal approval. ALDOT and the Planning Partner will work cooperatively to address and respond to any FHWA or FTA comments. FHWA and FTA reserve the right to question any administrative action that is not consistent with federal regulations or with this MOU, where federal funds are being utilized.

Level of Effort Funding Categories

Projects in the STIP/TIP, referred to as Level of Effort (LVOE) projects, represent grouped projects not considered of appropriate scale to be identified individually. Projects may be grouped by function, work type, and/or geographical area, using the applicable classifications under 23 CFR 771.117 (c) and (d), and/or 40 CFR part 93. In nonattainment and maintenance areas, project classifications must be consistent with the *exempt project* classifications contained in the EPA transportation conformity regulations (40 CFR part 93).

LVOE projects are placed in the STIP/TIP according to selected funding programs, with the planned funding amounts for each year. ALDOT, and the affected MPOs, will be required to make a formal amendment to the STIP/TIPs for any adjustment of funding of an LVOE group that exceeds 20 percent of it originally-planned funding. The selected statewide funding programs include:

- Interstate Resurfacing Program (includes lighting, sign & pavement rehabilitation)
- Non-Interstate Resurfacing Program (FM)
- Transportation Alternative Program (TAP)
- Safety Projects (Hazard elimination, roadway and rail, high-speed passenger rail, seatbelt, blood alcohol content, and others.)
- Recreational Trails (Funds are transferred to ADECA.)
- County Allocation Funds (Off-system bridges and STP non-urban.) (Only until prior year carryover is fully obligated)
- Federal Transit Programs: (Sub Recipient) 5307 (urbanized), 5311 (non-urban), 5310 (Elderly and Disabilities), and 5339 (Buses and Bus Facilities)

Addition or deletion of individual LVOE projects are considered an administrative modification, and do not require any further MPO action prior to authorization, subject to the dollar thresholds established in the sections above. ALDOT will include all individual LVOE projects on the STIP project detail listing and will also maintain a matrix listing, on the STIP website, of LVOE projects. The MPOs will be notified as soon as any specific projects within their urban areas, are identified and selected, and will have ten (10) days to decline the project. Additionally, the MPOs will be notified as soon as any specific projects are modified or deleted within their urban areas and will have ten (10) days to decline the project deletion or change.

Level of Effort (LVOE) holds funds that are not dedicated to specific projects, and may be used to cover cost increases, or add new projects or project phases. LVOE shall not exceed the thresholds, or the requirements, of any other items that require an amendment.

Level of Effort resurfacing shall be programmed annually. Projects or project lists will be added as soon as available, and MPOs will be notified of all changes that occur in the list.

Financial Constraint

Demonstration of STIP/TIP financial constraint to FHWA and FTA, takes place through a summary of recent Administrative Modifications and proposed Amendments. Real-time versions of the STIP/TIP are available to FHWA and FTA through ALDOT's Comprehensive Project Management System (CPMS/MPO Portal).

Note: While there is no stipulated timeframe established in this MOU for securing federal approval for formal Amendments or Administrative Modifications the agencies are expected to act responsibly and with all due diligence in order to complete these processes in a timely manner.

STIP/TIP Financial Reporting

At the end of each quarter, ALDOT will provide each MPO or Planning Partner with a STIP/TIP financial report of actual federal obligations and state encumbrances for highway, bridge, and transit programs in the respective Metropolitan Planning Areas. At the end of the federal fiscal year, the ALDOT report card can be used by the Planning Partners as the basis for compiling information, in order to meet the Federal Annual Listing of Obligated Projects requirement. The STIP/TIP Financial Report, provided to FHWA and FTA, will also include performance measures as allowed under the *Project Approval and Oversight Agreement* a *Partnership between the Federal Highway Administration Alabama Division and the Alabama Department of Transportation,* applicable to LVOE and to include:

- The total percent of STIP/TIP construction projects advanced to be ran quarterly

A summary report detailing this information will be provided at the end of the federal fiscal year.

As each MPO TIP is adopted, this MOU will be included with the TIP documentation. The MPO or Planning Partner may choose to adopt an MOU that will clarify how the MPO or Planning Partner will address TIP revisions. **In all cases, individual MPO revision procedures will be developed under the guidance umbrella of this document.** If an MPO elects to set more stringent procedures, then ALDOT, FHWA, and FTA will adhere to the more restrictive procedures.

The procedures set forth in this document will serve as the basis from which ALDOT addresses federal-funded, Statewide Program TIP revisions. This Memorandum of Understanding will begin October 1, 2019, and remain in effect until September 30, 2023, unless revised or terminated.

We, the undersigned herby agree to the above procedures and principles.

MEMORANDUM 2019-3

TO: Metropolitan Planning Organizations

FROM: D.E. (Ed) Phillips, Jr., State Local Transportation Engineer

Reference: MPO Performance Measures Schedule

Under MAP-21 and the FAST Act, Congress established national goals for the Federal-aid highway program. Those goals resulted in rulemakings that would support transportation decision making through a focus on performance on the National Highway System (NHS). This memorandum serves to coordinate the notification, adoption, and reporting of performance measures.

Earlier this year, all Metropolitan Planning Organizations (MPOs) signed and executed a Performance Management Agreement. This document is attached and outlines the roles of the State and MPO in the development of performance targets. MPOs should expect notification each time a performance target is set and will then have 180 days to adopt the State's performance targets or develop their own. Below is a chart that should help assure federal requirements are met. Adoption of targets should be by resolution. Reporting may be by administrative modification and should be in the FY 2020-2023 Transportation Improvement Program (TIP) and the FY 2045 Long-Range Transportation Plan (LRTP).

PM1		**PM2 & PM3**	
MPO Notification of Targets	By Aug. 31st	MPO Notification of Targets	By May 20th
MPO Adoption of Targets	Before Feb. 27th	MPO Adoption of Targets	Before Nov. 16th
MPO Adoption Cycle	Annually	MPO Adoption Cycle	Even Years
MPO Reporting FY 2016 TIP; FY 2040 LRTP	If amended after 5/27/2018	MPO Reporting FY 2016 TIP; FY 2040 LRTP	If amended after 5/20/2019
MPO Reporting FY 2020 TIP; FY 2045 LRTP	Original document; Annually, if amended	MPO Reporting FY 2020 TIP; FY 2045 LRTP*	Original document; Biennially, if amended
Transit		**Transit Safety**	
MPO Notification of Targets	By Jan. 1st	MPO Notification of Targets	By July 19, 2020
MPO Adoption of Targets	Before July 1st	MPO Adoption of Targets	Before Jan 20, 2021
MPO Adoption Cycle	Annually	MPO Adoption Cycle	To Be Announced
MPO Reporting FY 2016 TIP; FY 2040 LRTP	If amended after 10/01/2018	MPO Reporting FY 2016 TIP; FY 2040 LRTP	Not Applicable
MPO Reporting FY 2020 TIP; FY 2045 LRTP	Original document; Annually, if amended	MPO Reporting FY 2020 TIP; FY 2045 LRTP	If amended after 7/20/2020

*Additional CMAQ reporting required in FY-2020

MPOs should continue to reference the following documents in their adoption of performance measures:

- Performance Management Agreement – See attached.
- Narrative for the TIP and LRTP – Page 91 of https://www.dot.state.al.us/ltweb/administration/pdf/2018Memorandums.pdf provides a template for TIP and LRTP narratives, which should include a description of targets, a Systems Performance Report, and the Performance Management Agreement.
- Highway Safety Improvement Program – PM1 targets for the prior year are located here: https://safety.fhwa.dot.gov/hsip/spm/state_safety_targets/. Data used to develop PM1 targets is located here: https://safetyportal.aladata.com/.
- Transportation Asset Management Plan – This is available by request and provides the basis for PM2 targets.
- Performance Management Roadmap – This document contains information about the development of the PM3 targets. This information was e-mailed to MPO planners and Directors on October 24, 2018 by Ms. Toni Arrington.
- Transit Asset Management Plan – This document was e-mailed to MPO planners on October 15, 2018, by Mrs. Sonya Baker, and provides the basis for Transit performance targets.
- Transit Safety Performance Targets – Information about this upcoming performance measure is located here https://www.transit.dot.gov/regulations-and-guidance/transportation-planning/timeframes-performance-based-planning. Additional information will be forthcoming.

ALABAMA PERFORMANCE MANAGEMENT AGREEMENT
Per 23 CFR 450.314(h)

THIS AGREEMENT is made and entered into by and between the State of Alabama, acting by and through the Alabama Department of Transportation, hereinafter referred to as STATE; and the Florida-Alabama Transportation Planning Organization, hereinafter referred to as MPO;

WHEREAS, the United States Department of Transportation promulgated transportation planning regulations in 23 CFR 450.314, and

WHEREAS, MPO(s), the STATE(s), and providers of public transportation are required by 23 CFR 450.314 to cooperatively determine their mutual responsibilities in carrying out the performance-based planning and programming requirements established by federal law, and

WHEREAS, the 23 CFR 450.314(h) requires that MPO(s), the STATE(s), and providers of public transportation shall jointly agree upon and develop specific written procedures for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, the reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO, and the collection of data for the State asset management plan for the National Highway System (NHS).

NOW, THEREFORE, BE IT RESOLVED, that the parties do hereby agree to adhere to the following coordination mechanisms to meet performance-based planning and programming requirements for highways in accordance with 23 CFR 450.314(h) and established federal guidance.

1. Development of transportation performance data

    a. The STATE will collect data used in developing statewide targets to meet the federal performance management requirements for highways[1] to include the following:

        i. Targets for assessing the **Highway Safety Improvement Program (PM1)** for the following measures[2]:

            1. Number of fatalities
            2. Rate of fatalities per 100 million Vehicle Miles Traveled (VMT)
            3. Number of serious injuries
            4. Rate of serious injuries per 100 million VMT
            5. Number of combined non-motorized fatalities and non-motorized serious injuries

        ii. Targets for assessing **Pavement and Bridge Condition for the National Highway Performance Program (PM2)** for the following measures:

            1. Percentage of pavements on the Interstate System in Good condition
            2. Percentage of pavements on the Interstate System in Poor condition
            3. Percentage of pavements on the NHS (excluding the Interstate System) in Good condition
            4. Percentage of pavements on the NHS (excluding the Interstate System) in Poor condition
            5. Percentage of NHS bridge deck area classified in Good condition
            6. Percentage of NHS bridge deck area classified in Poor condition

---

[1] 23 CFR Part 490

[2] PM1/Safety performance measures and targets are applicable to all public roads regardless of ownership or functional classification; 23 CFR Part 924

iii. Targets for assessing performance of the **National Highway System, Freight Movement on the Interstate System and Congestion Mitigation and Air Quality Improvement Program (PM3)** for the following performance measures:

1. Percent of Person-Miles traveled on the Interstate System that are Reliable
2. Percent of Person-Miles traveled in the Non-Interstate System that are Reliable
3. Percent Change in Tailpipe CO2 Emissions on the NHS from the Calendar Year 2017[3]
4. Percentage of the Interstate System Mileage providing Reliable Truck Travel Times
5. Annual hours of Peak-Hour Excessive Delay Per Capita
6. Percent of Non-Single-Occupant-Vehicle (SOV) Travel
7. Total Emissions Reduction

iv. Targets for assessing performance of **the Transit Asset Management (TAM) Plan** for the following performance measures:

1. Asset Category: Rolling Stock (All revenue vehicles)
    a. Age- % of revenue vehicles within an asset class that have met or exceed their Useful Life Benchmark
2. Asset Category: Equipment (Non-revenue vehicles)
    a. Age- % of revenue vehicles within an asset class that have met or exceed their Useful Life Benchmark
3. Asset Category: Facilities (the STATE will only rate FTA funded facilities)
    a. Condition- % of facilities with a condition rating below 3.0 on a FTA Transit Economic Requirement Modal (TERM) Scale
4. Public Transportation agencies that are a part of the TAM will provide transit data by asset class (both revenue and non-revenue) and facilities conditions on an annual basis to the STATE.
5. Public Transportation agencies and MPOs developing their own TAM plan will provide their targets and the final report to the STATE.

b. Those MPOs that are currently designated as being in non-attainment or maintenance for air quality[4] will coordinate with the STATE on the collection and provision of data used in developing targets for the Congestion Mitigation and Air Quality (CMAQ) traffic congestion measures (Annual Hours of Peak-Hour Excessive Delay per capita and Percent Non-SOV Travel) and the Total Emission Reduction Measures.

c. The STATE will distribute transportation performance data used in developing statewide highway and transit targets to each Alabama MPO.

i. The STATE will provide performance data each time a statewide target is established or revised, per Section 2 of this agreement.

ii. Where possible and practicable, the STATE will provide performance data for each MPO planning area for purposes of tracking progress towards attainment of critical outcomes for each region's required System Performance Reports, per Section 4 of this agreement.

---

[3] This measure and associated target will only be required if it is not repealed. Reference: Federal Register/Vol. 82, No. 215/Wednesday, November 8, 2017/ Proposed Rules; FHWA Docket No. FHWA-2017-0025.

[4] As determined through annual *Applicability Determination: CMAQ Traffic Congestion and CMAQ On-Road Mobile Source Emissions Measures,* 23 CFR Part 490.

iii. Notwithstanding any provision of this Agreement to the contrary, the parties agree that any safety data or information protected by 23 U.S.C. §§ 148 (h)(4) and 409 and State law shall be confidential. The parties agree that all crash and traffic data used by the parties for or in transportation improvement plans, highway safety improvement programs and strategic highway safety plans will not be disclosed to third parties without the express written permission of the STATE. The parties agree that the data shall not be referenced, disclosed, discussed or otherwise made public. The provision of the above data by the STATE shall not be considered a waiver of 23 U.S.C. §§ 148 (h)(4) and 409 or State precedent. Upon execution of this Agreement, the parties and their agents, servants, officers, officials and employees in both their official and individual capacities, agree that the data provided pursuant to the above referenced request shall not be discussed, disclosed, used, published or released without prior written consent of the STATE. If the data in any form should be disclosed, released or published in any manner without the consent of the STATE or should an attempt be made to use the data in an action for damages against the parties, their officials or employees, then access to the data shall terminate immediately. The STATE expressly reserves its right under 23 U.S.C. §§ 148 (h)(4) and 409 and State precedent to object to the use of the data and any opinions drawn from the data and to recover damages caused by the improper and unauthorized release of the data.

iv. The MPO shall defend, indemnify and hold harmless the STATE of Alabama, the Alabama Department of Transportation, its officials and employees, both in their official and individual capacities, and their agents and servants from and against all claims, damages, losses or expenses thereof, including but not limited to reasonable attorneys' fees, arising out of or resulting from faults, errors, mistakes, omissions, misconduct or negligent acts or omissions of the MPO, its subconsultants, agents, or employees caused as a result of or related to the service or work provided under this AGREEMENT. The MPO shall ensure that its subconsultants, agents, or employees possess the experience, knowledge and character necessary to qualify them to perform the particular duties assigned by The MPO. This indemnity is not limited by any insurance coverage required by this AGREEMENT.

v. By entering into this agreement, the MPO is not an agent of the STATE, its officers, employees, agents or assigns. The MPO is an independent entity from the STATE and nothing in this agreement creates an agency relationship between the parties.

d. If an MPO chooses to develop its own target for any highway measure, it will collect and provide the STATE with the performance target(s) and any supplemental data used in association with the MPO target setting process

2. Selection of transportation performance targets

a. The STATE and the MPOs will establish or revise performance targets in coordination with each other.

i. Coordination may include the following opportunities, as deemed appropriate, for each performance measure and target: in-person, meeting, webinars, conference calls, and email/written communication.

ii. MPOs will be given an opportunity to provide comment on the STATE targets no less than 30-days prior to the STATE's establishment or revision of highway targets.

iii. If an MPO chooses to set its own target, the MPO will develop the target in coordination with the STATE. The MPO will provide the STATE with the opportunity to comment on MPO targets no less than 30-days prior to MPO adoption of targets.

b. The STATE will select statewide performance targets to meet the federal performance management requirements for highways.

i. The STATE will provide written notice to the MPOs when the STATE selects a target. This notice will provide the target and the date the STATE set the target, which will begin the 180-day time-period in which the MPO must set a corresponding performance target.

ii. If an MPO chooses to support the statewide target, the MPO will provide written documentation to STATE that the MPO agrees to plan and program projects that will contribute toward the achievement of the statewide highway performance target.

iii. If the MPO chooses to set its own target, the MPO will provide the STATE written documentation that includes the target and the date the MPO plans to adopt. Documentation will be provided no less than 30-days prior to MPO adoption of target (consistent with Section 2a).

c. Those MPOs currently in non-attainment or maintenance for air quality[4] and the STATE will coordinate to select single, unified targets for the CMAQ traffic congestion measures (Annual Hours of Peak-Hour Excessive Delay Per Capita and Percent of Non-SOV Travel) and to select mobile source emission reduction targets for their respective non-attainment areas of ozone.

3. Reporting of performance targets

a. The STATE will report all performance targets to the Federal Highway Administration (FHWA) as applicable and in accordance with 23 CFR Part 490 and Federal Transit Administration (FTA) as applicable and in accordance with 49 CFR Part 625.

i. Through the Highway Safety Improvement Program Annual Report for PM1 measures.

ii. Through the required Baseline, Mid and Full Performance Reports and the Transportation Asset Management Plan (TAMP) for PM2 measures.

iii. Through the required Baseline, Mid and Full Performance Period Reports for PM3 measures, to include CMAQ Performance Plans where applicable.

b. The STATE will include a description of performance measures and performance targets, along with a System Performance Report, in accordance with 23 CFR 450.216(f) in any statewide transportation plan amended or adopted after May 27, 2018, and in accordance with 23 CFR 450.218(q) in any State Transportation Improvement Program adopted or amended after May 27, 2018.

4. Reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO.

a. The MPO will include a description of performance measures and performance targets, along with a System Performance Report, in accordance with 23 CFR 450.324(f) (3-4) in

any Metropolitan Transportation Plan amended or adopted after May 27, 2018, and in accordance with 23 CFR 450.326(d) in any Transportation Improvement Program amended or adopted after May 27, 2018, for PM1 measures.

b. The MPO will include a description of performance measures and performance targets, along with a System Performance Report, in accordance with 23 CFR 450.324(f)(3-4) in any Metropolitan Transportation Plan amended or adopted after May 20, 2019, and in accordance with 23 CFR 450.326(d) in any Transportation Improvement Program amended or adopted after May 20, 2019, for PM2 and PM3 measures.

c. The MPO will include a description of performance measures and performance targets, along with a System Performance Report, in accordance with 23 CFR 450.324(f) (3-4) in any Metropolitan Transportation Plan amended or adopted after October 1, 2019, and in accordance with 23 CFR 450.326(d) in any Transportation Improvement Program amended or adopted after October 1, 2019, for the GHG measure.

5. A collection of data for the State asset management plans for the NHS

   a. The STATE will be responsible for collecting pavement condition data for the NHS. This includes NHS roads that are not on the State Highway System, but instead are under the ownership of local jurisdictions, if such roads exist.

6. By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

All parties agree that email communications shall be considered written notice for all portions of this agreement.

[signature page to follow]

IN WITNESS WHEREOF, the parties hereto have executed this Agreement by those officers and officials duly authorized to execute same, and to be effective on the date hereinafter stated as the date of its approval by the Governor of Alabama.

Appendix J

FHWA -- Eastern Federal Lands Highway Division Projects

This page has been intentionally left blank.

(Any projects in the Florida-Alabama TPO region that are received from the Eastern Federal Lands Division of the Federal Highway Administration will be inserted here.)

Appendix K

Comments Received on FY 2020-2024 TIP

COMMENTS ON DRAFT FY 2021-2025 FLORIDA-ALABAMA TIP

Federal Highway Administration

1. **The Performance Measures section provides an adequate overview of the targets adopted by FDOT and adopted/supported by the TPO. It would be beneficial to have them on a table and not necessarily embedded in the discussion of the document.**
   A detailed Systems Performance Report will be completed for the 2045 LRTP and will include tables for the Performance Measures and Targets. This Systems Performance Report will be referenced in the TIPs thereafter.
2. **The same content applies to the Transit Asset Management. It would be easier for the reader to see this discussion on a table.**
   A detailed Systems Performance Report will be completed for the 2045 LRTP and will include tables for the Performance Measures and Targets. This Systems Performance Report will be referenced in the TIPs thereafter.
3. **TIP timeframe. The document discusses various requirements for the timeframe of the TIP as well as references to the time period covered by the TIP. The document is confusing in whether it is intended to be a 5-year TIP or a 4-year TIP. See pages ES-5, ES-6, and ES-9.**
   The state of Florida requires TPO's to create a five year TIP annually. This TIP covers Fiscal Year 2020 through Fiscal Year 2024 which is five years and is consistent with FDOT's Work Program.
4. **Description of comments -Several non-traditional public outreach events were held that were successful in receiving public comment. There is no record of comments from some events being addressed. See pages ES-7 and C-1.**
   The comments received from the non-traditional public outreach events were included in the TPO and Advisory Committee agendas so these members could review the comments prior to voting on the Project Priorities. Comments received were also provided to the appropriate TPO Planner or agency to follow-up on.
5. **Amendments and Modifications – Page Es-10 refers to TIP modifications and amendments (see #5 specifically) and implies in #2-4 that a modification process may be used for projects that could affect fiscal constraint. Per 23 CFR 450.328(a), changes that reflect fiscal constraint must take place by amendment of the TIP and amendments require adhere to public participation procedures 5. See page ES-10.**
   This section has been revised consistent with FDOT MPO Handbook.
6. **This section states that the next LRTP will include the anticipated effect of the TIP toward achieving the performance targets in the metropolitan transportation plan. It is important to note that the CFR 450.326(d) citation referenced is for this information to be included in the TIP to the maximum extent practicable. See page ES-15.**
   Performance Measures are addressed beginning on page ES—11. Until the next Long Range Transportation Plan is adopted, it has been agreed with FDOT/ALDOT that wording for the Performance Measures is included in the resolutions for the adoption of the TIP and the amendments to the Long Range Transportation Plan and the TIP.

7. **This section (for SIS and Non-SIS projects) indicates that the project costs may not be reflective of the total project costs. Please refer to 23 CFR 450.326(g)92), which states for each project or phase "estimated total project cost, which may extend beyond the four years of the TIP." See pages ES-15 and ES-16.**

   This language was agreed upon a few years ago by the FDOT MPO Coordinator. A detailed appendix was included in the TIP for one year for total project cost. The following year the detailed appendix was not required and has since not been included in the TIPs thereafter.

8. **The same text from page Es-15 is repeated on page ES-16.**

   The SIS paragraph on page ES-15 has been removed.

9. **Unclear as to whether this Appendix C is meant to implement 23 CFR 450.326(n)(2), but if so, it does not identify significant delays in the planned implementation of major projects.**

   This appendix is included to show when the project may be completed as just showing the project as being completed beyond 2040 was not sufficient for a previous FHWA reviewer for our TPO.

10. **Should list be updated to show Federally Obligated Projects for Fiscal Year 2019 instead of Fiscal Year 2018 (CFR 450.334)? See Appendix D.**

    The Federally Obligated projects for Fiscal Year 2019 will not be available until after October 1, 2019 which is the start of Federal Fiscal Year 2020. Therefore, Appendix D will be updated after October 1, 2019 to show the Federally Obligated Projects for Fiscal Year 2019.

11. **Methodology describes TSM projects as coming from FDOT, and other non-capacity projects prioritized in a manner that may result in non-LRTP projects being included in the TIP. All projects being prioritized (capacity or otherwise) must be consistent with the LRTP (23 CFR 450.326(i). See Appendix E.**

    All projects listed in the TIP contain references where projects are contained in the LRTP.

12. **The project prioritization process methodology makes no reference to performance targets, including how the methodology will make progress toward achieving the performance targets established under 23 CFR 450.306(d) and how it links investment priorities to those performance targets. Several categories of projects indicate that they are not subject to priority ranking, so their relationship to achieving performance targets is particularly confusing (23 CFR.450.326(c) and (d)). In reviewing the document, the criteria used by the TPO were later found in Appendix B. We recommend expanding the methodology section to address performance measures and planning factors and moving the criteria used for various categories to follow the methodology section so that the planning process is clearer regarding how projects are prioritized. See Appendix E.**

    The methodology section will include the criteria identified in Appendix B in the FY 2021-2025 Project Priorities document. This same question on Performance Targets was raised when FHWA did a webinar on Performance Measures prior to being required by the TPOs. The TIPs in Florida are required to be adopted annually whereas federal legislation requires TIPs to be adopted every four years. Projects in the TIP need to reference where they are located in the LRTP. The LRTP was adopted on November 3, 2015 and needs to be adopted again by November 3, 2020. Performance Measures were implemented by the TPO's last year. The TPO cannot reasonably link investment priorities to performance targets since the Project Priorities are based on the LRTP.

Until November 2020, the language on page E-11 regarding investment decisions is sufficient as it was based on a template provided by the MPOAC.

13. **The project prioritization process methodology makes no reference to planning emphasis areas and how they relate to the project prioritization and selection. The two new emphasis areas (resiliency/reliability and travel/tourism) were not addressed in the current LRTP and should therefore be explicitly considered in this TIP to ensure that they are part of the MPO planning process (23 CFR 450.306(b). See Appendix E.**

"When the LRTP was adopted on November 3, 2015, the new planning factors (resiliency/reliability and travel/tourism) were not required. Since projects in the TIP need to reference the LRTP, the new two planning factors will be included in the LRTP that will be adopted by November 3, 2020." This language has been added to the narrative of the TIP.

14. **Please ensure that the draft TIP is coordinated with stakeholders (affected agencies, freight providers, tribal governments, federal land management agencies, transportation disadvantaged, etc.) and made publicly available.**

A TIP review agency e-mail distribution list has been established consistent with the FDOT MPO Handbook. In the future, the draft TIP will be uploaded to the FDOT Portal. The draft TIP was mailed on flash drives to the local libraries and the Federal and State Legislative Delegations. The link for the draft TIP was e-mailed to the TPO, TCC, CAC, and Interested parties.

15. **Fiscal constraint cannot be determined by year using the table and pie chart provided. The funding table provides revenues by year, but not by expenditures. The pie chart is for the entire 5 years of the TIP. Please provide expenditure by year (including operations/maintenance and transit) for comparison with the revenues by year in the first table (23 CFR 450.326(j)). See Appendix F.**

Pie charts for each of the five years and the five year total have been added to Appendix F to demonstrate fiscal constraint.

<u>Florida Department of Transportation</u>

1. **The Table of Contents does not include Page Numbers**

Page number by the beginning of the Sections have been added to the Table of Contents.

2. **Include language in the resolution that the TIP was developed following state and federal requirements.**

This language has been added to the resolution.

3. **Specify the public transit operator in your discussion of TIP development cooperation.**

Language has been added in the narrative that the TIP was developed in cooperation with the public transit operator.

4. **FDOT could not tell if the appropriate agencies were notified. Please clarify/confirm.**

On April 7, 2019, the Draft TIP was e-mailed to the review agencies identified in the FDOT MPO Handbook by blind copy so their e-mail addresses were not broadcasted in a mass e-mail for everyone to see. In the future, the Draft TIP will be posted on the FDOT portal. The link for the TIP was also e-mailed to the members of the TPO, TCC, and CAC on April 5, 2019. The Federal and State Legislative Delegations and the local libraries were sent flash drives on April 8, 2019 which contained a copy of the Draft TIP. The due date for comments on the Draft TIP was close of

business on April 26, 2019.

5. **Based on timing of the TIP development, the FDOT Portal was not available. Please consider uploading the approved TIP.**
   The adopted FY 2020-2024 TIP will be uploaded the FDOT Portal.

Alabama Department of Transportation

1. **Regarding the disclaimer on page 2, add "State Departments of Transportation and local government" behind the USDOT.**
   Change has been made.
2. **The narrative is missing several component—organizational structure, planning emphasis areas, title VI, livability indicators, environmental mitigation, climate change, bicycle and pedestrian planning, safety planning, freight planning.**
   These components have been added to the narrative.
3. **On page ES-8, the Level of Effort has changed slightly. Reference the latest Memorandum of Understanding.**
   The necessary changes have been made to the Level of Effort on page ES-8.
4. **On page ES-9, update some of the Administrations and Modifications per the latest Memorandum of Understanding.**
   The necessary changes have been made to the Administrations and Modifications.

INTRODUCTION

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.
If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.
If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

Summary of revenue/expenditures available for new construction and remodeling projects only.

	2019 - 2020	2020 - 2021	2021 - 2022	2022 - 2023	2023 - 2024	Five Year Tota

Expenditures

Expenditure for Maintenance, Repair and Renovation from 1.50-Mills and PECO

Annually, prior to the adoption of the district school budget, each school board must prepare a tentative district facilities work program that includes a schedule of major repair and renovation projects necessary to maintain the educational and ancillary facilities of the district.

Revenue

1.50 Mill Revenue Source

Schedule of Estimated Capital Outlay Revenue from each currently approved source which is estimated to be available for expenditures on the projects included in the tentative district facilities work program. All amounts are NET after considering carryover balances, interest earned, new COP's, 1011.14 and 1011.15 loans, etc. Districts cannot use 1.5-Mill funds for salaries except for those explicitly associated with maintenance/repair projects. (1011.71 (5), F.S.)

Item	Fund	2019 - 2020 Actual Value	2020 - 2021 Projected	2021 - 2022 Projected	2022 - 2023 Projected	2023 - 2024 Projected	Total

Fair Share Revenue Source

All legally binding commitments for proportionate fair-share mitigation for impacts on public school facilities must be included in the 5-year district work program.

Nothing reported for this section.

Sales Surtax Referendum

Specific information about any referendum for a 1-cent or ½-cent surtax referendum during the previous year.

Did the school district hold a surtax referendum during the past fiscal year 2018 - 2019? No

Additional Revenue Source

Any additional revenue sources

The COFTE Projected Total (36,584) for 2023 - 2024 must match the Official Forecasted COFTE Total (36,583) for 2023 - 2024 before this section can be completed. In the event that the COFTE Projected Total does not match the Official forecasted COFTE, then the Balanced Projected COFTE Table should be used to balance COFTE.

Projected COFTE for 2023 - 2024	
Elementary (PK-3)	12,216
Middle (4-8)	13,333
High (9-12)	11,035
	36,583

Grade Level Type	Balanced Projected COFTE for 2023 - 2024
Elementary (PK-3)	0
Middle (4-8)	0
High (9-12)	0
	36,584

Relocatable Replacement

Number of relocatable classrooms clearly identified and scheduled for replacement in the school board adopted financially feasible 5-year district work program.

Location	2019 - 2020	2020 - 2021	2021 - 2022	2022 - 2023	2023 - 2024	Year 5 Total
OAKCREST ELEMENTARY	0	5	5	0	0	10

Byrneville Charter	14	SCHOOL BOARD	2002	220	193	15	195
	68			**957**	**890**		**944**

Special Purpose Classrooms Tracking

The number of classrooms that will be used for certain special purposes in the current year, by facility and type of classroom, that the district will, 1), not use for educational purposes, and 2), the co-teaching classrooms that are not open plan classrooms and will be used for educational purposes.

School	School Type	# of Elementary K-3 Classrooms	# of Middle 4-8 Classrooms	# of High 9-12 Classrooms	# of ESE Classrooms	# of Combo Classrooms	Total Classrooms
Total Educational Classrooms:		**0**	**0**	**0**	**0**	**0**	**0**

School	School Type	# of Elementary K-3 Classrooms	# of Middle 4-8 Classrooms	# of High 9-12 Classrooms	# of ESE Classrooms	# of Combo Classrooms	Total Classrooms
Total Co-Teaching Classrooms:		**0**	**0**	**0**	**0**	**0**	**0**

Infrastructure Tracking

Necessary offsite infrastructure requirements resulting from expansions or new schools. This section should include infrastructure information related to capacity project schedules and other project schedules (Section 4).

Not Specified

Proposed location of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. Provisions of 1013.33(12), (13) and (14) and 1013.36 must be addressed for new facilities planned within the 1st three years of the plan (Section 5).

Not Specified

Consistent with Comp Plan? No

Net New Classrooms

The number of classrooms, by grade level and type of construction, that were added during the last fiscal year.

List the net new classrooms added in the 2018 - 2019 fiscal year.	List the net new classrooms to be added in the 2019 - 2020 fiscal year.
"Classrooms" is defined as capacity carrying classrooms that are added to increase capacity to enable the district to meet the Class Size Amendment.	Totals for fiscal year 2019 - 2020 should match totals in Section 15A.

Location	2018 - 2019 # Permanent	2018 - 2019 # Modular	2018 - 2019 # Relocatable	2018 - 2019 Total	2019 - 2020 # Permanent	2019 - 2020 # Modular	2019 - 2020 # Relocatable	2019 - 2020 Total
Elementary (PK-3)	0	0	0	0	0	0	0	0

Failed Standard Relocatable Tracking

Relocatable units currently reported by school, from FISH, and the number of relocatable units identified as 'Failed Standards'.

Nothing reported for this section.

Planning

Class Size Reduction Planning

Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.

The School District of Escambia County has taken steps to address class-size reduction issues that include:

Closing near or over-capacity schools to transfers
Redistricting attendance zones
Approving charter contracts as appropriate
Establishing magnet programs in under-utilized sites
Establishing our own virtual academy
Increasing dual enrollment options

School Closure Planning

Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

Not Specified

Long Range Planning

Ten-Year Maintenance

District projects and locations regarding the projected need for major renovation, repair, and maintenance projects within the district in years 6-10 beyond the projects plans detailed in the five years covered by the work plan.

Nothing reported for this section.

Ten-Year Capacity

Schedule of capital outlay projects projected to ensure the availability of satisfactory student stations for the projected student enrollment in K-12 programs for the future 5 years beyond the 5-year district facilities work program.

Nothing reported for this section.

Ten-Year Planned Utilization

Schedule of planned capital outlay projects identifying the standard grade groupings, capacities, and planned utilization rates of future educational facilities of the district for both permanent and relocatable facilities.

Grade Level Projections	FISH Student Stations	Actual 2018 - 2019 FISH Capacity	Actual 2018 - 2019 COFTE	Actual 2018 - 2019 Utilization	Actual 2019 - 2020 / 2028 - 2029 new Student Capacity to be added/removed	Projected 2028 - 2029 COFTE	Projected 2028 - 2029 Utilization
Elementary - District Totals	21,923	21,923	17,627.31	80.40 %	0	17,164	78.29 %
Middle - District Totals	10,387	9,345	7,689.67	82.29 %	0	7,558	80.88 %
High - District Totals	12,706	11,969	8,943.90	74.73 %	0	9,540	79.71 %
Other - ESE, etc	5,505	2,056	3,271.66	159.14 %	0	617	30.01 %
	50,521	**45,293**	**37,532.54**	**82.87 %**	**0**	**34,879**	**77.01 %**

Combination schools are included with the middle schools for student stations, capacity, COFTE and utilization purposes because these facilities all have a 90% utilization factor. Use this space to explain or define the grade groupings for combination schools.

No comments to report.

Ten-Year Infrastructure Planning

Proposed Location of Planned New, Remodeled, or New Additions to Facilities in 06 thru 10 out years (Section 28).

Nothing reported for this section.

Plans for closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues in the 06 thru 10 out years (Section 29).

Nothing reported for this section.

Twenty-Year Maintenance

District projects and locations regarding the projected need for major renovation, repair, and maintenance projects within the district in years 11-20 beyond the projects plans detailed in the five years covered by the work plan.

Nothing reported for this section.

Twenty-Year Capacity

Schedule of capital outlay projects projected to ensure the availability of satisfactory student stations for the projected student enrollment in K-12 programs for the future 11-20 years beyond the 5-year district facilities work program.

Nothing reported for this section.

Twenty-Year Planned Utilization

Schedule of planned capital outlay projects identifying the standard grade groupings, capacities, and planned utilization rates of future educational facilities of the district for both permanent and relocatable facilities.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17831 **Growth Management Report 12. 2.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 05/07/2020
Issue: 5:46 p.m. - A Public Hearing Concerning the Renewal of the Recycling Permit for an Asphalt/Concrete Crushing Recycling Facility
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:46 p.m. - A Public Hearing Concerning the Renewal of a Recycling Permit for an Asphalt/Concrete Crushing Recycling and Processing Facility located at 13009 Beulah Road, Cantonment, FL, Escambia County Landfill

That the Board of County Commissioners (BCC) review and approve, modify, or deny the renewal of a Recycling Permit for an existing asphalt/concrete crushing recycling and processing facility located at 13009 Beulah Road, Cantonment, FL, owned by Escambia County.

BACKGROUND:

The Escambia County Perdido Landfill was originally issued a Recycling Permit on October 19, 2017, and subsequent annual renewal permit on October 4, 2018.

Prior to expiration of the renewal permit, a 180-day extension was requested and granted, with an expiration date of April 18, 2020. Due to the COVID19 pandemic, the annual renewal was postponed to the May 7, 2020, Regular BCC Meeting.

As all forms of County permits are currently under the County's Tolling Emergency Order, the total time for tolling will be added to the end of the permit period once known.

Renewal Permit - Perdido Landfill

BOARD OF COUNTY COMMISSIONERS
ESCAMBIA COUNTY, FLORIDA

INTEROFFICE MEMORANDUM

TO: Horace Jones, Department Director
Escambia County Development Services Department

THROUGH: Taylor "Chips" Kirschenfeld, Department Director / Senior Scientist
Escambia County Natural Resources Management Department

FROM: brent wipf, Manager
Escambia County Natural Resources Management Department
Water Quality & Land Management Division

DATE: March 19, 2020

RE: Escambia County Landfill Concrete Recycling (PSP#170600092) – Particulate Monitoring for Permit Compliance

The Water Quality & Land Management Division (WQLM) of the Natural Resources Management Department has been tasked by county administration with monitoring recycling facilities for respirable dust emissions and sound intensity to assure permit compliance. Monitoring data collected by the Department indicates the Perdido Landfill Recycling Facility located on Beulah Road is currently compliant with applicable county permit conditions and code requirements for respirable dust emissions and sound intensity (noise levels). Details are provided below.

County permitted recycling facilities are required to provide written notification via email at least two business days prior to beginning any crushing activities. WQLM conducts particulate monitoring of every county permitted recycling facility upon receiving written notification, but also at a minimum of once per quarter regardless of site activity. Monitoring was expanded based on Board direction to twice per quarter starting the second quarter of 2019. In addition, WQLM collects sound intensity measurements during particulate monitoring events. Data collected is posted to the Escambia County website at www.myescambia.com/our-services/natural-resources-management/particulate-monitoring.

Particulate monitoring is conducted in accordance with Escambia County and applicable Florida Department of Environmental Protection (FDEP) Standard Operating Procedures (SOPs). Field equipment is maintained and calibrated per manufacture's recommendations. Particulate samples are collected downwind of the facility at the property line. Results are based on the average of 60 individual one-minute samples. WQLM began collecting upwind (background) samples during all sampling events starting in November 2017. Collection of upwind samples is identical to the procedures followed for downwind samples with the exception that results for upwind samples are based on the average of 10 individual one-minute samples. Sound intensity, measured in decibels (dB), is recorded as an average over the duration of the corresponding particulate monitoring event.

Escambia County issued Perdido Landfill a permit on October 19, 2017 to operate a recycling facility on the 424-acre site located at 13009 Beulah Road. Respirable dust monitoring ($PM_{2.5}$) was required as a special condition of the county permit. Respirable dust, which includes silica dust, emission levels shall not exceed an hourly average of 35 µg/m^3 (micrograms per cubic meter of air). This standard is consistent with the protective human health emissions standards established by the U.S. Environmental Protection Agency, the Centers for Disease Control and Prevention, and the Florida Department of Health. The maximum permissible sound level for the facility is 95 dB based on the use and hours of operation (LDC Chapter 5, Article 9, Section 5-9.2).

WQLM has conducted a total of 10 of the Perdido Landfill facility since the issuance of the county recycling permit. One of the 10 monitoring events were conducted while the facility was actively recycling materials ("Crushing" vs. "Not Crushing"). Monitoring results as of the day of this memorandum are presented in table 1 below. Field data sheets from all monitoring events are available upon request.

Table 1: Particulates ($PM_{2.5}$) and Sound Intensity Monitoring for Escambia County Landfill Concrete Recycling Facility

Monitoring Date	**Facility Status**	**$PM_{2.5}$ Exceedance (> 35 µg/m^3)**	**$PM_{2.5}$ Downwind 60-Minute Average (µg/m^3)**	**$PM_{2.5}$ Upwind 10-Minute Average (µg/m^3)**	**Noise Level Exceedance‡ (> 95 dB)**	**Downwind Sound Intensity (dB)**	**Upwind Sound Intensity (dB)**
10/15/2018	Not Crushing	No	12	12	No	49.5	55.5
12/26/2018	Not Crushing	No	14	83	No	55.9	64.7
3/27/2019	Not Crushing	No	20	19	No	51.8	54.6
5/29/2019	Not Crushing	No	15	24	No	49.3	58.1
7/8/2019	Not Crushing	No	16	13	No	58.0	46.6
8/15/2019	Crushing	No	21	22	No	50.1	58.5
10/3/2019	Not Crushing	No	24	27	No	52.8	57.2
11/25/2019	Not Crushing	No	9	18	No	51.9	57.3
1/28/2020	Not Crushing	No	8	10	No	56.7	60.6
3/16/2020	Not Crushing	No	31	27	No	51.6	59.1

Notes: Monitoring conducted on 1/8/2020 resulted in a $PM_{2.5}$ reading of 85 µg/m^3 downwind of the facility. This reading exceeds the permit criteria of 35 µg/m^3. This data is not presented in the table above due to the presence of offsite smoke (known interferant) documented during monitoring. The offsite smoke was associated with prescribed fire.

‡ Noise intensity observations starting with the 9/25/2017 monitoring event were collected with a calibrated sound intensity meter. Prior observations were approximated using a smartphone application.

Renewal Permit to Operate a Recovered Materials Processing Facility, Recycling Facility, Resource Recovery Facility, or Volume Reduction Plant

Permittee:	**Perdido Landfill**
Facility Name:	**Escambia County Landfill Concrete Recycling**
Facility Type:	**Concrete & Asphalt Recycling**
File Number:	**PSP#170600092**
Original Date of Issue:	**October 19, 2017 (Original BCC approval)**
Renewal Date:	**May 7, 2020**
Expiration Date:	**May 6, 2021**
Development Review #:	**PSP#170600092**
Date:	**October 19, 2017 (Original BCC approval)**
Total Acreage of Facility:	**424 acres**
Total Area Licensed for Operation:	**424 acres**

This permit is issued in accordance with the applicable regulations of the Escambia County Code of Ordinances and Land Development Code. The above-named applicant, hereinafter called Permittee, is hereby authorized to perform the work or operate the facility shown in the application and approved drawing(s), plans, and other documents attached hereto or on file with the Department of Development Services, hereinafter called Department, and made a part hereof and specifically described as follows:

General Permit Conditions – All Facilities

1. The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "permit conditions" and are binding and enforceable pursuant to the authority of Chapter 82, Escambia County Code of Ordinances. Permittees placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.

2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings and exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.

3. This permit does not constitute a waiver of or approval of any other federal, state or other county permit or license that may be required for other aspects of the total project, which are not addressed in the permit.

4. This permit does not relieve Permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted facility or from penalties therefore; nor does it allow Permittee to cause pollution in contravention of Florida Statues, County and Department rules.

5. Permittee shall properly operate and maintain the facility and systems of treatment and control, where applicable, that are installed and used by Permittee to achieve compliance with the conditions of this permit. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit.

6. Permittee, by accepting this permit, specifically agrees to allow County personnel, upon presentation of credentials or other documents as may be required by law, access to the premises, at reasonable times, where the permitted activity is located or conducted for the purpose of:

    a. Inspecting the facility, equipment, practices or operations regulated or required under this permit;
    b. Sampling and monitoring any substance or parameters at any location reasonably necessary to assure compliance with this permit or Department rules, and,
    c. Having access to and copying any records that must be kept under the conditions of this permit.

7. If for any reason, Permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, Permittee shall immediately provide the Department with the following information:

    a. A description of and cause of noncompliance, and
    b. The period of noncompliance, including exact dates and times; or if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance.

8. In accepting this permit, Permittee understands and agrees that all records, notes monitoring data and other information relating to the construction or operation of the permitted facility which are submitted to the department, may be used by the Department as evidence in any enforcement case involving the permitted facility arising under the Florida Statutes or County or Department rules.

9. Permittee agrees to comply with changes in Department rules after a reasonable time for compliance.

General Permit Conditions – All Facilities – Continued

10. This permit is transferable only upon Department approval in accordance with applicable county rules. Permittee shall be liable for any noncompliance of the permitted activity until the Department approves the transfer of permit.

11. This permit is required to be kept at the facility, which is permitted during the entire period of construction or operation.

12. Permittee shall submit all comments or correspondence required by this permit to:

Horace L. Jones, Department Director
Development Services Department
3363 West Park Place
Pensacola, Florida 32505

Phone 850-595-3472

E-mail ptjohnson@myescambia.com

Specific Permit Conditions

1. Compatibility

Buffering shall be maintained as described and approved by the Development Order and Site Plan associated with this project.

The scale, intensity and operation shall not generate unreasonable noise, traffic, objectionable odors, dust, or other potential nuisances or hazards to contiguous residential properties.

2. Environmental Health

The County and/or its designated agent(s) will conduct environmental testing to determine and monitor respirable dust emission levels at Permittee's property line. Respirable dust, which includes silica dust, emission levels shall not exceed the PM2.5 fine particle standard of 35 µg/m3 (micrograms per cubic meter of air) consistent with the protective human health emission standards established by the U.S. Environmental Protection Agency, the Centers for Disease Control and Prevention, and the Florida Department of Health. If a qualified expert determines that respirable dust emission levels exceed the PM2.5 standard of 35 µg/m3 on any single occasion, based upon an hourly average of sixty (60) samples taken at a rate of one sample per minute, such determination shall result in the immediate

Specific Permit Conditions - Continued

ceasing of crushing operations and this permit may be revoked by the County Administrator after notice of unsatisfactory performance. and failure to make the necessary corrections within a reasonable time as determined by the County Administrator or his designee. Permittee shall be allowed to crush for purposes of making the necessary corrections and demonstrating satisfactory performance to the County Administrator or his designee. Permittee may appeal the County Administrator's decision to revoke the permit to the Board of County Commissioners within ten (10) calendar days of the mailing of the notice of revocation to the Department of Solid Waste Management, 13009 Beulah Road, Cantonment, Florida 32533, or ptjohnson@myescambia.com (or such address as the Permittee may provide to the County Administrator in writing). Revocation shall not be final, and crushing operations shall not resume, until the appeal is heard.

In order to facilitate the environmental testing specified above, the Permittee shall provide written notice to the County's Natural Resources Management Department at least two (2) business days prior to beginning any crushing activities on site. Notice may be delivered via email to escambiawqlm@co.escambia.fl.us

3. Best Management Practices for Track Out Dust Control.

The Permittee shall abide by Best Management Practices, approved by the Escambia County Development Services, Solid Waste, and Natural Resources Departments, and attached hereto as Addendum A, and incorporated herein by reference, for the management of all track out dust.

4. Leachate Controls

Recovered materials processing facilities, recycling facilities and operations, resource recovery facilities and operations, volume reduction plants shall conform to all performance standards governing the containment, collection and treatment of leachate pursuant to Chapter 403, Florida Statutes, and any other applicable regulations promulgated by the Florida Department of Environmental Protection.

5. Operational Hours

Operational hours shall be as established by the Approved Development Order for the project.

6. Permit Renewals

Permittee shall submit an application, on Department provided forms, no later than 60 days before the expiration of the current permit. Applications submitted in accordance with this section, even if incomplete, shall be deemed complete, and the current permit will be extended until corrections are submitted. Notwithstanding the above, in no instance will permits be extended more than 180 days past the expiration date of the permit.

BCC Regular Meeting **Public Hearing**
Meeting Date: 05/07/2020
Issue: 5:47 p.m. - A Public Hearing Concerning the Renewal of Operational Permit for Resource Extraction for Brickton Borrow Pit
From: HORACE JONES, Director
Organization: Development Services
CAO Approval:

RECOMMENDATION:
5:47 p.m. - A Public Hearing Concerning the Renewal of Operational Permit for Resource Extraction for Brickton Borrow Pit

That the Board of County Commissioners (BCC) review and approve, modify, or deny the renewal of an Operational Permit for Resource Extraction for Brickton Borrow Pit, located at 8700 BLK Highway 29, owned by C.R. Campbell.

BACKGROUND:
A borrow pit permit was originally approved by the Board of County Commissioners for Brickton Borrow Pit on May 21, 2015. The expansion for Brickton was approved by the BCC on August 3, 2017.

Due to the COVID19 pandemic, all forms of County permits are currently under the County's Tolling Emergency Order, with the total time for tolling to be added to the end of the permit period once known.

BUDGETARY IMPACT:

STANDARD PROJECT CONDITIONS

1. This Resource Extraction Permit incorporates all the operational requirements, standard project conditions, and any other special project conditions or approval stated in Site Plan Development Order#_____and Resource Extraction Permit #_____

2. The County Resource Extraction Permit, for approved borrow pits only, shall be valid for five years from the date of approval by the Board of County Commissioners, following approval, and may be renewed upon application by the permittee and approval by the Board of County Commissioners (BCC). As a condition of obtaining and maintaining a county Resource Extraction Permit, a permittee shall submit an annual affidavit on a form prepared by Escambia County that describes the scope of activities occurring on-site. The permittee shall also consent to random and periodic inspections of the site by Escambia County representatives, with such inspections to occur at a minimum of two (2) times per year.

3. The issuance of this permit by Escambia County does not confirm, guarantee nor imply any authorization of any C&DD (Construction & Demolition Debris) or LCD (Land Clearing Debris) activities or permits.

4. **Prior to issuance of any permit for C&DD or LCD activities, the BCC must approve reclamation of the site at a duly advertised public hearing, per Chapter 82 of the Escambia County Code of Ordinances. No land disturbing permits, building construction or land clearing pre-site activities shall be permitted prior to BCC approval for C&DD operations and/or LCD operations.**

5. In the event Escambia County determines a borrow pit operation is in violation of the terms of its permit, is allowing unlawful disposal, refuses to obtain a permit or otherwise poses a risk to the public's health, safety, and welfare, the County Administrator may request that the County Attorney's Office immediately file a request for an emergency injunction, or other appropriate relief, in a court of competent jurisdiction, with such filing to be subsequently ratified by the BCC.

6. The date of issuance of this permit is the _____ day of _____, and the effective date is_____.The expiration date of this permit is_____.

Escambia County, Florida

AI-17765 **Growth Management Report** **12. 1.**
BCC Regular Meeting **Action**
Meeting Date: 05/07/2020
Issue: Action Item - Redfish Harbor Final Plat
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning Final Plat Redfish Harbor Permit FP# 2003905
That the Board take the following action concerning recording of Redfish Harbor a Planned Unit Development (a 92-lot private residential subdivision), located in the Innerarity Community, lying north off Innerarity Point Road and west of the intersection of Sorrento Road, Gulf Beach Highway and Perdido Key Drive. Owned and developed by Redfish Harbor, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the subdivision plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute:

A. Approve the subdivision plat for recording in the public records;

B. Approve street names “Trout Lane, Red Drum Court, Pelican Place and Osprey Drive”;

C. Approve the amendment of the amenities note on the PUD agreement to match the approved Preliminary Plat and Construction Plans, and;

D. Authorize Chairman or Vice Chairman to execute a Conservation Easement.

BACKGROUND:

On February 2, 2016, Escambia County Board of County Commissioners approved the Planned Unit Development (PUD) Plan for a proposed subdivision known as Redfish Harbor. As a result of receiving the said approval, the Preliminary Plat and Construction Plans were approved on November 2, 2016, in accordance with the applicable processes, procedures, and regulations of the Land Development Code of Escambia County. The Escambia County Public

Safety Department approved the street names “Trout Lane, Red Drum Court, Pelican Place and Osprey Drive” on August 8, 2016. Development Services Department field staff inspected the improvements on April 23, 2020, and found improvements substantially complete and in accordance with applicable County Requirements. An executed Conservation Easement will be recorded with the subdivision plat. County staff has reviewed and approves plat.

LEGAL CONSIDERATIONS/SIGN-OFF:

This recommendation is consistent with previous practices of the County Attorney’s Office. The Conservation Easement was reviewed and approved by Kia Johnson on April 27, 2020.

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required. Future Road Department budgets will not reflect additional cost to maintain these private improvements.

POLICY/REQUIREMENT FOR BOARD ACTION:

Based on Escambia County Land Development Code – with regards to providing procurement for surety to warrant subdivision improvements (Ord. #2002-9) and the Florida State Plat Act - Chapter 177.

IMPLEMENTATION REQUIREMENTS:

Once the subdivision plat has been approved by the Board and final sign-off given by the County Surveyor, the plat shall be transmitted to the Clerk of Court’s Office for Clerk signatures and recording in the public records of Escambia County, Florida.

COORDINATION WITH OTHER AGENCIES/PERSONS:

Staff has been in contact with the developer, developer’s engineer and surveyor, County Engineer, County Surveyor, County Road Department, County Building Inspections and Development Services Department.

CONSERVATION EASEMENT
(Limited Liability Company)

THIS GRANT OF A CONSERVATION EASEMENT made this 25th day of March, 2020 by and between Redfish Harbor LLC, a limited liability company organized under the laws of the State of, whose mailing address is 106 Stone Blvd, Cantonment, Fl 32533 ("Grantor," which term shall include the singular and plural, masculine and feminine), and Escambia County, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose mailing address is 221 Palafox Place, Pensacola, Florida 32502 (Grantee).

WITNESSETH

WHEREAS Grantor is the owner of certain real property located in Escambia County, Florida; and

WHEREAS, Grantee requires, as a condition precedent to the development or use of the property, conveyance from the Grantor of a Conservation Easement pursuant to Section 704.06, Florida Statutes; and

WHEREAS Grantor has agreed to grant a Conservation Easement to Grantee in and over Grantor's property under the terms and conditions set forth in this document; and

WHEREAS the intent of the Conservation Easement is to ensure that the property will be retained and maintained in perpetuity predominantly in the natural vegetative and hydrologic condition existing at the time of execution of this Conservation Easement;

NOW, THEREFORE, Grantor, for good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, does hereby grant to Grantee and Grantee's successors and assigns, a perpetual Conservation Easement in and over the following described property (Property):

See legal description attached as Exhibit A

This easement is granted with the following express conditions:

1. All wetlands on the Property shall be maintained in perpetuity in their present enhanced or created condition and consistent with Section 704.06 of the Florida Statutes.
2. Grantee or its authorized representative is entitled to enter the Property in a reasonable manner and at reasonable times to ensure compliance with the conditions of the Conservation Easement.

3. Except for the construction of elevated single-family piers and boardwalks to access waters of the State, the following activities are prohibited on the Property:

a. Construction or placing of buildings, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground.

b. Dumping or placing of soil or other substance or material as landfill, or dumping or placing of trash, waste, or unsightly or offensive materials.

c. Removal or destruction of trees, shrubs, or other vegetation, with the exception of nuisance and exotic plant species as may be required by Grantee.

d. Excavation, dredging, or removal of loam, peat, gravel, soil, rock or other material substance in such manner as to affect the surface.

e. Surface use except for purposes that permit wetlands or water areas to remain predominantly in their natural condition.

f. Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation.

g. Acts or uses detrimental to such retention of land or water areas.

h. Acts or uses detrimental to the preservation of the structural integrity or physical appearance of sites or properties of historical, architectural, archaeological, or cultural significance.

i.

4. The Grantor agrees to bear all costs and liability relating to the operation and maintenance of the lands subject to this Conservation Easement in the natural vegetative and hydrologic condition existing at the time of execution of this Conservation Easement.

5. The Conservation Easement runs with the land and is binding on the Grantor and their successors and assigns, and all subsequent owners of the Property.

6. The Conservation Easement may be enforced by injunction or proceeding in equity or at law. Grantor agrees that venue for any enforcement action lies exclusively in the circuit court of the First Judicial Circuit in Escambia County, Florida. In any enforcement action in which the Grantee prevails, Grantee is entitled to recover reasonable attorney's fees and costs in the trial and appellate courts, in addition to the cost of restoring the land to the natural vegetative and hydrologic conditions existing at the time of execution of this Conservation Easement. These remedies are in addition to any other remedy, fine or penalty that may be available at law or equity.

7. Any forbearance on behalf of the Grantee to exercise its rights in the event of the failure of Grantor to comply with the provisions of this Conservation Easement shall not be deemed or construed to be a waiver of the Grantee's rights in the event of any subsequent failure of the Grantor to comply.

ACCEPTANCE

This Conservation Easement accepted by Escambia County, Florida on the _____day of _____2020, as authorized by the Board of County Commissioners of Escambia County, Florida at its meeting held on the _____day of _____,2020.

Development Services Director or Designee — Date

This document has been reviewed in accordance with the requirements of applicable Escambia County Regulations and Ordinances, and does not in any way relieve the submitting Architect, Engineer, Surveyor or other signatory from responsibility of details as drawn. A Development Order (DO) must be obtained through the Development Review Process prior to the commencement of construction. This DO approval does not constitute approval by any other agency. All additional state/federal permits shall be provided to the county prior to approval of a final plat or the issuance of state/federal permits shall be provided to the county prior to approval of a final plat or the issuance of a building permit.

SURVEYOR'S NOTES:

1. THE BEARINGS AS SHOWN HEREON ARE REFERENCED TO THE BEARING OF S02°51'58"E ALONG THE EAST LINE OF THE SUBJECT PROPERTY ACCORDING TO THE FLORIDA STATE PLANE COORDINATE SYSTEM, ZONE NORTH, NORTH AMERICAN DATUM 1983(07).
2. THE SURVEY DATUM AS SHOWN HEREON IS REFERENCED TO THE DESCRIPTION AS FURNISHED AND TO EXISTING FIELD MONUMENTATION.
3. A TITLE SEARCH / PLAT LETTER WAS PROVIDED TO MERRILL PARKER SHAW, INC., BY FIRST AMERICAN TITLE INSURANCE COMPANY, FILE NUMBER 1054-4639186, DATED MARCH 5, 2020, FOR THE SUBJECT PROPERTY. THERE MAY BE UNRECORDED DEEDS, EASEMENTS, RIGHTS-OF-WAY, STATE AND/OR FEDERAL JURISDICTIONAL AREAS OR OTHER INSTRUMENTS WHICH COULD AFFECT THE SUBJECT PROPERTY.
4. THIS SURVEY DOES NOT DETERMINE OWNERSHIP.
5. THIS SURVEY MEETS THE STANDARDS OF PRACTICE AS SET FORTH BY THE FLORIDA BOARD OF PROFESSIONAL LAND SURVEYORS IN CHAPTER 5J-17.051 AND 5J-17.052 FLORIDA ADMINISTRATIVE CODE, PURSUANT TO SECTION 472.027, FLORIDA STATUTES, TO THE BEST OF MY KNOWLEDGE AND BELIEF.
6. THE MEASUREMENTS AS SHOWN HEREON WERE MADE TO UNITED STATES STANDARDS.
7. THE ELEVATIONS AS SHOWN HEREON ARE REFERENCED TO THE NORTH AMERICAN VERTICAL DATUM OF 1988, FROM THE TRIMBLE VRS NOW NETWORK GPS OBSERVATION.
8. THE MEAN HIGH WATER ELEVATION AS SHOWN HEREON HAS BEEN ESTABLISHED BY EXTENDING THE ELEVATION SHOWN AT MEAN HIGH WATER INTERPOLATION POINT NUMBER 3358.
9. THERE SHALL BE A 10 FOOT PRIVATE DRAINAGE EASEMENT ALONG ALL COMMON LOT LINES, BEING 5 FOOT ON EACH SIDE OF SAID LINES. FENCES OR OTHER STRUCTURES IN THESE EASEMENTS SHALL NOT IMPEDE STORMWATER FLOW.
10. FENCES OR OTHER STRUCTURES SHALL NOT BE INSTALLED IN THE DRAINAGE/ACCESS EASEMENTS (PUBLIC OR PRIVATE) AND THEY SHALL BE ACCESSIBLE AT ALL TIMES.
11. ALL PLATTED UTILITY EASEMENTS AS SHOWN HEREON SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES IN ACCORDANCE WITH AND SUBJECT TO THE PROVISIONS OF SECTION 177.091 (28) FLORIDA STATUES.
12. AN EASEMENT IN FAVOR OF GULF POWER EXIST ALONG ALL PUBLIC/PRIVATE STREETS, RIGHTS OF WAY/ALLEYS AND COMMON ELEMENTS AND ALSO THE FRON 5 FEET OF ALL PLATTED LOTS, AS RECORDED IN OFFICIAL RECORDS BOOK 8184 AT PAGE 355 OF THE PUCLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA.

BUILDING SETBACK REQUIREMENTS:

FRONT YARD: 15 FEET

REAR YARD: 10 FEET.

SIDE YARD: THE SIDE SETBACK SHALL BE 10% OF THE LOT WIDTH WHEN MEASURED ALONG THE FRONT BUILDING SETBACK LINE OR 5 FEET WHICHEVER IS GREATER, NOT TO EXCEED 15 FEET. (THE SIDE SETBACK SHALL DEVIATE FROM THE STANDARD REQUIRMENTS AND RUN CONCURRENT WITH THE DRAINAGE/ACCESS EASEMENTS LOCATED ON LOTS 1-2, LOTS 3-4, LOTS 7-8, LOTS 15-16 AND LOTS 20-21, BLOCK E)

NOTICE:

THIS PLAT, AS RECORDED IN ITS GRAPHIC FORM, IS THE OFFICIAL DEPICTION OF THE SUBDIVIDED LANDS DESCRIBED HEREIN AND WILL IN NO CIRCUMSTANCES BE SUPPLANTED IN AUTHORITY BY ANY OTHER GRAPHIC OR DIGITAL FORM OF THE PLAT.

THERE MAY BE ADDITIONAL RESTRICTIONS THAT ARE NOT RECORDED ON THIS PLAT THAT MAY BE FOUND IN THE PUBLIC RECORDS OF THIS COUNTY.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17766 **Growth Management Report** **12. 2.**
BCC Regular Meeting **Action**
Meeting Date: 05/07/2020
Issue: Action Item - Queens Gate Final Plat
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning Final Plat Queens Gate Permit FP# 2003909
That the Board take the following action concerning recording Queens Gate (a 40-lot residential subdivision), located in the Millview Community, lying west off Ora Drive and west of Dog Track Road (County Road 297). Owned and developed by Dog Track Area Developers, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the subdivision plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute:

A. Approve the subdivision plat for recording in the public records;

B. Approve the street name “Queens Gate Circle”;

C. Accept all public easements, pond, drainage improvements within public easements as depicted upon the subdivision plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU); and

D. Authorize Chairman or Vice Chairman to execute a Two-Year Warranty Agreement without Surety.

BACKGROUND:

The Preliminary Plat and Construction Plans were approved on November 14, 2018. The Escambia County Public Safety Department approved the street name “Queens Gate Circle” on April 17, 2018. Development Services Department field staff inspected the improvements on April 23, 2020, and found improvements substantially complete and in accordance with applicable County Requirements.

An executed Two-Year Warranty Agreement without Surety will be recorded with the subdivision plat. County staff has reviewed and approves plat.

LEGAL CONSIDERATIONS/SIGN-OFF:

This recommendation is consistent with previous practices of the County Attorney's Office. The Two-Year Warranty Agreement without Surety was reviewed and approved by Kia Johnson on April 27, 2020.

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required. Future Road Department budgets will reflect additional cost to maintain these improvements, if any.

POLICY/REQUIREMENT FOR BOARD ACTION:

Based on Escambia County Land Development Code – with regards to providing procurement for surety to warrant subdivision improvements (Ord. #2002-9) and the Florida State Plat Act - Chapter 177.

IMPLEMENTATION REQUIREMENTS:

Once the subdivision plat has been approved by the Board and final sign-off given by the County Surveyor, the plat shall be transmitted to the Clerk of Court's Office for Clerk signatures and recording in the public records of Escambia County, Florida.

COORDINATION WITH OTHER AGENCIES/PERSONS:

Staff has been in contact with the developer, developer's engineer and surveyor, County Engineer, County Surveyor, County Road Department, County Building Inspections and Development Services Department.

TWO-YEAR WARRANTY AGREEMENT FOR STREETS AND DRAINAGE IMPROVEMENTS WITHOUT SURETY/FINANCIAL SECURITY (Limited Liability Company)

This Two-Year Warranty Agreement (Agreement) is entered by and between Dogtrack Area Developers, LLC, a limited liability company organized under the laws of the State of Florida whose address is 3838 North Palafox Street, Pensacola, Florida 32505 (Developer) and Escambia County, a political subdivision of the State of Florida, whose address is Post Office Box, 1591, 221 Palafox Place, Pensacola, Florida 32591 (County).

WITNESSETH:

WHEREAS, Developer has undertaken to develop and construct certain streets and drainage improvements in and for Queens Gate, more particularly described as follows:

See Exhibit A (Legal Description) for Queens Gate, PB_____PG_____; and

WHEREAS, Developer wishes to have the streets and drainage improvements dedicated to the public and accepted for maintenance by the County; and

WHEREAS, the streets and drainage improvements have been built and approved in accordance with County standards; and

WHEREAS, a condition of the County accepting the streets and drainage improvements is the Developer's agreement to provide a warranty for the improvements;

NOW, THEREFORE, in consideration of the County accepting the streets and drainage improvements, and for other good and sufficient consideration, the receipt of which is acknowledged, Developer and the County agree as follows:

1. The foregoing recitals are incorporated in this Agreement by reference.

2. Developer warrants that it shall, at its sole expense, for a period of two years from the date of the County's acceptance of the above-referenced streets and drainage improvements (Warranty Period):

a. repair all defects due to design, construction, materials or workmanship that may be discovered during the Warranty Period; and

b. take every reasonable precaution during the course of any repairs to protect the work from damage by the elements and provide and maintain suitable barricades and signs, which shall remain lighted from sunset to sunrise; and

c. indemnify, pay on behalf of, protect, defend, and hold harmless the County, or its officers, agents, and employees from and against any demand, claim, suit, loss, expense or damage that may be asserted against any of them by reason of any alleged damage to property or injury to or death of any person arising out of or in any way related to a defect in streets and drainage improvements or Developer's obligations under this Agreement.

3. During the Warranty Period, if in the judgment of the County Engineer or her designee repairs to the streets and drainage improvements become necessary due to any defect in the design, construction, materials, or workmanship, then upon notice from the County, Developer shall, at its sole expense, remove and replace all defective materials, repair any defects, and otherwise bring the improvements into compliance with the construction drawings and specifications approved by the Escambia County Development Review Committee. Developer shall correct any defect within thirty (30) calendar days, or, if the defect cannot reasonably be corrected within that period, commence corrective action within thirty (30) calendar days and thereafter diligently pursue the corrective action to completion. The County Engineer, in her sole discretion, may require the Developer to fulfill its obligations within a shorter period of time in order to comply with federal, state or local regulations or to protect the public health, safety, or welfare. Should the Developer fail to fulfill its obligations, the County may perform the repairs necessary to correct the defect, and the Developer shall be responsible for the costs of any such repairs, even if the County performs the repairs after the expiration of the Warranty Period. If the Developer fails to pay the costs incurred by the County within thirty (30) days of County's written demand, then the County may pursue collection of such costs in a court of competent jurisdiction.

4. In any judicial action brought by the County to enforce the provisions of this Agreement, Developer agrees to pay the costs, including reasonable attorney's fees through appeal, that the County may incur. Venue for any judicial action shall lie in Escambia County, Florida.

5. The parties shall execute the original Agreement with all attached exhibits. The Developer shall record the executed Agreement in the public records and provide a certified copy of the recorded Agreement to the County's Engineering Department.

6. During the Warranty Period, Developer shall advise the County in writing of any change in address, contact information or corporate status.

7. Developer's obligations under this Agreement shall include, but not be limited to, the following infrastructure deficiencies: (i) cracked concrete and cracked curbing, (ii) minor ponding of water on the asphalt, (iii) minor settling of asphalt areas, (iv) minor deficiencies in storm pipe, (v) ponds recharging at a slow rate but still meeting regulatory requirements, and (vi) stabilization and erosion.

8. Developer's failure to perform its obligations under this Agreement may result in the denial of building permits and certificates of occupancy.

IN WITNESS THEREOF, the parties have executed this Agreement on the dates shown below.

SURVEYOR'S NOTES:

1.) THE BEARINGS AS SHOWN HEREON ARE REFERENCED TO THE BEARING OF SOUTH 03 DEGREES 02 MINUTES 07 SECONDS WEST ALONG THE WEST LINE OF SECTION 29, TOWNSHIP-2-SOUTH, RANGE-31-WEST, ESCAMBIA COUNTY, FLORIDA, ACCORDING TO THE FLORIDA STATE PLANE COORDINATE SYSTEM, ZONE NORTH, NORTH AMERICAN DATUM 1983(2011), AS ESTABLISHED FROM THE TRIMBLE VRS NOW NETWORK

2.) THE SURVEY DATUM AS SHOWN HEREON IS REFERENCED TO THE DEEDS OF RECORD, AND TO EXISTING FIELD MONUMENTATION.

3.) NO SEARCH WAS FURNISHED TO MERRILL PARKER SHAW, INC. FOR THE SUBJECT PROPERTY. THERE MAY BE DEEDS OF RECORD, UNRECORDED DEEDS, RIGHTS-OF-WAY, EASEMENTS, BUILDING SETBACKS, RESTRICTIVE COVENANTS, GOVERNMENTAL JURISDICTIONAL AREAS OR OTHER INSTRUMENTS WHICH COULD AFFECT THE BOUNDARIES AND/OR USE OF THE SUBJECT PROPERTY.

4.) THE SURVEY AS SHOWN HEREON DOES NOT DETERMINE OWNERSHIP.

5.) THE MEASUREMENTS MADE IN THE FIELD, INDICATED THUSLY (F), AS SHOWN HEREON WERE MADE IN ACCORDANCE WITH UNITED STATES STANDARDS.

6.) THERE SHALL BE A 10 FOOT PRIVATE DRAINAGE EASEMENT ALONG ALL COMMON LOT LINES, BEING 5 FOOT ON EACH SIDE OF SAID LINES. FENCES AND OTHER STRUCTURES SHALL NOT IMPEDE STORMWATER FLOW.

7.) ALL PLATTED UTILITY EASEMENTS AS SHOWN HEREON SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES IN ACCORDANCE WITH AND SUBJECT TO THE PROVISIONS OF SECTION 177.091 (28) FLORIDA STATUES.

8.) FENCES OR ANY OTHER STRUCTURES SHALL NOT BE INSTALLED IN DRAINAGE/ACCESS EASEMENTS (PUBLIC OR PRIVATE), THESE EASEMENTS SHALL BE ACCESIBLE AT ALL TIMES.

9.) THERE ARE 10 FOOT PRIVATE DRAINAGE EASEMENTS ALONG EACH COMMON LOT LINE, 5 FOOT ON EACH LOT. FENCES OR OTHER STRUCTURES WITHIN THESE EASEMENTS SHALL NOT IMPEDE THE FLOW OF STORMEATER.

BUILDING SETBACK REQUIREMENTS:

FRONT YARD: 20 FEET

SIDE YARD: THE SIDE SETBACK SHALL BE 10% OF THE LOT WIDTH WHEN MEASURED ALONG THE FRONT BUILDING SETBACK LINE OR 5 FEET WHICHEVER IS GREATER, NOT TO EXCEED 15 FEET.

REAR YARD: 20 FEET.

CONSERVATION EASEMENT NOTE:

LOTS 4,5,6 BLOCK "B" AND LOT 13, BLOCK "C" CONTAIN JURISDICTIONAL WETLAND BUFFERS. CONSERVATION EASEMENT AREAS CONSISTING OF WETLANDS AND ASSOCIATED WETLAND BUFFERS SHALL REMAIN IN THEIR NATURAL STATE AND NO STRUCTURES SHALL BE CONSTRUCTED IN SAID AREAS.

NOTICE:

THIS PLAT, AS RECORDED IN ITS GRAPHIC FORM, IS THE OFFICIAL DEPICTION OF THE SUBDIVIDED LANDS DESCRIBED HEREIN AND WILL IN NO CIRCUMSTANCES BE SUPPLANTED IN AUTHORITY BY ANY OTHER GRAPHIC OR DIGITAL FORM OF THE PLAT.

THERE MAY BE ADDITIONAL RESTRICTIONS THAT ARE NOT RECORDED ON THIS PLAT THAT MAY BE FOUND IN THE PUBLIC RECORDS OF THIS COUNTY.

DESCRIPTION: *(AS PREPARED BY MERRILL PARKER SHAW, INC.)*

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17767 **Growth Management Report** **12. 3.**
BCC Regular Meeting **Action**
Meeting Date: 05/07/2020
Issue: Action Item - Airway Trace Final Plat
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning Final Plat Airway Trace Permit FP# 2002672

That the Board take the following action concerning recording of Airway Trace (a 6-lot residential subdivision), located in the Ensley Community, lying west off Airway Drive and south of East Nine Mile Road (U.S. Alternate Highway 90). Owned and developed by Breland Homes Coastal, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the subdivision plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute:

A. Approve the subdivision plat for recording in the public records;

B. Accept all public easements, pond, drainage improvements within public easements as depicted upon the subdivision plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU); and

C. Authorize Chairman or Vice Chairman to execute a Two-Year Warranty Agreement with Surety and an Irrevocable Letter of Credit for sidewalk installations.

BACKGROUND:

The Preliminary Plat was approved on May 15, 2019. Development Services Department field staff inspected the improvements on April 23, 2020, and found improvements substantially complete and in accordance with applicable County Requirements. An executed Two-Year Warranty Agreement with Surety and Irrevocable Letter of Credit will be recorded with the subdivision plat. County staff

has reviewed and approves plat.

LEGAL CONSIDERATIONS/SIGN-OFF:

This recommendation is consistent with previous practices of the County Attorney's Office. The Two-Year Warranty Agreement with Surety and Irrevocable Letter of Credit was reviewed and approved by Kia Johnson on April 27, 2020.

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required. Future Road Department budgets will reflect additional cost to maintain these improvements, if any.

POLICY/REQUIREMENT FOR BOARD ACTION:

Based on Escambia County Land Development Code – with regards to providing procurement for surety to warrant subdivision improvements (Ord. #2002-9) and the Florida State Plat Act - Chapter 177.

IMPLEMENTATION REQUIREMENTS:

Once the subdivision plat has been approved by the Board and final sign-off given by the County Surveyor, the plat shall be transmitted to the Clerk of Court's Office for Clerk signatures and recording in the public records of Escambia County, Florida.

COORDINATION WITH OTHER AGENCIES/PERSONS:

Staff has been in contact with the developer, developer's engineer and surveyor, County Engineer, County Surveyor, County Road Department, County Building Inspections and Development Services Department.

TWO-YEAR WARRANTY AGREEMENT FOR STREETS AND DRAINAGE IMPROVEMENTS WITH SURETY/FINANCIAL SECURITY (Limited Liability Company)

This Two-Year Warranty Agreement (Agreement) is entered by and between AIRWAY DEVELOPMENT, LLC, a limited liability company organized under the laws of the State of Florida, whose address is 2101 Clinton Avenue, W., Suite 201, Huntsville, Alabama 35805 (Developer) and ESCAMBIA COUNTY, a political subdivision of the State of Florida, whose address is Post Office Box 1591, 221 Palafox Place, Pensacola, Florida 32591 (County).

WITNESSETH:

WHEREAS, Developer has undertaken to develop and construct certain streets and drainage improvements in and for AIRWAY TRACE subdivision development, more particularly described as follows:

See Exhibit A (Legal Description) for AIRWAY TRACE PB ____ PG ____; and

WHEREAS, Developer wishes to have the streets and drainage improvements dedicated to the public and accepted for maintenance by the County; and

WHEREAS, the streets and drainage improvements have been built and approved in accordance with County standards; and

WHEREAS, a condition of the County accepting the streets and drainage improvements is the Developer's agreement to provide a warranty for the improvements;

NOW, THEREFORE, in consideration of the County accepting the streets and drainage improvements, and for other good and sufficient consideration, the receipt of which is acknowledged, Developer and the County agree as follows:

1. The foregoing recitals are incorporated in this Agreement by reference.

2. Developer warrants that it shall, at its sole expense, for a period of two years from the date of the County's acceptance of the above-referenced streets and drainage improvements (Warranty Period):

a. repair all defects due to design, construction, materials or workmanship that may be discovered during the Warranty Period; and

b. take every reasonable precaution during the course of any repairs to protect the work from damage by the elements and provide and maintain suitable barricades and signs, which shall remain lighted from sunset to sunrise; and

c. indemnify, pay on behalf of, protect, defend, and hold harmless the County, or its officers, agents, and employees from and against any demand, claim, suit, loss, expense or damage that may be asserted against any of them by reason of any alleged damage to property or injury to or death of any person arising out of or in any way related to a defect in streets and drainage improvements or Developer's obligations under this Agreement.

3. During the Warranty Period, if in the judgment of the County Engineer or her designee repairs to the streets and drainage improvements become necessary due to any defect in the design, construction, materials, or workmanship, then upon notice from the County, Developer shall, at its sole expense, remove and replace all defective materials, repair any defects, and otherwise bring the improvements into compliance with the construction drawings and specifications approved by the Escambia County Development Review Committee. Developer shall correct any defect within thirty (30) calendar days, or, if the defect cannot reasonably be corrected within that period, commence corrective action within thirty (30) calendar days and thereafter diligently pursue the corrective action to completion. The County Engineer, in her sole discretion, may require the Developer to fulfill its obligations within a shorter period of time in order to comply with federal, state or local regulations or to protect the public health, safety, or welfare. Should the Developer fail to fulfill its obligations, the County may perform the repairs necessary to correct the defect, and the Developer shall be responsible for the costs of any such repairs, even if the County performs the repairs after the expiration of the Warranty Period. If the Developer fails to pay the costs incurred by the County within thirty (30) days of County's written demand, then the County may pursue collection of such costs in a court of competent jurisdiction.

4. In any judicial action brought by the County to enforce the provisions of this Agreement, Developer agrees to pay the costs, including reasonable attorney's fees through appeal, that the County may incur. Venue for any judicial action shall lie in Escambia County, Florida.

5. The parties shall execute the original Agreement with all attached exhibits. The Developer shall record the executed Agreement in the public records and provide a certified copy of the recorded Agreement to the County's Engineering Department.

6. During the Warranty Period, Developer shall advise the County in writing of any change in address, contact information or corporate status.

7. Developer's obligations under this Agreement shall include, but not be limited to, the following infrastructure deficiencies: (i) cracked concrete and cracked curbing, (ii) minor ponding of water on the asphalt, (iii) minor settling of asphalt areas, (iv) minor deficiencies in storm pipe, (v) ponds recharging at a slow rate but still meeting regulatory requirements, and (vi) stabilization and erosion.

8. Developer's failure to perform its obligations under this Agreement may result in the denial of building permits and certificates of occupancy.

9. In order to ensure completion of streets and drainage improvements, Developer provides as security deposit an Irrevocable Letter of Credit issued by CenterState Bank (attached as Exhibit B) in the amount of $20,564.05, which is based on a certified cost estimate prepared and sealed by Developer's Engineer, subject to approval by the County Engineer. A copy of the cost estimate is attached as Exhibit C. The estimate shall list acceptable improvements and any minor documented deficiencies to be evaluated by the County Engineer at a future date prior to release of warranty, including, if applicable, any proposed or required sidewalks. If cash is provided as a security deposit, the County will deposit it in an escrow account with withdrawals conditioned upon the approval of the County Engineer; unused funds shall be released to the Developer upon satisfactory completion of the punch list items. If an irrevocable letter of credit is provided as a security deposit, the original letter of credit shall be returned to the Developer, and the County Administrator shall execute a waiver of the County's right to draw funds on the letter of credit upon satisfactory completion of the Warranty Period.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17773 **Growth Management Report** **12. 4.**
BCC Regular Meeting **Action**
Meeting Date: 05/07/2020
Issue: Action Item - Bentley Oaks Unit 4 Phase 2 Final Plat
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning Final Plat Bentley Oaks Unit 4, Phase 2 Permit FP# 2001255

That the Board take the following action concerning recording Bentley Oaks Unit 4, Phase 2 (a 54-lot residential subdivision), located in the Cantonment Community, lying west off County Road 297A and north of West Kingsfield Road (County Road 186). Owned and developed by Beaird Development, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the subdivision plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute;

A. Approve the subdivision plat for recording in the public records;

B. Approve street names “Avalon Street, Quartz Avenue and Granite Lane”;

C. Accept all public easements, pond, drainage improvements within public easements as depicted upon the subdivision plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU); and

D. Authorize Chairman or Vice Chairman to execute a Two-Year Warranty Agreement with Surety and Irrevocable Letter of Credit.

BACKGROUND:

The Preliminary Plat and Construction Plans were approved on November 14, 2018. The Escambia County Public Safety Department approved the street names "Avalon Street, Quartz Avenue and Granite Lane" on April 27, 2020. Development Services Department field staff inspected the improvements on May xx 2020, and found improvements substantially complete and in accordance with applicable County Requirements. An executed Two-Year Warranty Agreement with Surety will be recorded with the subdivision plat. County staff has reviewed and approves plat.

LEGAL CONSIDERATIONS/SIGN-OFF:

This recommendation is consistent with previous practices of the County Attorney's Office. The Two-Year Warranty Agreement with Surety was reviewed and approved by Kia Johnson on May xx, 2020.

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required. Future Road Department budgets will reflect additional cost to maintain these improvements, if any.

POLICY/REQUIREMENT FOR BOARD ACTION:

Based on Escambia County Land Development Code – with regards to providing procurement for surety to warrant subdivision improvements (Ord. #2002-9) and the Florida State Plat Act - Chapter 177.

IMPLEMENTATION REQUIREMENTS:

Once the subdivision plat has been approved by the Board and final sign-off given by the County Surveyor, the plat shall be transmitted to the Clerk of Court's Office for Clerk signatures and recording in the public records of Escambia County, Florida.

COORDINATION WITH OTHER AGENCIES/PERSONS:

Staff has been in contact with the developer, developer's engineer and surveyor, County Engineer, County Surveyor, County Road Department, County Building Inspections and Development Services Department.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17760 **County Administrator's Report 12. 2.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 05/07/2020
Issue: Loan Subordination Policy
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Loan Subordination Policy - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board adopt the Loan Subordination Policy.

BACKGROUND:

The County has extended deferred and low interest loans to citizens through its HUD Community Development Block Grant (CDBG) Program, HOME Investment Partnerships (HOME) Program, and State Housing Initiatives Partnership (SHIP) Program to assist income eligible owner occupants with minor, moderate, and substantial rehabilitation of their properties or down payment/closing cost assistance for income eligible homebuyers. The Community Redevelopment Agency (CRA) has also offered deferred payment loans using Tax Increment Financing (TIF) funds to assist owners with rehabilitation of properties in CRA areas, which are provided to both owner and non-owner occupied properties.

Current policy does not allow for subordination of these County loans, as the applicant must repay the loan balance if wanting to refinance a first mortgage during the loan period. The Loan Subordination Policy will allow for an administrative waiver of this procedure provided applicant meets criteria as outlined in the attached Policy after submission for review through the Neighborhood Enterprise Division (NED) or Community Redevelopment Agency (CRA) Division, as approrpriate, with final approval by the County Administrator.

BUDGETARY IMPACT:

N/A - The County will not be responsible for any recording fees or closing costs generated by a property owner's request for subordination.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Loan Subordination policy has been reviewed and approved by the County Attorney's office.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Current policy does not allow for subordination of County loans. This new policy would allow for a loan subordination in certain circumstances.

IMPLEMENTATION/COORDINATION:

The Policy will be implemented by the Neighborhood & Human Services Department in conjunction with the County Attorney's office as necessary.

NHS Loan Subordination Policy

Board of County Commissioners
Escambia County, Florida

Title:	Loan Subordination Policy
Date Adopted:	XXX, 2020
Effective Date:	XXX, 2020
Reference:	
Policy Amended:	New Policy

Approved as to form and legal sufficiency.
By/Title:
Date: 11/1/2020

A. Purpose: To provide a policy for subordination of loans held by Escambia County as made through programs offered through the Neighborhood & Human Services (NHS) Department.

B. Overview: The County has extended deferred and low interest loans to citizens through its HUD Community Development Block Grant (CDBG) Program, HOME Investment Partnerships (HOME) Program, and State Housing Initiatives Partnership (SHIP) Program to assist income eligible owner occupants with minor, moderate, and substantial rehabilitation of their properties or down payment/closing cost assistance for income eligible homebuyers. The Community Redevelopment Agency (CRA) has also offered deferred payment loans using Tax Increment Financing (TIF) funds to assist owners with rehabilitation of properties in CRA areas, which are provided to both owner and non-owner occupied properties.

Current policy does not allow for subordination of these County loans, as the applicant must repay the loan balance if wanting to refinance a first mortgage during the loan period. In certain circumstances, a request for waiver of this policy will be considered.

C. The County Administrator may grant a loan subordination for simple refinancing without further action of the Board if all of the following criteria are satisfied:

1. The applicant is in good standing with the original County loan terms.
2. Property taxes on the subject property are current.
3. The County will remain in the same or higher mortgage position.
4. No cash out will be received at closing.
5. Applicant or lender will pay all recording and closing costs.
6. The new interest rate shall be at least one percent (1%) lower than the interest rate in effect at the time of the request.
7. The new rate shall be a fixed rate mortgage with no balloon payments or pre-payment penalty. No reverse mortgage loans will be considered.
8. The new combined loan to value ratio of all mortgages does not exceed 95%.
9. The new monthly payment shall be lower than the previous payment and include all principal, interest, taxes, and insurance (PITI). If the monthly payment is not lower, the mortgage term must be less than the original mortgage term in order to secure lifetime savings on interest over the life of the new loan.

D. Items not meeting these criteria may not be approved administratively. Applicant may request approval for all other requests from the Board of County Commissioners. It is the sole discretion of the Board to agree to subordinate its mortgage and note. Approval of a subordination request does not waive any other County loan terms or requirements.

E. For consideration of a subordination request, the NHS Department must receive and review the following from the applicant:

1. Written request for subordination received from the owner, stating the purpose of the proposed subordination. Applicant should include the following information in the request:

(a) Address of the subject property
(b) Current balance of the existing first mortgage debt, existing interest rate, monthly payment amount, and term of loan (copy of existing mortgage statement)
(c) Maximum amount of the proposed new first mortgage, new interest rate, monthly payment amount, and term of loan
(d) Information on any other indebtedness on the property including mortgage amount, rate, and term.
(e) Applicant should state whether any cash will be received at closing
(f) Applicant should provide assurance that County loan will remain in the same position.

2. Appraisal
3. Loan Estimate from Lender
4. Mortgage Commitment Letter or Agreement for New Loan
5. Authorization for Release of Information signed by applicant to permit staff to verify loan information with the lender.

The County reserves the right to require additional information if needed for further evaluation. The County Administrator is authorized to sign subordination agreements on behalf of the County that meet the requirements of this policy.

Applicant should include his/her name, address, phone number, and email in the request and submit to the following divisions as applicable.

CDBG, HOME, and SHIP loans should be submitted to:

Neighborhood Enterprise Division
221 Palafox Place, Suite 200
Pensacola, FL 32502
ned@myescambia.com

CRA loans should be submitted to:

Community Redevelopment Agency
221 Palafox Place, Suite 305
Pensacola, FL 32502

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17729 **County Administrator's Report 12. 3.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 05/07/2020
Issue: Memorandum of Understanding between Escambia County Fire Rescue and Patti Marine Enterprises
From: JOHN DOSH, Interim Director
Organization: Public Safety
CAO Approval:

RECOMMENDATION:

Recommendation Concerning a Memorandum of Understanding by and Between Escambia County Fire Rescue and Patti Marine Enterprises - John Dosh, Interim Public Safety Department Director

That the Board approve and authorize the Chairman to sign the Memorandum of Understanding (MOU) by and between Escambia County Fire Rescue (ECFR) and Patti Marine Enterprises, Inc. (PME), that identifies parameters, roles, and responsibilities for mutual aid support services that may be requested by PME and training opportunities that may be provided to ECFR by PME.

BACKGROUND:

Escambia County Fire Rescue (ECFR) desires the use of confined spaces for enclosed space entry exercises to assist in the training of ECFR firefighters. Patti Marine Enterprises (PME) desires the cooperation of ECFR as safety support and consent to allow ECFR use of PME structures for training purposes. ECFR and PME have mutually agreed to this MOU. The original Agreement between ECFR and PME was approved May 21, 2015, and will expire May 20, 2020.

If approved, the new MOU will expire five years from the date of execution by both parties.

BUDGETARY IMPACT:

There are no recurring or automatic expenses associated with this MOU.

LEGAL CONSIDERATIONS/SIGN-OFF:

Assistant County Attorney Matthew Shaud approved the MOU as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board Policy requires such documents to be approved by it.

IMPLEMENTATION/COORDINATION:

Oversight and any potential implication of the MOU will be coordinated by Captain Craig Ammons, Escambia County Fire Rescue, in cooperation with PME.

Attachments

Memorandum of Understanding

MEMORANDUM OF UNDERSTANDING BETWEEN ESCAMBIA COUNTY FIRE RESCUE, ESCAMBIA COUNTY, FLORIDA AND PATTI MARINE ENTERPRISES, INC.

This Memorandum of Understanding is entered into on this _____ day of _____, 2020, by and between Escambia County, a political subdivision of the State of Florida, by and through Escambia County Fire Rescue (hereinafter referred to as "ECFR"), and Patti Marine Enterprises, Inc. (hereinafter referred to as "PME").

WITNESSETH:

WHEREAS, ECFR desires the use of confined spaces for enclosed space entry exercises to assist in the training of ECFR firefighters; and

WHEREAS, PME, a local shipbuilder, desires the cooperation of ECFR as safety support to PME in fulfilling PME's responsibilities under the OSHA Confined Space Entry Standard; and

WHEREAS, PME consents to allow ECFR use of their structures for training purposes; and

WHEREAS, PME agrees to hold harmless and release ECFR from any and all liability that may arise from ECFR training exercises; and

WHEREAS, PME and ECFR previously entered into a similar Memorandum of Understanding on or about May 21, 2015, which expires in May 2020; and

WHEREAS, PME and ECFR desire to continue to cooperatively support ongoing knowledge, training, and skill development for confined space rescues; and

NOW, THEREFORE, for and in consideration of the promises and mutual covenants contained herein, the ECFR and PME agree as follows:

1. Recitals. The recitals contained in the preamble to this Memorandum of Understanding are true and correct and incorporated herein by reference.

2. Purpose. The purpose of this Memorandum of Agreement is to establish an agreement between the parties to provide mutually beneficial support. This memorandum of understanding ("Agreement") describes the procedures by which PME may utilize ECFR as its off-site rescue service and by which ECFR may utilize PME vessels to conduct training exercises.

3. Responsibilities of the Parties:

A. ECFR:

1. ECFR shall provide safety support to PME, in fulfilling PME's responsibilities under the OSHA Confined Space Entry standard, 29 CFR 1915 Subpart B. Specifically, ECFR shall serve as the Outside Shipyard Rescue Team pursuant that standard.
2. ECFR shall provide insurance coverage and compensation for its personnel conducting training exercises at the PME property.
3. ECFR shall provide insurance coverage and compensation for its personnel responding to any emergency at the PME property.
4. ECFR will respond to a notification by PME of a "permit required" confined space entry, by ensuring that an ECFR response and rescue capability is available to PME until notification from PME is received that the "permit required" entry is complete.
5. In the event that the response and rescue capability at ECFR is directed to another Fire Department emergency, an alternate response and rescue station will be identified and assigned. ECFR will notify PME of this occurrence and the appropriate contacts at the newly assigned station. If circumstances occur where no alternate response and rescue capability is available at ECFR, PME shall be immediately notified and the PME team working in the "permit required" confined space shall be immediately withdrawn from that work environment until such time as the response and rescue capability can be reestablished.

B. PME:

1. PME will identify any vessel subject to this Agreement and notify ECFR of the general nature of the work PME expects to be completed on the vessel and the duration of time the vessel is projected to be at PME. Vessels may be undergoing new construction or repair.
2. PME will provide ECFR with a list of any expected special hazardous conditions likely to be encountered in the construction, repair, and/or modification of the vessel.
3. PME will provide an orientation on-board any vessel subject to this Agreement. Such orientation shall be sufficiently comprehensive to ensure ECFR has appropriate familiarity with the vessel in the event an emergency occurs on-board the vessel requiring ECFR response.
4. PME will allow ECFR to use PME vessels to conduct training exercises at mutually agreed times.
5. PME acknowledges and agrees that PME property may sustain damage as a result of training exercises and further agrees to hold ECFR harmless for any damages sustained.

4. Notices. Any and all notices shall be delivered to the parties at the following addresses (or such changed address or addressee as may be provided by notice). A notice

or other communication shall be deemed received by the addressee on the next business day after having been placed in overnight mail with the U.S. Postal Service, or other overnight express service, such as FedEx, UPS, or similar service. Notices sent by means other than overnight delivery shall be deemed received when actually received by the addressee:

FOR PME:
Frank Patti, Jr, Owner
Patti Marine Enterprises
306 South Pinewood Lane
Pensacola, Florida 32507

FOR THE COUNTY:
Paul Williams, Acting Fire Chief
Escambia County Fire Rescue
6575 N. W Street
Pensacola, Florida 32505

5. Liability and Indemnification. Each party shall be liable only for its own acts or omissions. Nothing in this Agreement shall extend the liability of the County beyond the limits established in § 768.28, Florida Statutes, as amended, or serve as a waiver of sovereign immunity by the County, and nothing herein shall be construed as consent by the County to be sued by third parties in any matter arising out of this Agreement.

6. Hold Harmless. PME agrees to hold harmless, pay on behalf of, protect, defend, and indemnify ECFR, its officers, agents, and employees from and against any demand, claim, suit, loss, expense, or damage which may be asserted against any of them by reason of any alleged loss or damage to property or injury to or death of any person arising out of or in any way related to the Agreement. PME's obligation is not limited by, or in any way to, any insurance coverage or by any provision in or exclusive or omission from any policy of insurance.

7. Entire Agreement; Amendment. This Agreement with all incorporated attachments and exhibits represents the entire agreement of the parties. This Agreement may be amended by mutual written agreement of the parties.

8. Records. The parties acknowledge that this Agreement and any related financial records, and its reports, plans, correspondence and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. In the event any party fails to abide by provisions of Chapter 119, Florida Statutes, the other party may, without prejudice to any right or remedy and after giving the party seven days written notice, terminate this Agreement.

9. Term. It is understood and agreed that the relationship established by this Agreement is meant to be for the benefit of both parties, and that this Agreement shall be effective on the date of execution by both parties and shall continue for a term of five (5) years, unless otherwise terminated, suspended, or modified in writing by an appropriate amendment

executed by both parties. In no event shall the term of this Agreement exceed the duration of five (5) years from the date of commencement.

10. Modification and Termination. This agreement may be cancelled or terminated with or without cause by either party by giving thirty (30) calendar days advance written notice to the other party. Any and all amendments must be made in writing by the parties before becoming effective.

11. Governing Law. This agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue for any matter which is the subject of this agreement shall be in the County of Escambia.

12. Further Documents. The parties shall execute and deliver all documents and perform further actions that may reasonably be necessary to effectuate the provisions of this Agreement.

13. Assignment. This Agreement, or any interest herein, shall not be assigned, transferred or otherwise encumbered, under any circumstances, by the parties, without prior written consent of the other party.

14. No Waiver. The failure of either party to insist upon the strict performance of the terms and condition herein shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature: Escambia County, Florida by and through its Board of County Commissioners signing by and through its Chairman who is authorized to execute the same and Patti Marine Enterprises, Inc. by and through its Owner authorized to execute the same.

Issue: Request for Disposition of Property
From: JOHN DOSH, Interim Director
Organization: Public Safety
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Request for Disposition of Property for the Public Safety Department - John Dosh, Interim Public Safety Department Director

That the Board approve the Request for Disposition of Property Form for the Public Safety Department, for property which is described and listed on the Form, with reason for disposition stated. The listed item has been found to be of no further usefulness to the County; thus, it is requested that it be auctioned as surplus or disposed of properly.

BACKGROUND:

Escambia County policy establishes the procedures for disposing of surplus or obsolete equipment. The surplus property listed on the attached Request for Disposition of Property form has been checked, declared to be obsolete and/or of no use to the County, and suitable to be auctioned disposed of properly.

From: STEPHAN HALL, Budget Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Scheduling of a Public Hearing for the Upland Woods Street Lighting Municipal Services Benefit Unit - Stephan Hall, Budget Manager, Management and Budget Services

That the Board authorize the scheduling of a public hearing on May 21, 2020, at 9:01 a.m., to consider adoption of an ordinance creating the Upland Woods Street Lighting Municipal Services Benefit Unit (MSBU).

BACKGROUND:

The property owners in Upland Woods have submitted a petition requesting the creation of a street lighting MSBU. The petition is sufficient to meet the MSBU Guidelines and Procedures because greater than fifty-five percent of property owners signed in approval.

The Upland Woods lighting district plan proposal:
*16 Assessable lots located in Commission District 5
*4 Lights in initial plan
*Year 1 Assessment: $132.79, includes reserves and 17 months of service
*Year 2 and Beyond Assessment: $87.55, 12 months of service

BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 05/07/2020
Issue: New Escambia County Board of County Commissioners' Organizational Chart
From: Janice Gilley, County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Escambia County Board of County Commissioners' Organizational Chart - Janice P. Gilley, County Administrator

That the Board take the following action regarding the proposed Escambia County Board of County Commissioners' Organizational Chart, as provided:

A. Approve the proposed Escambia County Board of County Commissioners' Organizational Chart;

B. Acknowledge the relocation of the Animal Services division from Building Services to the Community and Administrative Branch as a separate division;

C. Confirm the appointment of Mrs. Clara Long as the Director of the Neighborhood and Human Services Department, with an annual salary of $92,164 and a $400 monthly vehicle allowance. Mrs. Long has been serving as both the Interim Director and the CRA Division Manager since August 2019. She has served Escambia County since 2001 and has been in the Community Redevelopment Agency since 2003. This position is currently budgeted in the Fiscal Year 2019-2020;

D. Confirm the appointment of Mr. Chips Kirschenfeld as a Deputy County Administrator. Chips will maintain his position as Director of Natural Resources Management while also serving in senior leadership to assist with the management of operations, the oversight of major projects, and supervision of departments under the direction of the Assistant County Administrator for the Community and Administrative branch. Mr. Kirschenfeld will maintain his current salary which is budgeted in the Fiscal Year 2019-2020; and

E. Confirm the appointment of Mr. Wes Moreno as a Deputy County Administrator. Mr. Moreno will maintain the position of Director of Public Works while also serving in senior leadership to assist with the management of operations, the oversight of major projects, and supervision of departments under the direction of the Assistant County Administrator for the Infrastructure and Public Safety branch. The funds for a 5% salary increase for additional duties are available in the department budget for the Fiscal Year 2019-2020.

BACKGROUND:

The County Administrator provides an updated organizational chart to the Board of County Commissioners as needed.

BUDGETARY IMPACT:

Funding is available for all positions in this Recommendation in the Fiscal Year 2019-2020 budget.

Meeting Date: 05/07/2020
Issue: Interlocal Agreement with the City of Pensacola for Use of the Raymond Riddle Park
From: Michael Rhodes, Dept Director
Organization: Parks and Recreation
CAO Approval:

RECOMMENDATION:

Recommendation Concerning an Interlocal Agreement with the City of Pensacola for Use of the Raymond Riddle Park - Michael E. Rhodes, Parks and Recreation Department Director

That the Board approve and authorize the Chairman to sign the Interlocal Agreement for the use of the Raymond Riddle Park by the City of Pensacola, between Escambia County, Florida, and the City of Pensacola, Florida.

NON-ADA COMPLIANT DOCUMENT TO BE DISTRIBUTED UNDER SEPARATE COVER:

- Interlocal Agreement

BACKGROUND:

Escambia County and the City of Pensacola agree that providing the City with access and use of Raymond Riddle Park for various youth and adult recreation programs will benefit both Escambia County and City residents by providing a park location for athletic and recreational activities. The City will be responsible for utility costs and other costs associated with activities under their direction during this time frame as noted in the Agreement.

BUDGETARY IMPACT:

N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

The Interlocal Agreement was reviewed and approved as to legal sufficiency by Matthew R. Shaud, Assistant County Attorney.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board Policy requires that documents such as these be approved by the Board.

IMPLEMENTATION/COORDINATION:

Oversight and any potential implementation of the Interlocal Agreement will be coordinated by Michael E. Rhodes, Director, Parks and Recreation Department.

AI-17819 **County Administrator's Report 12. 10.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 05/07/2020
Issue: Park License and Management Agreement for County Athletic Parks
From: Michael Rhodes, Dept Director
Organization: Parks and Recreation
CAO Approval:

RECOMMENDATION:

Recommendation Concerning a Park License and Management Agreement for County Athletic Parks - Michael Rhodes, Parks and Recreation Department Director

That the Board take the following action concerning a Park License and Management Agreement for County athletic parks, between Escambia County and volunteer athletic associations:

A. Approve the Agreement authorizing license and management of County-owned property for public recreation purposes with the following volunteer athletic organization:

- Pensacola Men's Baseball League, Inc., at Bellview Park; and

B. Authorize the Chairman to sign the Park License and Management Agreement for the same aforementioned volunteer athletic organization, effective upon Board approval.

NON-ADA COMPLIANT DOCUMENT TO BE DISTRIBUTED UNDER SEPARATE COVER:

- Park License and Management Agreement

BACKGROUND:

The Parks and Recreation Department, at the direction of the Board of County Commissioners, has partnered with volunteer/parent athletic organizations to provide organized recreational sports activities for Escambia County citizens. These organizations successfully provide t-ball, softball, baseball, football, lacrosse, cheerleading, soccer, and flag football activities, benefiting thousands of

citizens each year.

The majority of County athletic parks operate under Park License and Management Agreements. A copy of the Park License and Management Agreement has been distributed under separate cover for reference purposes.

BUDGETARY IMPACT:

N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

This Park License and Management Agreement was prepared in conjunction with the County Attorney's Office, and was approved for form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy requires the approval of the Board for License and Management Agreements for County park property, as well as for the authorization of the Chairman's signature on the Park License and Management Agreements.

IMPLEMENTATION/COORDINATION:

The Parks and Recreation Department will coordinate all efforts between Escambia County and the athletic organizations.

BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 05/07/2020
Issue: Ratification of the IAEP Local R5-325 Collective Barganing Agreement
From: Jana Still, Department Director
Organization: Human Resources
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Ratification of the IAEP Local R5-325 Collective Bargaining Agreement - Jana Still, Human Resources Department Director

That the Board approve and authorize the Chairman to execute the Ratification Certificate for the Collective Bargaining Agreement between the Escambia County Board of County Commissioners (BCC) and the International Association of EMTs and Paramedics/National Association of Government Employees/Service Employees International Union (IAEP), Local R5-325.

(THE COLLECTIVE BARGANING AGREEEMENT WILL BE DISTRIBUTED UNDER SEPARATE COVER)

BACKGROUND:

The Collective Bargaining Agreement expired September 30, 2019. Negotiations between the Union and County Administration were held October 30, 2019, October 31, 2019, February 12, 2020, and the final meeting in which both parties reached an agreement was held on April 21, 2020.

BUDGETARY IMPACT:

The terms of the negotiated Contract are within the established budget of the departments impacted.

LEGAL CONSIDERATIONS/SIGN-OFF:

A representative from the County Attorney's office participated in the negotiations, has reviewed the Collective Bargaining Agreement, and concurs.

PERSONNEL:

The Human Resources Department will administer all terms of the Contract.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy requires Board approval for Contracts. This Recommendation is also consistent with Florida Statutes.

IMPLEMENTATION/COORDINATION:

The Contract will be implemented upon approval of the Board.

Issue: Residential Rehab Grant Program Funding and Lien Agreements
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Residential Rehab Grant Program Funding and Lien Agreements - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board ratify the May 7, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity of the Escambia County Community Redevelopment Agency (CRA), concerning the Residential Rehab Grant Program Funding and Lien Agreements:

A. Approving the following three Residential Rehab Grant Program Funding and Lien Agreements:

1. The Agreements between Escambia County CRA and James Jr. and Lillie D. Jernigan, owners of residential property located at 710 Vendee Lane, Palafox Redevelopment District, each in the amount of $3,772, representing an in-kind match through the Palafox Tax Increment Financing (TIF), Fund 151, Cost Center 370115, total electrical rewiring upgrade;

2. The Agreements between Escambia County CRA and Stephen Young and Marjory Tandy, owners of residential property located at 701 Lakewood Road, Barrancas Redevelopment District, each in the amount of $3,550, representing an in-kind match through the Barrancas Tax Increment Financing (TIF), Fund 151, Cost Center 370116, replacement roof;

3. The Agreements between Escambia County CRA and Stephen M. Young, owner of residential property located at 201 Hermey Avenue, Barrancas Redevelopment District, each in the amount of $2,350, representing an in-kind match through the Barrancas Tax Increment Financing (TIF), Fund 151, Cost Center 370116, replacement roof; and

B. Authorizing the Chairman to sign the Funding and Lien Agreements and any related documents necessary to implement the Grant awards.

BACKGROUND:

The intent of the matching Grant program is to promote private investment which will upgrade the appearance, property values, and economic activity for residential properties within the designated CRA areas. A rendering of each project is attached.

On May 7, 2020, at 5:30 p.m., a CRA meeting was convened to consider approval of the various agenda items.

BUDGETARY IMPACT:

Funding for the Grants will be provided as follows: 1. James Jr. and Lillie D. Jernigan, Palafox TIF, Cost Center 370115, in the amount of $3,772;
2. Stephen Young and Marjory Tandy, Barrancas TIF, Cost Center 370116, in the amount of $3,550; and
3. Stephen M. Young, Barrancas TIF, Cost Center 370116, in the amount of $2,350.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Funding and Lien Agreements were reviewed and approved as to form and legal sufficiency by the County Attorney's Office.

PERSONNEL:

Neighborhood & Human Services/Community Redevelopment Agency (NHS/CRA) staff will handle these Grant awards.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board approval is required for disbursement of funds to all private individuals or outside agencies.

IMPLEMENTATION/COORDINATION:

NHS/CRA staff, in coordination with the property owner, handles all implementation tasks. NHS/CRA staff will monitor the work in progress and will be responsible for compiling the necessary documentation prior to the Grant award.

Agreement_701 Lakewood Road_May72020

ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY
RESIDENTIAL REHAB GRANT PROGRAM FUNDING AGREEMENT

THIS FUNDING AGREEMENT is made and entered into this **7th** day of **May 2020,** by and between the ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY, (the "CRA"), 221 Palafox Place, Pensacola, Florida 32502 and **James Jr. and Lillie D. Jernigan,** (the "Recipient"), owners of residential property located at **710 Vendee Lane,** Pensacola, Florida, **32505**.

WITNESSETH:

WHEREAS, the CRA has established the **Residential Rehab Grant Program** (the "Program") to provide grants to qualified property owners for projects within the boundaries of the County's designated Community Redevelopment Areas; and

WHEREAS, the Recipient has applied for a grant to fund the project described in **EXHIBIT I** of this Agreement (the "Project"); and

WHEREAS, the parties wish to define their rights and obligations with respect to the Project and the Program grant to be provided to the Recipient.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

1. Recitals: The above recitals are incorporated into this Agreement.

2. **Residential Rehab Grant Program:** The CRA awards to the Recipient a matching Grant in the total amount of **$3,772**, which, together with any matching funds provided by the Recipient, shall be expended solely for the construction and completion of the Project described in **EXHIBIT I**, which is hereby fully incorporated into this agreement.

3. In-Kind Match: The Recipient shall provide matching funds in the total amount of **$3,772**, which shall be comprised of a cash contribution of **$3,772**.

4. Project: The Project funded by the grant is defined in **EXHIBIT I.** The Recipient shall supervise the work performed and ensure proper maintenance of the Project. The CRA will not be responsible in any manner for the selection of a contractor. Work on the Project shall not commence until the Recipient receives written notification from the CRA that the Project may proceed.

5. Term: The work to be performed for the Project shall commence after the **7th** day of **May 2020**, and the Project shall be complete on or before the **7th** day of **August 2020**, (the "Termination Date"). In the event that the Project will not be completed by the Termination Date, the Recipient shall submit a written request for an extension to the CRA at least (30) days prior to the Termination Date. The CRA, in its sole discretion, may grant the extension. However, the CRA's agreement to grant an extension shall not constitute a waiver of any of the other terms or provisions of this Agreement.

6. Applicable Laws: The Recipient must comply with all applicable federal, state, and local laws, and shall, at his expense, secure and pay for all permits and be responsible for all other fees or charges associated with the performance of the Project or any other activities under this Agreement.

7. Indemnification: The Recipient shall indemnify, defend, and hold harmless the CRA, including its elected officials, Board members, agents and employees, from and against all claims, suits, actions, damages, losses, and expenses, including but not limited to attorney's fees and costs, arising out of or resulting from this Agreement, the Project, or any other activities under this Agreement.

8. Termination: The CRA shall have the right to terminate this Agreement for convenience or in the event of a breach of any of its terms and provisions. A breach shall include, but not be limited to, failure to meet the match requirements described in paragraph 3; failure to begin work and progress along the schedule in the time and manner specified in paragraph 5; failure to obtain approval of any Project modifications; or failure to obtain Project time extensions. If a Project is terminated, and the Project is located on public property or right-of-way, the CRA reserves the right to remove or require the Recipient to remove any or all portions of the Project or claim as its own and use it deems fit, any improvements or materials remaining on the Project site.

9. Notice of Termination: Upon the CRA's determination that the Recipient has breached any term or provision of the Agreement, the CRA shall provide the Recipient with written notice of the breach and the required corrective action. This Agreement shall terminate automatically if the Recipient fails to remedy the breach to the CRA's satisfaction within fifteen (15) days of the Recipient's receipt of the written notice.

10. Subsequent to Termination: The CRA shall provide the Recipient a certified letter confirming termination of the Agreement. Within thirty (30) days of receipt of the termination letter, the Recipient shall submit a cashier's check to the County for the total amount of grant funds disbursed under this Agreement.

11. Property Owner(s) as Independent Contractor: The parties agree that the Recipient is an independent contractor and is not employee or agent of the CRA.

12. Inspector: The Escambia County CRA, or other County officials as may be duly authorized by the CRA, reserves the right to place inspectors at the work site in order to ensure proper expenditure of the grant funds provided under this Agreement. The CRA does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the CRA shall not act in a supervisory capacity during the course of the Project.

13. Payment Process: At Project completion, the CRA will reimburse the Recipient for pre-approved eligible Project costs that are incurred during the course of the Project. The Recipient accepts sole responsibility for ensuring that all Project expenses are reviewed and approved by the CRA prior to Recipient authorizing delivery of the goods, services, or equipment. The Recipient shall provide the CRA with a minimum of three written price quotes for each item to be purchased. The CRA shall not be obligated to disburse Grant funds for any unauthorized goods, services, or equipment, and the liability for payment in such instances shall be the responsibility of the Recipient. The CRA shall not be obligated to disburse Grant funds until the Recipient submits vendor invoices, copy of signed permit, proof of payment, and other documentation as may be required by the CRA. Final determination regarding the acceptability of supporting documentation shall rest with the Clerk of the Circuit Court/Finance Division. The Recipient shall provide the CRA with the names and signatures of all persons designated by Recipient to purchase goods, services, and equipment for the Project and the CRA shall not be obligated to disburse Grant funds to persons not previously designated by the Recipient.

14. Maintenance of Records: The Recipient shall maintain written records and accounts documenting all expenditures related to the Project. The Recipient shall maintain all documents

for a minimum period of three (3) years from the date of final completion of the Project, or until final resolution of matters involving any questioned costs, audit concerns, or related matters. The Recipient acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. In the event that the Recipient fails to abide by the provisions of Chapter 119, Florida Statutes, the CRA may terminate this Agreement. In such case, the Recipient shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

15. Audit: The County or the Clerk of the Circuit Court/Finance Division may audit or review any and all records or documents pertaining to this Agreement at any time.

16. Amendments: Any amendments to this Agreement shall be in writing executed by both parties with the same formalities as this Agreement.

17. Notice: Any notices to the County shall be mailed to:

County:
Megan Polk
Development Program Manager
Neighborhood and Human Services Dept.
Community Redevelopment Agency
221 Palafox Place, Ste. 305
Pensacola, Florida 32502

Recipient:
James Jr. and Lillie D. Jernigan
710 Vendee Lane
Pensacola, Florida 32505

All notices shall be sent by certified mail, return receipt requested.

18. No Discrimination: The Recipient shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

19. Entire Agreement: This Agreement contains the entire agreement between the parties and no representations, inducements, promises, or other agreements between the parties not contained in this Agreement will be of any force and effect.

20. No Waiver: This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

21. This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

22. If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

23. The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

24. If any date herein set forth for the performance of any obligations, or the delivery of any instrument, or for the giving of any notice by the parties such as herein provided, shall be on Saturday, Sunday, or legal holiday such compliance shall be deemed acceptable on the next business day following such Saturday, Sunday, or legal holiday.

25. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

EXHIBIT I

RESIDENTIAL REHAB GRANT PROJECT

Property Owner(s): **James Jr. and Lillie D. Jernigan**
Property Address: **710 Vendee Lane, Pensacola, Florida, 32505**

The "Project" includes the following improvement to the above referenced property:

Total electrical rewiring upgrade

Escambia County Community Redevelopment Agency
Residential Rehab Grant Program
Administered By: Escambia County Neighborhood and Human Services Department
Community Redevelopment Agency

Lien Agreement

Applicant Name	Address of Property	Property Reference No.
James Jernigan Jr. and Lillie D. Jernigan Husband and Wife	**710 Vendee Lane Pensacola, Florida 32505**	**16-2S-30-4000-240-002**

Total Amount of Lien **$3,772**

I, the undersigned owner of the residential property referenced above, agree that the improved residential property will continue to be used for residential purposes for a period of not less than one (1) year from the date this lien agreement is recorded in the public records. I will not sell or transfer ownership or possession of the property to any other person, persons, corporation or other legal entity during this one (1) year period without the express written permission of the CRA. Such permission shall not be unreasonably withheld nor is this lien agreement intended to otherwise unreasonably prevent the alienation of the property.

The lien shall be due and payable in total for a period of one (1) year from the date this lien agreement is recorded in the public records. Upon documentation of compliance with the provisions of this lien agreement and the Escambia County **Residential Rehab Grant Program,** and one (1) year subsequent to the recording of the lien agreement in the public records, this lien shall depreciate to zero (0), and repayment shall be forgiven. I understand that this lien will not be subordinated without the prior approval of the CRA, and subordination shall be considered for approval only to enable the owner to secure financing required to complete further improvements to the subject property.

If the property is sold or if ownership or possession is otherwise transferred without the express written permission of the CRA to another party or parties or the funding agreement executed concurrently with this lien agreement is terminated prior to expiration of the one (1) year period referenced above, I agree that I or my heir(s) or assigns shall repay the total amount of grant funds disbursed by the CRA, up to and including the amount recited above.

ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY
RESIDENTIAL REHAB GRANT PROGRAM FUNDING AGREEMENT

THIS FUNDING AGREEMENT is made and entered into this **7th** day of **May 2020,** by and between the ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY, (the "CRA"), 221 Palafox Place, Pensacola, Florida 32502 and **Stephen Young and Marjory Tandy** (the "Recipient"), owner of residential property located at **701 Lakewood Road,** Pensacola, Florida, **32507**.

WITNESSETH:

WHEREAS, the CRA has established the **Residential Rehab Grant Program** (the "Program") to provide grants to qualified property owners for projects within the boundaries of the County's designated Community Redevelopment Areas; and

WHEREAS, the Recipient has applied for a grant to fund the project described in **EXHIBIT I** of this Agreement (the "Project"); and

WHEREAS, the parties wish to define their rights and obligations with respect to the Project and the Program grant to be provided to the Recipient.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

1. Recitals: The above recitals are incorporated into this Agreement.

2. **Residential Rehab Grant Program:** The CRA awards to the Recipient a matching Grant in the maximum amount of **$3,550**, which, together with any matching funds provided by the Recipient, shall be expended solely for the construction and completion of the Project described in **EXHIBIT I**, which is hereby fully incorporated into this agreement.

3. In-Kind Match: The Recipient shall provide matching funds in the total amount of **$3,550** which shall be comprised of a cash contribution of **$3,550**.

4. Project: The Project funded by the grant is defined in **EXHIBIT I.** The Recipient shall supervise the work performed and ensure proper maintenance of the Project. The CRA will not be responsible in any manner for the selection of a contractor. Work on the Project shall not commence until the Recipient receives written notification from the CRA that the Project may proceed.

5. Term: The work to be performed for the Project shall commence after the **7th** day of **May 2020**, and the Project shall be complete on or before the **7th** day of **August 2020**, (the "Termination Date"). In the event that the Project will not be completed by the Termination Date, the Recipient shall submit a written request for an extension to the CRA at least (30) days prior to the Termination Date. The CRA, in its sole discretion, may grant the extension. However, the CRA's agreement to grant an extension shall not constitute a waiver of any of the other terms or provisions of this Agreement.

6. Applicable Laws: The Recipient must comply with all applicable federal, state, and local laws, and shall, at his expense, secure and pay for all permits and be responsible for all other fees or charges associated with the performance of the Project or any other activities under this Agreement.

7. Indemnification: The Recipient shall indemnify, defend, and hold harmless the CRA, including its elected officials, Board members, agents and employees, from and against all claims, suits, actions, damages, losses, and expenses, including but not limited to attorney's fees and costs, arising out of or resulting from this Agreement, the Project, or any other activities under this Agreement.

8. Termination: The CRA shall have the right to terminate this Agreement for convenience or in the event of a breach of any of its terms and provisions. A breach shall include, but not be limited to, failure to meet the match requirements described in paragraph 3; failure to begin work and progress along the schedule in the time and manner specified in paragraph 5; failure to obtain approval of any Project modifications; or failure to obtain Project time extensions. If a Project is terminated, and the Project is located on public property or right-of-way, the CRA reserves the right to remove or require the Recipient to remove any or all portions of the Project or claim as its own and use it deems fit, any improvements or materials remaining on the Project site.

9. Notice of Termination: Upon the CRA's determination that the Recipient has breached any term or provision of the Agreement, the CRA shall provide the Recipient with written notice of the breach and the required corrective action. This Agreement shall terminate automatically if the Recipient fails to remedy the breach to the CRA's satisfaction within fifteen (15) days of the Recipient's receipt of the written notice.

10. Subsequent to Termination: The CRA shall provide the Recipient a certified letter confirming termination of the Agreement. Within thirty (30) days of receipt of the termination letter, the Recipient shall submit a cashier's check to the County for the total amount of grant funds disbursed under this Agreement.

11. Property Owner(s) as Independent Contractor: The parties agree that the Recipient is an independent contractor and is not employee or agent of the CRA.

12. Inspector: The Escambia County CRA, or other County officials as may be duly authorized by the CRA, reserves the right to place inspectors at the work site in order to ensure proper expenditure of the grant funds provided under this Agreement. The CRA does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the CRA shall not act in a supervisory capacity during the course of the Project.

13. Payment Process: At Project completion, the CRA will reimburse the Recipient for pre-approved eligible Project costs that are incurred during the course of the Project. The Recipient accepts sole responsibility for ensuring that all Project expenses are reviewed and approved by the CRA prior to Recipient authorizing delivery of the goods, services, or equipment. The Recipient shall provide the CRA with a minimum of three written price quotes for each item to be purchased. The CRA shall not be obligated to disburse Grant funds for any unauthorized goods, services, or equipment, and the liability for payment in such instances shall be the responsibility of the Recipient. The CRA shall not be obligated to disburse Grant funds until the Recipient submits vendor invoices, copy of signed permit, proof of payment, and other documentation as may be required by the CRA. Final determination regarding the acceptability of supporting documentation shall rest with the Clerk of the Circuit Court/Finance Division. The Recipient shall provide the CRA with the names and signatures of all persons designated by Recipient to purchase goods, services, and equipment for the Project and the CRA shall not be obligated to disburse Grant funds to persons not previously designated by the Recipient.

14. Maintenance of Records: The Recipient shall maintain written records and accounts

documenting all expenditures related to the Project. The Recipient shall maintain all documents for a minimum period of three (3) years from the date of final completion of the Project, or until final resolution of matters involving any questioned costs, audit concerns, or related matters. The Recipient acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. In the event that the Recipient fails to abide by the provisions of Chapter 119, Florida Statutes, the CRA may terminate this Agreement. In such case, the Recipient shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

15. Audit: The County or the Clerk of the Circuit Court/Finance Division may audit or review any and all records or documents pertaining to this Agreement at any time.

16. Amendments: Any amendments to this Agreement shall be in writing executed by both parties with the same formalities as this Agreement.

17. Notice: Any notices to the County shall be mailed to:

County:
Sherry Duffey
Development Program Manager
Neighborhood and Human Services Dept.
Community Redevelopment Agency
221 Palafox Place
Pensacola, Florida 32502

Recipient:
Stephen Young and Marjory Tandy
701 Lakewood Road
Pensacola, FL 32507

All notices shall be sent by certified mail, return receipt requested.

18. No Discrimination: The Recipient shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

19. Entire Agreement: This Agreement contains the entire agreement between the parties and no representations, inducements, promises, or other agreements between the parties not contained in this Agreement will be of any force and effect.

20. No Waiver: This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

21. This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

22. If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

23. The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

24. If any date herein set forth for the performance of any obligations, or the delivery of any instrument, or for the giving of any notice by the parties such as herein provided, shall be on Saturday, Sunday, or legal holiday such compliance shall be deemed acceptable on the next business day following such Saturday, Sunday, or legal holiday.

25. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY
RESIDENTIAL REHAB GRANT PROGRAM FUNDING AGREEMENT

THIS FUNDING AGREEMENT is made and entered into this **7th** day of **May 2020,** by and between the ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY, (the "CRA"), 221 Palafox Place, Pensacola, Florida 32502 and **Stephen M. Young** (the "Recipient"), owner of residential property located at **201 Hermey Avenue,** Pensacola, Florida, **32507**.

WITNESSETH:

WHEREAS, the CRA has established the **Residential Rehab Grant Program** (the "Program") to provide grants to qualified property owners for projects within the boundaries of the County's designated Community Redevelopment Areas; and

WHEREAS, the Recipient has applied for a grant to fund the project described in **EXHIBIT I** of this Agreement (the "Project"); and

WHEREAS, the parties wish to define their rights and obligations with respect to the Project and the Program grant to be provided to the Recipient.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

1. Recitals: The above recitals are incorporated into this Agreement.

2. **Residential Rehab Grant Program:** The CRA awards to the Recipient a matching Grant in the maximum amount of **$2,350**, which, together with any matching funds provided by the Recipient, shall be expended solely for the construction and completion of the Project described in **EXHIBIT I**, which is hereby fully incorporated into this agreement.

3. In-Kind Match: The Recipient shall provide matching funds in the total amount of **$2,350** which shall be comprised of a cash contribution of **$2,350**.

4. Project: The Project funded by the grant is defined in **EXHIBIT I.** The Recipient shall supervise the work performed and ensure proper maintenance of the Project. The CRA will not be responsible in any manner for the selection of a contractor. Work on the Project shall not commence until the Recipient receives written notification from the CRA that the Project may proceed.

5. Term: The work to be performed for the Project shall commence after the **7th** day of **May 2020**, and the Project shall be complete on or before the **7th** day of **August 2020**, (the "Termination Date"). In the event that the Project will not be completed by the Termination Date, the Recipient shall submit a written request for an extension to the CRA at least (30) days prior to the Termination Date. The CRA, in its sole discretion, may grant the extension. However, the CRA's agreement to grant an extension shall not constitute a waiver of any of the other terms or provisions of this Agreement.

6. Applicable Laws: The Recipient must comply with all applicable federal, state, and local laws, and shall, at his expense, secure and pay for all permits and be responsible for all other fees or charges associated with the performance of the Project or any other activities under this Agreement.

7. Indemnification: The Recipient shall indemnify, defend, and hold harmless the CRA, including its elected officials, Board members, agents and employees, from and against all claims, suits, actions, damages, losses, and expenses, including but not limited to attorney's fees and costs, arising out of or resulting from this Agreement, the Project, or any other activities under this Agreement.

8. Termination: The CRA shall have the right to terminate this Agreement for convenience or in the event of a breach of any of its terms and provisions. A breach shall include, but not be limited to, failure to meet the match requirements described in paragraph 3; failure to begin work and progress along the schedule in the time and manner specified in paragraph 5; failure to obtain approval of any Project modifications; or failure to obtain Project time extensions. If a Project is terminated, and the Project is located on public property or right-of-way, the CRA reserves the right to remove or require the Recipient to remove any or all portions of the Project or claim as its own and use it deems fit, any improvements or materials remaining on the Project site.

9. Notice of Termination: Upon the CRA's determination that the Recipient has breached any term or provision of the Agreement, the CRA shall provide the Recipient with written notice of the breach and the required corrective action. This Agreement shall terminate automatically if the Recipient fails to remedy the breach to the CRA's satisfaction within fifteen (15) days of the Recipient's receipt of the written notice.

10. Subsequent to Termination: The CRA shall provide the Recipient a certified letter confirming termination of the Agreement. Within thirty (30) days of receipt of the termination letter, the Recipient shall submit a cashier's check to the County for the total amount of grant funds disbursed under this Agreement.

11. Property Owner(s) as Independent Contractor: The parties agree that the Recipient is an independent contractor and is not employee or agent of the CRA.

12. Inspector: The Escambia County CRA, or other County officials as may be duly authorized by the CRA, reserves the right to place inspectors at the work site in order to ensure proper expenditure of the grant funds provided under this Agreement. The CRA does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the CRA shall not act in a supervisory capacity during the course of the Project.

13. Payment Process: At Project completion, the CRA will reimburse the Recipient for pre-approved eligible Project costs that are incurred during the course of the Project. The Recipient accepts sole responsibility for ensuring that all Project expenses are reviewed and approved by the CRA prior to Recipient authorizing delivery of the goods, services, or equipment. The Recipient shall provide the CRA with a minimum of three written price quotes for each item to be purchased. The CRA shall not be obligated to disburse Grant funds for any unauthorized goods, services, or equipment, and the liability for payment in such instances shall be the responsibility of the Recipient. The CRA shall not be obligated to disburse Grant funds until the Recipient submits vendor invoices, copy of signed permit, proof of payment, and other documentation as may be required by the CRA. Final determination regarding the acceptability of supporting documentation shall rest with the Clerk of the Circuit Court/Finance Division. The Recipient shall provide the CRA with the names and signatures of all persons designated by Recipient to purchase goods, services, and equipment for the Project and the CRA shall not be obligated to disburse Grant funds to persons not previously designated by the Recipient.

14. Maintenance of Records: The Recipient shall maintain written records and accounts documenting all expenditures related to the Project. The Recipient shall maintain all documents

for a minimum period of three (3) years from the date of final completion of the Project, or until final resolution of matters involving any questioned costs, audit concerns, or related matters. The Recipient acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. In the event that the Recipient fails to abide by the provisions of Chapter 119, Florida Statutes, the CRA may terminate this Agreement. In such case, the Recipient shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

15. Audit: The County or the Clerk of the Circuit Court/Finance Division may audit or review any and all records or documents pertaining to this Agreement at any time.

16. Amendments: Any amendments to this Agreement shall be in writing executed by both parties with the same formalities as this Agreement.

17. Notice: Any notices to the County shall be mailed to:

County:
Sherry Duffey
Development Program Manager
Neighborhood and Human Services Dept.
Community Redevelopment Agency
221 Palafox Place
Pensacola, Florida 32502

Recipient:
Stephen M. Young
201 Hermey Avenue
Pensacola, FL 32507

All notices shall be sent by certified mail, return receipt requested.

18. No Discrimination: The Recipient shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

19. Entire Agreement: This Agreement contains the entire agreement between the parties and no representations, inducements, promises, or other agreements between the parties not contained in this Agreement will be of any force and effect.

20. No Waiver: This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

21. This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

22. If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

23. The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

24. If any date herein set forth for the performance of any obligations, or the delivery of any instrument, or for the giving of any notice by the parties such as herein provided, shall be on Saturday, Sunday, or legal holiday such compliance shall be deemed acceptable on the next business day following such Saturday, Sunday, or legal holiday.

25. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

EXHIBIT I

RESIDENTIAL REHAB GRANT PROJECT

Property Owner(s): **Stephen M. Young**
Property Address: **201 Hermey Avenue, Pensacola, Florida, 32507**

The "Project" includes the following improvement to the above referenced property:

Replacement Roof

Escambia County Community Redevelopment Agency
Residential Rehab Grant Program
Administered By: Escambia County Neighborhood and Human Services Department
Community Redevelopment Agency

Lien Agreement

Applicant Name	Address of Property	Property Reference No.
Stephen M. Young	**201 Hermey Avenue**	**59-2S-30-1000-012-008**
A Married Man	**Pensacola, FL 32507**	

Total Amount of Lien **$2,350**

I, the undersigned owner of the residential property referenced above, agree that the improved residential property will continue to be used for residential purposes for a period of not less than one (1) year from the date this lien agreement is recorded in the public records. I will not sell or transfer ownership or possession of the property to any other person, persons, corporation or other legal entity during this one (1) year period without the express written permission of the CRA. Such permission shall not be unreasonably withheld nor is this lien agreement intended to otherwise unreasonably prevent the alienation of the property.

The lien shall be due and payable in total for a period of one (1) year from the date this lien agreement is recorded in the public records. Upon documentation of compliance with the provisions of this lien agreement and the Escambia County **Residential Rehab Grant Program,** and one (1) year subsequent to the recording of the lien agreement in the public records, this lien shall depreciate to zero (0), and repayment shall be forgiven. I understand that this lien will not be subordinated without the prior approval of the CRA, and subordination shall be considered for approval only to enable the owner to secure financing required to complete further improvements to the subject property.

If the property is sold or if ownership or possession is otherwise transferred without the express written permission of the CRA to another party or parties or the funding agreement executed concurrently with this lien agreement is terminated prior to expiration of the one (1) year period referenced above, I agree that I or my heir(s) or assigns shall repay the total amount of grant funds disbursed by the CRA, up to and including the amount recited above.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17790 **County Administrator's Report 12. 2.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/07/2020
Issue: Cancellation of Residential Rehab Grant Program Liens
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Cancellation of Residential Rehab Grant Program Liens - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board ratify the following May 7, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Board of County Commissioners, concerning the cancellation of the Residential Rehab Grant Program Liens:

A. Approving the following cancellations of 12 Residential Rehab Grant Program Liens, as the Grant recipients have met their one-year of compliance with the Residential Rehab Grant Program:

Property Owners	Address	Amount
Richard R. and Charlotte L. Birge	101 Edgewater Drive	$3,212
Norman D. and Virginia A. Boyd	601 Pelham Road	$2,750
Wanda D. Brown	416 South First Street	$2,650
Thomas J. Clayton	1 Greve Road	$4,365
Patricia L. Greene	309 Payne Road	$2,700
David Joe Marcum and Sandra Elaine Klihnl Marcum	116 SE Gilliland Road	$5,950
Marilyn R. Mulvey	602 Lakewood Road	$6,000
Jerry R. and Jan M. Robbins	209 Baublits Road	$3,750
John R. Ryan	107 Payne Road	$2,397
Gary S. Slocum	6 Earl Court	$3,502
David Toellner	310 Payne Road	$6,000
Jay A. Yedrysek	209 Greve Road	$2,707

B. Authorizing the Chairman to execute the Cancellation of Lien documents.

BACKGROUND:

The aforementioned property owners have satisfied their one-year compliance with the Residential Rehab Grant Program.

BUDGETARY IMPACT:

N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristin Hual, Senior Assistant County Attorney, has reviewed and approved the Cancellation of Lien documents as to form and legal sufficiency.

PERSONNEL:

Neighborhood & Human Services/Community Redevelopment Agency (NHS/CRA) staff coordinates the Residential Rehab Grant Program and all associated administrative functions.

POLICY/REQUIREMENT FOR BOARD ACTION:

Current practice requires Board approval for Residential Rehab Grant Program lien cancellation.

IMPLEMENTATION/COORDINATION:

Upon obtaining the Chairman's signature, the Clerk of Court will record the Cancellation of Lien documents for the owners.

Total Amount of Lien **$5,950**

I, the undersigned owner of the residential property referenced above, agree that the improved residential property will continue to be used for residential purposes for a period of not less than one (1) year from the date this lien agreement is recorded in the public records. I will not sell or transfer ownership or possession of the property to any other person, persons, corporation or other legal entity during this one (1) year period without the express written permission of the CRA. Such permission shall not be unreasonably withheld nor is this lien agreement intended to otherwise unreasonably prevent the alienation of the property.

The lien shall be due and payable in total for a period of one (1) year from the date this lien agreement is recorded in the public records. Upon documentation of compliance with the provisions of this lien agreement and the Escambia County **Residential Rehab Grant Program,** and one (1) year subsequent to the recording of the lien agreement in the public records, this lien shall depreciate to zero (0), and repayment shall be forgiven. I understand that this lien will not be subordinated without the prior approval of the CRA, and subordination shall be considered for approval only to enable the owner to secure financing required to complete further improvements to the subject property.

If the property is sold or if ownership or possession is otherwise transferred without the express written permission of the CRA to another party or parties or the funding agreement executed concurrently with this lien agreement is terminated prior to expiration of the one (1) year period referenced above, I agree that I or my heir(s) or assigns shall repay the total amount of grant funds disbursed by the CRA, up to and including the amount recited above.

Verified By: [signature] Date: 2/13/19

Total Amount of Lien **$2,707**

I, the undersigned owner of the residential property referenced above, agree that the improved residential property will continue to be used for residential purposes for a period of not less than one (1) year from the date this lien agreement is recorded in the public records. I will not sell or transfer ownership or possession of the property to any other person, persons, corporation or other legal entity during this one (1) year period without the express written permission of the CRA. Such permission shall not be unreasonably withheld nor is this lien agreement intended to otherwise unreasonably prevent the alienation of the property.

The lien shall be due and payable in total for a period of one (1) year from the date this lien agreement is recorded in the public records. Upon documentation of compliance with the provisions of this lien agreement and the Escambia County **Residential Rehab Grant Program,** and one (1) year subsequent to the recording of the lien agreement in the public records, this lien shall depreciate to zero (0), and repayment shall be forgiven. I understand that this lien will not be subordinated without the prior approval of the CRA, and subordination shall be considered for approval only to enable the owner to secure financing required to complete further improvements to the subject property.

If the property is sold or if ownership or possession is otherwise transferred without the express written permission of the CRA to another party or parties or the funding agreement executed concurrently with this lien agreement is terminated prior to expiration of the one (1) year period referenced above, I agree that I or my heir(s) or assigns shall repay the total amount of grant funds disbursed by the CRA, up to and including the amount recited above.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17737 **County Administrator's Report 12. 3.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/07/2020
Issue: Amendment to 2015 Annual Action Plan for the Emergency Solutions Grant
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Amendment to the 2015 Annual Action Plan for the Escambia County Emergency Solutions Grant - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning an Amendment to the 2015 Annual Action Plan for the Escambia County Emergency Solutions Grant (ESG) Program:

A. Approve an Amendment to the 2015 Annual Action Plans for the Escambia County ESG Program, reallocating $47,898 in funds and updating eligibility requirements for homeless prevention and rapid rehousing applicants; and

B. Authorize the County Administrator to sign the Amendment; OR

C. Return the balance of unexpended ESG funds, in the amount of $113,219, to the U.S. Department of Housing and Urban Development.

[Funding: Fund 110/Emergency Solutions Grant, Cost Center 370293]

BACKGROUND:

The Emergency Solutions Grant (ESG) allocation is to be used for homeless activities such as Shelter Operations, Street Outreach, Rapid Rehousing, Homeless Prevention, and the Homeless Management Information System (HMIS). Escambia County has an unexpended fund balance in the 2015 Grant of $47,898, in the 2016 Grant of $33,101, and in the 2017 Grant of $32,220, that were originally programmed to be utilized for Rapid Rehousing (RRH) and

Homeless Prevention (HP) activities. HUD is allowing additional time to expend these funds through September 2020. In order to address timely spendout of ESG funds, staff is recommending an Amendment to the 2015 Annual Action plan to reallocate funds from RRH and HP activities to move $47,898 in 2015 funds to eligible HMIS expenses with the local Continuum of Care, Opening Doors Northwest Florida, Inc. This will allow for the expenditure of funds within the extremely compressed extension provided by HUD. Remaining unexpended funds of $65,321 are planned for RRH and HP activities and will be submitted to the Board under separate recommendation. The Amendment also modifies eligibility requirements to remove initial income qualification for RHH applicants at initial intake to mirror HUD requirements.

HUD requires that Amendments to a local government's Annual Action Plan must be advertised for a minimum of 30 days to give the public an opportunity to comment on the proposed changes. A Public Notice was advertised in the Pensacola News Journal on March 2, 2020 (Exhibit I), that allows for comments. No comments were received regarding this Amendment.

The Amendment proposes reallocating funds as follows:

	GRANT YEAR	AMOUNT	ACTIVITY
FROM:	2015	$47,898	Rapid Rehousing/Homeless Prevention
TO:	2015	$47,898	Homeless Management Information System

The Amendment (Exhibit II) will go into effect after approval by the Board.

BUDGETARY IMPACT:

Funds are available in Fund 110/Other Grants and Aids, Emergency Solutions Grant, Cost Center 370293. Reallocation of funds will allow for use of funds for HMIS needs, enabling spendout within HUD's deadline.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Changes in planned activities from the HUD Annual Action Plan must follow the County's Citizen Participation Plan (CPP), as guided in 24 CFR Part 570. The County's CPP states that an Amendment to the Annual Action Plan is triggered under the following circumstances:

1. The addition or deletion of any activity from the approved list of activities included in the Consolidated Plan/Escambia County or City of Pensacola Annual Action Plan for each respective year.

2. The purpose, scope, location, and/or beneficiaries of any activity or project are materially altered or changed from the approved County or City Annual Action Plan for each respective program year.

3. The annual funding level for any individual activity included in the Annual Action Plan is increased or decreased by an amount in excess of twenty-five percent (25%) of the originally approved activity line item for each respective program year.

IMPLEMENTATION/COORDINATION:

Subject to approval by the Board, the Neighborhood Enterprise Division will submit the Amendment to HUD.

AMENDMENT TO THE
CONSOLIDATED PLAN AND 2015 ANNUAL ACTION PLAN
REGARDING THE
ESCAMBIA COUNTY EMERGENCY SOLUTIONS GRANT (ESG) PROGRAM

Escambia County is proposing to amend the 2015-2019 Consolidated Plan to modify the eligibility requirements to remove the income requirement at initial evaluation for recipients applying for Rapid Rehousing to mirror HUD ESG requirements. The eligibility requirements section of the ESG Program is being modified as follows (modifications underlined below).

Due to the limited amount of funding, the annual Emergency Solutions Grant (ESG) allocations will be used for priorities established jointly by Opening Doors Northwest Florida (ODNF) and Escambia County. In addition to supporting HMIS expansion and enhancement, Emergency Solutions Grant allocations will be expended in support of Rapid Re-housing for individuals/ families with incomes below 30% of median at recertification; and/or homelessness prevention for individuals/families with incomes below 30% of median. With this in mind, the following provisions will guide the County and ODNF in the prioritization, allocation, implementation and oversight of the program with respect to Rapid Re-housing and Homeless Prevention activities.

Basic Eligibility Requirements:
Qualification for Rapid Re-Housing or Homelessness Prevention assistance under the Program shall minimally include:

1. Program participants must meet the definition of "homeless" stipulated at 24 CFR Part 576.2 subparagraphs (1), (2), (3) or (4) and/or the definition of "at risk of homelessness" as stipulated in 24 CFR Part 576.2 subparagraph (1).

2. The total income for the household is less than 30% of the area median income (AMI) adjusted for family size (as adjusted annually by HUD) at initial evaluation for Homeless Prevention participants. Homeless Prevention and Rapid Rehousing participants must be at or below 30% AMI at recertification. Qualifying incomes for ESG assisted households will be calculated in the manner prescribed in the Section 8 Housing Assistance Program.

3. Each household (applicant) shall participate in case management and assessment as provided and required by the Single Service Delivery Agency.

4. The household (applicant) and/or the Service Delivery Agency(s) shall document that the applicant will not be able to retain housing "but for" the assistance provided from ESG resources.

5. The rent for any subsidized housing unit shall not exceed the applicable Pensacola MSA fair market rent based on bedroom size as published by HUD and the rent shall be reasonable.

Additionally, Escambia County is proposing to modify the 2015 Escambia Consortium Annual Action Plan within the ESG Program, Grant #E15-UC-12-0012, to reallocate old year funds between project categories as follows:

FROM:	
Rapid Rehousing/Homeless Prevention	$47,898
TO:	
Homeless Management Information System	$47,898

Funding for Rapid Rehousing/Homeless Prevention will be made available through other ESG grant allocations.

Comments or questions concerning this amendment are invited through 4:00 p.m. (CST), April 1, 2020. Interested parties may submit written comments to: Escambia County ESG Program, c/o Neighborhood Enterprise Division, 221 Palafox Place, Suite 200, Pensacola, Florida 32502. Questions should be directed to Meredith Reeves by telephone: (850) 595-4968 or via electronic mail: mereeves@myescambia.com

The above stated amendments have been subjected to the minimum thirty (30) day public comment period in compliance with the Local Citizen Participation Plan. The amendment will be effective following the expiration of the public comment period on April 2, 2020 and will be immediately implemented in accordance with governing Program Regulations promulgated by the U.S. Department of Housing and Urban Development (HUD).

Legal No. 4085532 March 2, 2020

AMENDMENT TO THE
CONSOLIDATED PLAN AND 2015 ANNUAL ACTION PLAN
REGARDING THE
ESCAMBIA COUNTY EMERGENCY SOLUTIONS GRANT (ESG) PROGRAM

Escambia County is proposing to amend the 2015-2019 Consolidated Plan to modify the eligibility requirements to remove the income requirement at initial evaluation for recipients applying for Rapid Rehousing to mirror HUD ESG requirements. The eligibility requirements section of the ESG Program is being modified as follows (modifications underlined below):

Due to the limited amount of funding, the annual Emergency Solutions Grant (ESG) allocations will be used for priorities established jointly by Opening Doors Northwest Florida (ODNF) and Escambia County. Issue: Agreement for Emergency Solutions Grant Program Homeless Management Information System
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Agreement for Emergency Solutions Grant Program Homeless Management Information System - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Agreement for Emergency Solutions Grant Program Homeless Management Information System with Opening Doors Northwest Florida (NWFL), Inc.:

A. Approve the Agreement for Emergency Solutions Grant Program Homeless Management Information System with Opening Doors Northwest Florida (NWFL), Inc., in the amount of $47,898 for Homeless Management Information System and coordinated entry services; and

B. Authorize the Chairman or Vice Chairman to execute the Agreement and related forms as may be required to fully implement the Agreement.

[Funding: Fund 110/Other Grants and Aids, Emergency Solutions Grant, Cost Center 370293]

BACKGROUND:

Subject to Board approval of an Amendment to the 2015 HUD Annual Plan which will reallocate the remaining balance of 2015 Emergency Solutions Grant funds from Rapid Rehousing and Homeless Prevention to Homeless Management Information System (HMIS) activities, this Agreement will provide funding to Opening Doors Northwest Florida, Inc. (Opening Doors), to utilize HMIS funds for the following HUD eligible activities: purchase of additional user licenses to allow

additional users to utilize HMIS; purchase of additional equipment and software for new and existing homeless providers; purchase of an application to aid in the Point in Time count; and HMIS eligible personnel support costs. The HMIS system will be used to help provide referrals for homeless prevention and rapid rehousing clients. All funds will be matched 100% from Opening Doors per HUD requirements and will be expended before HUD's September deadline.

BUDGETARY IMPACT:

Funds are available in Fund 110, Cost Center 370293.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Agreement has been reviewed and approved by Kristin Hual, Senior Assistant County Attorney.

ESG HMIS Opening Doors Agreement

AGREEMENT FOR
EMERGENCY SOLUTIONS GRANT PROGRAM
HOMELESS MANAGEMENT INFORMATION SYSTEM

THIS AGREEMENT is made and entered into by and between **ESCAMBIA COUNTY**, a political subdivision of the State of Florida (hereinafter referred to as the **"County"),** with administrative offices located at 221 Palafox Place, Pensacola, Florida 32502, and **OPENING DOORS NORTHWEST FLORIDA (NWFL), INC.**, a not for profit corporation organized under the laws of the State of Florida (FEI/EIN #59-2909065) (hereinafter referred to as the "**Agency**"), with a principal address of 1020 North New Warrington Road, Pensacola, Florida, 32506, for the purpose of implementing the Homeless Continuum of Care ("CoC") administration and coordination of the Homeless Management Information System ("HMIS") and associated components of the Emergency Solutions Grant ("ESG") Program Allocation as awarded to Escambia County by the U. S. Department of Housing and Urban Development ("HUD") (hereinafter referred to as the "Program").

W I T N E S S E T H

WHEREAS, the County has elected to participate in the Emergency Solutions Grant Program (CFDA # 14.231) to provide emergency shelter for homeless individuals and families, HMIS management, emergency assistance through homelessness prevention assistance to households who would otherwise become homeless, and rapid re-housing assistance to persons who are homeless for the benefit of the citizens of Escambia County, Florida; and

WHEREAS, the Agency has exhibited the managerial and technical ability to effectively assist the County with management and oversight of the Program in the local community; and

WHEREAS, the County hereby elects to engage the services of the Agency for administration and coordination of the HMIS and associated components, and HMIS reporting requirements for the Program and the Consolidated Plan in accordance with governing HUD regulations and requirements stipulated herein, and to enter into an Agreement with the Agency for this purpose; and

WHEREAS, it is in the best interest of the County to enter an agreement with the Agency for the specific purpose of providing for the administration and coordination relating to the Program within Escambia County, including the City of Pensacola and the Town of Century.

NOW, THEREFORE, in consideration of the mutual promises and covenants, the parties agree as follows:

ARTICLE I
Supervision

1. The Agency agrees to perform the required services under the general coordination of Neighborhood Enterprise Division (NED), an operating branch of the Escambia County Neighborhood & Human Services Department, as designated agent for County.

1.1 The contract manager responsible for coordination and administration of this Agreement

and attending regular meetings with the Agency is hereby designated as follows:

Contract Manager for County: Meredith Reeves, Division Manager
Neighborhood Enterprise Division
221 Palafox Place
Pensacola, FL 32502
Phone: (850) 595-0022
Email: mareeves@myescambia.com

1.2 The Contract Coordinator responsible for coordination and administration of this Agreement and attending regular meetings on behalf of the Agency is hereby designated as follows:

Contract Coordinator for Agency: John Johnson, Executive Director
Opening Doors Northwest Florida (NWFL), Inc.
1020 North New Warrington Road
Pensacola, Florida 32506
Phone: (850) 439-3009
Email: johnj@openingdoorsnwfl.org

ARTICLE II
Scope of Services

2. The Agency agrees to implement the Program, specifically including HMIS matters, in accordance with the provisions of **EXHIBIT I**, attached and incorporated in this Agreement.

2.1 The Agency agrees to implement the Program to provide CoC interagency coordination; HMIS database management and integration; and ESG required data collection and reporting; as well as linkages between community resources and the persons or families at risk of or experiencing homelessness as defined in the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 ("HEARTH Act"), as may be amended, incorporated herein by reference and acknowledged by Agency as provided in **EXHIBIT III** of this Agreement.

ARTICLE III
Funding

3. For implementation of the Program, the County agrees to pay to the Agency an amount not to exceed **$47,898.00** payable solely from available ESG 2015 funds, subject to possible reduction under Article VI hereof.

3.1 During the term of this Agreement, the County shall make periodic payments to the Agency, or on behalf of the Agency, for Program activities and services authorized under the terms and conditions set forth in **EXHIBIT I** of this Agreement. All payments will be subject to submission of all documentation required by the County with respect to: supporting the County in administering and monitoring ESG Program activities involving CoC agencies; management, coordination, and integration of the HMIS and other data systems integral to the ESG mission; data collection and assembly of reports, including the HUD Consolidated Plan narrative and data

and required ESG data elements; providing referrals under coordinated entry guidance to supportive service agencies; and interaction with County and HUD representatives with respect to HMIS issues. Activities shall be in compliance with the requirements of the HEARTH Act and the HUD HMIS Data and Technical Standards as currently in effect subject to regulatory revisions published by HUD and revisions or amendments thereto.

3.2 The County agrees to receive, account for, and disburse Program funds from budgets and accounts, as legally established by the County, for the mutual benefit of the Agency and the CoC agencies to the extent that such benefits conform to the requirements of the HEARTH Act.

3.3 The method of payment shall be according to the Payments and Procedures, as described in **EXHIBIT I** of this Agreement.

ARTICLE IV
Reporting

4. The Agency shall provide a Monthly Status Report to the County, including a narrative summary of progress and a financial statement as described in **EXHIBIT II** of this Agreement.

4.1 The Agency shall use the form of Monthly Status Report described in **EXHIBIT II** of this Agreement or shall provide an alternate Monthly Report format for approval by the County.

4.2 The report shall be due monthly, and this obligation shall survive termination of this Agreement and continue until all information concerning the Program has been received by the County.

4.3 The report is due on the 10th day following the end of each month, unless an alternative schedule is agreed upon by the parties. The Report shall include all activities undertaken during the previous month.

4.4 The Agency shall provide the County with additional information as may be required by state or federal agencies to substantiate all activities, service or activity eligibility and/or expenditure eligibility.

ARTICLE V
Indemnification and Insurance Requirements

5. Independent Contractor. The Agency shall act as an independent contractor, and not as an employee of the County, in providing the aforementioned service. Further, this agreement is not intended to create an employer/employee, partnership, or joint venture relationship between the County and Agency.

5.1 Indemnification. The Agency shall indemnify, defend, and hold harmless Escambia County, and its subsidiaries or affiliates, elected and appointed officials, employees, volunteers, representatives and agents from any and all claims, suits, actions, damages, liability and expenses in connection with the loss of life, bodily or personal injury, property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in

connection with the performance of this Agreement. The Agency's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy or insurance. The indemnification provided herein shall obligate Agency to pay on behalf of the County, as well as provide a legal defense for the County, which will be done only if and when requested by the County, for all claims as described in Article V of this Agreement. Such payment on the behalf the County shall be in addition to any and all other legal remedies available the County and shall not be considered to be the County's exclusive remedy.

5.2 Insurance. The Agency shall at all times during the term of this agreement maintain in full effect the following policies of insurance:

a. Commercial General Liability, Form CG1, with minimum limits of coverage in the amount of $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies.

b. Florida statutory Workers' Compensation and employer's liability insurance policy for all workers' compensation obligations imposed by state law and employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

5.2.1 Agency agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least thirty (30) days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Risk Management, 221 Palafox Place, Suite 200, Pensacola, FL 32502 with copy to the County Contract Manager.

5.2.2 The County and NED shall be endorsed as "Additional Insureds" on all liability policies (except Workers' Compensation and professional liability) and such coverage shall be at least as broad as that provided to the Named Insured under the policy for the terms and conditions of this Agreement. The County and/or NED shall not be considered liable for premium payment, entitled to any premium return or dividend, and shall not be considered a member of any mutual or reciprocal company.

5.2.3 Certificates of Insurance shall be provided to the Office of Risk Management, 221 Palafox Place, Suite 200, Pensacola, FL 32502 with copy to the County Contract Manager prior to commencement of services hereunder. Certificates shall reflect the "Additional Insured" status of the County and NED. The County and NED shall also be the certificate holders. Escambia County shall be notified at least thirty (30) days in advance of policy cancellation, nonrenewal or adverse change or restriction in coverage.

5.2.4 If required by the County, the Agency shall furnish copies of the Agency's insurance policies, forms, endorsements, jackets and other items forming a part of or relating to such policies.

5.2.5 The Agency shall replace any canceled, adversely changed, restricted or non-renewed policies with new policies acceptable to the County and shall file with the County Certificates of Insurance under the new policies prior to the effective date of such cancellation, adverse change

or restriction. If any policy is not timely replaced, in a manner acceptable to the County, the Agency shall, upon instructions of the County, cease all operations under the Agreement until directed by the County, in writing, to resume operations.

5.2.6 The Agency's required coverage(s) shall be considered primary and all other insurance shall be considered as excess, over and above the Agency's coverage. The Agency's policies of insurance will be considered primary as related to all provisions of the Agreement.

ARTICLE VI
Contract Period and Termination

6. This Agreement, after being properly executed by the parties named herein, shall be effective for the term beginning on **May 7, 2020, and shall expire on September 30, 2020,** unless earlier terminated with or without cause, by any party giving thirty (30) days prior written notice of such termination.

6.1 Notwithstanding anything herein to the contrary, if the Agency should fail to satisfactorily perform its duties as herein set forth, or in the event that funds fail to be or cease to be provided to the County, the County may immediately terminate this Agreement and shall reimburse payments that were expended through the effective date of termination. Said termination shall be in accordance with provisions of 2 C.F.R. §§ 200.339-340, as applicable.

6.2 Due to the time limitation for obligation and expenditure of Program funds, the Agency shall be subject to a performance review by the County/NED, at monthly intervals based upon the effective date of this Agreement. These performance reviews are advisory in nature and designed to assist the Agency in identifying impediments to effective implementation of the program. Any performance deficiencies or financial irregularities will be provided to the Agency by the County. Failure of the Agency to address the written review comments within ten (10) business days of the date of issuance shall be grounds for the County to suspend payments and provide notice of impending termination and release of ESG funds for other ESG activities.

ARTICLE VII
Accountability

7. The Agency agrees to maintain personnel, financial, individual client and other records and accounts as necessary to properly account for all funds expended in performance of this Agreement.

7.1 These records and accounts shall be subject at all times to inspection, review, or audit for a period of six (6) years following the termination of this Agreement unless said records are the subject of audit or litigation, in which case they shall be retained indefinitely pending resolution of such review. Access to such records shall be provided to the County, the State of Florida, the HUD, or any of their duly authorized representatives; or the Agency shall transfer these records and accounts to the custody of the County.

7.2 The Agency shall be fully responsible and directly liable for the proper expenditure of all

funds provided to the Agency through this Agreement. In the event of misappropriation of or the use of Program funds for ineligible expenditures by the Agency, said Agency shall be liable for immediate repayment of improperly expended Program funds to the County or HUD, as may be required.

7.3 Any Agency failing to properly manage and account for the expenditure of Grant funds, resulting in requirement for repayment of such funds to the County or HUD, shall be barred from participation in all projects or programs involving ESG Program funds, unless such funds are repaid to County or HUD within fifteen (15) business days of written notification of such obligation by the County and/or HUD. Any repayment resulting from fraudulent activities shall result in the permanent debarment of the Agency from participation in all County sponsored housing programs.

ARTICLE VIII

Nepotism and Conflicts of Interest

8. The Agency agrees to abide by the provisions of §112.3135, Florida Statutes, pertaining to nepotism in the performance of this Agreement.

8.1 With respect to the use of Program funds to procure services, equipment, supplies or other property, the agency shall comply with 2 C.F.R. Part 200. The Agency shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved.

ARTICLE IX

Civil Rights and Anti-Discrimination

9. The Agency agrees to abide by the spirit and intent of the Civil Rights Act of 1964, as amended, and the Civil Rights Act of 1968, as amended, in that its operation under this Agreement is free of discrimination against its employees, persons, or groups of persons on the basis of race, color, religion, sex, national origin, pregnancy, age, disability, or familial status, as applicable. Both of the said Civil Rights Acts are hereby referred to and incorporated by reference herein.

9.1 All services associated with this project shall be made available to the public in a non-discriminatory manner. Services and access thereto shall be available without regard to race, sex, familial status, disability, religion, or national origin. The Agency accepts sole responsibility for ensuring such non-discriminatory access to the services provided hereunder.

9.2 Agency will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, pregnancy, age, or disability. Such action shall include, but not be limited to, the following: employment, demotion or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation and selection for training, including apprenticeship. The Agency agrees to post in a conspicuous place notices setting forth the provision of this Equal Employment Opportunity clause.

9.3 In carrying out all aspects of the housing activities for which the Agency has contracted

hereunder, the Agency shall at all times abide by and maintain full compliance with the requirements of the Fair Housing Act (42 U.S.C. §§3601-3619) and implementing regulations.

ARTICLE X
Program Income

10. Program related assistance provided through this Agreement shall be in the form of a grant for HMIS management, administrative support, development, data collection, integration and reporting. As such, no program income is anticipated as a result of the Program activities.

10.1 However, in the event of any unanticipated repayment of Program funds in relation to this Agreement, such funds shall be repaid to *Escambia County* and credited by the County to ESG Program Income within the budgets and accounts of the County. Any Program income will be expended by the County for ESG eligible costs prior to drawing additional Grant funds from HUD.

ARTICLE XI
Uniform Administrative Requirements

11. The Agency shall comply with: applicable provisions of the HEARTH Act; the uniform administrative requirements described in 24 C.F.R. §570.502 and the requirements of 2 C.F.R. Part 200; Civil Rights and Anti-Discrimination requirements cited in Article IX and acknowledged in **EXHIBIT III** of this Agreement; and all related regulatory requirements and HUD policy directives and guidelines applicable to the Grant financed activities to be implemented through this Agreement. The Agency has been directly provided electronic copies of the entire text of applicable portions of these laws, regulations, HUD policy directives and guidelines prior to initiating Grant activities. This is evidenced by execution of the certification of receipt contained in **EXHIBIT III** of this Agreement. The Agency agrees to comply with any amendments or revisions to said laws, rules, regulatory provisions, policy guidelines or directives as may be promulgated by HUD and as provided to the Agency in writing by the County. Said compliance shall be required as of the date the amended provisions are provided to the Agency by the County and officially acknowledged by the Agency in writing.

ARTICLE XII
Procurement

12. The Agency shall utilize procurement procedures which ensure open competition and maximum access to businesses wishing to participate in program activities, including businesses with designations as follows: Minority Business Enterprise (MBE), Woman-owned Business Enterprise (WBE) and/or Disadvantaged Business Enterprise (DBE). Agency shall conform to uniform Agency practices that target securing the most reasonable pricing for Program costs when ensuring that equipment, materials or services are provided or performed by qualified vendors.

12.1 The Agency shall be required to adhere to the procurement standards provided at 2 C.F.R. Part 200 and 24 C.F.R. §576.407(c), as applicable, or the Recipients written procurement standards provided that such standards conform to Federal Law and the provisions of 2 C.F.R. Part 200. This shall apply to the purchase of materials, supplies, and equipment. The full text of 2 C.F.R. Part 200 has been provided to the recipient as noted in **EXHIBIT III** of this Agreement. Equipment

with a unit cost in excess of $5000 requires prior written approval by the County Contract Manager for the purchase and procurement method.

12.2 Equipment management and equipment disposition. Property records should include detailed info regarding the item purchased, including acquisition date, acquisition cost, amount of grant funds used, amount of non-ESG funds used if applicable, serial number or other identification, location of property, and disposition date. A physical inventory should be undertaken at least every two (2) years. Equipment disposed by sale must return sales proceeds to the County. Alternately, if equipment is no longer needed for the purpose originally purchased by ESG, then the equipment should be offered back to the County or can be retained by the Agency after reimbursing the ESG grant Program funds.

ARTICLE XIII
Other Related Federal Requirements

13. The Agency shall carry out all Program activities in compliance with all Federal Laws and regulations described in 24 C.F.R. §§570.600-.614, with the following exceptions:

a) The Agency does not assume the County's environmental responsibilities described at 24 C.F.R. §570.604; and

b) The Agency does not assume the County's responsibility for initiating the review process under the provisions of 24 C.F.R. Part 52.

13.1 Relevant provisions of 24 C.F.R. §§570.600-.614, have been provided to the Agency as noted in **EXHIBIT III** of this Agreement.

ARTICLE XIV
General Provisions

14. The Agency accepts these funds so appropriated in accordance with the terms of this Agreement, and agrees that the contents of **EXHIBITS I, II, and III** and regulatory requirements cited therein are part and parcel of this agreement and hold the same legal authority as the Agreement. Further, the Agency agrees:

14.1 To abide by Chapter 119, Florida Statutes, and successors thereto, all of which are hereby referred to and incorporated by reference herein;

14.2 To permit and facilitate such audits by the U. S. Department of Housing and Urban Development (HUD), Escambia County, or designated independent auditing firm(s) or their authorized representatives as may be required in relation to this Agreement;

14.3 To produce all documents upon request by the County, HUD, or their authorized representatives;

14.4 To provide a complete copy of the Agency's most recent annual comprehensive financial statement, reviewed and verified as to accuracy by an independent (third party) accounting

professional, and to subsequently provide copies of similarly verified annual financial statements for the duration of this Agreement. Said audit shall comply with provisions of 2 C.F.R. Part 200, as applicable; and

14.5 That **Opening Doors Northwest Florida (NWFL), Inc.** is a chartered Florida not for profit corporation with 501(c)(3) tax exempt designation by the U.S. Department of the Treasury, Internal Revenue Service and shall maintain its status for the duration of this Agreement. Further, **Opening Doors Northwest Florida (NWFL), Inc.** functions primarily as a community or social service organization with specific emphasis on coordination of homeless issues and activities for the less fortunate in Escambia and Santa Rosa counties.

14.6 Public Records. The Agency acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Agency shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Agency shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Agency agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Agency fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Agency seven (7) days written notice, during which period the Agency still fails to allow access to such documents, terminate the Agreement.

IF THE AGENCY HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE AGENCY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502

ARTICLE XV
Understanding of Terms

15.1 This Agreement represents the entire and integrated agreement between the County and the Agency and supersedes all prior negotiations, representations, or agreements, either written or oral. This Agreement may be amended only by written instrument signed by the Agency and County or in accordance with the provisions contained in this document.

15.2 This Agreement is executed in Escambia County, State of Florida, and shall be construed

under the laws of the State of Florida, and the parties agree that any action relating to this Agreement shall be instituted and prosecuted in the courts of the County of Escambia, State of Florida, and each party waives the right to change of venue. Further, it is mutually understood and agreed that this Agreement shall be governed by the laws of the State of Florida, both as to interpretation and performance.

15.3 It is understood and agreed by the parties that if any part, term, or provision of this Agreement is held by the Courts to be illegal or in conflict with any law of the State where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

15.4 The clause headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

15.5 All notices under this Agreement shall be in writing, and shall be sent by certified mail to the parties identified in Article I, paragraphs 1.1 and 1.2 above.

15.6 Each individual executing this Agreement on behalf of a corporate or governmental party represents and warrants that he/she is duly authorized to execute and deliver this Agreement on behalf of said party, in accordance with a duly adopted action of the governing Board of said party in accordance with applicable law, and that this Agreement is binding upon said party in accordance with its terms.

SPECIFIC TERMS AND CONDITIONS FOR IMPLEMENTATION OF
ESG 2015 Grant for HMIS Services

AGENCY NAME: OPENING DOORS NORTHWEST FLORIDA (NWFL), INC.

I. SCOPE OF SERVICES

A. Opening Doors Northwest Florida (NWFL), Inc. (“Agency") shall provide Homeless Management Information System (HMIS) activities as eligible under the ESG program as follows:

1. Purchasing or leasing computer hardware;
2. Purchasing software or software licenses;
3. Purchasing or leasing equipment, including telephones, fax machines, and furniture;
4. Obtaining technical support;
5. Paying charges for high-speed data transmission necessary to operate or contribute data to the HMIS;
6. Paying salaries for operating HMIS, including:
   a. Completing data entry;
   b. Monitoring and reviewing data quality;
   c. Completing data analysis;
   d. Reporting to the HMIS Lead;
   f. Training staff on using the HMIS or comparable database; and
   g. Implementing and complying with HMIS requirements.
7. Paying costs of staff to travel to and attend HUD-sponsored and HUD-approved training on HMIS and programs authorized by Title IV of the McKinney-Vento Homeless Assistance Act;
8. Paying staff travel costs to conduct intake; and/or
9. Participation fees for providers using the HMIS.

HMIS expansion, integration and data collection/refinement services specific to homeless services and activities undertaken locally under the terms, conditions, requirements and responsibilities of this Agreement, and may include annual HMIS system hosting, equipment, software, and licensing costs.

The County agrees to make available over the term of this Agreement an amount not to exceed **$47,898.00** in ESG 2015 HMIS funds, specifically to enable the Agency to enhance homeless program management and coordination, specifically through HMIS enhancements and to assist the County with required data for the HUD Consolidated Plan. As the designated Agency with responsibility for the CoC planning and coordination functions, the Agency is critical to the effective oversight of the Emergency Solutions Grant Program in the local community, and limited ESG 2015 Grant funds are awarded herein to assist the Agency with respect to such responsibilities. Additionally, the Agency directly manages the HUD-mandated HMIS in Escambia County. ESG related reporting requirements mandate linkage or integration of data systems under the HMIS

umbrella for data collection and reporting of Emergency Solutions Grant associated activities and accomplishments. Additionally, the Agency shall provide the County with data to assist in completion of the County's Annual Plan and CAPER Reports. ESG 2015 Grant funding, as stipulated above, will be provided to aid the Agency in assuring compliance with HUD's HMIS directives, including the HUD HMIS Data, Technical and Reporting Standards. Requests for reimbursement shall include personnel, operating costs, supplies, contractual services and ESG 2015 Grant related support costs associated with the coordination of CoC and HMIS functions with respect to the Emergency Solutions Grant.

B. This allocation is funded in its entirety from ESG 2015 Grant funds. This allocation falls within the maximum costs authorized by HUD.

C. Funds shall be provided to the Agency in monthly installments not to exceed, in aggregate, the maximum amount cited upon delivery of contracted activities. Requests for payment or reimbursement shall clearly substantiate the costs for activities based upon the summary budgeted allocations cited below. The County may elect to pay vendors directly on behalf of the Agency, if requested to do so by the Agency; or alternatively, the County may reimburse properly documented expenses incurred for ESG 2015 Grant program costs by the Agency. Funds may be moved between line items with written request to the County Contract Manager. No advance of County funds will be provided to the Agency for this activity.

HMIS PROPOSED BUDGET

HMIS Personnel (.25 FTE)	$8563
HMIS Internet/Bandwidth	$1800
HMIS Equipment (Computers, Server, Mobile Unit Scanners)	$21,207
HMIS Software (HMIS licenses, Hyperion App, Data Encryption Services)	$16,328
TOTAL	**$47,898**

II. OBJECTIVES

A. The Agency shall provide administrative support to the County to assist in: outreach and integration of services, funding, and information sharing between and among various local, state and federal agencies and organizations for the benefit of ESG eligible recipients; enhanced monitoring of ESG and non-ESG client referral and case management protocols within the local homeless service delivery system; and support the mission and objectives of the homeless programs within Escambia County.

B. The Agency shall take the actions required to: (1) provide HMIS technical support, agency training, outreach, continuing interaction with the HMIS vendor(s), and general system coordination within Escambia County; (2) document the number of additional homeless service delivery agencies initiating or expanding participation in the local HMIS over the term of this agreement; (3) increase the actual number and percentage of individual homeless cases entered into the HMIS database as compared to the current data entry penetration; (4) utilize ESG funds provided hereunder to attain enhanced reporting, data collection and systems integration between the existing HMIS system and agencies delivering ESG or CoC based assistance to clients; and

(5) produce results oriented monthly reports as required herein.

C. The Agency shall take the actions required to ensure that Emergency Solutions Grant reporting by participating service delivery agencies meets or exceeds the HMIS Data and Technical Standards as established by HUD, including all required Data Elements.

III. SERVICES

A. The Agency asserts that it has the capability to perform the services identified herein and affirms its concurrence with the terms and conditions under which this assistance is provided to the Agency.

B. ESG Grant funds shall be made available to the Agency to support administrative costs; HMIS data collection, integration, and information sharing; HMIS based reporting; HMIS software, equipment, hosting, and/or licensing costs; and ancillary services required to coordinate and monitor these activities in Escambia County in accordance with requirements hereunder.

C. ESG data collection and reporting shall be conducted through the HMIS managed by the Agency, or through a compatible system that can be linked or file shared in a manner that will efficiently supply ESG required data elements to the local HMIS.

D. Agency shall substantiate and clearly document, either directly or through cooperative arrangements, the eligibility of each ESG payment issued under this Agreement. Failure of the Agency to properly document such costs will result in the Agency being required to reimburse the ESG fund for any and all ESG expenditures disbursed with respect to an ineligible cost. Complete expenditure documentation is mandatory under this Agreement.

E. Agency shall provide documentation of 100% Match of ESG funds per 24 C.F.R. §576.201. State of Florida ESG funds cannot be used as matching funds. Match contributions are to be expended during the same time frame as this Agreement. Contributions have been or will be counted as satisfying a matching requirement for another grant program may not be counted toward the match requirement. Match documentation must be provided within thirty (30) calendar days of the completion of the Program.

IV. AGENCY PERFORMANCE REVIEWS AND RELATED REPORTS

A. Agency shall cooperate fully in completion of the periodic performance reviews as stipulated in Article VI of this Agreement. Agency agrees to provide written status reports and updates as may be required in relation to the Performance Reviews or matters related thereto. The duty to participate in Performance Reviews and to provide written reports or responses regarding the results of such performance reviews shall survive termination of this Agreement until all related issues are resolved to the satisfaction of the County.

B. Failure to cooperate in the Performance Reviews and/or to submit written responses to County requests for Program related information, documentation, implementation issues, financial issues or any related matter shall be deemed good cause for withholding further payment to the Agency, and/or termination of this Agreement in accordance with provisions of Article VI should

the failure to cooperate persist.

V. AUDIT REQUIREMENTS

The Agency receives less than $300,000 annually in direct Federal funding. The Agency shall provide the Contract Manager with the recent annual comprehensive financial statement showing the financial affairs of the Agency in accordance with Article XIV Section 14.4 of this Agreement. Agency shall also provide copies of similarly verified annual financial statements for the duration of this Agreement. Initial and subsequent comprehensive financial statements shall be reviewed and verified as to accuracy by an independent (third party) accounting professional prior to submission to the Contract Manager.

VI. PAYMENT SCHEDULE AND PROCEDURE

A. Escambia County shall issue County financed payments based upon clear and proper documentation of all costs to be paid or reimbursed by Escambia County in support of the ESG 2015 Grant activities provided through this Agreement. Payments shall be either made directly to the vendor on behalf and upon approval of the Agency; or alternatively, to the Agency to reimburse ESG eligible costs advanced by the Agency, as based upon voucher and supporting documentation provided to the Clerk of the Circuit Court/Finance Division, as generally summarized below:

(1) Direct Vendor Payments by County: To secure direct payments to vendors by the County, the Agency shall submit the following documentation to NED at least fourteen (14) business days prior to the anticipated payment date: a request for direct payment to the specified ESG 2015 Grant vendor on Agency letterhead with amount, vendor and specific service(s) denoted; accurate and complete two page originally signed W-9 for payee (vendor); and an original of the vendor invoice that has been reviewed and approved for payment by the Agency (the invoice must clearly state that services were provided for the ESG 2015 Grant described herein. *Direct vendor payments shall be processed by the County ONLY for individual vendor invoices that exceed $2,000*.

(2) Reimbursement of Eligible Agency Incurred Expenses: To secure reimbursement of the Agency's ESG 2015 HMIS Grant expenses as advanced by the Agency, the Agency shall provide the County full and complete documentation of the actual costs for ESG 2015 HMIS project. Agency shall afford the County reasonable access to source documents to assure that costs are proper. To secure reimbursement of expenses by the County, the Agency shall submit the following documentation to NED at least fourteen (14) business days prior to the anticipated payment date: a request for reimbursement of ESG 2015 Grant related expenses on Agency letterhead with amount, vendor and specific service(s) denoted including a signed statement by the Agency certifying that the payment has been made; accurate and complete two page originally signed Agency W-9 (if a W-9 has not been submitted to the County within the twelve (12) month period prior to the invoice date); a complete copy of the vendor invoice as paid by the Agency; a copy of the cancelled check or a paid receipt from the vendor evidencing payment of the invoice.

Subject to the terms of this Agreement, the County shall retain final authority for the approval or denial of payments from County and County controlled or administered funds. The County shall review and document all payments but shall rely heavily on the Agency for revenue and expenditure source documentation.

B. Direct payment and reimbursement requests shall include costs incurred by the Agency for the ESG 2015 Grant.

C. Upon receipt of all required eligibility and expenditure documentation and approval by the Contract Manager, the County shall issue reimbursement to the Agency within fifteen business (15) days of the date of receipt of the payment request by the Escambia County Clerk of the Circuit Court/Finance Division.

D. Agency shall cooperate with County and NED in making revisions as may be required by HUD with reference to the ESG Grant and regulations related thereto.

VII. PROJECT EVALUATION, MONITORING AND REVIEW

A. The grant will be monitored continuously based upon the documentation submitted by Agency and routine interaction between the Agency and County. Reviews shall minimally conform to that provided in Article VI of this Agreement.

B. The County shall review and evaluate Agency's performance under this Agreement and the effectiveness of the program in keeping with the purpose and intent of the Emergency Solutions Grant Program. If found to be ineffective, modification may be made to this Agreement or this Agreement may be terminated according to the provisions contained in Article VI of the Agreement.

IX. PROJECT NARRATIVE PROVIDED BY OPENING DOORS

1. Bandwidth

To expand HMIS functionality, additional bandwidth is required. Increased end user capabilities over web-based software, either onsite or remotely will benefit the user. Technology has become increasingly crucial to the success of HMIS. Investing in increased bandwidth now will make it easier to adopt new support technologies instantly moving forward. The bandwidth will enable improved HMIS Training and recording, reporting to governmental entities, and data entry speeds that process information with greater efficiency and security.

2. Licensing/Equipment/Software

   The equipment, software, and licensing cost in this budget will be used to enhance the entire HMIS. The additions outlined in this budget will promote a better administrative and user interface experience that will remove training barriers created by outdated processes.

   a. ESG funds will go to purchase a server and a back-up so that training, policies & procedures, training videos, user agreements, software applications, and other documents may be easily accessible from a variety of training locations within the HMIS implementation area. This purchase will enable trainers to access the tools they need from remote locations.
   b. Proposed in this purchase are 11 HP All in One computers and 9 mobile desks to create a training environment for new and existing users. This will enable the trainer to host training anywhere within the Coordinated Entry site. The expected cost will be S10,075. Two computers will be purchased for Samaritan Hands.
   c. The budget also includes the purchase of 12 user licenses to add new providers to the system within the coverage area at the projected cost of $3,000.
   d. Software: The budget for software will be approximately $16,328.
      i. This purchase will include Tableau data reporting software at $112.00. These are customizable worksheets used to display reports in an easy to read format.
      ii. The Purchase will include a Data Import Migration Module that will allow the upload of data from multiple source locations that utilize CSV or data schemas of 2.0 or better. The total cost is $6,900.
      iii. 15 end user licenses will be purchased to expand HMIS. The expected cost is $3,000
      iv. This purchase includes the Hyperion App to utilize Point-In-Time and other customizable assessments that are useful in gathering information. This outreach software quickly and accurately provides us with instant counts that de-duplicate information real-time. The cost is $3,000.

v. Purchase of Windows Server 2019. The server will allow the set-up of profiles, run maintenance queries, initiate backups of source documents, and monitor the overall health and efficiency of the server. The cost is estimated to be $800.00.
vi. Content Catcher software allows the HMIS user to send encrypted client information across the internet to and from referral sources. The cost is expected to be $2,016.00
vii. Domain Server and back up will cost an estimated $4,303.
viii. The total cost for the software is expected to be $16,328.

3. HMIS Personnel

To support and implement the software and hardware items over the next 3 months require consultation and additional staff resources. The cost associated with contracting and/or the use of in-house staff to carry out the implementation of these activities are included in this line item of the budget. The total expected cost for this activity is $8,563 to be spent over a 1-3-month period.

The total budget for the use of the ESG 2015 funds is estimated to be $47,898. Opening Doors will provide $47,898 In-Kind non cash match to support ESG. The total amount of the grant plus match will be $95,796.

SPECIFIC EMERGENCY SOLUTIONS GRANT AND HMIS DATA STANDARDS AND REPORTING REQUIREMENTS

(MANDATORY)

Agency shall maintain, update and ensure collection, and submission (as applicable) of all Emergency Solutions Grant clients, service delivery, financial and/or outcome reporting data elements as required by the Program and specifically detailed on the HUD ESG website at the following links:

HMIS Data Standards – including future revisions as mandated by HUD (link to document provided below)

https://www.hudexchange.info/programs/hmis/

All required HMIS data (required data elements) applicable to services rendered under this Agreement shall be provided by the Agency through or in conjunction with the local HMIS system that is operated and maintained by Opening Doors Northwest Florida, Inc. All data must be directly entered into the local HMIS or be compatible in a manner that allows uploading of data to HMIS on a routine basis.

Agency acknowledges that the data requirements may be altered by HUD during the implementation of this initiative and the Agency may be required to revise reporting elements to address such revisions. However, such changes are beyond the control of the County.

EXHIBIT III

EMERGENCY SOLUTIONS GRANT PROGRAM RULES AND REGULATIONS

Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009
and related
Laws, Rules and Regulations

CERTIFICATION OF RECEIPT
Emergency Solutions Grant Program
IMPLEMENTING REGULATIONS

I/We hereby certify and affirm that Escambia County, via NED, has provided this Agency with a complete electronic copy of the current **Emergency Solutions Grant Regulations governing implementation of Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009**. Agency agrees that additional amendments to said Regulations and/or directives relating to said Regulations may be disseminated by HUD during the term of this Agreement, and upon receipt and acknowledgement of said amendments or policy directives from the County/NED, the Agency shall abide with such changes in the Emergency Solutions Grant Program as of the date the information is officially acknowledged by the Agency. Further, the Agency has been directed by the County/NED to attend appropriate training as provided by HUD or HUD contractors. Agency has also been advised to review Emergency Solutions Grant, HMIS and other training materials and information relating to the activities to be implemented through this Agreement. The Agency should routinely consult the following HUD Website on a regular (at least bi-weekly) basis for regulatory and policy updates:

https://www.hudexchange.info/programs/esg/

Agency stipulates herein that, I/We have reviewed the Emergency Solutions Grant information identified and the website referenced above, and I/We clearly understand the requirements which govern the Emergency Solutions Grant financed activities agreed to under the terms and conditions of this Agreement. I/We also understand that clarification of any uncertainties regarding the Notice(s), policy directives, questions/answers, or requirements related thereto should be resolved by contacting the Contract Manager denoted in this Agreement. If the Contract Manager cannot resolve the question, the issue will be submitted to the HUD for review and resolution.

Further, I/We certify and acknowledge that Emergency Solutions Grant *services* are limited to a specific income level and that such targeting is a mandatory requirement in carrying out any agreement which involves delivery of services to clients and/or oversight of any agency or agencies having responsibility for delivery of such services through the Emergency Solutions Grant. I/We are familiar with the: income eligibility guidelines (income chart), income determination procedures, income verification/documentation procedures, and income compliance requirements hereunder and the penalties to be suffered by the Agency for failing to assure such compliance.

This certification is provided in lieu of including the entire text of the Notice and voluminous related materials in this Exhibit. I/We understand that additional copies of any of the referenced materials or training related to such materials will be provided upon written request directed to the Contract Manager by this Agency. As the local Homeless Continuum of Care (CoC) agency, I/We certify and affirm that Agency staff are very knowledgeable with respect to the HEARTH Act, Emergency Solutions Grant and HMIS.

ANTI-LOBBYING
CERTIFICATION FOR CONTRACTS, GRANTS, LOANS
AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form To Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents and all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U. S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

DEBARMENT, SUSPENSION,
AND OTHER RESPONSIBILITY MATTERS
PRIMARY COVERED TRANSACTIONS

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Firm/Agency: Opening Doors Northwest Florida (NWFL), Inc.

Street Address: 1020 North New Warrington Rd
Pensacola, Florida 32506

CERTIFICATION REGARDING DRUG-FREE REQUIREMENTS

Opening Doors Northwest Florida, Inc. certifies that it will provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in theAgency's workplace and specifying the actions that will be taken against employees for violation of such prohibitions;

(b) Establishing a drug-free awareness program to inform employees about-

(1) The dangers of drug abuse in the workplace;

(2) TheAgency's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the Program be given a copy of the statement required by paragraph (a);

(d) Notifying the employer in the statement required by paragraph (a) that, as a condition of employment, the employee will-

(1) Abide by the terms of the statement; and

(2) Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction;

(e) Notifying HUD within ten calendar (10) days after receiving notice under subparagraph (d) (2) from an employer or otherwise receiving actual notice of such conviction;

(f) taking one of the following actions, within thirty (30) calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is convicted-

(1) taking appropriate personnel action against such an employee, up to and including termination; or

(2) requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement, or other appropriate agency;

(g) making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

LISTING OF STANDARD CONTRACT PROVISIONS

Conditions & Certifications Required by HUD for Contracts Funded by CDBG or ESG

All activities under this Agreement must be carried out in compliance with the following federal laws and regulations to the extent each is applicable to this specific agreement. These laws and regulations and the descriptions herein are not intended to be complete. This is not an all-inclusive list of requirements.

- Program Income 24 C.F.R. §570.503(b)3 and 24 C.F.R. §504
  The receipt and expenditure of gross income directly generated from use of Community Development Block Grant (CDBG) funds shall be recorded as part of the financial transactions of the grant program. Program income received before grant closeout may be retained if the income is treated as additional CDBG funds subject to all applicable requirements governing the use of CDBG funds.

- Conditions for Religious Organizations 24 C.F.R. §570.200(j)
  In accordance with First Amendment Church/State Principles, as a general rule, CDBG assistance may not be used for religious activities. CDBG funds may be contracted to a primarily religious entity for eligible public services where the entity hereby agrees to the following:

  - It will not discriminate against any person applying for such public services on the basis of religion and will not limit such services or give preference to persons on the basis of religion; and
  - It will provide no religious instruction or counseling, conduct no religious worship or services, engage in no religious proselytizing and exert no other religious influence in the provision of such public services.

- Reversion of Assets 24 C.F.R. §570.503(b)8
  Upon the discontinuation of funding this program with CDBG, the Recipient shall transfer to the County any CDBG funds on hand and any accounts receivable attributable to the use of CDBG funds. Any real property under the Recipient's control that was acquired or improved, in whole or in part, in excess of Twenty-Five Thousand Dollars ($25,000) shall either: (1) be used to meet one of the CDBG national objectives until five (5) years after the expiration of the Agreement or for such longer period of time as determined; (2) disposed of in such a manner that results in the County being reimbursed in the amount of the current fair market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for acquisition of, or improvement to, the property.

- The conflict of interest provisions of the Community Development Block Grant (CDBG) Regulations (24 C.F.R. §570.611) reads in substance as follows:

  - No person (1) who is an employee, agent, consultant, officer, or elected or appointed official of the recipient, or any designated public agencies, or any subrecipient which is receiving CDBG or ESGP funds and (2) who exercises of has exercised any functions or responsibilities with respect to CDBG or ESGP activities assisted under this Part or who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or in the proceeds thereunder, either for themselves or those with whom they have family or business ties, during their tenure and for one year thereafter.

- Conflict of interest provisions found in 24 C.F.R. §84.42, 24 C.F.R. §85.36, 24 C.F.R. §570.611 and additionally:

  No member, officer, or employee of the grantee, or its designees or agents, no member of the governing body of the locality in which the program is situated, and no other public official of such locality or localities who exercises any functions or responsibilities with respect to the program during his/her tenure or for one (1) year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed in connection with the program assisted under the Agreement.

- Public Law 88-352 referring to Title VI of the Civil Rights Act of 1964 and implementing regulations issued in 24 C.F.R. Part 1, as related to non-discrimination in federally-assisted programs.

- Public Law 90-284 referring to the Fair Housing Act (42 U.S.C. §§3601 et seq.), as amended, and implementing regulations.

- Executive Order 11063, as amended by Executive Order 12259, and the implementing regulations. Prohibits discrimination in the sale, leasing, rental, use or occupancy, or disposition of residential property assisted with federal funds.

- Section 109 of the Housing and Community Development Act of 1974, as amended, and the regulations issued pursuant thereto (24 C.F.R. §570.602). Prohibits discrimination or exclusion of benefits in any program or activity funded in whole or in part with CDBG funds. Also incorporates the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1974.

- Equal Employment Opportunity—All contracts shall contain a provision requiring compliance with E.O. 11246, "Equal Employment Opportunity," as amended by E.O. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and as supplemented by regulations at 41 C.F.R. Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

- 24 C.F.R. §570.614 requires compliance with the Architectural Barriers Act of 1968 (42 U.S.C. §§4151-4157) and with the Americans with Disabilities Act (42 U.S.C. §12131; 47 U.S.C. §155, 201, 218, and 225).

- The lead based paint requirements of 24 C.F.R. Part 35, issued pursuant to the Lead Based Paint Poisoning Prevention Act. Prohibits the use of lead based paints and requires notification, elimination, abatement and tenant protection.

- CDBG funds may not be used directly or indirectly to engage any contractor during any period of debarment, suspension or placement in ineligibility status under provisions of 2 C.F.R. §2424.

- The Agency shall comply with the policies, guidelines and requirements of 2 C.F.R. §200. Title 2, Part 200 of the Code of Federal Regulations consolidates the financial, audit, and related requirements formerly found in the following Office of Management and Budget (OMB) Circulars

  - A-87
  - A-110
  - A-122

- A-133

- Section 3
  - The Agency certifies the following under Section 3 of the HUD Act of 1968, as amended:

  - The work to be performed under this contract is on a project assisted under a program providing direct federal financial assistance from the Department of HUD and is subject to the requirements of Section 3 of the HUD Act of 1968, as amended, 12 U.S.C. §1701u. Section 3 requires that to the greatest extent feasible, opportunities for training and employment be given to lower income residents of the project area (particularly those who are recipients of government assistance for housing), and contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part by persons residing in the area of the project.

  - The parties to this contract will comply with the provisions of said Section 3 and the regulations, as amended, issued pursuant thereto, by the Secretary of HUD set forth in 24 C.F.R. Part 135, and all applicable rules and orders of the Department issued thereunder, prior to the execution of this contract. The parties to this contract certify and agree that they are under no contractual or other disability which would prevent them from complying with these requirements.

  - The contractor will send to each labor organization or representative of workers with which he has a collective bargaining agreement or other contract or understanding, if any, a notice advising the said labor organization or workers' representative of his commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

  - The contractor will include the Section 3 clause set forth in 24 C.F.R. §135.38 in every subcontract for work in connection with the project and will, at the direction of the applicant for or recipient of federal financial assistance, take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the Secretary of HUD, 24 C.F.R. Part 135. The contractor will not let any subcontract unless the subcontractor has first provided it with a preliminary statement of ability to comply with the requirements of these regulations (24 C.F.R. §570.607).

  - Compliance with the provisions of Section 3, the regulations set forth in 24 C.F.R. Part 135, and all applicable rules and orders of the Department issued thereunder, prior to the execution of the contract, shall be a condition of the federal financial assistance provided to the project, binding upon the applicant or recipient for such assistance, its successors and assigns. Failure to fulfill these requirements shall subject the applicant or recipient, its contractors and subcontractors, its successors, and assigns to those sanctions specified by the grant or loan agreement or contract through which federal assistance is provided, and to such sanctions as are specified by 24 C.F.R. Part 135.

- Lobbying: The Agency Certifies the Following Under Section 1352, Title 31, U.S. Code:
  - No federal appropriated funds have been paid or will be paid, by or on behalf of the contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement and the

extension, continuation, renewal, amendment or modification of any federal contract, grant, loan or cooperative agreement.

- If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal contract, grant, loan or cooperative agreement, the contractor shall complete Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

- The contractor shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

- This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than Ten Thousand Dollars ($10,000) and not more than One Hundred Thousand Dollars ($100,000) for each such failure.

- Copeland “Anti-Kickback” Act (18 U.S.C. §874 and 40 U.S.C. §276c)—All contracts and subgrants in excess of $2000 for construction or repair awarded by recipients and subrecipients shall include a provision for compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. §874), as supplemented by Department of Labor regulations (29 C.F.R. Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to HUD.

- Davis-Bacon Act, as amended (40 U.S.C. §276a to a-7)—As required by 24 C.F.R. §570.603, all construction contracts awarded by the recipients and subrecipients of more than $2000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §276a to a-7) and as supplemented by Department of Labor regulations (29 C.F.R. Part 5, “Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction”). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to HUD.

- Contract Work Hours and Safety Standards Act (40 U.S.C. §327 through 333)—Where applicable, all contracts awarded by recipients in excess of $2000 for construction contracts and in excess of $2500 for other contracts that involve the employment of mechanics or laborers shall include a provision for compliance with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. §327-333), as supplemented by Department of Labor regulations (29 C.F.R. Part 5). Under Section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in

excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than 1½ times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

- Rights to Inventions Made Under a Contract or Agreement—Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 C.F.R. Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by HUD.

- Clean Air Act (42 U.S.C. §§7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. §§1251 et seq.), as amended—Contracts and subgrants of amounts in excess of $100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§1251 et seq.). Violations shall be reported to HUD and the Regional Office of the Environmental Protection Agency (EPA).

- Byrd Anti-Lobbying Amendment (31 U.S.C. §1352)—Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. §1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

- Drug-Free Workplace Act of 1998 (41 U.S.C. §§701 et seq.) – The Agency shall not receive a federal grant unless it agrees to provide a drug-free workplace by publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the workplace and specifying actions that will be taken against employees for violations or the prohibition and establishing a drug-free awareness program for employees.

- Resource Conservation and Recovery Act (42 U.S.C. §6962); 24 C.F.R. §84.16 – Non-profit organizations that receive direct Federal awards or other Federal funds shall give preference in their procurement programs funded with Federal funds to the purchase of recycled products pursuant to the EPA guidelines.

- Financial management systems: Agency's financial management systems must comply with the standards set forth in 24 C.F.R. §84.21.

- Use of real property (24 C.F.R. §570.505) – The Agency may not change the use or planned use of any real property acquired or improved with CDBG funds for a period of at least five years. Any change of use of real property requires consultation with the County and may involve reimbursing the County for any funds expended for the acquisition or improvement.

- Disposition of equipment (24 C.F.R. §570.502(b)(3)(iv)) – Proceeds of the sale of equipment originally acquired with CDBG funds shall be counted as program income. If such equipment is not sold and is no longer needed by the Agency for CDBG-funded activities, the agency may retain the equipment after compensating the County.

- Procurement and Competitive Processes (24 C.F.R. §84.43-48) – All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade.

- Records retention requirements (24 C.F.R. §570.502(b)(3)(ix)) - Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of five years from the date of submission of the County's annual performance and evaluation report to US HUD (24 C.F.R. §91.520).

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17792 **County Administrator's Report 12. 5.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/07/2020
Issue: Contract Award for SHIP Housing Rehabilitation Services for 7801 Amberidge Road
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Contract Award for State Housing Initiatives Partnership Housing Rehabilitation Services for 7801 Amberidge Road - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Contract Award for State Housing Initiatives Partnership (SHIP) Housing Rehabilitation Services for 7801 Amberidge Road:

A. Authorize the County Administrator to sign the SHIP Housing Rehabilitation Services Program Agreement between Escambia County, Florida; Design Homebuilders, Inc., Contractor; and Robert Ikner, Owner; per the terms and conditions of NED S-R-2020-9, NED SHIP Housing Repair for 7801 Amberidge Road, for $31,710; and

B. Authorize the issuance of a Purchase Order.

[Funding: Fund 120/2018 SHIP, Cost Center 370205 or 2019 SHIP, Cost Center 370206-$30,000; and Fund 124/Affordable Housing, Cost Center 370290-$1710]

BACKGROUND:

An Invitation to Bid for project NED S-R-2020-9, NED SHIP Housing Repair for 7801 Amberidge Road was published in Vendor Registry on March 9, 2020 (Exhibit I), and accessed by 79 firms including construction resources such as the Construction Journal and Construction Bid Source. A mandatory pre-solicitation conference was held on March 27, 2020 at the property, which was attended by six firms. Sealed bids were received from four firms on March 3, 2020, with

Design Homebuilders, Inc., being the lowest, most responsive bidder (Exhibit II). The Program Agreement is provided as Exhibit III, which will award the Contract for the base bid of $31,710. SHIP funding will cover $30,000 of the repairs, which is the maximum allowed by the SHIP program as outlined in the Board approved Local Housing Assistance Plan (LHAP), with the balance to come from Affordable Housing funds.

Repairs for this property will include roof replacement; installation of new plumbing drain line; new water heater; installation of new plumbing fixtures; installation of smoke detectors and GFCI's; exterior siding repairs and painting; kitchen cabinetry replacement; and bath and kitchen venting to bring up to code.

BUDGETARY IMPACT:

Funds are available in Fund 120/2018 SHIP, Cost Center 370205 or 2019 SHIP, Cost Center 370206 and Fund 124/Affordable Housing, Cost Center 370290.

LEGAL CONSIDERATIONS/SIGN-OFF:

The SHIP Housing Rehabilitation Services Program Agreement has been reviewed and approved by Kristin Hual, Senior Assistant County Attorney.

PERSONNEL:

All work associated with this Recommendation was done in-house and no additional staff was required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the Code of Ordinances of Escambia County, FL 1999, Chapter 46, Finance, Article II, Purchases and Contracts. The project and Agreement are in compliance with the SHIP LHAP and the property owner meets all eligibility guidelines for assistance under this program.

IMPLEMENTATION/COORDINATION:

The Neighborhood Enterprise Division will submit the Purchase Order and will have administrative oversight of the project.

Design Homebuilders Inc	$31,710.00	N/A	N/A	$31,710.00
David Griffin H. Enterprises	$32,000.00			$32,000.00
Mike Motes Builders LLC	$32,150.00			$32,150.00
MCDELT LLC	$35,550.00			$35,550.00

Bids Opened By: George Bell, NED
Bids Witnessed By: Sean Webster, NED; Shannon Erdwins, Clerk of Court (COC)

Neighborhood Enterprise Division recommends to the BOCC to award a contract to Design Home Builders Inc for the base bid of $31,710.00.

Status: Under Review
BCC Meeting Date: 05/07/20

SHIP HOUSING REHABILITATION SERVICES PROGRAM AGREEMENT

THIS AGREEMENT is made and entered into by and between _Robert Ikner__ (hereinafter referred to as "Owner"), and _Design Homebuilders, Inc.__ (hereinafter referred to as "Contractor"), and Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

W I T N E S S E T H:

WHEREAS, the County, acting by and through the Neighborhood Enterprise Division (hereinafter referred to as "NED"), has established the **SHIP Housing Rehabilitation Services Program** (hereinafter referred to as the "Program") to provide loans to qualified income eligible property owners to fund repairs to homestead property; and

WHEREAS, the Owner submitted an application with the NED for a SHIP Housing Rehabilitation Services loan to fund certain repairs as provided herein; and

WHEREAS, the Contractor was selected by competitive bid to complete said repairs as provided herein; and

WHEREAS, the parties hereto wish to define their rights and responsibilities as it relates to the Program.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

Section 1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

Section 2. Scope of Work. The Contractor agrees to furnish and pay for all management, supervision, financing, labor, materials, tools, fuel, supplies, equipment and services of every kind and type necessary to diligently, timely, and fully perform and complete in a good workmanlike manner the renovation and rehabilitation of the subject property located at 7801 Amberidge Road, FL 32534____ (hereinafter referred to as "Project"), in accordance with the *Scope of Work*, attached hereto as **Exhibit A**. In the event there is any conflict between the provisions of this Agreement and the provisions of any other contract documents, the provisions of this Agreement shall in all cases prevail.

Section 3. Contract Amount. In consideration of the faithful performance by Contractor of the covenants in this Agreement to the full satisfaction and acceptance of County, County agrees to pay, or cause to be paid, to Contractor an amount not to exceed the total sum of $_Thirty One Thousand Seven Hundred Ten Dollars ($31,710.00) [comprised of $30,000 in SHIP funds and $1710 in Affordable Housing funds] (hereinafter referred to as the "Contract Amount") for the completion of the Project in accordance with the Scope of Work referenced above.

Section 4. Method of Payment. If the Contract Amount is $15,000 or less then the County shall issue payment to the Contractor in a single lump sum upon satisfactory completion of the Project. If the Contract Amount exceeds $15,000 then the County shall issue two payments to Contractor as follows: 40% of the Contract Amount will be paid when 50% of the scope of work is certified complete by NED; the remaining 60% of the Contract Amount will be paid upon full completion of the scope of work and acceptance by NED.

Contractor may request payments by the submission of a properly executed original invoice with appropriate supporting documentation. Payments will be made within fifteen (15) calendar days of the date of approval by the Clerk of the Circuit Court. All payments will be provided to the Contractor directly from the Clerk of the Circuit Court's office by mail or direct deposit as determined by the Contractor.

Contractor's acceptance of payments hereunder shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final inspection.

The County may decline to approve payment(s), or portions thereof, to such extent as may be necessary in the County's opinion to protect it from loss due to: (a) defective work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the work by the Contractor; or (g) any other material breach of the Agreement.

All payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

Section 5. Bonds. If the Contract Amount exceeds $25,000, the Contractor shall provide *Performance and Payment Bonds*, in the form prescribed in **Exhibit B**, in the amount of 100% of the Contract Amount. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to County; provided; however, the surety shall be rated as "A-" (excellent) or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holders' surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Document, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the County's approval. Failure by Contractor to maintain its bonds in full force and effect at all times, including the warranty period, shall be grounds for termination of this Contract.

Pursuant to §255.05, Florida Statutes, the Contractor shall be required to execute and record the Performance and Payment bonds. The bonds must state the name and principal business address of both the Principal and the Surety and a description of the project sufficient to identify it. (The filing costs are $10.00 for the first page and $8.50 for each remaining page).

Section 6. Notice to Proceed. The County/NED shall issue a written Notice to Proceed to the Contractor within **thirty (30) calendar days** from the date of award. Contractor shall commence work within **seven (7) calendar days** from the Commencement Date specified in the Notice to Proceed. No work shall be performed at the Project site prior to the Commencement Date.

Section 7. Contract Time and Liquidated Damages. Time is of the essence in the performance of the work under this Agreement. The Project shall be substantially complete within **thirty (30) calendar days** from the Commencement Date specified in the Notice to Proceed. Should Contractor fail to substantially complete the Project within the time period noted above, County shall be entitled to assess, as liquidated damages, but not as a penalty, **$50.00** for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially complete on the date that the County/NED certifies in writing that the Project has been completed in accordance with the contract documents, so that the Project can be utilized for the purposes for which it is intended. Along with such certification, the County/NED shall compile a “punch list” of any remaining exceptions that do not adversely affect the use of the Project. Completion of these items will be required prior to final inspection and issuance of a final Certificate of Payment as provided in **Section 11** below.

Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the actual damages at the time of contracting if Contractor fails to substantially complete the Project in accordance with the progress schedule.

When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

Section 8. Delays. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of the Owner’s unreasonable interference or other unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect,

including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County/NED in writing within **forty-eight (48) hours** after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against County will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

Section 9. Change Orders. After the execution of this Agreement, no change in the scope, quantity, or quality of work will be undertaken without the prior written approval of the County/NED. Any changes requested by the Owner or Contractor must be submitted in writing to the County/NED and must detail all proposed work and cost. The Owner or Contractor's preference shall not be cause for a Change Order. Furthermore, the Contractor shall not be entitled to additional compensation as a result of the Contractor's failure to properly evaluate the extent of the work, as related to the work specifications.

The County/NED shall have the right at any time during the progress of the work to increase or decrease the work. After being notified of an authorized change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the work shall be made except upon written order of the County/NED, and the County/NED shall not be liable to the Contractor for any increased compensation without such written order.

A *Change Order*, in the form attached as **Exhibit C** to this Agreement, shall be issued and executed promptly after an agreement is reached between Contractor, Owner, and the County/NED concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount shall be adjusted in the Change Order in the manner as the County/NED, Owner, and Contractor shall mutually agree. The Owner shall execute a Modification of Mortgage and/or Lien, as appropriate, which coincides with any cost increase or decrease resulting from the Change Order.

Section 10. Project Site Protection. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the work. Upon the completion of the work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surface materials, and shall leave the Project site clean and ready for occupancy.

Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery shall be protected by Contractor from damage during the prosecution of the work. Any such improvements so damaged shall be restored by Contractor to the condition equal to that existing at the time of Contractor's commencement of the work.

Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the work or adjacent property to stresses or pressures that will endanger it.

Section 11. **Final Completion.** The Contractor shall provide the County/NED with written notice that the Project is complete and ready for final inspection, and the County/NED shall promptly make such inspection.

After the Project is ready for final inspection by the County/NED, the Contractor shall submit to County: (1) a *Release and Affidavit* in the form attached as **Exhibit D;** (2) if requested by County/NED, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Agreement, to the extent and in such form as may be designated by County; and (3) Owner's Final Release and Warranty. County reserves the right to inspect the work and make an independent determination as to the work's acceptability.

If the County/NED finds the work acceptable and fully performed in accordance with the Contract Documents and upon receiving the documentation described above, the County/NED shall promptly issue a final *Certificate for Payment*, stating that, on the basis of observations and inspections, the work has been completed in accordance with the terms and conditions of the Agreement and that any remaining balance due the Contractor is due and payable. If Owner does not consent to sign Homeowner's Final Release and Warranty, the County/NED, after documentation of acceptable completion of work and reasonable effort to secure signoff from the Owner, shall cause final Certificate for Payment to be issued to the Contractor.

Section 12. **Tests and Inspections.** The County/NED, its respective representatives, agents and employees, and any governmental agencies with jurisdiction over the Project shall have access at all times to the work, whether performed on or off of the Project site, for their observation, inspection and testing. Contractor shall provide proper, safe conditions for such access. Contractor shall provide County with timely notice of readiness of the work for all required inspections, tests or approvals.

If the Agreement or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefor, pay all costs in connection therewith and furnish County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

If any work that is to be inspected, tested or approved is covered without written concurrence

from the County, such work must, if requested by County, be uncovered for observation. Such uncovering shall be at Contractor's expense unless Contractor has given County timely notice of Contractor's intention to cover the same and County has not acted with reasonable promptness to respond to such notice. If any work is covered contrary to written directions from County, such work must, if requested by County, be uncovered for County's observation and be replaced at Contractor's sole expense.

The County/NED, or other County officials as may be duly authorized by the NED, reserves the right to place inspectors at the Project site in order to ensure proper expenditure of the funds provided under this Agreement. The County/NED does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the County/NED shall not act in a supervisory capacity during the course of the Project.

Section 13. Reports. Contractor shall maintain in a safe place at the Project site one copy of the all documents related to the performance of this Agreement, as well as all shop drawings and other Contractor submittals and all written interpretations and clarifications issued by the County, in good order and annotated to show all changes made during construction.

Contractor shall keep all records and supporting documentation which relate to the work hereunder for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. The County, the Clerk of the Circuit Court/Finance Division, or any duly authorized agents or representatives of County, shall have the right to audit, inspect, and copy all such records and documentation relating to this Agreement as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

Section 14. Defective Work. Work not conforming to the requirements of the Agreement shall be deemed "*defective work*." If required by County, Contractor shall either cure all defective work, whether or not fabricated, installed or completed, or, if the defective work has been rejected by County, remove it from the site and replace it. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold County harmless for same.

If the County considers it necessary or advisable that covered work be observed by County or inspected or tested by others, Contractor, at County's request, shall uncover, expose or otherwise make available for observation, inspection or tests as County may require, that portion of the work in question, furnishing all necessary labor, material and equipment. If it is found that such work is defective work, Contractor shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and County shall be entitled to an appropriate decrease in the Contract Amount. If, however, such work is not found to be defective, Contractor shall be allowed an increase in the Contract Amount and/or an extension of the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

If any portion of the work is defective work, or Contractor fails to supply sufficient skilled workers with suitable materials or equipment, or fails to finish or perform the work to conform to the requirements of the Agreement, County may order Contractor to stop the work, or any portion thereof, until the cause for such order has been eliminated; however, this right of County to stop the work shall not give rise to any duty on the part of County to exercise this right for the benefit of Contractor or any other party.

Should the County determine, at its sole opinion, it is in the County's best interest to accept defective work, the County may do so. Contractor shall bear all direct, indirect and consequential costs attributable to the County's evaluation of and determination to accept defective work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such defective work, incorporating the necessary revisions in the Agreement and reflecting an appropriate decrease in the Contract Amount. If the County accepts such defective work after final payment, Contractor shall promptly pay County an appropriate amount to adequately compensate County for its acceptance of the defective work.

If Contractor fails, within a reasonable time after the written notice from County, to correct defective work or to remove and replace rejected defective work as required by County, or if Contractor fails to perform the work in accordance with the Agreement, or if Contractor fails to comply with any of the provisions of the Agreement, County may, after **seven (7) calendar days'** written notice to Contractor, correct and remedy any such deficiency. To the extent necessary to complete corrective and remedial action, County may exclude Contractor from any or all of the Project site, take possession of all or any part of the work, and suspend Contractor's services related thereto, take possession of Contractor's tools, appliances, construction equipment and machinery at the Project site and incorporate in the work all materials and equipment stored at the Project site or for which County has paid Contractor but which are stored elsewhere. Contractor shall allow County, and their respective representatives, agents, and employees such access to the Project site as may be necessary to enable County to exercise the rights and remedies under this Section. All direct, indirect and consequential costs of County in exercising such rights and remedies shall be charged against Contractor, and a Change Order shall be issued, incorporating the necessary revisions to the Agreement, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court and arbitration costs and all costs of repair and replacement of work or others destroyed or damaged by correction, removal or replacement of Contractor's defective work. Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the work attributable to the exercise by County of County's rights and remedies hereunder.

Section 15. Termination.

15.1 Termination for Contractor's Default. Contractor shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, in whole or in part, as further set forth in this Section, if Contractor: (a) fails to begin the work within the time specified herein; or (b) fails to properly and timely perform the work as

directed by the County; or (c) performs the work unsuitably or neglects or refuses to remove materials or to correct or replace such work as may be rejected as unacceptable or unsuitable; or (d) discontinues the prosecution of the work; or (e) fails to resume work which has been suspended within a reasonable time after being notified to do so; or (f) becomes insolvent or is declared bankrupt, or commits any act of bankruptcy; or (g) allows any final judgment to stand against it unsatisfied for more than ten (10) days; or (h) makes an assignment for the benefit of creditors; or (i) fails to obey any applicable codes, laws, ordinances, rules or regulations with respect to the work; or (j) materially breaches any other provision of the Agreement.

The County/NED shall notify Contractor in writing of Contractor's default(s). If County/NED determines that Contractor has not remedied and cured the default(s) within **seven (7) calendar days** following receipt by Contractor of said written notice of default, the County/NED may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that it shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contract Amount, and if such expenditures exceed the unpaid balance of the Contract Amount, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance of the Contract Amount exceeds all such costs, expenditures and damages incurred by the County to complete the Work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the work hereunder.

If, after notice of termination of Contractor's right to proceed pursuant to this Section, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that County is not entitled to the remedies against Contractor provided herein, then Contractor's remedies against County shall be the same as and limited to those afforded Contractor below.

15.2 Termination for Owner's Default. The Owner shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, if the Owner: (a) cancels the Project after the Owner's Right to Rescind has expired; (b) fails to allow necessary ingress and egress on the subject property; (c) if applicable, fails to timely vacate the premises prior to the Project Commencement Date; (d) otherwise obstructs or delays the prosecution of or completion of the work; or (e) materially breaches any other provision of the Agreement.

The County/NED shall notify Owner in writing of Owner's default. If County/NED determines that the Owner has not remedied and cured the default within **seven (7) calendar days** following receipt of said written notice of default then the Agreement may be terminated by the County/NED.

Any Project costs incurred prior to the date of termination or Project funding advanced to the Owner or paid on the Owner's behalf, including, but not limited to, temporary relocation payment, moving/storage payment, title search fee, procurement costs, permit fees, work completed by Contractor as of the date of termination, and costs incurred for special order materials, etc.) shall be repaid to the County by Owner. Within **thirty (30) calendar days** of receipt of the notice of termination, the Owner shall submit a cashier's check to the County for the total amount of any costs incurred and/or funds disbursed under this Agreement through the date of Owner's termination. If Owner fails to return such funds, the County shall place a lien against the subject property for the total amount expended.

15.3 Termination for Convenience. County shall have the right to terminate this Agreement without cause upon **seven (7) calendar days'** written notice of termination to Contractor and Owner. In the event of such termination for convenience, Contractor's recovery against County shall be limited to that portion of the Contract Amount earned through the date of termination, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.4 Termination for Lack of Funding. The parties acknowledge that this Agreement is based upon the availability of SHIP funds, and the County/NED reserves the right to cancel same upon providing **seven (7) calendar days'** written notice to Contractor and Owner should funding cease to be available. In the event of such termination for lack of funding, the Contractor will be paid for the work completed as of the contract termination date. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.5 Notice of Suspension. County shall have the right to suspend all or any portions of the work upon providing Contractor **two (2) calendar days'** written notice of such suspension. If all or any portion of the work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Agreement. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the

Contractor shall have the right to terminate the Agreement with respect to that portion of the work which is subject to the ordered suspension.

Section 16. **Indemnification.** To the extent permitted by law, the Contractor and Owner covenant and agree to, and do hereby indemnify and hold harmless and defend the County, NED, the U. S. Department of Housing and Urban Development, and the State of Florida and their agents, directors, and employees, from and against any and all claims for injuries or damages to persons or property of whatsoever kind or character, whether real or asserted, arising out of this agreement or the work to be performed hereunder.

Section 17. **Insurance.** The Contractor and any subcontractors who may perform work in connection with this Project are required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies.

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Florida statutory Workers' Compensation or proof of exemption.

If the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least **thirty (30) calendar days'** notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County Neighborhood Enterprise Division, 221 Palafox Place, Suite 200, Pensacola, FL 32502.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Escambia County, 221 Palafox Place, Suite 200, Pensacola, Florida 32502 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

Neither the Contractor nor any subcontractor shall commence work under this agreement until all insurance required under this section has been secured and such insurance has been approved by the County/NED.

Section 18. **Subcontracts.** The Contractor may subcontract work under this Agreement with the prior written consent of the County. Regardless of any subcontract, the Contractor shall remain responsible for all work performed under this Agreement. The Contractor agrees to be

responsible for the fulfillment of all work included in any subcontract and further agrees to be responsible for payment of all monies due to under any subcontract. It is understood and agreed that the County shall not be liable to any subcontractor for any expenses or liabilities incurred by Contractor under a subcontract and that the Contractor shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

Section 19. **Independent Contractor Status.** In the performance of this Agreement hereunder, Contractor and Owner shall be independent contractors. Neither Contractor nor Owner shall hold itself out as an employee, agent or servant of the County; and neither shall have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

Section 20. **Warranty.** Contractor hereby guarantees the improvements detailed in the Scope of Work, attached hereto as **Exhibit A**, for a period of one calendar year from the date of final inspection and acceptance of all work performed pursuant to this Agreement. Should any defects arise during that period, the Owner shall provide written notice to the Contractor and County/NED.

It is further agreed that the Contractor will obtain and assign to the Owner, c/o the County/NED, all express warranties given to Contractor or any subcontractors by any materialmen supplying materials, equipment or fixtures to be incorporated into the Project.

Section 21. **Utilities [CHECK ONE]:**

☒ The Owner will permit the Contractor to use at no extra cost, existing utilities such as lights, electrical power, and water necessary to complete the Project.

☐ The Owner will permit the Contractor to use the water at no extra cost. The Contactor assumes all obligation/liability regarding the electrical power necessary to complete the Project.

Section 22. **Owner's Responsibilities.** The Owner shall at all times cooperate with the Contractor and County to facilitate the performance of the work, including the removal of rugs, draperies, wall coverings, and furniture, when necessary, prior to the commencement of the project. The Contractor is not responsible for removal of Owner's trash and/or discarded belongings or furnishings. The Owner is responsible for reinstallation of area rugs, draperies, wall coverings and/or furniture at project completion unless otherwise specified in the Project Scope of Work. The Owner shall allow and maintain a route of ingress and egress for Contractor's equipment on the subject property. If applicable, the Owner shall timely vacate the premises prior to the Commencement Date of the Project.

Section 23. **Notice to Owner of Florida's Construction Lien Law & Recovery Fund.**

ACCORDING TO FLORIDA'S CONSTRUCTION LIEN LAW (SECTIONS 713.001-713.37, FLORIDA STATUTES), THOSE WHO WORK ON YOUR PROPERTY OR PROVIDE

MATERIALS AND SERVICES AND ARE NOT PAID IN FULL HAVE A RIGHT TO ENFORCE THEIR CLAIM FOR PAYMENT AGAINST YOUR PROPERTY. THIS CLAIM IS KNOWN AS A CONSTRUCTION LIEN. IF YOUR CONTRACTOR OR A SUBCONTRACTOR FAILS TO PAY SUBCONTRACTORS, SUB-SUBCONTRACTORS, OR MATERIAL SUPPLIERS, THOSE PEOPLE WHO ARE OWED MONEY MAY LOOK TO YOUR PROPERTY FOR PAYMENT, EVEN IF YOU HAVE ALREADY PAID YOUR CONTRACTOR IN FULL. IF YOU FAIL TO PAY YOUR CONTRACTOR, YOUR CONTRACTOR MAY ALSO HAVE A LIEN ON YOUR PROPERTY. THIS MEANS IF A LIEN IS FILED YOUR PROPERTY COULD BE SOLD AGAINST YOUR WILL TO PAY FOR LABOR, MATERIALS, OR OTHER SERVICES THAT YOUR CONTRACTOR OR A SUBCONTRACTOR MAY HAVE FAILED TO PAY. TO PROTECT YOURSELF, YOU SHOULD STIPULATE IN THIS CONTRACT THAT BEFORE ANY PAYMENT IS MADE, YOUR CONTRACTOR IS REQUIRED TO PROVIDE YOU WITH A WRITTEN RELEASE OF LIEN FROM ANY PERSON OR COMPANY THAT HAS PROVIDED TO YOU A "NOTICE TO OWNER." FLORIDA'S CONSTRUCTION LIEN LAW IS COMPLEX, AND IT IS RECOMMENDED THAT YOU CONSULT AN ATTORNEY.

According to Florida Statutes 489.1425 (1) regarding the FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND:

PAYMENT MAY BE AVAILABLE FROM THE FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND IF YOU LOSE MONEY ON A PROJECT PERFORMED UNDER CONTRACT, WHERE THE LOSS RESULTS FROM SPECIFIED VIOLATIONS OF FLORIDA LAW BY A LICENSED CONTRACTOR. FOR INFORMATION ABOUT THE RECOVERY FUND AND FILING A CLAIM, CONTACT THE FLORIDA CONSTRUCTION INDUSTRY LICENSING BOARD AT THE FOLLOWING TELEPHONE NUMBER AND ADDRESS:

Division of Professions
Construction Industry Licensing Board
1940 North Monroe Street
Tallahassee, FL 32399

Section 24. Dispute Resolution. Should a dispute arise between the Owner and the Contractor regarding work performed pursuant to this Agreement that cannot be satisfactorily resolved, the Owner and Contractor agree to participate in the Arbitration Mediation Program provided by the Better Business Bureau (BBB) of Northwest Florida, Inc. to resolve the dispute. The decision of the BBB shall be considered final by the parties. However, this shall in no way prohibit the Owner and/or the Contractor from further appeal.

Section 25. Public Records. The Owner and Contractor acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents related to the performance of this Agreement may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. The Owner and Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Owner and Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Owner and Contractor agree to maintain all public records for a minimum period of five (5) fiscal years in

accordance with the applicable records retention schedules established by the Florida Department of State. In the event that any party fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the parties, and surety, if any, seven calendar days' written notice, during which period the parties still fail to allow access to such documents, terminate this Agreement. In such case, the Owner and Contractor shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

IF THE OWNER OR CONTRACTOR HAVE QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE OWNER AND CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County/Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, FL 32502
850-595-4947

Section 26. **Entire Agreement.** This instrument constitutes the entire agreement between the parties and no written or oral agreement of any kind exists to change the provision hereof.

Section 27. **Permits.** The Contractor shall be responsible for obtaining all permits and licenses necessary for the Project. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the prosecution of the work, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the work.

Section 28. **Compliance with Laws.** Contractor agrees to comply, at its sole expense, with all federal, state, and local laws, codes, statutes, ordinances, rules, regulations and requirements related to the performance of this Agreement, including but not limited to those dealing with taxation, worker's compensation, equal employment and safety.

Section 29. **Assignment.** This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County.

Section 30. **Notices.** Any notices shall be mailed to:

COUNTY:	OWNER:	CONTRACTOR:
Meredith Reeves	Robert Ikner	Design Homebuilders, Inc.
Neighborhood Enterprise Division	7801 Amberidge Road	2460 Bluffs Circle
221 Palafox Place, Suite 200	Pensacola, FL 32534	Pensacola, FL 32503
Pensacola, FL 32502		

All notices shall be sent by certified mail, return receipt requested.

Section 31. **No Discrimination.** The Owner and Contractor shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

Section 32. **No Waiver.** This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

Section 33. **Governing Law.** This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

Section 34. **Severability.** If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

Section 35. **Headings.** The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

Section 36. **Authority**. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

SHIP Housing Repair Program Specifications
Robert J. Ikner
7801 Amberidge Road
Pensacola, FL 32534
PAGE 1

GENERAL:
▪ The subject Housing Unit was built prior to 1978 and therefore is a “targeted property” under the EPA’s RRP Rule, as some painted surfaces may be disturbed. Therefore, the implementation of “safe work practices” is required along with submittal by the RRP Contractor of “Renovation Recordkeeping Checklist” form.
▪ There is no Federal Funding on this project.

The Homeowner will have the following sample choices, **where applicable:**

Roof Color-1 choice
Interior Trim, Satin or Semi-Gloss Latex-1 choice
Interior Walls, Eggshell Latex-1 choice
Cabinetry Style and color-1 choice

PLUMBING:
Install new sanitary drain line from house to existing lateral.
Install a new 40 gallon electric Water Heater in existing location as per Escambia County Code.
Install new washer box as per Escambia County Code.
Install new ice maker line and box as per Escambia County Code.
Install 1 new Sterling tub surround model 61044100 in white or Style Selections model SS01603059 or equivalent in white with corresponding tub.
Install 1 new Delta vanity sink faucet with pop up drain model 520-SSMPU-DST or equivalent.
Install 1 new Delta shower/tub faucet with valve model T13420-SS or equivalent.
Install a new Delta kitchen faucet with sprayer model 400-SS-DST-A or equivalent.
Install a new double bowl stainless steel sink with minimum 7” deep bowls
Install new all metal Stainless steel sink baskets with strainers.
Install all new ¼ turn brass valves on fixtures as required per Escambia County Code.
Install all new drain assemblies from fixtures to waste. Delete drains that are not connected to the sanitary sewer system (kitchen and laundry).
Install new braided supply lines to toilet, vanity and kitchen sink.

ELECTRICAL:
Install new hardwired smoke detectors with battery back-up as required per Escambia County Code.
Replace/install GFI’s as required by Escambia County Code.
Install electrical to vent a hood and bath vent fan.
Replace disconnect at condensing unit on rear of house.
Install ceiling light fixture, model Hampton Bay FZP8012A or equivalent.

MECHANICAL:
Install new Broan 40000 series vented range hood or equivalent with duct chase and vented to atmosphere as per Escambia County Code. Color to match existing appliances.
Install new exhaust fan rated at a minimum of 70 CFM and Energy Star Qualified in bathroom vented to the atmosphere as per Escambia County code.

CABINETRY:
Remove upper and lower cabinets in kitchen and dispose.
Install approximately 24 linear feet of upper and lower cabinets with at least 1 drawer stack.
Install approximately 15 linear feet of new standard grade post formed countertop with an incorporated back splash and caps and or end splashes in kitchen with homeowner selecting color.
Replace 24” vanity and top in hall bath with integrated sink.
Cabinetry will be of like, kind and quality as example below.
Cabinetry will be stained and finished with the homeowner selecting the color.
Install knobs and pulls on new cabinets with the homeowner selecting the style.
Cabinetry will be constructed of plywood with ½” plywood top, bottom and sides.
Back is to be of 3/16” plywood with ½” hanger rails. Toe kick is ½” plywood. Stile and rails will be of solid wood. Doors can be plywood construction and drawer fronts solid wood.

KITCHEN: 10’X8’4”X8’:
Install new 3-1/4” wood base and shoe moulding or 1/4 round.
Repair walls and ceiling matching surrounding texture as close as possible then prep walls and ceiling to paint.
Prep, seal as required and paint walls, ceiling and all painted casework.

BATHROOM:
Repair walls and ceiling matching existing surrounding texture.
Install new 3-1/4” wood base and shoe moulding or 1/4 round.
Re-install shower rod.
Prep, seal as required and paint walls, ceiling and all painted casework.

EXTERIOR REPAIRS:
Replace damaged or deteriorated siding and associated trim at area of enclosed carport approximately 224 square feet of T-111 pine siding.
Prep, prime and paint repaired area to match surrounding area as close as possible.

ROOF REPLACEMENT 53’x15’x2+28’x4’x1:
Remove existing roof covering to the decking and replace any deteriorated or damaged decking with like, kind and quality of existing materials (figure 32 sq. ft.).
Refasten and certify decking attachment as per Escambia County Building Code.
Install secondary water barrier as per Escambia County Building Code.
Replace existing drip edge with new metal drip edge.
Install 30 year shingle roof on main roof as per manufacturer’s specifications.
Install new slant-back vents.
Replace all boots with new lead or EPDM and metal boots.
Install approximately 50 linear foot of new shingle over ridge vent.
Remove satellite dish on the north side and detach and re-install the dish above the driveway.
The contractor will not be responsible for realignment of dish.

EXHIBIT B

PERFORMANCE AND PAYMENT BOND

BOND NO. _____

PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS: That

_____

_____

(Insert name, address, and phone number of contractor), as Principal, and

_____

_____,

(Insert full name, home office address and phone number of surety) as Surety, are held and firmly bound unto the Board of County Commissioners for Escambia County, Florida, 221 Palafox Place, Pensacola, Florida 32597-1591, (850) 595-4900, as Obligee in the sum of

_____

Dollars ($_____), for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these present.

WHEREAS, Principal has entered into a contract dated as of the _____ day of_____, 20____, with Obligee for Contract No._____,_____

_____

_____

(Insert name of project, including legal description, street address of property and general description of improvement) in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs and attorneys' fees that Obligee sustains because of any default by Principal under the Contract; and

3. Performs the guarantee of all work and materials furnished under the Contract applicable to the work and materials, then this bond is void; otherwise it remains in full force; and

4. Principal understands and agrees that this bond shall remain in full force and effect throughout the ONE (1) year warranty period after substantial completion of the work.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penalty sum of this Performance Bond, regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20____, the name and corporate seal of each corporate party being hereto affixed and these premises duly signed by its undersigned representative, pursuant to authority of its governing body.

BOND NO. _____

PAYMENT BOND

BY THIS BOND, We, _____
(Insert name, address and phone number of contractor)
_____ (hereinafter called the "Principal")

and _____ (hereinafter called the "Surety"),
(Insert name)
located at _____, a surety insurer
(Insert address and phone number)
chartered and existing under the laws of the State of _____ and authorized to do business

in the State of Florida, are held and firmly bound unto the Board of County Commissioners for Escambia

County, Florida, 221 Palafox Place, Pensacola, Florida 32597-1591, (850) 595-4900, (hereinafter called

the "County") in the sum of _____ ($_____) for

payment of which we bind ourselves, our heirs, our personal representatives, our successors and our assignees, jointly and severally.

WHEREAS, Principal and County have reached a mutual agreement relating to Contract No._____

(hereinafter referred to as the "Contract") as of _____ (the bid award date for projects thereto)

for the purpose of _____
(Insert name of project, including legal description, street address of property and general description of improvement.)
_____

_____

_____

said Contract being made a part of this Bond by this reference.

NOW, THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Performs the contract dated _____, _____, between Principal and County for construction of _____, the contract being made a part of this bond by reference, at the times and in the manner prescribed in the contract; and

2. Promptly makes payments to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and

3. Pays County all loses, damages, expenses, costs, and attorney's fees, including appellate proceedings, that the County sustains because of a default by Principal under the contract; and

4. Performs the guarantee of all work and materials furnished under the contract for the time specified in the contract, then this bond is void; otherwise it remains in full force.

Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes.

BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the County of any extension of time for the performance of the said Contract, or any other forbearance on the part of the County or Principal to the other, shall not in any way release the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in Section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to Section 255.05, Florida Statutes.

THIS BOND DATED THE _____ DAY OF _____, 20____ (the date of issue by the Surety or by the Surety's agent and the date of such agents power-of-attorney).

MODIFIED LIEN AND/OR MORTGAGE MUST ALSO BE COMPLETED BEFORE WORK CAN COMMENCE.

EXHIBIT D

FINAL RELEASE AND WARRANTY

SECTION 1: HOMEOWNER'S RELEASE

I, _____, as owner of the unit located at [**ADDRESS],** certify and accept all work as performed and contracted by, _____ as complete and satisfactory. I hereby authorize final payment to_____ for the work done on this residence**.**

SECTION 2: CONTRACTOR'S OBLIGATION AND WARRANTY

I, _____ as Contractor of record, for the rehabilitation of the above referenced residence, do issue a one (1) year limited labor and material warranty ending_____**.** The warranty covers defects in materials and workmanship, which occur during normal use. I, _____ **(owner)** acknowledge that routine homeowner maintenance and/or problems caused by neglect, abuse, or improper use are not covered by this warranty. Further, after the warranty expiration date, neither the County, nor the Contractor, shall be responsible for any further work related to this Contract.

SECTION 3: HOMEOWNER/ESCAMBIA COUNTY OBLIGATIONS

As the Contractor has completed his/her contract, the Homeowner, upon acceptance of same, now causes final payment to be made to the Contractor. The Homeowner fully understands that the Contractor is the sole responsible party for the one (1) year warranty as specified in Section 2 of this agreement. The Homeowner understands that it is his/her responsibility to contact the Contractor regarding necessary warranty work. Only after documented efforts by the Homeowner will Escambia County become involved with warranty issues/disputes. Failure of the Contractor to respond to legitimate warranty requests will cause Escambia County/NED to sanction said Contractor.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17793 **County Administrator's Report 12. 6.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/07/2020
Issue: Contract Award for SHIP Housing Rehabilitation Services for 4901 Kinnear Avenue
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Contract Award for State Housing Initiatives Partnership Housing Rehabilitation Services for 4901 Kinnear Avenue - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Contract Award for State Housing Initiatives Partnership (SHIP) Housing Rehabilitation Services for 4901 Kinnear Avenue:

A. Authorize the County Administrator to sign the SHIP Housing Rehabilitation Services Program Agreement between Escambia County, Florida; David H. Griffin Enterprises, LLC, Contractor; and Paul Chattman, Owner; per the terms and conditions of NED S-R-2020-8, NED SHIP Housing Repair for 4901 Kinnear Avenue, for $32,500; and

B. Authorize the issuance of a Purchase Order.

[Funding: Fund 120/2018 SHIP, Cost Center 370205 or 2019 SHIP, Cost Center 370206-$30,000; and Fund 124/Affordable Housing, Cost Center 370290-$2500]

BACKGROUND:

An Invitation to Bid for project S-R-2020-8, NED SHIP Housing Repair for 4901 Kinnear Avenue was published in Vendor Registry on February 20, 2020 (Exhibit I), and accessed by 77 firms including construction bid resources such as the Construction Journal and Construction Bid Source. A mandatory pre-solicitation conference was held on March 6, 2020 at the property, which was attended by five firms. Three sealed bids were received on March 13, 2020, with David H.

Griffin Enterprises, LLC being the lowest, most responsive bidder with a base bid of $44,300. By deleting the mechanical portion of the scope of work, staff was able to bring the project within budget limits, with an adjusted total of $32,500. The bid tabulation is included in Exhibit II. SHIP funding will cover $30,000 of the repairs, which is the maximum allowed by the SHIP program as outlined in the Board approved Local Housing Assistance Plan (LHAP), with the balance to come from Affordable Housing funds. The Program Agreement is provided as Exhibit III.

Repairs for this property will include extensive structural repairs; installation of a new water heater; installation of new plumbing fixtures and supply and drain lines; removal of existing cabinetry and installation of new cabinets in kitchen and bath; sheetrock repair throughout the home; installation of new subfloor and flooring in selected areas; and interior painting.

BUDGETARY IMPACT:

Funds are available in Fund 120/2018 SHIP, Cost Center 370205 or 2019 SHIP, Cost Center 370206 and Fund 124/Affordable Housing, Cost Center 370290.

LEGAL CONSIDERATIONS/SIGN-OFF:

The SHIP Housing Rehabilitation Services Program Agreement has been reviewed and approved by Kristin Hual, Senior Assistant County Attorney.

PERSONNEL:

All work associated with this Recommendation was done in-house and no additional staff was required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the Code of Ordinances of Escambia County, FL 1999, Chapter 46, Finance, Article II, Purchases and Contracts. The project and Agreement are in compliance with the SHIP LHAP and the property owner meets all eligibility guidelines for assistance under this program.

IMPLEMENTATION/COORDINATION:

The Neighborhood Enterprise Division will submit the Purchase Order and will have administrative oversight of the project.

EXHIBIT II

Escambia County
Neighborhood Enterprise Division (NED) Housing Repair Program
Public Notice of Recommended Award
Bid Tabulation

Bid Opening Date: 03/16/20
Bid Opening Time: 2:15 P.M.
Bid Opening Location: 221 Palafox Place, Suite 200

Solicitation Number: NED S-R-2020-8
Solicitation Name: NED SHIP Housing Repair for 4901 Kinnear Avenue

AGENCY NAME	BASE BID	ALTERNATE 1	LESS MECHANICAL SECTION	ADJUSTED TOTAL
Design Homebuilders Inc	$46,890.00	N/A	($8900)	$37,990.00
David H Griffin Enterprises LLC	$44,300.00		($11,800)	$32,500.00
Mike Motes Builders LLC	$52,250.00		($8450)	$43,800.00

Bids Opened By: George Bell, NED
Bids Witnessed By: Christine Crespo, NED; Shannon Erdwins, Clerk of Court (COC)

Due to all bids being over budget for the SHIP program, Neighborhood Enterprise Division staff negotiated with low bidder David H Griffin Enterprises, LLC to bring the project within SHIP limits by deleting the mechanical portion of the scope of work. The adjusted bid price is $32,500.00.

Neighborhood Enterprise Division recommends to the BOCC to award a contract to David H Griffin Enterprises, LLC for the adjusted bid of $32,500.00.

Status: Under Review
BCC Meeting Date: 05/07/20

SHIP HOUSING REHABILITATION SERVICES PROGRAM AGREEMENT

THIS AGREEMENT is made and entered into by and between _Paul Chattman__ (hereinafter referred to as "Owner"), and _David H. Griffin Enterprises, LLC.__ (hereinafter referred to as "Contractor"), and Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

W I T N E S S E T H:

WHEREAS, the County, acting by and through the Neighborhood Enterprise Division (hereinafter referred to as "NED"), has established the **SHIP Housing Rehabilitation Services Program** (hereinafter referred to as the "Program") to provide loans to qualified income eligible property owners to fund repairs to homestead property; and

WHEREAS, the Owner submitted an application with the NED for a SHIP Housing Rehabilitation Services loan to fund certain repairs as provided herein; and

WHEREAS, the Contractor was selected by competitive bid to complete said repairs as provided herein; and

WHEREAS, the parties hereto wish to define their rights and responsibilities as it relates to the Program.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

Section 1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

Section 2. Scope of Work. The Contractor agrees to furnish and pay for all management, supervision, financing, labor, materials, tools, fuel, supplies, equipment and services of every kind and type necessary to diligently, timely, and fully perform and complete in a good workmanlike manner the renovation and rehabilitation of the subject property located at 4901 Kinnear Avenue, Pensacola, FL 32506____ (hereinafter referred to as "Project"), in accordance with the *Scope of Work*, attached hereto as **Exhibit A**. In the event there is any conflict between the provisions of this Agreement and the provisions of any other contract documents, the provisions of this Agreement shall in all cases prevail.

Section 3. Contract Amount. In consideration of the faithful performance by Contractor of the covenants in this Agreement to the full satisfaction and acceptance of County, County agrees to pay, or cause to be paid, to Contractor an amount not to exceed the total sum of $_Thirty Two Thousand Five Hundred Dollars ($32,500.00) [comprised of $30,000 in SHIP funds and $2500 in Affordable Housing funds] (hereinafter referred to as the "Contract Amount") for the completion of the Project in accordance with the Scope of Work referenced above.

Section 4. Method of Payment. If the Contract Amount is $15,000 or less then the County shall issue payment to the Contractor in a single lump sum upon satisfactory completion of the Project. If the Contract Amount exceeds $15,000 then the County shall issue two payments to Contractor as follows: 40% of the Contract Amount will be paid when 50% of the scope of work is certified complete by NED; the remaining 60% of the Contract Amount will be paid upon full completion of the scope of work and acceptance by NED.

Contractor may request payments by the submission of a properly executed original invoice with appropriate supporting documentation. Payments will be made within fifteen (15) calendar days of the date of approval by the Clerk of the Circuit Court. All payments will be provided to the Contractor directly from the Clerk of the Circuit Court's office by mail or direct deposit as determined by the Contractor.

Contractor's acceptance of payments hereunder shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final inspection.

The County may decline to approve payment(s), or portions thereof, to such extent as may be necessary in the County's opinion to protect it from loss due to: (a) defective work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the work by the Contractor; or (g) any other material breach of the Agreement.

All payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

Section 5. Bonds. If the Contract Amount exceeds $25,000, the Contractor shall provide *Performance and Payment Bonds*, in the form prescribed in **Exhibit B**, in the amount of 100% of the Contract Amount. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to County; provided; however, the surety shall be rated as "A-" (excellent) or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holders' surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Document, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the County's approval. Failure by Contractor to maintain its bonds in full force and effect at all times, including the warranty period, shall be grounds for termination of this Contract.

Pursuant to §255.05, Florida Statutes, the Contractor shall be required to execute and record the Performance and Payment bonds. The bonds must state the name and principal business address of both the Principal and the Surety and a description of the project sufficient to identify it. (The filing costs are $10.00 for the first page and $8.50 for each remaining page).

Section 6. Notice to Proceed. The County/NED shall issue a written Notice to Proceed to the Contractor within **thirty (30) calendar days** from the date of award. Contractor shall commence work within **seven (7) calendar days** from the Commencement Date specified in the Notice to Proceed. No work shall be performed at the Project site prior to the Commencement Date.

Section 7. Contract Time and Liquidated Damages. Time is of the essence in the performance of the work under this Agreement. The Project shall be substantially complete within **thirty (30) calendar days** from the Commencement Date specified in the Notice to Proceed. Should Contractor fail to substantially complete the Project within the time period noted above, County shall be entitled to assess, as liquidated damages, but not as a penalty, **$50.00** for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially complete on the date that the County/NED certifies in writing that the Project has been completed in accordance with the contract documents, so that the Project can be utilized for the purposes for which it is intended. Along with such certification, the County/NED shall compile a “punch list” of any remaining exceptions that do not adversely affect the use of the Project. Completion of these items will be required prior to final inspection and issuance of a final Certificate of Payment as provided in **Section 11** below.

Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the actual damages at the time of contracting if Contractor fails to substantially complete the Project in accordance with the progress schedule.

When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

Section 8. Delays. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of the Owner’s unreasonable interference or other unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect,

including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County/NED in writing within **forty-eight (48) hours** after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against County will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

Section 9. Change Orders. After the execution of this Agreement, no change in the scope, quantity, or quality of work will be undertaken without the prior written approval of the County/NED. Any changes requested by the Owner or Contractor must be submitted in writing to the County/NED and must detail all proposed work and cost. The Owner or Contractor's preference shall not be cause for a Change Order. Furthermore, the Contractor shall not be entitled to additional compensation as a result of the Contractor's failure to properly evaluate the extent of the work, as related to the work specifications.

The County/NED shall have the right at any time during the progress of the work to increase or decrease the work. After being notified of an authorized change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the work shall be made except upon written order of the County/NED, and the County/NED shall not be liable to the Contractor for any increased compensation without such written order.

A *Change Order*, in the form attached as **Exhibit C** to this Agreement, shall be issued and executed promptly after an agreement is reached between Contractor, Owner, and the County/NED concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount shall be adjusted in the Change Order in the manner as the County/NED, Owner, and Contractor shall mutually agree. The Owner shall execute a Modification of Mortgage and/or Lien, as appropriate, which coincides with any cost increase or decrease resulting from the Change Order.

Section 10. Project Site Protection. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the work. Upon the completion of the work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surface materials, and shall leave the Project site clean and ready for occupancy.

Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery shall be protected by Contractor from damage during the prosecution of the work. Any such improvements so damaged shall be restored by Contractor to the condition equal to that existing at the time of Contractor's commencement of the work.

Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the work or adjacent property to stresses or pressures that will endanger it.

Section 11. **Final Completion.** The Contractor shall provide the County/NED with written notice that the Project is complete and ready for final inspection, and the County/NED shall promptly make such inspection.

After the Project is ready for final inspection by the County/NED, the Contractor shall submit to County: (1) a *Release and Affidavit* in the form attached as **Exhibit D;** (2) if requested by County/NED, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Agreement, to the extent and in such form as may be designated by County; and (3) Owner's Final Release and Warranty. County reserves the right to inspect the work and make an independent determination as to the work's acceptability.

If the County/NED finds the work acceptable and fully performed in accordance with the Contract Documents and upon receiving the documentation described above, the County/NED shall promptly issue a final *Certificate for Payment*, stating that, on the basis of observations and inspections, the work has been completed in accordance with the terms and conditions of the Agreement and that any remaining balance due the Contractor is due and payable. If Owner does not consent to sign Homeowner's Final Release and Warranty, the County/NED, after documentation of acceptable completion of work and reasonable effort to secure signoff from the Owner, shall cause final Certificate for Payment to be issued to the Contractor.

Section 12. **Tests and Inspections.** The County/NED, its respective representatives, agents and employees, and any governmental agencies with jurisdiction over the Project shall have access at all times to the work, whether performed on or off of the Project site, for their observation, inspection and testing. Contractor shall provide proper, safe conditions for such access. Contractor shall provide County with timely notice of readiness of the work for all required inspections, tests or approvals.

If the Agreement or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefor, pay all costs in connection therewith and furnish County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

If any work that is to be inspected, tested or approved is covered without written concurrence

from the County, such work must, if requested by County, be uncovered for observation. Such uncovering shall be at Contractor's expense unless Contractor has given County timely notice of Contractor's intention to cover the same and County has not acted with reasonable promptness to respond to such notice. If any work is covered contrary to written directions from County, such work must, if requested by County, be uncovered for County's observation and be replaced at Contractor's sole expense.

The County/NED, or other County officials as may be duly authorized by the NED, reserves the right to place inspectors at the Project site in order to ensure proper expenditure of the funds provided under this Agreement. The County/NED does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the County/NED shall not act in a supervisory capacity during the course of the Project.

Section 13. Reports. Contractor shall maintain in a safe place at the Project site one copy of the all documents related to the performance of this Agreement, as well as all shop drawings and other Contractor submittals and all written interpretations and clarifications issued by the County, in good order and annotated to show all changes made during construction.

Contractor shall keep all records and supporting documentation which relate to the work hereunder for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. The County, the Clerk of the Circuit Court/Finance Division, or any duly authorized agents or representatives of County, shall have the right to audit, inspect, and copy all such records and documentation relating to this Agreement as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

Section 14. Defective Work. Work not conforming to the requirements of the Agreement shall be deemed "*defective work*." If required by County, Contractor shall either cure all defective work, whether or not fabricated, installed or completed, or, if the defective work has been rejected by County, remove it from the site and replace it. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold County harmless for same.

If the County considers it necessary or advisable that covered work be observed by County or inspected or tested by others, Contractor, at County's request, shall uncover, expose or otherwise make available for observation, inspection or tests as County may require, that portion of the work in question, furnishing all necessary labor, material and equipment. If it is found that such work is defective work, Contractor shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and County shall be entitled to an appropriate decrease in the Contract Amount. If, however, such work is not found to be defective, Contractor shall be allowed an increase in the Contract Amount and/or an extension of the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

If any portion of the work is defective work, or Contractor fails to supply sufficient skilled workers with suitable materials or equipment, or fails to finish or perform the work to conform to the requirements of the Agreement, County may order Contractor to stop the work, or any portion thereof, until the cause for such order has been eliminated; however, this right of County to stop the work shall not give rise to any duty on the part of County to exercise this right for the benefit of Contractor or any other party.

Should the County determine, at its sole opinion, it is in the County's best interest to accept defective work, the County may do so. Contractor shall bear all direct, indirect and consequential costs attributable to the County's evaluation of and determination to accept defective work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such defective work, incorporating the necessary revisions in the Agreement and reflecting an appropriate decrease in the Contract Amount. If the County accepts such defective work after final payment, Contractor shall promptly pay County an appropriate amount to adequately compensate County for its acceptance of the defective work.

If Contractor fails, within a reasonable time after the written notice from County, to correct defective work or to remove and replace rejected defective work as required by County, or if Contractor fails to perform the work in accordance with the Agreement, or if Contractor fails to comply with any of the provisions of the Agreement, County may, after **seven (7) calendar days'** written notice to Contractor, correct and remedy any such deficiency. To the extent necessary to complete corrective and remedial action, County may exclude Contractor from any or all of the Project site, take possession of all or any part of the work, and suspend Contractor's services related thereto, take possession of Contractor's tools, appliances, construction equipment and machinery at the Project site and incorporate in the work all materials and equipment stored at the Project site or for which County has paid Contractor but which are stored elsewhere. Contractor shall allow County, and their respective representatives, agents, and employees such access to the Project site as may be necessary to enable County to exercise the rights and remedies under this Section. All direct, indirect and consequential costs of County in exercising such rights and remedies shall be charged against Contractor, and a Change Order shall be issued, incorporating the necessary revisions to the Agreement, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court and arbitration costs and all costs of repair and replacement of work or others destroyed or damaged by correction, removal or replacement of Contractor's defective work. Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the work attributable to the exercise by County of County's rights and remedies hereunder.

Section 15. Termination.

15.1 Termination for Contractor's Default. Contractor shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, in whole or in part, as further set forth in this Section, if Contractor: (a) fails to begin the work within the time specified herein; or (b) fails to properly and timely perform the work as

directed by the County; or (c) performs the work unsuitably or neglects or refuses to remove materials or to correct or replace such work as may be rejected as unacceptable or unsuitable; or (d) discontinues the prosecution of the work; or (e) fails to resume work which has been suspended within a reasonable time after being notified to do so; or (f) becomes insolvent or is declared bankrupt, or commits any act of bankruptcy; or (g) allows any final judgment to stand against it unsatisfied for more than ten (10) days; or (h) makes an assignment for the benefit of creditors; or (i) fails to obey any applicable codes, laws, ordinances, rules or regulations with respect to the work; or (j) materially breaches any other provision of the Agreement.

The County/NED shall notify Contractor in writing of Contractor's default(s). If County/NED determines that Contractor has not remedied and cured the default(s) within **seven (7) calendar days** following receipt by Contractor of said written notice of default, the County/NED may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that it shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contract Amount, and if such expenditures exceed the unpaid balance of the Contract Amount, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance of the Contract Amount exceeds all such costs, expenditures and damages incurred by the County to complete the Work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the work hereunder.

If, after notice of termination of Contractor's right to proceed pursuant to this Section, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that County is not entitled to the remedies against Contractor provided herein, then Contractor's remedies against County shall be the same as and limited to those afforded Contractor below.

15.2 Termination for Owner's Default. The Owner shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, if the Owner: (a) cancels the Project after the Owner's Right to Rescind has expired; (b) fails to allow necessary ingress and egress on the subject property; (c) if applicable, fails to timely vacate the premises prior to the Project Commencement Date; (d) otherwise obstructs or delays the prosecution of or completion of the work; or (e) materially breaches any other provision of the Agreement.

The County/NED shall notify Owner in writing of Owner's default. If County/NED determines that the Owner has not remedied and cured the default within **seven (7) calendar days** following receipt of said written notice of default then the Agreement may be terminated by the County/NED.

Any Project costs incurred prior to the date of termination or Project funding advanced to the Owner or paid on the Owner's behalf, including, but not limited to, temporary relocation payment, moving/storage payment, title search fee, procurement costs, permit fees, work completed by Contractor as of the date of termination, and costs incurred for special order materials, etc.) shall be repaid to the County by Owner. Within **thirty (30) calendar days** of receipt of the notice of termination, the Owner shall submit a cashier's check to the County for the total amount of any costs incurred and/or funds disbursed under this Agreement through the date of Owner's termination. If Owner fails to return such funds, the County shall place a lien against the subject property for the total amount expended.

15.3 Termination for Convenience. County shall have the right to terminate this Agreement without cause upon **seven (7) calendar days'** written notice of termination to Contractor and Owner. In the event of such termination for convenience, Contractor's recovery against County shall be limited to that portion of the Contract Amount earned through the date of termination, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.4 Termination for Lack of Funding. The parties acknowledge that this Agreement is based upon the availability of SHIP funds, and the County/NED reserves the right to cancel same upon providing **seven (7) calendar days'** written notice to Contractor and Owner should funding cease to be available. In the event of such termination for lack of funding, the Contractor will be paid for the work completed as of the contract termination date. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.5 Notice of Suspension. County shall have the right to suspend all or any portions of the work upon providing Contractor **two (2) calendar days'** written notice of such suspension. If all or any portion of the work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Agreement. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the

Contractor shall have the right to terminate the Agreement with respect to that portion of the work which is subject to the ordered suspension.

Section 16. **Indemnification.** To the extent permitted by law, the Contractor and Owner covenant and agree to, and do hereby indemnify and hold harmless and defend the County, NED, the U. S. Department of Housing and Urban Development, and the State of Florida and their agents, directors, and employees, from and against any and all claims for injuries or damages to persons or property of whatsoever kind or character, whether real or asserted, arising out of this agreement or the work to be performed hereunder.

Section 17. **Insurance.** The Contractor and any subcontractors who may perform work in connection with this Project are required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies.

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Florida statutory Workers' Compensation or proof of exemption.

If the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least **thirty (30) calendar days'** notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County Neighborhood Enterprise Division, 221 Palafox Place, Suite 200, Pensacola, FL 32502.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Escambia County, 221 Palafox Place, Suite 200, Pensacola, Florida 32502 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

Neither the Contractor nor any subcontractor shall commence work under this agreement until all insurance required under this section has been secured and such insurance has been approved by the County/NED.

Section 18. **Subcontracts.** The Contractor may subcontract work under this Agreement with the prior written consent of the County. Regardless of any subcontract, the Contractor shall remain responsible for all work performed under this Agreement. The Contractor agrees to be

responsible for the fulfillment of all work included in any subcontract and further agrees to be responsible for payment of all monies due to under any subcontract. It is understood and agreed that the County shall not be liable to any subcontractor for any expenses or liabilities incurred by Contractor under a subcontract and that the Contractor shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

Section 19. **Independent Contractor Status.** In the performance of this Agreement hereunder, Contractor and Owner shall be independent contractors. Neither Contractor nor Owner shall hold itself out as an employee, agent or servant of the County; and neither shall have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

Section 20. **Warranty.** Contractor hereby guarantees the improvements detailed in the Scope of Work, attached hereto as **Exhibit A**, for a period of one calendar year from the date of final inspection and acceptance of all work performed pursuant to this Agreement. Should any defects arise during that period, the Owner shall provide written notice to the Contractor and County/NED.

It is further agreed that the Contractor will obtain and assign to the Owner, c/o the County/NED, all express warranties given to Contractor or any subcontractors by any materialmen supplying materials, equipment or fixtures to be incorporated into the Project.

Section 21. **Utilities [CHECK ONE]:**

☒ The Owner will permit the Contractor to use at no extra cost, existing utilities such as lights, electrical power, and water necessary to complete the Project.

☐ The Owner will permit the Contractor to use the water at no extra cost. The Contactor assumes all obligation/liability regarding the electrical power necessary to complete the Project.

Section 22. **Owner's Responsibilities.** The Owner shall at all times cooperate with the Contractor and County to facilitate the performance of the work, including the removal of rugs, draperies, wall coverings, and furniture, when necessary, prior to the commencement of the project. The Contractor is not responsible for removal of Owner's trash and/or discarded belongings or furnishings. The Owner is responsible for reinstallation of area rugs, draperies, wall coverings and/or furniture at project completion unless otherwise specified in the Project Scope of Work. The Owner shall allow and maintain a route of ingress and egress for Contractor's equipment on the subject property. If applicable, the Owner shall timely vacate the premises prior to the Commencement Date of the Project.

Section 23. **Notice to Owner of Florida's Construction Lien Law & Recovery Fund.**

ACCORDING TO FLORIDA'S CONSTRUCTION LIEN LAW (SECTIONS 713.001-713.37, FLORIDA STATUTES), THOSE WHO WORK ON YOUR PROPERTY OR PROVIDE

MATERIALS AND SERVICES AND ARE NOT PAID IN FULL HAVE A RIGHT TO ENFORCE THEIR CLAIM FOR PAYMENT AGAINST YOUR PROPERTY. THIS CLAIM IS KNOWN AS A CONSTRUCTION LIEN. IF YOUR CONTRACTOR OR A SUBCONTRACTOR FAILS TO PAY SUBCONTRACTORS, SUB-SUBCONTRACTORS, OR MATERIAL SUPPLIERS, THOSE PEOPLE WHO ARE OWED MONEY MAY LOOK TO YOUR PROPERTY FOR PAYMENT, EVEN IF YOU HAVE ALREADY PAID YOUR CONTRACTOR IN FULL. IF YOU FAIL TO PAY YOUR CONTRACTOR, YOUR CONTRACTOR MAY ALSO HAVE A LIEN ON YOUR PROPERTY. THIS MEANS IF A LIEN IS FILED YOUR PROPERTY COULD BE SOLD AGAINST YOUR WILL TO PAY FOR LABOR, MATERIALS, OR OTHER SERVICES THAT YOUR CONTRACTOR OR A SUBCONTRACTOR MAY HAVE FAILED TO PAY. TO PROTECT YOURSELF, YOU SHOULD STIPULATE IN THIS CONTRACT THAT BEFORE ANY PAYMENT IS MADE, YOUR CONTRACTOR IS REQUIRED TO PROVIDE YOU WITH A WRITTEN RELEASE OF LIEN FROM ANY PERSON OR COMPANY THAT HAS PROVIDED TO YOU A "NOTICE TO OWNER." FLORIDA'S CONSTRUCTION LIEN LAW IS COMPLEX, AND IT IS RECOMMENDED THAT YOU CONSULT AN ATTORNEY.

According to Florida Statutes 489.1425 (1) regarding the FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND:

PAYMENT MAY BE AVAILABLE FROM THE FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND IF YOU LOSE MONEY ON A PROJECT PERFORMED UNDER CONTRACT, WHERE THE LOSS RESULTS FROM SPECIFIED VIOLATIONS OF FLORIDA LAW BY A LICENSED CONTRACTOR. FOR INFORMATION ABOUT THE RECOVERY FUND AND FILING A CLAIM, CONTACT THE FLORIDA CONSTRUCTION INDUSTRY LICENSING BOARD AT THE FOLLOWING TELEPHONE NUMBER AND ADDRESS:

Division of Professions
Construction Industry Licensing Board
1940 North Monroe Street
Tallahassee, FL 32399

Section 24. Dispute Resolution. Should a dispute arise between the Owner and the Contractor regarding work performed pursuant to this Agreement that cannot be satisfactorily resolved, the Owner and Contractor agree to participate in the Arbitration Mediation Program provided by the Better Business Bureau (BBB) of Northwest Florida, Inc. to resolve the dispute. The decision of the BBB shall be considered final by the parties. However, this shall in no way prohibit the Owner and/or the Contractor from further appeal.

Section 25. Public Records. The Owner and Contractor acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents related to the performance of this Agreement may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. The Owner and Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Owner and Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Owner and Contractor agree to maintain all public records for a minimum period of five (5) fiscal years in

accordance with the applicable records retention schedules established by the Florida Department of State. In the event that any party fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the parties, and surety, if any, seven calendar days' written notice, during which period the parties still fail to allow access to such documents, terminate this Agreement. In such case, the Owner and Contractor shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

IF THE OWNER OR CONTRACTOR HAVE QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE OWNER AND CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County/Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, FL 32502
850-595-4947

Section 26. **Entire Agreement.** This instrument constitutes the entire agreement between the parties and no written or oral agreement of any kind exists to change the provision hereof.

Section 27. **Permits.** The Contractor shall be responsible for obtaining all permits and licenses necessary for the Project. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the prosecution of the work, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the work.

Section 28. **Compliance with Laws.** Contractor agrees to comply, at its sole expense, with all federal, state, and local laws, codes, statutes, ordinances, rules, regulations and requirements related to the performance of this Agreement, including but not limited to those dealing with taxation, worker's compensation, equal employment and safety.

Section 29. **Assignment.** This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County.

Section 30. **Notices.** Any notices shall be mailed to:

COUNTY:	OWNER:	CONTRACTOR:
Meredith Reeves	Paul Chattman	David H. Griffin
Neighborhood Enterprise Division	4901 Kinnear Avenue	David H. Griffin Enterprises, LLC
221 Palafox Place, Suite 200	Pensacola, FL 32506	2176 Bumpy Rd.
Pensacola, FL 32502		Cantonment, FL 32533

All notices shall be sent by certified mail, return receipt requested.

Section 31. **No Discrimination.** The Owner and Contractor shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

Section 32. **No Waiver.** This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

Section 33. **Governing Law.** This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

Section 34. **Severability.** If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

Section 35. **Headings.** The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

Section 36. **Authority**. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

EXHIBIT B

PERFORMANCE AND PAYMENT BOND

BOND NO. _____

PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS: That

_____

_____

(Insert name, address, and phone number of contractor), as Principal, and

_____

_____,

(Insert full name, home office address and phone number of surety) as Surety, are held and firmly bound unto the Board of County Commissioners for Escambia County, Florida, 221 Palafox Place, Pensacola, Florida 32597-1591, (850) 595-4900, as Obligee in the sum of

_____

Dollars ($_____), for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these present.

WHEREAS, Principal has entered into a contract dated as of the _____ day of_____, 20____, with Obligee for Contract No._____,_____

_____

_____

(Insert name of project, including legal description, street address of property and general description of improvement) in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs and attorneys' fees that Obligee sustains because of any default by Principal under the Contract; and

3. Performs the guarantee of all work and materials furnished under the Contract applicable to the work and materials, then this bond is void; otherwise it remains in full force; and

4. Principal understands and agrees that this bond shall remain in full force and effect throughout the ONE (1) year warranty period after substantial completion of the work.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penalty sum of this Performance Bond, regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20____, the name and corporate seal of each corporate party being hereto affixed and these premises duly signed by its undersigned representative, pursuant to authority of its governing body.

_____

said Contract being made a part of this Bond by this reference.

NOW, THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Performs the contract dated _____, _____, between Principal and County for construction of _____, the contract being made a part of this bond by reference, at the times and in the manner prescribed in the contract; and

2. Promptly makes payments to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and

3. Pays County all loses, damages, expenses, costs, and attorney's fees, including appellate proceedings, that the County sustains because of a default by Principal under the contract; and

4. Performs the guarantee of all work and materials furnished under the contract for the time specified in the contract, then this bond is void; otherwise it remains in full force.

Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes.

BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the County of any extension of time for the performance of the said Contract, or any other forbearance on the part of the County or Principal to the other, shall not in any way release the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in Section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to Section 255.05, Florida Statutes.

THIS BOND DATED THE _____ DAY OF _____, 20____ (the date of issue by the Surety or by the Surety's agent and the date of such agents power-of-attorney).

EXHIBIT D

FINAL RELEASE AND WARRANTY

SECTION 1: HOMEOWNER'S RELEASE

I, _____, as owner of the unit located at [**ADDRESS],** certify and accept all work as performed and contracted by, _____ as complete and satisfactory. I hereby authorize final payment to_____ for the work done on this residence**.**

SECTION 2: CONTRACTOR'S OBLIGATION AND WARRANTY

I, _____ as Contractor of record, for the rehabilitation of the above referenced residence, do issue a one (1) year limited labor and material warranty ending_____**.** The warranty covers defects in materials and workmanship, which occur during normal use. I, _____ **(owner)** acknowledge that routine homeowner maintenance and/or problems caused by neglect, abuse, or improper use are not covered by this warranty. Further, after the warranty expiration date, neither the County, nor the Contractor, shall be responsible for any further work related to this Contract.

SECTION 3: HOMEOWNER/ESCAMBIA COUNTY OBLIGATIONS

As the Contractor has completed his/her contract, the Homeowner, upon acceptance of same, now causes final payment to be made to the Contractor. The Homeowner fully understands that the Contractor is the sole responsible party for the one (1) year warranty as specified in Section 2 of this agreement. The Homeowner understands that it is his/her responsibility to contact the Contractor regarding necessary warranty work. Only after documented efforts by the Homeowner will Escambia County become involved with warranty issues/disputes. Failure of the Contractor to respond to legitimate warranty requests will cause Escambia County/NED to sanction said Contractor.

AI-17840 **County Administrator's Report 12. 7.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/07/2020
Issue: Emergency Solutions Grant Program Agreements with Catholic Charities of Northwest Florida, Inc. and Opening Doors Northwest Florida, Inc.
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Agreements for Emergency Solutions Grant Program with Catholic Charities of Northwest Florida, Inc., and Opening Doors Northwest Florida, Inc. - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Agreements for Emergency Solutions Grant (ESG) Program:

A. Approve the Agreement for the Emergency Solutions Grant Program with Catholic Charities of Northwest Florida, Inc., subject to Legal review and sign-off, providing ESG support, in the amount of $32,660, for homeless prevention and rapid rehousing financial assistance and case management services to ESG eligible clients in Escambia County;

B. Approve the Agreement for the Emergency Solutions Grant Program with Opening Doors Northwest Florida, Inc., subject to Legal review and sign-off, providing ESG support, in the amount of $32,661, for homeless prevention and rapid rehousing financial assistance and case management services to ESG eligible clients in Escambia County; and

C. Authorize the Chairman or Vice Chairman to execute the Agreements and all related forms or documents as may be required to fully implement the Agreements.

[Funding: Fund 110, Other Grants & Projects Fund, HUD Emergency Solutions Grant, Cost Center 370293]

BACKGROUND:

The 2016 and 2017 Escambia Consortium Annual Action Plan as approved by the Board included an allocation for the Emergency Solutions Grant Program, which is specifically utilized for homeless activities. Rapid Re-housing and Homeless Prevention services are two eligible activities under the grant. $65,321 is available for these activities, which must be expended by September 2020. The 2016 ESG Program contains $33,101 and 2017 ESG Program contains $32,220 for direct financial assistance and case management for rapid re-housing (RRH) and homelessness prevention (HP) activities for households at or below 30% of area median income meeting HUD's definition of homeless or at risk of homelessness.

Funding can be used for rent and security deposits and utility assistance for applicants meeting the program eligibility requirements. Case Management funding is also incorporated to ensure that all HUD program requirements are met, including client intake, inspection of rental units for habitability, visual inspections of units for Lead Based Paint, third party verifications of income eligibility, verification of homelessness or homeless risk, financial literacy education, assistance with locating affordable units, outreach to landlords and utility providers, and documentation of client information into the Homeless Management Information System (HMIS). All funding must be matched 100%. Neighborhood Enteprise Division staff is working with HUD to request waivers related to COVID-19, which would permit some virtual unit inspections, decreases in frequency of income recertifications, and waiver of fair market rent caps during this pandemic.

The Neighborhood Enterprise Division issued a request for proposals from interested agencies to administer these activities, and received a response from Catholic Charities of Northwest Florida, Inc. (Exhibit I) and Opening Doors Northwest Florida, Inc. (Exhibit II). Funding was split between the two agencies, with the Agreement with Catholic Charities (Exhibit III) to give priority to Homeless Prevention activities and the Agreement with Opening Doors (Exhibit IV) to give priority to Rapid Rehousing activities.

BUDGETARY IMPACT:

Funding required to support the Agreements is currently budgeted in Fund 110/Other Grants (ESG), Cost Center 370293. No County general fund revenue is required for this program.

LEGAL CONSIDERATIONS/SIGN-OFF:

The ESG Agreements are subject to final review and legal sign-off by the County Attorney's office.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

The Agreement with Catholic Charities and Opening Doors must be approved by the Board in order to meet HUD obligation and expenditure deadlines.

IMPLEMENTATION/COORDINATION:

Grant implementation and oversight will be provided by Neighborhood Enterprise Division (NED). Implementation will be monitored by NED in cooperation with each agency to properly complete the activities cited in the Agreements. All parties are aware of the approval schedule for this recommendation.

ESCAMBIA COUNTY EMERGENCY SOLUTIONS GRANT PROGRAM
REQUEST FOR PROPOSALS
RAPID REHOUSING AND HOMELESS PREVENTION ACTIVITIES

March 30, 2020 MODIFICATION
RFP modified to correct income limits and to accept applications on an ongoing basis.

April 2, 2020 MODIFICATION
Reference to HUD Waiver of Certain Requirements due to COVID-19

OVERVIEW:

Escambia County is an entitlement community for Emergency Solutions Grant (ESG) Program as funded by the US Department of Housing and Urban Development (HUD). The Escambia County Emergency Solutions Grant (ESG) Program provides funds to rapidly re-house homeless individuals and families and prevent families and individuals from homelessness. Escambia County is requesting proposals from qualified, local 501(c)(3) non-profit organization(s) who are interested in implementing the Rapid Re-Housing (RRH) and Homeless Prevention (HP) activities under the ESG program.

An overview of these two activities are as follows:

A. Rapid Rehousing (24 CFR 576.104):

- Provide housing relocation and stabilization services and short- and/or medium-term rental assistance as necessary to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing. All applicants must be literally homeless or fleeing or attempting to flee violence as outlined in the regulations noted above.
- Assistance includes short-term (up to 3 months) and medium-term (up to 18 months) rental assistance, rental arrears, rental application fees, advance payment of last month's rent, security deposits, utility deposits and payments.

B. Homeless Prevention (24 CFR 576.103):

- Provide housing relocation and stabilization services and short and/or medium-term rental assistance as necessary to prevent individuals and families who are thirty (30) percent below area median income from moving into an emergency shelter or other place described in paragraph (1) of the "homeless" definition at 576.2(1). Applicants be homeless or at risk of homelessness as outlined in the regulations noted above.
- Assistance includes short-term (up to 3 months) and medium-term (up to 18 months) rental assistance, rental arrears, rental application fees, advance payment of last month's rent, security deposits, utility deposits and payments.

The Request for Proposals (RFP) is seeking a partner/s that is/are able to administer client intake, property habitability inspections, and utilize the Homeless Management Information System (HMIS) and coordinated entry intake systems. Approximately $65,321 is available under this strategy for income eligible

Doc ID: be1ec76fcb450fe3297dd68bd44d399cb88c79a6

households; a portion of this funding may be utilized for administrative oversight and supportive services as required by the funding source.

WHO MAY APPLY:

The County is looking for a qualified not for profit partner to help administer ESG Rapid Rehousing (RRH) and Homeless Prevention (HP) to the greatest extent possible. Not for profit organizations incorporated in the State of Florida with a 501(c)(3) status are eligible to apply under this RFP. Agency must have been in existence for at least two years.

Agency should demonstrate organizational capacity to assess client eligibility, including income qualifications and homelessness verifications; develop and monitor housing plans for clients; help identify eligible rental properties; perform minimum habitability standards inspections and lead based paint visual assessments; perform case management with clients; and manage the distribution and accounting of assistance checks for eligible activities. The successful partner must also currently be utilizing the Homeless Management Information System (HMIS) and participating in coordinated entry to receive referrals from Opening Doors Northwest Florida.

ESG funding requires a 100% grant match with cash and/or noncash contributions. Match funds must be provided during the same period in which the ESG funds are expended. Participating agency must demonstrate the ability to match ESG funds.

FUNDING:

$65,321 is available in ESG funding under this RFP. A minimum of 51% of funding should be spent on Rapid Re-housing. A portion of this funding may be utilized to offset the costs for program services, including costs for determining eligibility, HMIS data collection and reporting, as well as supportive services to facilitate housing for clients. Supportive services expenses include case management to include client assessment and monitoring of services, such as counseling, monitoring client progress, providing referrals to other providers, using the HMIS system, developing and securing services, and providing ongoing risk planning and safety planning, and developing a client centered housing and service plan; housing search and placement services; mediation, legal services, credit repair, information and referral, personnel, including administrative funds/supportive services funds must be reported as a RRH or HP activity.

Funding of $65,321 is available for immediate expenditure from 2016 and 2017 grant funds. Grant funds must be expended by September 30, 2020 to avoid recapture of funds.

Additional funds may be made available depending on program needs.

NOTE: No financial assistance is to be provided directly to the client; all funds must be distributed to a third-party.

APPLICANTS:

All clients assisted with ESG funds must meet the definition of homeless under 24 CFR 576.2(1) or (2) or meet criteria of unaccompanied youth at 576.2(3) or fleeing/attempting to flee violence as described in 576.2(4). The total income for the household is less than 30% of the area median income (AMI) adjusted for family size (as adjusted annually by HUD) at initial evaluation for Homeless Prevention

Doc ID: be1ec76fcb450fe3297dd68bd44d399cb88c79a6

participants. Homeless Prevention and Rapid Rehousing participants must be at or below 30% AMI at recertification. Each household (applicant) shall participate in case management and assessment as provided and required by the partner agency. Funds may only be expended for Escambia County clients.

Partner agency will be required to complete a client intake to verify eligibility for the ESG program. Current 2019 income limits are listed below.

# PERSONS IN FAMILY	30% OF AREA MEDIAN INCOME (AMI)
1	$14.550
2	16,600
3	18,700
4	20,750
5	22,450
6	~~22,700~~ 24,100
7	~~24,100~~ 25,750
8	~~25,750~~ 27,400

ESG PROGRAM REQUIREMENTS:

Funding provided by federal ESG Program and must abide by all program guidelines, including local program specific requirements. An excerpt from the Escambia County Consolidated Plan detailing local ESG guidelines is in *italics* below. The full text of the Consolidated Plan is available upon request.

General information about the Emergency Solutions Grants Program, including ESG laws and regulations can be found here: https://www.hudexchange.info/programs/esg/

Due to COVID-19, HUD has availability of waivers for certain requirements related to implementation of HP/RRH assistance, including inspections requirements, frequency of income recertifications, frequency of case management, and Fair Market Rent limits. Participating agency should advise of any waiver needs so the County can request waivers from HUD. A summary of HUD's guidance is available on HUD's and the County's website or available upon request.

ESG ASSISTANCE GUIDELINES EXCERPT FROM CONSOLIDATED PLAN:

(a) Basic Eligibility Requirements: Qualification for Rapid Re-Housing or Homelessness Prevention assistance under the Program shall minimally include:

1. *Program participants must meet the definition of "homeless" stipulated at 24 CFR Part 576.2 subparagraphs (1), (2), (3) or (4) and/or the definition of "at risk of homelessness" as stipulated in 24 CFR Part 576.2 subparagraph (1).*

Doc ID: be1ec76fcb450fe3297dd68bd44d399cb88c79a6

2. *The total income for the household is less than **30%** of the area median income (AMI) adjusted for family size (as adjusted annually by HUD)* at initial evaluation for Homeless Prevention participants. Homeless Prevention and Rapid Rehousing participants must be at or below 30% AMI at recertification. *Qualifying incomes for ESG assisted households will be calculated in the manner prescribed in the Section 8 Housing Assistance Program.*
3. *Each household (applicant) shall participate in case management and assessment as provided and required by the Single Service Delivery Agency.*
4. *The household (applicant) and/or the Service Delivery Agency(s) shall document that the applicant will not be able to retain housing "but for" the assistance provided from ESG resources.*
5. *The rent for any subsidized housing unit shall not exceed the applicable Pensacola MSA fair market rent based on bedroom size as published by HUD and the rent shall be reasonable.*

(b) Income Eligibility Determination: Income eligibility shall be determined based upon gross household income from all sources and is to be project for the ensuing 12 months based upon known or anticipated income for members of the household. Income inclusions and exclusions shall be based upon provisions of 24 CFR Part 5.609(b) & (c).

(c) Maximum Household Assistance: The maximum assistance that can be provided to a single household will be established for each annual ESG funding cycle, however the amount shall be based on the documented needs of the household and will typically be significantly less that this stated maximum. The ECOH administered HMIS system shall be utilized as a control to aid in avoiding duplication of benefits for households.

(d) Determinations to aid in Eligibility Decisions:
1. Homeless Certification/Affidavit: All homeless persons/families shall execute a Homeless Certification in the form prescribed by the County and ECOH and said form shall be duly witnessed by a representative of the Single Service Delivery Agency.
2. Persons Living on the Street: Written verification that an ESG applicant is "living on the street" must be provided to the Service Delivery Agency(s) by the referring agency, social worker, outreach worker, or other responsible person/entity.
3. Persons from Emergency Shelters/Transitional Housing: Written verification that an ESG applicant has been living in "emergency shelter or transitional housing" must be provided to the Service Delivery Agency(s) by the referring emergency shelter or transitional housing agency staff.
4. Persons subject to eviction: Written verification of formal eviction proceedings must be secured by the Service Delivery Agency(s).

AGREEMENT INFORMATION:

A formal agreement will be entered with the qualified agency or agencies subject to approval by the Board of County Commissioners. Payments may be submitted on a bi-weekly or monthly basis unless specified or requested otherwise. An operating advance may be provided upon request to assist with the project. Reporting on activities and expenditures must be provided to the County on a quarterly basis at a minimum.

TENTATIVE SCHEDULE:

Doc ID: be1ec76fcb450fe3297dd68bd44d399cb88c79a6

March 24, 2020	Request for Proposals Issued
March 30, 2020	Submission 1 Deadline
April 14, 2020	BCC Approval of Funding Agreement [Submission 1]
April 15, 2020	Submission 2 Deadline
May 7, 2020	BCC Approval of Funding Agreement [Submission 2]
September 30, 2020	Deadline to expend all funds

Submissions will be accepted through April 15 or until funds are committed. Timelines above are tentative. At this time, HUD is not extending the deadline for expenditure of funds.

SUBMISSION INFORMATION:

Please complete the following proposal application together with current 501(c)(3) status and submit via email ~~by 5:00 p.m. CST, Monday, March 30, 2020~~ :

ESCAMBIA COUNTY EMERGENCY SOLUTIONS GRANT PROGRAM
REQUEST FOR PROPOSALS
RAPID REHOUSING AND HOMELESS PREVENTION ACTIVITIES

Please complete the following in its entirety, sign and return to the County at the contact listed in the RFP by the deadline stated. Additional sheets may be utilized as necessary.

1. Contact Information:

Applicant Name: Catholic Charities of Northwest Florida, Inc.

Mailing Address: 11 N B Street, Pensacola, FL 32502

Email Address: kneem@cc.ptdiocese.org

Phone Number: 850-501-3476

Primary Contact/Title: Matthew Knee, Executive Director

2. Is your agency a 501(c)(3)? ☑ YES ☐ NO
   Please include a copy of your 501(c)(3) information

3. Is your agency incorporated in the State of Florida, with an active listing with the Florida Division of Corporations? ☑ YES ☐ NO

4. Has your agency been in existence for at least 2 years? ☑ YES ☐ NO
   Date of incorporation: _____

5. Does your agency currently receive or have you previously received ESG program funding? ☑ YES ☐ NO If yes, please list the year(s) funding was received, amount received, number of households served, and agency or jurisdiction from which you received funds (Escambia County, State of Florida, Opening Doors, etc.)

Funding Year	Amount Received	# Households Served	Jurisdiction/Agency
FY 2019-2020	$85,875	RRH: 24 households - Prevention: 37 households Shelter: 12 households	Opening Doors of NWFL
FY 2019-2020	$176,800	Outreach: 35 households Prevention: 25 households RRH: 24 households	Doorways of Northwest Florida
FY 2019-2020	$135,547	RRH: 41 Households Prevention: 17 Households	Homelessness and Housing Alliance
FY 2019-2020	$27,098	RRH: 4 households	Big Bend Continuum of Care

*Numbers served from 07/01/2019 - 03/31/20

6. Does your agency actively participate in the Homeless Management Information System (HMIS)? ☑ YES ☐ NO (Note: active participation in HMIS is mandatory for agencies receiving ESG funding. HMIS participation will be verified prior to award of funds)

Doc ID: be1ec76fcb450fe3297dd68bd44d399cb88c79a6

7. Please describe your previous experience with ESG program administration, including qualifications of staff, familiarity with ESG required homeless certification, income requirements, and other program regulations.

Catholic Charities currently partners with several Continuum of Cares to provide Emergency Solutions Grant, Challenge Grant, and TANF Grant services. Catholic Charities also recieved an exemplary Single Federal Audit of their ESG programs throughout the service area.

Catholic Charities has 2 full time case managers in Pensacola, one administrative assistant, and one program director available to assist with grant services. A table of staff qualifications is on the attached Addendum. As a sub-recipient with more than 10 years of experience, we are experts with ESG grant requirements. Our experience with ESG services includes the following:

Prevention / At Risk of Homelessness Criteria for Determining Eligibility - clients will be evaluated to ensure that they meet housing standards as defined by HUD's standards for defining *At Risk of Homelessness-Category 2.* In addition, the household has an annual income of less than 30% of the AMI for their specific county according to the HUD published Data as well as meet habitability, lead, and rent reasonableness standards. Due to COVID19, case manager will conduct housing inspections using video method. After the State has lifted the "stay at home order", case manager will conduct a visual inspection.

Homeless / Rapid Rehousing Criteria for Determining Eligibility - clients will be evaluated to ensure that they meet housing standards as defined by HUD's standards for defining *Literal Homelessness-Categories 1 and 4*. The AMI at entrance will be waived those homeless household exceeding the 30% or less AMI threshold for their specific county according to the HUD published Data. However, upon recertification, which will be every three months, the household will have to meet the 30% AMI threshold to receive additional services. In addition, households will have to meet habitability, lead, and rent reasonableness standards. Due to COVID19, case manager will conduct housing inspections using video method. After the State has lifted the "stay at home order", case manager will conduct a visual inspection.

ESG required 100% match? ☑ YES ☐ NO If yes, please list each source and describe the amount and source of leveraged funds (private, local, state, federal). Describe any limitations on the use of match funds or resources. Provide any supporting documentation of match as available; match should available during the ESG contract.

	List Source	Amount
Federal Funds:		
State/Local Funding		
Private Funding:	Cash	$65,321
Private Funding:	Volunteer time (in dollars)	
Private Funding:	Donated Goods	
Private Funding:		
Other: _____

Catholic Charities of Northwest Florida

1815 North 6th Avenue, Pensacola, FL 32503
Office Hours: Monday-Friday from 8:00 am to 4:00 pm
For services, please call 850-436-6425

Case managers are currently working from home remotely. The office is currently utilizing conference calls, zoom meeting, emails, and telephone calls to contact clients, CoC, agency partners, and vendors. The following process applies to ESG services.

Catholic Charities will serve the following under ESG: Prevention and Rapid-Rehousing.

Prevention / At Risk of Homelessness Criteria for Determining Eligibility – clients will be evaluated to ensure that they meet housing standards as defined by HUD's standards for defining *At Risk of Homelessness-Category 2.* In addition, the household has an annual income of less than 30% of the AMI for their specific county according to the HUD published Data as well as meet habitability, lead, and rent reasonableness standards. Due to COVID19, case manager will conduct housing inspections using video method. After the State has lifted the "stay at home order", case manager will conduct a visual inspection.

Homeless / Rapid Rehousing Criteria for Determining Eligibility – clients will be evaluated to ensure that they meet housing standards as defined by HUD's standards for defining *Literal Homelessness-Categories 1 and 4*. The AMI at entrance will be waived those homeless household exceeding the 30% or less AMI threshold for their specific county according to the HUD published Data. However, upon recertification, which will be every three months, the household will have to meet the 30% AMI threshold to receive additional services. In addition, households will have to meet habitability, lead, and rent reasonableness standards. Due to COVID19, case manager will conduct housing inspections using video method. After the State has lifted the "stay at home order", case manager will conduct a visual inspection.

Procedures for Clients Intake:

Due to the recent COVID19 crisis, Catholic Charities has revised its intake and service process to include the following:

- For ESG Prevention services, the process begins with a phone call to our main office, were the caller speaks with trained staff who will take the applicant's name and basic information. Please note that the office number has been transferred to administrative assistant and a case manager, so calls can be processed quickly. If the applicant meets basic grant criteria such as homeless/housing status and income guidelines, the applicant is informed that a case manager will contact them to schedule an appointment within 24 hours. For those who do not meet the basic qualifications, they are vetted for other funding sources or diversion. Priority will be given to families with children who are facing imminent eviction, or who are currently in need of permanent housing.

Doc ID: be1ec76fcb450fe3297dd68bd44d399cb88c79a6

- During the call the case manager will inform the client of the process: (1) A detailed telephone interview will be conducted with the client to include an assessment and case plan. (2) An intake packet, case plan, and other housing documentation forms will be emailed to the client to complete and sign through Hello sign. If the client is unable to use the Hello Sign system, the case manager will work out alternate means of collecting intake and documentation, such as meeting at the Catholic Charities office. (3) The client will be required to submit housing status documentation, income documentation, case plan, and identification documentation through a secured method. Again, if the client is unable to provide this information through a secured method, arrangements can be made to meet the client to collect this data. All data will be reviewed for accuracy. A case plan will be developed to address services and strategies to overcome any barriers to self-sufficiency as well as future monitoring. All vendors will be contacted, and services and grant eligibility will be verified before payment is rendered.

- RRH services will follow the same procedure as prevention accept a coordinated entry referral must be sent prior to intake for each household from the CoC in conjunction with outreach services.

What type of eligible costs will be provided?

- **RRH:** first month's rent, last month's rent, application fee, rental deposit, utility deposit, utility arrears, case management
- **Prevention Arrears**: past due rent and past due utility services
- **Prevention Relocation**: first month's rent, last month's rent, application fee, rental deposit, utility deposit, utility arrears, case management

Catholic Charities will be following these procedures:

Procedures for Coordination among Homeless Service Providers:
All Catholic Charities clients assisted through the ESG program will have complete client information entered into the HMIS system so that services are clearly documented and other agencies can further provide additional support without duplication.

Procedures for Prioritizing Clients:
All RRH clients be referred by the CoC through the Coordinated Entry System in conjunction with street outreach. CES will be used to determine prioritization of RRH clients. Prevention services will be accessed case by case; however, priority will be given to families with children who are at risk of homelessness, followed by elderly, disabled or otherwise vulnerable individuals.

Procedures for the Maximum Allotments for Assistance, Catholic Charities desires to assist as many

Doc ID: be1ec76fcb450fe3297dd68bd44d399cb88c79a6

families as possible through the Emergency Solutions Grant. We propose an average of $1,696 per household for RRH services and $1,132 per household for Prevention services. Our goal is to stabilize the household.

Procedures for Length of Services:

- **Prevention –** Clients meeting eligibility criteria will receive a one-time assistance in a 12 month period not to exceed a maximum of $1,132 in total assistance (past due rent and/or utility services) unless approved by the CoC.

- **RRH/Homeless –** Clients meeting eligibility criteria can receive up to six months of rental and utility services not to exceed a total of $1,696. Services are based on client need and case manager assessment.

Policies and Procedures for Clients Cost Sharing: Clients will be asked to participate in their own recovery. The amount of cost sharing will depend of each household's financial ability to pay a share of cost due to crisis and/or economic hardship. Clients will be responsible for paying late fees under RRH services only.

Record Reviews: A supervisor will continue to review client case files for ESG standards. Case Managers will meet with the supervisor 2-3 a week via zoom meeting to discuss any concerns regarding a client. All records are subject to Catholic Charities Performance Quality Insurance (PQI) program. All payments are made directly to vendors and never released directly to a client.

Required Documentation

a. Assessment/intake
b. Picture Identification, birth certificates, and social security cards
c. Verification of gross income for past 30 days
d. HMIS Client Consent to Share Information
e. Case Notes
f. Case Plan
g. 3rd party housing verification
h. Signed Lease
i. For rental assistance, an eviction Notice or past due statement
j. For utility assistance, a utility bills with past due or disconnect notice
k. Lead Based Paint Safety Compliance for families with Children under 6 **and** homes built before 1978.
l. Rent Reasonableness standards
m. Habitability standards
n. Family Budget

ESCAMBIA COUNTY EMERGENCY SOLUTIONS GRANT PROGRAM
REQUEST FOR PROPOSALS
RAPID REHOUSING AND HOMELESS PREVENTION ACTIVITIES

OVERVIEW:

Escambia County is an entitlement community for Emergency Solutions Grant (ESG) Program as funded by the US Department of Housing and Urban Development (HUD). The Escambia County Emergency Solutions Grant (ESG) Program provides funds to rapidly re-house homeless individuals and families and prevent families and individuals from homelessness. Escambia County is requesting proposals from qualified, local 501(c)(3) non-profit organization(s) who are interested in implementing the Rapid Re-Housing (RRH) and Homeless Prevention (HP) activities under the ESG program.

An overview of these two activities are as follows:

A. Rapid Rehousing (24 CFR 576.104):

- Provide housing relocation and stabilization services and short- and/or medium-term rental assistance as necessary to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing. All applicants must be literally homeless or fleeing or attempting to flee violence as outlined in the regulations noted above.
- Assistance includes short-term (up to 3 months) and medium-term (up to 18 months) rental assistance, rental arrears, rental application fees, advance payment of last month's rent, security deposits, utility deposits and payments.

B. Homeless Prevention (24 CFR 576.103):

- Provide housing relocation and stabilization services and short and/or medium-term rental assistance as necessary to prevent individuals and families who are thirty (30) percent below area median income from moving into an emergency shelter or other place described in paragraph (1) of the "homeless" definition at 576.2(1). Applicants be homeless or at risk of homelessness as outlined in the regulations noted above.
- Assistance includes short-term (up to 3 months) and medium-term (up to 18 months) rental assistance, rental arrears, rental application fees, advance payment of last month's rent, security deposits, utility deposits and payments.

The Request for Proposals (RFP) is seeking a partner/s that is/are able to administer client intake, property habitability inspections, and utilize the Homeless Management Information System (HMIS) and coordinated entry intake systems. Approximately $65,321 is available under this strategy for income eligible households; a portion of this funding may be utilized for administrative oversight and supportive services as required by the funding source.
